### New Organization Executive Course to be given at all Churches of Scientology

L. Ron Hubbard has just authorized his new Organization Executive Course to be offered by all Scientology Churches as well as ASHO!

The data on this course can be applied very successfully to make any business or activity **survive** and expand. Broad release of the OEC makes it possible for anyone to get exact training in this vital know-how.

The only prerequisite to enrollment is now the Student Hat Course, a short (one week full time) course to train the student to study more effectively.

Each of the 8 Organization Executive Course divisions includes all policy related to one major organizational function, such as sales, production, management or accounting. Definitions of key words, drills, demonstrations, charts and essays are part of each course section to increase understanding and ability to USE the materials.

The OEC is the equivalent in administration of Saint Hill Special Briefing Course training in the field of Scientology counseling.

Each of the 8 course sections takes about 2 weeks full time, but can be studied on part time schedule.

Course donation has been set at $2500.

**FLAG EXECUTIVE BRIEFING COURSE EXPLAINED**

The Flag Executive Briefing Course, developed in 1970-71 by L. Ron Hubbard aboard the Flagship, is the equal in management of a Class VIII in auditing.

These tremendously powerful discoveries are now delivered in intensive 4 week training only at ASHO for this part of the world. The FEBC is built around the Management Series Volume and the famous FEBC lectures given by L. Ron Hubbard in 1971.

Pre-requisite is the Primary Rundown and OEC. Certain processing actions are also required for course graduation.

Anyone can enroll on this course and find out exactly how to rocket any activity into unbelievable new ranges of stable expansion.

Course donation is $5000.

**THE TOOLS TO BE AT CAUSE**

These courses train the student in the full use of Scientology administrative breakthroughs. They give anyone the tools to be completely at CAUSE over the success and survival of his group.

See your nearest Church of Scientology registrar for details, or write the Letter Registrar at the Church of Scientology of California, New American Saint Hill Organization.

# YOU CAN SURVIVE WITH DIANETICS AND SCIENTOLOGY

## by L. Ron Hubbard

When one thinks of survival, one is apt to make the error of thinking in terms of "barest necessity". That is not survival. For it has no margin for loss.

In life, the only real guarantee of survival is *abundance.* A farmer who calculates to need twelve bushels of grain for his food for a year and plants twelve bushels has cut back his chances of survival very markedly. The fact is, he will not survive, unless some neighbor has been more prudent. For the grasshoppers will take part of the wheat. And the drought will take some. And the hail will take some. And the tax gatherer will take some. And what will he do for seed wheat if he intends to use all he plants for food?

No, the farmer who knows he has to eat twelve bushels of wheat in the coming year had better plant a hundred.

Then the grasshoppers and internal revenue people can chew away as they will. The farmer will still be able to harvest enough for his own food.

An individual survives or succumbs in ratio to his ability to acquire and hold the wherewithal of survival. The security of a good job, for instance, means some guarantee of survival—other threats to existence not becoming too overpowering. The man who makes twenty thousand a year can afford better clothing against the weather, a sounder and better home, medical care for himself and his family, good transportation and, what is important, the respect of his fellows. All these things are survival.

As for ideals, as for honesty, as for one's love of one's fellow man, one cannot find good survival for one or for many where these things are absent. The criminal does not survive well. The average criminal spends the majority of his adult years caged like some wild beast and guarded from escape by the guns of good marksmen. A man who is known to be honest is awarded survival—good jobs, good friends. And the man who has his ideals, no matter how thoroughly the minions of the devil may wheedle him to desert them, survives well only so long as he is true to those ideals. Have you ever heard about a doctor who, for the sake of gain, begins to secretly attend criminals or peddle dope? That doctor does not survive long after his ideals are laid aside.

In short, the most esoteric concepts fall within this understanding of survival. One survives so long as he is true to himself, his family, his friends, the laws of the Universe. When he fails in any respect, his survival is cut down.

The end of Survival, however, is no sharp thing. Survival is not a matter of being alive this moment and dead the next. Survival is actually a graduated scale.

