PROFESSIONALISM

BY L. RON HUBBARD

Don't ever do anything as though you were an amateur.

***Anything* you do, do it as a Professional to Professional standards.**

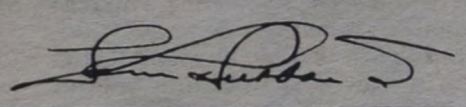

If you have the idea about *anything* you do that you just dabble in it, you will wind up with a dabble life. There'll be no satisfaction in it because there will be no real production you can be proud of.

Develop the frame of mind that whatever you do, you are doing it as a professional and move up to professional standards in it.

Never let it be said of you that you lived an amateur life.

Professionals *see* situations and they handle what they see. They are not amateur dabblers.

So learn this as first lesson about life. The only successful beings in any field including living itself, are those who have a professional viewpoint and make themselves and ARE professionals.

INTERNSHIPS

by L. Ron Hubbard

The word INTERN or INTERNE means "An advanced graduate or a recent graduate in a professional field who is getting practical experience under the Supervision of an experienced worker."

An Interneship then is serving a period as an Interne, or an activity offered by an org by which EXPERIENCE can be gained.

Interneships have been arranged this long while for every auditing class.

A COURSE GRADUATE BECOMES AN AUDITOR BY AUDITING.

That means LOTS of auditing.

A NED graduate who doesn't then audit under an experienced Case Supervisor who knows and demands the standard actions rarely gets to *be* a NED *AUDITOR*. It takes tons of hours to make a real Dianetic auditor who can toss off standard sessions and get his routine miracles.

So if a NED doesn't INTERNE, but simply goes on to the Academy Courses or SHSBC he has skipped his apprenticeship as a Dianetic Auditor.

If he gets his Class VI and never interns but goes on to VIII — well, we now have somebody who has long since lost touch with the reality of why he is studying.

Regardless of Class as a course graduate, a C/S MUST INTERNE HIS AUDITORS FOR EACH INTERNSHIP MISSED ON THE WAY UP.

The "ok to audit" system is used.

One takes any graduate and Internes him on the lowest Interneship he has missed. He reviews his material, gets his drills checked, gets his misunderstood words cleared and gets an "ok to audit" for *that* level. If he goofs he is crammed. And sometimes wholly retreaded. The "ok to audit Dianetics" would be his first okay. This suspends if he has to retread.

When he then has turned out pcs, pcs, pcs, pcs, 5, 6, 8, 10 hours a day for weeks and weeks and is a total success as a Dianetic Auditor, he can go on up.

Then one day he is word cleared, checked out on his drills, and he qualifies for "ok to audit" for IV or VI.

Now it begins all over again. Flubs — Cramming, midnight oil, audit audit cramming audit audit new word clear new drill work audit audit audit 5, 6, 8, 10 hours a day.

Now he *is* a IV or VI auditor.

His next real step is a VI or VII Interne at an SH. If he has been a good IV Interne *Auditor* his VI Interneship after his SHSBC will be a VII Interneship. VII *is* an Interne activity.

If he is going to be a good VIII-IX auditor he will Interne in an AO or SH under an experienced C/S.

Whenever this function is neglected, you don't get auditors. You get doubtful students and out-tech.

On Flag C/Ses have to catch up every missed Interneship to make a high volume high quality auditor.

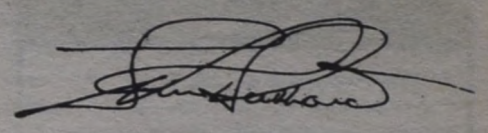

The world renowned Superiority of Flag Auditors is built just like I am telling you here.

There is no reason just that same quality can't be built in any org.

And one day you have IN tech and high volume high Class auditing all over the place.

There IS a right way to go about it.

It is by Interneship.

Take the Giant Step to being more OT on all Dynamics

The Saint Hill Special Briefing Course with Class VI Internship

Training on the Saint Hill Special Briefing Course is a major step to increase your causation on all Dynamics.

The full Scientology library of books, the Technical Volumes, hundreds of taped lectures, all by L. Ron Hubbard, will be absorbed by you, and the answers to all the questions you've ever had will be found on this course. A wealth of skills and knowledge will unfold for you, yours to use forever.

With Standard Training techniques, this course is easier than ever to do. You'll study, drill and audit. And on completion, it's guaranteed that you will be a superb auditor, with full philosophic and technical command of materials up to Level VI. On graduation you become a Provisional Class VI, a Hubbard Senior Scientologist.

Hand-in-glove with the Briefing Course is the Class VI Internship where you become truly perfect in your technical delivery. By going straight-away onto your Internship, as a Provisional Class VI auditor, you'll get immediate "on-the-job" training and invaluable experience under highly skilled supervision. You audit, get errors corrected, and audit some more. When all the rough edges are totally polished up, and you get perfect results on every pc, you graduate the Internship as a Flubless Professional, and you are crowned a Permanent Class VI Auditor.

Prerequisites for the SHSBC: Student Hat, New Era Dianetics Course and Class IV. If you are Clear, you only need to have completed the Student Hat and NED Course. Prerequisites for Class VI Internship: Completion of the SHSBC and an exam passed on the SHSBC Course materials.

Donations: Class V Section $4,071.39. Class VI Section (includes 4 sub courses) $5,880.28. Class VI Internship $2,548.10. (Note: Scholarship rates are available. This information will be provided by the Registrar.)

The Cycle of An Internship at ASHO

An Internship is the major step an individual must take to accomplish the flubless level of expert auditing ability that most people aim to achieve when they start training as an auditor.

STARTING AN INTERNSHIP

When a student completes a training course in Scientology, the first requirement now for acceptance onto an Internship is to satisfactorily pass a written test covering the Course one just finished, in order to show that the Graduate really does know the material for that level and no longer has any attention on the Theory of it at all. Passing this examination verifies that the new Graduate has his materials down cold, and is ready for the action ahead.

After actually routing onto the Internship, a person may have a short period of time where he still thinks of himself as a Student. But he quickly realizes that Courses and Internships are two separate and distinct activities. He has stepped onto a whole new plateau where the stress now is not on studying Theory and learning materials, but on *doing*, and full application of the materials one has already been taught. An Internship is "on-the-job" training under skilled supervision. The newly arrived Intern does receive a Checksheet (some of them personally drawn up by L. Ron Hubbard himself). The materials and drills on the Checksheet need to be fully checked out on the Intern in order to get an OK to audit. These new Checksheets are very streamlined, and a person can usually finish these preliminary actions in from 3 to 5 days of full time work in most cases. Once these basics are established to ASHO Qualification Division standards, a person is OK'd to audit. And now comes a total insistance on doingness and application. The preliminary checkouts for the Class VI Internship are most extensive, but a parallel system is worked out whereby the Class VI Intern gets right into auditing while these other checkout actions are being worked on.

GETTING GROOVED IN

Once the preliminary checkouts are completed, the new Intern gets assigned a Buddy, under the ASHO Internship Buddy System. The Buddy is an advanced Intern who knows the ropes. All the lines (any sequence through which a message of any character may go) and the people he will be dealing with, are shown to the new Intern. Soon the newcomer knows exactly where the Director of Processing's office is, where the Director of Technical Services can be located (for all auditing supplies) also where to drop off Preclear folders to be sent to the C/S, and where to pick the folders back up again once they return. The new Intern also learns who the Cramming Officer is, where one does his crams, and many, many other in's and out's of working in a highly sophisticated organizational system for delivering the very best auditing available.

The new Intern now meets the Director of Processing, who is his direct Administrative Senior for the time he will be Interning at ASHO. And immediately the Director of Processing starts to set the schedules and lines up preclears for the Intern to audit. The Internship schedule starts at 7:30 am each morning, and the reason an Intern is required to report at that time is to do any correction or preparatory work (cramming, etc.) needed to get ready before his first pc is taken into session, which is usually at 9:00 am sharp. ASHO's Hubbard Guidance Center (where the Intern will be working) daily delivers a great volume of auditing hours to preclears from all over the country. And now the Intern is expected to match up to high standards of Ethical and Professional discipline.

