The Relationship of Training to OT

by L. Ron Hubbard

You are very fortunate people. You are very very lucky people. You came all the way down the track, lived all those years, did all these stupid things, and you wind up here with a chance out.

That chance is as good as you can audit. It's not a bit better.

It is a good thing if anybody is to be fully cleared or go OT for them to be trained. If they are going to make it, they are going to have to have been trained well.

I can see you now, with your sleeves rolled up, sweating, with three or four people that you're auditing, and they keep asking you these silly questions about, "What is this thing called a Tone Scale? I didn't know I had to study music in order to..."

Because in the first place they're not really worried about becoming OT. They want to cure their lumbosis. Lumbosis, slumbosis- who cares about that? That's nothing, no importance.

And they're worried about their present time problems. They come into session and they want to tell you about the fight they had with their wife, and they want this all cleared up. It's a present time problem. But actually it's their son they're really worried about. And then there's Aunt Agnes- she has committed a terrible overt act against them; she didn't die and leave them their money. And so forth, and on and on and on and on.

I can just hear you now, straightening all this up, saying "fine", and then the guy says, "Well, what's all this wonderful power I was supposed to have and all that sort of thing?" And I can see you now, "By the way, why don't you go down to Los Angeles and take the HCA Course, and when you get back..." You'll do just that.

Why? Because your new person is very easy to audit. Very very easy to audit. It's marvelous. You're sitting there with so much knowledge of cases, you can hardly fail to get some kind of a result. But the number of new people that are going to go out through the roof will be numbered on a non-existent Chinese abacus from the Ming Dynasty which has long been lost. They won't make it. You can patch them up, you can make them feel better, but that's about it. Unless you train them, unless they actually become a fully trained auditor, they really don't have prayer.

When you start training somebody, actually these people are all pre-selected out of the races of earth today. They arrived and enrolled. That they are there tells you that they're pre-selected people to begin with. It's not a cross-section of the population at all. It's a very great minority of the population,certainly composed of the upper tenth of the intellects of the world today.

So you're dealing with a specialized group, specially selected. These people are then moved on up with further selection by advanced levels of training. The confront, the persistence required of one of these people- sticking with it, the disappointments and the upsets- if you don't think that is a process of pre-selection you should take a look at it someday. And those who have survived this particular process have simply demonstrated the fact that they will obviously someday make OT. It's as simple as that.

By the time you get through that pre-selection, why, you're practically a screaming genius.

What happens after somebody has gotten up the chart? Well, at this stage of the game they're probably trained, but they certainly have to be trained further in spite of the pre-selections and other things that brought them up along the line. They'd have to be pretty well grooved.

The best way and the most sure fire way to get to be OT, then, is to be a top-rank auditor, for various reasons, including the aplomb it takes to confront the bank.

New people- you can make them well. It's well worth doing, nothing wrong with that at all. You can make a marriage run better and a kid be happier, and you can make life tenable, and so forth. But actually you have to know how to audit well in that direction just to make life tenable enough for *you* to be able to go through to OT. A non-Scientologist is so surrounded by confusion that their present time is insufficiently calm for them to have any progress in the direction of OT.

Many are called but few are chosen. There are many reasons why this track and path is a limited track and path. This isn't to say that eventually everybody won't make OT. But certainly, definitely and positively it well be a very very long route for others. Hundreds of years, thousands of years from now, there will be somebody picking it up and saying, "Well, let's see. What's this thing called *tone arm action*?"

When you look up the line on that and get a real view of the situation, you realize where you are and where you sit. You're right up in the front seat of the first breakthrough that's ever been made in this universe on the subject of the road out, the way through.

You're fortunate to have moved into the situation that you're in. The only thing I can ask you and point out to you is that you're in a position where you shouldn't waste any of the potential which you have immediately at your fingertips. You shouldn't waste any part of that.

Training is definitely, definitely, definitely a part of the route to OT. Definitely. This is something that is not "nice" to be a part of. This is something that is a *vital part* of becoming OT.

The only thing I ask you to do is to make the most of what you've got.

More Expansion Wins!

In *Auditor* 175 we told you about all the exciting wins and news of Book One activities going on around the world, plus other great news from Scientologists the world over.

