TRAINING — THE ROUTE TO OPERATING AS AN OT ACROSS ALL DYNAMICS

by

L. Ron Hubbard

L. RON HUBBARD

You are very fortunate people, you are very, very, lucky people. You've come all the way down the track, lived all those years, did all those things and you wind up here with a chance out.

The chance is as good as you can audit.

And it's not a bit better.

Being cleared gives one the potential of being and makes the being rather easy, and fun. Further being cleared makes it possible to continue to be something. The state is so valuable several hundred millions of people in the past 2,500 years have concentrated on nothing else.

But how about getting cleared and staying cleared forever? The auditor alone with his data well-learned could manage that.

There is such a thing as learning. There is such a thing as data.

Scientology is the data necessary to live.

If everyone were now to concentrate only on how to get cleared and forget all about how to stay cleared, we'd be back in the soup in a century.

Oddly enough the best time to study auditing is when you're aberrated-when the thing looks impossible, when you can achieve subjective reality on the grimness of it.

The best things a person can do are to (1) get trained and (2) get cleared. Auditors will always be senior to Clears. Always.

If a person gets cleared first, he can, of course, learn rapidly how to be a good Scientologist. If he is to be a very good being he will be both a good auditor and a Clear. That combination cannot be beaten.

SCIENTOLOGY HANDLES LIFE

If we had only Clears and no auditors we'd have another slump ahead. Scientology is not in the experience of anyone's back track. It is itself. It is the one thing senior to life because it handles all factors of life. Scientology could not have happened earlier because there was not enough livingness to study. We have arrived near the bottom.

There are people getting cleared now all over the world. Just remember that you share the agreements of the society in which you live. You'll have to be able to audit to skillfully handle aberrated persons. And it will take a lot of auditors to have a cleared society.

GETTING CLEAR

Right now it's all right to keep your eye on that first dynamic and get Cleared. You should, but when, suddenly, you find you've achieved Clear remember when I tell you this one thing:

There are 8 dynamics.

You cannot stay Cleared unless you solve things by the equation of the optimum solution: the greatest good for the greatest number of dynamics. Failing to so solve things dug you into where you were in the first place.

Scientology got you out.

Stay out by knowing Scientology well.

THE SURE FIRE WAY TO OT

The best and most sure fire way to get to be OT then is to be a top rank auditor and that for various reasons, including the aplomb it takes just to confront the bank.

What should be the only point of randomity is exactly what is happening with this bank I'm handling, how is it going together, what is the contributory data I need to make up my mind about the situation in this Bank and that is plenty for you to handle. I know, because it's plenty for me to handle.

At the point of auditing basic bank on the higher levels toward Clear and OT, you have no reason for the technique to be posing you any difficulties at all because you've got no room for it, that's all. Otherwise these little difficulties just take that much out of the session, they cause you to make mistakes; in other words, you've got to have those things licked.

THE KIND OF AUDITING YOU GET

The way to minimize these possibilities of errors is with perfect training in the zones, oddly enough, of BASIC auditing and technique and then elements of case analysis. And with that three way triangle of training you can make OTs and you can be OT, because you only really get auditing at the level which you yourself give in the final analysis. It isn't for the reason of the overt-motivator sequence it's just the people who will co-audit with you, I mean there's one point, you see. You can always get worse auditing than you give, to some slight degree, so if your auditing is pretty poor and the auditing you're going to get is worse than your auditing, think what happens! That gets to be a grim scene doesn't it? In fact I can almost guarantee it. You'll always get slightly poorer auditing ordinarily (you can view it safely from this viewpoint), than you yourself give. Therefore, if you're a real wizbang, the auditing you get is going to be good.

WE'RE ON OUR WAY

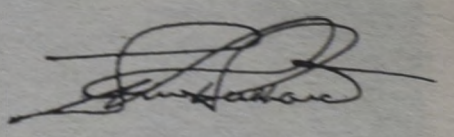

Training is definitely, definitely, definitely a part of the route to OT definitely. Training is something it is not "nice" to be a part of, this is some thing completely vital to making OT and I would say that we have gone up to a new plateau here.

We are on our way, definitely.

It's from this factual data that one can view this with aplomb. Our interest in the state of Clear is mostly that it makes someone more comfortable by putting a pillow under his head. Untrained peole, very nice. You can make their marriage run better and a kid be happier and you can make life more tenable and so forth, but actually you have to know how to audit well in that direction just to make life tenable enough for YOU to be able to go OT. That's a necessary zone too. Actually, non-Scientologists are so surrounded by confusion that their present time is insufficiently calm for them to have any progress in the direction of OT. This isn't to say that eventually everybody won't make OT but certainly and definitely and positively it will be a very long route for others and you'll still be getting around to some hundreds of years, thousands of years from now.

Now when you look up the line on that and get a real view of the situation you realize where you are and where you sit. You're right up in the front seat of the first breakthrough that's ever been made in this universe on the subject of the road out, the way through, that sort of thing. You're right there, fortunate to have moved up into the situation that you're in.

The only only thing that I can ask you and point out to you is that you're in a position where you shouldn't waste any of the potential which you have immediately at your fingertips. You shouldn't waste any part of that. The only thing I ask you to do is to make the most of what you've got. I've tried to give you an outline of training, its use and application, and its relationship to state of case and future of case, and I hope it has been of some assistance

WHAT DO I THINK OF AUDITORS?

By L. Ron Hubbard

Every now and again somebody tries to get me to say what I think of auditors. They want me to become hypercritical, I guess, so as to match the asker's tone. Well, I better make a public utterance after all this time.

I think of auditors in a rather intense way. As I know more auditors than anybody else and have a better basis for judgement,on this subject I can be for once an authority.

My opinion of auditors in general is fairly well known to several people.

I think of an auditor as a person with enough guts to DO SOMETHING ABOUT IT. This quality is rare and this quality is courageous in the extreme.

It is my opinion and knowledge that auditors are amongst the upper tenth of the upper twentieth of intelligent human beings. Their will to do, their motives, their ability to grasp and to use are superior to that of any other profession.

