APPLYING THE PHILOSOPHY

by L. RON HUBBARD

WE live in a machine world. The whole yap of TV and newspapers is directed toward reducing effort. The primary goal of the civilization in which we live, it seems, is to reduce all personal effort to zero.

The less effort a being can confront, the more effect of effort he becomes.

If you reduce a man's effort output to zero you will also collapse his bank* on him.

The modern trend of 'don't do' accompanies the modern trend of an increased percentage of the insane in the society.

The crazier a person is, the less he accomplishes or does.

So we live in a world which is oriented to drive men mad.

But, more pertinent to us, we suffer from the continuous bait – 'do it the EASY way'. 'Do it the way that will demand the least effort.'

It isn't magic or luck that makes the professional. It's hard-won know-how **carefully applied**.

A true professional may do things pretty easily from all appearances, but he is actually taking care with each little bit that it is just right.

The winner has it instinctively. The loser rarely even grasps the concept of 'do it right'.

It's gotten so bad that people are shrugging off all responsibility for the State, for their friends, for anything and everything. 'Nothing has anything to do with anybody' is the epitaph that nobody will take the trouble to write on the tombstone of this civilization.

The best way is only THE MORE EFFECTIVE WAY.

There is no totally easy way to produce a desirable effect.

WHO'S TRYING TO MAKE YOU A PROFESSIONAL?

This then is your answer to "But why take a course? I don't want to be a professional." You say, "But my dear fellow, who's trying to make you a professional? We just know you won't succeed in using Scientology unless you can audit."

Many people "want to know about Scientology but don't want to be an auditor you know . . ."

You'll have to break that attitude. Honestly, how can a person use Scientology who can't audit? How can an executive use it in his business, if he hasn't been trained? Well, he can't. That's the reality you must put across.

Don't say, "If you want a happy home, get audited." For that may or may not be true. There may be so much messy environment and so little auditing time that there's no win. Say instead the bald truth as you and I know it, "If you want a better environment, become an auditor!"

Introducing
THE HUBBARD PROFESSIONAL MARK VI

Everything you need as an Auditor

The Mark VI is an engineering breakthrough. It is possibly the most sensitive device in the world today. Even the most subtle reads come through with crystal clarity. This feature alone makes the Mark VI a truly OT Meter, the meter for the auditor who cares, who abhors retreads. And it's the preclear's choice!

Mark VI Features:

The Mark VI is a super-improved meter. The meter movement itself is a hitherto-unknown one, the first real improvement in meter movement since 1962. And it has a built-in digital clock and digital Tone Arm counter. It tells you more — with less effort.

"A lot of time was spent in developing the new Mark VI E-Meter," says Ron in **Ron's Journal 30.** *"It was needed as OTs were going off the top of the Mark V. This beautiful and far more sensitive meter will be available to general auditors . . . from Pubs Orgs. The Mark V will continue to be valid and sold as it's a good meter and less expensive. The Mark VI is just a Rolls Royce."*

The Mark VI shell is unique, made of injection-moulded high-impact ABS plastic, easily cleaned with a damp cloth. Tone Arm knob and dial have been specially recessed so you can audit without a meter-shield, and the shell is completely dustproof internally. *What is more, it comes in five different colours* — Peacock Blue, Corral Sand (beige), Parakeet Aqua (light green), Silver Shadow (grey), and Golden Brown! The accessories all match, as does the sturdy, lockable carrying case, lined with foam, which is included in the cost! The Mark VI has a flip-out leg-stand that eliminates fumbling with lid or clasps and, like the meter, is fitted with a small non-skid pad. The leads come out of the **left** hand side, so they do not get in the way!

PLACE YOUR ORDER NOW FOR YOUR MARK VI, IN THE COLOUR OF YOUR CHOICE!

Your Mark VI E Meter will be sent to you as soon as it becomes available. Send £437.00 (or, with International Membership discount, £393.30) to the Bookstore Officer, Saint Hill Manor, East Grinstead, West Sussex, England. Both prices include tax.

