Issue Ability 38

RADIATION CONGRESS!

The Christmas Week Radiation Congress has been called for this date at the moment of completion of the emergency research of over two years on the possibilities concerning the problem of radiation.

The Cause and Cure of Radiation and the billion dollar program countering it will be the subject of the Congress.

The political situation and the Scientologists' role in it will also be fully covered.

L. Ron Hubbard will give you the newest and best in FIFTEEN HOURS of lecture and demonstration.

The dates of the Radiation Congress are Saturday, December 29th, Sunday, December 30th, Monday, December 31st.

The Radiation Congress registration headquarters for application, information and arrival is 1812 19th Street, N.W. in Washington.

The Radiation Congress Manager is Richard Steves. Dr. Steves is now making arrangements for the largest available Congress Quarters.

"FABULOUS FIFTEENTH" TO BE TOPPED BY A.C.C. 16 !!!

L. Ron Hubbard has announced from the HCO at 1810 19th St., N.W. in Washington the 16th Unit of the Advanced Clinical Course for WEDNESDAY, JANUARY 2ND, 1957.

If you aren't ready for this course personally taught by Ron come in to the Academy and get your HCA. This Unit is open to both HAA's and HCA's.

The ACC is the golden gateway to the accomplished fact of auditing all the way.

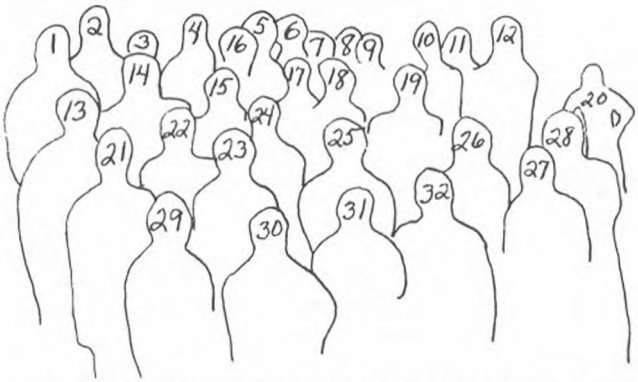

The Fifteenth was the most successful course ever held according to all who attended. These people really learned how to audit!

A shot taken at the beginning of the 15th ACC of the ACC Staff and Students.

1. Jack Harness, 2. Linc Burstein, 3. Bob Perrin, 4 Dick Ferg, 5. Al Michel, 6. Roy Justin, 7. John Galusha, 8. Bill Lenardson, 9. Ken Salmen, 10. George Montgomery, 11. Dick Allen, 12. Will Lapp, 13. Inez Graf, 14. Dick Halpern, 15. Chuck Berner, 16. Harold Ladas, 17. Burton Farber, 19. Leo Bachand, 20. Don Breeding, 21. Joan Beak, 22. Jan Halpern, 23. Connie Godfrey, 24. Ethel Fredericks, 25. Marilynn Routsong, 26. Ron, 27. Rhona Earnshaw, 28. Nibs, 29. Mary Gluski, 30. Esta Gluck, 31. Corinne Ellsworth, 32. Esther Mathews.

(cont. from page 1)... The ACC features a three-week intensive for all class members. It contains personal coaching and instructing all the way through. L. Ron Hubbard gives in addition to his daily personal attention to each student's performance a daily lecture to the class on theory and practice and gives a great many auditing and indoctrination demonstrations.

He is assisted by a powerful group of instructors headed by Nibs, who is among other great elements an auditing genius and the best instructor of Scientology available anywhere to LRH. Thus he has taught with Ron about fifteen of the first fifteen Units of ACC.

Nibs is now doing in the ACC something that is somewhat new in teaching. He is training auditors to look and to know immediately and without hesitation what is happening with and to the preclear. In other words he is teaching them LRH level auditing.

The course is packed and loaded and beautifully balanced.

All applications to the ACC must be approved before enrollment by LRH.

The 15th was the best. The 16th will be even better.

If you don't have it get your Academy HCA and be ready. Don't miss! Things are humming here!!!!

FIFTEEN HOURS OF LRH

Though the Radiation Congress is to be a day shorter to make sure everyone can make ALL of it, there will be nevertheless the full and complete fifteen hours of lecture by L. Ron Hubbard.

We of course know how much you look forward to getting as much of the lectures and demonstrations and processing from Ron as possible. This is to assure all hands that all is well with the Congress Schedule and Ron will be simply condensing the full program into the three days.

The Radiation Congress is an "emergency session" coming as it does at the completion of the emergency research of these many months, and coming also at a time when the world is waiting for itself to blow or not blow its own head off.

Scientology, three feet in back of Society's Head, has something to say about this. Scientology isn't waiting.

