HUBBARD GUIDANCE CENTER

Four more PRE-Clears were made CLEARS by the Hubbard Guidance Center Auditors last week. Statistically, it takes five times as long to CLEAR an individual on a co-auditing basis as it does on a direct auditing basis -- and this is supervised co-auditing.

Real technology and Real skill is involved with CLEARING. My auditors here have been working at CLEARING long enough to gain the expertness required to lessen the time factor involved in co-auditing or auditing by an auditor less skilled.

Ron has helped us by giving us the technology. We can help him and Scientology by getting CLEARED ourselves.

If you really, truly want to be CLEARED, write and book an intensive now.

Thank you,

Mary Sue Hubbard