I think of an auditor as having INITIATIVE. He is able to grasp or make a mock-up and put it into action.

Auditors survive better than other people.

If this world has any faintest chance of surviving it will be not because I write, but because auditors can and will think and do.

I think our auditors came from beings lately arrived on Earth who, seeing where it was going, decided to band together to send it elsewhere.

I consider all auditors my friends. I consider them that even when they squirrel. I believe they have a right to express themselves and their own opinions. I would not for a moment hamper their right to think. I think of auditors and Scientologists as the Free People.

Just as they consider one another their people, so I consider them my people.

I think their errors of the past, when they existed, came about because we are new and we are finding out and I don't think any of their errors were intentional any more than mine were.

I can understand their own reactions because I can understand the counter-effort given them by society, and thus I don't hold auditors guilty even when they fold up but simply assume we'd better make a better effort into the society to overcome or bypass the counter-effort.

I don't expect auditors or Scientologists to instantly agree with or seize upon whatever I say. I would be offended if they did and would feel they weren't a Free People. Since they are intelligent I expect them to think over what's said, try it, and if it's good for them, use it. That old auditors sooner or later come back to and use what I have discovered isn't any testimony to our relationship at all, it's only a testimony to my being right because I meant to be right in the first place.

I sorrow when I see somebody accomplishing less than he should because he thinks I wouldn't approve of it. In organizations and out I count upon initiative and good judgment.

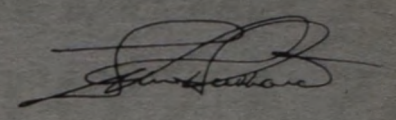

The most decent people I have ever known have been auditors. The best hearted people I know are auditors. They are so decent and good hearted I have to work and argue with them to make enough to keep mock-ups rolling well, a thing they are now beginning to do.

I am very proud of Scientologists. I think they're bright, shiny beautiful people and I'm glad every one of them decided to get born again this time.

I think we're a fine crew. I know we can make it. And I know that if it's a better world in the future it will be because Scientologists are what they are, not what I made them.

Now in case there are any further inquiries or doubts on the matter, I assure you I have spoken on the subject and that I have spoken from the bottom of a very experienced heart.

Scientologists are the best people on each of the five continents and that's all there is to it.

"Beginning 1 June 1979, the prices of all Dianetic and Scientology books, course packs and other materials, including meters, will increase at the rate of 10% per month, effective at midnight each month on the last day of the preceding month.

Printing and paper costs have risen sharply and continue to rise. Books and materials will run the risk of being furnished only at a loss and this could cut dissemination lines.

Early purchase by the individual and retail outlets is suggested while existing stocks last and until the higher price makes new stocks available. The date of placement of the order with Pubs or the bookstore, accompanied by payment rather than date of delivery, regulates on what sales the price rise applies.

Every effort is being and will be made to keep all titles and materials in supply.

It is noted that Dianetics Modern Science of Mental Health is entering its 29th Year as a continuing best seller and that collections of LRH books and stories now bring up to $70,000 according to authoritative collectors. Demand continues very high and every effort must be made to keep pace with it."

CAUSE OVER LIFE THROUGH TRAINING

Let's look at a couple of definitions:

Cause: "That which produces an effect; that which gives rise to any action, phenomenon or condition." (Oxford English Dictionary)

LIFE: "(Understanding), when we say "life" we mean understanding, and when we say "understanding" we mean affinity, reality and communication. To understand all would be to live at the highest level of potential action and ability. Because life is understanding it attempts to understand. When it faces the uncomprehensible it feels balked and baffled." LRH Tech Dict.

Thus we see that CAUSE over life is a similar statement to producing or bringing about understanding.

HAVE TOTAL CONFIDENCE IN BEING ABLE TO HANDLE ANY AREA OF LIFE

Ron once said:

"People sometimes think only someone who wants to be a professional auditor studies in the Academy, a false impression. One can't imagine how a father or businessman or mother or clerk or official could succeed without knowing the basics of human reaction and how to handle them. Someone who is a Class III or Class IV knows how. The real professional usually becomes a Class VI and the real experts are the VIIIs, IXs and Xs. It's a matter of how expert you want to be.

A professional Scientologist is one who expertly uses Scientology on any area or level of the society.

A housewife who does not have professional level skill in Scientology could not expect to run a wholly successful family or keep order in her neighborhood and keep her family well. A factory foreman could not possibly handle his crews with full effectiveness without professional Scientology skill. The personal assistant to a corporation executive could not do a fully effective job without being a professional Scientologist. A corporation president without a certificate will someday fail. And the head of a country would go to pieces if he didn't know Scientology from a pro angle.

How can these people handle life if they have no expert knowledge of how to handle life?" L. Ron Hubbard.

HAVE CERTAINTY ON WHAT YOU ARE DOING IN LIFE

The Saint Hill Special Briefing Course and the Class VIII Auditor's Course give you the KNOWLEDGE and the CERTAINTY to be able to handle life. There are no other courses quite like these. The Saint Hill Special Briefing Course gives you the entire foundation upon which to build all empires. The Class VIII Course allows you to UNDERSTAND THE COMPLETE SIMPLICITY OF THE TECH.

I almost missed receiving the data contained on the B.C. for I thought it was just technical information of interest to auditors only. This viewpoint could hardly be further from the truth. L.R.H. has such a wide diversity of interest, that you hear lectures and really learn subjects, that on the surface appear to have no connection to Scientology. People should be told repeatedly, that this course will really educate one in life.

I'm now a literate being who really knows where he came from, who he is, and where he's going. Wouldn't you like L.R.H. to tell you the secrets of existance on such a gradient that you cognite a thousand times? How about knowing who the implanters were and the relative effectiveness of the different kinds of implants? How about learning where different worlds are located and about doll bodies and other bodies in use? How about learning about ancient Egypt and the space civilization which existed then, and why it was secret? If ever a course on this planet or elsewhere sold "pearls for pennys," this is the course. I wish I could tell everyone, to come here as soon as you can to get hatted in life. Sure the Briefing Course makes fine auditors but thats only such a little part of the story. Come to the Briefing Course and learn exactly how Clear and OT were developed and really learn what happens on the OT levels. It's a tough course but a real joy.

