## ICATION ION AND RENESS CHART

### by L. Ron Hubbard

I want to tell you about the Route to Clear, the Bridge, which we call the Classification, Gradation and Awareness Chart.

The Gradation Chart is an instruction book on self. It's not an instruction book on the body or how you should be a good boy or a good girl in society. It is an instruction book on *self*.

By studying one lesson at a time and achieving one improvement at a time as outlined on the Grade Chart you can learn about yourself, what you are going to do, where you can go, and what your capabilities are.

If you did that in an orderly fashion you would be able to advance up to a very high state.

There is an old mystic idea that there is a chasm or abyss between the existence the world is on now and a higher plateau of existence, and that many people in trying to make it across fell into the abyss. Well, we've built a bridge which is all complete now and it can be walked. It goes from one state of existence to another higher state of existence. This is the Gradation Chart.

But there's one point – you have to walk *on the bridge*. You wouldn't think you'd have to tell people this. You would think you could say to somebody, "You can cross the Grand Canyon as long as you walk across the Bridge!" You would think that is enough. But, by George, somebody'll go down to the edge and walk off into thin air.

So the Gradation Classification plan is a prevention of that kind of thing. It says "There is a bridge. If you're going to go across from where you are now to where you are going to arrive, why you go across *on the Bridge.*" And you might say Ethics (as you will connect with in organizations sooner or later) is the traffic cop who says, "*That's* the bridge – that's the abyss." That's about all it amounts to.

This plan has been worked out for quite a long period of time. It's been very successful.

As the name implies, there are three aspects to the Chart: Classification, Gradation and Awareness.

**GRADATION**

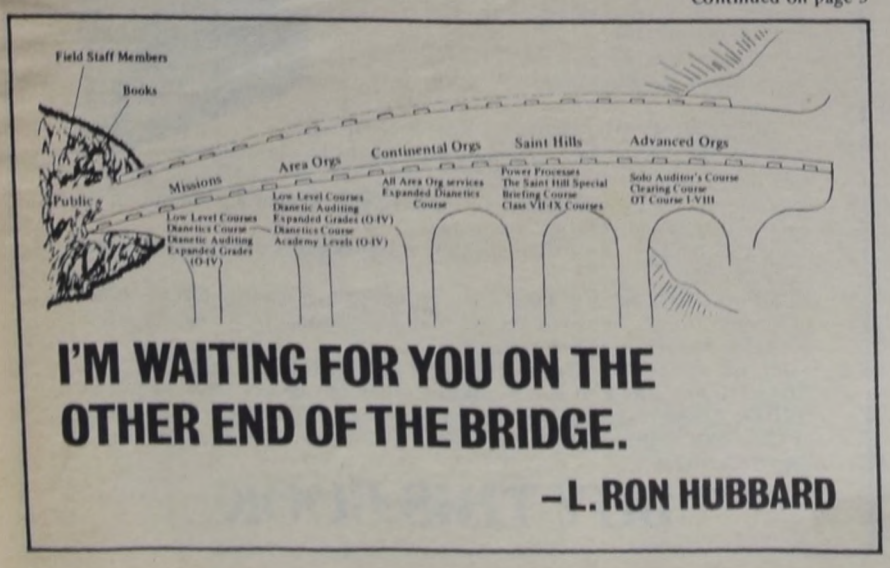

What does gradation mean? It means there are grades, as to a road, or steps which are a gradual grade up.

Life is improved on a gradient; a little, then a little more, a little more and a little more.

When you tell a person about too big a jump or that you expect him to make too big an advance in too little time, you give him a loss. He doesn't gain, he loses.

The Gradation Chart not only tells a person where he can go, but

## THE NEW CLASSIFICATION, GRADATION AND AWARENESS CHART BY L. RON HUBBARD

*Enclosed in this Auditor Journal*

## A HISTORY OF THE CHART

The Grade Chart, as a chart, was first released in 1965 by L. Ron Hubbard. Yet it expresses an idea that has been basic to Scientology and Dianetics since their very beginning: Man can achieve a far higher level of experience and activity than he has ever known, as long as he has a gradient, step by step way of getting there – a Bridge!