It was only the beginning. The wins that are going on because of our fellow Scientologists who are forwarding Book One are dramatic and inspiring.

Take Washington D.C. for example: NED Auditor and Solo NOTs pre-OT William Tutman along with Derek Parker, a Book One Counsellor just completed a one-hour radio show with the Mayor's wife which was all about DIANETICS™ Tech and had incredible response. It all started with a program to help support the Mayor's program of "Youths for Summer Jobs", where it was arranged for youths to sell *Dianetics the Modern Science of Mental Health* from door to door. This began getting very good response and as a result the Mayor's wife told the listening audience over seven times throughout the show to go to their nearest 7-Eleven store (which now carries DMSMH) to get a copy of the book and read it! The show included excellent descriptions and examples of DIANETICS Tech and what it handles. Phone call after phone call began to flood into the station with people giving their ruins, asking questions about their specific birth incidents or their children, asking if DIANETICS Tech could handle it. Every single call was positive and theta. People wanted to know how to find out more about DIANETICS Tech and how to get help. One caller gave a specific experience of an 8-day old baby who was audited after severe contortions and fever. The hospital doctors could find nothing wrong which they could handle, but the auditing got it under control and saved the baby's life (and her mother's mental health).

More Expansion Wins!
(continued from front page)

The radio station's call-in phone panel was lit up with callers asking where they could get the book. The Org's phone at the same time was ringing off the hook! The last caller said "I *have* to get this book because I'm a miserable person and need DIANETICS". The radio station personnel by the end of the show had all left their desks and were standing outside the radio booth intently listening. The Mayor s wife promoted the DIANETICS movement and urged the audience repeatedly to get the book at 7-Eleven stores. also to go into the DIANETICS Foundation to get professional help and learn how to audit Book One!

Another topic talked about on the show was the earlier "black propaganda" against DIANETICS and SCIENTOLOGY® and how this was due to political and vested interests which has hidden the actual technical workability of the DIANETICS Technology from the people. The state of Clear was fully described. Derek (Book One Counsellor) explained to the audience how they could do it themselves and how easy it is to do. The Mayor's wife urged the community to get involved with DIANETICS. buy the book and to start DIANETICS groups with their neighbors in their homes. She firmly stated her belief that the problems in the community. the hostile young people. study problems. home life problems. marital problems. *all* can and should be handled by starting a DIANETICS grass-roots movement!

Well done to all concerned. This is the beginnings of what it will take to clear the planet!

DIANETICS™ and SCIENTOLOGY® Books into Public Libraries Progress is being made right now in getting basic sets of LRH books into public libraries all over the United States. The goal is to get them into all 30.000 of the main US libraries so that hundreds and thousands of more people will be able to read LRH books!

So far over 100 of these basic sets have been sold for placement in libraries! Anyone can contribute. Donors get a name plate with their name on it. in the front of each book and when public want to know more about DIANETICS and SCIENTOLOGY they'll contact the donor!

For more information write to Library Donation Service. Publications Department. ASHO Day, 1413 N. Berendo St. LA, CA 90027

In Baltimore, Maryland recently Class IV auditor Gus Evans and Rick Furbish trained up 22 new people on DIANETICS Tech. Three of these people were priests and one of them was a nun!

In Clearwater, Florida the campaign to "Clear" Clearwater is rolling forward! Huge full page ads have been running in the papers with great LRH articles that deal with areas of ruin for people in general. Also billboards promoting *Dianetics* and *Self Analysis* can be seen at various points around town!

From Sweden: We have "7-Eleven" and such stores in the US. In Sweden the equivalent is what is called a "kiosk". One kiosk chain called "PRESAB" now has DMSMH going into 3,000 of their kiosks in Sweden. Fliers and promotion have started flooding around with FSMs working madly to service these outlets with promo and display

materials! Demand is enormous for DMSMH now!

Similar Book One expansion is occuring right now in Paris, Arhus, Madrid, Copenhagen, Bruxelles and other European cities with Book One promotion and bookstores being closed on carrying Book One! In Bruxelles alone, twenty two bookstores have been closed to carry DMSMH so far!