Wouldn't you like to participate more in life?

H.G.

KNOW THE SECRETS OF THE THETA & MEST UNIVERSES AND THEREFORE HAVE CONTROL IN LIFE

Here is a sampling of some of the questions that are answered on the Saint Hill Special Briefing Course:

What Causes an artist to run out of ideas?
What causes a thetan to retain pictures?
What do you do with a person who is threatening to commit suicide?
What is the cycle of insanity?
Why did a thetan mock up a bank?
Why do you say, "This is the session?"
What causes aging?
What is jealousy?
What makes a person slow?
How do you keep an animal from attacking you?
What was society like when thetans had doll bodies instead of meat bodies?
Why did Scientology start on this particular planet?
What is a free thetan and what got him trapped as he is today?
Could this ever happen again?
What does an OT need to stay OT?
After an OT goes free, then what does he do?

NED FOR OTS AND THE SAINT HILL SPECIAL BRIEFING COURSE

NED FOR OTS is the most incredible series of rundowns ever released. It is a special auditing action for OT IIIs and above. The Saint Hill Special Briefing Course and Class VIII Course give data of comparable magnitude to NED for OTs. They both deal with bringing the individual up to being Cause Over Life.

OPERATE AS AN OT ACROSS ALL DYNAMICS

Here are some Briefing Course and Class VIII Course successes from persons who have had NED for OTs.

I have partially completed my NED for OTs, which I have interrupted to do the Briefing Course. NED for OTs gave me a totally unique and far reaching viewpoint on life and livingness from which being cause flows naturally. However, the BC is furnishing me with a set of tools which have a multiple effect in increasing the power attained from the NED for OTs viewpoint. I see the End Phenomenon of this combination as playing the game effortlessly — as finesse.

T.E.

After NED for OTs

I feel I have regained many abilities. But with ability, one also needs the exact skill to accomplish one's goals. And that is why training has always been something I have found very useful.

Through training I have accomplished such a causative level over the tech that I operate at a level of total certainty as well as total simplicity. I don't have to try and decide or make a decision about how I'm going to handle a situation, because I just know and am able to handle it. This is what the Class VIII Course is all about.

And I feel it all stems from the basic LRH datum: A being is only as valuable as he can serve others.

The real cause over life OT wins come from the ability to totally and effortlessly be able to handle any situation in life and across the dynamics.

The way out is the way through and that means everybody has got to make it - not just one person.

NED for OTs is a total handling of the first dynamic. And the training is where you are really moving into the other dynamics as an OT. And this is why I feel that training is really the most essential thing on the planet.

TODAY'S PROFESSIONAL AUDITOR CAN EASILY GET UP THE BRIDGE

There are several factors in existence today that make being a professional auditor the thing to do! And the future looks even brighter.

COST OF AUDITING

Firstly the price of auditing has risen to a point where an auditor can audit and earn excellent wages.

DEMAND FOR AUDITING

Secondly Scientology is rapidly gaining wide recognition and acceptance nationally and internationally, it is much easier to procure pcs.

NED PC PROGRAM

Thirdly, on the NED Course the student is required to find a brand new person and audit him to his/her satisfaction with NED. This becomes an entrance point to procuring new pcs.

BE ABLE TO GET IN 100% STANDARD TECH

Fourthly, with the current auditor training classes 100% standard tech is easy to achieve.

100% STANDARD TECH AT ASHO

At ASHO we use a tool that is used at Flag which is the video tape machine. Here an auditor does a session (or a drill) on T.V. and the performance is taped so that the auditor himself can play back the tape and see for himself his errors and good points and thus greatly and rapidly improve. This coupled with STANDARD STUDY TECH and 100% STANDARD COURSE SUPERVISION makes becoming a professional auditor easy to do at ASHO.

PROFESSIONAL AUDITOR PERSONAL WINS

Working as a professional auditor is challenging but the rewards of applying standard tech from the level of Class VIII are high.

As a professional auditor I have been able to use my training and auditing experience at ASHO to help me in affording my OT levels and NED for OTs. One has the certainty and know-how necessary to disseminate successfully, and the expertise to deliver and produce fabulous wins for pcs.

I can't emphasize enough that training is the key to operating as an OT in any endeavor. People are in great need of changing conditions - in fact many are demanding such changes.

A trained auditor becomes a magnet in this kind of environment and his success is assured in direct proportion to his competence which only training can provide.

R.S. Class VIII

Being a professional auditor has helped me enormously in life. The training I received has given me so much certainty. The experience of auditing on a daily basis has provided much more confidence in handling life and enabled me to operate as an OT.

As a well trained auditor, you can definitely earn a good living. The money earned from auditing alone has enabled me to do all my auditing and training including the "L" levels. I recently returned from Flag after NED for OTs auditing!

I know for certain that training and experience as an auditor was one of the best and wisest moves I have ever made.

T.H. Class VIII

Hi, I'm a Class VIII Auditor and an OT VI. I want to share a few wins with you that I've had being a professional auditor.

Life, handling people, and operating as an OT has become so simple now, that I am able to just put attention on something that I want and it happens. Training up to and especially Class VIII, gave me such certainty and confidence in the tech that it just becomes the way I operate on a day to day basis — at cause over my environment. What's really great is that being a professional Auditor helped me pay for my Class VIII Course and being a Class VIII is helping me pay for NED for OTs.

Anyway you look at it you can only win. . . and win big.

D.D. Class VIII

HAVE CERTAINTY ON WHAT YOU ARE DOING IN LIFE.

by L. Ron Hubbard

A trained Scientology Auditor applying standard tech, is one of the most valuable beings on this planet. Auditors have, since the first session in Scientology, been the only individuals on this planet, in this universe, capable of freeing Man. An auditor is a highly trained specialist no matter what level auditor.

