THE CLASSIFICATION CHART AND AUDITING

by L. Ron Hubbard

Auditing means to listen. It also means to get a result on a pc. And it's done in a subject called Scientology. Now in view of the fact that this person isn't Clear, he has to be handled rather gently because he has abberations and difficulties. And it requires auditing done in a technical and professional manner which has not departed from standard procedure. You see, they have always had off beat "processing" of one kind or another, it has existed since the earliest days of wogdom. There is no reason to perpetuate it. The Psychoanalyst does something with a person too, but there is no similarity between what he's doing and what a Scientologist is doing. A Scientologist is trying to make the person better. And that is a new idea in the whole field of the human mind. It is so new and novel they think we're terrible because we do not electric shock and execute people. Our situation does not compare with earlier activities laughingly called psychotherapy, or pure duress, medieval torture, police action, and other things that have passed for mental therapy down through the ages. We're not even in the field of mental therapy, we're trying to make somebody Clear. Clear of what? Clear of his reactive bank.

Now clearing somebody is erasing his reactive mind. All that is horrible, beastial and antisocial about a person is actually contained in his reactive mind. But we're also not interested whether he is horrible, antisocial or beastial. This, again, has nothing to do with auditing. Auditing is not a social criticism. You'll notice nearly all psychotherapies are avowed in social criticism. The Psychiatrist exists for the "good of the society" and to hell with the patient. That is the way he operates.

Now therefore we're into a new field. We're into a new field and we know the answers to the way a preclear behaves. If you want to get into this morass of social behavior by all means do so, but don't mix it up with Scientology. Now, you can tell why a person conducts himself as he does—Good! I'm glad we can, but we don't care, because there is a road out. Scientology is a way, it is the road out—away from reactivity, away from abberation, away from identification of A=A=A. It increases a persons ability and it increases his general performance in existance to a very marked and fantastic degree.

