NATIONAL ACADEMY OF AMERICAN PSYCHOLOGY

"It is time," Ron said at the Congress, "that we cleaned up the entire field of psychotherapy."

He explained that we were impeded by the barbaric conduct of psychotherapy in the United States.

One of the main dangers is government fear of psychological subversion. In that vested psychotherapy in the United States is Euro-Russian, and in that the government will sooner or later discover this, it is time we took the initiative in reforming the practice of psychology, psychiatry and psychoanalysis.

With this he announced the existence of the National Academy of American Psychology. This body has been incorporated by the District of Columbia. Its officers are: Kenneth D. Barrett, president; Philip Spickler, vice president; John W. Galusha, Treasurer; Glenn Elliott, Secretary; Richard F. Steves, Comptroller. Its address is 1812 19th Street, N.W., Washington, D. C.

The sole purpose of this organization, the N.A.A.P., is the clean-up of psychotherapy in the U. S.

The plan is daringly simple. An oath of loyalty and ethics in mental practice has been compiled for submission to all psychologists, psychiatrists and psychoanalysts, as well as ministers of various denominations who engage in mental practice.

Regional directors were nominated at the Congress. These or any other Scientologist may conduct this program in their area, providing they are a member of the N.A.A.P. Keeping regional directors informed will save duplication of effort.

From the yellow pages of the phone book under psychologists, psychiatrists and ministers, or from other sources, the agent for the N.A.A.P. lists all the mental practitioners in his area and sends each a copy of the following Loyalty Oath of Mental Practice for his signature and return.

LOYALTY OATH OF MENTAL PRACTICE

I hereby subscribe to the following Code of Ethics and Practice and swear to abide by it at all times. I do solemnly swear:

(1) To support and defend the Constitution of the United States against all enemies, foreign and domestic; that I will bear true faith and allegiance to same.

(2) To refuse to practice "Brainwashing" upon American citizens.

(3) To actively prevent the teaching of only foreign psychology in public schools and universities.

(4) To engage in no conspiracy to commit or "treat" persons for purely self-interested or political reasons.

(5) To refuse to protect criminals by supporting questionable pleas of insanity at trials.

(6) To discourage all violence against the mentally ill.

(7) To refuse to use, advocate or experiment with physical methods of "therapy" upon patients which might bring about incapacitating physical injury to the patient's brain tissue or body.

(8) To use only methods of mental practice or techniques of therapy upon patients which I would willingly experience myself to the same extent or duration that I apply them or advocate that they be applied.

(9) To refuse to contribute money, dues or my services to organizations which knowingly impede American scientific research programs or which work to discredit American psychologists to the public.

(10) To refute propaganda to the effect that the study of psychology is hopeless, that I.Q. cannot be improved and that personality cannot be changed.

(11) To refuse to accept for counseling or psychological assistance and to refuse to accept money from any patient or group I feel I cannot honestly help and to offer no solution or cure I cannot accomplish.

(12) To refuse to advertise beyond the display of my professional card and the supported claims of my school of mental practice.

(13) To render good treatment, sound training and good discipline to those students or people entrusted to my care.

(14) To engage in no unseemly disputes with the uninformed on the subject of my profession.

(15) To refuse to interfere with the lives of my patients beyond actual treatment.

(16) To refer to competent medical treatment ills which demand medical attention.

(17) To hold in confidence the secrets of my patients.

(18) To accept as fellow psychologists only psychologists adhering to this code and to speak no word of criticism in public of them.

I take this obligation freely, without any mental reservations, or purpose of evasion: So help me God.

Those who sign and return the oath are declared "safe". Those who ignore it or refuse to sign it before witnesses are listed by the N.A.A.P. as "potential subversive". Those who rail against it are listed as "subversive".

These three groups of names, collected in Washington at the main office, are then to be submitted to government contacts established by the N.A.A.P. and further official action will be taken. One of the people most interested in such a program is Vice President Nixon.