The auditor is on a broader career than merely being a capable individual. A slightly trained auditor is superior to homo sapiens. He is doing something in the widest field there is which is the inter-relationships of life. An auditor is handling things. It isn't that these other fields are degraded. It's that the field of inter-personal relationships amongst living beings is actually so elevated. It's so elevated that, up until recent times, it was regarded with such awe that nobody ever approached it. It was a total mystery. It was a terrible secret. Well, it doesn't have to be those things to succeed or to be such an elevated field. All it has to be is effective.

A good auditor, skilled doing his work well, accomplishing his mission, finds himself in the particular position of being at cause point over an awful lot of people. Things don't baffle him anymore. He is totally aware of the fact that he can somehow or other poise himself through almost anything. He has a wider, broader view of life and people than any person regardless of state of case who is not an auditor.

A fully trained Scientologist is in a far better position to understand than a partly trained one. For a Scientologist who really knows he is able not only to retain confidence in himself and what he can do, but also can understand why others do what they do and, so knowing, does not become boggled or dismayed by small defeats.

As you begin your training, you will find your life becoming more orderly and your environment easier to handle. Lots of good reasons exist for people to be trained and get their processing from fellow students. A student gets tons of auditing. Only training gives low cost auditing from fellow students. Study is high gain. Students audit students for gain, not for practice, and there are dozens of processes.

How you accomplish an auditing session is based to some degree upon the state of the person accomplishing the session which is the auditor. And when the state of mind is that of an effective person who wishes to help, there's nothing that could stop that session. Training as an auditor, the desire for it, eventually winds up in an ability to give a terrific session and to be very effective.

Naturally, anybody who wants to help his fellow man a bit more could become an auditor. One has to start somewhere. The thing to do is start. No machines can be set up to audit anybody. There's only one person that can audit and that's the auditor himself.

There's a tremendous amount of understanding involved in auditing. There are millions of words written on the subject. There's theory and practice. There are the drills and other things one has to know.

But the moment a person starts training he's already walking a track which is higher than the track to Clear.

An auditor is to be respected. He is very important in clearing this planet and this universe and the only one who can give Man the truth that Man knows. It's a big job and only the auditor will do it. All auditors everywhere are appreciated.

by L. Ron Hubbard

A trained Scientology Auditor applying standard tech, is one of the most valuable beings on this planet. Auditors have, since the first session in Scientology, been the only individuals on this planet, in this universe, capable of freeing Man. An auditor is a highly trained specialist no matter what level auditor.

The auditor is on a broader career than merely being a capable individual. A slightly trained auditor is superior to homo sapiens. He is doing something in the widest field there is which is the inter-relationships of life. An auditor is handling things. It isn't that these other fields are degraded. It's that the field of inter-personal relationships amongst living beings is actually so elevated. It's so elevated that, up until recent times, it was regarded with such awe that nobody ever approached it. It was a total mystery. It was a terrible secret. Well, it doesn't have to be those things to succeed or to be such an elevated field. All it has to be is effective.

A good auditor, skilled doing his work well, accomplishing his mission, finds himself in the particular position of being at cause point over an awful lot of people. Things don't baffle him anymore. He is totally aware of the fact that he can somehow or other poise himself through almost anything. He has a wider, broader view of life and people than any person regardless of state of case who is not an auditor.

A fully trained Scientologist is in a far better position to understand than a partly trained one. For a Scientologist who really knows he is able not only to retain confidence in himself and what he can do, but also can understand why others do what they do and, so knowing, does not become boggled or dismayed by small defeats.

As you begin your training, you will find your life becoming more orderly and your environment easier to handle. Lots of good reasons exist for people to be trained and get their processing from fellow students. A student gets tons of auditing. Only training gives low cost auditing from fellow students. Study is high gain. Students audit students for gain, not for practice, and there are dozens of processes.

How you accomplish an auditing session is based to some degree upon the state of the person accomplishing the session which is the auditor. And when the state of mind is that of an effective person who wishes to help, there's nothing that could stop that session. Training as an auditor, the desire for it, eventually winds up in an ability to give a terrific session and to be very effective.

Naturally, anybody who wants to help his fellow man a bit more could become an auditor. One has to start somewhere. The thing to do is start. No machines can be set up to audit anybody. There's only one person that can audit and that's the auditor himself.

There's a tremendous amount of understanding involved in auditing. There are millions of words written on the subject. There's theory and practice. There are the drills and other things one has to know.

But the moment a person starts training he's already walking a track which is higher than the track to Clear.

An auditor is to be respected. He is very important in clearing this planet and this universe and the only one who can give Man the truth that Man knows. It's a big job and only the auditor will do it. All auditors everywhere are appreciated.

Take the Least Expensive Route to Ned For OTs!

The Training Route

From an attempt to run New Era Dianetics on an OT, L. Ron Hubbard discovered that you cannot run N.E.D. or any other Dianetics for that matter, on a Clear or above. Research into this paid off handsomely with a fantastic breakthrough for Clears and OTs. The results from this new rundown called "N.E.D. FOR OTs" are the talk of the Scientology world. Some of the miracles of life have been exposed to full view for the first time ever. This fabulous series of rundowns is being delivered now at AOLA, the Advanced Organization of Los Angeles.

OBTAIN KNOWLEDGE RON RECOMMENDS TRAINING

In many places and different ways Ron has mentioned the vital necessity of training.

"Many people believe that Scientology materials contain mainly processes. They think of Scientology as processing. This is a very narrow view. It is understandable enough as processing is the way out for them. But this neglects the more considerable materials which deal with basics and fundamentals.

"Processes are only one use of these.

"Other people, having gotten their smallest toe damp as an HAS then wander off to other fields looking for answers, whereas had they taken Dianetics and Scientology Grade training, to say nothing of the Saint Hill Special Briefing Course, they would have found more fundamentals than exist in all other subjects combined, a fact which any advanced student of Scientology can confirm."

