GENERAL AMNESTY

Celebrating the attainment of all data up to Level VII and the beginning of the intensive application of exact technology at all levels, and in appreciation to any and all who assisted during the early phase of our development before exact technology was stable, a General Amnesty is issued for all Scientologists for any and all offenses of whatever kind prior to this date, acknowledging fully that they have been committed and forgiving any consequence and punishment which might have been feared, contemplated or ordered because of them.

THE ACADEMY OF SCIENTOLOGY

ANNOUNCES THE HUBBARD SCIENTOLOGIST COURSE OR HAS COURSE, LEVEL 0.

FOR THE FIRST TIME IN THE HISTORY OF SCIENTOLOGY THE HAS COURSE IS TO BE RUN AS A FULL ACADEMY COURSE.

THIS IS A TOTALLY NEW COURSE. ALTHOUGH SOME OF ITS MATERIAL MAY BE FAMILIAR TO YOU, OTHER PARTS HAVE NEVER BEFORE BEEN TAUGHT ON A SCIENTOLOGY COURSE.
THE GOALS FOR THIS COURSE ARE :
FOR THE STUDENT: TO GIVE HIM A FULL UNDERSTANDING OF THE FUNDAMENTALS OF SCIENTOLOGY. A SHORT HISTORY OF DIANETICS AND SCIENTOLOGY IS INCLUDED.

FOR THE AUDITOR: TO TEACH HIM HOW TO GET ANY PERSON TO TALK TO HIM, WITHOUT MEETING WHAT HE HAS TO SAY WITH CENSURE, INTERRUPTION OR INVALIDATION. HOW TO BE A SAFE, TRUSTWORTHY AUDITOR WHO CAN LISTEN.

FOR THE PRECLEAR: THIS COURSE HELPS A PERSON TO TALK MORE FREELY TO OTHERS ON ANY SUBJECT AND BE MORE COMFORTABLE ABOUT IT.

This course lays stress on giving the student a grasp of the subject of Scientology by finding and clearing up any mis-understood words which might hinder the student's progress. THIS IS IMPORTANT. Once the student has learned HOW to study, he will be able to apply this newly found ability to the study of any other subject or the training for any skill.

Therefore, whether you are planning to become a professional Auditor or not, you will see that the HAS Course will help you and those in your environment to live a better life and to achieve what you set out to do.

SAFEGUARDING TECHNOLOGY

by L. Ron Hubbard

For some years now we have had the word "squirreling". It means altering Scientology, off-beat practices. It is a bad thing. I have found a way to explain why.

Scientology is a workable system. This does not mean it is the best possible system or a perfect system. Remember and use that definition. Scientology is a workable system.

In fifty thousand years of history on this planet alone, Man never evolved a workable system. It is doubtful if, in the forseeable history, he will ever evolve another.

Man is caught in a huge and complex labyrinth. To get out of it requires that he follow the closely taped path of Scientology.

Scientology will take him out of the labyrinth. But only if he follows the exact markings in the tunnels.

It has taken me a third of a century in this lifetime to tape this route out.

It has been proven that efforts by Man to find different routes came to nothing. It is also a clear fact that the route called Scientology does lead out of the labyrinth. Therefore it is a workable system, a route that can be travelled.

What would you think of a guide who, because his party said it was dark and the road rough and who said another tunnel looked better, abandoned the route he knew would lead out and led his party to a lost nowhere in the dark. You'd think he was a pretty wishy-washy guide

What would you think of an instructor who let a student depart from procedure the instructor knew worked. You'd think he was a pretty wishy-washy instructor.

What would happen in a labyrinth if the guide let some girl stop in a pretty canyon and left her there forever to contemplate the rocks? You'd think he was a pretty heartless guide. You'd expect him to say at least, "Miss, those rocks may be pretty, but the road out doesn't go that way."

All right, how about an auditor who abandons the procedure which will make his preclear eventually clear just because the preclear had a cognition?

People have following the route mixed up with "the right to have their own ideas". Anyone is certainly entitled to have opinions and ideas and cognitions - so long as these do not bar the route out for self and others.

Scientology is a workable system. It white tapes the road out of the labyrinth. If there were no white tapes marking the right tunnels, Man would just go on wandering around and around the way he has for eons, darting off on wrong roads, going in circles, ending up in the sticky dark alone.

Scientology, exactly and correctly followed, takes the person up and out of the mess.

