THE ORIGIN OF THE GRADE CHART

by L. Ron Hubbard

A Scientologist is trying to make the person better, and that is a *new* idea in the field of the human mind. It is so new and novel that they think we're terrible because we do not electric shock and execute people.

Our situation does not compare with earlier activities, such as psychotherapy, pure duress, medieval torture, police action and other things which have passed for "mental therapy" down through the ages. We're not even in the field of mental therapy; we're trying to make somebody Clear. Clear of what? Clear of his *reactive mind.*

The Reactive Mind

Freud said that man had an "unconscious" or a "reconscious" or something of the sort which was subconscious under the unconscious. He thought there was something there, and it was inhabited by a beast known as the *censor* who kept the fellow from pulling social *faux pas.* And when the censor was asleep or nulled by drugs or something of this sort, why, the fellow would do antisocial actions.

This was the entire explanation of the human mind. And it was all caused by sex.

However, we are actually indebted to Poppa Freud because he did say out loud that there was some kind of a mind that was kicking back on somebody. He didn't really discover the reactive mind – we did.

Clearing somebody is erasing his reactive mind. All that is horrible, bestial and antisocial about a person is actually contained in his reactive mind. But we are not interested in whether a man is horrible, antisocial or bestial. This has nothing to do with auditing. Auditing is is not social criticism. You'll notice nearly all psychotherapies are involved in social criticism. The psychiatrist exists for the "good of society" and to blazes with the patient. That is the way he operates.

Therefore we are into a new field. We are not concerned with "good" or "bad" behavior. I've seen some of the wildest social mishmashes; for instance, if you kill a man, it's "bad" or "good" by definition. If you kill him in war, or because he "deserves" it or because he's a criminal and you're a judge, why, that's "good", but if you kill him one inch outside the statute, that's "bad". So there are "good" things and "bad" things that are both the same thing!

If you want to get into this morass of social behavior, by all means do so, but don't mix it up with Scientology.

Now, we can tell *why* a person conducts himself as he does. I'm glad we can. But we don't care, because there is a certain road out. Scientology is a way; it's the road out, away from reactivity, away from aberration, away from identification of A=A=A. It increases a person's ability and it increases his general performance and existence to a very marked and fantastic degree.

And that road out has certain milestones that you have to pass to get out, and we call these *Grades.*

Grades of Release

If we look at the *Classification, Gradation and Awareness Chart of Levels and Certificates,* there are certain points on this that a person goes up through to get to Clear. And these points have certain definite abilities regained.

It's Grade 0, Communications; Grade 1, Problems; Grade 2, Overts and Withholds; Grade 3, ARC Breaks; Grade 4, Service Facsimiles. Grade 5 (Power Release) is in actual fact a whole track grade, but is the more innocent end of it. It gets the fellow up to where he can confront whole track. Then we've got Grade 6 (Whole Track Release), which is unburdening the reactive mind. And then we get Level 7 (Clearing) which contains the materials necessary to totally erase the reactive mind.

I want to point out to you that it is really not possible to enter this whole problem up in the upper Grades, ignoring the lower Grades. Any catastrophes that you might have on this line would be either because of this, or simply not following standard technology.

Auditing is a very narrow little track, a very, very narrow little track, bounded on both sides and above and below by a complete mass of improper things that can be done. It would be impossible to list the number of wrong things that could be done in auditing. It would be an infinite list. Everytime I think I had it straightened out and nobody could possibly make any additional errors of any kind whatsoever, someone would.

So this track called standard technology is a very very narrow path, and its very easy to stray off of its edges. And one of the ways of straying off its edges is to forget to handle pcs while auditing them. Since many of the ways you handle pcs are contained in the Grades of Release, one could fall into not handling pcs by not using an upper Grade process when it was called for. But you can always run an advanced process on a pc as a *rudiment,* as something to straighten the case out in a hurry. He isn't about to go release on it.

The day you sit down to audit a person to Grade 0 Release, and do not detect or note that he has a present time problem, is a day you will have a lose on a case. The guy isn't going anyplace. You're auditing over the top of a heavy present time problem. The present time problem has got him parked right there.

You say, "Is there anything you'd be willing to talk to me about?"

"Well, I have some problems . . . "

"I'm sorry, I can't talk to you about problems, because problems are up here at Grade 1 and you're only Grade 0, so shut up about that."

Finally, you're running problems and you're grinding on and on about problems and the pc's getting sadder and sadder, and he says, "But you're not answering my communications and you're not acknowledging me and I've been feeling terrible for the last 38 days.