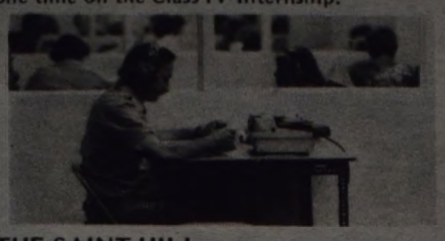

—L. Ron Hubbard

THE TRAINING ROUTE

The basic training route begins with the Student Hat Course. This is the course that instructs a person fully to be a successful student.

The student, who now knows how to study goes on to take the New Era Dianetics Course. One then usually interns as a N.E.D. auditor on the N.E.D. Internship.

The Academy Levels are the next course normally taken. These are a series of five training courses (Class 0, I, II, III, & IV) that gradiently teach a student to become an auditor capable of auditing Scientology grade processes. All five of the Academy levels are interned at one time on the Class IV Internship.

THE SAINT HILL SPECIAL BRIEFING COURSE

The next training course is Ron's Saint Hill Special Briefing Course. This is the course that contains the chronological study of materials from 1948 to 1966. It includes almost all of L.R.H.'s books, the first six technical volumes and over 400 taped lectures by Ron. L. Ron Hubbard says this about the SAINT HILL SPECIAL BRIEFING COURSE:

"It is time we spent time on improving auditing skill.

"We have the technology. We can make clears and OTs with it as you will find out. Our only remaining problem is getting it applied skillfully.

"This is why I started the Saint Hill Special Briefing Course. The extremely high calibre of auditor we are turning out is causing gasps of amazement whenever these fine graduates return into an area."

—L. Ron Hubbard

SPECIAL NOTICE TO ALL CLEARS

Many students after completing the NED Course have gone on to audit each other using NED.

Many of these students have achieved the state of Dianetic Clear as a result. If a person is a Dianetic or Scientology Clear and has done the NED Course he is eligible to immediately begin the Saint Hill Special Briefing Course. HE does not have to do the Academy Levels. The Saint Hill Special Briefing Course Checksheet accommodates a NED auditor who is Clear, or a NED Class IV auditor who is Clear, without skipping any gradients or covering already known territory because the Saint Hill Special Briefing Course Practical checksheet is individually programmed for each person as he starts course.

THE SENIOR SAINT HILL SPECIAL BRIEFING COURSE

After the Saint Hill Special Briefing Course, Class V, the student goes on to the Senior Saint Hill Special Briefing Course, Class VI. This is the course that accelerates the students auditing skills to the level of superlative auditor. It comprises a series of special auditor training courses that specialize in areas of auditing skill.

The student then internes on the Class V and Class VI courses at one time on the Class VI Interneship.

CLASS VIII COURSE

The next course is the Class VIII Course. Ron says this about the course:

"In Class VIII we bring the basics back in and reinforce them until the auditor will do them and nothing else.

"From this we get the 'magical' high velocity case gain curve upwards on all cases.

"The beginning Class VIII auditor often has the idea that the result of the session is what he will be gauged by. This is NOT true. We are not 'waiting to see.' We are not experimenting. There are no different or difficult pcs.

"The student on VIII is gauged by the flawless handling of the session and admin.

"You see we know what Standard Tech does. It's up to the auditor to learn to be UNCOMPROMISINGLY STANDARD.

"When we have brought about this frame of mind and standard rendition in the auditor we have made a Class VIII. Until we do, we have not.

"The purpose of the course, then, is to produce an uncompromising zealot for Standard Tech whose reality is such that he will not do or tolerate sloppy rendition."

—L. Ron Hubbard

SHSBC SUCCESS

"For billions of eons I have been striving for what we Scientologists are now on the brink of accomplishing. I have been trained, coached, displined in every major school of advancement in this universe. And, of course, periodically thrown off course, sometimes for very long intervals.

But arriving on the BC is coming home; Home to independant and self determined attainment of wisdom in the company of other aspirants, who like me have achieved the "humility of vast wisdom," as Ron calls it.

It is a great honor to rub elbows with the elite of the elite. And a joy to speed along unimpeded toward the ultimate goal.

Some morning soon, we will awaken and find we have built a world of which we can be proud.

J.L.

It would be great, if everyone could know the knowledge that is gained, the case change gotten and the cognitions of life realized, on the Briefing Course.

I am sure, that anyone, who takes this course, for whatever reason, will cognite on life — Clear — OT and for good measure receive an incredible education in a vast array of fields. I always, wanted to know, who I was and where I came from, and where I'm going. I never knew that this field of ontology* was just a small substudy of Scientology and I would get my answers on the Briefing Course. I love this course and hope all will do themselves a favor by getting this priceless knowledge. It's not just for auditors its for any person who quests for learning of life.

H.G.

*science of reality.

The best part about the BC is *not* that my IQ, and ability to study have risen!

The best part about the BC is not that the tech is becoming one, smooth entirety, all of which is integral and logical in one view!

Nor is it that my case has improved, all kinds of non-confronts, engrams, Service Facsimilies, etc blowing!

It isn't that my auditing ability is increasing at an unbelievable rate! It isn't that the many and varied mysteries of life have dissolved! All these things are true and many more, for the gains on the BC are huge and varied.

But the big win is that my *full* abilities as an OT are being released across *all dynamics* — I can be, do, have *everything* more and better in any dynamic. I can confront and handle life. I can win.