Italy Book One News: Trained Auditor and OT Pier Paderni continues his good work with Book One in Italy! He is doing one hour TV shows that will be broadcast over a long period of time. In Italy there are three major national TV Stations but as the Italians find these to be boring every big town has other local TV stations. In Milano there are at least 15 of these stations. Pier did about 21 of these one hour shows, with each show recorded in three parts. He starts off by presenting an LRH book, in the second part he has a guest (a Scientologist) who he interviews. Then in the final half-hour of the show is a lecture from the Anatomy of the Human Mind Course. There are now 15 TV stations broadcasting these shows, which will last about five months, at one show a week. Milano Org promotes these shows with fliers that say "Dianetics is in your home" and a listing of all the TV stations and what day and hour the show airs.

They also have heavy promotion on the Purification Rundown tied in with the famous European bicyclist champion "Moser" who has done the Purification Rundown with rave success!

There are now nine Purif Centers in Italy and one opening up in Sicily. They have three Narconons which are a roaring success. One day recently they had thirteen different articles published in major newspapers about Narconon and the results it is achieving! More Narconons are opening soon, with plans for a big one for the whole Milano area.

Pier was quoted as saying, *"Do not ever withdraw, reach out, act; the demand is there!"*

Bern, Switzerland: An FSM in Bern named Doris is actively getting DMSMH into public bookstores with good results and tons of requests for information on DIANETICS.

Seventy people from a large food store business have now started basic courses such as the Communications Course. These are German speaking employees of the company, and the French speaking employees will be starting next. In and around Bern there are now about 100 to 200 Book Seminar and Anatomy of the Human Mind Course posters pulling people in to find out more about DIANETICS!

Southgate, in the LA area: Scientologists validated the Mayor of Southgate for some good things he did, and found out that the city's largest problem was unemployment. They offered to deliver a seminar to people who were unemployed, to help them get into better condition. It was a raving success. It included data on Training Routines and some LRH data on how to manage finances for oneself. One major aircraft company was so impressed with it that they've asked for a special Success Through Communications Course to be delivered to their executives!

Sydney, Australia: Trained Auditor Nick Cramey and another FSM have delivered very successful Success Through Communication Courses "down-under". One sales company put their key salesmen through the course and experienced across the boards "power" stats as a result! Needless to say they want more of this miraculous technology!!

Canada: TV shows consisting of interviews with Scientologists, radio shows, large book campaigns, are going forward at a mad rate! This is especially big in the French Canadian cities! More and more stores and other book outlets are being closed to carry DMSMH.

Imara Shaw in Los Angeles is now producing a local weekly TV show called "Feeling Good" which includes data on Study Tech.

A farmer in North Carolina started a mail order DMSMH business and has now expanded to radio. He has given Book One seminars and recently got 21 people to attend with rave results!

More news on the "Youths for Summer Jobs" in Washington DC shows that they will shortly have 200 youths working selling DMSMH door-to-door!

And the news and successes keep pouring in to the *Auditor* Office here.

Ron has been very, very pleased with all the Book One activity!

In a recent issue to SCIENTOLOGY Org and Mission staffs and to Field Staff Members Ron said, *"I am very pleased that Book One Seminars and Book One Auditing are getting going again. The Scientologists who are actively working on these are greatly appreciated. Their efforts are helping to get new people started on the Bridge.*

"Book One began the boom in 1950 and that residual impulse has started up again. In those days Book One Seminars were done by all sorts of people; they filled whole convention halls and got people co-auditing"(Copyright® 1982 by L. Ron Hubbard. ALL RIGHTS RESERVED.).

Ron gives some important advice about Book One in this issue and it's really quite exciting. You can get a copy by writing to the Director of Clearing here at ASHO Day and becoming active as an FSM.

Watch for more news in upcoming issues of *The Auditor*. And remember.

HOW TO USE THIS CHART

This chart describes the route to human recovery and ultimate exploration of mind's ability and power as a spiritual being. The track of human recovery belongs to DIANETICS technology. SCIENTOLOGY philosophy brings an individual to higher states of being and ability.

The chart should be considered as a MAP of the expansion of life, showing at each level the realization of a greater potential with, as the left under TRAINING, a new knowledge and also in handling life, in the center of the chart under AWARENESS CHARACTERISTICS, an expanded awareness and at the right under PROCESSING, the attainment of a higher state of beingness.

1. In your first reading of the chart you will probably have scanned it over in a generalized way and become familiar with many parts of it.