CRAMMING

Immediately after the 7:30 am Roll Call and a short Muster each morning, the Interns work on any Cramming orders given to them from the day before, to correct their auditing. It's expected that if at all possible the Intern will get his cramming done in time for his first preclears session at 9:00 am. The concentration in Cramming is on finding the misunderstood that went just before the person flubbed. Once he locates that and fully clears it up, the Intern also gets any drilling connected with the action so that he can be flubless when he gets back into session. It is a fast line. ASHO's Power Class VIII Cramming Officer has personally trained under L. Ron Hubbard, and is one of the best on the planet. He has this to say: *"Every person that I know of in ASHO's Qualification Division, including myself, handles the Interning auditor like they are THE most important person. And everything is done in a validative way. If they get a cram and make an error, we make it very safe to come to cramming and get their misunderstood found. That's what it is is. It's not handled by H.E.&R. ever. It's doesn't have to be, because when they come in, they're upset because they wanted to do well in the first place. And so they find their MU and they're rehabilitated instantly! It's incredible, every time they make an error, they find their MU, or they do just that extra drilling, and then the Internship just becomes easier and easier and easier as that happens."*

USING THE VIDEO

The Video — an instant playback television recording machine — is a very important tool used on ASHO's Internships. And Interns are expected to do daily Video recordings of their auditing sessions, which later are closely inspected by the Cramming Officer who writes critiques on any errors that need to be handled. Then the Intern is expected to correct, by appropriate drill, whatever is found to be less than optimum in his auditing delivery. Only one thing at a time is handled, not everything at once. Sometimes a person's own false self-impression has to be overcome, and he can't believe he made such an error, and he has to play the recording back to see it himself to believe it. By use of the Video recordings, flubless perfection is rapidly achieved on ASHO's Internships.

RUNNING OUT DILETTANTISM

At times an Internship can be tough, but that's because the product being worked for is someone who has the quality of being able to confront anything with the preclear, and being able to handle it. An Interning auditor has to be tenacious and increase his ability to confront preclears who have Banks. Where a student is mainly dealing with the Theory data of a Course, and a relatively small amount of practical application, an Auditor Intern is daily facing and handling the guts of life. It definitely helps build a higher unshrinking confront and fortitude, along with an increased causativeness in life. ASHO's Qualification Secretary also has this to add: *"An Intern has to also confront his own discipline in getting and applying the Tech standardly. There's a million ways how you can do something wrong. But there's only one way how you can do it right, and that's standardly, with Standard Tech. So this activity kind of 'runs this out' on the person, and also it runs out dilettantism."*

HIGH HOURS

An Intern is expected to eventually produce high hours of auditing: 6, 8, 10 hours a day. If for some reason he is not auditing in the evening, the Intern is expected to work if necessary to complete any drilling or corrective actions for the next day's sessions.

COMPLETING AN INTERNSHIP

Toward the end of an Internship, the crams have long since dropped off, and the Intern is definitely producing high flubless auditing hours. He daily receives consistent VERY WELL DONE's for his auditing sessions, and his Video sessions have achieved the level of perfection set by ASHO's very high standards. Auditing is by-the-book and has become an effortless activity for the Intern. The wins grow daily. Finally the Intern writes up a full assembled package of information for the Case Supervisor, and requests that he be approved on his auditing to graduate from the Internship. The Senior C/S reviews the Interns Log of auditing sessions, and also does a final Video check of the Interns auditing skills. If all is OK, and the Intern has achieved the product of being a Flubless Professional, the Intern is given approval to graduate. He is no longer a Provisional Auditor. By perseverance and hard work, he has earned the high honor of being awarded with a Gold Seal affixed to his Certificate, signalizing that he is now a Permanent Auditor for that level of training. The Graduate Intern now proudly ranks with the very best in Scientology . . . one amongst many of the finest auditors on the planet.

"Your Cause Level in Life expands enormously on an Internship."

So says Coleen Tanko, who recently completed her Class VI Internship at ASHO and is now currently on the Class VIII Course. She continues: *"If your goal is to become an auditor, that's where you become an auditor. On an Internship you produce. You become tough because you take responsiblity and it's expected. You become a Professional. The Internship takes you from being a student who audits their friends and families, and toughens you up to the point that anyone can come in as a pc, and your TR's and Tech are so IN, that you just sit down, and away you go."*

An ASHO Internship will make you a Flubless Professional by working under some of the topmost Auditors and Case Supervisors in the world. An Internship can at times be demanding, but the gains and value of such experience in all areas of your life is boundless.

If you are planning to start, or are currently on, a Training course — for your own best benefit, (and to make your Certificate Permanent) don't delay doing the proper Internship for your Level. If you have completed a Course, but haven't yet Interned for the Level, ASHO's expert consultants will gladly help you work out the necessary steps to get you onto your Internship.

ASHO offers a range of Auditor (and Administrative Training) Internships. ENROLL TODAY!

A Day With An ASHO Intern

It's 7:15 am and the city of Los Angeles is gently rousing and shaking off a night of slumber. The bright California sun is slowly starting to warm the day, and the calm morning feels comfortable and balmy at this hour. Mary Lynn Haberman, from Minneapolis, Minnesota, a Class VI graduate of the Saint Hill Special Briefing Course, now on her Internship at ASHO, is awake and in motion, anticipating the busy day's schedule ahead of her.

1) Hubby kisses Mary Lynn goodby as she heads for the Internship.

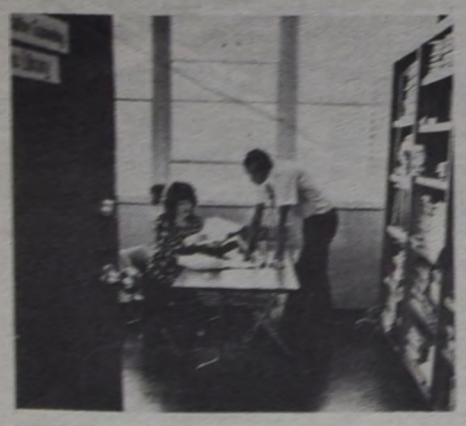

After dispatching a nutritious breakfast and bidding her husband goodby, it's only a few steps for her to walk from where she lives across the street to the American Saint Hill Organization to meet the 7:30 Internship roll call where it's now all smooth and precise acitivty.

2) Interns listen intently to L. Ron Hubbard giving an auditing session.

Quickly settling down to work, Mary Lynn is soon absorbed along with the others in one of the tapes played daily of L. Ron Hubbard giving an actual auditing session. By the end of their Internship, each auditor will be expected to match the quality and delivery they are listening to now.

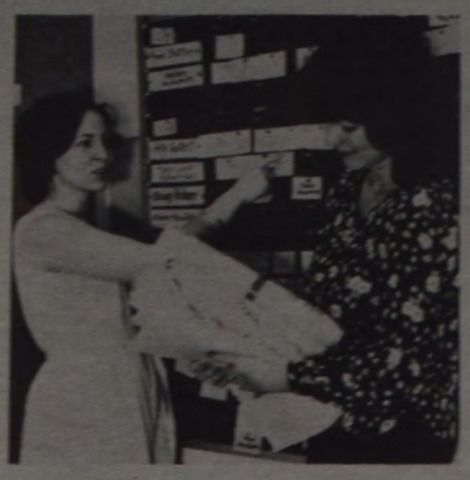

After the tape play, a short Muster is held where news or special items are gone over. And then it's a scramble to look into auditing folders which have come down from the Case Supervisors to see if any Cramming Orders have to be done from sessions given the day before.

3) Cramming is where you find your misunderstoods.

"You come in and see your buddies each day," says Mary Lynn, "and ask, 'Hi, did you get a Cram??' The crams can be pretty heavy in the beginning and it's pretty hard," she goes on. "You go in there and look over the reference and say, 'Oh yeah, I forgot that. That was stupid.' And sometimes you think, 'where did THIS come from?' Interns in cramming can go through different H.E.&R, but ASHO's Cramming Officer, a Power Class VIII, is so good, he's just like the total definition of Power: he holds his position in space. You can go through all this emotion and effort over your crams, and he just holds his position and says: 'Go to the Word Clearer, or 'Do this Drill', and you finally come out of there confident that you'll know what to do the next time."

"After a time you get to a point where you're a good auditor," Mary Lynn goes on, "and then you come in in the morning and maybe you have just one or two little things . . . finally you don't have *any* crams. And then you really start cooking! It get's effortless, and your Tech goes totally in!"

4) ASHO's Director of Processing keeps Mary Lynn busy with Preclears to audit each day.

