NEWS SHEET

CONGRATULATIONS to Dr. and Mrs. L. Ron (Nibs) Hubbard, Jr! Deborah Kathleen Hubbard arrived at the Hubbard house October 28th at 12:20 PM weighing 8 pounds 4 ounces, 19½ inches long. Both mother and child are doing beautifully.

CONGRATULATIONS also to Kent and Betty Maurer. They gave birth to Roger Karl Maurer October 29th at 9:15 PM. He weighed in at 6 pounds 8½ ounces. Kent is an auditor at the Hubbard Guidance Center in D.C.

RELATIVE SPEED

People say that Scientology moves awful fast and makes quick changes and is in general very very sudden stuff. Reason is that there isn't another Scientology to compare Scientology with. It moves at its own speed in its own time. Scientology owes nothing, is owned by Scientologists, hence it looks fast. All the other "sciences" owe to this banker and that politician. They move at the rate of a politician or banker.

News there is always plenty of in Dianetics and Scientology. There is more news today than there was yesterday. Ron's here in the Washington area. He's got some new things rolling that mean world-wide and not just local gains.

UNIT FIFTEEN

The Fifteenth Unit of the Advanced Clinical Course is doing a great many things that haven't been done before both in the field of auditing and processing results and in another field that Scientologists find themselves smack in the middle (3 feet behind head) of - EDUCATION. Where did Ron somewhat unexpectedly find the material that forms the basic of an Educational Methodology - one that meets none of the old bad-eight-C requirement of education as you and me have had imploded in upon us from age six - he found the whole basic formulation of actual education right there in an old copy of AP & A. The LOGICS. You probably don't have a copy of AP & A because by now you have lent out almost all of your earlier books, but a new edition, revised, is coming up soon in the dollar series.

(All the books from Book One on are being reprinted and put into stock so you can re-complete your Dianetics and Scientology library.)

Unit Fifteen is getting some education on education so they can educate. The best model in existence is surprisingly enough the little P.E. Course that is doing so well already outside the United States and is getting started nicely here. A large feature of the 15th unit is the evening program and its inclusion of a three-week complete P.E. Course (how to teach it and manage it) and the Advanced Course.

KEN BARRETT is handling this part of the evening program of the 15th. The stress is upon teaching them to go out and do likewise. Ken has been teaching the Washington counterpart of the P.E. Course for many weeks - all new people from the D.C. area.

DICK MORLEY has a crack at the 15th also, teaching the 15th how to

teach indoctrination. He should be well known to you as an American Expert on this subject.

JULIA LEWIS takes the 15th in hand on yet another mission. She gives these veteran auditors a course in how to conduct a Scientology practice. As Director of the Hubbard Guidance Center from its very beginning and operation Julia gives the ACC classes more know-how on the setting up of their own processing centers than you would have guessed would have to exist to make a good one.

The Fifteenth also gets a full course in how to teach a professional course. These boys and girls are slated to do important work in the field. You can see that a great deal of this work is teaching. Standing before groups of people and making them brighter.

All this is in addition to the main part of the course, which is the daily intensive training in advanced theory and practice. Ron lectures every day twice and gives an A.C.C. Auditor's Conference (called the "Pink Slip Period"). The A.C.C. auditing is done on a one week as auditor, one week as preclear basis, alternating. The auditing is checked closely by Ron and by his two chief assistants, NIBS and RHONA. Rhona Earnshaw is the South African B.Scn. who was brought over from London specifically for this A.C.C. post. She's a sharp-eyed lass and knows her auditing. Nibs is as you know the most experienced instructor in Scientology after LRH and what he doesn't know about teaching Dianetics and Scientology hasn't been discovered yet. This is approximately his 15th unit as instruction assistant to Ron.

H.G.C. HAS RON'S COACHING

Always closely interested in the auditing at the Hubbard Guidance Center, even when he's abroad, Ron meets daily with all HGC staff auditors, consulting daily on the progress on every preclear. This is the greatest single advantage any processing establishment could have. The results coming out of HGC are superior.

