Put Man's erring troubles behind you and be the one thing in this universe that is senior to any of it–for it can release life–and that is an auditor.

Today there are over two and a half hundred Clears. Greater numbers follow close on it. And there are millions to follow the thousands soon to come. These Clears have attained total freedom. They did it by learning to audit and by auditing.

You will hear, at the coming Realization Congress in Washington, some definitions given by L. Ron Hubbard. The Reactive Mind is defined. It is a simple definition. Man sought it for thousands of years and failed. There was no breakthrough recorded. In 1950 the breakthrough came. L. Ron Hubbard released the book DIANETICS: The Modern Science of Mental Health. Dianetics opened the way to Scientology–a route that without the discovery and resolution of the Reactive Mind would have remained hidden as a possibility but with Dianetics became one. Now there is releasing and Clearing and the route is complete. Ron fulfilled and went beyond all the great promise of Dianetics.

What is done in the Release Grades is separating or unhooking the preclear from the reactive mind. You are released from it and you get less reactive. It is a rising scale of becoming free. You reach a level where you begin Clearing and for the first time you are your own auditor.

What is done in Clearing is to totally, finally and simply, ERASE the reactive mind.

And the reactive mind is very, very old. It is "used to" being obeyed. It knows nothing and of itself can do nothing. That is not told easily, but is learned by doing auditing.

Your first steps in becoming an auditor are Academy steps. They must be done.

When you have grasped and applied philosophy to the point where you are a Scientology auditor Academy graduate you are a strong being, a wily and knowing being, and you can help.

Then you will know why Course Supervisors are the most insistent beings you have ever met. You will know why Hubbard Guidance Center auditors never quit training. They have to be right and they have to be swift. They are always learning again and better–smoothing the Route.

L. Ron Hubbard went way ahead of history and made Scientology. Scientology contains much that is not new in the universe. It contains more that is totally new.

You have before you in the grasping of this science and workability an adventure of great magnitude, of unlimited horizons, and of having a known purpose and following it.

We want to see you released and trained and Clear. And by all the "indicators"–we will!

an auditor LISTENS AS NO ONE HAS LISTENED BEFORE IN THIS UNIVERSE. AN AUDITOR APPLIES THE WORKABLE SYSTEM OF SCIENTOLOGY TO THE FREEING (RELEASING) OF INDIVIDUALS.

a preclear IS ONE WHO WITH THE DIRECTION AND ASSISTANCE OF AN AUDITOR IS DISCOVERING THINGS ABOUT HIMSELF, IS BECOMING FREER, IS APPROACHING, THROUGH THE GRADES OF RELEASE, THE STATE OF CLEAR.

the training OF AN AUDITOR BEGINS IN THE ACADEMY OF SCIENTOLOGY. SCIENTOLOGY TRAINING CONSISTS OF A SERIES OF COURSES, EACH A COMPLETION IN ITSELF, EACH BRINGING THE STUDENT CLOSER TO THE KNOWLEDGE AND EXPERIENCE NECESSARY TO HIS OWN CLEARING AS WELL AS A GREATER AND GREATER RANGE OF CAPABILITY IN THE RELEASING OF OTHERS AND GETTING THEM CLOSER TO CLEARING ALSO.

a clear IS A PERSON WHO IS WHOLLY HIMSELF AND CAN FOLLOW HIS OWN BASIC PURPOSES, AND IS NOT REACTIVE.

A Clear is a person who has acheived all the Grades of Release, has been trained in the Saint Hill Solo Audit Course (where Grade VI or Whole Track Release is attained with the preclear for the first time as his own auditor), and has completed the Saint Hill Clearing Course, in which the student, now a Grade VI Release, is given the total anatomy of the basic reactive mind, is given the training to erase it totally, does so, and after being checked out by a Continental or Saint Hill Clear Checker, is declared Clear. A person who is wholly himself and can follow his own basic purposes and is not reactive is something entirely new in this universe.

On the Gradation Chart giving the Grades of Release, at the top where Grade VII would be, there is only "CLEAR", and then, in small letters above it there is marked "O. T. "with an arrow pointing upward.

O. T. is Operating Thetan, a Clear who has attained "knowing and willing cause over life, thought, matter, energy, space and time. "

Only a Clear is eligible to be invited to join the OT Course.

