THE HAPPINESS RUNDOWN

By L. Ron Hubbard

Factually, the world has gotten itself a lot of new violence potential without also getting a campaign for higher morality. Such an imbalance is catastrophic. The police, banks, merchants, insurance people are all in real trouble through the decline of morality.

The Kentucky school board, right now, is faced with no morals being taught in their schools. They already have a crime problem if their schools are like anyone else's.

Materialism and mechanism (these are philosophic schools) are on a rampage. The biologists, psychs, evolutionists are pushing them to the limit. These are blown up by the simple question, "Your data may be quite correct but you have no proof that there is not something else that uses all this." Their position is untenable philosophically. So, using this, the psychs and biologists and so on are edging the churches out and factually are creating a dangerous social situation. At a time when man can wield unlimited force, he has no moral codes or restraints.

There factually is no moral code today. The Christian one was nice. But if you read the Ten Commandments, they are designed for people several thousand years ago.

There have not been any codes of morals based on common sense. They are handed down from heaven, even in China. The psychs use this to get an inside track. The U.S. government—and possibly some others—cannot finance religion, per the First Amendment. This means they cannot allow children to be taught morals, and cannot permit any power to churches. The psychs love that. They are anti-religious. They teach that one succumbs to temptation, that morals are inbred by paralleling the history of the race and when a child gets old enough his inbred nerves go moral. This is pure claptrap, but that happens to be their belief. This means that crime will worsen, the psychs will ride higher and higher.

Philosophers (not religious ones) over the world in various times and places have noted these qualities of morality so don't get the idea this is all derived from China. Confucious, for instance was mainly interested in reforming the government, not the individual.

The object of the rundown is to clear up any confusions on the subject of

Continued on page 2

morals, any and all transgressions against these specific morals, to slide the person out of the valence of any immoral person and obtain an EP of realization/ cognition that one really is on the Way to Happiness.

Although the rundown is handling very hot charge, it runs very lightly and smoothly.

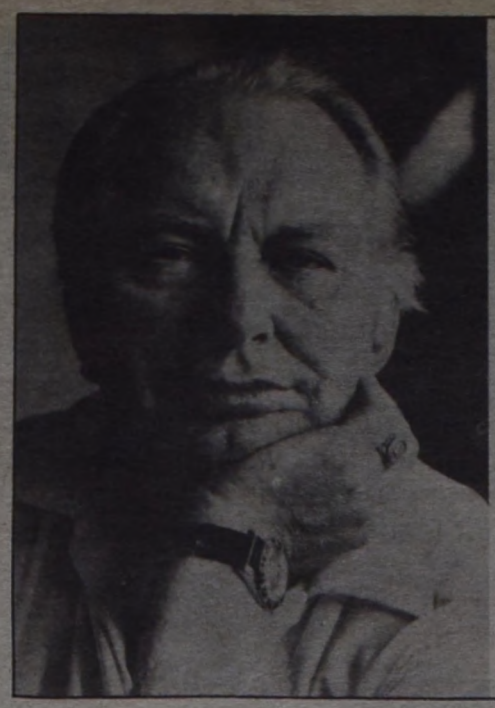

The rundown itself picks up specific confusions, transgressions and valence closures. It will probably get rid of a lot of shame, blame, regret. A person should feel pretty clean and sparky after it. The potential is there.

The HRD produces results that are clearly observable to others as well as the pc! These are gains in beingness, doingness and havingness. It increases ARC, raises the person's sense of ethics, personal integrity and much more.

Many pcs stated that the HRD handled their ruin; handled what they came into Scientology to get handled.

All experienced happiness.

The goal for Mankind and this planet of a world without war, insanity or criminality and happiness for all, is now much much closer.

FOCUS ON SUCCESS

ACHIEVE REAL HAPPINESS IN LIFE

SUCCESSFUL SCIENTOLOGY EXECUTIVE AND BUSINESSMAN ACHIEVING REAL HAPPINESS IN LIFE

John Woodruff has been in Scientology 11 years. He has recently completed the Happiness Rundown Auditor Course and Internship and has received the Happiness Rundown auditing. John last was on his tech training in 1974 when he was on the Saint Hill Special Briefing Course. Since then he has been running a very successful Mission and doing administrative training. With the release of the Happiness Rundown, John decided the Happiness Rundown Auditor training was the perfect course to resume his technical training as an auditor. He was auditing within 5 days of enrolling on the course at ASHO. Due to the basic LRH materials and simple gradients that the course gives an auditor, John moved through his checksheet with ease.

John says, "I found the materials very familiar and very comfortable in getting back to understanding the full basics of auditing technology. Auditing is for the PC. Getting PC wins, not having a lot of attention on how I was doing in session.

"I immediately saw that the Happiness Rundown was unlike anything else that ever hit in the eleven years that I had been in Scientology. In terms of excitement, the only thing similar would have been when the Class 8 Course was booming. Besides the excitement, I wanted to get rehabbed in the tech and I did that in *two weeks!*

"The subject of the Happiness Rundown, more than any other auditing, is *life*. LRH Technology before the Happiness Rundown breakthrough, addressed and improved the Thetan but never did it address how he thought and what he does. The Happiness Rundown is revolutionary in its approach in that way. In handling my life and my dynamics I'm happier because I am not confused on what to do. I don't have to think about things. I don't have to do something because I 'know it's right' and I 'should' do it that way. I am a lot more tolerant and in more ARC with the people I work with. With my children, I want to see they get raised in a special way. The Happiness Rundown has taken away a lot of the frustrations in handling them.

"In auditing my preclear today on the Happiness Rundown, the PC could barely come out with the words to express how he felt about Ron's incredible gift to mankind.