So when you see somebody having a ball getting everyone to take peyote because it restimulates prenatals,* know he is pulling people off the route. Realize he is squirreling. He isn't following the route.

Scientology is a new thing - it is a road out. There has not been one. Not all the salesmanship in the world can make a bad route a proper route. And an awful lot of bad routes are being sold. Their end product is further slavery, more darkness, more misery.

Scientology is the only workable system Man has. It has already taken people toward higher IQ, better lives and all that. No other system has. So realize that it has no competitor.

Scientology is a workable system. It has the route taped. The search is done. Now the route only needs to be walked.

So put the feet of students and preclears on that route. Don't let them get off of it no matter how fascinating the side roads seem to them. And move them on up and out.

Squirreling is today destructive of a workable system.

Don't let your party down. By whatever means, keep them on the route. And they'll be free. If you don't, they won't.

Communications to Ron:

HCO exists to expedite the Communications and oversee the policies of L. Ron Hubbard. Excerpts:

Standing Order # 1:

"All mail addressed to me shall be received by me."

Standing Order #2:

"A message box shall be placed in all Scientology organizations so that any messages for me shall be received by me."

Standing Order #3:

"All HCO Personnel and Scientology Personnel should not discourage communication to me.

I am always willing to help.

By my own creed, a being is only as valuable as he can serve others."

L. RON HUBBARD

Here are some recent student and graduate comments:

- - - - - - - - - - -

"The courses now insure learning - On a gradient with everything defined you can't miss - My recent HPA was a series of wins."

Ethel Voight, HPA Class III

"I happily report that, aside from other great gains, I have made an I. Q. gain of 50 points, from the time of my pre-HAS Course in Miami to my past HPA Course recently completed in Washington. Since I am 59 years of age, I believe this may encourage non-Scientologists in my age bracket to investigate Scientology for themselves. Increase in abilities through Scientology is available to all, regardless of age."

Lorraine C. Cullen,
HPA Class III

"Scientology training at the Washington Center has become very effective and interesting since the new style of study has been employed. Material studied presently or past material being restudied is much more easily understood by the students now taking training."

Sally Fredericks, HPA Class III
(now studying at Saint Hill)

"In taking the one-month course, my understanding of the basics of Scientology increased many-fold. The supervision and conferences brought me new insight and much more certainty. I also find that I have made many gains as a result of the course. It is much more than worthwhile."

Mary C. Meyer, HCS

Letter from an Extension Course Student

"Here's the last batch of lessons on my extension course. It's been fun.

I personally recommend the course to anyone who wants to know what Scientology is all about, whether they are new or whether they have lots of professional certificates.

It interests me that the data has not gone "out of style" nor become obsolete in any way.

I find these books so full of "truth" that it is sometimes hard for me to read them alone in long stretches. However, the course solves this problem. The instructor's acknowledgements are an excellent reward for one's efforts.

Best regards,
Ruth Minshull HCA

FULL TABLE OF COURSES AND CLASSIFICATION

BY L. RON HUBBARD

Due to various recommendations of National Committees it has become necessary to maintain a sliding scale of fees for training and for more vital reasons, to make HAS a fully accredited Academy Course.

This alters recently released Classification data.

There is a Class Zero. Examination for Classification will take place on the same basis as for any other class.

This makes the following complete training Certificate and Classification schedule. This changes conflicting policy earlier released and finalizes certification and classification.

COURSE CALCULATION ALL COURSES.

An "Academy day course" shall be four weeks long, five days per week, 8 hours of on course time per day minimum. (Excludes lunches and breaks). An evening course must contain 160 hours of actual course time, (no breaks included). This means 52 evenings of three hours each or any other means of getting 160 hours of instruction in evenings.

A weekend course must contain 160 hours of course time. (No breaks or lunch or dinner time included). This can be 16 weekends of 10 hours per weekend or any other multiple that gives 160 hours on weekends.

An organization may not have both an evening and a weekend course unless they have 300 students routinely in their Academy. They have to choose one or the other by local choice. Weekend courses are usually more succesful than evening courses in terms of student ability as the student is fresher and has more consecutive class hours. A day course is usually far more productive of student skill.

BE AN AUDITOR

A thousand straws in the wind point out a glaring fact today--the man who will succeed tomorrow will be the man who knows about and can control HUMAN BEHAVIOUR.