The Hubbard E-Meter is a religious artifact developed for the exclusive use of ordained Ministers and theological students who are trained for its use in Church ministrations. It is not intended for and is forbidden by the Church to be used in any medical or physical treatment or the diagnosis, treatment or prevention of any disease. By itself it does nothing and is strictly to be employed for medical or scientific purposes. Its purpose is to assist the minister to locate in his parishioner areas of travail so that he can assist in the relief of spiritual suffering. The existence and use of the E-Meter is sanctioned by law and the copying of it or attempts by unqualified persons, doctors, scientists, psychologists or psychiatrists to obtain or use one are actionable under law in the United States. To obtain an E-Meter one must be a sincerely enrolled student of the Church of Scientology or a fully qualified minister of the Church and must undertake to become wholly skilled in its purpose and use. No other persons are permitted to have E-Meters. The Church permits the E-Meter to be sold, possessed, or owned only under these conditions.

A PRECISE TECHNOLOGY

The Interned Auditor is the true professional; he takes care that he applies the Tech just right, and, as Ron says, an Auditor becomes an Auditor **only by auditing**. Of course it takes a little more time, a little more effort, but look at the results!

Here at Saint Hill there is a standard Interneships section supervised by a highly-trained Interne Training Officer whose job it is to see that you, and your preclears, have the wins that are yours when you **apply** Ron's Standard Tech exactly.

The well-trained Supervisor is there to help unbug any Interne, and he has a good knowledge of his subject.

And it's to the Interneship that Auditors come to improve their skills, and gain absolute certainty in applying the materials they have learned.

Says the Saint Hill Interne Supervisor: *"Internes here become flubless, professional auditors."* Their TRs, metering and general ability are proven with the use of videos, tapes, and high-volume auditing hours. When they leave the Interneship, they're competent and confident.

THE FORMULA

Getting the correct technology ***applied*** consists of:

One: Having the correct technology.

Two: Knowing the technology.

Three: Knowing it is correct.

Four: Teaching correctly the correct technology.

Five: **APPLYING THE TECHNOLOGY**

Six: Seeing that the technology is ***correctly applied.***

Seven: Hammering out of existence incorrect technology.