Ron announced the Bridge way back in 1950. At that time the Bridge had two steps: Release and Clear.

It was one year later that Ron announced the third and final step: OT, or Operating Thetan.

Today, almost a quarter of a century later, that is still the Bridge. The enclosed Grade Chart is a remarkable example of the stability and timelessness of that Bridge! From Human Being up to Release. Then to Clear. Then to OT. Step by step, so everyone can make it.

That was Ron's design from the very beginning. In the 15 years between 1950 to 1965, he devoted his time to the research and development of processes and procedures to help people reach those states.

Ron, himself, wrote of this research in July 1973:

*The subject of Scientology is to some degree developed in reverse order. The task was to undercut the current level of Man and this was the general target. Therefore one finds the higher levels publicly spoken of most frequently in the earlier books and tapes (between '51 and '55). In seeking full application to others and attainment for them of their potentials it was necessary to codify the materials and develop processes for them.*

By 1965 Ron had developed a very large body of data, of practical processes and methods. The amazing breakthrough of that year was Ron's discovery that these processes fell into a number of groups, and that these groups were naturally aligned into a logical sequence which helped people go Clear even faster! It is this sequence that we now call the Expanded Grades of Release. So the vast majority of the processes that make up each Grade were in use long before the Grades were codified and released.

Then Ron developed Power Processes and finalized the Clearing Course. Over the next few years, from materials both old and new, he developed and released the first 6 levels of the OT Course, finally realeasing OT VII in 1970.

Changes in the Grade Chart from 1965 onward have been refinements and expansion of the same basic principles: Release, then Clear, then OT.

In 1968 we had the release of Class VIII (100% Standard Tech and handling of OTs). In 1969 Ron released the streamlined Standard Dianetics. In 1971 the upper training levels of Class IX, X, XI and XII were released (handling of special OT processes). In 1972 Expanded Dianetics was released (Dianetics specially applied to handle that which needs to be handled for a person).

The enclosed new Grade Chart includes all Scientology training and processing levels as they are today delivered in Churches around the world. And yet it is still HUMAN BEING TO RELEASE, THEN TO CLEAR, THEN TO OT ! !

In this way Ron built the Grade Chart, and builds it still. All to make the steps of RELEASE, CLEAR AND OT easier, more efficient, more effective . . . to broaden the Bridge so that ***all*** men, from the least able to the most able and enlightened, can cross it and achieve the most treasured state of all: The state of being wholly oneself, fully able, infinitely aware, and TOTALLY FREE!

# Countless people are moving up the Grade Chart. Here are a few of their successes

## Processing

*Grade V–the ability to handle power –exactly as stated on the Grade Chart. I am stable, unwavering and able to confront 5000% better than I could when I arrived here. Many thanks to ASHO's good service and to L. Ron Hubbard.*

*Larry Silver, Grade VA*
*(now Clear)*

*Today is Friday the 13th–my lucky day. Yesterday I arrived in L.A. What I did in one day would amaze some. If you're putting stops on getting to L.A. –don't do it. Blow them off. I've been Grade IV for almost a month now–I should have been here much sooner. If I had only gotten a glimpse of how clean this space was, how tranquil it is, that alone would have blown the stops.*

*I was in Boston the other day, feeling all the suppression in the space–then getting this urgency–it was a matter of survival you know. I just left a note saying what I was doing, packed, boxed all my things up, rented my apartment, managed to get a free ticket here, and was on the plane and really FLYING here. When I got here it was like finally getting home.*

*Thanks to all the staff at ASHO and the Advanced Organization. We're lucky Ron has made all this possible.*

*Brian Zwan (now Clear)*

*I hadn't really grasped the full idea of the grade chart until I took my first step onto it. Boy, did I grasp it then and wouldn't stop to let anything turn my path.*