And you say, "Well, yes, but we can't do anything about that because you see Grade 3 is where you handle ARC Breaks so you'll just have to keep your ARC Breaks until we get up to the Grade that it's supposed to be handled at."

Of course, the result of all that silliness would be that the guy is not about to ever get up the Grades.

The Origin of the Chart

Let me tell you something about this chart that you may not know. How did I find this chart? Why is it so dead-on? It's quite a trick – it's made up only of *those things which you can't audit in the face of.* And that is the *genus* of the chart. That is the real reason I found the Grades and where I found the Grades. I isolated them just as crudely as that. I said, "All right, there are certain things that, if you don't pay attention to them, prevent all progress in auditing. Therefore they must be the keys to aberration." And that's where we got the Gradation Chart.

People think it's a Gradation Chart so people will take it by gradient. Well, they are arranged crudely by gradient, but you'd be surprised how long I argued, "Is Overts/Withholds an upper Grade from Problems or a lower Grade?" I finally found out that it must be an upper Grade because a fellow could confront problems and having problems when he couldn't confront having overts, so therefore that was an upper Grade.

Continued on following page.

Internationally famous jazz pianist, CHICK COREA and singer, GAYLE MORAN starred on the famous DIANETICS float at the annual Santa Claus Lane Parade on November 27. The parade was given national television coverage and an estimated 500,000 people lined the streets of Hollywood Boulevard.

The Origin of the Grade Chart, continued from page one

This was the way the thing had to be rationalized. But there it was. In all these years of experience, only these factors had presented themselves as factors that, each one separately or in combination, could totally prevent case gain unless given attention. These are the super-barriers on the track. These are the girders that have fallen down sideways across the Bridge.

If these things are out, the auditor has had it. These are the things that a person cannot possibly audit up against. And these things are Communication, Problems, Overts, ARC Breaks and Service Facsimiles. And when you've moved the fellow up that far as a *release*, then he can confront something of his own life and background and so starts moving out on the whole track and moving into the reactive bank itself.

So the things that you cannot audit in the presence of without handling *are* the Grades on that Gradation Chart. Of course. If they are the things which absolutely stop any pc's progress, then they must be those things which themselves desperately require releasing.

Release and Clear

The making of a Release is very very worthwhile. The fellow has raised his confront, he's being released in a proper sequence, he's getting accustomed to things that have been ruining his life and would ruin anybody's life. Because let me assure you that anything that would stop auditing would ruin somebody's life, because auditing is pretty hard to stop! Even our training drills, our TRs, are themselves intensely valuable therapeutically. I know some people who, every time they feel bad, just go out and do their TRs!

The answer to all this is of course to bring it up to a totality of erasure, and, being a very thorough sort of chap, that's exactly what I did. The answer was to make a total erasure of the reactive bank. Only nobody had ever done it before since the beginning of the universe, so there are a few little tricks involved in it and it takes a little while. And that is Clear. Clear is a stable state.

Whenever an auditor is auditing, there are only certain things that are going to prevent his achievement of success. There aren't eight thousand, nine hundred and sixty-five of them. There is only this little handful. The things you cannot neglect or ignore in auditing, regardless of the Grade of the individual, are communication factors, problems – particularly present time problems, overts, ARC Breaks and service facsimiles – the fact that the guy is getting paid in some fashion or another for his aberration.

A person who is released at one of these Grades is normally much less apt to have this happen, but get that: it's *much less apt* to have this happen. You could key him back in so it will happen. You can throw somebody out of communication. Kick him in the teeth a few times and he won't talk to you; I guarantee it. I don't care what Grade of Release he is.

The Road Out

I hope I've taught you something about the Gradation Chart, and I hope I've taught you something about the road out. You are very rich in having processes which, on a broad general basis, handle these various conditions and make Grade Releases with some thoroughness.

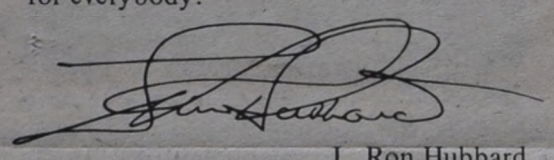

You are dealing with the primary things which barred living, and when I found out that if they were barring auditing they were also barring living, and therefore *were* the route for auditing, and when plotted out *did* make rapid releases, you've got the *genus* of the Grade Chart. Possibly you hadn't realized this before. It's quite a remarkable piece of tech.

As far as auditing is concerned, those are the things that happen to people and therefore *are* the Grades of Release.