When any Crams needing to be done are completed, Mary Lynn heads for the Director of Processing who is her Senior in the Hubbard Guidance Center. An Intern soon enough learns the big difference between being an Intern and being a Student on a Course. A Course is where you learn the theory necessary to perform auditing actions. But now on the Internship it's all totally put to use, and the emphasis is on perfecting the application by doing LOTS of actual auditing. "The Director of Processing gives you your pc's and she's your Senior." says Mary Lynn. "If you've got Crams to do and she's got pc's sitting there waiting, it can be pressure. But it teaches you to be professional. It's rushing around, doing TR's getting into session, and so on. And you've got to really keep your Ethics IN. Really strong. Your first pc in session goes overtime — you better cook into your next pc! Your pc's are scheduled and the Dir of Processing expects you to be there at 9:00 am for the appointments. It's very professional. One thing about an Internship: it makes you a tough thetan. You get so tough you could do *anything*. All you have to do is decide to do it, that's all! That's how tough you get."

5) Mary Lynn gets plenty of experience each day at auditing.

The activity picks up momentum and now Mary Lynn is really into the business of the day: AUDITING, and LOTS of it! "The thing is," says Mary Lynn, "the tech is so standard now, pc's blow out so *fast* that sometimes an Intern can have 3 to 4 pc's each day."

Throughout the day, ASHO's brisk activity of getting beings free of their Banks and moving them up the Bridge doesn't weaken. "If you come out of one session earlier than expected, the Director of Processing will call your next pc to come in earlier. Or give you a Dir of Processing Interview to do. Or give you a new pc folder to study. You're just plain *busy*," says Mary Lynn. "Getting new folders to study ties in with being tough, and just being able to take the pc right into session."

When asked how fast does she take to now study a new folder, Mary Lynn answered. "Half an hour to an hour. Because you've got all your stuff down. You study the pc's folder, get the Dir of Tech Services to give you all the auditing Lists and supplies you need. Then you get the pc, get in comm with him and take him in session. You get to the point where you can do anything. You don't have to go and Drill the action you'll be doing anymore, or go and find out something about it. You just get your pc and go in and audit."

6) It gets easier then ever to study new pc folders and get them in session fast.

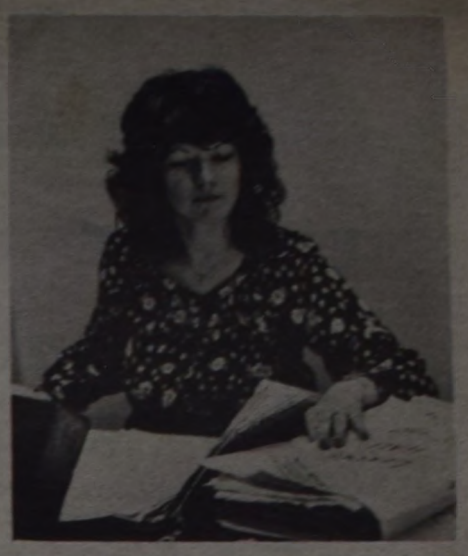

7) A big hug is often part of the thanks one gets.

Hardworking Interns are often acknowledged and thanked in their preclears success stories. And it's not unusual for one of her preclears to express delight and gratitude to Mary Lynn with a big hug for a session well delivered.

8) At dinner break, Interns often converge in an informal way to talk and unwind from a busy day.

Comraderie is high amongst ASHO's Interns, and the free and easy fellowship that develops is an important part of making it. Says Mary Lynn, "You'll make friends that you would never make like you do on the Internship. The whole group is tight and you really start respecting each other." As dinner break draws near at the end of a busy work day, the Interns often gather for informal companionship and chatter. "Auditors stay together," says Mary Lynn. "Somebody can be plopped on the floor, somebody else sitting with their legs up, all sitting around going blah blah blah . . . You talk about funny things that happened during the day, and actual *victories* you made during the day, because you make a lot of them. Like "Had a good day . . . ', 'Oh my pc had this win . . . ', then somebody will say, 'I had a stack of Lists THIS THICK that I corrected today!! And sometimes the C/S will stick their head around in the door and look in . . . The C/S's really love their auditors, they really care about you . . ."

9) After having dinner, time is spent to write up sessions and send them into the CS.

At 6:00 pm Mary Lynn takes her break for Dinner, and then returns to ASHO to either audit another pc, or to work on writing up the auditing reports on her sessions for the day.

When sessions are finally finished and all written up, now comes the time for burning the midnight oil that Ron talks about when he speaks of Internships. Each day the Interns do Video recordings of their sessions and the Cramming Officer daily reviews these and writes critiques on errors he spots. "He writes great critiques and they're always ARCful," says Mary Lynn. "then you get your twin to go over them with you to watch and drill you on what exact thing is wrong."

10) The Video is very useful to help improve auditing skills.

The use of the Video brings to mind the lines of the famous 17th century Scot Poet, Robert Burns. who wrote: "O wad some power the giftie gie us/ to see oursels as ithers see us!" and the Interns find that using the Video as a training tool is an excellent way to "see oursels as ithers see us!" Says Mary Lynn, "It really is hard to believe you made that mistake, and that's the value of the Video machine. When I first started the Internship I was making all these really corny errors, and the C/S just couldn't figure out what I was doing wrong. So I did a Video, and I was laughing and giggling and having a party partically, and I couldn't believe it! Right in session. It was terrible. And I corrected that and all those errors I used to be crammed on just totally fell out. It was worth auditing for a year, just that one Video."

11) A fulfilling day is ended and Mary Lynn heads home with fellow Interns.

When all the last day actions are finally finished, the ASHO Interns end-cycle on a busy and highly productive day. They have each boosted themselves up to new plateaus of ability, and the time spent on the Internship itself seems to fade into nothingness. "When you're on an Internship," says Mary Lynn, "It's like a whole part of your time is just taken out of the Time Track. It's like you're not on the same Time Track with other people. You'll think, 'God, it's the end of June. How could it be the end of June?' Well, it's like, you're so much in Present Time, and so doing what you're doing, that it just As-ises the whole thing."

ASHO's Interns truly become the real Lions of Scientology.

DONATION NOTICE

All suggested donations are listed only for the month of August, 1979. These services increase monthly at the rate of 5% and the books, tapes, meters increase at the rate of 10% a month.

ANNOUNCING
New Book Discounts and Commissions

L. Ron Hubbard in a hot new recent Telex message to orgs announced: "To support the current book boom, Publications Org U.S. is drastically increasing book and meter discounts to make it possible for you to better get books and meters etc. into the hands of the public."

This fabulous new Discount and Commission program now opens the door for you and others to earn extra cash by getting books and meters into the public hands, and it's an opportunity not to miss!

MISSIONS are groups granted the privilege of delivering elementary Scientology and Dianetic services, but do not have Church status or rights.

SALESMAN: Sells books over the counter or by hand.

FSM: Field Staff Member.

Scientology's Publications Organization U.S. is located at 4833 Fountain Avenue, East Annex. Los Angeles, Calif. 90029. In recent years, PUBS Org has rapidly grown to be a major force in the Book Publishing world. By conducting nationwide book selling campaigns (in national press, TV and other media) and constantly promoting to Scientology public, PUBS Org carries out it's basic function, which is to advertise and sell books to the public and Central Files in order to drive business in on the Org and provide tapes, texts and materials to orgs so that they can deliver.

The Orgs refer to Scientology Organizations: the Churches of Scientology around the world (see back page of this Issue for addresses). Every Church of Scientology has it's own Bookstore which sells Scientology books, tapes, and other materials to their local publics. These many Scientology book outlets make up a chain of Bookstores that can easily rival the size, scope and sales volume of any major Bookstore chain in the world.

NEW DISCOUNTS PROGRAM

When buying directly from PUBS Org:

Discounts for Missions are:

55% 25 or more books or 10 or more meters bought in bulk.

10% 1 to 24 books or 1 to 9 meters.

Discounts for FSM's are:

50% 25 or more books or 10 or more meters bought in bulk.

10% 1 to 24 books or 1 to 9 meters.

When buying directly from Orgs:

Discounts for Missions are:

50% 25 or more books or 10 or more meters bought in bulk.

10% 1 to 24 books or 1 to 9 meters.

Discounts for FSM's are:

40% 25 or more books or 10 or more meters bought in bulk.

Discounts for students and pc's.

10 to 20% See Membership Ad on page 11 of this issue for more information on this, or write to the Membership Officer, your local org for further details.

