WHAT WE EXPECT OF A SCIENTOLOGIST

By L. Ron Hubbard

We inherited, when we began, a great many hidden errors in the society, so deeply laid they seemed right. "Everybody knows that . . ." is a tombstone of progress for it contains uninspected lies that bring the wittiest of us to grief. "Everybody knows that Man is Evil" was only one of the many things we found wrong, exposed and dropped from our own knowledge.

However, in the field of what is expected of a Scientologist, we have for ten years carried along an inherited error. It is this: "Everybody knows that a specialist in a science hangs out a shingle and, if a professional, becomes a private practitioner."

Now, listen. Psycho-analysis was developed in 1894 by Sigmund Freud. Everybody who studied it was expected to hand out a shingle and start practicing. It took half a century for psycho-analysis to become generally known by the people. Yet how could it miss? Its tenet was that if you were sexually uninhibited you would be happy.

The psycho-analyst took his cue from the medico of his day. If you could heal you were a healer with a shingle.

Well, I'm afraid a lot of us have bought this too. If we were trained in Scientology as a professional we should hang out our shingle as a practitioner. With all due respect to the Scientologists in professional practice (where they have every right to be) this is not a true idea. It is borrowed idea. It's as old as the witch doctor.

A Scientologist is the being three feet behind society's head. And society runs on eight dynamics, not in a sick room. Some of us, of course, would become professional practitioners. But a professional Scientologist is one who expertly uses Scientology on any area or level of the society.

A housewife who does not have professional level skill in Scientology could not expect to run a wholly successfully family or keep order in her neighborhood and keep her family well. A factory foreman could not possibly handle his crew with full effectiveness without professional Scientology skill. The personal assistant to a corporation executive could not do a fully effective job without being a professional Scientologist. A corporation president without a certificate will someday fail. And the head of a country would go to pieces if he didn't know Scientology from a pro angle.

How can these people handle life if they have no expert knowledge of how to handle life?

Now we don't expect everyone in the world to become a trained auditor. But we expect the people who are making the world to have a knowledge of how to make it go.

A *trained* Scientologist is not a doctor. He is someone with special knowledge in the handling of life.

We have many, many personal success stories in Scientology. They begin with a book acquaintance and bloom when professional skill enters the background. These people, small people, big people, drove a wedge for themselves into companies, societies, with Scientology and then took over control of the area. They succeeded where they never would have dreamed they could. And every time one of us drives in such a wedge, we all win because the world is brought nearer to a sane and decent world.

The factories, the marts of trade, the homes, the neighborhoods, these are the places we want *trained* Scientologists. In that way alone, we're on the busy, still healthy communication lines of the world.

Some of us need to run centers and schools just to give the rest of us service when required. Training at a pro level must continue and *must* be kept good. And service and communication must be given. Hence, we have Central Organizations on every continent and HCOs. But if we avoid the throbbing comm lines of the world and act like doctors, we will not win soon enough as a group.

The Churches of Scientology Provide Answers

Academy Level Training through your local Church of Scientology, or the American Saint Hill Organization (ASHO), is a step on the way to the complete technical certainty one receives on the Saint Hill Special Briefing Course. In order to take this first step, one must first learn to be a totally effective student. This is achieved by taking the Student Hat Course, which contains all of L. Ron Hubbard's fantastic breakthroughs on the subject of study. Any and all barriers to study are thoroughly handled by this incredible course. One then masters the theory and application of Dianetics on the New Era Dianetics Course which in itself is one of man's most breathtaking of adventures. With this complete, you're ready for your Academy Level training.

As is true with all Scientology training, the Academy Levels give you not only the means of handling human aberration, but also provide you with the most fundamental answers to the majority of life's problems. Thus in learning how to handle others, you also gain certainty in the ability to handle your own life. L. Ron Hubbard describes it in this manner:

"Many people believe that Scientology materials contain mainly processes. They think of Scientology as processing. This is a very narrow view. It is understandable enough as processing is the way out for them. But this neglects the more considerable materials which deal with basics and fundamentals.

"Processes are only one use of these.

"Other people, having gotten their smallest toe damp as an HAS then wander off to other fields looking for answers, whereas had they taken Dianetics and Scientology Grade Training, to say nothing of the Saint Hill Special Briefing Course, they would have found more fundamentals than exist in all other subjects combined, a fact which any advanced student of Scientology can confirm."

Each Church of Scientology around the world has an experienced registrar one can confer with for details of enrolling on the courses mentioned above. Get the answers. Find out how you can be a part of the Academy Level Training.