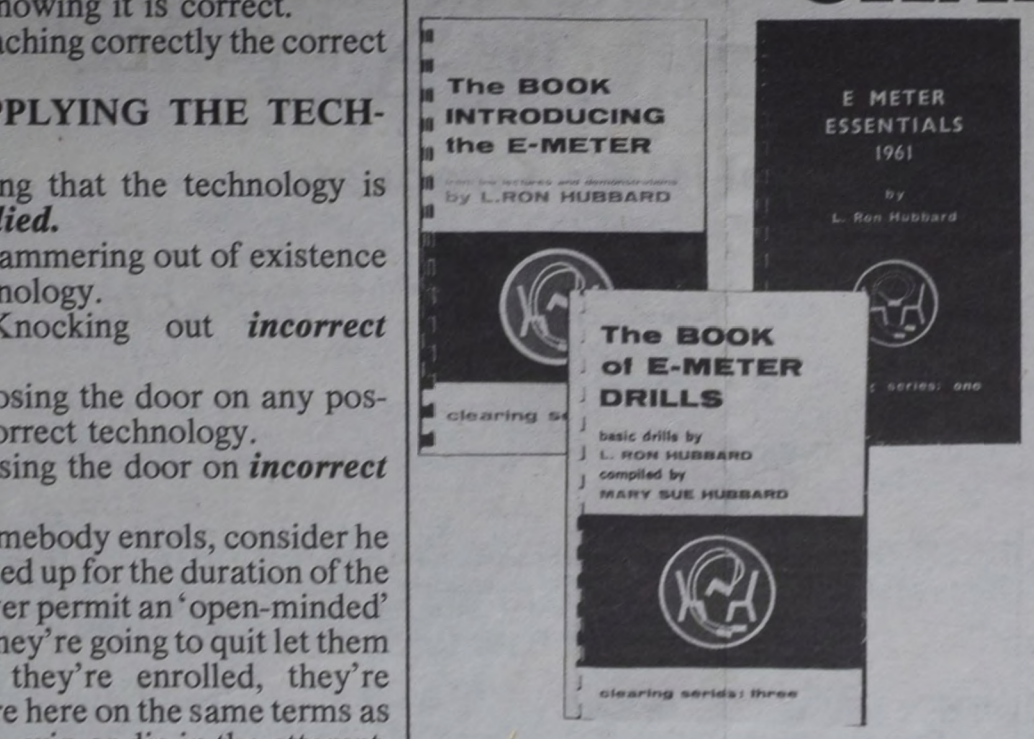

Eight: Knocking out ***incorrect application***.

Nine: Closing the door on any possibility of incorrect technology.

Ten: Closing the door on ***incorrect application***.

When somebody enrols, consider he or she has joined up for the duration of the universe – never permit an 'open-minded' approach. If they're going to quit let them quit fast. If they're enrolled, they're aboard, they're here on the same terms as the rest of us – win or die in the attempt.

When we DO instruct somebody properly he becomes more and more tiger. When we instruct half-mindedly and are afraid to offend, scared to enforce, we don't make students into good Scientologists and that lets everybody down.

BETTERING ONE'S SKILLS

BY L.RON HUBBARD

"Only the best is good enough" at Saint Hill, and Ron states that the following attestations have to be signed off by the Interne Supervisor before an Interne can get Permanent Classification on, for example, the Class IV Interneship, (scheduled to take three weeks full time).

"a) The auditor is fully familiar with and totally relaxed about metering and can make a prepared list read on a preclear.
b) This auditor has made magnetic recording tapes of his own auditing of preclears at this level.
c) This auditor has listened to and fully noted the rhythm, quality and presence of LRH model Auditing Tapes.
d) This auditor has compared how he sounds auditing his present level and how LRH sounds auditing, as an aid to developing his own natural, good TRs.
e) This auditor has done TRs long and hard to get his own natural TRs, auditor presence and impingement to an excellent quality.
f) This auditor has made a new tape of his sessions and his errors are no longer present. The tape shows good presence and ability to keep the pc in session, interested in his own case and willing to talk to the auditor.
g) This auditor is so familiar and relaxed about his auditing presence that he can audit without strain or nervousness.
h) Taped session General TRs passed.
i) Taped session Assessment TRs passed.
j) This auditor has successfully audited pcs on processes in the style of each of the Levels 0 – IV; and has audited at least one pc from Grades 0 – IV, with the EP* of each Grade attained and excellent success stories.
k) This auditor has completed Objectives on pcs to excellent exam reports.
l) This auditor has successfully done Confessional auditing on pcs to very good results.
m)This auditor has successfully done Prepchecking to excellent exam reports.
n) This auditor has demonstrated his ability to use the LIC* to very good results.
o) This auditor has done Two Way Comm on pcs to very good results.
p) This auditor has successfully completed Rehab actions.
q) This auditor has demonstrated his knowledge of and competence in Listing & Nulling by producing consistent flubless L & N sessions to excellent exam reports.
r) This auditor has repaired Listing & Nulling actions using the L4BRA* to excellent exam reports.
s) This auditor has delivered metered PTS* interviews to very good results.
t) This auditor is capable of eight hours day in the chair with excellent results on all his pcs by exam reports."

The Qualifications Secretary then attests that "this auditor's pcs are delighted with his auditing and their gains.", and the Case Supervisor attests "This auditor has my unequivocal OK to graduate this level and is a flubless auditor."

NEWS FROM ARO

TERRY VAN HEUSEN is having wins on his NED Interneship

INTERNE STRESSES APPLICATION

TERRY VAN HEUSEN is now Full OT VII and a Class VIII Auditor, Saint Hill trained, and says that he wouldn't want to be without the abilities and the OT viewpoint of life he has regained through his studies in Dianetics(R) and Scientology. He is now on his NEW ERA DIANETICS Interneship.

