Dianetics, The Modern Science of Mental Health

DIANETICS: ITS BACKGROUND

by L. Ron Hubbard

The world before Dianetics had never known a precision mental science.

Man has used mental knowledge in the past mainly for control, politics and propaganda.

The word "psychology" in the popular usage is synonymous with "getting around" somebody.

In the thousands of years before 1950 there were many philosophers and much knowledge was gathered in the field of logic, mathematics, electronics and the material sciences.

However, due to ideologies and political conflicts, little of this prior knowledge was ever applied to the field of the human mind.

The scientific idea of regarding as a truth only that which could be demonstrated with a result was never really applied to the mind.

"Researchers" in this field were not fully trained in mathematics, the scientific methods or logic. They were interested mainly in their own private ideas and in political Targets.

As an example, the only "schools" of psychology taught or followed in the West were Russian and East German.

The primary school was that of Ivan Petrovitch Pavlov (1849-1936) a veterinarian. Every school child and university student was required to study Pavlov in one disguise or another. The burden of Pavlov's work is that man is an animal and only works through "conditioning". The Western nations overlooked the fact that this work had already destroyed several countries including Czarist Russia, that Stalin had made Pavlov write up his work in the Kremlin in 1928 in order to permit the control of men. Using the mental studies of an enemy is a very dangerous thing to do.

The West at that time was run by only the "very best people" and possibly it pleased them greatly to think that the masses they controlled were only animals after all. That this also made them animals did not occur to them.

Billions of dollars were appropriated by parliaments and congress to subsidize men to "better control" their animals.

These men had no idea of healing anyone or helping anyone. Riots and civil disorder were the only product they achieved.

Dianetics was released straight into the teeth of these heavily subsidized Barons of the Mind with their "it takes 12 years to make a psychiatrist" and "authority states" and "any effort to interrupt this monopoly must be stamped out at once".

Psychology and psychiatry were *state* (government) subjects, pushed by the "very best people".

They could not make their way on their own because they were contrary to the public morals and customs. The public actually wanted *nothing* to do with them.

In mental institutions torture, permanent damage and death were the order of the day, on the basis that it did not matter if one killed people as they were just animals anyway.

So the public was on the side of Dianetics (and later Scientology) and the governments were on the side of the "very best people".

Press, controlled by governments and intelligence services and the "very best people", lied endlessly about Dianetics (and Scientology).

Dianetics, a new valid mental science, was pitted against Russian and Eastern European teachings.

Dianetics is not only the first mental science developed in the West, it is the first mental science on the planet that uniformly produces beneficial results.

Man is being subjected to fantastic and violent efforts to lure or crush him into docility. This is the obvious end product of Russian and Eastern European technologies now heavily financed and supported, unwittingly, by Western governments.

Man's response to this is riots and civil disorder in the universities, unions and streets. Man does not accurately trace the source of his oppression. He is violently worried.

The government response has been more millions to psychologists and psychiatrists to develop new means of control and oppression. What has not worked in the past is not likely to work in the present or the future.

Czarist Russia, the entire Balkans, Poland, Germany and many more Eastern European countries have already perished trying to use the work of Pavlov, Wundt and others. The entire West, having "bought" the same governing ideas, is now in turmoil and is perishing in its turn.

Dianetics refuses to be a revolutionary activity. It does not have to be. All it has as a mission is to get itself *applied*.

The basic building block of a society is the individual. From individuals groups are built. And this is the society. No society is better than its basic building blocks.

Men are *not* animals.

Well men are sane men.

Dianetics, if applied to individuals in the society, brings hope, well and sane beings.

These well and sane beings, sent on to Scientology, then become brilliant and very able beings.

We are evolving Man to a higher state.

In this state he can better handle his problems.

Dianetics, The Original Thesis

By L. Ron Hubbard

Here is your chance to travel back in time by the written page and share the exitement of Ron's very first explanation of Dianetics!

Produced originally for the medical and psychiatric societies of the day, this manuscript was written in early 1948 by L. Ron Hubbard to outline for these old-time practitioners his findings on the basic causes of human behaviour and to detail proven methods he had developed for fully resolving mental aberration and psychosomatic illness.

The manuscript was put out in carbon-copy form and was soon considered so valuable that it was copied and recopied by doctors and others throughout the United States and passed from hand to hand to be read. Called "Abnormal Dianetics" at that time, the writings brought forth many letters from medical and psychiatric readers, but due to skepticism or shortsightedness, only a relative few of the more enlightened ones gave sufficient attention to it. Observing this state of mind, Ron instead turned his efforts to reaching the broad public directly with his breakthrough discoveries.

In later years, as the movement of Dianetics took the vast general public by storm and rapidly grew to mamouth proportions, there was such a demand by Dianeticists for this text to be made available to all that the first hard-cover edition of *The Original Thesis* was published in December, 1951, in Wichita, Kansas.

The work contains a scholarly statement of the Primary Axioms of Dianetics, the Character of Engrams, the Tone Scale, and the famous Laws of Returning, among other of it's writings. Never before or since have these timeless principles basic to living been more clearly or more simply stated.

Reading this book is vital to gaining a basic understanding of the subject that has for years been freeing people of their upsets, misery, suppression and agony.

We are not trying to overthrow anyone. We are not revolting against anyone. In truth we can even make the fancied "very best people" into actual very best people.

Dianetics was first conceived in 1930 and the developments of 39 years have gone into producing Standard Dianetics.

Dianetics: The Original Thesis was published in 1949 in manuscript form. It was copied in various ways, hand to hand across the world. *Dianetics: The Evolution of a Science* was published in late 1949. *Dianetics: The Modern Science of Mental Health* was published May 9, 1950 and has since sold millions of copies.

In the early '50's new discoveries concerning the spirit brought us into Scientology.

But Dianetics was never lost sight of and every little while I would push it further ahead toward a fast, easy, 100% workability.

The present release of Standard Dianetics is a near final product.

If done exactly, it produces good, permanent results in only a few hours of auditing.

One can train a Dianetic auditor in Standard Dianetics in from 10 days to a month at the most, with an average of about 2 weeks.

These are very, very worthwhile advances and *Standard* Dianetics is almost as great a breakthrough in 1969 as the Original Thesis in 1949. Hundreds of thousands of hours of search and research have gone into it.

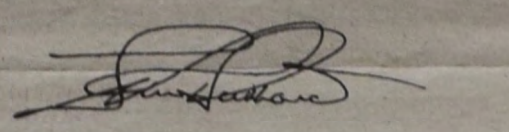

Dianetics has progressed from the pre-Dianetic period of *no* science of the mind, to the existence of a real *science* of the mind, to a fast accurate science simpler than any other scientific subject and of more value to Man.

All this advance has been very hardly won, without government billions, in the teeth of avalanches of lies and opposition.

The subjct owes no allegiance to anyone but itself. It has no commitments to anyone. It has no politics. It belongs to those who use it.

It is the only game in the universe where everyone wins.

Let's keep it that way.