### THE GOALS OF PROCESSING

Processing is directly concerned with increasing the ability of the individual to survive, with increasing his sanity or ability to reason, his physical ability, and his general enjoyment of life.

The higher a person can rise on this scale, the righter he is in terms of reason, in terms of survival, and in terms of general well being. The higher he is, the happier. The lower he is, the sadder.

Happiness is important. The ability to arrange life and the environment so that living can be better enjoyed, the ability to tolerate the foibles of one's fellow humans, the ability to see the true factors in a situation and resolve problems of living with accuracy, the ability to accept and execute responsibility, these things are important. Life is not much worth living if it cannot be enjoyed. The Clear enjoys living to a very full extent. He can stand up to situations which before he was cleared would have reduced him to a shambles. The ability to live well and fully and to enjoy that living is the gift of the Clear.

The Clear has the advantage of not retaining, hidden from himself, pain and painful situations in his past which, being restimulated by the environment, enturbulate his reason and sicken his body.

He is called a "Clear" because his basic personality, his self-determinism, his education and experience have been cleared of aberrative shadows.

The auditor might liken his job to removing the rocks and shoals from the hidden depths of a turbulent river and making of it a smooth-flowing and powerful stream. The auditor is not changing the preclear by evaluation and suggestions. He is simply making it easier for the mind to do what basic personality naturally wants the mind to do. This might be said to be the total end and goal of processing.

### IT IS TIME TO SUCCEED

A fact which has been forgotten in this time of war and spiritual pestilence is that there have been times in man's history and pre-history when he *has succeeded.* It has not all been gloom and hopelessness, else we would not be here today—even as poorly as we are. Men have lived to conquer all other forms of life, from the mastodon to the microbe. Men have lived to build walls and roads and pyramids which have defied the elements for thousands of years. Men have lived to write music which has pleased the gods and lines which have made the angels sigh and the devil weep. This is a time for man to succeed again. Here is the word, the technology, the goal. The job is cut out: and its name is *Survive!*

## The Milestones to Better Survival: What Scientology Insignia Stands for

Power Release Pin, awarded at Grade VA. Power Processing is delivered at the New American Saint Hill Organization (ASHO) in Los Angeles by highly trained Class VII Auditors. 4. Upon completion of the Saint Hill Special Briefing Course at ASHO, the Auditor proudly wears the Hubbard Senior Scientologist (Class VI) badge. 5. When he completes Class VIII (having done Class VII and learned to audit the precise Power Processes) he wears the gold Class VIII badge. 6. The right to wear the beautiful silver Clear bracelet is awarded upon attainment of the state of Clear, attained at the Advanced Organization (AOLA) in Los Angeles.

# How Grade Auditing Improves Your Survival

Scientology Processing is done in stages or Grades. They're called Grades of Release since at each Grade you are **released** from certain conditions in your life and environment that prevent you from being more able.

Grades 0-IV Release are delivered at Scientology Churches and Missions all around the world. Prior to these Grades, counseling is given to improve your immediate life, your ability to recall, and to relieve psychosomatic ills so that you can get full benefit from the grades of release described below:

**Grade O** — **Communication Release**

Improves your ability to communicate. We instinctively revere the great artist, painter or musician, and society as a whole looks upon them as not quite ordinary beings. And they are not. They are a cut above man. He who can communicate to others is a higher being who builds new worlds. A Grade 0 Release achieves this ability to communicate.

**Grade I** — **Problems Release**

Enables you to handle problems. The being who can recognize the actual source of problems and so see them vanish is too rare to be easily comprehended. Man "solves" problems. A being in a higher states looks at them and they vanish. There are fantastic phenomena here which man has never, before Scientology, examined. When a being can do this–make problems vanish with a glance–he certainly is no longer man. A Grade I Release is able to do this.

**Grade II** — **Relief Release**

Gives you relief from the hostilities and sufferings of life. Man has never known, except in some of the rare miracle workers he regarded as saints, how to bring relief to various sufferings. The secret was that one is connecting oneself to what he abhors. To be able to easily bring relief to oneself and others from the hostilities and sufferings of life is a skill man has seen only in a select few. A Grade II Release has this ability.