"When I first came into Scientology 12 years ago in New York," he says, "I couldn't hold any job longer than six months, had a business of my own which was not doing well, and had debts that seemed huge. I felt unhappy, unable, and totally withdrawn. But a Comm Course costing $5.00 changed all that so fast that I was amazed!

"Then I read DIANETICS: THE MODERN SCIENCE OF MENTAL HEALTH and I KNEW I wanted to be an Auditor . . . so I learned how to deliver Scientology to people.

"I saw them change before my very eyes. Making another person happy, healthy, and able to *live* is the best thing I can think of doing; and it gave me a tremendous feeling of worth and purpose! To be an Auditor, and help others like myself, really is the most rewarding experience.

OPERA SINGER

JULIA MIGENES, stage star from New York, OT VI, and Dianetics auditor, who has been working in West Germany. She first became a Scientologist in 1965, while she was playing in the Musical, ANATEVKA, on Broadway. Julia has long been in the limelight; she attended a school for gifted children, embarked on her theatrical career with LEONARD BERNSTEIN, took part in a concert at the Carnegie Hall, starred in WEST SIDE STORY on Broadway, went into Opera. Her advice? 'Read Scientology books! Do a Comm Course and continue from there. And then have auditing. *Training comes first.'*

STEVE REDPATH lends a hand with the carpentry in Saint Hill HGC's new folder room.

SHSBC CHANGED HIS OUTLOOK

Class IV STEVE REDPATH, Dianetic Clear, student of the SAINT HILL SPECIAL BRIEFING COURSE, "was pulled in off the street to do a Personality Test, in Plymouth," and that was the beginning of his Scientology career! "I didn't know the answers to why I was existing in this Universe," he explains, "and I didn't know how it got here.

Steve feels that although he was quite successful before becoming a Scientologist, he was bored with pursuing mest goals. "I really appreciate my training and auditing," he says, "because it improves things all the time. And I've had some really good wins as an Auditor. Once I audited a girl who was blind in one eye and her eyesight came back, and another time, when a person had dislocated his knee and the bone was sticking out of the side of his leg, it went back into place after a few minutes of auditing.

"My training has given me confidence and a willingness to handle people, making it natural for me to be in charge.

Steve explained why he chose to do the SHSBC:

"I found, after I had done the Academy Levels, that I could audit quite well, but now there were many things Istill didn't understand about the mind, nor how to handle the more difficult case. The BRIEFING COURSE changed all this: from all the books but, most important of all, from the hundreds of tapes, you discover a whole new vista of existence as a being and as an Auditor."

Steve hopes to be doing the CLASS VI INTERNESHIP in the coming year so that he can get his Permanent Class VI Certificate.

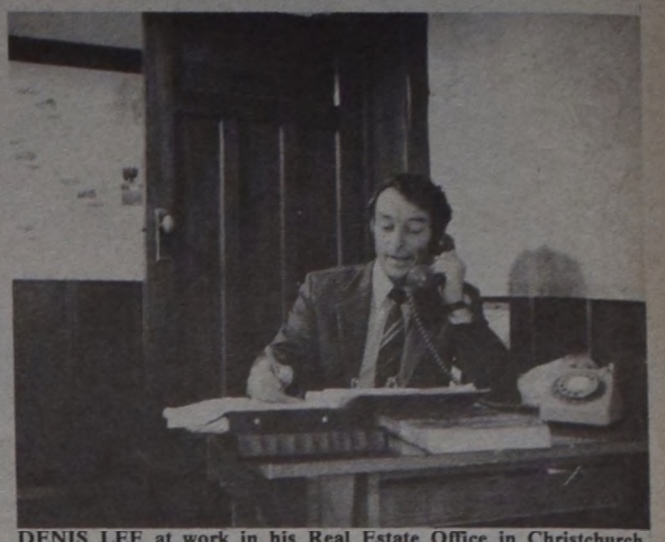

"Interneships are a must for a professional Auditor," he states, "because it's there you audit hundreds of hours on many varying cases and actions under highly-trained C/Ses. I think the main thing that has changed in me since I got trained in Scientology is the huge difference in my self-confidence and certainty in everything I do. The Interneships round off the process."