2. For sure, next, to read across the top of the columns to learn what each level describes. You'll see that there are three main areas, TRAINING, AWARENESS CHARACTERISTICS, and PROCESSING, and all three progress upwards in increasing levels on the chart. Just as each level up to Clear requires an auditor with an added field of knowledge and skill, at each level we find also a pracitser ready to be run on the level, having attained at the Grades below.

3. Now, look at the various introductory services at the bottom of the chart under ROUTES ONTO THE BRIDGE. Note that these introductory level services and activities are not mandatory, but are there to help one begin and become familiar with fundamentals. One may take any of these. Results, he chooses — the Registrar of your nearest Church of Scientology can assist you in selecting the one best suited to your needs and interests.

4. Read across each complete level of the chart, only moving up a level when you have sensibly used (own understanding of each level as described). You will thereby gain a thorough grasp of the direction and magnitude of Dianetics technology and Scientology philosophy.

5. On the far left and far right of the chart, you will find described various services (TRAINING) services on the left hand side, PROCESSING on the right) that can be done at several different points on one's way up The BRIDGE. For more information on these, see the Registrar at your nearest Church of Scientology.

6. Read the books of Dianetics technology and Scientology philosophy available from every Church of Scientology or your local bookstores, for continued expansion of your knowledge and use of the subjects.

7. When you have a question about something on this chart always get it answered. Contact the Registrar of your nearest Church of Scientology or the expert who will help you to verify your next step.

Both this chart in front of you, you have already made the most important step of all — you have contacted truth and the route to freedom.

It is hard for Man in his present condition to grasp even that higher status of being exist. He had no literature about them, really, or any vocabulary for them, in all of philosophy he had no glimmering in all of Dianetics technology and only a distant hope for spiritual freedom as in Scientology philosophy. But no technology at all.

Factually you've been traveling this universe a very long time without a Map.

Now you've got one.

Put this chart on your wall. When you've taken some of the steps, mark them DONE — with the date. Find out your next step and mark it TO BE DONE, and WHEN. Then do it. There's plenty of ancient help in the Scientology philosophy, but no technology at all.

DEFINITIONS

DIANETICS (Greek, *Dianoetica* — through soul, through thought) being the word May 9, 1950 with publication of the book DIANETICS: THE MODERN SCIENCE OF MENTAL HEALTH, International best seller by L. Ron Hubbard which contains his early discoveries about the mind, including the first isolation of the single source of human aberration and psychosomatic ills and a technology for their invariable restimulation.

Major research breakthroughs in 1952 and 1969 resulted in release of Dianetics technology of greatly increased range and capability.

NEW ERA DIANETICS (NED) New Era Dianetics spiritual healing technology is a summary and refinement of Dianetics technology based on 30 years of experience in application of the subject. Research discoveries in 1978 resulted in a revision of existing procedures and several entirely new Dianetics processes. The effectiveness of New Era Dianetics processing is expressed over earlier Dianetics techniques.

New Era Dianetics processing makes for a healthy, happy, high IQ human being — and in many cases, a CLEAR.

SCIENTOLOGY (Latin, *scio*, knowing, plus Greek, *logos*, study: "knowing how to know" or "the study of wisdom") an applied religious philosophy developed, developed and organized by L. Ron Hubbard. This philosophy is a body of knowledge which, when properly used, gives freedom and truth to the individual. Applications of this religious philosophy are available through the Church of Scientology. "SCIENTOLOGY" is a registered trademark and service mark which is owned by the Religious Technology Center.

AUDITOR: "one who listens"; term for a person trained to help individuals by applying advanced Dianetics spiritual healing technology and Scientology applied religious philosophy principles.

PRECLEAR: a person being audited toward Clear. Note that one can be audited considerably all the way through New Era Dianetics processing without auditor training.

RELEASE (noun): one who has become free of a difficulty or personal "hang," exemplifying from the noun, Clear (an "unstable" as any auditor). But the exact subjects which one must be released on or goals or understand Clearing are those noted on this chart. They are called Release GRADES because they are done on an exact gradient.

CLEAR: A being who no longer has his own reactive mind.