NEWS FROM ARO

AN INTERVIEW WITH THE MUSIC DIRECTOR OF SOURCE PRODUCTIONS

INTERVIEWER: Hello Mr T.
MR T: Hello.
INT: Let's get right into it.
MR T: Well OK.
INT: How did you get into music?
MR T: I was playing guitar in Tokyo in bands from 13 or 14 years old. I played the usual stuff: Rock and Roll and so forth. That's what got me started. I just really wanted to play music — that was a dream of mine.
INT: How did you get into Scientology?
MR T: (Chuckle) Well, I don't know . . . I was in it *last* lifetime. Anyway, I was visiting the U.S. I heard about it in San Francisco. Actually I had heard about the U.S. and I wanted to see it, to see the world.
INT: What happened?
MR T: A body router in San Francisco gave me a ticket. I had heard the Incredible String Band was in it. I was impressed with their beingness. I saw them in a concert and I was really impressed. So I was interested in Scientology.
INT: Well OK. I've just heard the film score to the new Scientology movie "THE PROBLEMS OF LIFE". It's incredible. Tell me me a little about the creation of this sound track.
MR T: First of all there's a lot of new tech for scoring. I was in the Apollo Stars and we had a lot of recorded LRH Tech. But when we started to work on film LRH realized there were a lot of musical problems which had not been resolved, and he arrived at the exact solutions to those problems, (smiles) of course. As we went along we started colliding with various outnesses in Artist education — as their basics are out in the world today. We had to resolve the difficulty of being unable to express any tone level at will — this is necessary to accurately score a movie. A large number of drills were worked out by LRH which handled our basics as artists. At that point it started to come together.
INT: Great! How is the film score composed?
MR T: By a careful study of the movie and script. A plan was drawn out for it and then I composed the theme's for it. And the themes were given to the music arrangers and they were arranged. That's the sequence.
INT: I'm sure it's not as simple as it sounds.
MR T: That's right (laughs). But basically it *was* simple, once we cogged on it. It's standard tech.
INT: Standard Tech. (Interviewer and Mr. T laugh.)
INT: So then what happens?
MR T: Each arrangement as it is done is played onto tape and carefully checked and reviewed, sometimes several times until it was approved.
INT: I see. Now it's all approved and your're recording.
MR T: We run according to a technique worked out by the Commodore to get a very "clean" recording. Clean in terms of instrument separation, syncronized with the film.
INT: Wow! That's impressive! What is the underlying musical theme of the movie?
MR T It's basic idea is the conflicts in life, that is — the problems of life and their solution.
INT: And that's in the music itself?
MR T: Yes.
INT: Far out!
INT: How many sequences are there?
MR T: Eleven. Eleven separate sequences — and one thing you'll notice right off is that there's music all through this movie, which is something uncommon. The music is designed to tell the story of the film and enhance the mood of it. But it's also designed to stand on its own.
INT: Is there any kind of category it fits in?
MR T: No. It doesn't fit any category. One section is a string quintet, another's a Bach type fugue, another an Irish tune. Whatever's appropriate. But it's all tied together to make musical sense — the total effect is an incredible musical expression of the many problems of life and the joy of their solution.
INT: Yeah! I noticed how the music leads me on and on and on to its incredible climax!
MR T: Well, thanks.
INT: Where do you want to go with the Music Department?
MR T: We've got a lot of films to score — lots more to do. 33 films at last word from the Commodore. We want to keep raising our quality higher. I'd like to see an improvement in overall movie scoring. New ideas — there's more you can do with this than has been done. We'll probably be doing live performances. The Commodore has said it's up to us.
INT: How many do you have in the group?
MR T: We have 9 full time musicians.
INT: Do the arrangers also play?
MR T: Yes.
INT: When will the sound track be ready for release?
MR T: Approximately mid to late June.
INT: Is there anything else you would like to say about this sound track?
MR T: The sound is *very* very different. It's specially designed to be different and new. It communicates far beyond what most standard movie scores do.
INT: Great! Is that it?
MR T: That's pretty much it. We want to revitalize the area of music and bring it up to higher standards.
INT: I think you're doing it. Thank you very much.

AWARD WINNING BASS PLAYER FROM SACRAMENTO PLANS ON DOING THE SAINT HILL SPECIAL BRIEFING COURSE

On January 13, 1979, Rick Shaw was announced as the winner of the Young Artist Award in Sacramento, California.

For the first prize he received a $200 scholarship and will be the featured soloist with the Camellia Symphony on April 7th.

Rick has been using Scientology to further his aims in music. He's now a NED auditor, Ex. Grade IV, Dianetic Clear, (No. 12,169).

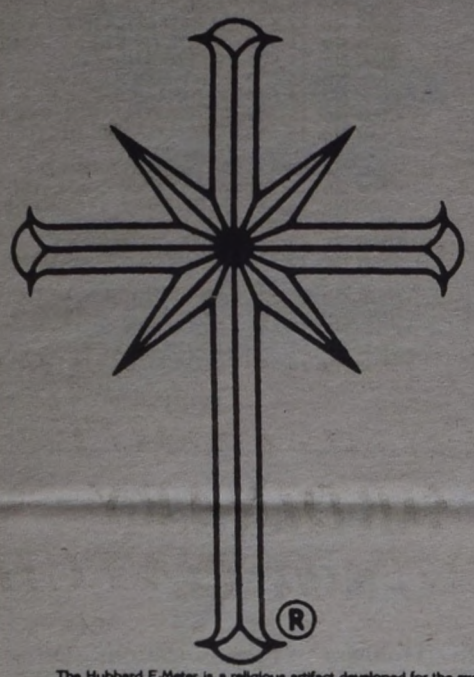

"I've been playing bass for 5½ years now and am making amazing progress because of Scientology."

Rick has also become a member of the Sacramento Symphony after playing for three years. He owes this to auditing he's received just a few months prior to the auditions.

"I've found that my musical abilities increase each time I do some more auditing or training. Both are very important. A person can get audited all he wants and feel great but he still has to deal with other people during daily life. He has to be able to handle them so that they won't enturbulate him or others.

"That's where being an auditor comes in."

Rick's future plans are to do the NED Internship, Levels 0-IV and then on to the Briefing Course, (these are all paid for). Of course the OT levels, too!

IMPORTANT NOTICE

In Hubbard Communications Office Bulletin of 29 November 1978, Case Supervisor Series 104 entitled DIANETIC: CLEAR ATTESTS, L. Ron Hubbard states:

"I have found some very interesting case phenomena being resolved since past Dianetic Clears are attesting to the state.