To raw public: No Discounts. FULL PRICE.

FANTASTIC NEW COMMISSIONS

In his recent Telex message, Ron ordered: "Salesman for non-Scientology or hired by Org or FSM's or Missions who sells by hand or over the counter . . . gets 15% commission on each book and meter sold."

An example of how this could work for you: this month sell a Mark VI E-Meter for ASHO's (or your local org) Bookstore, and you get an INSTANT 15% commission of $120.00. Example: sell the Tech Volume Series and get an INSTANT 15% commission of $80.86! Two ways to do this are (1) sell these items personally by hand, or (2) connect the prospect with ASHO's (or your local org) Bookstore Officer and receive the instant 15% commission.

This is a HOT new line, and Ron has promised to soon write a full Issue explaining all the above in detail. Meanwhile, get into this game! And scoop up the fast rewards that can be yours today! And remember: all Dianetic and Scientology books, course packs and other materials, including meters, now increase at the rate of 10% per month. (This is according to Ron's May 8th, 1979 Executive Directive 284-5 International, which states in part: "Printing and paper costs have risen sharply and continue to rise. Books and materials run the risk of being furnished only at a loss and this could cut dissemination lines. Every effort is being and will be made to keep all titles and materials in supply." L. Ron Hubbard.) So get your orders in before the monthly price hike and get your SALES rolling.

For further information, write the Director of Sales, Publications Organization (address listed above) or get with the Bookstore Officer in your local org.

A SPECIAL OFFER FROM ASHO DAY.

ASHO Day is most consistently the highest retail seller of Ron's Books and other Scientology and Dianetics materials, and is offering you a special program to help you Sell Ron's books, meters, course packs etc. in volume within your area to help you get started in this great and rewarding activity. This offer is designed especially to enable you to win in a big way at this game. ASHO staff will give you some successful actions and will show you how to get lots of books sold and get lots of commissions from your sales.

For more information about Book discounts and commissions and the ASHO Day special book selling program call the Bookstore Officer at ASHO Day (213) 660-5553. Or write to him c/o ASHO Day, 1413 North Berendo Street, Hollywood, CA 90027.

ASHO Day's Award Winning Bookstore (recently awarded Best Bookstore in The World — Best Bookselling Org in The World) has lately been remodeled with all new book display cases. ASHO's friendly Bookstore Officer will be happy to get you rolling on the fabulous new Book Program outlined above.

Class VI Revitalize's Dissemination

ASHO's Director of Clearing (left) looks on as Sioux Bushman (second from left) promotes the Super FSM Worshop Series.

A lot of excitement is going on in the field of Scientology Dissemination these days. Sioux Bushman, Class VI, ASHO Graduate of the Saint Hill Special Briefing Course, is revitalizing Field Staff Members and helping to make them vital to the field and financially successful.

Sioux is the Executive Director of the Professional Field Staff Member Association. From her experience as a Class VI Auditor, Sioux knew the importance of having tech and drilling it. "An auditor would never think of auditing unless he had thoroughly drilled the action he was going to audit," says Sioux. "So what makes Scientologists think they can disseminate without thoroughly drilling. They're just setting themselves up for failure."

Prior to doing the Saint Hill Special Briefing Course, Sioux had a boutique in Berkeley, where she sold clothes of her own design, and costumes for singers and films. She decided to go full time on the Briefing Course at the American Saint Hill Organization, and says, "It's the best thing I ever did."

Sioux has been a Scientologist for eleven years, with big aspirations to expand her abilities at Disseminating despite numerous losses in the area. She persisted through on a decision to BE a Field Staff Member. The breakthrough came a year ago — one month after she gave up fashion and started the Briefing Course. Immediately after that she became internationally known.

The next step was to draw from her experiences as a trained auditor and get others to become successful at Dissemination. From her Auditor viewpoint, she was able to observe lack of tech and drilling, people trying to Disseminate without knowing how, or just not drilling.

What grew from this is the Professional Field Staff Member Association, which began in December, 1978, and is now a place where Field Staff Members get together weekly to do drilling. The success of this operation led to the establishment of the Super FSM Workshop Series. This is a five week program of Dissemination training, drilling, with a seminar on, "How To Get Your Friends and Family Into Scientology." The workshops are conducted Sunday afternoons at Celebrity Center in Los Angeles, from 2-5 pm, and on Friday Evenings, at the American Saint Hill Organization, from 7:30 pm — 10 pm. The next Workshop is scheduled to begin July 29th at the American Saint Hill Organization.

Sioux, having just completed OT III, will start NED for OTs soon. "This", says Sioux, "is totally as a result of FSM Dissemination, which is a result of my auditor training on the Briefing Course at ASHO."

Interned Auditor Is Winning In The Field

Reed Slakin, from Detroit, Michigan, has been in Scientology since 1963, and is now O.T. VI and trained up to Class VIII. Reed interned at Saint Hill, Sussex, England, and the American Saint Hill Organization. He did 3 Internships during the years from 1976 to 1977, and immediately afterwards began auditing in the field. He has very successfully continued his field auditing and disseminating as a profession ever since. Here is what Reed has to say about his career as an auditor:

Q. What influenced your decision to become a Professional auditor?
A. I had been studying Scientology for many years and when it came time to make a decision about a career, it was simple — I couldn't think of another profession that would be as interesting, rewarding and useful to others as auditing.

Q. How do you compare your auditing ability before and after your Internships?
A. Interning was the turning point for me as an auditor, particularly under ASHO's Case Supervisors. I can honestly say I felt I could handle any case after putting in the hours on the Internships. Whereas before, I mostly felt that I could audit someone as long as nothing odd came up.

Q. Did you have any particularly notable success on the Internships?
A. One of my favorite wins was the validation of the Tech that several of my pc's voiced in deciding that they wanted to be auditors.

Q. How have the Internships helped you as a field auditor?
A. On the front lines of disseminating Scientology to new people, one in a sense is auditing constantly. The same principles apply on a standardly done dissemination cycle as apply in a standard auditing session. The certainty one gets in handling cases on the internships is vital when contacting the public and making Scientology known to them.

Q. Has your Internship training been useful in other areas?
A. The Internships produce discipline and confidence, and of course these help across the Dynamics. Also familiarity with the Tech gives you instant accessibility to the data and the ability it takes to handle all kinds of situations.

Q. What are your future plans?
A. I've achieved success in getting people into Scientology and auditing them up the Bridge. So that will continue. I'm also going to be doing my Class VIII Internship at ASHO in the next few months. I can't stress enough the importance of Interning! One's success in applying Scientology depends on it.

Performers Span The Globe With Their Music

The remarkably professional talents of Baaska & Scavelli sing out on national radio airplay, as they wing across the Pacific this month to tour in Japan. Don Baaska, Permanent Class VIII Auditor, OT VII, and his wife and Musical partner Valli Scavelli, a Permanent Dianetic Auditor and Class IV, OT III, deliver some of the most lively and communicative music in the jazz-popular mode goin' down on the listenin' scene today.

Don and Valli have built their whole musical act on abilities gained through Scientology training, with a strong purpose of being Opinion Leaders disseminating and introducing celebrities and other people to Scientology. Both have had extensive experience as musicians prior to Scientology training, but had about retired until their meeting at Scientology's Celebrity Center. There they revitalized their goals as artists, inspired by L. Ron Hubbard's viewpoint, to whom they dedicated their most recent album, FLOATING: "A culture is only as great as its dreams and its dreams are dreamed by artists." LRH quote.

With their persistence, and knowledge of Scientology Tech which they are applying to their music, they have a consistently affluent trend very soon to hit a condition of POWER. It's a pleasure to see these two in action. Don's compositions and expertise at the keyboards back up the fluid voice of Valli, whose style range encompasses the originality of Valli as well as the ability to top some of the artists whose tunes she renders. The duo projects a warmth that leaves audiences smiling and fulfilled, and reviewers raving.

They're wished well on their three month tour of Japan, a Jazz loving country, and we certainly look forward to their return to entertain United States audiences so deftly once again.

News of Diana

A lot of interesting things have been happening lately in the life of Diana Hubbard. She is currently full time on the management training award from her father. She expects to complete in a couple months and then increase tenfold her forward swing in expanding Scientology over the world. However, the story doesn't seem to end there . . . .