REACTIVE MIND: The portion of the mind which works on a stimulus-response basis (given a certain stimulus it will automatically give a certain response). It is not under a person's volitional control (volitional: having to do with a person's own power of choice, and exerts force and power over a person's awareness, purposes, thoughts, body and actions).

THETAN (from the Greek letter theta, traditional symbol for thought or spirit): the spiritual being himself; not the mind, body, etc., that animates it, aware of being aware.

Definitions and abbreviations such as those found in the body of this chart are to be found in the DIANETICS AND SCIENTOLOGY TECHNICAL DICTIONARY and in the TECHNICAL BULLETIN VOLUMES — 1991 through 93.

Focus on Success

OTs Win with Training at ASHO!

Bob DiDiego, NOTs completion, is back at ASHO to do the Briefing Course.

I had attested to OT 3 a few months ago and suddenly I realized I was missing a *very* vital part of the Bridge– the training side!

Then I heard that I could go right onto the Briefing Course even though I hadn't been certified on the Academy Levels. This was a golden opportunity for me to get me training "backlog" handled! (I felt that Ron had taken pity of the OTs who'd gone up the processing side of the Bridge only and thus missing so much!)

I managed to work things out so that I am now on the Briefing Course and I love it. Getting all the data on LRH's Tech and starting from the year 1948 and going up from there is bringing me so much closer to LRH and to Scientology.

When I finished OT3 I almost felt like I was missing a leg- the awareness of being a very able and strong thetan, but not being able to *fully apply* SCIENTOLOGY to those around me was quite astounding! But the Briefing Course is filling in all the missing data and tech for me, and each day is a new day full of cognitions and realizations of how this tech relates to me and to others around me, and how I can truly and effectively help others with it.

I recommend it to everyone!

-Laurel Van Duyne, OT3

I really love being on the Briefing Course. I've been

OTs Nancy Chambers and Richard Marrone, students on the Briefing Course, enjoy a break on the patio.

OT III for five years now, but I needed my training badly. I knew the Briefing Course is what I needed to become a valuable trained auditor. I'm full time on the course and you just can't beat spending your day with Source, LRH. I'm finally getting that 50% case gain from training and I can't think of a better course to get it on than the Briefing Course.

-Frank Born

I'll be very blunt- since doing Solo NOTs and all the auditing, now I realize this tremendous hunger for training. So now I've been getting the tech, which has been a big hole. And it's beginning to stabilize me. I feel much more stable now. So it's very true what Ron says- 50% of the gains are from training- no questions about that!

The Briefing Course is the most comprehensive course that anybody could get in the way of learning the Tech and understanding and applying it. It basically balances one out. Many people tend to just be on one side of the Bridge- and that's only 50% of the gains. If they feel they don't know what to do in life and they're going hither and thither it's only because they don't have the stability of those gains. That comes from training. Absolutely no question about it.

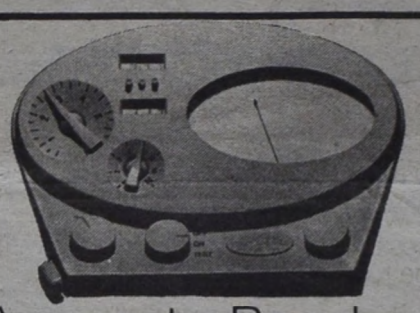

-Bob DiDiego, NOTs Completion

I recently did through new OT IV (OT Drug Rundown), as well as the OT Doctorate Course at AO. I have gained a great deal of freedom as a result. I definitely want to keep on expanding. That's why I'm on the Briefing Course. In the Tech Dictionary LRH defines *the Price of Freedom* as "constant alertness, constant willingness to fight back. There is no other price." How does a being fight back? Well, I'd say with understanding, ARC, the more the better. It puts a being at cause- OT. This course- the Saint Hill Special Briefing Course- puts one at cause by giving one a great deal of understanding- you see, fighting back is fun when you're achieving understanding for yourself and for others (as in auditing or dissemination) or simply participating in live communication. That's powerful! That's winning! You can't help but be OT on the BC!

-Ron Reinig, New OT IV

The first is succeeding very well. The second is achieving world-wide recognition through people who have graduated the SHSBC. The current SHSBC chechsheet is divided into six parts designated by the letters A to F. **SCIENTOLOGY:** An applied philosophy designed and developed to make the able more able.