*There's no turning back now. One more step and I will feel the serenity of being a Clear.*

*Each step and grade is so precisely laid out that you do obtain the gains you are supposed to and more.*

*The grade chart is a phenomenal map to follow, for at the end you know there will be the most valuable treasure you could ever find–YOU!*

*Rose Goss, Grade VA*

*Power and Power Plus are FAR OUT.*

*I'm very anxious to continue with my next step on the bridge, both in training and processing.*

*It seems hard to believe that things can go better than they already are.*

*Joe Peabody, Grade VA*
*(now Clear)*

*I've just completed Grade Zero Expanded and I'm so glad. I feel like I am moving up the grade chart again!*

*I've had many wins from this but most came so subtley that I don't notice until I stop for a second and take a look at how far I've actually come.*

*Rebecca Chambers*

## Training

*The Saint Hill Special Briefing Course has got to be the most rewarding, most exciting thing I've ever completed, or ever will complete. (Although I'll leave that statement open to change as I continue up the Grade Chart!)*

*I experienced tremendous change on the preclear side of it and gained a huge amount of certainty of data and results as an auditor. It is really THE course and I recommend it very highly to everyone as they cross the bridge to OT.*

*Linda Carter, Class VI Auditor*

*The Hubbard Standard Dianetics Course is fantastic. To be at cause over another's reactive mind and to assist him in going free is a very powerful thing. It is the first stepping stone to the Briefing Course and Class VIII.*

*Chuck Hof*

*What a pleasure to be moving up the Chart and starting the Saint Hill Special Briefing Course!*

*I've audited for years in New York and had more wins than I can remember. Each session has been as much a win for me as for my preclear. I always learn something new that broadens me and enriches my universe.*

*To be starting THE COURSE that describes the track of Ron's discoveries and gives the basis for the technology we all use is an incomparable privilege.*

*Robin Alkins*

*I just completed Part 2 of Level V– another step towards Class VI! My understanding of auditing and the reactive mind and how to handle it has come way up.*

*For the first time I really understand what happened when I got all my auditing. Getting trained is fantastic.*

*Jill Dunning, now Class VI Auditor*

*It's really interesting now that I'm through part III of the Saint Hill Special Briefing Course to see that the Briefing Course is like a story of expansion of an individual and a subject. You yourself expand just doing it. My own viewpoint is expanded ~~not just~~ on auditing but also on Scientology and life.*

*Glenn Wahlquist, Class VI Auditor*

*Class VIII–that's been my goal since my first days in Scientology. I made it up the Chart! The course is just incredible. It has data that can be found nowhere else in the universe and has answered all the whys and wherefores for me.*

*Linda Welsh, Class VIII Auditor*

*At every level the technology of Scientology seems that much clearer and that much more encompassing. I've aligned a lot of theory with life. It's all so simple.*

*Wendy Peterson, Class VIII Auditor*

*On Class IX I reached a new plateau of awareness and understanding. I have done VI, VII and VIII – all fantastic, but this one beats them all! I will never be the same again.*

*Ellen Jones, Class IX Auditor*

### CLASSIFICATION, GRADATION AND AWARENESS CHART by L. Ron Hubbard

Continued from front page.

it shows him the right stages to prevent his having a tremendous loss.

### AWARENESS LEVELS

The second aspect of this chart is the states of Awareness.

We see along the bottom there are negative (minus) states of awareness and then up through the middle of the Chart are the positive states of awareness. A person is at any one of these awareness levels and, no matter where he is on the chart, is most likely to become aware of the next level up only. So this is a map of what the individual can become aware of.

Need of Change at -0.4 gives you the point where a person can become a Scientologist. He is aware of the need of change.

From there a person becomes aware of the next level, then the next and continues to move up this line of awareness levels as he gets trained and processed.[2]

Eventually he moves up to the point where his own purposes start coming out straight for the first time. Then he gets a Clearing of his entire past and of other purposes, and a realization of himself. Then he goes into a state where he is capable of power.