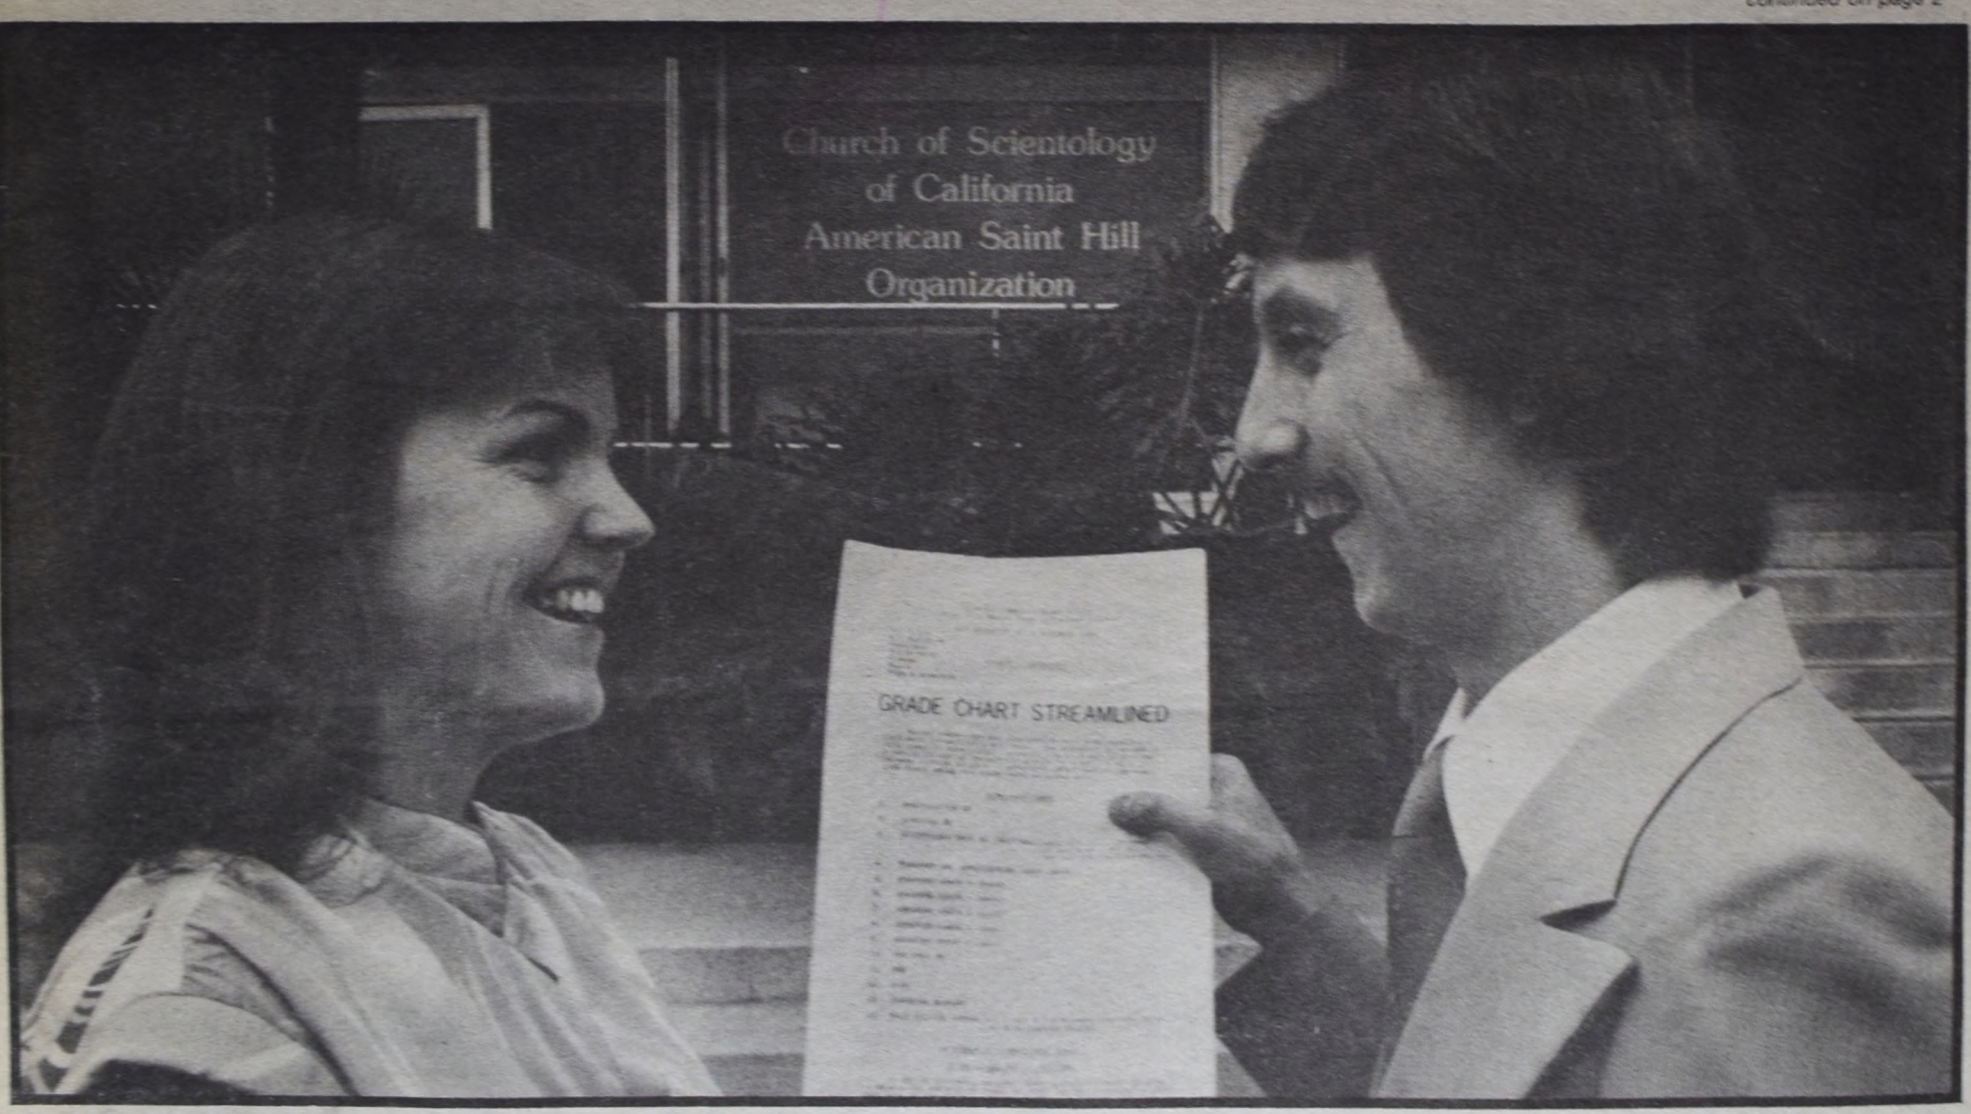

And that road out has certain little milestones that you have to pass to get out, and we call these Grades. If we look at the Classification Graduation and Awareness Chart of levels and certificates, there are certain points on this that a person goes up toward Clear. Those points have certain definite abilities regained. As we go up the line the only wreckage we will find is people who have tried to enter this whole problem up in the upper grades ignoring the lower grades. That, you'll find, is the main part of the catastrophes.

The other part of the catastrophe is simply not following Standard Technology. What is Standard Technology? Standard Technology is contained in HCOB's, Hubbard Communications Office Bulletins: that's Standard Technology. They're on white paper printed with red ink.

So you better know that processing is a very narrow little track, a very very narrow little track, bounded on both sides and above and below by a complete mass of improper things that can be done. It would be impossible to list the number of wrong things that could be done in auditing, it would be an infinite list. Everytime I'd think I had it all straightened out and nobody could possibly make any additional errors of any kind whatsoever—one would. So this track, called Standard Technology, is a very very narrow path and it's very easy to stray off of its edges.

How did I find this chart? Why is this chart so dead on? It is made up only of those things which you can't audit in the face of. And that is the genus of the chart and that is the real reason I found the Grades. I said alright there are certain things that if you don't pay attention to them, prevent all progress in auditing. So therefore they must be the keys to abberation. And that's where we got the Gradation Chart. If these things are out, you've had it, the auditor has had it, he can't go any further.

New Changes on the Bridge to Help You Move up to Greater Understanding and Ability!