MUSICIAN DOES INTERNESHIP IN LONDON

". . . one particular aspect of the Musician's Course that I found most appealing was the interneship," says well-known London drummer ALLAN EASSON. "On this, one was required to put the theory fully into practice – which, after all, is the essence of Scientology training. Playing a drum solo in front of the other students in the Academy at London org. was certainly a good test of whether or not I'd learned the data.

"Fortunately, even in such unlikely surroundings, it was a great success!"

DENIS LEE at work in his Real Estate Office in Christchurch, New Zealand.

TECH WIN

SAINT HILL SPECIAL BRIEFING COURSE Graduate PEGGY LEE, OT I, and her husband DENIS, of Sumner, Christchurch, New Zealand, did some book auditing from DIANETICS: THE MODERN SCIENCE OF MENTAL HEALTH, in 1959. They found it worked, too. The search was over!

Peggy, soon to complete her NEW ERA DIANETICS COURSE, graduated the SHSBC in 1967 and was Clear by the end of the same year. She has had a distinguished career, working as an auditor, helping Denis with his business, kindergarten teaching and doing FSM work. And now she is writing a book, *Marjorie Miles: A History of High Fashion in New Zealand*. She had a huge win recently, and says it was all possible because of the application of Ron's Tech.

"I inherited the contents of a warehouse," she explains. "My relatives had had an import–export business in high-fashion garments in the '30s, and now the stuff, thought by my lawyer to be 'a load of old rubbish', was lying round in packing cases.

"I shipped it all from Dunedin and organized the salvaging of those 600 garments – made of fabulous stuffs, chiffons, satins, velvets, before the days of mass production . . . helped by BESSIE BEASLEY and MARGEY PEARCE. We worked all day and most of the night for months, and bloomed!

"Then we staged the ONCE IN A LIFETIME FASHION SHOW at the most elegant venue we could find . . . the public loved, it, the media went to town, and we all made thousands. Letters poured in, people flocked to my house. It was wonderful to be at cause and winning . . . and all through knowing and using Ron's Tech."

DENIS, Class IV, OEC Graduate, OT III, has his own Real Estate business. Like Peggy, he will soon be doing NED FOR OTs, but he emphasizes the value of training.

"Get all the training you can," he says; "it pushes your effectiveness further on all the Dynamics and creates an environment you can survive in. Having the desire to help without the ability to do so is very frustrating, so train, and **use** it in every situation. **It doesn't work if it's not used!"**

Peggy and Denis have a 17-year old son, SIMON, who is also training to be an Auditor at the Auckland Organization.

Bright Idea on Wheels

This picture, taken by MICHAEL CARR III (Clear No. 8963) shows ROBERT MILLER, NEW ERA DIANETICS student, and MICHAEL FERRUZZA, student on the Method One Word Clearing Course, both at New York Org. The truck belongs to Bob, and RICK ALEXANDER, SAINT HILL SPECIAL BRIEFING COURSE STUDENT. They have Issue Authority to use it for promotion and the truck travels throughout the New York area, covering over 500 miles of territory a week, along the major roads and highways. Although it's primarily used for the trucking business, the truck also carries Ron's books and more than 25 DMSMHs have been sold from it, countless numbers of people have seen it, and many of them have been selected for services.

UND THE WORLD

Scientology wins reflect expansion

DAVID, pupil SUSAN STAYNE, and VIRGINIA go over a detail.

USING RON's DATA BRINGS SUCCESS

DAVID and VIRGINIA KAUFMAN, well-known on both sides of the Atlantic through their singing schools, attribute their success to the application of Ron's technology both to their business and to their daily lives. Active FSMs, they route many artistes through onto Org lines – 16 people in three weeks to London Org recently, for example! They are continuing to expand at a rapid rate, and are now establishing their third school.