Amid the crudities of psychiatry, the banalties of psychoanalysis, the terrible defamations of communism, the pitfall efforts of latter-day welfare states and the general bewilderment of Man at large, shines a gleaming, brilliant hope--SCIENTOLOGY.

Scientology is Applied Philosophy. Scientology is the end product of over 10,000 years of work by the foremost philosophers of Earth. It is the summation of all traditional philosophies and is the first scientifically accurate study of the human mind and spirit. It is, much more importantly, the first truly practical and easily learned study of the human mind and spirit.

Scientology today has won recognition as the only truly reliable and workable means of controlling and improving human behaviour. The well-trained Scientology auditor (practitioner) has at his command tools whereby mental and spiritual behaviour may be predicted, controlled and bettered with a precision far in excess of anything previously known.

The Scientology auditor, it might be said, has the key to human behaviour. In truth it could be said that he is in possession of magical techniques, for it is magical to change people for the better, predictably. To be able to, at will, remove compulsions, inhibitions, stupidity and bad behaviour never before achieved by priest, doctor or layman with any predictability (if at all)--these are miracles: this is magic.

There is but one admonition that is made to the prospective Scientology auditor. Do you, essentially, wish to help others as well as yourself? While it is very true that Scientology auditors can and do make very respectable livings--some indeed are wealthy--it is also very true that there must be initial willingness to help one's fellows. It does not have to be very strong, but it must be there. Given that, the instructors will help it to develop and the auditor-graduate will emerge full-armed with a technology to assist his fellows, such as Man has never seen.

COURSE DEFINED

An Academy Course then hereafter means 160 hours of Class Instruction to Certification for all Levels Zero to IV.

CERTIFICATION AND CLASSIFICATION TABLE.

The PE Course is not an Academy Course. It, however, may continue to be taught.

First enrolment, Level Zero. No prior examination. 160 course hours duration. Certificate Hubbard Apprentice Scientologist. Awarded without examination.

First Classification: Prior to entering the next course, (hours or weeks or months before), the student must take a written and practical examination for CLASS ZERO. If the student passes he is at once awarded his classification by HCO and it is sealed on his HAS Certificate or given by letter and then sealed.

Second Course. Level I. Hubbard Qualified Scientologist. Prerequisite, HAS Course and certificate. No prior classification required. 160 hours duration. Certificate awarded without examination: Hubbard Qualified Scientologist.

Second Classification: Prior to entering the Level II Course, hours or months, the student must take his written and practical examination for Level I. On passing he is at once awarded his Class I Classification and it is certified by HCO letter or stamped and sealed on his certificate. If the student has not passed a prior classification exam and is not Class I yet, this second examination is the Class 0 examination and on passing it he has Class 0 awarded by HCO letter or stamped and sealed on his highest cer-

tificate. He may also take his Class I examination as soon afterwards as he sees fit.

Third Course, Level II. 160 Academy hours. At course end, regardless of class as usual, he is awarded his certificate without examination as Hubbard Certified Auditor.

Third Classification Class II. Prior to entering his fourth course, hours or months before, the student may take his classification examination for Class II. If he passed, it is signified as usual by HCO. If the student has no classification up to this point, this examination is for Class Zero. If he has no Class I yet, it is for Class I. He may take the other higher classification examinations as soon as he wishes.

Fourth Course, Level III. 160 Academy hours. On completion awarded certificate without examination as Hubbard Professional Auditor.

Fourth Classification, Class III. Prior to entering his fifth course, Level IV, hours or months, the student may take his classification examination for Class III. If he has no classification to this time, the same procedure as earlier is followed.

Fifth Course, Level IV. This like all other courses may be entered whether the student has passed his examinations or not. After 160 Academy Course hours, the student, without examination is given is Hubbard Clearing Scientologist Certificate.

Fifth Classification, Class IV. Prior to his entering an R6 course a student, after January 1, 1968, must bring all his classifications up to Class IV, whether this is done at an organization or at Saint Hill, and no matter where the R6 course is taught.

Sixth Course, Level VI. Examination given before the end of the Sixth Course and if passed, an award of provisional Class VI is given by notification, permitting the student to audit Class VI materials. When a succesful period of observed auditing ensues, the Classification is confirmed as Class VI and the fact is attested by letter or by sealing and stamping the certificate. If the auditing period is not successful or for any other detrimental reason, the provisional classification may be retained. If the reasons are very detrimental, the provisional classification may be withdrawn. This however cancels no earlier classification.

