PRECLEARS WHO HAVE BEEN AUDITED BEFORE

Any preclear who has been audited before must first be checked out for former release.

If the preclear is found to have attained Release in former auditing, the preclear then, is audited in the Hubbard Guidance Center to a complete rehabilitation of this state.

PRECLEARS WHO HAVE NEVER BEEN AUDITED BEFORE

People who have never been audited before are audited in the Hubbard Guidance Center.

If at any time in such auditing, the state of First Stage Release is attained, the next Level of auditing will be run.

STATES OF BEING ATTAINED BY PROCESSING

Types of Releases

The states of Release differ in that one is more stable than another.

The Reactive Mind (known also as the R6 Bank) can only be audited out by someone who is trained up to Class VI. When the Reactive Mind is fully audited out (erased completely), one has a Clear.

When a Clear has been refamiliarized with his capabilities, you have an Operating Thetan (an O.T.).

A Release, then, is pulled OUT of his Reactive Mind.

A Clear has fully erased his Reactive Mind.

An Operating Thetan is one who is Cause over Matter, Energy, Space and Time and is not in a body.

The degree and relative permanence of being pulled out of the Reactive Mind determines the state of Release.

There are numerous things that can pull one back into the Reactive Mind.

These are: (1) Locks, (2) Secondaries, (3) Engrams, (4) The Whole Time Track.

LOCKS

By reducing locks, as in Levels 0 to 1V, we then remove the ability of locks to pull the being back into his R6 Bank.

Locks are mental image pictures of non-painful, but disturbing experiences the person has experienced. They depend for their force on secondaries and engrams.

Thus, one who has had his locks reduced is a RELEASE, Grade 0-1V (Grade 0 - Communications Release, Grade 1 - Problems Release, Grade 2 - Relief Release, Grade 3 - Freedom Release, Grade 4 - Ability Release.)

SECONDARIES AND ENGRAMS

When a being has had the secondaries and engrams reduced, he is far less likely to be pulled into the Reactive Mind than if he has just had their locks reduced.

Secondaries are mental image pictures containing misemotion (grief, anger, apathy, etc.,). They contain no pain. They are moments of shock and stress and depend for their force on under lying engrams.

Engr ams are mental image pictures of pain and unconsciousness the person has experienced.

When these are reduced, one has a 5th Grade Release.
(POWER RELEASE)

THE WHOLE TRACK

Bits and pieces of the whole track remain after the locks, secondaries and engrams are reduced. These bits inhibit the being from recovering knowledge.

The Whole Track is the moment to moment record of a person's existence in this Universe in picture and impression form.

When these bits are cleaned up, a being is a 6th Grade Release (WHOLE TRACK RELEASE)

EXTERIOR

If a being has reached a Grade of Release, and has also become exterior to his body in the process, we simply add "O. T" to the stage of Release. It is secondary in importance to the fact of being a Release. As soon as the being seeks to exert his "O. T" powers, he tends to restimulate his R6 Bank and so goes back into his body.

PROCESSES

Many processes, all below Class V, make Grade 0-1V Release. We have been making them for 15 years. When audited on low level grades after being released by them, the person goes into his secondaries and engrams. He can be fished back out again by modern technology and can easily regain the state of Grades 0-1VRelease.

Power Processes alone can be run on a Grade 0-IV Release. These vanquish the secondaries and engrams. This requires very expert Class VII auditors, as it is touchy work. These make a 5th Grade Release.

In doing the earlier Power Processes, the preclear often attains Grade 0, 1, 2, 3, or 4 Release or Grade 0, 1, 2, 3 or 4, Release O. T. Only doing all the basic Power Processes (including one called Pr Pr 6) make a V Grade Release.

Certain Advanced Power Processes make a Va Grade Release. These mainly recover knowledge and smooth out one's understanding of the awareness of the environment, achieved by V Grade Release.

CLEAR - THE R6 BANK

When a being has been trained up to Class VI and has been given the materials of the basic Reactive Mind to audit out, (they took years to find and are too complex to be tackled without training and the actual patterns) he can then attain the state of Clear.

The Reactive Mind is composed of significances and masses as old as the Universe itself and is the basic cause of the decline of the individual. Each person has his own basic bank, but they are all exactly alike. The materials are quite useless and inhibiting.

A Clear is not under the great stress of this bank and so can be free. He uses his own basic purposes, and is, for the first time, wholly himself.

OPERATING THETAN

This state of being is attained by drills and familiarity after the state of Clear has been obtained.

A real O. T. has no Reactive Bank, is cause over Matter, Energy, Space, Time and Thought, and is completely free.

SUMMARY

This HCO Bulletin contains a brief description of each of the States of Being one can recover by processing. This is the first time they have ever been isolated and crisply defined. These are all the states there are except for homo sapiens and animal and we know too much about those already.

THE ACADEMY OF SCIENTOLOGY

You can now complete a course swiftly and receive a certificate.

Your case will improve by the study of Scientology alone.

Get trained up through the Levels. You can be audited to Grade IV Release, but after that, training in Scientology is the only way to Clear.

To reach Clear, you must be able to audit.

Full time and evening training is now available.

Take two weeks off work and come in and get trained, or attend courses every night.

There is no other way to handle life than to know the mechanics of the mind and life.

A Release is a Being who is released from his Reactive Bank.

He experiences a marked rise in I.Q. and ability, and well-being.
We used to call this 'Clear'.
Clear is higher and better than we thought.
There is also an evening Academy. Each course runs 5 evenings per week.