David, OT III, FEBC, Class VI, on AO lines at Saint Hill, first came into Scientology through KNOX MARTIN, famous abstract painter in New York. "No other roads but Scientology led anywhere," he says, "and when you are living in a chaotic society, sanity draws you like a magnet."

"When I first met LRH personally, at a 1962 Congress in New York, I had a million and one things to say to him," David relates, "but as I walked across the room towards him, every single one of them was received, understood and acknowledged so that by the time I reached him, all I had to do was to shake his hand and say thank you. My ambition is to create a safe space for people, like that."

Although David at first studied to be a rabbi, he also did much theatre work and his main interest was always in the vocal field, an interest which he advanced while working with Etienne Decroux, teacher of famous mimes Marcel Marceau and Jean-Louis Barrault.

Virginia, OT II, NED Course Student at Saint Hill, came into Scientology when she realised there had to be a way out. Postulating firmly that she would find this way, she left her executive job on the LA TIMES and went to San Francisco; and there, lo and behold, her neighbour was Scientologist and FSM, LUIS NUNEZ! She met David in 1977.

Virginia has found from Scientology, she says, that communicating to a being and not his bank produces fantastic results and that the more ethical and pan-determined a being is, the more fun life is!

RON BIGGS has been auditing on OT III at the Advanced Organization. Well known to many from the days when he was Editor of the AUDITOR at Saint Hill, he is a Founding Scientologist. He first became interested in the subject when he read EVOLUTION OF A SCIENCE in *Astounding Science Fiction* while he was still at school; then he 'accidentally' met up with Scientology again eleven years later in London and did the Old HPA Course! He attested Dianetic Clear soon after Ron's bulletin came out last year.
Ron is a fully interned Dianetic auditor and finds the experience invaluable on his OT levels.

NEW ERA DIANETICS

"After just six hours of NEW ERA DIANETICS," writes GARY CLARK, "my attitude towards auditing, Scientology and life has changed completely.

"I am Grade IV, have had a great many hours of processing in the past, and my wins have been fantastic. But NEW ERA DIANETICS can only be described as *something else* altogether. The ultimate promise of Scientology has previously eluded me – it was like chasing butterflies without a net. That's all gone now and I *know* that it can all be handled.

"Ron's claim of 80% more gains is an understatement – you can't *measure* the difference so far as I'm concerned. It's DIFFERENT, it's BETTER, it's just AMAZING. This is the promise of technical delivery totally fulfilled, and working right here at 68 Tottenham Court Road. It is sheer applied genius – the type of which only Ron and good auditors can put there."

RICHARD ALLAN BOBROWICZ

I have waited a long time for today. I now know I've erased the Reactive Mind for good and it feels fantastic to be at last on the other side of the Bridge. I'm seeing the world in a new light and from a new viewpoint and feel totally myself at last. Thanks to all my auditors who have done a fantastic job and to Ron, without whose tech this would never have been possible.

'PUBS MEXICO' DOES IT AGAIN!

Those truly incredible Mexicans were complaining last December because they were finding it hard to expand when they had only five full-time and two part-time staff members. THEY SOLD 50,000 BOOKS LAST YEAR. That represents about 7,000 per head . . .

RICARDO GARCIA, SERGIO LAN and FELIPE GIL had just returned from South America where, through the medium of Seminars, they had taken Ron's tech to Venezuela, Peru, Colombia and Ecuador. ROBERTO GARCIA OLIVARES was about to leave for his NED FOR OTs at Flag. He wrote to the AUDITOR 'with his highest ARC — for a Clear planet.'

Let's join in that postulate. Ron's new tech breakthroughs have put our goal within reach!

The artists of the Hubbard Dianetic Institute in Milan received warm applause and thanks for the beautiful show they put on for the old people of Novarra. The show was also televised across the country!

VIVA ROMA!