Dianetic & Scientology Definitions

ACADEMY In Scientology the academy is that department of the Technical Division in which courses and training are delivered; Department 11, Division 4.
ADMIN a contraction or shortening of the word administration. Admin is used as a noun to denote the actions involved in administrating an organization. Also used to denote the action or fact of keeping auditor's reports, summary reports, worksheets and other records related to an auditing session.
ASHO American Saint Hill Organization.
ACC Advanced Clinical Course.
AUDITING The application of Scientology processes and procedures to someone by a trained auditor.
AUDITOR One who has been trained in the technology of Scientology. An auditor applies standard technology to preclears. One who listens and computes; a Scientology practitioner.
BANK A colloquial name for the reactive mind. This is what the procedures of Scientology are devoted to disposing of, for it is only a burden to an individual and he is much better off without it.
BASIC The first experience recorded in mental image pictures of that type of pain, sensation, discomfort, etc. Every chain has its basic. It is a pecularity and a fact that when one gets down to the basic on a chain, (a) it erases and (b) the whole chain vanishes for good. Basic is simply earliest.
BRIDGE The — A term organization in early Dianetic days to symbolize travel from unknowingness to revelation. The route to clear, the Bridge, which we call the Classification, Gradation and Awareness Chart.
CASE The way a person responds to the world around him by reason of his aberrations.
CHAIN A series of incidents of similar nature or similar subject matter.
CHECKSHEET A list of materials, often divided into sections, that give the theory and practical steps which, when completed, give one a study completion. The items are selected to add up to the required knowledge of the subject. They are arranged in the sequence necessary to a gradient of increasing knowledge on the subject. After each item there is a place for the initial of the student or the person checking the student. When the checksheet is fully initialed, it is complete, meaning the student may now take an exam and be granted the award for completion. Some checksheets are required to be gone through twice before completion is granted.
CLASS Refers to the level of Classification of an auditor.
CLASSIFICATION, GRADATION AND AWARENESS CHART the route to Clear, the Bridge. On the right side of the chart there are various steps called the states of release. The left-hand side of the chart describes the very important steps of training on which one gains the knowledge and abilities necessary to deliver the grades of release to another. It is a guide for the individual from the point where he first becomes dimly aware of a Scientologist or Scientology and shows him how and where he should move up in order to make it. Scientology contains the entire map for getting the individual through all the various points on this gradation scale and for getting him across the Bridge to a higher state of existence.
COGNITION a new realization of life. It results in a higher degree of awareness and consequently a greater ability to succeed with one's endeavours in life.
COG Cognition.
CLEAR A Clear is a being who can be at cause knowingly and at will over mental matter, energy, space and time, as regards the First Dynamic (survival for self).
CO-AUDIT Co-Auditing. An abbreviation for co-operative auditing. It means a team of two people who are using Dianetics or Scientology processes to help each other reach a better life.
C/S Case Supervisor.
DIANETICS Man's most advanced school of the mind. From the Greek *dia*, through, and *nous*, soul, thus "through soul" or "through thought."
DIANETIC CLEAR The State of Dianetic Clear means the pc has erased his Dianetic case or mental image pictures; he has attained the ability to be at cause over mental matter, energy, space and time on the first dynamic.
DRUG RUNDOWN A series of auditing actions designed to free a person of the attitudes, emotions, sensations and pains that caused or accompanied his use of drugs.
DYNAMICS The dynamics are the urge to survive expressed through eight divisions (1) self, (2) sex, and the future generation, (3) the group, (4) mankind, (5) life, (6) Matter, Energy, Space, Time, (7) theta, (8) the Supreme Being.
ENGRAM A mental image picture which is a recording of a time of physical pain and unconsciousness. It must by definition have impact or injury as part of its content.
FAST FLOW Means the student attests his theory or practical class when he believes he has covered the materials and can do it. There is no examination.
FIRST DYNAMIC The urge toward survival of self.
FLOATING NEEDLE A floating needle is a rhythmic sweep of the dial at a slow, even pace of the needle. (See E-Meter Essentials by L. Ron Hubbard for further information. Available from local Scientology Bookstores).
F/N Floating needle or free needle.
F/NING AUDITOR An auditor who is auditing well could be said to be F/Ning the whole time.
FSM Field Staff Members, they are missionaries who disseminate Scientology, sell books, courses, and counseling services, and introduce people to the Church. They often support themselves in the field by receiving ten per cent payment from their local Scientology organization on the donations paid by those they select for Scientology services.
GRADE A series of processes culminating in an exact ability attained, examined, and attested to by the pc.
GRADIENT Something that starts out simple and gets more and more complex. The essence of a gradient is just being able to do a little bit more and a little bit more and a little bit more until you finally make the grade.
GRADE IV RELEASE Ability Release. Moving out of fixed conditions and gaining abilities to do new things.
HAS COURSE A course in elementary communication and control. Consists of training drills on communication and to put the student at cause over the environment. There are no prerequisites. The graduate is awarded the certificate of Hubbard Apprentice Scientologist.
INTERNSHIP Serving a period as an interne, or an activity offered by a Church of Scientology by which experience can be gained. The apprenticeship of an auditor is done as a Scientology Church interne. A course graduate becomes an auditor by auditing. That means lots of auditing.
KNOW TO MYSTERY SCALE The scale of affinity from knowingness down through lookingness, emotingness, effortingness, thinkingness, symbolizingness, eatingness, sexingness and so through to notknowingness-mystery. The know-to-sex scale was the earlier version of this scale.
METHOD ONE WORD CLEARING the action taken to clean up all misunderstoods in every subject one has studied. It is done by a word clearing auditor. The result of a properly done Method One Word Clearing is the recovery of one's education.
N.E.D. Abbreviation for New Era Dianetics.
O.T. (Operating Thetan): A Clear who has been familiarized with his environment to a point of total cause over matter, energy, space, time and thought, and who is not in a body.

PC Preclear.
POSTULATE A conclusion, decision or resolution made by the individual himself; to conclude, decide or resolve a problem or to set a pattern for the future or to nullify a pattern of the past.
PRECLEAR A spiritual being who is now on the road to becoming clear, hence preclear. One who is discovering things about himself and who is becoming clearer.
PRE-O.T. A thetan beyond the state of Clear, who, through the Advance Courses, is advancing to the full state of operating thetan.

PROCESSING See Auditing.
PTS Potential Trouble Source. Somebody who is connected with an SP who is invalidating him, his beingness, his processing, his life. Means Potential Trouble Source which itself means a person connected to a suppressive person. All sick persons are PTS. All pc's who roller-coaster (regularly lose gains) are PTS. Suppressive persons are themselves PTS to themselves.
RELEASE A release purely and simply is a person who has obtained results in processing and has a reality on the fact that he has attained those results. That severely is the definition of a release.
R3R Routine 3 Revised. Designation for the principal process of Standard Dianetics; technique for running engrams.
REACTIVE MIND (See article by L. Ron Hubbard on page 3 this issue).
RUN Undergo processing, run out; erase.
RUNDOWN (R/D) a series of specific auditing actions done on a case designed to produce a specific result.

(Taken from the Latin word SCIO - knowing in the fullest sense of the word, and the Greek word LOGOS - to study.)
SEA ORG Sea Organization. A fraternal organization existing within the formalized structure of the Churches of Scientology. It consists of highly dedicated members of the Church. These members take vows of eternal service. The Sea Organization life style of community living is traditional to religious orders.
SOLO COURSE While this is a *course*, it is a prerequisite to the auditing levels to follow, as they are all "Solo" auditing levels, in that the person does the auditing himself. This course trains one how to solo audit.
STUDENT HAT Trains one on how to study successfully and how to resolve study difficulties before they defeat one's willingness to study. This course is vital for the study of Scientology courses and would be of great benefit to any student.
SUPPRESSIVE PERSONS Those who are destructively antisocial.
THETA is thought, life force, *elan vital*, the spirit, the soul, or any other of the numerous definitions and it has had for some thousands of years.
THETAN The personality and beingness which actually is the individual and is aware of being aware and is ordinarily and normally the "person" and who the individual thinks he is. The thetan is immortal and is possessed of capabilities well in excess of those hitherto predicted for man.
TONE ARM Meter control level on the E-Meter. (See page 9 of this issue for photo and information on the E-Meter. Also read E-Meter Essentials by L. Ron Hubbard available from Scientology book stores.)
TONE SCALE A gradation of the various factors of behaviour, thought, emotion, communication and many other factors plotted on a precise scale of levels of survival potential.
TRACK The time track — the endless record, complete with fifty-two perceptions of the pc's entire past.