Any trained Scientologist can win to success in society. Heightened I.Q., a knowledge of life, a forthright attitude — with these things it is easy for him or her to improve a social or business position, to get higher pay, to exert wider personal influence. This we know we can do, we have done it so often, so let's improve the ability.

Process people week ends, run a co-audit some evenings of the week at home, but get on the active lines of the world and make your presence felt.

It takes full training to do it. It's been done from our books alone but not always well. It takes tough Academy training to make a Scientologist, so don't go at it half armed.

And stop feeling apologetic because you are not a "full time auditor". We are the auditors to the world, not to a handful of the sick.

We are not doctors. We are the world's trouble shooters. When we make a company win, the whole world wins; when we make a neighborhood win, we all win.

A full time Scientologist makes life better wherever he is. And that is enough pro activity for anyone.

What do we expect of *you*? To become the best Scientologist that can be and to get on the comm lines of the world and bring a big win where it counts. We don't expect you to hang up a shingle as a doctor and have a private practice. We'll respect you if you do. But we'll respect you just as much and even more if you get trained as a pro and go out and up in the world of action and of life.

Hit for the key spots by whatever means, the head of the woman's club, the personnel director of a company, the leader of a good orchestra, the president's secretary, the advisor of the trade union — any keyspot. Make a good sound living at it, drive a good car, but get your job done, handle and better the people you meet and bring about a better earth.

And stop feeling hangdog because you "aren't auditing full time". Nobody expects you to.

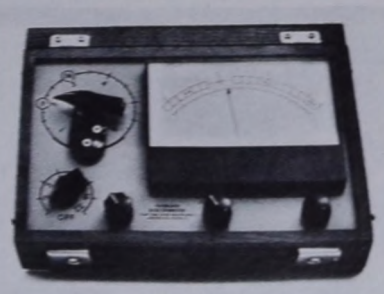

We'll keep centers going to service your needs, some of us, we'll provide ammunition and books. And the rest of us had better invade every activity there is on a high level of success and make our influence felt on the comm lines of the world.

Scientology is the only game on Earth where everybody wins.

So let's help the world win.

L. RON HUBBARD

HOW TRAINING HELPS YOU SURVIVE IN LIFE

BY ASHO'S BRIEFING COURSE STUDENTS

Ron Ginzler, Clear #19,411, is a staff member of the Huron Valley Mission. He is currently on the Briefing Course at ASHO.

"It (the Briefing Course) helps me survive because it *is* life, it is the data of life and it is what you need to know to solve life's problems. It delivers the certainty that one can survive well and ethically and achieve one's goals. It takes the mystery out of the mechanics of life and restores the ability to look at life as a game, and play it as a game, with full enjoyment."

Phil Tunison, Clear #9608, is a songwriter currently on the Briefing Course at ASHO. Phil is also a Course Supervisor at the Pasadena Mission.

"The Briefing Course gives a Thetan the road map explaining how we got to this 'lost nowhere.' And for those of us who are heading on up the road it also points out the pitfalls which lurk up the line so that they too can be handled. In short it gives you the hat of being a Thetan in this or any other universe. You can be able beyond belief but without the data on the SHSBC you don't know exactly what to do with it! So getting trained is for *you* too. Not just for the pc's you will audit."

Liz Dannecker, a thirteen year old Grade IV, is a student of the Saint Hill Special Briefing Course at ASHO.

"In my mind, processing is almost (but not quite) unnecessary if one has all the tech on the Briefing Course. My awareness level has risen wonderfully, so I know what's going on. It really is hard to think of something that one can't handle with the knowledge one has. If one really does know what's going on, it's impossible to be tripped up by the physical universe.

If anything does go wrong you have reliable terminals to aid you in handling it: LRH, supervisors, fellow students."

Mollie Espinosa, Clear #8,733, is a mother of two currently on the Saint Hill Special Briefing Course at ASHO.

"I use it (Briefing Course data) mostly on the 1st and 2nd dynamics. The data has helped me develop a knowingness about many aspects of life, primarily my children and husband. I am becoming more able to maintain and better a safer and saner environment.

I am more able to spot counter intention in the theta universe. I had not looked at the theta universe in that light before I took the Briefing Course. I am also becoming more able to spot exact terminals in my childrens' universe. I have become more at cause and will continue to do so, but in present time I am winning, winning, winning."

Dan English, Clear #19,410, is a salesman currently on Level Five of the Briefing Course at ASHO.

"The Briefing Course gives data on every facet of life and living. You don't wonder anymore on the why of anything. Life becomes a fun game in which you choose how things are going to be."