Excitement is growing in many quarters now that a special project sponsored by Celebrity Centre New York is launching to do a documentary film of Diana. Prominent TV and film professionals are involved. The film will present many new insights and give the inside story on Diana, her family, her life and Scientology. It will premiere around the world sometime late Autumn this year. Watch for more news later.

In addition to keeping up her family and study schedule, Diana has just spent some time in the recording studios of Los Angeles completing "Lifetimes", an instrumental album of her piano compositions produced and arranged by David Campbell. Executive producer was Jimmie Spheeris. Artists Chick Corea and Stanley Clarke feature with Diana. Waterhouse Records of the USA will be releasing it around August.

In Mexico City the Philharmonic orchestra has been playing concerts highlighting the music of Diana,

Ricardo Garcia, Filipe Gil, Sergio Lan, Guillermo Banuet — all leading Dianeticists. The result is a sweeping new era of music in Latin America. Another Philharmonic date is due in October.

Diana is also continuing her public appearances schedule with Canada, Hawaii, Mexico and other locations on the calendar. Her most recently completed event in Canada helped raise $200,000 for the Safe Environment Fund.

New Scholarship Offer

There is a whole new upgrade in the Scholarship Program for Training! With added discount benefits for auditing!

Partial cash scholarships have for some time been offered to upstat and important people which count on their course fees.

Now with the new program, Scholarships INCREASE in a gradient percentage based upon the number of courses a person makes full donations for at any time. For example, the donation for a New Era Dianetics Course, with Scholarship, could allow you a certain cash discount. But if a NED Course plus a NED Internship are fully donated for, the Scholarship allowance can be greater. Further, if along with the NED Course and NED Internship, a Class IV course plus Class IV Internship are also obtained, then the Scholarship would be increasingly greater. And so on. In short, when more than one Training service is donated for at any one time, the new Scholarship amounts provide for an increase in gradient percentages.

Scholarships can be given to Graduates of the Orgs own Courses, but only to those who graduate fully in the expected time.

SCHOLARSHIPS EXPANDED

Scholarships used to be for Auditor training only. However, Scholarships now include Supervisor Training also when donations are made for a full Supervisor Course and a Word Clearers Course.

NEW AUDITING DISCOUNTS

Any student actually attending an Academy Course or an Internship, or a full Graduate of one of these, or a Field Auditor, is awarded a 50% discount of donations on Hubbard Guidance Center auditing. (This does not apply to persons who obtain Courses just to get a professional rate, who then don't attend the Courses.)

THESE SPECIAL DISCOUNTS ARE ONLY IN FORCE UNTIL FURTHER NOTICE, AND THE PERCENTAGES ARE SUBJECT TO CHANGE AT ANY TIME.

So take advantage of this fabulous new Scholarship Program while it's available. Secure your future survival. This offer may end at any time.

ASHO Day delivers *ALL* training through Class IX (specializing in the Saint Hill Special Briefing Course, Class VIII, and Class IX.) To take full advantage of this new Scholarship Program make your donation for *ALL* your training at one time. This new Scholarship Program makes that easy to do. CALL THE REGISTRAR AT ASHO DAY NOW! (213) 660-7940. Or write: The Letter Registrar, ASHO Day, 1413 North Berendo St., Hollywood, Calif. 90027.

Young Clear is a new Star in the Making

Mara Hobel is a vivacious young Scientologist who recently launched a career in national television and she already has a large string of TV commercials to her credit and the promise for many more such wins to come.

Mara, a blue-eyed charmer, recently attested to the State of Clear (#15,977). The up-and-coming young star comes from a line of successful and talented performers. Gene Hobel, Mara's father, a Class VIII, O.T. VI, has been in Scientology since the early 1950's, and is himself, amongst many other talents, a virtuoso musician on the piano. Arlyn Hobel, Mara's mother, a Class VI, O.T. VI, who came into Scientology in the early 1960's, is a talented artist and also has worked at a successful professional dance career. But about Mara's new found vocation, "It was entirely her own idea" says Mara's mother, explaining how the young little performer began to record commercials on her cassette, playing them back and acting along with selections she particularly liked. Then one day while watching television, Mara suddenly jumped up and shouted: "That's what I want to do." And within a surprisingly short time this dynamic mite was doing her first TV commercial with the popular comedian, Dick Van Dyck. In a business where competition is razor sharp, 150 children were interviewed for the part and Van Dyck ended up personally picking Mara to do the part with him. The 30-second commercial aired on ABC TV's Channel 7 three

Mara Hobel, Clear #15,977

times a week for six weeks, and the segments cost the sponsor, Gabriel Busy Puppets, $93,600 in air time.

After that Mara expanded her performances and soon did TV commercials for General Foods, Ideal Toys, Cool Whip, Wisk, Mellow Roast, and numerous other national brand products.

Mara's mother and father, Gene and Arlyn Hobel, are both graduates of the Saint Hill Special Briefing Course, and this is definitely a family that uses Scientology successfully in all that they do. "I am not a stage mother," says Arlyn Hobel. "I have seen some, and they are terrible with their children," apparently referring to certain mothers who keep pushing their children and smacking them when they do not respond. Arlyn has definitely been a strong influence in seeing that Mara's career progresses in a sane way, and Scientology is continuously being applied to make this happen.

Mara's father, Gene Hobel himself follows a busy schedule as a Class VIII Auditor, and he views his childs new career with pleasure. "She's a real ham," says Gene with delight about his pixyish and energetic daughter.

Mara's Scientology training includes the Communication Course, the Children's Study Course, and the Childrens Dictionary Course. Because of her busy new schedule, 8 year old Mara does miss some school days, but a tutor has been arranged for to keep up with general studies, and last year, Mara was a straight "A" student, and she expects the same to be true this year.

Gene coaches his daughter in vocal lessons and Arlyn coaches Mara in the skills of drama. Mara's busy schedule includes classes in gymnastics, and also ballet, tap and jazz dance lessons, which she receives from local instructors in Putnam Valley, New York, where her parents, Gene and Arlyn Hobel are long-time Scientology Mission Holders.

The rise to stardom is certainly moving faster for Mara Hobel. She recently finished a TV ABC movie, "Mr. Gimmie" in which she plays a principle major role. While on the set for this new movie, Mara actually gave lectures on Scientology for the crew and brought in many good indicators on those present!

Her latest win is being signed for the Starring role in a new TV movie, "The Sorrows of Gin," scheduled to air this fall, on WNET TV, Lead Public Broadcasting, Mara plays opposite Sigourney Weaer, the star of the hit movie, The Alien.

Mara has some definite ideas about her future. Needless to say, she wants to be an actress, and Mara's goal is to be tops in TV and movies. "My biggest wish is to play in a movie with John Travolta," says the young Clear. "And when I make a lot of money, the first thing I will do is buy a Rolls Royce."

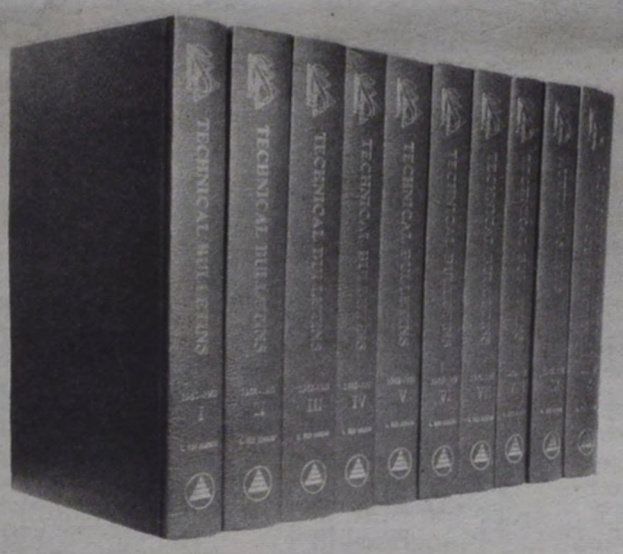

Mara, who is a member of the Screen Actors Guild, is definitely considered a professional by her co-workers. Agents, Casting Directors, camera crews and show Directors alike have validated Mara on her ability to act and duplicate, and on her excellent cycle of communication. In a business where young performers often dramatize and throw tantrums, Mara's absence of case, and ethics presence on the set, have been often recognized and acknowledged by Directors and others she works with. Mara's manager says that he now gets more booking calls for Mara than for any of his other clients.

Clear #15,977, Mara Hobel, definitely appears to be destined to have fun winning at the games she's set out to play in life.