It will be seen that only persons not schooled in the ways of foreign ideology would sign this oath. The German psychiatric school follows Hitler's program of brain surgery (Hitler had 800,000 prefrontal lobotomies done to make slave laborers). The usual "psychology" practitioner follows the German Wundt or the Russian Pavlov.

The abuses of psychotherapy in the U. S. and bad publicity for U.S. practitioners is inspired wholly by foreign schools.

Thus it can be seen that this simple program carried out on a basically clerical level could not do otherwise than mop up psychotherapy, leaving some public trust.

Those who sign the oath will be offered an opportunity to have the National Academy verify their credentials. There is a charge for this. Those whose credentials have been verified will get a certificate to that effect.

Eventually ads will be run in leading magazines giving a

picture of the certificate from the N.A.A.P. and the public will be asked to patronize only American mental practitioners who have this certificate.

All funds received by the N.A.A.P. will be devoted totally to the carrying forward of the above program and no other.

Since the N.A.A.P. already has the credentials of Scientologists and Dianeticists a verification of their credentials can be done for $25.00. All others, in that they must be examined and must present evidence that they have actually helped people, will be charged $80.00.

Membership in the Academy is without charge.

Membership numbers will talk. Anyone can be a member. He only needs to sign the loyalty oath before witnesses.

We will wind up with

(1) The largest membership mental health organization in the U. S.

(2) A clean mental practice field into which Scientology can move.

(3) A U. S. less liable to subversion.

This program will save tens of thousands of lives per year.

This program is yours. You furnish the action. (1) Join the N.A.A.P. (2) Write for a packet of loyalty oaths and membership applications. (3) Ship them out. (4) Return your lists to the N.A.A.P., the signed oaths and the names of those who ignored it or who refused to sign it.

For funds, postage, printing, pass the hat.

Who Is Doing What...

Martha Courtis is having Open House the last Saturday night of each month. If it's a good time you want, and a chance to see old friends, simply go to 605 Beachcomber Road, Portuguese Bend, Calif.

Julia Salmen of the Los Angeles office -- We're winning both for us and for you. When in Los Angeles, call Julia. Dunkirk 3-6604.

Mary and Nile Adams, who we certainly missed at the Congress, are back in Washington (Mary was called home suddenly just prior to the Congress). Nile says they are so busy processing people and doing miracles that they are being urged to go all over the country.

Virginia Berner, Charles Berner's very able and pretty blonde wife, is keeping the lunches rolling across the counter at the 19th A.C.C. building -- lucky students!

Inez Graf has been present at every Congress to date and she's now retreading the 19th A.C.C.

In New York -- Jackie St. Anne is really rolling with Project Clear, so give her a call in Carnegie Hall - Circle 7-4758.

The 20th A.C.C., which starts July 7, 1958, has the biggest future enrollment ever - it's 28 now.

Sylvan Stein is now set up in Pittsburg, Pa.

By popular demand, the National Academy of American Psychology added to its oath that anyone should be willing to receive the treatment he gives; can you imagine your local psychiatrist without his prefrontal lobes?

Since we're not hearing from Chicago we're setting an office up there - watch ABILITY for its opening.

Locally in Washington, the Forest Heights P.T.A. must like Scientology as they keep demanding to have Dr. Steves back for more lectures.

Internationally: South Africa now has a very strong office under the able leadership of Sydney John Parkhouse. Australia and New Zealand are two of the busiest places you'll come across, as Frank Turnbull is getting everyone validated and busy doing.

Bill and Donna Fisk have been doing a big job in the northwest running validation courses and getting Scientology groups going.

Fernando Estrada is in Colombia, South America for several weeks - he's an ambidextrous auditor -- English and Spanish.

The N.A.A.P. regional directors are getting the details cleared up. Look for your local announcement and let's get together and clean up the mental field in the U. S. Let's be American!
