DOES CLEARING CANCEL THE NEED FOR TRAINING?

by L. Ron Hubbard

To answer the important question "Does Clearing cancel training" all you need to do as an auditor is clear someone without training him and then say to him, "All right. Go out and clear people."

You'll get a blank stare.

Why?

Because Auditing skill is a discipline in living and a know-how of the parts of life which is in itself something new in the universe. Even OT's don't have auditing skill since there have never been any auditors behind them.

There is such a thing as learning. There are such things as data.

The fact is, that a cleared Zulu is a cleared Zulu. A cleared advertising man is a cleared advertising man. A cleared Zulu is not a cleared advertising man.

Now a Zulu uncleared has scant chance of becoming an advertising man. But a cleared Zulu would probably be able to become one rapidly. And there's the difference.

Being clear gives one the potential of being and makes the being rather easy, and fun. Further, being cleared makes it possible to continue to be something. There's nothing wrong with being clear. A person ought to be. The state is so valuable several hundreds of millions of people in the past 2,500 years have concentrated on nothing else. (cont'd. on p. 3)

But how about getting clear and staying clear forever? The auditor alone with his data well learned could manage that.

Remember - you were clear once -- trillions of years ago. Why didn't you stay that way? Because the traps were well designed and you had no anatomy of traps.

Well, Scientology does have the anatomy of the traps, the axioms, the discipline and know-how necessary to handle and control the laws of the universe. Scientology is the data necessary to live.

If everyone were now to concentrate only on how to get clear and forget all about how to stay clear, we'd be back in the soup in a century.

Oddly enough, the best time to study auditing is when you're aberrated -- when the thing looks impossible, when you can achieve subjective reality on the grimness of it.

The best things a person can do are to (1) get trained and (2) get cleared. Auditors will always be senior to Clears. Always. That became very obvious in the 19th ACC. People who weren't clear created clears.

If a person gets cleared first, he can, of course, learn very rapidly how to be a good Scientologist. If he is to be a very good being he will be both a good auditor and a clear. That combination cannot be beaten.

If we had only clears and no auditors we'd have another slump ahead. Scientology is not in the experience of anyone's back track. It is itself. It is the one thing senior to life because it handles all factors of life. Scientology could not have happened earlier because there was not enough livingness to study. We have arrived near bottom.

There are people getting cleared now all over the world. Just remember that you share the agreement of the society in which you live. You'll have to be able to audit to skillfully handle aberrated persons. And it will take a lot of auditors to have a cleared society.

Right now it's all right to keep your eye on that first dynamic and get clear. You should. But when, suddenly, you find you've achieved clear, remember when I tell you this one thing:

There are eight dynamics.

(cont'd. on next page)

You cannot stay clear unless you solve things by the equation of the optimum solution: The greatest good for the greatest number of dynamics. Failing to so solve things dug you in to where you were in the first place.

Scientology got you out.

Stay out by knowing Scientology well.

I look forward to seeing your bright, smiling face, clear or not, in the Academy or an ACC or both in D. C., or London, New Zealand, Australia, South Africa. A Clear world to be needs you as a good and skilled Scientologist.

And that's how you're going to help me.

Okay?

P.S. When I solve a case I always ask the pc for one un-named favor. I've never called these favors in. The favor I tell you now for the first time: Whatever else you are, be a good Scientologist and help me clear these Earth people.

OUTSIGHT

OUTSIGHT is the primary ability of a thetan.

A definition of this new terminology can be said to be, "the ability of a thetan to see outwardly. To look externally while outside the body. To look at objectively as a thetan."

OUTSIGHT is opposite insight. The mystics are always speaking of the insight of those who have reached Cosmic Consciousness, which is the Nirvana of spirituality. The word alone speaks for itself, for those who have gained insight are interiorized and are looking inwardly at his aberrations and ridges.

Every Operating Thetan has OUTSIGHT. It is a peculiarity of those who have gained this optimum status. Those who have reached this ultimate position can recognize their fellow companions by the qualities gained through OUTSIGHT. Some of the qualities most prominent are: high ethical level; enthusiasm; accident-proof; fast reaction time; theta communication; ability to move at will throughout all universes; high creative ability; self-mastery; grants beingness; high truth and courage level; and strong sense of responsibility on all dynamics.

Ron's research along this line has shown us that the particular ability is the principal target in goals of most preclears who are being processed toward exteriorization. It is the ability which must be regained (as all thetans have it as an inherent capability) before the preclear can self-determine whether he is a CLEAR and in position to establish himself as an Operating Thetan with full capabilities.

The thetan who is exteriorized is in the position of standing aside from the MEST body which he used as a house, and looking at it objectively.

In many cases when he is exteriorized he is in a state of confusion not knowing what to do, for this is apparently a new look on life. He may sit there in apathy, enthusiasm, or at any position on the tone scale, but unless he is in command of himself, or has established definite goals, this may be all he will do -- just look at the body.

OUTSIGHT, or looking outward should give him an understanding of the MEST universe that he has inhabited, and of the other universes that he is capable of transversing, looking at or exploring. So really what OUTSIGHT amounts to is the ability of the thetan to confront whatever he must or desires to confront. Then Confronting is OUTSIGHT, and OUTSIGHT in confronting.

The Academy Clearing Course

An Auditor to clear someone must at least be a Validated HAA.

Clearing as such is not taught in the HCA Course since a thorough grounding in Scientology is necessary to any clearing activity.

Clearing in this regard can be considered to be a specialized activity of Scientology and, for the auditor, requires the whole of Scientology as a prerequisite.

An auditor is senior to a Clear. But only a trained auditor.

People who envision "future training" are making a mistake by not making that future now. Good auditors are in very high demand and the demand is increasing.

Auditors who can clear people are now rare. The HAA Course starting May 26 (ending June 28) is the Academy course which teaches how to Clear. The HCA Course teach how to Audit.

The HAA Course teaches how to clear, but is not a substitute for an ACC, which is taught by Ron.

If you have an HCA certificate, come in

and learn how to CLEAR.

(OUTSIGHT cont'd.)

Some religious teachings, especially the Hindu practices, affirm that one needs a Guru, or Teacher, for guidance even though the pupil can exteriorize at will. The difference between Scientology and these religious practices is that Ron Hubbard shows us what to do before and after exteriorization. Then following exteriorization we can have use of this ability of OUT - SIGHT at its maximum level.

In other words, Ron teaches us to stand upon our own feet as thetans and not depend upon a Guru to be at our side at all moments instructing us what to do, as the Hindus teach. The Hindus believe in the Guru as a religious teacher because it is felt that a disciple does not know enough about universes and is apt to fall into psychic traps.

However, a thetan must be granted beingness in order to gain experience in the handling of his capabilities, and without interference from another. That is why Ron never dictates or interfers with our beingness or personal lives, for he realizes that as long as a Scientologist depends upon another to help him he is still effect, not working from cause point, and his self-determinism is low.

Any thetan who has regained his ability of OUTSIGHT has gained for himself an ability to postulate himself to be any - where he desires; to be with whom he wants, and to make his own opportunities in this MEST universe or any other universe, be it with space people, on other planets, or in this MEST world.

With OUTSIGHT the thetan can work at the highest level of considerations, and can become that known in Scientology as an Operating Thetan.
