# TRAINING IS FOR EVERYBODY

## by L. Ron Hubbard

People sometimes think only someone who wants to be a professional auditor studies in the Academy, a false impression. One can't imagine how a father or businessman or mother or clerk or official could succeed without knowing the basics of human reaction and how to handle them. Someone who is a Class III or Class IV knows how. The real professional usually becomes a Class VI and the real experts are the VIIIs, IXs, and Xs. It's a matter of how expert you want to be.

A professional Scientologist is one who expertly uses Scientology on any area or level of the society.

A housewife who does not have professional level skill in Scientology could not expect to run a wholly successful family or keep order in her neighborhood and keep her family well. A factory foreman could not possibly handle his crews with full effectiveness without professional Scientology skill. The personal assistant to a corporation executive could not do a fully effective job without being a professional Scientologist. A corporation president without a certificate will someday fail. And the head of a country would go to pieces if he didn't know Scientology from a pro angle.

How can these people handle life if they have no expert knowledge of how to handle life?

Now we don't expect everyone in the world to become a trained auditor. But we expect the people who are making the world to have a knowledge of how to make it go.

A *trained* Scientologist is not a doctor. He is someone with special knowledge in the handling of life.

We have many, many personal success stories in Scientology. They begin with a book acquaintance and bloom when professional skill enters the background. These people, small people, big people, drove a wedge for themselves into companies, societies, with Scientology and then took over control of the area. They succeeded where they never would have dreamed they could. And every time one of us drives in such a wedge, we all win because the world is brought nearer to a sane and decent world.

The factories, the marts of trade, the homes, the neighborhoods, these are the places we want *trained* Scientologists. In that way alone, we're on the busy, still healthy communication lines of the world.

Some of us need to run centers and schools just to give the rest of us service when required. Training at a pro level must continue and *must* be kept good. And service and communication must be given. Hence, we have Central Organizations on every continent and Hubbard Communication Offices. But if we avoid the throbbing communication lines of the world, we will not win soon enough as a group.

Any trained Scientologist can win to success in society. A knowledge of life, a forthright attitude – with these things it is easy for him or her to improve a social or business position, to get higher pay, to exert wider personal influence. This we know we can do, we have done it so often, so let's improve the ability.

Process people week ends, run a co-audit some evenings of the week at home, but get on the active lines of the world and make your presence felt.

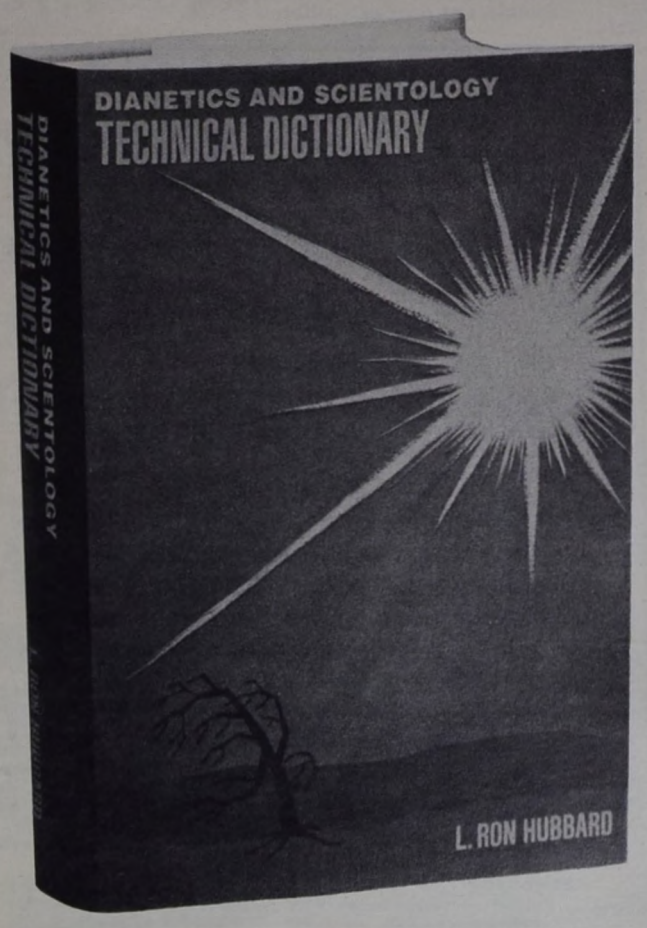

It takes full training to do it. It's been done from our books alone but not always well. It takes tough Academy training to make a Scientologist, so don't go at it half armed.