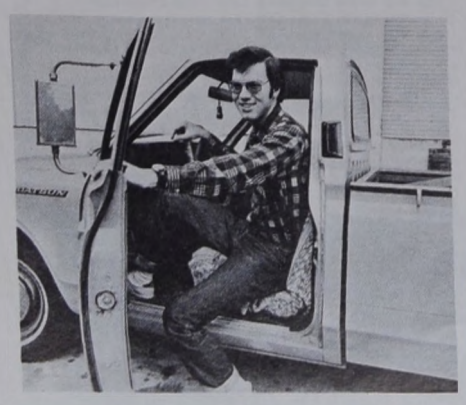

Rita Gerson is a housewife and distributor for household products. An Expanded Grade IV, currently on Level V of the SHSBC at ASHO.

"Ron hands out the truth to you everyday. It exteriorizes you so much that you can't help but have more understanding on life and therefore survive better. Plus there are so many others on course experiencing the same thing and you gain many great personal friends."

Mireya Vinyallonga is an OT 3 from Mexico City, currently on the Saint Hill Special Briefing Course at ASHO.

"I would like to tell of some experiences I've had since I've been on the Briefing Course. I think I'm becoming a natural auditor in my life and doing something to others just by being there and listening and knowing what I've learned from this course. I have some non-Scientology friends and some come to me kind of griefy and with bad indicators, and they start talking and without doing anything just really *understanding* them suddenly they come up with very very good indicators; laughing and with their attention on their future. So I think this is the task of a Class VI Auditor to help others and you can do it just by learning the mechanics of the mind and auditing and communicating to others that you REALLY know what's going on with them, that you really *understand* them and then all people around you will be happy! I can't find any other better thing to do in life than this!!"

Truck driver John Crittendon, Grade IV, is currently on Level 5 of the Saint Hill Special Briefing Course at ASHO.

"There are a couple of major ways that I use data I've gotten on the Briefing Course. First off, Ron's dissertations on games and games conditions have given me a totally new viewpoint on livingness. The seriousness of it has dropped away. Also it has strengthened my purpose in Scientology, as an Auditor."

Jan McCauley is a photographer currently receiving her NED for OT's. She is also on the Saint Hill Special Briefing Course at ASHO.

"It (the Briefing Course) can only help you survive. If you use the data learned you can only get better. Thetans don't have to survive as such — survival is a MEST game. But we're in a MEST universe so one needs data in order to carry on successfully. Hence the Briefing Course. For me it's an integral part of fully operating as a thetan. It's the rules for life."