Have Valuable Knowledge & Wisdom at your fingertips

ORDER THIS BIG, EASY-TO-USE TEN VOLUME SET OF RON'S TECHNICAL BULLETINS

No Scientologist should be without this set of books: The Technical Bulletins of Dianetics and Scientology by L. Ron Hubbard.

All of Ron's technical bulletins issued from 1950 to mid-1976 are included in these volumes. That's 26 years of Dianetics and Scientology research and development, over 5,000 pages of Ron's brilliant technology.

These big books include not only Hubbard Communications Office Bulletins, but also all other issue types, such as Dianetic Auditor's Bulletins, Journals of Scientology, Associate Newsletters, Professional Auditor's Bulletins and many others. It's a complete set – all of Ron's technical writings (excluding only confidential issues) issued from the early '50's through mid-1976.

Included in this set is also a chronological listing of all of Ron's famous lecture tapes in the exact sequence they appeared along with his written works. And all of the books written by Ron are also logged as they appeared in the development of the subjects of Dianetics and Scientology, starting with the Original Thesis on forward.

With the convenient and well-worked-out indexes it's easy to locate any subject. Each volume has indexes by subject, date and issue title, and there is a huge master subject index included in Volume X.

Have all of this powerful and useable data at your fingertips in your own library. These big, permanent volumes are beautifully printed, with a luxurious and durable red leather-like finish. It is a large set of books that will last through *years* of constant use.

Price $598.95 (10% discount applies for all International Members.)

For the Auditor who cares . . . Own the new Mark VI E-Meter

From the New Era Dianetics Course and Internship, on up to the highest level of auditor training and Internships, you'll need your own E-Meter. This precision instrument gives you the valuable tool necessary to help measure the state, and change of state, in your preclear.

The Hubbard Professional Mark VI E-Meter is the Rolls Royce of E-Meters. It is an exciting new engineering breakthrough, and is the first real improvement in the meter movement since 1962, when the first Mark V's were released. This new Mark VI is possibly the most accurate and sensitive device of its kind in the world today. Even the most subtle reactions come through with crystal clarity.

Only Dianetic and Scientology auditors or those in training may own an E-Meter. They are not hard to understand and operate, and you can easily learn to do so on various training courses in Scientology.

The outer shell of the new Mark VI E-Meter is made of injection molded high impact plastic (similar material to the US telephones) easily cleaned with a damp cloth. The shell has been specially designed internally to be dust proof and, unlike the Mark V, every opening (like charge socket, PC jack outlet, etc.) is completely sealed inside. The Tone Arm Knob and dial has specially been recessed so that you could audit without a meter shield and the PC cannot easily see the TA position.

The new Mark VI features a specially designed digital read out for the Tone Arm Divisions. It is far more accurate than prior Tone Arm Counters and even records all the way up to 199.9! A Digital Clock is also installed in the Mark VI with large read out numbers that make it easy to spot the time progression of a session.

This new advanced E-Meter comes in 5 popular colors and all attachments (Charge Cord, PC leads) exactly match the color of the meter.

A molded plastic carrying case (which is also lockable) is included with the purchase of your Mark VI. The inside of the carrying case is lined with dark grey foam molded to accept the meter and accessories, and carrying case design was made especially durable and sturdy so that it can be used for shipping the meter.

Price: $964.98 (International Membership discounts apply).

California also include 6% sales tax.)

IMPORTANT: Send verification with your check, money order that you are entitled to own and use the Church Confessional aid. (Any non-verified request will be returned with the check or money order.)

The Hubbard E-Meter is a religious artifact developed for the exclusive use of ordained Ministers and theological students who are trained in its use in Church ministrations. It is not intended for and is forbidden by the Church to be used in any medical or physical treatment or the diagnosis, treatment or prevention of any disease. By itself it does nothing and is strictly not to be employed for medical or scientific purposes. Its purpose is to assist the Minister to locate in his parishioner areas of travail so that he can assist in the relief of spiritual suffering. The existence and use of the E-Meter is sanctioned by law, and the copying of it or attempts by unqualified persons, doctors, scientists, psychologists, or psychiatrists, to obtain or use one are actionable under law in the United States. To obtain an E-Meter one must be a sincerely enrolled student of the Church of Scientology or a fully qualified Minister of that Church and must undertake as well to become wholly skilled in its purpose and use. No other persons are permitted to have E-Meters. The Church permits the E-Meter to be sold, possessed or owned only under these conditions.

Garden Chapel Planned

Area for the outdoor chapel.

The Interior garden courtyard on the ground floor of ASHO is a lovely, tree-shaded and peaceful area soon to be converted into an outdoor Garden Chapel, for Sunday Services, Weddings, Christenings and other such Church events. If you would like to enjoy tree-shaded areas, paved walks, lovely lawns, gravel paths, ever-blooming flowers, a fountain, a fish pond and murals, now you can. Assistance will be needed in this project and if you would like to help, or know of others who you think would like to help, on the Garden Chapel Project, just contact Rev. Eunice Ford, ASHO's Senior Chaplain. Professionals and amateurs are most welcome.

An Interview with ASHO Interns

A number of ASHO Interns gave answers to the following questions:

(1) What would you tell an auditor in the field who has completed a Training Course but, because of some reason, hasn't routed onto an Internship yet?

(2) What wins have you had on the Internship?

Jim Paterson completed his NED and Class VI Auditing Internships, and also his NED and Class VI C/S Internships.

(1) First off, if they have back-off, that's a real good reason why they should do an Internship. An Internship is the thing that makes you into an auditor, because you have to audit, audit, audit. And you get Crammed . . . good Cramming. And you do Videos. So as you sit out there, you may not know what's causing your back-off; or you might know somewhat. But it can get handled!

(2) I'd audited thousands of hours before my Internship and I could handle preclears. But by doing the Internships . . . getting any questions or uncertainties cleaned up, gave an air of professionalism that I'd had somewhat before, but this really put the icing on the cake. With my C/Sing Internships . . . before there were just certain areas of Tech I hadn't had to duplicate exactly correctly; with the C/S Internships I found out where those areas were and got them corrected.

Kim Pearson, a 14 year old currently on her NED Internship.

(1) They ought to do it because that's the only way you learn to be a flubless auditor. On a course you only get to do a little bit of Practical at the end, and you don't get to do that much actual auditing. On the Internship, you just do a little bit of Theory and then it's ALL Practical. So you really get a lot of good experience under really hot C/Ses.

(2) I've gotten my TR's in really well, and that was a great win. It's really nice to see how good they are in comparison with how they were before.

Bernie Rizzardini recently completed his Class VI Internship. He's now on the Class VIII Course.

(1) They actually haven't applied the data they've got to a life situation. And therefore I think they're missing part of it's use. So definitely go in and do an Internship.

(2) I've had many wins. Basically it was just being able to apply the Tech every time, Standardly so that you know you're going to get a product. And auditing is a lot of fun when you can get a Product every time.

Richard De Armond is a Provisional Class IV and is currently on his NED Internship.

(1) Do it NOW because you really get the wins! You get certainty and you can go out and produce a change. And you don't have to be a Class VIII to get through the NED Internship. You get the level of ability of a good NED Auditor and you can produce a lot of change in somebody.

(2) Oh bunches of wins! I've picked up actually a couple of case levels myself. Like I attested to being In Valence, which is the End Phenomena of the Identity Rundown.

Susan Crowley recently completed her NED Internship and is now currently on the S.H.S.B.C.

(1) They have to do an Internship, they have to do that! I mean, you can audit lots and lots of hours in the field, but until you're connected to the Org and have very trained C/S's and everybody here to help you work out anything that you have questions on . . . I would imagine in the field you can have questions on stuff and never get them cleaned up. At the Org you get them all answered.

(2) My main win was in feeling such a resurgence of Cause, and making everything go right.

Helen Kitchen is currently on her Class VIII Internship.

(1) If you haven't done an Internship, then you're not a Pro, and you can't call yourself a PRO. And in these days of Inflation and high prices, that Preclear is entitled to the very best you can give him. And what is that but Standard Tech.

(2) My PC's have been good products. I've had excellent, excellent Case Supervisors trying to get me through and make me a real PRO, so that any case that came in I could handle with 100% Standard Tech and Admin. If you work with excellent C/S's like we have here at ASHO, they'll hone you . . . and believe me, I'm being honed!