We are not doctors. We are the world's trouble shooters. When we make a company win, the whole world wins; when we make a neighborhood win, we all win.

A full time Scientologist makes life better wherever he is.

Scientology is the only game on Earth where everybody wins.

So let's help the world win.

# SCIENTOLOGY TRAINING IS FOR EVERYBODY ...not just professional auditors

ROBIN MANOOGIAN (left) keeps her act running well with Scientology training. (DON WOODRUFF and LINDA HANDELMAN are Scientologists too).

### ACTRESS

*For a long time I thought the Briefing Course was only for people who want to be full time auditors. I'm a performer–actress, singer, dancer–what would I do with all that data?*

*Early this year I got together with two friends and started 'The Carnival Company.' We got very busy rehearsing and soon the inevitable upsets arose. I realized as a performer I'm going to be handling a great many people and situations and I'd better get some data so I* can!

*I started the Saint Hill Special Briefing Course and am very glad I did.*

*ROBIN MANOOGIAN, Saint Hill*
*Special Briefing Course student*

### COMPUTER PROGRAMMER

*My computer programming job is a snap thanks to my Scientology training. Learning about auditing has been a big help in understanding why people do aberrated things.*

*My fellow employees and managers are amazed at how I get the most difficult jobs done without the frustrations and failures they often experience.*

*CLINT EULL, Saint Hill*
*Special Briefing Course student*

### EXECUTIVE

*A printing company was acquired by our graphics group in 1968. It had been badly relocated and resources were dwindling.*

*We went in and applied Scientology administrative tech. The company's gross income went from $200,000 in 1969 to over $1,000,000 in 1973.*

*The plant I moved into next had lost over $50,000 in 1973. The people were in apathy and on bright days went up to covert hostility! Productivity was low, products shoddy, the manager hopeless. Within a year and half after I got there the place was booming.*

*The application of Scientology tech is the only way to INSURE attainment of the desired results.*

*ERNI LUTZ*

### FATHER

*One day my daughter Dana (4 years old) was coming down with the sniffles and wasn't as lively as she normally is. I used my training to direct her attention until we discovered what had happened. She immediately brightened up, the cold was gone in a minute and she went on to play feeling great.*

*DENNIS BRAAN, Saint Hill*
*Special Briefing Course student*

### TEACHER

*My students in public school who told me science was their most 'unfavorite subject' the previous years came around to tell me later that now science was fun, and they could see how to apply it.*

*They loved using Ron's study tech and moaned when the bell rang! They wanted to stay in my class longer!*

*DARLENE EGGAN, Saint Hill*
*Special Briefing Course student*

### DANCE INSTRUCTOR

*One evening I was starting to teach a class when a drunk from the bar came over. He was loud and started to get antagonistic and was about to become violent. I said 'You are interrupting my class. Sit down on that chair!' I led him over to the chair and he never said a word the rest of the night. The class stood with dropped jaws while I chuckled and carried on with the class.*

*CRISS LICKERT, Saint Hill*
*Special Briefing Course student*

### WRITER

*I used to 'write my unhappiness out' in poems. Then I became an auditor and also received auditing – and stopped writing.*

*However, listening to Ron's lectures on study I realized if one wants to write, he just writes – not just unhappy or just happy emotions, but really creates something right on the spot.*

*I recalled I had an unfinished cycle on writing a book, so I finished it! It's being evaluated right now at the best publisher in my home town.*