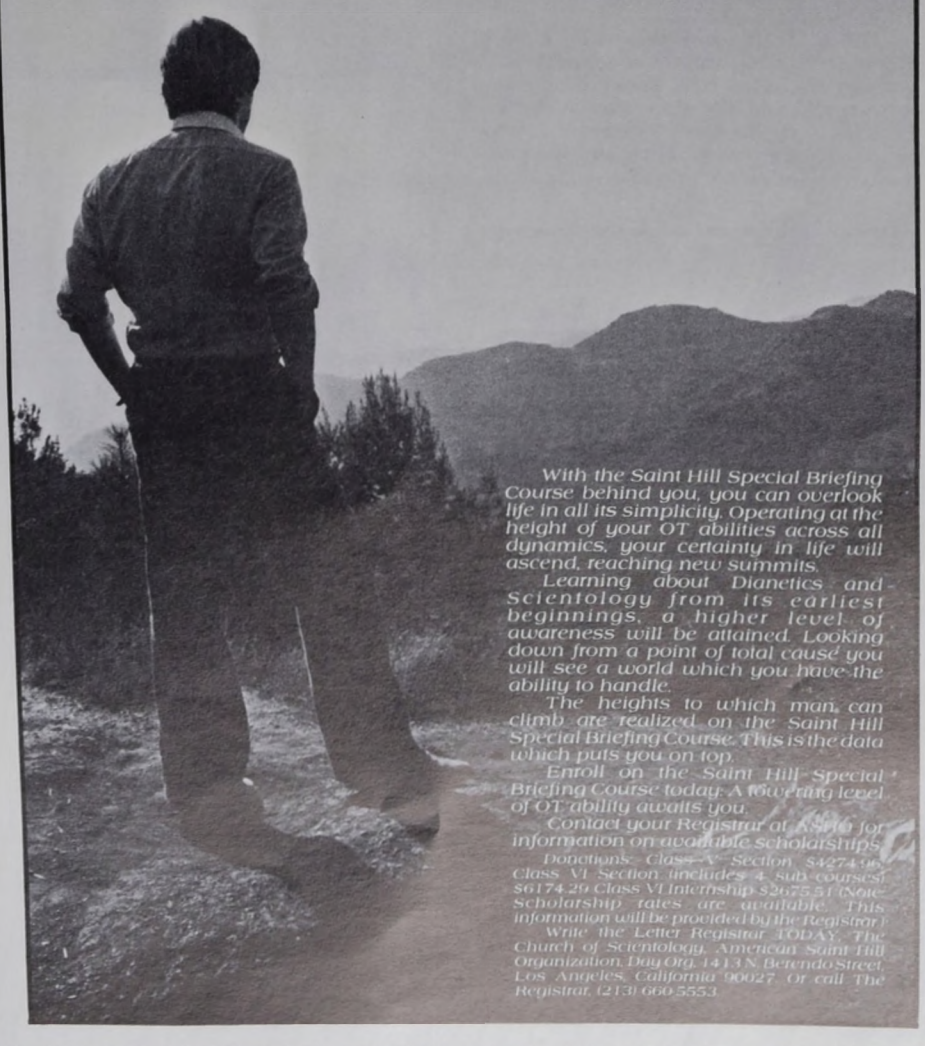

Ellen Price, Clear #13,153, is on Level 5 of the Saint Hill Special Briefing Course at ASHO.

"When you study truths you cognite. You are doing this on the Briefing Course in an extremely theta and sane environment at ASHO with very standard supervision. (The best I've seen.) One is then able to operate more causatively."

ASHO UPPER LEVEL TRAINING SUCCESSES

Because of the balance of data with practical application that you get on the Briefing Course, each person sees for themselves that the tech works if applied. As a result you create remarkable changes with the people and things you come in contact with. The data on the Briefing Course teaches you how to handle situations on all dynamics.

C.W.

When I run into a stop I see the nature of it and understand how to handle it. The Briefing Course gives one a full understanding, when faced with difficulties, that "the opera ain't over 'til the fat lady sings." When one has the data on life, one can cheerfully persist through and beyond any barrier. The only complete barrier, on any dynamic, is blankness or ignorance about what one is dealing with.

D.R.

I can understand more and more, the people around me and I can spot if I am doing something wrong in an area. I am being more responsible in life.

If you know how things work then you can do something to change the things that aren't going well in your area. By taking responsibility for all the dynamics, one has a good chance of survival for all. On the Saint Hill Special Briefing Course, one gets the data about life in a wonderful gradient and I feel you can expand more and more and more with the data you acquire.

L.C.

I had a remarkable case change for the better and I am able to be more at cause over life. I cannot imagine a happy successful being without the data of the Briefing Course. The data ensures that life makes sense for the first time.

H.G.

Since I started the Saint Hill Special Briefing Course I have gained the ability to apply Scientology tech in all areas of my life. As a professional nurse, I spent many years "wishing" I could help my patients. Even after I went OT, I was more able, but somehow my application was lacking. I wasn't always improving the conditions around me. With the Briefing Course I've gained a tremendous understanding of the tech from its earliest beginnings. All the details and "reasons why" are there and I'm learning them. I'm no longer a timid, hesitant nurse. I *know* that my patient needs a touch assist and I take charge and run the process. In return my patient has been exclaiming to her family how I'm the only one who can help her with her pain. She doesn't want the pills from the doctor, but she sure does love closing her eyes for a touch assist! I've never before been able to help a person so freely and easily. Thank you LRH for spending the time to explain everything so thoroughly. I understand it now. I'll be applying it forever.

A.M.

The Briefing Course is the most amazing thing I have done on the track. In the first week and a half I was on the B.C. I had more cognitions, changes, and stable wins than all of my Scientology wins put together. This planet needs as many Class VI's as it can get to put it back on the right track and I am helping Ron's intention become a reality.

S.C.

There is no more superlative handling on the planet than is to be had on ASHO Day Saint Hill Special Briefing Course. I have gone through a complete cave-in and had the Course Sup instantly at my elbow with the right pink sheet, referring to the right data, directing me to the right drills to handle! At the end of this I am now an F/Ning student.

The sups here never fail to note what's happening and provide what's needed, per policy, per tech. Many thanks Ron and many thanks all you beautiful staff here at ASHO Day for keeping the bridge here.

M.F.

