Just about HALF of the Washington and Silver Spring personnel have taken leave from staff duties to get into the A. C. C. course started by L. Ron Hubbard on October 15th. It's the first LRH A. C. C. course to be given in this country in over a year and a half and you'll be seeing its results throughout the field. It's an important occasion.

NOW, by the way, is the time to form that group of yours and make it official! There's much to be happening with the Third Dynamic already starting and increasing very much very soon. More about that later, but the thing to do now is to get things well set up in your locality.

New Zealand's DENNIS FRATER has just published under the HASI there a new book called "FOOD FOR THOUGHT", an introductory book leading up to and then neatly extricating itself from all the past traps of Man's Search for Life, and concluding with Scientology, the science of the know-how of Life. A very intelligent book, living up to its title extremely well.

The new ordination requirements have been announced, to go into effect soon: in place of the fifty-hour "UNION STATION" stint, the rule for about a year now, is a newer, more modern, a bigger stint of processing. It's upped in number of clock hours as well as case velocity.

The new tape packages, including the Games Congress Tapes are wowing the world field. Very Hi-Fi of the recent tapes brings more and more tape users.

About your plans for coming to Washington for the Academy Professional Night Course: Washington, D.C., and the near-by District areas of Maryland and Virginia are infamous the country over for being the highest-paid job areas in the U.S.A. D.C. "workers" admit they don't work more than two hours out of any desk eight, but that's "bureaucracy". In the district it's mostly white-collar and dinner-jacket work. The industrial jobs are further out - some of the present night students commute from Baltimore and other areas about thirty miles from the Academy, and find it perfectly convenient. There's enough business being transacted in this area so that your chances of getting your pro training by way of the evening course are excellent.

* * * *

If you're working at an outside job while getting Academy training you are of course very subject to being promoted often and asked to stay on permanent-like at the business or industry you are working. That's the way Scientology training works.

THE PERSONNEL EFFICIENCY COURSES you have been hearing about are going full blast all over the country. First places to have the P.E. Courses are New York, Stamford, Philly and Chicago. The big IQ and aptitude rises obtain 100%, instructors have found, only when the new teaching methods outlined at the Games Congress are used.

* * * *

States of TEXAS, FLORIDA, MICHIGAN, WASHINGTON, CALIFORNIA all now have state Scientology church organizations. Congrats to good work in those areas.

NEXT SCIENTOLOGY CONGRESS SCHEDULED FOR END OF DECEMBER - PLAN EARLY!!!!

The best selling DIANETICS: The Modern Science of Mental Health by L. Ron Hubbard will be in all the bookstores again soon... presses rolling on new edition.

* * * *

DENNY FRATER, New Zealand HPA and author, has assumed editorship of the New Zealand Scientology publication "YOURS", changed its name to "AFFINITY".

* * * *

JACK HORNER, author of the new, good introductory book on Scientology, SUMMARY, went right back to South Africa to get some of those Personnel Efficiency Courses going.

* * * *

NILE and MARY ADAMS report that, inspired by the Games Congress lectures and seminars, they are starting something new in Kansas City basic Scientology courses.

CHANGE-OF-ADDRESS: Be sure to send your changes of address promptly in to your Distribution Center, Box 242, Silver Spring, Maryland, to keep the publications and info coming smoothly. After several years London has stated that they now believe that Americans, and especially American Scientologists move around, and that all the address changes we send the London office are not corrections of mistaken addresses but just people who have MOVED. Silver Spring, on the other hand, has difficulty in igniting on the fact that in England a chap will sometimes reside at the same digs for several or even a great many years.... plus & minus randomity.

J. BURTON FARBER, just home in California long enough to report on the Games Congress and pick up his topcoat, is back in Washington for Ron's A. C. C.

* * * *

Look for more hard-cover Scientology books to be published by large houses and distributed on a nation-wide basis in the future.

MORLEY, that's Academy Indoctrination Instructor Dr. RICHARD MORLEY, is the guy to barrage with correspondence concerning GROUPS. Your Group Communicator should be keeping in smooth communication with him in Washington and with the Distribution Center in Silver Spring. News items should hit ABILITY Magazine in Silver Spring DIRECT. Address to Editor.

The ACADEMY under the masterful directorship of Dr. RICHARD F. STEVES, is finding the new Night Course for professionals under instructor Al Kozak, D. Scn., a big success and a very valuable part of the training picture.

Veteran Auditor FERNANDO ESTRADA is auditing up a storm at the Hubbard Guidance Center along with the great HGC staff under Julia Lewis, and is very soon to go to New York City to join Dr. Sylvan Stein in the Gotham Rescue Dquad. He'd be there already teaching the overflowing courses, but a building fell through and another has to be located. Old Carnegie Hall however stands.

The new A. C. C. quarters are next door to the Academy. Newly decorated, large.

* * * *

MAXINE LAWRENCE, HCA, and BOB PERRIN, HCA, HAA, are now on staff at the Distribution Center.

* * * *

Through the ads in GALAXY and FATE great numbers of people are writing in for Scientology info. The Distribution Center now uses FIVE different info packages, ranging from entirely new people to the many who are getting now back into the game after years of elsewhereness.