Ron developed the Classification and Gradation Chart, the Bridge, to help people move up to states of greater understanding and ability using Scientology. The first mention of the Bridge was in *Dianetics: The Modern Science of Mental Health* in 1950. At that time the Bridge had two steps—Release and Clear. Ron has refined the Bridge many times over since then as the full technology of Dianetics and Scientology developed to make it easier for more people to cross over. Countless people all over the world have followed the carefully laid out route that Ron has developed to a happier life for themselves and their fellows. The Chart has two sides—one is Dianetics and Scientology training, and one is Dianetics and Scientology processing.

Now in 1981 Ron is releasing new developements on the Grade Chart that make it even easier to journey up the Bridge!

GRADE CHART STREAMLINED FOR LOWER GRADES

Here are excerpts from the new bulletin by Ron laying out the new Grade Chart:

"NEW GRADE CHART

1. PURIFICATION RD
2. SURVIVAL RD
3. SCIENTOLOGY DRUG RD (OPTIONAL, only for those who need it per HCOB 4 Apr. 8I, THE BIO-CHEMICAL PERSONALITY)
4. EXPANDED ARC STRAIGHTWIRE GRADE (Quad)
5. EXPANDED GRADE 0 (Quad)
6. EXPANDED GRADE 1 (Quad)
7. EXPANDED GRADE 2 (Quad)
8. EXPANDED GRADE 3 (Quad)
9. EXPANDED GRADE 4 (Quad)
10. NED DRUG RD
11. NED
12. DCSI
13. SUNSHINE RUNDOWN
14. SOLO AUDITOR COURSE (or Class 0-4 Academy courses, prior to Solo Auditor Course)

"THEORY OF THE NEW GRADE CHART

"This new Grade Chart for the lower grades gives a smoother route up the lower end of the Bridge as it more closely parallels the mind (case) of the pc. It gives a better gradient in auditing as it follows the sequence of handling the biochemical factors which would inhibit or prevent case gain (PURIF RD), then the biophysical factors (SURVIVAL RD), then locks, secondaries and engrams. It also follows the natural sequence of case gain up through the grades to Clear.