There are now well over two hundred Clears. There are going to be a great many more. You can be among them, and sooner than perhaps you may think you could. The training steps from Dianetics through Zero to Four are here for you at the Academy of Scientology in Washington. At the Hubbard Guidance Center in Washington you can be audited up through the Release Grades to Grade IV. Then, you are ready for Saint Hill, Power Processing (Grade V and V-A Release) and—CLEARING!

the courses:

Instruction is direct from Source: L. Ron Hubbard's tape recorded technical lectures, books, HCO technical Bulletins and Policy Letters. Supervision is exact guidance to this material. Scientology Study Data is used throughout all training in Dianetics and Scientology and is something entirely new in the field of education.

Progress is individual and by Checksheet. At each Course beginning you are issued one. It covers all the Course materials and there are no other. Nothing is suddenly added "later".

On all courses the student must have a Mark V or Azimuth meter.

Certification Course comes first at each level and is the Theory Course.

Classification Course completes each level and is the Practical Course. Here you do the drills and the auditing.

In the Dianetic Auditor's Course the two are not separate courses. In all other courses they are.

The following is a summary of Academy Courses:

HDA

HUBBARD DIANETIC AUDITOR. This Course is done in not less than a month (days), can continue six weeks, but is not "extended endlessly" for the student. Given with no prerequisites, this is the ideal first course. It is a study and practice course which is the prelude to becoming a Scientology auditor, brings one a complete understanding of the mind, the difference between the Analytical mind (conscious usable experience) and the Reactive mind (recorded pain-and-unconsciousness experience), that there IS a reactive mind, that it is reachable through Dianetic technology, that it is totally reactive (stimulus-response) in operation, that it is the basic ruin of beings, that it can be resolved by standard simple Dianetic procedure.

The Course gives the student practice (as auditor) and experience (as a preclear), preferably with fellow students. With the

knowledge gained in this course one is then ready for Scientology training and readily understands what is being addressed in auditing. Dianetics as done in the HDA Course is of great value, is fun to do and tremendously interesting, and it gives the student experience without which he will never become a complete auditor who knows all that is going on.

HRS: (O) HUBBARD RECOGNIZED SCIENTOLOGIST. A good familiarity with the substance and precision of Scientology, its basic processes and data. Communication, the Auditing Comm Cycle and the Communication Formula are covered thoroughly. Routine Zero Communication Processes. E-Meter operation and practice. These two courses (HRS Certification and HRS Classification) produce an auditor who can make Communication (Grade O) Releases.

HTS: (I) HUBBARD TRAINED SCIENTOLOGIST. A thorough understanding of problems, their definition, anatomy and handling. Problems Intensives; "CCHs"(Communication-Control-Havingness Processes); the Help Bracket; E-Meter drills. These two courses (HTS Certification and HTS Classification) produce an auditor who can make Problems (Grade I) Releases.

HCA: (II) HUBBARD CERTIFIED AUDITOR. A thorough comprehension of the Overt Cycle, Overts, Witholds, Missed Withholds and their handling. A thorough understanding of O/W (Overt-Withold) Processes (pulling overts, missed witholds, auditing by list, pulling justifications). These two courses (HCA Certification and HCA Classification) produce an auditor who can make O/W (Grade II) Releases.

HPA: (III) HUBBARD PROFESSIONAL AUDITOR. To learn all about ARC Breaks (Affinity-Reality-Communication breaks)and their handling; Assessment for Problems Intensive and ARC Breaks. Differentiation between auditing and assessing; Rehabs: the data of rehabilitating Releases. HPA Class III is a prerequisite for the Saint Hill Special Briefing Course. The E-Meter training in the HPA Course is extensive. A graduate of these two courses (HPA Certification and HPA Classification)can make Freedom (Grade III) Releases; give Assessments for lower level auditors; give Rehabs(Release Rehabilitation Intensives).

HAA: (IV) HUBBARD ADVANCED AUDITOR. An understanding of what Service Facsimiles are and how to find them and run them out. Students in the HAA who had their Class IIIs before Release Rehabilitation technology was given have that also included in Level IV. These courses include the data and procedures of a Stabilization Intensive (Search and Discovery, or "S and

D", technology). These two courses (HAA Certification and HAA Classification) produce an auditor who can do all the above and can make Ability (Grade IV, or Service Facsimile) Releases.