**Grade III** — **Freedom Release**

Gives you freedom from the upsets of the past. Man is chained to the upsets in his past. He has never known why he felt so upset and misunderstood about his family or people or situations. Most men dwell perpetually on troubles they have had. They lead sad lives. Freedom from the upsets of the past with the ability to face the future is almost an unknown condition to man. It is attained as a Grade III Release.

**Grade IV** — **Ability Release**

Gives you the ability to face the future and to change conditions. Man's abilities tend to be individually specialized. He is so intent upon some action that he is clumsy in performing others. Moving out of a fixed condition and being able to do other things is attained as a Grade IV Release.

## Higher Level Processing

**GRADE V**, Power Release, gives the ability to handle POWER. **GRADE VA**, Power Plus, stabilizes this ability. This life-changing processing is delivered only at ASHO.

**GRADE VI**, freedom from past reactive patterns, and **CLEAR** itself, are attained at AOLA.

## Level O-IV Training

Scientology minister training parallels the Grades of Release: A Class 0 Auditor can deliver Grade 0 Release, and so on.

0-IV Academy training is itself a giant step toward a greater understanding of Man's personal relationships.

It is quite factual that the higher the student advances in training, the more his ability to live and handle people in his own environment increases.

Simply stated, an auditor can handle the raw stuff of life and help another toward greater freedom.

As you train, you get auditing from fellow students and so you also receive all benefits of the Grades.

The usual training sequence is: Hubbard Apprentice Scientologist Course, Hubbard Qualified Scientologist Course, Student Hat Course; Hubbard Standard Dianetics Course; Ministers Course; Full Primary Rundown (which makes the student far more able to study easily and apply his materials at once); then Academy Levels 0-IV. This takes about 5 months if done full time (9:00 a.m. to 10:30 p.m.), but can be done evenings or weekends.

## Higher Level Training

As a Class IV, you qualify to enroll on the Saint Hill Special Briefing Course (Class V and VI) at ASHO, where you will study the whole evolution of the Grades from 1950 forward. Demanding Briefing Course practical training produces a truly professional auditor. Students audit daily, and receive any auditing needed to complete Grade IV Release while on the course. Grade V and VA are required for graduation.

The auditor now does an internship to earn his permanent Class VI Certificate, and then enrolls on more advanced training to Class IX.

By itself it does nothing and is strictly not to be employed for medical or scientific purposes. Its purpose is to assist the minister to locate in his parishioner areas of travail so that he can assist in the relief of spiritual suffering. **Scientology** An applied religious philosophy, dealing with the study of knowledge which, through the application of its technology, can bring about desirable changes in the conditions of life.

# SAINT HILL SPECIAL BRIEFING COURSE GRADUATE LAUNCHES AUDITORS' GUILD

The professional Field Auditors Guild, begun by SHSBC Graduate Lloyd Greenburg, is a group of professional auditors in the Los Angeles area who have gotten together to share successful actions and get more people into Scientology faster.

Designed to create a smooth flow between the field and central Scientology Churches, the Professional Field Auditors Guild plans to become International in scope within the near future.

Members present at the Guild's last weekly meeting were Class VI Tony Hitchman, Class VIII Val Weiss, Class VIII Richard Kipperman, Class VIII Trey Lotz, Class VI Richard Moore, Class VI Hal Suiter, Class VI Lulie Sanders, Class IV Joe Hochman, Class IVs Lynn Levin, Chris Royce and Diana Lucarino (all 3 Saint Hill Special Briefing Course students currently), Class IV Nancy Diekmann, plus the Guild's director Class VI Lloyd Greenberg and his wife Class IV Thea Greenberg.

The Guild has just acquired a very elegant house in Pasadena with 5 acres of grounds, to serve as a central meeting place where they can bring friends and new people for the communication course now being given there.

The Auditors' Guild's beautiful new house in South Pasadena.