"Recent researches show that Expanded Grades do not address the mechanism that makes people go Clear; they do however make it easier for a person to run NED and to go Clear on NED.

"Over the past couple of years, there has been some confusion and misunderstanding on the subject of Clear. Mainly because there are lower harmonics of Clear that can be mistaken for the real thing. Also due to verbal data which invariably results in alter-is and false data.

"A person can attain a state for example during Book One auditing which can be mistaken for Clear. It is a lower harmonic of The State of Clear. It is however very much higher than could ever be achieved before Dianetics.

"While we cannot guarantee that everyone will go Clear on NED, those who come up the new Grade Chart given in this HCOB, or any later refinement of it, and have their grades fully in before going onto NED, are far more likely to do so than before."

Successes from hearing the Philadelphia Doctorate Course lectures:

"I like finally getting the whole scope of this universe in a coordinated sweep. It's all the data I've been wanting to know. I've learned that I can do more because I understand more about the rules of the game. I finally got what emotion is. And all this has increased my ARC for the game and my interest in playing." JS

"OT's need to be hatted as well as audited. I can see that many of the conditions which I used to attribute to my case were only conditions for which I was not hatted, OT being one of those conditions." TL

"I've gained a better understanding of OT phenomena and the basics of the mest universe by listening to Ron's PDC lectures. The more one gathers knowledge, the more one is OT and is able to play/create the game."MC

In the spirit of the Pony Express,
We are pleased to announce ...

THE ALL NEW

PABs Subscription Service

Can you imagine how a survivor of the wild West must have felt when he received his mail as carried by the Pony Express? Separated from other town by miles of desolate, undeveloped raw territory, this was his link to the outside world. And with the Pony Express in action, there was a comm line he could depend on.

Now you can depend on keeping connected to LRH, the Bridge, and the very latest technical releases through an all new subscription service—the Professional Auditor's Bulletins.

The new PABs *are not* earlier PABs from the 50s and 60s issued in a new format. They are not the same issues you have studied in your Tech Volumes. The new PABs is a revitalization of the old subscription idea but consist of the *latest* LRH HCO Bulletins in booklet form and are mailed regularly directly to the subscriber.

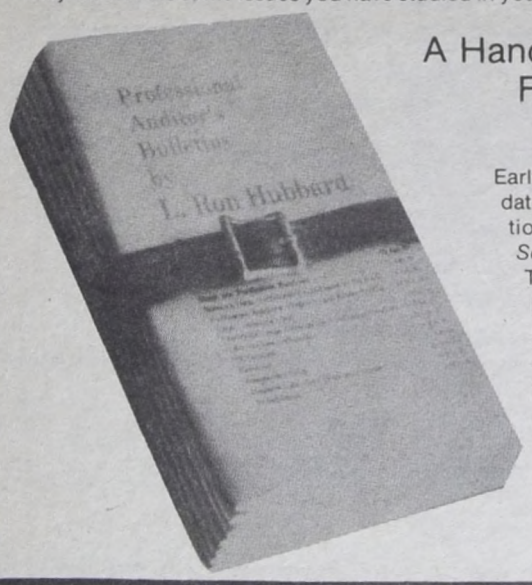

With the first issues of the new PABs, you'll receive material released since the last Tech Volume XII. The issues will be arranged and issued in date order. The first four or five issues will be particularly rich with the issues from where Volume XII left off to present time. From that point forward all the latest HCOBs will be included in subsequent issues of PABs.

The Technical Volumes will still be issued in one to two year intervals in their hardbound, fully indexed format and will continue to be a vital part of your Tech reference library.

But why wait?

Is there really anything more vital to the professional auditor than his or her comm line with LRH? The HCOBs that bring the miracles of Standard Tech are at last easily accessible!

