THE MONTHLY JOURNAL OF SCIENTOLOGY

WHAT SCIENTOLOGY OFFERS YOU

by L. Ron Hubbard

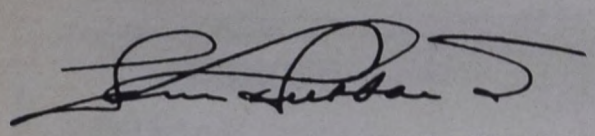

A Scientologist is one who understands life. His technical skill is devoted to the resolution of the problems of life.

There are two distinct divisions in Scientology. The first is philosophic, the second is technical. Under the philosophic heading one discovers the ways of life and of evaluating or creating standards of livingness and beingness. By this knowingness alone, and without processing, it should be understood clearly that a new way of life could be created, or an old way of life could be understood and better endured or altered. Under the technical division we have a long series of developed processes which, applied immediately and directly to life or an organism thereof, produce changes at the will of the practitioner.

Scientology concludes and demonstrates certain truths. These truths might be considered to be the highest common denominator of existence itself.

One lives better with Scientology since life, understood and controlled, becomes liveable.

The only richness there is is understanding. That is all that Scientology has to give.

UNDERSTANDING

The basic core of training is in Ron's Basic Books

In *Science of Survival,* a major text on the prediction of human behavior, L. Ron Hubbard writes:

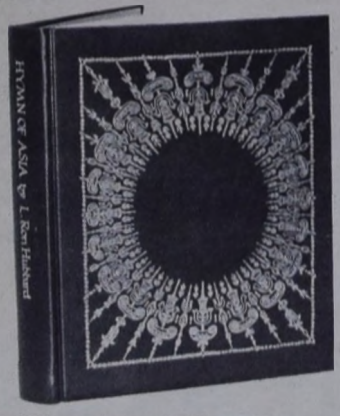

"The principles which you have encountered while reading this book are the principles upon which future and more refined techniques will be based . . . simple as these basics are, they are far more powerful than any means man has had before to bring light where there is darkness, to bring order out of disorder, and to convert unreason into reason."

These lines, written in 1951, have proven to be astonishingly accurate. Scientology has expanded in its exactness of training and its ease of application to achieve results beyond all expectations. But the basics in use today are still the same and are explained in detail in Ron's basic books.

There are now many books on the subjects of Dianetics and Scientology.

By reading them you can help yourself at very little expense. By applying them you can help others.

Saint Hill Special Briefing Course Refined and Updated by Flag for ASHO

The famous Saint Hill Special Briefing Course has just been refined and updated. It is patterned after the original SHSBC taught by Ron at Saint Hill between 1961 and 1966. It is designed to give a complete philosophical and technical command of the subject of Scientology and is *the* course which makes a novice into an expert in the technology.

The Level V Checksheet now goes all the way from 1950 to December 1974, with recent books and bulletins added. The Level VI Checksheet consists ONLY of practical drills and auditing, including closed-circuit TV demonstration in each unit which all students watch and critique as a part of the course. This is *just* as it was when Ron was running the SHSBC. (1966-1974 theory materials formerly on Level VI are now included in sequence on Level V). Level VI units are now smoothly aligned with the Gradation Chart and done concurrently with Level V, to give a balance of mass and significance.

The student works on theory in the morning and early afternoon, and drills or audits in the later afternoon and evening. If an evening student, he studies theory 3 nights per week and does practical 2 nights.

This new line-up on the SHSBC contains *all* the benefits of the former version as well as introduces the actions that were so successful when Ron himself was running the course.

The requirement of the student attaining Grade VA has been lifted–students can still co-audit to complete auditing requirements, but may graduate and go on to their next training level as soon as Class V and VI are completed.

This means a faster flow of more Class VI auditors out into the world in 1975! *The route to Class VI is wide open! All the successful actions from when Ron himself was running the course have been reinstated. NOW is the time to come to ASHO and get fully briefed as an auditor on Ron's Saint Hill Special Briefing Course!*

Saint Hill Special Briefing Course Graduates Use the Data in Ron's Books

First Class VI Graduate of 1975

GARY EPSTEIN graduated ASHO's Saint Hill Special Briefing Course the first week of 1975 and is now interning as a Class VII Auditor at ASHO.

For Gary, Scientology meant a long-awaited rescue from the dwindling of his enthusiasm for life. Many years ago, even his Fulbright fellowship (a state-sponsored grant to study in Europe) didn't raise his flagging spirits. Unhappy, introverted, in need of change, he returned to New York where a close friend, Class VI Ira Chaleff, told him about Scientology. He immediately started getting audited, and his life **did** start to change.

He has since become a very successful full time auditor. "I was a total washout when I first started," he confesses. "But I knew if I kept at it I would make it. Within the last few months I've really begun to feel confident and familiar with the data. It took reading the books in order on the Briefing Course, hearing Ron explain all the little points on the tapes and of course a lot of practice."

He is now training up to case supervise at the Advanced Organization. "It all fell into place after I did the Briefing Course," he says. "**I know** now I can go out and audit and get results. I know we have a vital, workable philosophy with which we can reach out into the community. To do that we need a few thousand more Briefing Course graduates this year—people who can really apply Scientology competently.

"The way I feel about it, if I could become a competent auditor, anyone can! All it takes is doing it."

New Life Begins With Books

HASKLE DUKE, graduate of the Saint Hill Special Briefing Course at ASHO, is today auditing his family and fulfilling a long incomplete purpose as a landscape architect.

It all started when he was living on a farm in Tennessee, making $60 a week as a gardener, with a failed purpose to be an architect.

One day a friend telephoned from Boston, very enthusiastic about Scientology. Haskle sent him $25 and the friend sent him some basic books by L. Ron Hubbard.

"Reading those books completely changed my life," he recalls. "Finishing a cycle of action was one thing I never could do. When I read *Problems of Work* I found out there was such a thing! After those books I realized I could reach out and actually do something in my life rather than wait for something to happen. I started creating a new life for myself."

He moved to Denver for some auditing then came to Los Angeles for Academy training and then the Saint Hill Special Briefing Course. Today he is working on OT II, has just finished auditing his mother-in-law and will soon be auditing his wife up the grades of release. During the day he enjoys doing landscape designs with an architectural firm in Hollywood.

"The one thing I always wanted was to be happy," he says. "Scientology has fulfilled that wish beyond my wildest dreams."

Saint Hill Special Briefing Course graduate GARY EPSTEIN and MARILYN CARLSON re-discover the basics in L. Ron Hubbard's Dianetics book at ASHO.

Auditor Re-discovers Basics

MARILYN CARLSON, auditor at ASHO, is now updating her training on the Dianetic Case Supervisor Course.

"I just re-read the basic books, *Dianetics, the Modern Science of Mental Health, Dianetics, the Original Thesis,* and *Dianetics, Evolution of a Science.* I was totally amazed and exhilarated to see how the basics are all in those books."

She first became interested in Scientology in 1968 when she met a refreshingly new kind of person—someone she could really communicate with! She discovered he was a Scientologist and went to a lecture to find out more about it.

"When I found out about Scientology I realized for the first time I had a job to do and a purpose in life!" she immediately quit the job she had held for seven years as an interior designer and joined the staff of the San Francisco Church of Scientology. "It's so simple and so rewarding to apply Scientology when you understand the basics," she says.