Some of the manifestations of some of the cases who were audited past Dianetic Clear (unrecognized and unattested to) are:

(a) Manifesting PTSness and illness until the state was acknowledged and attested to.
(b) Appearing to be no case gain, out-ethics cases.
(c) Not moving up the Bridge but remaining "parked" at some point. (They have many 'reasons" for this.)
(d) Becoming inactive as a Scientologist.

In cases mentioned above, you will almost always find that the condition started at a certain point in the pc's auditing (or in his last life, as a pc). If you do a thorough folder study and interview the pc you will find that he went Dianetic Clear just prior to the case going awry. (Or, by interview, you might find he went Dianetic Clear in his last life.) Note: One percent have track dates when they went Clear.)"

WHAT TO DO?

If you are a preclear and feel this may apply to you, immediately notify your Registrar at the American Saint Hill Organization who will arrange for you to get this thoroughly handled. ASHO service is FAST and EFFICIENT. You will need yourself and your pc folders at ASHO.

It can be adjudicated whether a person has attained this state, and if so, the state can be usually completely rehabilitated and attested to in a 5 hour rehabilitation, or 12½ hour intensive of auditng. Donation for 5 hours of auditing is $972.98 and for 12½ hours $2,432.27.

For more information, call The Registrar (213) 660-5553 or write: The Advance Scheduling Registrar, American Saint Hill Organization, 1413 N. Berendo St., Los Angeles, CA. 90027.

ANNOUNCING THE NEW DIANETIC CLEAR SPECIAL INTENSIVE

WHO ITS FOR:

1) A person sent in for this Intensive because his C/S has found indicators in his auditing that he may be Clear.
2) An individual who thinks he is or might be Clear.
3) A person who has not had a formal auditing session to establish it, but has only had a mere D of P interview.
4) For individuals who had an unsatisfactory D of P interview to establish whether Clear or not or who attested Clear and have not been doing well since.

WHAT IT IS:

A Special Dianetic Clear Intensive that establishes with no eval or inval whether the person has actually achieved Clear or not, and that ENSURES that the person who has made it attains a *FULL RESURGENCE of the State.* The State of Clear is magnificent and has been long sought by MAN. This Special Intensive ensures that those who have attained this state gain a FULL RESURGENCE of the State.

HOW YOU GET IT:

Bring yourself and your pc folders (all of them) to ASHO Day IMMEDIATELY. We are totally geared up for FAST SERVICE and 100% Standard Tech and Results. This State is important so come to Saint Hill for EXPERT HANDLING.

WHAT IT COSTS:

The Special Dianetic Clear intensive takes about 5 hours to deliver. However, your pc folders will need an up-to-date FES (Folder Error Summary) and you may need some setups for this intensive. A 12½ hour intensive is thereby suggested and any remaining hours can be used to get you further up the Bridge. The donation for a 5 hour intensive is $972.93 and for a 12½ hour intensive $2,432.27.

1) A person sent in for this Intensive because his C/S has found indicators in his auditing that he may be Clear.
2) An individual who thinks he is or might be Clear.
3) A person who has not had a formal auditing session to establish it, but has only had a mere D of P interview.
4) For individuals who had an unsatisfactory D of P interview to establish whether Clear or not or who attested Clear and have not been doing well since.

WHAT IT IS:

A Special Dianetic Clear Intensive that establishes with no eval or inval whether the person has actually achieved Clear or not, and that ENSURES that the person who has made it attains a *FULL RESURGENCE of the State.* The State of Clear is magnificent and has been long sought by MAN. This Special Intensive ensures that those who have attained this state gain a FULL RESURGENCE of the State.

HOW YOU GET IT:

Bring yourself and your pc folders (all of them) to ASHO Day IMMEDIATELY. We are totally geared up for FAST SERVICE and 100% Standard Tech and Results. This State is important so come to Saint Hill for EXPERT HANDLING.

WHAT IT COSTS:

READ THIS BOOK!

Dianetics, The Modern Science of Mental Health is required reading for anyone who desires to discover the exact nature and anatomy of the Human Mind. And there is no such thing as a good Dianetic or Scientology auditor who does not thoroughly understand the contents of this book.

Variously referred to as "The Handbook," "Book One" and "Dianetics," this text covers the entire theory and use of Dianetics. Many of the fundamentals later developed in Scientology are here in their embryonic stage.

Here in simple language for anyone to easily understand and use are the basic truths and mechanics of the mind.

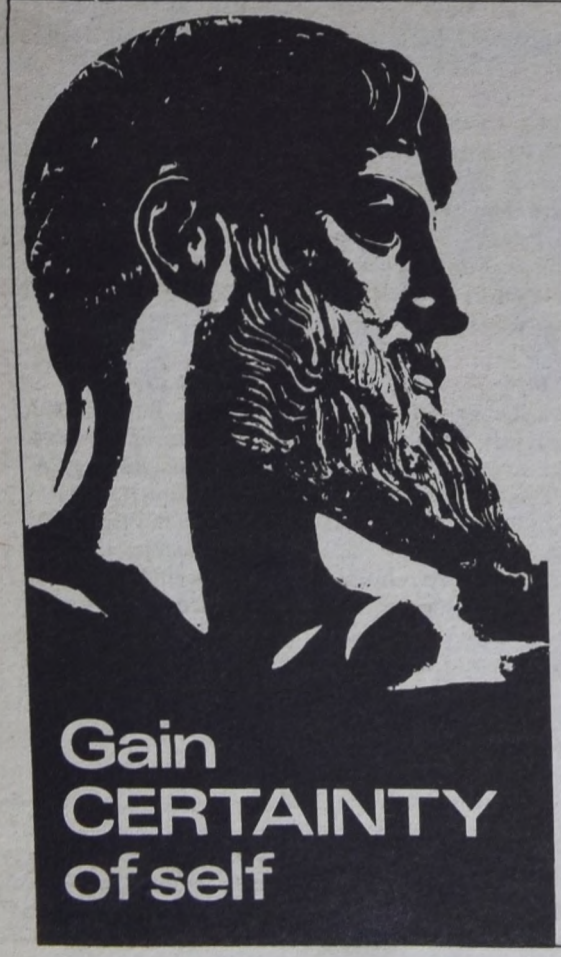

When Dianetics, The Modern Science of Mental Health burst upon the public scene in May, 1950, it immediately soared to the top of the best seller's lists and stayed there week after week. The discoveries that were unveiled in this electrifying book created such a jarring impact that one New York Times book review editor wrote: "History has become a race between Dianetics and Catastrophe. Dianetics will win if enough people are challenged in time to understand it."