The story of the house itself is quite remarkable. At first, when the mansion was up for lease in May, Lloyd and Thea weren't quite ready to take it on, though the house was exactly what they wanted and the owner wanted to rent it to them. A group of sharp-looking businessmen (complete with Rolls Royce) suddenly appeared to take it immediately with "cash" in hand. So they moved in—but soon turned out to be a pack of swindlers! Not only did their rent check bounce but they ordered $2500 in carpeting and painting which they casually billed to the owner. By the time the owner got rid of them, it was the last week in May, and after all the paperwork was settled, the first available day for the Greenbergs to move was June 1st—exactly the day they had originally decided would be ideal! Almost melodramatically, the leader of the swindlers was killed in a plane crash shortly after the checks had bounced.

The Greenbergs were well-known photographers before getting into Scientology, with work published in *Argosy, True, Life, Time, Newsweek* and other magazines. Their exhibits were shown at the NY and Japan World's Fairs. At the same time, Lloyd was on the faculty of Sarah Lawrence College, touring and recording with their chamber music group.

## "Scientology has given me the ability to live."

Lloyd, the first student at ASHO to start the chronological Saint Hill Special Briefing Course checksheet released in 1972, first got interested in Scientology through his brother, Marty. "He'd been going to psychiatrists for 6 or 7 years and was unpredictable and depressed half the time," Lloyd explains. "Then he started becoming unusually cheerful. I was fairly apathetic myself then so even that didn't get to me too much. I was his older brother and had bullied him a lot, and he'd never really asked me to do anything. But he said he wanted me to take a look at this new thing he'd found, and his intention was so strong that I did."

After some introductory lectures, Lloyd got some auditing, and read *Dianetics, Evolution of a Science* by L. Ron Hubbard. "That book really opened up all kinds of new realizations," he recalls. "I stayed awake at night going—'oh, if that's so then—!!' Pieces were just coming together like mad. It was an incredible experience. After that point I was a confirmed Scientologist. And after my Grades, I knew I wanted to switch professions and become an auditor myself."

He and Thea audited as Class IVs for quite a while at both the New York Church of Scientology and in the field in New York state.

(Left to right) Class VI Lloyd Greenberg, Class IV Thea Greenberg, and Class VI Richard Moore make plans to expand the Auditor's Guild.

Then after doing OT IV, Lloyd decided to get more training. "I just didn't feel balanced," he confesses. "I was never happy being just a technician at anything. I always wanted to know WHY. And the Briefing Course gave me that philosophical command of Scientology."

Regarding the Guild, he comments, "If I hadn't done the Briefing Course, there would have been a lot more fumbling with it. On the Briefing Course you see Ron's plans, his purposes. I can see the scheme of things much better than someone who hasn't done the Briefing Course. We've also studied administration and ethics, and it's simplified our operations considerably. In the last few years especially, our postulates come true in a much more direct line than ever before. (We almost have to be careful what postulate we put out because that's what happens!)"

Where would he have been today if he hadn't gotten into Scientology? "I'd probably be in a hospital or dead," Lloyd remarks candidly. "My asthma was so bad before Scientology that I had already been hospitalized a number of times. I'd arrived in the best-known Chamber Music group in the country, which had been my goal, but it had turned out to be a dead end for me personally. I didn't have enough energy to start my own group, and I was pretty much in the process of giving up. It wouldn't have taken me long to accomplish that too.

"Scientology has given me the ability to *live*."

# *Adelle Davis*

ADELLE DAVIS, renowned author of several books about nutrition, died on May 30, 1974, at the age of 70. The malady was cancer of the bone marrow.

She had been going to a psycho-analyst. We regret her demise as she was great in her field and the data she published is beneficial.

"I now have the ability to do anything I want to do. Bring on the world! I'm ready for any and all challenges."

# POWER

"I just finished VA. I went outside and looked around, watched the people, looked at the sky. It was so beautiful. I feel light and very powerful. I can't wait to find out what Clear is like. Many thanks to my auditor for being so standard, to the C/S and most of all to Ron."
**Bill Bowen**