Auditing is done in a highly standard way. It is a very narrow, narrow track. It is not a wide track on both sides of the road. It is highly beneficial. It has very definite goals, aims and gains, and when it is barriered, you'll find the only things barriering it are the things which I have mentioned above.

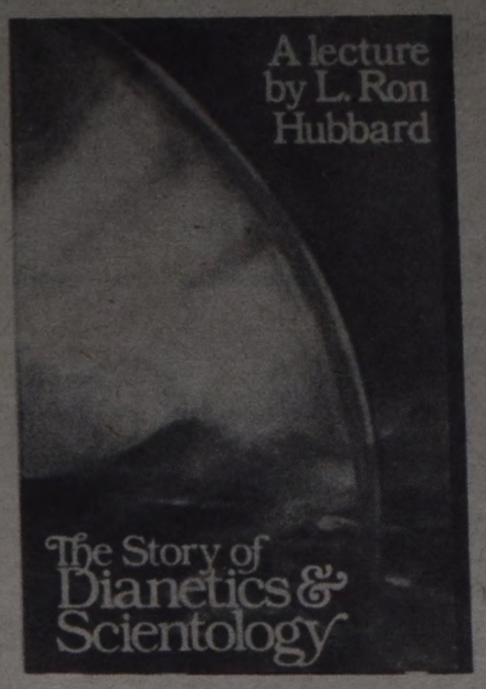

Therefore those things, and going non-standard, are the things which would bar people from becoming Clear. And that's all.

Your own personality added to the technology and moving on through does the rest of the job. *You*, a being, are also part of the lineup, and I count on that. I count on your cooperation as a thetan in pushing it through on a standard line, straight on through to Clear for everybody.

QUAD GRADES ARE BACK!

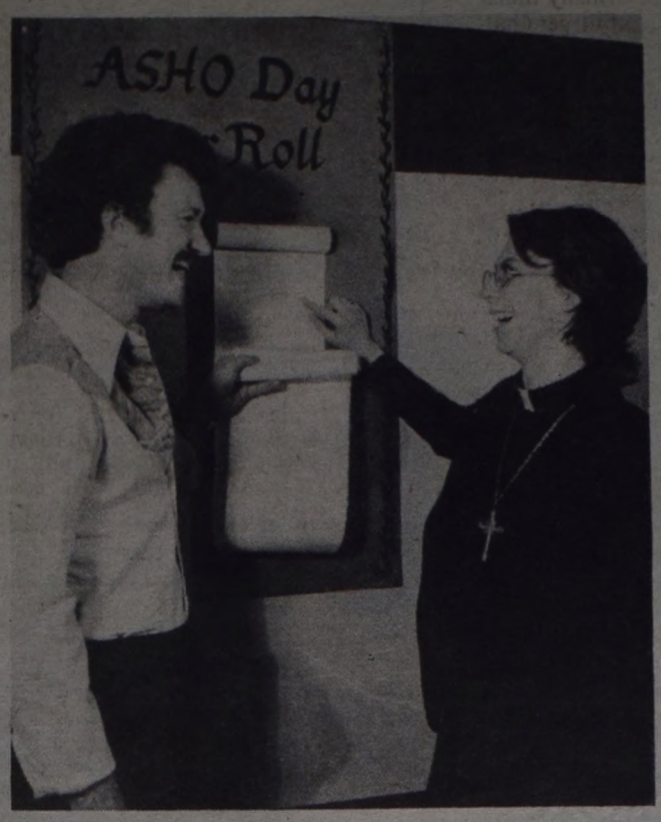

Quad grades have been restored so that you may be able to move up the Bridge to Grade IV and above faster than you might have thought. The full Expanded Grades are NOT a requisite for Power Processing for every preclear, but Quad grades are. Power Processing is Grade V and restores the ability to handle power, to the individual.

The Grades are your personal steps of spiritual progress up the Bridge to higher awareness as discovered by L. Ron Hubbard. Each Grade is a series of processes* delivered by an Auditor (spiritual counsellor) which enables you to look at your own existence and which culminate in an exact ability attained!

There are five different consecutive levels of auditing (spiritual counselling) on the Grades. Grade 0 helps the preclear gain the ability to communicate freely with anyone on any subject. Grade I shows the preclear how to recognize the source of problems and make them vanish. The next step, Grade II, relieves an individual from the hostilities and sufferings of life. On Grade III the person becomes free from the upsets of the past and regains the ability to face what the future holds. Grade IV moves the preclear out of fixed conditions and he starts to gain the ability to do new things that he's never done before.

There are two ways to do the Grades 0-IV, *Expanded Grades* and *Quad Grades*.