We haven't got it cinched either. The situation is rough even if you look at it via the general news. When you get the Radiation Congress report on the actual situation you will see that a lot of things you have been wondering about the past

few years fall into place and the picture gets clear if perhaps a little too candid.

RADIATION CONGRESS TAPES

Undoubtedly much of the material of the Congress will sometime in the future be made available, to those who attend, in tape form; however, certain of the data of the Radiation Congress will not be recorded.

WEST COAST ATTENDANCE

Since the west coast is very expensive to get to Washington from you will have to get together on the transportation situation. What you should do is charter a DC-6 or other large airliner from Los Angeles and another from San Francisco for Western Personnel.

Schedule enough airplanes to accomodate every key person on the west coast and allow for the fact that you will have to make stops in such places as Tucson, Phoenix, Dallas, Houston, and Kansas City to pick up Radiation Congress passengers. In any case where the number of Congress passengers is great enough at one of the stops, charter an additional plane from that point and cancel the stop for the L.A. or S.F. plane.

This is by far the most inexpensive and the speediest method of getting large numbers of people to locations involving distances over 1,000 miles.

It is possible that another arm of the west-coast flights should be made of the further north section to accomodate more closely Oregon and Washington.

PRECHRISTMAS WESTCOAST RALLY

A Pre-Radiation-Congress Rally is scheduled for the West Coast to handle the above and other matters, as well as a good deal of briefing on the latest in Scientology.

HGA's FARBER, BERNER AND LADAS are running the show. All three have just completed the greatest steps in their careers, the 15th Unit of the ACC with Ron.

This rally is taking place all day December 16th, 12:30 to 10:00 P.M. at the Alexandria Hotel in Los Angeles at 5th and Spring Streets. For efficient handling of Pre-Congress Rally arrangements at the hotel inform Farber-Berner-Ladas promptly at 109 East Dryden, Glendale, California.

PLANS

Auditors should not plan too much beyond the Radiation Congress. Especially as to projects and financial commitments.

Present projects, such as P.E. courses, while not necessarily to be radically changed right now should of course be kept smoothly running.

HAA's and HCA's planning to attend the next (16th) ACC should apply very promptly (most already have) to the HCO at 1810 19th Street, N.W. in Washington and should take the greatest possible care to secure the activities, groups and programs in their own areas before leaving them. In other words don't leave your group and practice in a confusion while you are away at the ACC. Delegate authority to the proper persons to assure that this is done. Have the reports sent regularly to you while in the course.

WASHINGTON ACCOMODATIONS

Washington is an extremely well prepared place for the living accomodations of large conventions and so forth. There are hotel and other facilities for any price range. It is usually most effective for Congress members to stay in the hotel where the Congress is held, because this centralizes personnel and makes for better general communication with the group at large, which is an important feature of Congresses.

If you wish a suite or a room reserved for you at the Congress location, write Congress Manager Richard Steves at 1812 19th Street, N.W. in Washington. Any other matters concerning the Radiation Congress should also of course be referred to Dr. Steves.

GRADUATES' COMMENTS ON ACC 15

JACK HARNESS, "...liked most the ARC and team spirit...absolute assurance...good randomity level...good control...high tone of instructors...especially I liked the thoroughness contained in the six weeks..." LINC BURSTEIN, "...liked Ron pushing us to take more and more data and to keep looking at it and pointing out its practicality...getting us to understand...wonderful when the reality hits...!" ROY JUSTIN, "...I liked most the High School Indoctrination...precision procedure and control...the lectures on "doing something else"...you-do-it processes...the people in the course...seminars...the group processing...Ron's auditor conferences..." DICK FERG, "...for the first time in FOUR YEARS processes worked on ME and I was able to be a preclear. Process #1 did the trick...case cracked..." MARILYNN ROUTSONG, "...I suggest that we get every auditor in the field in for this kind of training. Old-time HDA's would readily grasp this and use it effectively. There are many parallels between SLP 8 and engram running. Ken's PE Course was wonderful. The learning processes are tremendous. I'm very glad I attended the ACC..." JOHN GALUSHA, "...a brand new look at theory and fundamentals, and the importance of auditing procedure...I have also learned several processes with which I had no acquaintance

and quite a bit about people who I thought I knew...I have been closely connected with eight previous ACC Units and found this one ten times better than any other..." JAN HALPERN, "...this course was beautifully planned and so much the best ACC yet that you'd have to talk about the difference in thousands of percents ...I learned how to teach anybody anything better and how to go-for-broke in auditing..." INEZ GRAF, "...this course is the achievement for which I have been working for years and with its attainment comes a greater part in the future of Scientology..." DICK HALPERN, "...what I liked best in the course was the results..." * * *