Scientology Definitions

ADMIN: A contraction or shortening of the word administration. Admin is used as a noun to denote the actions involved in administrating an organization. Also used to denote the action or fact of keeping auditor's reports, summary reports, worksheets and other records related to an auditing session.
ANTAGONISM: At the level of tone 2.0, affinity is expressed as antagonism, a feeling of annoyance and irritation caused by the advances of other people toward the individual.
ARC: A word from the initial letters of Affinity, Reality, Communication which together equate to understanding.
AS-IS: to view anything exactly as it is without any distortions or lies, at which moment it will vanish and cease to exist.
ASHO: American Saint Hill organization.
AO: Advanced Org.
AUDITING: The application of Scientology processes and procedures to someone by a trained auditor.
AUDITOR: One who has been trained in the technology of Scientology. An auditor applies standard technology to preclears. One who listens and computes; a Scientology practitioner.
BANK: A colloquial name for the reactive mind. This is what the procedures of Scientology are devoted to disposing of, for it is only a burden to an individual and he is much better off without it.
BLOW: The sudden dissipation of mass in the mind with an accompanying feeling of relief. A definite manifestation and the pc must say "something blew" or "it disappeared" or "it's gone" or "it vanished," not "I feel lighter."
BRIDGE: A term originating in early Dianetic days to symbolize travel from unknowingness to revelation. The route to Clear, the Bridge, which we call the Classification Gradation and Awareness Chart.
BRIEFING COURSE: Saint Hill Special Briefing Course.
CASE: The way a person responds to the world around him by reason of his aberrations.
CASE SUPERVISOR: The C/S is the case supervisor. He has to be an accomplished and properly certified auditor and a person trained additionally to supervise cases. The C/S is the auditor's "handler." He tells the auditor what to do, corrects his tech, keeps the lines straight and keeps the auditor calm and willing and winning. The C/S is the pc's case director. His actions are done *for the pcs.*
CHECKSHEET: A list of materials, often divided into sections that give the theory and practical steps which, when completed, give one a study completion. The items are selected to add up to the required knowledge of the subject. They are arranged in the sequence necessary to a gradient of increasing knowledge on the subject. After each item there is a place for the initial of the student or the person checking the student out. When the checksheet is fully initialed, it is complete, meaning the student may now take an exam and be granted the award for completion. Some checksheets are required to be gone through twice before completion is granted.
CLASS: Refers to the level of Classification of an auditor.
CLASSIFICATION: An award earned by an auditor that entitles him to audit certain levels of processes, and that shows that he has attained the ability and skill to do so by actual test.
CLASSIFICATION, GRADATION AND AWARENESS CHART: The route to Clear, the Bridge. On the right side of the chart there are various steps called the states of release. The left-hand side of the chart describes the very important steps of training on which one gains the knowledge and abilities necessary to deliver the grades of release to another. It is a guide for the individual from the point where he first becomes dimly aware of a Scientologist or Scientology and shows him how and where he should move up in order to make it. Scientology contains the entire map for getting the individual through all the various points on this gradation scale and for getting him across the Bridge to a higher state of existence.
CLEAR: A Clear is a being who can be at cause knowingly and at will over mental matter, energy, space and time, as regards the First Dynamic (survival for self).
CRAMMING: The cramming section teaches students what they have missed. This included trained auditors who wish to be brought up to date on current technical developments.
C/S: Case Supervisor.
DIANETIC CLEAR: The State of Dianetic Clear means the pc has erased his Dianetic case or mental image pictures; he has attained the ability to be at cause over mental matter, energy, space and time on the first dynamic.
DIANETICS: Man's most advanced school of the mind. From the Greek *dia*, through the *noos*, soul, thus "through soul" or "through thought".
DYNAMICS: The dynamics are the urge to survive expressed through eight divisions (1) self, (2) sex, and the future generation, (3) the group, (4) mankind, (5) life, (6) matter, energy, space, time, (7) theta, (8) the Supreme Being.
E-Meter: The E-Meter is a religious artifact used as a spiritual guide in the church confessional. It is an aid to the auditor (minister, student, pastoral counselor) in two-way communication locating areas of spiritual travail and indicating spiritual well-being in an area.
ENGRAM: A mental image picture which is a recording of a time of physical pain and unconsciousness. It must by definition have impact or injury as part of its content.
ETHICS: The rules or standards governing the conduct of the members of a profession. Ethics has to do with a code of agreement amongst people that they will conduct themselves in a fashion which will obtain to the optimum solution of their problems. That which is enforced by oneself, his belief in his own honor, and good reason, an optimum solution along the eight dynamics.
FLAG: Flag Land Base.
FSM: Field Staff Members, they are missionaries who disseminate Scientology, sell books, courses and counseling services, and introduce people to the Church. They often support themselves in the field by receiving ten per cent payment from their local Scientology Organization on the donations paid by those they select for Scientology services.
GRADE: A series of processes culminating in an exact ability attained, examined, and attested to by the pc.
H.E.&R.: The counter emotions and reactions which aberrated human beings express when they are guided toward suvival objectives. They are usually below 2.0 on the Tone Scale. (Ed. note: for 2.0, see Antagonism above.)
IDENTITY RUNDOWN: We have never before had a Dianetic process specifically directed to getting a pc into valence. The Identity Rundown now handles that. It specifically takes up and handles valences the pc may be in by using the New Era Dianetics tech. Freud said that people who are detached and to whom things are unreal could never be handled. This one makes him wrong and the pc right.
IN TECH: When tech is in, we mean that Scientology is being applied and is being correctly applied.
INTERN(E): An advanced graduate or a recent graduate in a professional field who is getting practical experience under the supervision of an experienced worker.
INTERNSHIP: Serving a period as an intern, or an activity offered by a Church of Scientology by which experience can be gained. The apprenticeship of an auditor is done as a Scientology Church intern. A course graduate becomes an auditor by auditing. That means lots of auditing.
IN VALENCE: What we mean by "in valence" is simply in the valence he was in when the engram occurred. Now when we say out of valance we mean simply and entirely the pc was not in the body he was occupying during the incident. (Note: see Own Valence.)
LEVEL: Grade and level are the same thing but when one has a grade one is a pc and when one has a level one is studying its data.
L.R.H.: L. Ron Hubbard, Founder of Scientology.
M/U: Abbreviation for misunderstood.
N.E.D.: New Era Dianetics:
NED for O.T.'s: New Era Dianetics for OT's Rundown was developed especially for Dianetic and Scientology Clears who have completed the Grade of OT III. L. Ron Hubbard's most major breakthrough since 1968 when he released OT III, it can only be delivered at Advanced Organizations and at Flag Land Base by Class IV, OT III Advance Course Specialists. The end phenomena of "NED for OT's" Rundown is: Cause over Life.
ORG: Organization.
ORG BOARD: (Organizing Board) a Board that shows what functions are done in the Org, The order they are done in, and who is responsible for them.
O.T. (Operating Thetan): A Clear who has been familiarized with his environment to a point of total cause over matter, energy, space, time and thought, and who is not in a body.
O.T. LEVELS: The solo auditing levels OT I through OT VIII . . . There are perhaps 15 levels above VIII fully developed but existing only in unissued note form, pending more people's full attainment of OT V, OT VII, and OT VIII.
OUT TECH: Means that Scientology is not being applied or is not being correctly applied.
OWN VALANCE: His own concept of himself. He's at the point of view from which he viewed the picture *while* it happened.
PC: Preclear.
PRECLEAR: A spiritual being who is now on the road to becoming clear, hence preclear. One who is discovering things about himself and who is becoming clearer.
PRESENT TIME: The time which is now and which becomes the past almost as rapidly as it is observed. It is a term loosely applied to the environment existing in now, as in "The preclear came up to present time", meaning the preclear became aware of the existing matter, energy, space and time of now. The point on anyone's time track where his physical body (if alive) may be found. "Now."
PROCESS: A question or set of questions or directions used by an auditor in a session to help a person find out about himself and life.
PROCESSING: See Auditing.
REACTIVE MIND: Comprises an unknowing, unwanted series of aberrated computations which bring about an effect upon the individual and those around him. It is an obsessive strata of unknown, unseen, uninspected data which are forcing solutions, unknown and unsuspected, on the individual — which tells you why it remained hidden from an for so many thousands of years.
RELEASE: A release purely and simply is a person who has obtained results in processing and has a reality on the fact that he has attained those results. That severely is the definition of release.
SCIENTOLOGY: An applied religious philosophy dealing with the study of knowledge, which, through the application of its technology can bring about desirable changes in the conditions of life. (Taken from the Latin word SCIO - knowing in the fullest sense of the word, and LOGOS — to study.)
SESSION (AUDITING SESSION): A precise period of time during which the auditor listens to the preclear's ideas about himself.
SOLO COURSE: While this is a *course*, it is a prerequisite to the auditing levels to follow, as they are all "Solo" auditing levels, in that the person does the auditing himself. This course trains one how to solo audit.
STANDARD TECH: That tech which has absolutely no arbitraries. Standard tech is not a process or a series of processes. it is following the rules of processing.
STUDENT HAT: Trains one on how to study successfully and how to resolve study difficulties before they defeat one's willingness to study. This course is vital for the study of Scientology courses and would be of great benefit to any student.
TECH: By tech is meant technology, referring of course to the application of the precise scientific drills and processes of Scientology. Abbreviation for "technology" or "technical", depending on context. The technology referred to is normally that contained in Hubbard Communications Office Bulletins, Books and Tapes by L. Ron Hubbard. It also means the "Technical Division" in a Scientology Church (Division 4, the division of the org that delivers training and processing).
THEORY: The data part of a course where the data is in books, tapes and manuals is given.
THETAN: The personality and beingness which actually is the individual and is aware of being aware and is ordinarily and normally the "person" and who the individual thinks he is. The thetan is immortal and is possessed of capabilities well in excess of those hitherto predicted for man.
TIME TRACK: The time span of the individual from beingness to present time on which lies the sequence of events of his total existence.
TONE ARM: Meter control lever on the E-Meter. (See page 8 of this issue for photo and information on the E-Meter. Also read E-Meter Essentials by L. Ron Hubbard available from Scientology bookstores.)
TRS: Training regimen or routines. TRs are a precise training action on Scientology courses which train students to communicate and audit.
VALENCE: A valence is a synthetic beingness, at best, or it is a beingness which the pc is not, but is pretending to be or thinks he is. That beingness could have been created for him by a duplication of an existing beingness, or a synthetic beingness built up by the descriptions of somebody else. A valence is a substitute for self taken on after the fact of lost confidence in self.
VIA: Means a relay point in a communication line. To talk via a body, to get energy via eating alike are communication by-routes. Enough vias make a stop. A stop is made out of vias.