When we look all this over we find that is just one column on this chart. It is paralleled on both sides by more columns.

### CLASSIFICATION

Classification means that we require certain actions to have been done or conditions to have been attained before an individual is classified on that level and we let him go on.

With the chart we have paralleled the Awareness levels with various techniques and activities. As one moves up the Chart the conditions described by the awareness levels are attained.

An individual moving up this Chart one step after the other does make these various conditions and attainments and finally arrives at the top.

### TWO ROUTES UP THE CHART

On the right side of the chart there are various steps called the States of Release.[3]There are five States of Release (Grades 0-IV) up to Power Release (Grade V). Above this is a Whole Track[4] Release (Grade VI) and above that is a state we call Clear.

Clear is followed by the state of OT (Operating Thetan),[5] attained in sections. An individual can operate totally independently of his body, whether he has one or not. An OT is now himself. He is not dependent on the universe around him.

The left-hand side of the chart describes the very important steps of training on which one gains the knowledge and abilities necessary to deliver the Grades of Release to another. The skill acquired is a discipline in living and a know-how of the parts of life.

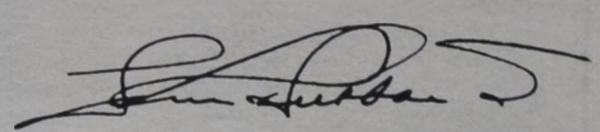

*****

These things are what this Chart describes. It is a guide for the individual from the point where he first becomes dimly aware of a Scientologist or Scientology and shows him how and where he should move up in order to make it.

A lot of people are making it and have made it since this Chart came into existence. We're having no difficulty getting people to attain these various conditions or get trained.

Scientology contains the entire map for getting the individual through all the various points on this gradation scale and for getting him across the Bridge to a higher state of existence.

Use it and have a very happy passage across the Bridge.

# Letters from Class IVs

As a teacher in the Los Angeles city schools, I use my Class IV training every day! It enables me to see what's wrong in any situation and how to put it right.

The children in my class are outgoing yet willing to "keep their ethics in" on study and behavior.

I'm really looking forward to starting the Briefing Course this summer when school is out.

Felicia Balentine, Class IV Auditor

Just recently I finished my training on the Academy Levels 0-IV, the effects of which have boosted all areas of my life to a new magnificent high. My awareness has increased so much that I instantly comprehend any person's behavior. And when you really understand that you can easily reach out and effectively help.

Just the other day, into my office popped a fellow looking for business. I quickly saw he could use a little help, so down to coffee we went and I started giving him some prospects out of my black book. I told him I expected nothing out of it. Then I discovered he was an advertising executive of 15-20 years experience. I connected that with my son's business which we are getting into full swing—what we needed was a directory to comprise a mailing list. In an hour or so he came back with a directory—which I understand costs about $400 to receive—and plunked it down with some directions.

In a few days he was back and as we walked down to coffee he was snapping and grumbling. Naturally I asked him "What's happening?" and he said "My leg hurts." So I said if he wanted to drop by my place after work I might be able to help him. He was there johnny-on-the-spot and I gave him a touch assist.

His leg had been bothering him for a year and he was in almost constant pain. His knee cap was always shifting, requiring an elastic bandage tightly secured about his knee. He was careful when he stepped, fearing his leg would collapse under him. There was a small area on the knee which when touched gave him excrutiating pain. Well, after the touch assist, he said he actually felt the pain slide away. After a few cautious steps, he was happily wiggling his leg about. He removed the bandage and stood tall.

The next day he called me at the office and happily reported he was feeling terrific, the pain was still gone, and he had made 8 sales! We had a discussion about life and Scientology. He bought a book on it and I am targeting him for future auditing.

This is just one small example of what happens in my life every day. My causation abilities are vastly improved since my training.

Next for me is the Saint Hill Special Briefing Course!