THE STATE OF CLEAR

by L. Ron Hubbard

A Clear is a being who can be at cause knowingly and at will over mental matter, energy, space and time, as regards the First Dynamic (survival for self).

For more than 2,500 years, Man has dreamed of this goal.

Being Clear gives one the freedom and potential of being. Further, it makes it possible to continue being something. It is a stable state. Also, a Scientology Clear has experience.

The source of aberration is the Reactive Mind, and the source of the Reactive Mind is the Being himself. An uncleared person is making himself unknowing and unwilling effect, of his own Reactive Mind.

A Reactive Mind is an unknowing, unwanted series of aberrated computations which bring about an effect on the individual and those around him. It is also an obsessive strata of unknown, unseen, uninspected data, which is forcing solutions, unknown and unsuspected, on the individual. It is a sub-awareness activity. That is, below the knowing awareness of an individual.

The Reactive Mind opposes the Thetan. Now, the way you handle the Reactive Mind is simply to increase the Thetan's awareness. By increasing his awareness, he becomes aware of this thing and so it's now under inspection, and as he goes along, he can then handle it and it's under his control and ceases to be reactive, no matter what's in it.

There is no such thing as a crazy Thetan. There is a Thetan who is mocking up craziness that he is the effect of. He does this automatically, and does not know he is doing it. He does not see the things which are affecting him.

A Clear, then, is no longer the effect of the automaticities of the Reactive Mind on the First Dynamic.

Because of pleasurable experience in the past and inherent sensitivity, there will be differences amongst Clears, and Clears should not be assumed automatically to be a standardized middleground, that pale goal of past doctrines.

Rationality, as divorced from aberration, can be studied only in a Cleared person. It is the aberrations of the uncleared individual which give him the appearance of irrationality. Irrationality is simply the inability to get right answers from data.

Now, in view of the fact that the mind does more than its share of pinning somebody inside a body, there are no conditions imposed on him. Clear he can more easily become exterior.

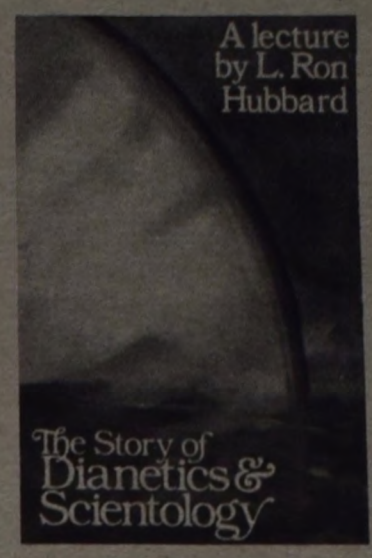

A Clear doesn't have to be in a body or out of a body; there are no conditions imposed on him. He is just at cause over mental matter, energy, space and time on the First Dynamic, or as regards his own survival.

Life is quite an adversary and the Reactive Mind is quite an adversary. You shouldn't ever undervaluate these things, and therefore, you can't really overvalue the state of Clear. It has never been achieved before.

IMPORTANT NOTICE

In Hubbard Communications Office Bulletin of November 29, 1978, Case supervisor Series 104 entitled DIANETIC CLEAR ATTESTS, L. Ron Hubbard states:

"I have found some very interesting case phenomena being resolved since past Dianetic Clears are attesting to the state.

"Some of the manifestations of some of the cases who were audited past Dianetic Clear (unrecognized and unattested to) are:

(a) Manifesting PTSness and illnesses until the state was acknowledged and attested to.

(b) Appearing to be no case gain, out-ethics cases.

(c) Not moving up the Bridge but remaining "parked" at some point. (They have many "reasons" for this.)

(d) Becoming inactive as a Scientologist.

"In the cases mentioned above, you will almost always find that the condition started at a certain point in the pc's auditing (or in his last life, as a pc). If you do a thorough folder study and interview the pc you will find that he went Dianetic Clear just prior to the case going awry. (Or, by interview, you might find he went Dianetic Clear in his last life.) (Note: One percent have track dates when they went Clear.)"

WHAT TO DO?

If you are a preclear and feel this may apply to you, immediately notify your Registrar at the American Saint Hill Organization who will arrange for you to get this thoroughly handled. ASHO service is FAST and EFFICIENT. You will need yourself and your pc folders at ASHO.

It can be adjudicated whether a person has attained this state, and if so, the state can be usually completely rehabilited and attested to in a 5 hour rehabilitation, or 12 ½ hour intensive of auditing. Donation for 5 hours of auditing is $926.60, and for 12 ½ hours, $2,316.45.

Dianetics: The Evolution of a Science

By L. Ron Hubbard

Written by L. Ron Hubbard as a book-length feature for the May 1950 issue of Astounding Science Fiction, this publication is the fast-moving story of how Ron brought Dianetics into existence.

Presenting the mind as a problem analagous to computing machinery, Ron then resolves the most fundamental problems of research and, in a racy, breathless style, goes flat out to resolve basic human difficulties. This book is exciting and easy reading, written with brilliance and enthusiasm, and is actually in itself a breakdown of how problems should be solved.

First appearing on the newstands in late April it received a startlingly immediate and wide response from scientists, engineers and the general public, and triggered an avalanche of orders for and interest in Dianetics: The Modern Science of Mental Health.

Dianetics: The Evolution of a Science was published in the U.S. in soft-cover book edition in September 1955. 112 pages. Now available in hard-cover with modern dust jacket.

DIANETICS in 1950: the breakthrough year

How a Bestseller was Born

In the years before 1950, L. Ron Hubbard as a writer had become very well known in science fiction circles. In those days the royalties he earned from his writing went to support his independent researches into the field of the mind.

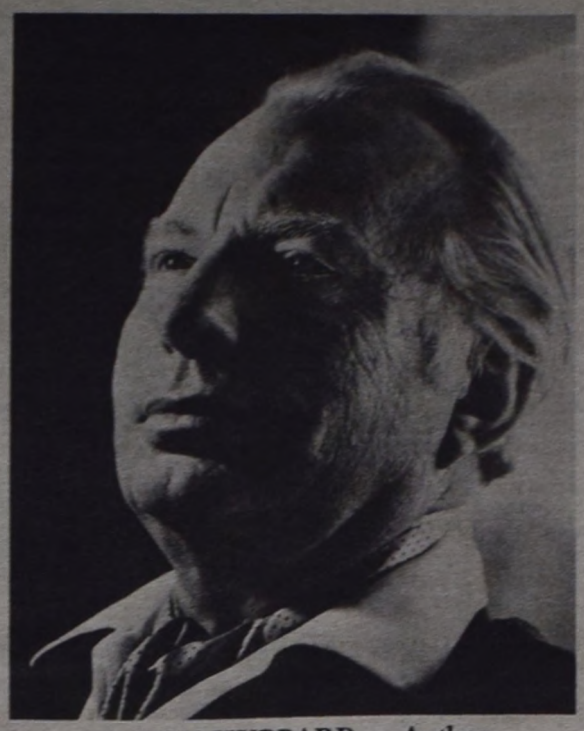

By 1949, word had spread around among forward-thinking scientists that L. Ron Hubbard was really onto something. In 1950, Hermitage House publishers viewed the new subject with a fleeting skepticism that quickly turned to fascination when they discovered that Dianetic techniques were astonishingly effective! Hermitage House now offered to print a book for the broad public – but only if L. Ron Hubbard could deliver an immediate manuscript.