30,000 DISTRIBUTORS

With Ken Barrett heading up a big operation, we are putting the bookstores to work again. After over six years of drowsy, routing bookselling, since the 1950 boom of DIANETICS: The Modern Science of Mental Health, things may have been quiet around here, but with all the books of Scientology and advanced books of Dianetics we have to put into their unsuspecting hands the book men are going to be the instrument of blowing the world straight out of their head. There are over 30,000 bookstores in the U.S. alone. That's enough distributors to get some distribution done.

FIELD KIT

AN AUDITOR in the field can become the focal point of book sales for his entire area. He should be. Ken has arranged the AUDITOR'S FIELD KIT to get you guys started. It is a very large package containing everything and in great number, to get you going on selling the material. This is for you especially in selling to your P.E. Course and Basic Course people. Worth about $170.00 retail, you get the kit for less than cost to the organization - $75.00.

Write to The Distribution Center, Inc. for your AUDITOR'S FIELD KIT.

CONGRESS

Congress planned for DECEMBER 29, 30, 31. Probably in the Shoreham's Park Room. More later on that. But start making YOUR plans, too.

NEXT UNIT OF A.C.C.

The next Unit of the A.C.C. to be given by L. Ron Hubbard at 1810 19th Street, N.W., Washington, D.C. will begin JANUARY 3, 1957. Get your reservations in early. Classes are large and enrollment larger. Course is open to professional auditors of B.Scn. or H.A.A. level.

PERSONS AND PLACES

FERNANDO AND MARCIA ESTRADA are on Staff again in Washington, Fernando doing a fine job of instructing on the Night Course (professional) and on helping Steves on the day classes. Marcia's auditing at HGC...THE ROTHS, CARL AND KAREN, HCA's, are running a big new P.E. Course up in CHICAGO. A P.E. Course, if you haven't heard, is the Personnel Efficiency Course that Ron tested in Dublin and that is doing great in Great Britain and Down Under and is getting started in the United States. It's the most direct important job an auditor can do anywhere...D.SCN. BOBBY SUTTON was just in town for a couple of weeks and the visit included an HGC intensive. Great to have Bobby around again...DONNA TRANIN is the new HCO secretary, LOIS STEIN is now working as Mary Sue's secretary while DR. SYLVAN STEIN audits at HGC. While Steins are out of New York STAN STROMFELD is doing a fine assist in that town's Scientology headquarters, teaching and auditing (see ad in this ABILITY)...FARBER, BERNER, LADAS ET AL are planning a big L.A. Scientology Rally for around December 16th...

PROFESSIONAL SCIENTOLOGISTS!!!!
TAPED ESPECIALLY FOR YOU
by L. RON HUBBARD

THE ORGANIZATIONAL SERIES

Named "Organizational Series" to keep these separate from the rest of the tapes. They are for the professional auditor and instructor only. Not to be used as training or group tapes, but only for you auditors yourselves, for your own information.

Given originally to the combined student bodies of the Academy and the Advanced Clinical Course plus the staffs of Washington and Silver Spring, they are actually lectures or briefings on how to succeed and prosper and make progress professionally, in your practice, your P.E. and other courses, your group activities.

As of this date there are FOUR reels (two hours per reel) available in this ORGANIZATIONL SERIES. They're recorded at 3 3/4 inches per sec., and regular 7 inch reels. Excellent fidelity. The material covered is completely fabulous for the purpose of establishing the thereness and prosperingness of the professional Scientologist.

Tape titles (purely for purposes of identification) are: 1. How to create and instruct the Personnel Efficiency Course. 2 hours. Don't pass this one by. It's too important to us auditors, this material on the P.E. Course. 11. Education (first hour) Methods of Education (2nd hour). Those two hours open a completely new field, define it, demonstrate it (2nd hour has Ron demonstrating the teaching process on one of the boys

in the A.C.C.) and it clears up all the bits of track you've got hanging around on "The Education". III. COMPLETING THE TONE SCALE, FALL, 1956. Second hour: APPLICATION. IV. ORGANIZATION Definition, Construction. 2nd hour: RESEARCH REPORT: RADIATION AND ITS RELATION TO PROCESSING.

Use this form in ordering the series.

I understand that upon receipt of this form properly filled out The Distribution Center, Inc., will ship me each of the ORGANIZATIONAL SERIES of special tapes as they are released for professional use only and bill me for $10.00 each reel shipped. Each tape in the series consists of two hours of lectures on an important aspect of Scientology practice.