Table of Courses and Classification, cont. from page 11 -

Central Organizations: PE Course may be taught but is not recommended for Central Orgs. Must teach HAS, HQS, HCA, HPA and HCS Courses. A Central Organization will be reviewed on its student record on January 1, 1968 to establish the possibility of its teaching an HSS Course but permission not guaranteed and only one will be granted in a national area, if granted.

OBVIOUS CONCLUSION

From the above it will be obvious that Active Field Auditors are expected to become Franchise Holders in the future, that Franchise Holders will become City Offices, that City Offices will become Central Organizations and the national headquarters will become, eventually, a university. Aside from an expectancy that Field Auditors will continue to become Franchise Holders, no drastic upgrade is expected until after January 1, 1966.

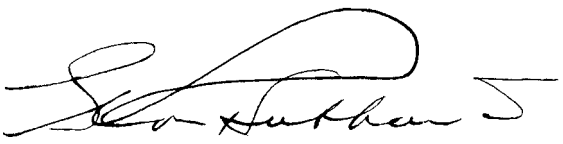

Auditors equipped to do so, on becoming Franchise Holders, may still apply for permissions to teach HAS and HQS but these permissions all expire for Franchise Holders on January 1, 1966. On or before that date a new type of PE Course will be released for Franchise holders to teach. And there is a possibility that Franchise Holders will be newly granted permission to teach HAS on January 1. 1966, depending entirely on their teaching record with HCO WW.

As Field Auditors were teaching only a PE Course as an HAS Course, this is more a change of name than a refusal to permit them to teach. They may go on teaching the same course, but must not call it an HAS Course.

Franchise Holders who are behind-hand in their contributions to HCO WW are, as always, subject to franchise suspension or cancellation. If a Franchise is suspended, teaching in progress may go on but no further students may be enrolled. If a Franchise is cancelled, the existing students may be graduated, but will be very vigorously examined, as low teaching quality or a poorly scheduled and careless course can be a grounds for cancellation, if not mended when called to the Franchise Holder's attention.

A Central Org or a City Office until January 1, 1968, may teach any course they are allowed to anyone enrolling, regardless of former certification. This is to the end of improving auditing skill. They may not, after January 1, 1965 teach any special or data courses other than their regular Academy Courses at the specified rates.

Until January 1, 1968 then, the policy of not retraining Auditors is waived. Adjustment of training will have to be done until January 1, 1968, certainly until the bulk of training activities have cared for gaps in an auditor's education prior to January 1, 1965.

MEMBERSHIPS

There are two Memberships in Scientology:

INTERNATIONAL MEMBERSHIP - this is $30.00 a year and is a requirement for keeping your certificates in force. It gives you a 30% DISCOUNT on TRAINING and PROCESSING, plus a 10% discount on BOOK purchases.

LIFETIME MEMBERSHIP - this is $75.00 and lasts for one lifetime. It gives you an additional 20% DISCOUNT on TRAINING and PROCESSING, and an additional 10% discount on BOOK purchases.

THEREFORE by having both memberships you receive a 50% DISCOUNT on TRAINING and PROCESSING, and a 20% DISCOUNT on BOOK purchases.

By itself the Lifetime Membership gives you only the 20% discount on training and processing and the 10% discount on book purchases.

ALL MEMBERSHIP FEES ARE USED FOR THE DISSEMINATION OF DIANETICS AND SCIENTOLOGY!

All Memberships purchased in 1964 are valid until their expiration and give all privileges as under International Membership above. If you already had a 1964 membership and paid an additional $15.00 to fulfill the $30.00 fee we will either credit it toward your next years membership or refund it to you.

WRITE TO THE MEMBERSHIP SECRETARY AT YOUR NEAREST ORGANIZATION (see back cover) FOR ALL MEMBERSHIP APPLICATIONS.

Ed. Note: Ability Major issues (like this one) go to International and Lifetime Members only. Ability Minor issues go to everyone on our mailing list. Major and Minor Issues are published on alternate months. Until the Major Issue for May, 1965, Major Issues will also go to our "Active" mailing list. So if you are not an International Member and are receiving this Major Issue, that is why. Please note that this privilege will cease after May, 1965: to continue receiving Major Issues, after May, 1965, an International or Lifetime Membership is needed.