The author's dream to have a calm three-years to write a textbook evaporated and the editor got his manuscript – 180,000 words – just six weeks later. The book was published and put on sale May 9th, 1950 without any fanfare.

Just prior to publication of the book a feature article, "Dianetics, The Evolution of a Science" appeared in the May issue of Astounding Science Fiction magazine, along with an ad announcing the availability of the new book from Hermitage House. Strangely enough this magazine was read by practically every engineer and university professor in America, and was the one journal which uniformaly reached all American universities. Many of its writers were engineers of note. When L. Ron Hubbard's article appeared in the magazine in late April of 1950, it received an immediate and wide response from scientists, engineers and the general public, and triggered an avalanche of orders for and interest in the soon-to-be-released book, ***Dianetics, The Modern Science of Mental Health.***

The publishers expected to sell at best 6,000 copies of the new book, but suddenly ***Dianetics, The Modern Science of Mental Health*** took off like a skyrocket and began to sell 1,000 copies a day – and the explosion was on!

Bookstore owners who were active in 1950 remember what a high turnover there was on the first book. One bookseller who handled it reported that there was such a steep demand for ***Dianetics, The Modern Science of Mental Health*** that copies of this bestseller were "salted away" under his counter for special customers until new shipments of the book could arrive from the publishers!

L. RON HUBBARD — Author

Carl Jardine,who was the Executive Officer of a Navy ship in Norfolk, Virginia when he first read about Dianetics in Astounding Sci Fi recalls, "I haunted the book stores waiting for the book to come out. We were in Philadelphia when it was released and I made sure that every officer on the ship got a copy."

The electrifying popularity of the book startled the literary and scientific world, and Dianetics became a household word as millions talked about it, tried it and got their friends to try it. Over 25,000 letters, telegrams, and phone calls from all over the world poured into the publishers congratulating the brilliant author, L. Ron Hubbard.

The furor continued to grow and by the Fall, 150,000 copies of ***Dianetics, The Modern Science of Mental Health*** in hardback had been sold.

The National Association of College Stores reported Dianetics as its "number one" non-fiction seller among 2,500,000 students in the months of June, July and August.

Meanwhile, multitudes of people were asking L. Ron Hubbard for training in the new subject. Overnight 750 non-professional Dianetics clubs and groups sprang up, and eventually the first Dianetic Foundation was formed; it offered training and student enrollments swelled immediately. With seemingly endless energy, L. Ron Hubbard kept a schedule that would have challenged a dozen men, writing, doing demonstrations, answering mountains of correspondence and often commuting between the East and West coasts of the United States.

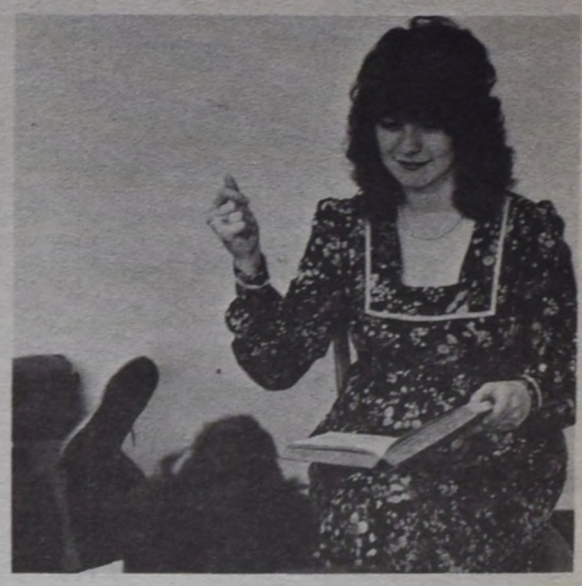

By 1952, the subject had expanded through continued application and research and finally evolved into Scientology (which means "the study of knowledge") and which dealt extensively with the Spiritual aspects and potentials of Man. In 1954, the movement, because of its strong Sprirtual emphasis was incorporated into a Church and became an applied religious philosophy. Many advanced techniques which improved the spiritual nature and condition of individuals were researched and developed by L. Ron Hubbard. But over the years he has continuously refined the subject of Dianetics, which is now officially the branch of Scientology that deals with mental anatomy.

L. Ron Hubbard has recently issued a much more workable version of Dianetics called New Era Dianetics. But, as Ron says, ***"The basics and fundamentals are stated early in the period of development and have not changed . . . things that were true early in the subjects are still true."***

So to understand the truth about the mind, the basic book to read remains this all time bestseller, ***Dianetics, The Modern Science of Mental Health.***

The Book Auditor

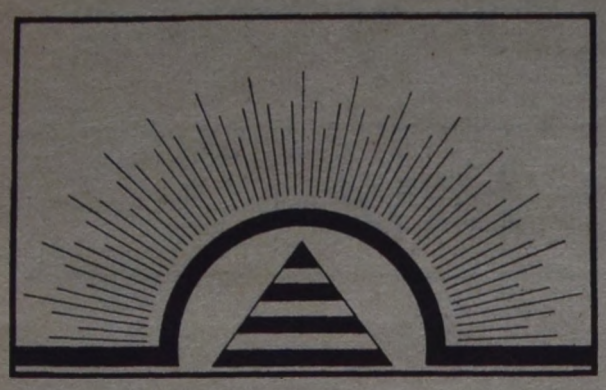

The Early days of Dianetics saw the emergence of the Book Auditor. These were people with the initative and willingness to put Dianetics to use after just reading the book Dianetics, The Modern Science of Mental Health. There were no formal training courses in those earliest days, and Book Auditors were born from those hearty beings who could skillfully duplicate the technology of L. Ron Hubbard as he laid it out in this first book on Dianetics. Those pioneer Dianetic Auditors who applied the technology of Dianetics from the book exactly, with nothing altered or added, achieved miraculous results. Ron had proven over and over that Dianetics worked. It was only a question of getting people to work Dianetics, and many did so admirably.

Pictured above is Mary Lynn Haberman, Dianetic Clear and Class VI Auditor, and a recent graduate of the New Era Dianetics Course and Internship at ASHO. She is demonstrating how it was using the "finger snapping" techniques in early Dianetics while holding a First Edition copy of Dianetics, The Modern Science of Mental Health for a reference as many of the early Book Auditors had done.

The Book Auditors made a vital contribution to the growth of Dianetics. They were truly a new breed and provided a major advance for the whole of Mankind.

NEW ERA

The word ERA is defined in the dictionary as *"an age in history; historical period distinguished by certain important or significant happenings . . . a period of time starting from an important or significant happening."*

The discoveries that L. Ron Hubbard has recently made truly establish a new Era of technical effectiveness. Floods of Clears are appearing each day now, and the major goal of a Cleared planet Earth looks immensely nearer and more real than ever.