Dianetics today enjoys more popularity then ever. Recently L. Ron Hubbard has issued a more refined and advanced version of the subject called New Era Dianetics which makes modern Dianetic methods more comprehensive and efficient than ever before.

But the basic discoveries of the mind are nowhere better stated than in this world famous book, *Dianetics, The Modern Science of Mental Health.*

An open letter to prospective Briefing Course students.

Hi! I wanted to keep you posted on what is happening here on LRH's Saint Hill Special Briefing Course at ASHO Day. The numbers of students enrolling over the past many months have been climbing and climbing and we are moving into the summer with many, many more students scheduled to start. The students are really winning and becoming extremely standard auditors. The reason for the great expansion on the SHSBC is due to the standard supervision, word clearing, Case Supervising, spot on critiques of video recorded sessions and fast and complete course admin lines. We are making Class VI auditors, "the Dukes of the auditor elite." We are creating the new civilization here on the SHSBC and we want you to be part of it.

Love,
Ron Smith
Chief Briefing Course
Supervisor ASHO Day

THE "EXTRAS"

THE BRIEFING COURSE STUDENTS WERE ASKED WHAT ARE SOME OF THE "EXTRAS" ABOUT BEING ON THE BC. HERE ARE SOME OF THEIR RESPONSES:

You make lots of theta friends like artists, real estate brains, musicians, tax experts, doctors, carpenters, writers, poets, magicians and professionals in nearly every field from all over the world.

Being able to share the incredible changes one goes through on the BC with other students of similar reality.

Great student parties.

It's one of the tightest groups I've ever been part of.

BC people are keen, sensitive and very alive.

Friendships are found fast and easily here.

Meet people from all over the U.S. and world. There's a growing international flavor.

There are so many auditors getting trained you get an extroverted viewpoint of the magnitude of Scientology.

If you need a job you can get help from a fellow student.

If you need a place to live you can get help from fellow students.

The students and supervisors work together to get LRH tech duplicated, understood and applied.

Become a part of the group, rekindles 3rd dynamic purposes and activities.

And many, many more . . . .

FUN ON THE SHSBC

The students get together at breaks and lunches for fast volley ball games. On their off time they take in the nearby beaches or mountains or play tennis and every month or so there's a great party thrown.

Here's a picture of one of the promotion pieces made by a student for one of the great parties held recently.

A BRIEFING COURSE STUDENT SUCCESS

It is hard to put in words what the Briefing Course has done for me, as it is an experience beyond what anyone has ever experienced. When I first started the BC (Briefing Course) I wrote to LRH and told him I started it and he wrote back to me "May you never be the same." Truer words were never spoken. I am not the same and from my obnosis no one who begins the Briefing Course is the same thereafter. For those who can understand this — it's an adventure — one you've never travelled the likes of before — it's like an adventure in a different universe. You follow LRH in his thinking as Scientology grows and so you fully understand what he refers to as you study further. I never understood the axioms in Dianetics fully until I read them in the order of time as they come up and now I fully grasp them, as he explains them before and after he wrote them. Its absolutely phenomenal. I wasn't the best student there ever was, but one of the results of the BC is I was really able to speed up my ability to study and duplicate believe it or not.

I started out reading 3 pages an hour. I now read 15 pages an hour with better understanding!

Targetting used to be something I dreaded and now I'm amazed at how here it becomes a gain to meet my target. I'm passing them now!

Regarding co-auditing — I came on the BC a mess. I felt like a "dog" preclear. Since being on the BC I've gotten almost daily auditing and now I'm Dianetic Clear. Supervisors encourage the auditing and no one leaves the BC unhandled. BC students need grades pcs (preclears) as part of their auditing requirements, so if a pc is on NED, they're taken through their grades. If they're Dianetic Clear they get their grades and hop on over to the AO at night. A dynamite combination is auditing and training at the same time!

If you can imagine studying in one of the most theta places on the planet and continuously cogniting and F/Ning on all LRH materials from 1948 on — you can get an idea of the magnitude of wins one can have.

My dynamics have all been on a continual rise on this course. It's the best course I've ever taken!' It's a hatting for life and livingness as well as auditing. You learn the ways of theta and mest — stuff I've always had questions about. Just do it soon as possible. You won't go wrong guaranteed.

Love, E.P.

LIVING IN LOS ANGELES WHILE TRAINING AT ASHO

When people come from afar to train in Los Angeles on the Saint Hill Special Briefing Course or other Courses, obviously there often needs be some attention on inexpensive convenient living accommodations and easy ways to supplement one's income.

First, one must realize that ASHO and AOLA originally came to LA eleven years ago and to these organizations hundreds and then thousands of Scientologists have flocked over the years. Many of these Scientologists remained here and started businesses of all types. Today Los Angeles is a "Scientology Community" complete with four Apple Schools, Scientology-run hotels, boarding houses, businesses, services so numerous that an entire publication is released enumerating the various products and services available from Scientologists in the L.A. area. In addition to this L.A. boasts of about 8 Scientology Organizations or Churches and twenty missions and several field auditor groups.

If a person who is training wants to have part time employment so he can train relatively full time and return home rather quickly, yet still be able to earn some money, these missions and Scientology run businesses are only too happy to employ Scientologist students and are willing to work with you on a schedule.

There are many inexpensive, but adequate housing facilities within walking distance of the complex and the complex is on a cross roads of main roads and public transportation. There is a Scientology run service to even help you locate where to live.

So feel free to plan your least expensive very rewarding training route to OT, secure in the knowledge that your routine mest concerns will be easily handled in Los Angeles.