"The Happiness Rundown is for everyone."

International Happiness Rundown Courseroom

The Happiness Rundown is a breeze to audit with spectacular results. It really changes people's lives subtly but dramatically. As an added bonus the course covered basic auditing in a very simple and concise checksheet and I have recovered my certainty on basic auditing. I'm totally blown out with it on all flows. Everyone get in here and do it! You'll love it!

C.W.

SUCCESSES ON THE HAPPINESS RUNDOWN

This was an incredible course! I got my basics in and I know why they're so important! And the rundown was so much fun to audit! I love producing the results of this tech on Moral Codes and I know I can *change* this world with it!

R.T.

I could go on for hours about my wins on the HRD but I'll just say this: The HRD is aptly named because it sums up for you that elusive thing called happiness and catches it so *you*, yes you, can have it, like I now have it.

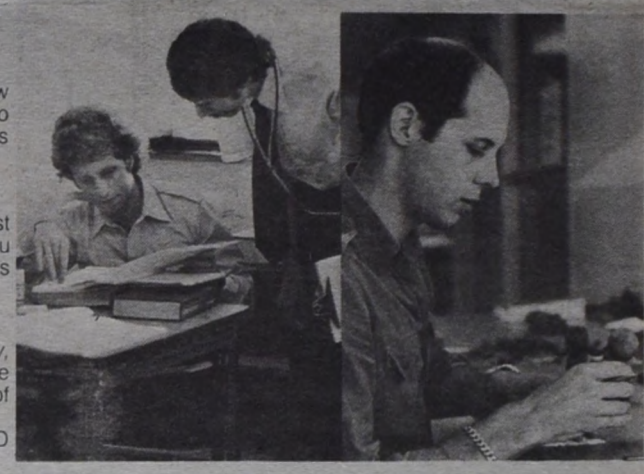

R.C.

Wow, what life changes! The Happiness Rundown is *very, very, very, very* correctly named. The changes that have occured while I've been on the HRD are nothing short of miraculous.

1) I met and got a very sane, stable 2D after auditing the 2D section of the HRD.
2) My ability to spot and blow false data and aberration has increased 10,000% at least.
3) I'm totally de-pts'ed and stable as a being.
4) And lastly, but not leastly, I know, who I am and I know where I'm going in the future.

Life has become a game I can win instead of a drudge I was stuck in, and I know I can succeed in any area I set out to.

R.H.

This was the most incredible internship I have ever done!! Seeing the wins and gains from my pc's on this action has been the greatest experience!

You couldn't ask for a more powerful rundown. Helping others by auditing this has been a pleasure and I hope that everyone gets the chance to receive this incredible rundown!

Definitions

ARC: Affinity, Reality (agreement), and Communication

AUDITOR: A listener or one who listens carefully to what people have to say. An auditor is a person trained and qualified in applying Scientology processes to others for their betterment.

AUDITING: The application of Scientology processes and procedures to someone by a trained *auditor*, (see definition above). The process of bringing a balance between freedom and barriers.

BRIDGE: 1. The route to Clear, *the Bridge*, which we call the Classification, Gradation and Awareness Chart. 2. A term originating in early Dianetic days to symbolize travel from unknowingness to revelation.

CLASS VIII: The Class VIII Course teaches exact handling of all cases up to 100% result, as well as Class VIII procedures, all case setup actions, all processes and corrective actions, as well as *flubless* Class VIII auditing.

CLEAR: A thetan (see definition below) who can be at cause knowingly and at will over mental matter, energy, space and time as regards the First Dynamic (Survival for Self).

DIANETIC CLEAR: The state of *Clear* can be achieved on Dianetics. The state of *Dianetic Clear* means the preclear has erased his Dianetic case or mental image pictures; he has, like the definition of *Clear* above, attained the ability to be at cause over mental matter, energy, space and time in the first dynamic.

DIANETICS: From *dia*(Greek through) and *nous* (Greek soul), deals with a system of mental image pictures in relation to psychic (spiritual) trauma.

DYNAMICS: There could be said to be eight urges (drives, impulses) in life. These we call dynamics.

HATTING: The action of teaching the duties that go along with a job or beingness.

KRC: Knowledge, Responsibility and Control

NON-INTERFERENCE ZONE: From R6EW to OT III (levels of Scientology auditing).

OBJECTIVE PROCESSES: Objective processes deal with body motions and observing and touching objects in the auditing room. Anyone can be brought more into present time with objective processes.

PC - Preclear: One who is discovering things about himself and who is becoming clearer.

POWER: Special Auditing dealing with the ability to handle power and the recovery of knowledge.

PROCESSING: (see definition for AUDITING)

PURIFICATION RUNDOWN: The rundown that results in freedom from the restimulative effects of drug residuals and other toxins.

RUNDOWN: A series of steps which are auditing actions and processes designed to handle a specific aspect of a case and which have a known end phenomena.

SHSBC/SAINT HILL SPECIAL BRIEFING COURSE: Has certain distinct purposes. The course was begun to do two things: 1. To study and resolve training and education, and 2. To assist people who wanted to perfect their Scientology.

SCIENTOLOGY: An applied religious philosophy designed and developed by L. RON HUBBARD to make the able more able. Thus "Scientology" is formed from the Latin word "scio" meaning know or distinguish, and from the Greek word "logos", meaning the inward thought or reason itself.

STABLE DATUM: A datum which keeps things from being in a confusion and around which other data align.

SURVIVAL RUNDOWN: The rundown that results in "Feeling in Present Time and able to control and put order into the environment. Greatly increased survival potential".

THETAN: The person himself- not his body or name, the physical universe, his mind or anything else; that which is aware of being aware; the identity that IS the individual.