*T.P., Saint Hill*
*Special Briefing Course student*

### NEIGHBOR

*One Friday night I was driving home (I live on a very steep hill). There was an old lady stuck on the hill in her car screaming hysterically. She was in tears and said the breaks weren't working.*

*The only thing wrong was she had the car in neutral. I had her put it in park. I then got her into communication with the car using my training in Scientology. When she was cooled down I had her drive the car around the neighborhood until SHE was doing it. I brought her from total terror up to being able to confront life. Without my training I would not have been able to control the situation and would have just added to the confusion.*

*BOB LITTLER, Saint Hill*
*Special Briefing Course student*

### START NOW IN YOUR LOCAL ACADEMY

Training in Scientology is unique. Previous attempts to understand the mind, the spirit, to improve the conditions of individuals and groups have fallen short of their mark or at best achieved something which couldn't be passed on to others.

After so many ages, it is now possible to enrol in the Academy of any Scientology Organization and know you will learn workable techniques in the field of the mind, the spirit, and the handling of life situations.

This standard technology, thoroughly tested and validated, is the condensed result of more than 37 years of active research by L. Ron Hubbard.

The doors of Scientology Academies are open and have already trained thousands who are now succeeding using what they learned. Only a trained Scientologist is capable of helping another fully regain his own abilities and self-esteem.

# Saint Hill Special Briefing Course

## AUSTRALIAN SURVEYOR

RAY BARTON, Briefing Course Graduate and now a Class VIII student at ASHO, heard of Scientology in Melbourne, Australia in 1958. "At that time the only things I looked forward to were holidays and retirement," he recalls.

After some auditing, he decided to go into business on his own as a fire insurance surveyor. All the "experts" told him it was hopeless as there were no independent fire surveyors in Australia.

Undeterred, he kept on with his new purpose and got trained as an auditor. "Using simple tech, while at the same time understanding more and more about people," he explains, "it was relatively simple to build up trusted connections."

In a few years his business was well established. He was surveying the largest industrial undertakings in every major state in Australia. Soon he was offered a contract as Australian technical representative for the largest insurance brokerage in Britain.

"Now I'm on the new Class VIII Course learning about 100% Standard Tech," says Ray, "and I wish I had done this course five years ago! If you want stability and success in life, Scientology training is the thing to do."