New Era Dianetics is the biggest single breakthrough since Dianetics, The Modern Science of Mental Health.

What follows are excerpts from L. Ron Hubbard's personal introduction to the magnificent new technology he has given us called New Era Dianetics.

A group of Dianetic Clears on the steps of the American Saint Hill Organization enjoying a lunch break and each other's company in the warm California sun. From left to right (front) are Mona Fells from Phoenix, Sally Hamaji from San Francisco, Ann O'Hare from Denver. In the rear are Curtis Jones from St. Louis, Barry Wellman from Detroit, Phil Tunison from Denver, Lynn Fountain from Greensboro, N.C. and Marian McPhee from Detroit.

NEW ERA DIANETICS

By L. Ron Hubbard

It is my pleasure to offer you a new and much more workable version of Dianetics.

It is called NEW ERA DIANETICS.

Dianetics in its early days produced quite a few miracles and many, many well and happy pcs.

As time went on it underwent many refinements and changes and also, unfortunately, suffered the loss of a lot of its Tech.

So recently I overhauled it extensively.

The course checksheet of basic NEW ERA DIANETICS is much shorter.

The hours of auditing that can be done in NEW ERA DIANETICS are greatly extended with higher results for every hour!

NEW ERA DIANETICS is more precise.

It does *not* supplant Scientology, no way.

It makes the trained Dianetic auditor more valuable.

It achieves, in skilled hands, anything older Dianetics ever sought to achieve.

New Era Dianetics is a summary and refinement of Dianetics based upon 30 years of experience in the application of the subject.

In that 30 years I have found much that could improve results if properly applied.

And in that 30 years, many issues have been written by others that were a bit altered and some materials have been lost. New Era Dianetics corrects these points.

Also, recently, I have done additional research and have come up with a few breakthroughs.

In 1950, I said we should build a better bridge.

Well, in 1978, here is a better Dianetics section of the bridge.

Old timers in Dianetics will only approve these upgrades. There is no invalidation of what they know already to be true. But there are refinements about which they are jumping with joy.

New Era Dianetics is even more acceptable, even more workable.

I did this review to move Dianetics back into the "miracles as usual" band and the student studying it and the auditor practicing it will find that if he follows its precision drills with precision he will be able to handle life and the spirit as never before.

DIANETIC CLEAR SUCCESS STORIES

I feel fantastic about attesting to Dianetic Clear. I needed and wanted the state thoroughly validated and it feels great to get that validation! I had certainty in my own universe of this ability and now this has expanded to others which really makes it real. Congratulations to me!

PATRICIA K. PON

Thanks Ron! I now know for myself what the state of Clear is like. It's everything promised and some surprises too. It's wonderful, wonderful.

Every person who in some large or small way helped me to reach the state of clear must know how important their contribution counts. When you're clear yourself (or if you are) you will know how important it is.

I want you to know that I love you for it.
Thanks again Ron!
Much Love

BILL JOHNSON

Words are only symbols for reality and are to that extent untrue. But of all the words in the English language, the one that comes closest to defining this state is the word clear. I feel so clean and transparent that if you looked through me you could see a hundred miles. The thought that this state is stable is almost too much to bear. Thanks to Ron and my auditor and all the staff at ASHO. I will be eternally grateful.

FLOYD L. TWEDE

A major goal has been attained here today — "Clear". I am having continuous cognitions. It feels great to have certainty about being at cause and know it isn't going to disappear! I am ready to really expand on the dynamics and get the planet together!

GARY MORTON

I feel real good about attesting to Dianetic Clear. To me, it's a relief. I'm relieved! I feel better knowing why I was having problems with my past Dianetic auditing. And basically, I just feel like myself, which ain't bad and like having the state validated! It feels good.

SUE MUCKLER

Attaining the state of clear has given me a whole new perspective on life. I feel I can clearly see cause and effect and can place myself at cause whenever I wish. The altitude I have gained on situations and problems that may occur gives me the ability to be at cause, to create my own effects, avoid reasonableness, and keep my space clear!

DAVID KUTNER

I just attested to Dianetic Clear and it feels terrific to have attained this state. I really feel at cause over my own life and am ready to continue on the OT levels. Thanks to Ron, my auditors, C/S's and everyone involved who helped me get up the bridge.

ARC,

HOWARD ALDEN

When I was younger I recall having moments when I was at peace with the Universe. I was always alone when this occurred and in a forest or by a stream. Now the feeling is there all the time. Thanks, Ron, for making the condition permanent.

Much Love and Admiration,

BILL GRAHAM

Wow! I haven't felt this good in many many years. It is there — and there is a new world to be had. The new era is dawning and I can't think that there could possibly be any place to be — but there being a part of that dawning. My deepest thanks to Ron and all else that made this possible. It's great!

HARRY LEE WILSON.

Today I attested to a state I have sought for many, many years. The actual gain and awareness came a while back but I've been enjoying the results none-the-less.

After handling a few lingering masses, etc., I'm back operating again at peak capacity.

I wish to thank ASHO, who I feel is operating at a state of the art level and of course all my love to Ron. Thanks all.

PHILL JESTER

DIANETICS

Doug Holser from Stevens Creek, California, has been in Scientology for about 10 years. He is a Dianetic Clear and has completed the Class VI Saint Hill Special Briefing Course and New Era Dianetics Course. Doug is currently doing the New Era Dianetics Internship at ASHO Day Org, and in this interview talks about what New Era Dianetics training has been like for him.

Q: Had you done any Dianetic auditing prior to the NED Course that you recently completed?

A. Oh, yes, many hundreds of hours. I've always enjoyed auditing Dianetics. To me it's really auditing the bank at it's basics. It's always been an education, not only for the preclear, because he's learning about where he has been, what he has done, how he got in the situation he is in, but it's been quite and education for me too.

Q. When the N.E.D. Course came out, what was your viewpoint as you saw this whole new breakthrough and upgrade of Dianetics technology?

A. I was real curious, and I wanted to know what new development Ron came up with . . . It seemed like R3R was pretty workable; it always worked for me. But when he started talking about handling the preclears Postulates, that got me interested.

Q. Did all the new technology on the New Era Dianetics Course meet with your expectations?

A. Oh Yeah! It exceeded them! Now it's much more streamlined. I was one of those people who had an "endless drug rundown" in my own auditing. It was good, but I could really see it being streamlined, and I could really see Ron going A - to - B with his handling of the bank.

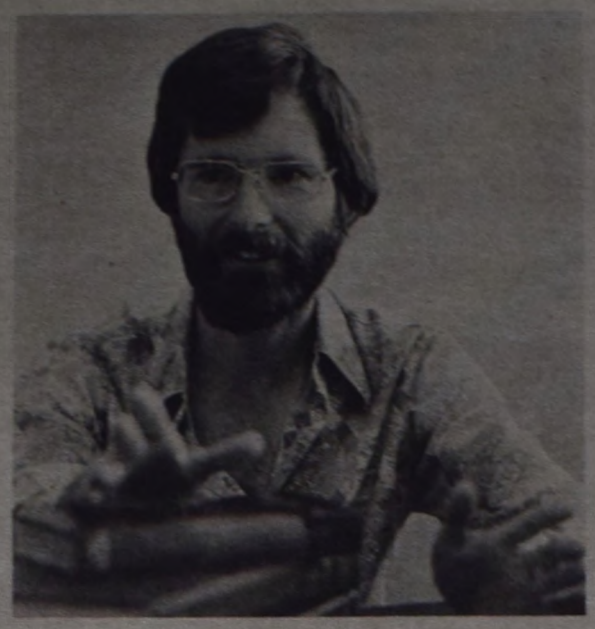

Q: What personal wins did you experience with New Era Dianetics as you audited it on others?