PABs subscribers receive regular mailings from Bridge Publications, Inc. of approximately 10 to 12 issues per year. These issues will *not* be for sale through bookstores, however back issues will be available to subscribers.

A Handwritten LRH Book Free To Early PABs Subscribers!

Early subscribers will receive as a validation the deluxe leatherbound edition of the never-before-released *Scientology 88* by L. Ron Hubbard. The content of this book, later expanded into *Scientology 8-80*, has been restored in its original handwritten format and bound in a beautiful soft leather cover with gold gilded edges and embossed cover. This edition will not be sold through bookstores and is available only to early PABs subscribers in celebration of the revitalization of PABs!

Subscription Rates

PABs subscriptions are available for a yearly cost of $75.00 or a two-year (maximum) subscription can be purchased now for $145.00. No Church Membership discounts apply to these subscription rates.

How to Subscribe

Any Scientologist in good standing may purchase a PABs subscription. Just use the order form on the following page of this issue of *The Auditor*.

TRAINING: GAINING MORE UNDERSTANDING WITH EACH STEP UP THE BRIDGE

CLASS VI AUDITOR (SAINT HILL SPECIAL BRIEFING COURSE)

"I have been a Class IV for many years—but the Saint Hill Special Briefing Course is definitely what I needed to beef up my OT abilities as well as to become a standard auditor. I consider it is a must for every auditor and for every OT to do this course. Now, I can't imagine what could have been a valid "reason" for my not doing the BC sooner. There is no good reason since this course is priceless. The knowledge gained is indeed timeless."

Kaye Romeo, OT VII

CLASS VIII AUDITOR

"Eleven years ago I saw my first Class VIII in action and I knew that was what I wanted. He was so simple and intuitive and could produce miracles with the same aplomb as taking a stroll in the country.

"Now I've achieved that goal and I, too, have those abilities and I have the certainty that no matter what I'm doing, I, and everything in my environment, will survive better because I am Class VIII."

Gail Nagasako

CLASS IX AUDITOR

"Before Class IX I was a good auditor, obviously, as I was a Class VIII, but when I got through the Class IX Course, my two-way comm was absolutely *perfect.* It wasn't that I was just flubless: I really could understand the PC, and duplicate the pattern of the bank. My auditing totally changed on Class IX, I was astonished. I've found that it gave an extra dimension to my auditing—it put me that much closer to the Class Xs and XIs and XIIs. It really was an important difference for me as an auditor.

"I think it's really important for Class VIIIs who are really seriously interested in being professional auditors to become Class IXs. If you really want to go out and apply it, and take responsibility for auditing on the planet, I think it's *very* important."

Renee Duke

PROCESSING: MOVING TOWARDS GREATER ABILITY

SURVIVAL RUNDOWN

"I had heard that people were getting fabulous wins from the Survival Rundown but I went into it with an 'I'll wait and see' attitude. Well, my wins also have been fabulous to say the least. I've gained new interest in life and study and found affinity for myself as well as others just waiting to be outflowed. The survival Rundown has improved my certainty on life and goals and has been a great validation to me."

Nona Carsten

DRUG RUNDOWN

"This rundown was a fantastic repair of havingness for me. I realized that the effect of drugs is to cut one's reach. Now that "lack of reach" is gone and I feel as optimistic and imaginative about life as I did before drugs, which was early teens."

Bill Bliss

GRADES

"This grade was truly magic. It has enabled me to tackle projects that I've had hanging around for years, or always wanted to get started. It has vanished worries and indecisions and made me feel much more confident, in control and relaxed."

Sally Hamaji

ASHO CASE CRACKING REVIEW AUDITING

"This review was excellent, and very much needed. From my first session my comm line was so safe and open—it felt like LRH was right in the room.

"I have to say that I've never before in auditing felt so duplicated and so validated as a being. That in itself literally turned my whole life around. I could go on about all the good things that have happened for me since I've started the auditing cycle, but I don't think I'd have enough paper.

"I have many, many deep thanks to my auditor, C/S, and the senior C/S. I honestly didn't think my case could be unbugged, but we did it! And of course, many, many thanks to LRH."

Mary Wald