## YOUNG SKIER FINDS PURPOSE

E. J. STEINKE, now a Class VIII Auditor, found Scientology enabled him to expand and start a successful business.

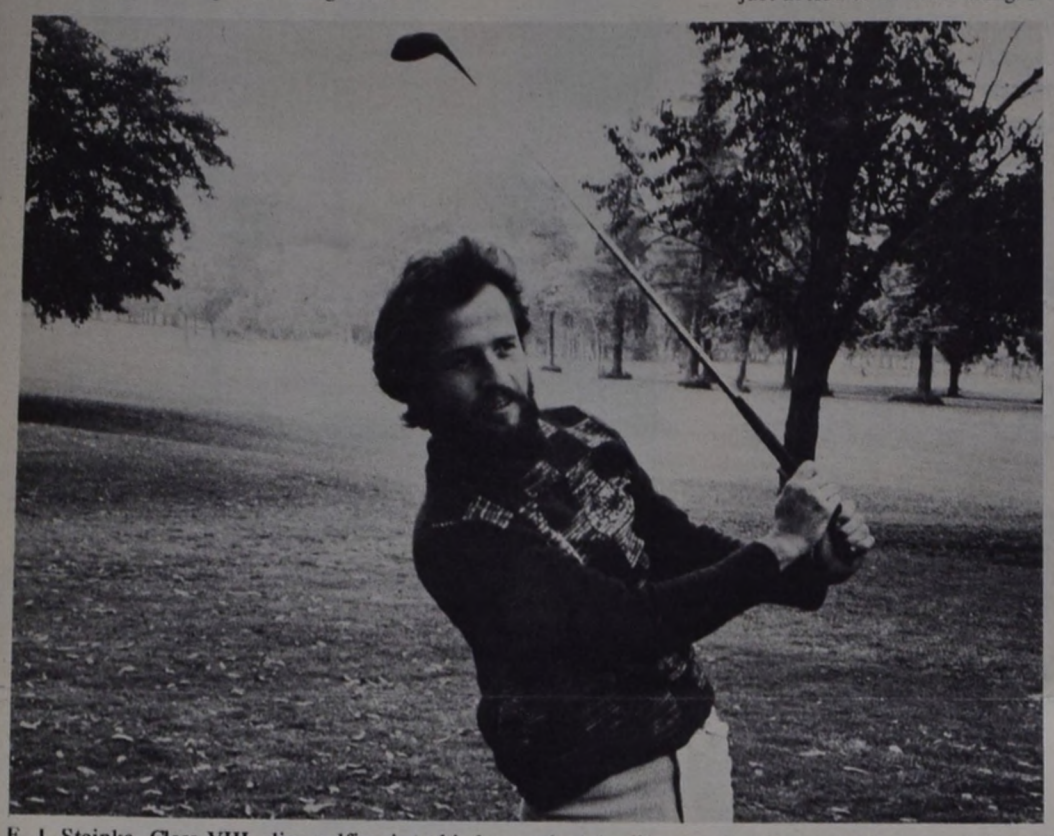

"Before I learned about Scientology, I was what you'd call a ski bum, cruising through life with resort jobs, trying not to get too involved in anything," says E.J.

Then in 1968 Harry Ingraham told him about *Dianetics, Modern Science of Mental Health.* He read it immediately—the first book he'd ever really been interested in. It made sense and next day off went a letter to Saint Hill for brochures.

He bought the Basic Scientology Library in San Francisco and soon took a beginning course. He went out and got a good job with an import company—applying what he learned, he got promoted with several raises.

Later, after he went Clear, he used what training he had so far to start his own business. "I didn't have any money to speak of. Without Scientology I don't think I ever would or could have done it," he comments. But Scientology worked, and the business succeeded.

In 1973 he sold it and came to ASHO to train full time on the Briefing Course and the Class VIII Course. "Scientology enabled me to stop being overwhelmed by life situations and just decide to do some things *I* wanted to do.

E. J. Steinke, Class VIII, slips golfing into his busy schedule. "I enjoy it a lot more since my training," he says. "It's definitely helped my game."

"The Briefing Course is a vast body of knowledge. It gives anyone the opportunity to expand as a person, besides training him to audit," he explains.

Golfing has always been his hobby, and E.J. reports Scientology helped his concentration and improved his game quite a bit.

He describes his later training on the Class VIII Course as intense and exciting. "It really raised my personal level of integrity and responsibility."

Right now he is on a fast-paced nationwide tour for ASHO to answer people's questions about training.

When E.J. returns, he will be furthering his training at ASHO. Then he plans to open his own Scientology Mission.

"I used to try to help people by telling them a joke," he smiles. "That was the only way I knew. Now I know I can be really *effective* at helping someone out."

Trisha Sexsmith, now on the Class VI Internship.

## FASHION DESIGNER TRAINS

Radiant TRISHA SEXSMITH had finished her first year at the International Fine Arts College of Fashion as president of her class, when a friend asked her to a Scientology meeting. The very next day, she and her brother, sister-in-law and a good friend started the Communications Course in Miami!

She went right on with her training and processing until today she is Clear and a Class VI Auditor. "It was when I did my Academy training that I really realized how to handle life," marvels Trisha. She had grown up with very wealthy grandparents, always with other people to handle her problems. "I never could make a decision for myself. After Scientology I found out I *could* make a rational decision on what was right for me and my family."

Trisha has always enjoyed fashion, and ranked in the top five out of 85 models in a fashion show while in college.

"I know if I went into fashion again I would be very successful. Through my Scientology training, I've learned to be thorough in whatever I do, to do it to the best of my ability." But she likes what she's doing now even more, and her goals are much bigger than they were before Scientology. Now on her Class VI Internship at ASHO, she wants to become a flawless auditor and help others.