Expanded Grades means auditing all the many processes which apply to each of the Grades 0-IV. With Expanded Grades each Grade subject is very thoroughly covered; there are dozens and dozens of different processes on Expanded Grades (which includes Quad Grades).

GEORGE KRIER is congratulated after completing Grade IV, Quad.

Quad Grades means "Quadruple" (four) because there are *four flows* for each Grade Level. A *flow* is directional thought, energy or action. Flow one is *"something happened to self". Flow two is "doing things to others."* Flow three is *"others doing things to others."* Flow Zero is *"self doing something to self."*

Expanded Grades, as mentioned before, are not a requisite for Power but Quad Grades are. Expanded Grades can be done after: Drug Rundown*, Full Dianetics*, Quad Grades, Expanded Dianetics*, and Power (See your registrar for levels after that). In other words they can be done *after* any full completion on any one of the above.

A typical and IDEAL program for a preclear would be (starting from the top)

Sub Grade Handling (Life Repair*, etc.)
Drug Rundown
Full Dianetics Rundown
Quad Grades 0-IV
Expanded Dianetics
Expanded Grades 0-IV
Power
and on up through the Grade Chart.

Expanded Grades can be done:

After Drug Rundown
After Full Dianetics Rundown
After Quad Grades
After Expanded Dianetics
After Power
See your local registrar for levels after that.

The best route for you needs to be determined by a skilled technical person at your Church. Some people must have Expanded Grades to get the full benefits of the Grades, Power and upper levels. Certain people can go on to Power after Quad Grades and get Expanded Grades at a later time. Each person is handled as an individual when it comes to establishing this factor, for the best results. Contact your local Church for more information.

Out in front of ASHO, REED SLATKIN (Right) and a public registrar discuss disseminating Scientology to the public.

ASHO GRADUATE SUCCEEDS AS FIELD AUDITOR

Reed Slatkin, OT 6 Class VI, has been very successful as a field auditor (spiritual counsellor) for 2 years now and he loves it. "Anyone who is active in the FIELD, professionally, is classified as "field auditor." HCOB 26 Oct 56. Reed spends almost seventy-five percent of his day auditing, selling books or generally just promoting Scientology. He travels all over California auditing (spiritual counselling) individuals up the Bridge and is definitely active in supporting Scientology. Besides the technology behind being a field auditor, Reed attributes his success to the strong liaison and backup of ASHO.

Before Reed got in Scientology he went to college and studied Oriental Languages and received a Bachelors Degree in the subject. But through his uncle, Phil Spickler, Reed changed his field of study to Scientology. This was back in 1963 and since then he has trained and been audited in Saint Hill, England and just recently finished his Senior Saint Hill Special Briefing Course and Class VI Internship at ASHO.

Reed feels that the most important part of being a field auditor is that he is helping others get up the Bridge. Reed ensures this by following the exact ethics, technology, and admin* that he has learned in the past 15 years. He said, "There are no shortcuts for being highly trained in standard ethics, technology, and admin."

Class VI Makes New International Record

After only 6 weeks of working with the Independent Order of Foresters, a non-profit fraternal, Benefit Society, Class VI Auditor KURT CHARLES has set an international, first-time-ever record for making the most memberships, and funds of $14,106.44 in his first month on the job.

The Independent Order of Foresters, a brotherhood of families brought together by common purposes, are very excited about Kurt's abilities and wish to hire more Scientologists to increase their numbers.

Kurt first learned about Dianetics in 1950, while working as an electrical engineer. He read a short article by L. Ron Hubbard in Astounding Science Fiction Magazine. He and his fellow engineers were totally fascinated with Dianetics and Kurt quickly formed a Dianetic group in Seattle, Washington of 250 people who met, and audited Dianetics with each others.

Kurt took many training courses on his way to Clear, and he attributes his successes to being able to communicate with people, "I first learned the theory of what communication is, and then I drilled for hours on it's various parts. It's good to be able to use this skill in a field I believe in.", says Kurt. "I have an increased enthusiasm in life, and Scientology training has made it go easy for me" he continued.