The Dianetic Institute in Milan has opened a City Office in ROME!! They started operations in December at Via Filippo Turati 68, 00185 Rome, Italy, under the direction of VALENTINO CARTURO.

SAINT HILL NEWS

RON'S BIRTHDAY was celebrated by an enthusiastic crowd of 500 at Effingham Park on 11th March. The LRH Communicator, Saint Hill Foundation, read Ron's birthday message, the CO Saint Hill Foundation unveiled the new Mark VI E-Meter, and the DG PR UK and her great team told of the GO's spectacular wins, illustrated with lively skits. The DG UK then cut Ron's birthday cake – which was covered with candles – and the audience joined in toasting Ron's health for the coming year.

"Ron's Bridge to a New World" was the theme for the beautiful backdrop, executed with tremendous skill by FRANKIE ROBINSON, NORMAN LEWIS, JUNE NEALE and ROD EWING.

PORT ELIZABETH

PORT ELIZABETH has four Dianetic Clears! They are RALPH HANCOCK, BRUNO BISCHOFF, KEITH CRAIG and MADELEINE PERELSON. They also have two NEW ERA DIANETICS INTERNES – RALPH HANCOCK AND JENNY ROUX.

And, once again, Scientologists in the Port Elizabeth area are busy participating keenly in community activities; WENDY BOWMAN, in addition to her valuable C/Sing contribution at the Org, and assisted by FLICK GALPIN and many other Scientology parents and children as well as non-Scientologists, is putting on another theatrical show that promises to be and even bigger success than last year's and JULIA and GEORGE GALPIN, who have young sons, have been taking part in a national Boyscout Jamboree.

WENDY and her husband ALAN, JULIA and GEORGE, all did their SPECIAL BRIEFING COURSE here at Saint Hill, and their OT Levels. JULIA is now on the NED Course at PEL.

STUTTGART: LECTURES ATTRACT HUNDREDS

HANS KAESER, Full OT VII (Saint Hill UK) and Dianetic auditor, is proving out his OT abilities in the lecture room. So popular are his talks that he now goes touring regularly by invitation and the room is always packed. "I found that a great percentage of new public came in after hearing me lecture," he says proudly. What's the secret? Ron's Tech, and the way it is delivered in Hans' special style.

Hans has been elected PR and Promotion chief for the OT Conventions in West Germany.

HANS KAESER in action! His audiences are spellbound.

DEAR PARENT OR TEACHER,

I would like to inform you about our education groups.

Did you know that since 1974 Education groups have been working around the planet to improve education and decrease illiteracy in our educational systems?

The courses in the Education groups have been a tremendous success with children and parents throughout the world.

Between 1974 and 1979 children have made great improvements in their ability to concentrate and study, as many tests have proven again and again.

These courses, containing data by L. Ron Hubbard, have been upgraded continuously and we can now proudly present flawless basic course material.

Your children can now study these courses at home and there are simple instructions that will enable you to help your child study.

Try it. The effects you can create are far bigger than you expect.

love

Hans

POET'S CORNER

Far beyond these shadowed hills
Where Man weeps gently at his lot
Is life resplendent, ever calling –
Man, of course, can see it not.

There are some who've walked the road
To only gambol in a glade
The tangled forest is about
And Man still lies, near death, betrayed.

But there are some, a glorious few
Who know wherein their duty lies
One must give thanks to all of You
Who'll pull Man up until he flies.

Man no more need stumble on
His dismal role to play
The Gates to Life are open now –
Let's help him on his way!

Letters to the Editor

Dear Editor,

I've just received, and read from cover to cover AUDITORs 148 and 149. As you probably know, I've been working here in West Germany since I left Saint Hill last year. No doubt the going has been rough at times, but I also had a lot of wins applying what I've learned up to Class VIII!

Reading these two AUDITOR mags has really revitalized my purposes: to bring lots of people into Scientology and up the Bridge to Clear and Full OT. I'm really thrilled with the new breakthroughs Ron has made – NED FOR OTs and OT VIII – I'll come next month to Saint Hill to get it!