A. Well, I noticed preclears winning — bigger wins than before. And I noticed their speed in the handling, the speed of particle flow is faster, much faster. Mainly I noticed that it's just more wins per unit of time.

Q. And how did your N.E.D. training go for you?

A. Fantastic! You know, the training department at ASHO Day is great, just excellent.

Q. And how about the students you worked with?

Doug Holser, a Dianetic Clear, tells about his training with New Era Dianetics.

A. Great. Let me say it this way: It's a great bunch of students here. Students at ASHO are really on purpose; you know, ASHO Day Students — can't beat 'em.

Q. What do you feel are the benefits of the Training Route?

A. That's a good one. What I recommend to someone who doesn't know anything about his mind or anything like that do is to pick up the book Dianetics The Modern Science of Mental and read it. Now after that if you understood that book, you will know about your mind. But "know about" isn't very high as far as I am concerned, on the Know to Mystery Scale. It's up there, but if you really want to be at cause over your bank, you've got to get *above* that. You've got to KNOW it. And the way you KNOW it is by doing a course on it, by doing New Era Dianetics, by doing a Dianetic Internship after finishing the course and really auditing it a lot. But even an Internship isn't the end, You've got to keep auditing. The more you use it the more you know about your mind. And even if you get rid of your bank like I did . . . well, I'm a Dianetic Clear, great! But that doesn't mean that you're cause over it totally. Sure, from the First Dynamic, but you've got your other Dynamics. You're dealing with people every day. If you totally understand the mind from the viewpoint of an auditor who has audited for hundreds of thousands of hours, no one is going to knock you off that pedestal — you're there, you understand the mind.

Q. If there were more New Era Dianetic Auditors, what difference would it make in the progress of Scientology?

A. Well no question about that, Scientology would boom. I mean NED is exciting stuff! Every student I've seen who has learned the techniques of New Era Dianetics is excited about Scientology. You know, they're out there using it in their daily life, because that is where NEd is intended to be used, right on the street. So it would expand Scientology by by getting people excited and pulling in others.

Q. With the new data on how a person can go Clear on Dianetics, and now that you have a reality that you can actually make a Clear with New Era Dianetics, how does that seem to you?

A. That seems right, that's all I can say, with a capitol "R"! I mean I always thought that Dianetics operates at basics on the bank, and it certainly can, and it certainly does. I don't mean basics on a chain, I mean basics to the bank. It totally brings in my indicators that Dianetic Clear can happen on Dianetics.

Q. And how about you knowing that you could actually be making these clears, how do you feel about that?

A. Fantastic, man. The more clears I make, the happier I am.

Q. What would you say about the satisfaction of being an auditor; how would you compare it with other things you could be doing?

A. Well, I thought of that ten years ago when I quit working in the everyday world and went 100% with Scientology, and I don't think there's a more worthwhile activity than Scientology. There's other things a person can do in addition to it, but my purposes are 100% behind Scientology even though I do other activities.

Q. How would you summarize the wins available with New Era Dianetics training?

A. I think NED training can give someone the knowledge and certainty that puts him at cause in life.

Q. Any further comments you'd care to make?

A. One thing I must say is that I really encourage people to do their Internships too. Because I've found that no matter how good I felt about the technology after doing a course, there's always some questions that never got answered, and after an internship you don't have questions that didn't get answered.

Here's how you can learn to fully handle
MISERY, UPSET, SUPPRESSION and AGONY . .

Does Clearing Cancel the Need for Training?

By L. Ron Hubbard

To answer the important question "Does Clearing cancel training?" all you need to do as an auditor is clear someone without training him and then say to him, "All right. Go out and clear people."

You'll get a blank stare.

Why?

Because Auditing skill is a discipline in living and a know-how of the parts of life which is in itself something new in the universe. Even OTs don't have auditing skill since there have never been any auditors behind them.

There is such a thing as learning. There are such things as data.

The fact is, that a cleared Zulu is a cleared Zulu. A cleared advertising man is a cleared advertising man. A cleared Zulu is not a cleared advertising man.

Now a Zulu uncleared has scant chance of becoming an advertising man. But a *cleared* Zulu would probably be able to become one rapidly. And there's the difference.

Being clear gives one the *potential* of being and makes the being rather easy, and fun. Further being cleared makes it possible to *continue* to be something. There's nothing wrong with being clear. A person ought to be. The state is so valuable several hundreds of millions of people in the past 2,500 years have concentrated on nothing else.

But how about getting clear and staying clear forever? The auditor alone *with* his data *well learned* could manage that.

Remember, you were clear once — trillions of years ago. Why didn't you stay that way? Because the traps were well designed and you had no anatomy of traps.

Well, Scientology does have the anatomy of the traps, the Axioms, the discipline and know-how necessary to handle and control the laws of the universe. Scientology is the data necessary to *live*.

If everyone were now to concentrate only on how to get clear and forget all about how to stay clear, we'd be back in the soup in a century.

Oddly enough, the best time to study auditing is when you're aberrated — when the thing looks impossible, when you can achieve subjective reality on the grimness of it.

> "Auditors will Always Be Senior to Clears. Always."

The best things a person can do are to (1) get trained and (2) get cleared. Auditors will always be senior to clears. Always. That became very obvious in the 19th ACC. People who weren't clear created clears.

If a person gets cleared first, he can, of course, learn very rapidly how to be a good Scientologist. If he is to be a very good being he will be both a good auditor *and* a clear. That combination cannot be beaten.

If we had only clears and no auditors we'd have another slump ahead. Scientology is not in the experience of anyone's back track. It is itself. It is the one thing senior to life because it handles all factors of life. Scientology could not have happened earlier because there was not enough livingness to study. We have arrived near bottom.

There are people getting cleared now all over the world. Just remember that you share the agreement of the society in which you live. You'll have to be able to audit to skillfully handle aberrated persons. And it will take a lot of auditors to have a cleared society.

Right now it's all right to keep your eye on that first dynamic and get clear. You should. But when, suddenly, you find you've achieved clear, remember when I tell you this one thing:

There are eight dynamics.

You cannot stay clear unless you solve things by the equation of the optimum solution: The greatest good for the greatest number of dynamics. Failing to so solve things dug you in to where you were in the first place.

Scientology got you out.

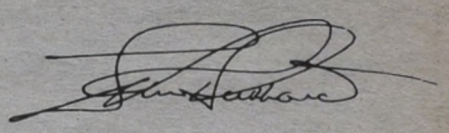

Stay out by knowing Scientology well.

> "If we only had Clears and no Auditors we'd have another slump ahead."

I look forward to seeing your bright, smiling face, clear or not, in the Academy or an ACC, or both, in D.C., or London, New Zealand, Australia, South Africa. A Clear world to be, needs *you* as a good and skilled Scientologist.

And that's how you're going to help me.