When I came on this course I was a student of auditing. I am now an auditor who happens to be continuing the pursuit of Knowledge, Responsibility and Control in that area. It's a big change. I believe my dreams will be fulfilled as a result of continued training. An O.T. auditor is a "Pro" on the highest echelon. It's a nice place to be.

J.L.G.

This level was at least like an intensive a week, and causativeness and knowingness-wise it was the most powerful level of training I've encountered. The data is definitely survival data and I know that it's definitely needed to be free from the dwindling spiral. The ASHO DAY staff are truly professional and as usual Ron is right on top of things. Thanks Ron.

C.B.W.

Part One of the Briefing Course was really incredible — the books and the Volume One blew me away and had me persistently F/Ning. I found so much data that I could take and apply to my various fields of interest and my stats really rose in each area. In the very beginning, Part One started changing in my life, my case, my space and my universe. The Briefing Course is a *must*. I cannot conceive of any Sciento-logist

is a *must*. I cannot conceive of any Scientologist not wanting to do it. The data really brings out the Thetan.

G.B.

Well, the Briefing Course has made me a very confident person. I see things going on and I know why and so am able to handle. Simple.

THIS DATA IS TRUTH. It becomes part of you. I have reached a much higher plane as far as living. I have no problems. I sometimes don't realize what I've gained until I talk and associate with those who haven't done this course. Things that are nothing to me are huge, intricate solutions and problems to others.

It's hard to realize how much you need this tech until you've gotten it. Then you wonder how you survived without it!

R.N.

TRAINING AND LIFE

By L. Ron Hubbard

Scientology, as the application of scientific methodology to the problems of humanity, has paid off. Millions of people are living better lives today, simply because they have worked with, and participated in, this adventure called Scientology.

Scientology is for use in life. It's to bring order and some control and discipline into the channels of life itself. A Scientologist is someone who is handling life better.

A trained Scientologist is one who uses Scientology to further the business of livingness for himself *and* his fellows. He is today's Cause point in an embattled world. An Auditor undertaking to process another individual in Scientology is seeking to raise the "tone" of that individual — in other words, to increase the person's survival potential.

The purpose of processing is to free people of the things preventing them from being themselves. This is worthwhile as Man is basically good and it is this basic goodness we want to set free.

We want to clear away the debris making him act in non-survival, destructive ways. We want a better game for all of us — an enjoyable, high-toned, bigger game.

The purpose of training is to get processing done fast. The more trained auditors, the quicker the achievement of the above.

We have found that an auditor goes nowhere if he doesn't know his basic Scientology and the fundamental activities, techniques and procedures of an auditor. It isn't so much the technique that counts — it is knowing how to apply it, knowing fundamentals, knowing procedures. There *is* a knowhow in auditing. (AUDITOR: A listener or one who listens carefully to what people have to say. An auditor is a person trained and qualified in applying Scientology processes to others for their betterment.) It won't be taught by word of mouth. It will be taught where Scientology teaching itself was evolved — in the Academy of a Scientology Organization.

The emphasis of all Scientology training is on a flawless ability to *do* auditing, and a command of the theory and goals of Scientology. A student, on leaving a training course, is able to *do* Scientology and achieve excellent auditing results.

We know now just exactly what clears people. And we know exactly what a Clear is. A Clear is a being who can be at cause knowingly and at will over mental matter, energy, space and time, as regards the First Dynamic (survival for self). We know exactly how to train and process. These are hard won riches.

Here we are with the largest fund of information of life that has been assembled in a factual package on Earth. The question is, what are we going to do with it?

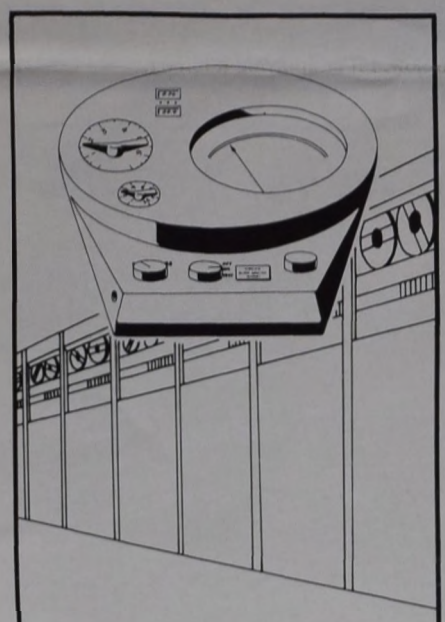

Here is a world that is desperately in need of some good order.

Man needs help. As a trained auditor, you can deliver it.

L. RON HUBBARD,
FOUNDER
