# Your Modern Academy of Scientology

## THE INSTRUCTORS

The Academy of Scientology at 1812 19th Street, N. W., Washington, D. C. is now under the close direction of its Superintendent Mary Sue Hubbard.

Immediately after assisting as an instructor of the 18th A. C. C., Mary Sue took over the post of Director of Training at the Academy.

A sound and efficient Academy of Scientology has been a long time goal of Mary Sue. In Wichita, in Phoenix and in London and Washington she has studied Dianetic and Scientology training. It was her opinion that much was wanting and it was her goal to create an Academy where a student could be taught to be a really good professional auditor in a short period of time.

Now she is Director of Training, giving personal attention to every student.

That students are now graduating as experts is evident in the fact that the profiles of their first intensives are excellent -- far better than the results of only a year ago.

Mary Sue is assisted by John Galusha, D. Scn., as Senior Instructor. One of the real old timers in Dianetics and Scientology, John has long been noted for his ability to answer students' questions to their satisfaction. John was an instructor in the early days of Phoenix and Philadelphia and recently completed two A. C. C. s with high honors.

# *Scientology Doubly Legal*

The California legislature has come through for us again as usual.

Assembly Bill No. 3712 was signed by Governor Knight July 15, 1957. It regulates the practice of psychology in California.

Forwarded to us by good Assemblyman Wm. S. Grant from the Long Beach District, the signed law states a very broad definition of psychology, saying it is the "application of established principles of learning, motivation, perception, thinking and emotional relationships to problems of personnel evaluation, group relations, and behavior adjustments, by persons trained in psychology."

Thus narrowing the coverage of the bill, the Assembly turned loose all other practices in Section 2903.5 immediately following the above. "Nothing contained in this section shall in any way restrict any person from carrying on any of the aforesaid activities (quoted above); provided that such a person does not represent himself as a psychologist as specified."

Thus Assembly Bill No. 3712 of California tells us that only psychologists may be regulated. In view of the depressing activity of psychologists, it is about time.

This bill then fully legalizes the practice of Dianetics and Scientology unless the practitioner calls himself a psychologist. And who for pity sakes would be <u>that</u> stupid.

The only caution here is not to permit a listing in the yellow pages of phone books under the heading "psychologists". The HASI frowns on that heavily anyway. There is a listing for Scientologists and one for Dianeticists in the yellow book. The phone company needs HASI permission to so include you in its phone book. You write the HASI for such a letter to the phone company.

By the way, speaking of bills, we've got a bill coming up in the U.S. Senate next session to make the practice of Scientology legal only to Scientologists.

charming, lovely and efficient, Jacqueline St. Anne, D.Scn., a student of the first A.C.C., and a long-time Scientologist. "Jackie's" calm insistence and vitality are very much responsible for the high quality of auditing performance now accomplished.

Another valuable instructor is Fernando Estrada, D.Scn., who has been instructor and staff auditor for many years. Versatile Dr. Estrada handles the Upper Indoctrination Class at the Academy. His experience as one-time West Coast Golden Gloves Champion humorously could be said to stand him in good stead in this unit.

The evening HCA course is headed by Marilynn Routsong, D.Scn., who has been in Dianetics and Scientology since the first Los Angeles unit. Pretty Marilynn Routsong is also efficient Marilynn. She is assisted by Katherine Talent, H.A.A., and Fernando Estrada, D.Scn.

John Fudge, D.Scn., former Director of Training, Washington, is at present on loan to HASI London where he is getting the London Academy in good condition. He will return in December to resume his Washington duties.

## The Academy Schedule

The present form of training at the Academy of Scientology was set up Administratively and technically by LRH himself in the spring and summer of 1957.

He was assisted in this by Dr. John Fudge and Dr. L. Ron Hubbard, Jr.

The student enrolls at the Academy by first contacting the Registrar, Dr. Rosina Mann, famous for her work in London HASI and now in charge of Academy and HGC registration in Washington. Students may enroll any Monday morning at 8:00 a.m.

The student may simply appear any Monday morning and, clearing through the Registrar, begin.

In his first week the new student usually gets an intensive (which is included in the course fee of $500). Successfully completing these 25 hours of auditing, the student then passes into the Communication course.

In the "Comm Course" the student works for six days on the earliest Training drills. Here he learns to talk to people. It does not matter if he has had these drills before; Academy standards are much higher and a student can always improve.

Dr. St. Anne guides him through these communication drills.

The student then passes into the hands of Dr. Estrada of Upper Indoctrination. Here he learns to handle people and intentions.

At the end of the Upper Indoctrination week the student passes to the instruction of Dr. John Galusha. This is the CCH Course and here the student learns auditing.

With additional work on Communication, Indoctrination and Auditing and much study, the student finally comes before the HCO Board of Review - L. Ron Hubbard, Jr. - for his examination. If he passes fully he receives a certificate as a Hubbard Certified Auditor, a professional, and the certificate is stamped with a red Validation seal. If his grade is less than an honor grade he receives a certificate as an HCA without a Validation stamp.

The final "say" on the matter of certificates lies with L. R.H., who generally straightens out certification difficulties with recommendations after an interview with the student.

The HCA course is a hard, rough course. The day begins at 9:00 a.m., and ends at 10:30 p.m.

Some of the highest case gains are today achieved by training. Such is present training caliber.

There is considerable drama and glamor in the Academy today. The changes in people, the loses, the wins, the hard study. The student is praised and "wept over" and coached and "retreaded" in units until the instructors are confident they have a professional auditor.

Today's certificate really means something. Today's Validated certificate is a passport to miracles.

The Academy has learned to train fast. No student is permitted to graduate into failures but every student is considered at course end after eight weeks.

Something new has happend on Earth -- Academy training.

The new friends one makes, the new horizons that open are all part of the adventure.

Scientology is winning. There have been more students in training in any given week this past summer than there ever were in any Dianetic Foundation. There are more Scientologists on Earth today than there ever were Dianeticists.

# VALIDATION CONTINUES

Validation is now being carried on by gold seal graduates of the 18th ACC and by the Academy of Scientology in Washington, D. C.

Modern processes require modern training.

Look for the red Validation seal in the upper right of certificates for the best results.