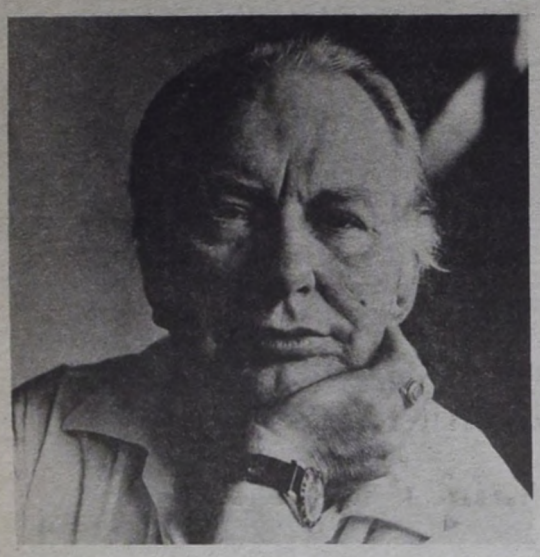

Okay?

L. RON HUBBARD

P.S. When I solve a case I always ask the pc for one unnamed favor. I've never called these favors in. The favor I tell you now for the first time: Whatever else you are, be a good Scientologist and help me clear these Earth people.

The Least Expensive Route to NED For OT's

Editors Note: See page 2 for definitions of Scientology terms.

From an attempt to run New Era Dianetics on an OT, L. Ron Hubbard discovered that you cannot run N.E.D. or any Dianetics for that matter, on a Clear or above. Research into this paid off handsomely with a fantastic breakthrough for Clears and OTs. The results from this new rundown called "N.E.D. FOR OTs" are the talk of the Scientology world. Some of the miracles of life have been exposed to full view for the first time ever. This fabulous series of rundowns is being delivered now at AOLA, the Advanced Organization of Los Angeles.

RON RECOMMENDS TRAINING

In many places and different ways Ron has mentioned the vital necessity of training.

"Many people believe that Scientology materials contain mainly processes. They think of Scientology as processing. This is a very narrow view. It is understandable enough as processing is the way out for them. But this neglects the more considerable materials which deal with basics and fundamentals.

"Processes are only one use of these."

"Other people, having gotten their smallest toe damp as an HAS then wander off to other fields looking for answers, whereas had they taken Dianetics or Scientology Grade training, to say nothing of the Saint Hill Briefing Course, they would have found more fundamentals than exist in all other subjects combined, a faet which any advanced student of Scientology can confirm."

L. RON HUBBARD

THE TRAINING ROUTE

The basic training route begins with the Student Hat Course. This is the course that instructs a person fully to be a successful student.

The student, who now knows how to study goes on to take the New Era Dianetics Course which is elsewhere discribed in this issue. One then usually interns as a N.E.D. auditor on the N.E.D. Internship.

The Academy Levels are the next course normally taken. These are a series of five training courses (Class 0, I, II, III, & IV) that gradiently teach a student to become an auditor capable of auditing Scientology grade processes. All five of the Academy levels are interned at one time on the Class IV Internship.

Method One Word Clearing is required for the levels and for the Saint Hill Special Briefing Course. One can receive his Method One Word Clearing by purchasing it or through student auditing. At Saint Hill we arrange this for you in the way that will get you up the Bridge the quickest. (CONTACT THE SAINT HILL REGISTRAR FOR MORE DETAILS — see below for address and phone).

THE SAINT HILL SPECIAL BRIEFING COURSE

The next training course is Ron's Saint Hill Special Briefing Course. This is the course that contains the chronological study of materials from 1948 to 1966. It includes almost all of LRH's books, the first six technical volumes and over 400 taped lectures by Ron, L. Ron Hubbard says this about the SAINT HILL SPECIAL BRIEFING COURSE:

"It is time we spent time on improving auditing skill.

"We have the technology. We can make clears and OTs with it as you will find out. Our only remaining problem is getting it applied skillfully.

"This is why I started the Saint Hill Special Briefing Course. The extremely high calibre of auditor we are turning out is causing gasps of amazement whenever these fine graduates return into an area."

SPECIAL OFFER TO CLEARS

Many students after completing the NED Course have gone on to audit each other using NED.

Many of these students have achieved the state of Dianetic Clear as a result. If a person is a Dianetic or Scientology Clear and has done the NED Course he is eligible to immediately begin the Saint Hill Special Briefing Course. he does not have to do the Academy Levels. The Saint Hill Special Briefing Course checksheet easily accommodates a NED auditor who is Clear, or a NED, Class IV auditor who is Clear, without skipping gradients or covering already known territory because the Saint Hill Special Briefing Course Practical checksheet is individually programmed for each person as he starts course.

THE SENIOR SAINT HILL SPECIAL BRIEFING COURSE

After the Saint Hill Special Briefing Course, Class V, the student goes on to the Senior Saint Hill Special Briefing Course, Class VI. This is the course that accelerates the students auditing skills to the level of superlative auditor. It comprises a series of special auditor training courses that specialize in areas of auditing skill.

The student then internes on the Class V and Class VI courses at one time or the Class VI Interneship.

CLASS VIII COURSE

The next course is the Class VIII Course. Ron says this about the course:

"In Class VIII we bring the basics back in and reinforce them until the auditor will do them and nothing else.

"From this we get a 'magical' high velocity case gain curve upwards on all cases.

"The purpose of the course, then, is to produce an uncompromising zealot for Standard Tech whose reality is such that he will not do or tolerate sloppy rendition."

LEAST EXPENSIVE ROUTE

Here are the monetary benefits for doing the above mentioned training route:

1) Scholarships are available on training.
2) A Class VI auditor is awarded the Solo Audit Course FREE.
3) A student on the Academy or Saint Hill Special Briefing Course can co-audit all his grades with another student.
4) A N.E.D. Student or graduate can co-audit N.E.D.
5) All Saint Hill auditing including Power Processing *is* HALF PRICE TO ACTIVE CLASS VI AUDITORS.
6) N.E.D. for OT'S is HALF PRICE AT AOLA FOR ACTIVE CLASS VIII AUDITORS!

In dollars and cents one can save well over ten thousand dollars by this training route.

For the Auditor who cares . . .

Own the new Mark VI E-Meter

From the New Era Dianetics Course on up to the highest level of auditor training you'll need your own E-Meter. This precision instrument gives you the valuable tool necessary to help measure the state and change of state in your preclear.

Only Dianetic and Scientology auditors or those in training may own an E-Meter. They are not hard to understand and operate and you can easily learn to do so on various training courses offered at your local Academy of Scientology.

The Hubbard Professional Mark VI E-Meter is an exciting new engineering breakthrough and is the first real improvement in the meter movement since 1962 when the first Mark V's were released. This new Mark VI is possibly the most accurate and sensitive device of its kind in the world today. Even the most subtle reactions come through with crystal clarity.

The Mark VI shell is made of injection molded high impact plastic (similar material to the US telephones) easily cleaned with a damp cloth. The shell has been specially designed internally to be dust proof and, unlike the Mark V, every opening (like charge socket, PC jack outlet, etc.) is completely sealed inside. The Tone Arm Knob and dial has specially been recessed so that you could audit without a meter shield and the PC cannot easily see the TA position.

This new model features a specially designed digital read out for Tone Arm Divisions. It is far more accurate than prior Tone Arm Counters and even records all the way up to 199.9! A Digital Clock is also installed in the Mark VI with large read out numbers that make it easy to spot the time progression of a session.

The new Mark VI comes in 5 popular colors and all attachments (Charge Cord, PC leads) exactly match the color of the meter.

A molded plastic carrying case (which is also lockable) is included with the purchase of your Mark VI. The inside is lined with dark grey foam molded to accept the meter and accessories, and case design was made especially durable and sturdy so that it can be used for shipping the meter.