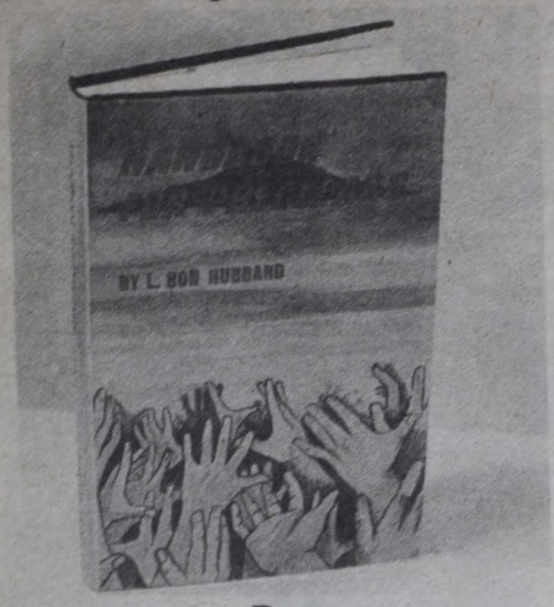

Because of Kurt and other Scientologists who are now working and are in the Independent Order of Foresters, The Independent Order of Foresters have now recognized the benefits of Scientology training as an alternative to a college education.

Kurt plans to start his Class VIII training at ASHO very soon.

KURT CHARLES Class VI, OT VII, explains a special Forester handshake to Scientologist ROD LONG.

YOU CAN WRITE RON

The purpose of the SO No. 1 line as Ron states in HCO PL 9 March 1965 is to:

" . . . Let the public find me so I can put them onto org comm lines and assist procurement and make more certain of the correct delivery of Scientology and Org services."

Ron has continually achieved this purpose since he established this personal comm line to his publics in 1961. He values this personal communication line more than any other single line. So much that on 18 Dec 1961 he published.

STANDING ORDER No. 1 "ALL MAIL ADDRESSED TO ME SHALL BE RECEIVED BY ME."

STANDING ORDER No. 2: "A MESSAGE BOX SHALL BE PLACED IN ALL SCIENTOLOGY ORGANIZATIONS SO THAT ANY MESSAGES FOR ME MAY BE RECEIVED BY ME."

STANDING ORDER No. 3: "ALL HCO PERSONNEL AND SCIENTOLOGY PERSONNEL SHOULD NOT DISCOURAGE COMMUNICATION TO ME."

"I AM ALWAYS WILLING TO HELP."

"BY MY OWN CREED A BEING IS ONLY AS VALUABLE AS HE CAN SERVE OTHERS."

These Standing Orders are so important that Ron insists they are publicly posted in every Scientology Organization around the world as well as appear in all Scientology publications and major promotional pieces. Every Scientology Organization has an area set aside where letters to Ron can be placed and sent to him within 24 hours of placement.

Most important of all is that the SO No. 1 line is Ron's personal comm line to his many friends. And Ron has more Friends than any other single person in the world. He places the highest value on these friendships. Letters containing wins by his friends are his greatest pleasure. He wins right along with them. Those who are having problems or who are involved in some unpleasant situation and are asking for Ron's help or advice, always receive his full attention. He stands by every friend until his friend is winning and moving up the Bridge again. Ron is *never* too busy to help anyone. Ron is your greatest friend.

Join the "Briefing Course" Club now! Become one of the hundreds of Scientologists who have already arrived at ASHO to start the expanded Saint Hill Special Briefing Course.

The "Briefing Course" Club is a club open to all Scientologists who want to come to ASHO in 1978 to do the Saint Hill Special Briefing Course. The club's target is to have 2,000 students on the Briefing Course by December 31, 1978!

Right now the Saint Hill Special Briefing Course is the most thorough and comprehensive course ever in the history of Scientology! It's the training route to Clear and OT, recommended by Ron! The Briefing Course has been overhauled so that it gives you all the data on becoming a real professional auditor. Ron takes you step by step, through the time track of Dianetics and Scientology. The material, over 400 taped lectures, books and bulletins, are brought together in the sequence that they were issued. You can see and encounter the progress and changes of 30 years of research by Ron and experience the feeling of going up the grade chart yourself!

The Briefing Course now contains seventy-five, previously confidential, tapes on Clear and OT. It also includes hundreds of pages of technical data, from the HCOB volumes (1950-1966), never seen on this course before. The practical section of this course cleans up any areas that you are weak on and makes *you* into a superb auditor.

ASHO will soon be moving into it's new quarters. The new building has five times the course space as the current facility, and even extra expansion space for when that fills up. There are also enough supervisors trained up to handle and deliver standard supervision.

So plan on being at ASHO this year as one of the 2,000 Briefing Course Students. You don't have to be an auditor now to join. Just postulate your arrival here on the Briefing Course at ASHO before December 31, 1978.

Fill out and send in the application form below. You will then be sent your free membership button and get your name in THE AUDITOR! You are also eligible to buy the unique "Briefing Course Club" T-Shirt.