HCO POLICY LETTER OF
26 OCTOBER 1976

ALL AUDITORS

PROVISIONAL CERTIFICATE EXPIRY

Any person who has obtained a certificate without having done a full internship and demonstrated his competence is subject to certificate cancellation if the certificate is not validated at the end of one year.

Therefore, all former — and present and future — students who have not done a full and properly conducted interneship after a period of one year from the date of course completion shall have their certificates cancelled for the class not interned.

All past provisional certificates which have not been validated by an interneship and which are one year old from the date of course completion are hereby cancelled.

Such students should be notified and should be enrolled on the interneships for the class.

If a properly conducted interneship is satisfactorily completed, the certificate may be reissued.

ASHO's Interned Auditors are IN DEMAND

John Zigel, Class VIII, OT IV, and his wife, Vivian Zigel, Class VIII, OT IV, are two successful Field Auditors and have this to say about their wins.

"Before doing the Internship, I was a good auditor, but not a Professional Auditor," says John Ziegel. "After finishing the Internships, I could handle any case, felt fully competent as an Auditor, and was able to feel comfortable to audit as an Auditor, and was able to feel comfortable to audit in the field, in an Org or anyplace. The biggest change I went through on the Internship was getting over the pre-session jitters, afraid that something would happen in a session that I might not be able to handle or that I would be thrown off by. After the Internship, that was COMPLETELY GONE! Additionally, the demand level in the field for competence and intelligence is tremendously high — and highly trained people are just much more respected. Plus, keeping Standard Admin IN in other areas of life has definitely improved. There's just no comparison between my auditing ability before and after the Internships."

Vivian Zigel puts it this way: "With an Internship, my attention is on achieving that level of skill so that I feel confident to handle any case that I want to. Before I ever did an Internship at ASHO, I was scared. I couldn't audit for long sessions. I got tired easily. After I completed my Internships I found that I could sit in sessions for hours without physical discomfort or worry about the cases. The Internships I've done since have simply increased that. Now I have absolutely no back off from auditing anybody."

David Haberman, is a Permanent Class VI, ASHO Trained, and currently working on his OT III.

"Since the Class VI Internship," says David, "I have found auditing to be smooth, easy, and successful. My pc's are currently all winning, and moving up the Bridge rapidly. I find C/S's refer pc's to me when they need something to get the pc's back on the track. And it works. The pc's love it and write rave success stories to me, the C/S and L.R.H.. The word gets around too. At one point, many of the pc's in one Mission asked for me when they came for auditing. They asked for me specifically when other Auditors were available, but not as highly trained and Interned. The Director of Processing got so confused by the regularity of this, that she thought something was WRONG. I finally had to tell her that this is what is EXPECTED of a Professional Interned Class VI. The tech is so good (thanks to Ron) that with well-trained application (thanks to ASHO Internships) you get REMARKABLE results.

"In another Hubbard Guidance Center, statistics, especially Gross Income, improved so much due to me that I ended up with a raise, and my seniors are being VERY nice to me.

"Needless to say, I feel great about my successes, and I'm sure I'll have many more in the future. I'm on the Class VI C/S Course now, and I'm looking forward to the Internship. (This time, instead of early in the morning, I will be staying up late at night, Interning on the C/S's hours.)

"As far as I'm concerned, ASHO's internships are tops."

I would like to give my recommendations to anyone, who has even a slight desire to be a professional auditor to do an Internship. You just aren't going to be as good without it. An internship is what really makes you a pro.

I've done quite a few internships and loved each one, especially the end results. I also found the demand for my services picked up. When you are an interned Class VI or above you can work just about anywhere in the world. The choice is yours. I think that is pretty exciting.

Frances Godwin, Class VIII

Internship Graduate Wins

I realized by being on the Internship that it is possible to correct things, mistakes, products, pcs, uncertainties. This sounds a bit silly, but before the Internship I felt fixed and unable to make major changes in my abilities. I don't feel that way now.

Sandy Chapman

Needless to say, I made this a tougher Internship than it should have been, but I'm glad I did because it made a thetan out of me.

The C/Sing, Cramming and Supervising are incredibly good. The new video machine really is an asset to Qual at ASHO. It has raised my ability to meter and audit a PC simultaneously in addition to my confront. I can also see an increase in Tech quality here at ASHO.

The internship is a strange love-hate relationship for me. I love what I'm doing but I hate getting up early in the morning. That, needless to say, blew after I decided to graduate.

I feel very stable and competent as an Auditor, Class IV. I can audit, and I really want to acknowledge ALL the people who helped me. Thank you.

And to Ron for pointing out a better way to Be.

Andy Meek

The Study Tapes

By L. Ron Hubbard

These eight powerful lectures on the true technology of Study were first given in 1964 as part of L. Ron Hubbard's weekly briefings to the auditors on the Saint Hill Special Briefing Course.

Now you can also easily put this valuable data to use to vastly improve your own study of any subject and help you prepare for higher training.

The importance of knowing how to study cannot be overestimated, and these lectures are the most important breakthrough on the subject of learning ever made.

Price for the full set of 8 (4 tape reels, 2 lectures per reel, each about 90 minutes long) $266.20.

GO CLEAR

A Clear is wholly himself with incredible awareness and power.

Clear is priceless. Clear is a state where you are permanently free of the Reactive Mind and free to pursue your own basic purposes. It is a stable state, not subject to relapse or deterioration.

The cost of Clearing is but a token compared to what you achieve.

On the Clearing Course you can smoothly erase the Reactive Mind and overcome the barriers to spiritual independence and serenity.

Full auditor training recommended but only Solo Audit Course and Grade VI Release pre-requisite.

Donations: Solo Audit Course $4,071.39, Grade VI $1,960.07. Clearing Course: $3,136.11.

Simply contact the Registrar at the American Saint Hill Organization who will be able to assist you to plan out your route to Clear. Call The Registrar: (213) 660-5553, or write The Letter Registrar, The Church of Scientology of California, ASHO Day, 1413 N. Berendo Street, Los Angeles, California 90027.