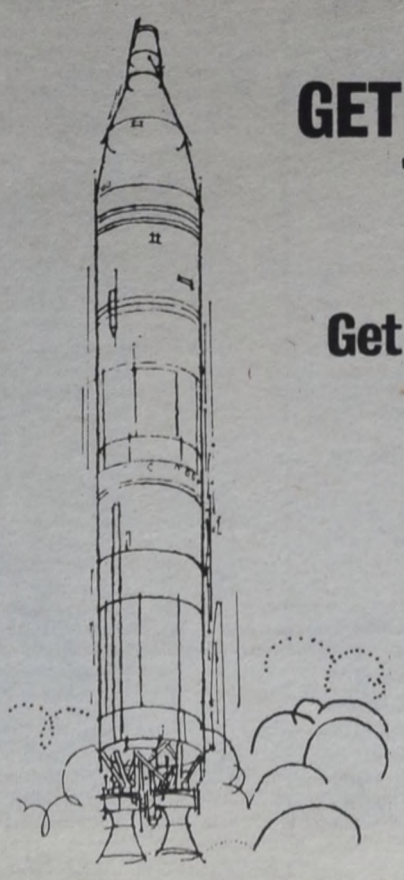

The Mark VI is for use by all Auditors. It's for the Auditor who cares!

Price: $725.00 (Membership discounts apply).

Contribute to The Committee for a Safe Environment

The Committee's immediate purpose is to raise the funds needed to pay for the legal procedures and activities necessary to ensure we win the court battle between the U.S. Justice Department and the 11 Scientologists indicted by the Government. The ultimate purpose of the Committee is to bring religious freedom and a safe environment to all.

How much are the legal costs? How do they get paid?

The monthly fee for pre-trial legal costs is approximately $135.000. Once the trial begins the cost will be approximately $15,000 per each trial day or $300,000 per month. As the legal procedures are intricate and take some time it is not known how long it will take to wrap up the case. However, it has been estimated that the total legal cost will come to approximately 3½ million dollars.

The best attorneys for the case have been chosen based on their prior work, results in similar cases and actual statistics, without any consideration as to the costs involved.

Donations from individuals enable the Committee to keep these top attorneys FNing and to pay the legal bills. As can be seen from the above figures, donations are needed daily, weekly, and monthly.

How to contribute?

There are a number of ways that you can support the Committee:

1. Donate as much as you can possibly give, as often as possible.
2. If you are an FSM, donate all or part of your FSM Commissions.
3. If you don't have an FSM actively helping you onto your services, the Committee would like to be your FSM. To make this happen all you have to do is let your registrar know and also write us, so that we can take care of any necessary paperwork and give you any needed assistance.
4. Any originations from you on other ways you would like to contribute are very much needed and wanted.

Your donations actually pay for hours of competent attorney time for those individuals who need legal defense.

How to keep up to date on the legal scene?

We have begun issuing a monthly Religious Freedom Newsletter, which is sent to all those individuals who are supporting the Committee for a Safe Environment. This newsletter keeps you up to date on the facts of the current legal scene.

Why I Wrote
Dianetics, The Modern Science of Mental Health
By L. Ron Hubbard

L. Ron Hubbard, Founder

Do you know why the first book DIANETICS, THE MODERN SCIENCE OF MENTAL HEALTH was written?

Word of mouth on Dianetics was going forward so rapidly that my letter volume, even before the first book, was startling. Each one of these people expected me either to write them a long letter and tell them what it was all about, or to be given a chance to come and see me so that I could tell them personally what it was all about.

In other words, my time was going to be consumed, not in further research, but in writing letters and talking to people. My answer to this was to write DIANETICS, THE MODERN SCIENCE OF MENTAL HEALTH which rapidly informed the newly interested person what this science was all about.

The newly interested person must have an opportunity to go and sit down quietly by himself, without any social strain, and study a book on the subject. Only in this way will he come to a decision about the subject which is his own independent decision having inspected the materials. This has to be done quietly and it is best done through the pages of a book.

If you have questions about Dianetics and Scientology, no matter how obstruse or abstruse the questions are, your best answer to these questions was my earliest answer and that was - "Read DIANETICS, THE MODERN SCIENCE OF MENTAL HEALTH, and that will answer your questions."

Most of the world does not yet know anything about the reactive mind. They do not know what makes them tick. They have no concept whatsoever of the basic of human reaction. They are at war with one another. They follow strange leaders and wind up in strange places. They have no hope that anything will dig them out.

But we have made a break-through in Dianetics and Scientology. The exact moment of the break-through is recorded at public level with DIANETICS, THE MODERN SCIENCE OF MENTAL HEALTH.

The newly interested person should read this book as something new, startling and strange in the world. It forms the necessary bridge from knowing nothing to knowing something about the mind and human reaction.

If people do not read this book, they will just not have broken through.

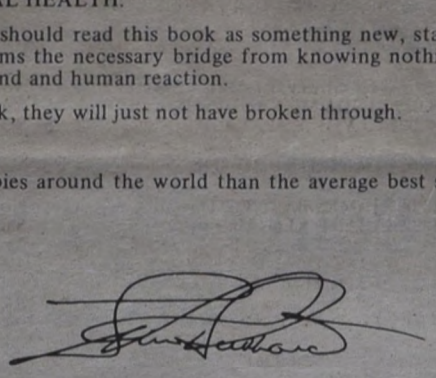

It is an exciting book.

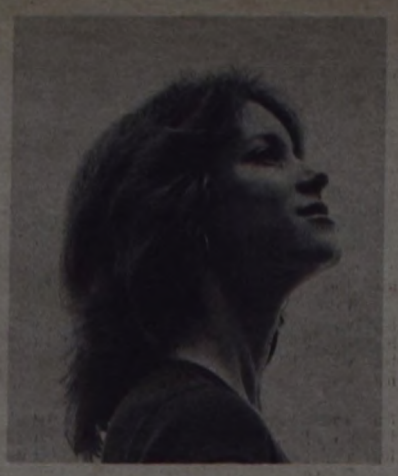

To this day it sells more copies around the world than the average best seller.

Read it.

Get your friends to read it.

And let's get going.

You've got to read this book!

Dianetics, The Modern Science of Mental Health is required reading for anyone who desires to discover the exact nature and anatomy of the Human Mind. And there is no such thing as a good Dianetic or Scientology auditor who does not thoroughly understand the contents of this book.

Variously referred to as "The Handbook," "Book One" and "Dianetics," this text covers the entire theory and use of Dianetics. Many of the fundamentals later developed in Scientology are here in their embryonic stage.

Here in simple language for anyone to easily understand and use are the basic truths and mechanics of the mind.

When Dianetics, The Modern Science of Mental Health burst upon the public scene in May, 1950, it immediately soared to the top of the best seller's lists and stayed there week after week. The discoveries that were unveiled in this electrifying book created such a jarring impact that one New York Times book review editor wrote: "History has become a race between Dianetics and Catastrophe. Dianetics will win if enough people are challenged in time to understand it."

Dianetics today enjoys more popularity then ever. Recently L. Ron Hubbard has issued a more refined and advanced version of the subject called New Era Dianetics which makes modern Dianetic methods more comprehensive and efficient than ever before.

But the basic discoveries of the mind are nowhere better stated than in this world famous book, *Dianetics, The Modern Science of Mental Health.*