Your 'Operation Link Up' is a fabulous idea! It really seems lonely out here at times. So anything of the content of this letter you may publish as you wish or see fit.

I really enjoyed reading all the names of the people who went Dianetic Clear and Clear and OT etc., because I myself audited many of them, or C/Sed their folders! I made a Dianetic Clear myself last August; he has now attested and has already done the Solo Course. I have many pcs to audit here – three more Clears in the works! There are also over 20 students on course – more auditors to help Clear the planet.

Lots of love,

TERRY VAN HEUSEN.

See page 4 for Terry's story now he's back at Saint Hill! – Ed.

Dear Editor,

Thanks to everyone who attended 'A Theta Nova' Seminar in January. We do hope you enjoyed it as much as we did and gained something of value from the experience. If you want to contribute to the next Theta Nova Seminar in early July please contact us on 01.998.0753.

It would help swell attendance if everyone attending were to bring along five friends or family each. Scientologists and non-Scientologists alike are all welcome!

Tickets will be £13.00 until July and £15.00 at the door. Org and Mission staff tickets are £5.00.

Thanks again for your support . . . let's get this off to a high roar so we can have our Arts & Music Mission Workshop!

Highest ARC,

JOHN HARRY and ANJI WATSON and STEWART SOLLOFF.

FOCUS ON SUCCESS

SHERRI RABEY wrote, on her graduation as a level VI, Senior SHSBC Graduate:
"Well, I've done it! There've been a lot of changes here. The data is beautiful and it's a very sane, stable feeling to be so connected up with L. Ron Hubbard.

"This knowlege is something I'll never lose. Now I can go out and really do an effective job of handling and helping people in life.

"I feel great!

"Thanks RON and all others who helped me along the way."

LES FLETCHER said, after finishing the Saint Hill Special Briefing Course, Level V:
"This section took longer than the other parts, having the largest number of tapes, so it is quite an achievement to have completed it! I enjoyed it immensely – tremendous data which is now all falling into place.

"I am looking forward now to starting on Level VI, the final plateau."

Wrote STEPHEN DAVIES on completion of the Wordclearing Coaudit Section of Level VI:
"It was a real pleasure to study this delightfully clear and simple Tech that I had actually never formally studied before.

"I have been doing Method One Wordclearing on a preclear and have had tremendous pleasure doing it.

"Wordclearing is really important if we are to keep the Tech pure and this course is really really important for every auditor to do."

NITA LOW, Cape Town, NEW ERA DIANETICS Internship

To put it briefly, it's like LRH says in the Student Hat(c) tape on Training & Duplication. I have gained the ability to understand what is going on in a session and to operate with judgement so as to do the right thing about it. This judgement – as I've learnt whilst interning – comes from duplication of what the pc is saying. Being there, and communicating, is understanding. Making it your data and being totally self-determined about it, you develop the ability to realize and perceive what is happening with the pc in front of you.

I'm working towards the stage where I shall audit always by realization, by comprehension and by exercising judgement, as Ron wants us to do. That is what the NED Interneship has done for me. My thanks to all who helped, and mostly to Ron of course.

NEW ERA DIANETICS
"After just six hours of NEW ERA DIANETICS," writes GARY CLARK, "my attitude towards auditing, Scientology and life has changed completely.

"I am Grade IV, have had a great many hours of processing in the past, and my wins have been fantastic. But NEW ERA DIANETICS can only be described as *something else* altogether. The ultimate promise of Scientology has previously eluded me – it was like chasing butterflies without a net. That's all gone now and I *know* that it can all be handled.

"Ron's claim of 80% more gains is an understatement – you can't *measure* the difference so far as I'm concerned. It's DIFFERENT, it's BETTER, it's just AMAZING. This is the promise of technical delivery totally fulfilled, and working right here at 68 Tottenham Court Road. It is sheer applied genius – the type of which only Ron and good auditors can put there."
