The Goal of Training

by L. Ron Hubbard

Scientology is a science of life. It is the one thing senior to life because it handles all the factors of life. It contains the data necessary to live as a free being. A reality on Scientology is a reality on life.

The game of having a science of life around is something that has ordinarily been held down by those who have bent it to their own desires. If they did know anything about life, they didn't let anybody else in on it. In Scientology we're playing a different game because we are letting somebody else in on it. We're not operating as a secret society trying to pull power out of the society by just letting what we know remain unknown. That is a fine way for an individual or group to perish.

Wisdom Makes the Culture

My own philosophy is that one should share what wisdom one has and should help others to help themselves. I have never seen wisdom do any good kept to oneself. If you would care to investigate savage cultures, of which I have investigated a few, you would discover that it is ignorance itself, it is lack of wisdom in that community, which brings about terror, injustice, maltreatment, decay and deterioration. Wisdom afloat in a culture makes the culture. The very definition of culture could be summated— the amount of technology, knowingness, wisdom in existence in the society.

In our western culture, the humanities have been far out-stripped and overbalanced by a technology appertaining only to the physical universe and leaving out of its computation— the mind, life, beingness. Man's ability to handle destructive physical universe forces is far, far greater than his ability to handle himself. He is in a precarious state of existence and needs a road to travel to a higher and far happier state of existence, with similar resultant improvements in his societies. He needs a road to carry him away from the inhumanity and barbarity with which he has been forced, through lack of enlightenment, to handle his affairs.

The Sole Guardians

As Scientologists, we find ourselves the sole guardians of the only road to the highest states of existence— Clear and beyond. (A Clear is a thetan, or being, who has no reactive, or stimulus-response mind, and who can be at cause knowingly and at will over *mental* matter, energy, space and time as regards the First Dynamic (survival for self).

The route to the highest states has been sought by Man in the fields of religion, mysticism, spiritualism, philosophy, mental arts, metaphysics, science and allied studies. Vast libraries could be filled with the scraps of information gathered in the course of this search. The great achievement of Scientology has been the culling of truth from this sea of data and finding that the truth has a tiny group of data possessed of the overwhelming power of changing all other facts in this universe and in livingness.

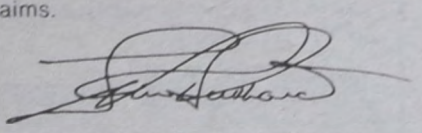

The opening of the road depended on the success of codifying this information so that it could be relayed to others.

Scientology research has resulted in a full range of completely successful techniques for improving conditions in life. Now you could have techniques for improving the state of an individual and have them sit in a book for 8 billion years without raising the ability or improving the condition of a single person in the entire human race. Techniques have to be administered. They are administered by the most valuable beings on this planet—trained Scientology auditors. An auditor is a person trained and qualified in applying Scientology processes to others for their betterment. (A process consists of a set of questions asked by an auditor to help a person find out things about himself or life.)

Training is a Bridge

Auditors are being trained at Saint Hill and in the Academies of Scientology Organizations throughout the world. They learn to perform flawlessly as auditors, to run certain exact processes, and to obtain results with these processes by auditing well and exactly. The auditing skill acquired is a discipline in living and a know-how of the parts of life. It is something *new* in the universe. Training is the Bridge between the student's own learning and experience and livingness and the data which is offered to him in Scientology. It is a bridge from every human being to a science of life.

It will take a lot of auditors to have a civilization without insanity, without criminals and without war, where the able can prosper and honest beings can have rights, and where Man is free to rise to greater heights. There is a mission for each auditor. The mission of Scientology is not conquest, it is civilization. Scientology works, not to harangue man toward impossible freedoms, but to make Man civilized enough to be worthy of his freedom. Scientology's goals are well within the grasp of its technology used by trained Scientologists. As Scientologists, we seek the evolution to higher states of being for the individual and for society. By equipping more and more Scientologists through training, with a brilliantly workable technology, we are achieving our aims.

Expansion News!

Here's some of the latest news about getting Ron's Tech out so it's known and used around the world!

In California some Scientologists were recently asked to run The Success Through Communication Course at a half-way house for boys ages 13-18. The boys themselves had asked for the course (with the approval of the home's administrative personnel). The course, as usual, produced some great changes, and the boys who had had trouble sitting still for a 30 second confronting drill at the start finished the course by demanding more drilling, and one boy even went on radio to tell of his wins.

The American Cultural Association in Los Angeles, a group of Scientologists who have been doing events to bring some LRH Tech and good cheer into various groups and institutions, has started delivering in-house training to staffs of convalescent homes on LRH locational tech (at the institutions' request). One home was so pleased that they recently gave a party in the Scientologists' honor, and began their *own* reach out activity, where residents of the home will visit and help the children of neighboring insititutions.

Combined, The American Cultural Association and Scientology Social Services are delivering LRH data and group processing to over 2,500 people weekly across the Western US, and are gaining recognition and good will from the community for LRH, his technology, and the SCIENTOLOGY Churches.

The Concerned Businessmens' Association of America, founded by DIANETICS Auditor Barbara Ayash, has been working with gangs in LA to paint over graffitti in the streets. Members of the gang, and many Scientologists are now raising money by selling The Way to Happiness booklets to people who want to help. One of the gang members involved is now on services at Narconon and Applied Scholastics (a drug education and rehabilitation center using LRH Tech, and an organization dedicated to helping people overcome study barriers through LRH Study Tech), and more are on the way!

Here's another *Way to Happiness* win! In response to a mailing sent out recently in the northern California city of Eureka, representatives of *The Way to Happiness* addressed the Mayor's conference on Crime and there is now a Happiness Representative on the Mayor's Committee for Crime Prevention!

The DIANETICS™ campaign in Los Angeles is roaring on! The number of books sold to new individuals is over 2,300 a week, and plans are in the works to have it over 10,000 a week within the month! Several programs are being aired on DIANETICS tech on local radio stations. One recent program featured Class VIII Auditor Peter Gillham. The host of that show was very interested in DIANETICS auditing, and is demanding Book Auditing!

Also in Los Angeles, Chris Davis, OT, Briefing Course student, who is the Executive Director of the Survival Center Mission, is putting together a 20 part Anatomy of the Human Mind Course on tape, in hour long segments. These are being done right now in English and Hebrew, and a Spanish edition is in the planning stages. These tapes will be aired on radio to *really* get the word out!

Another tape soon to be available for radio stations, as well as institutions, is a very professionally recorded *The Way to Happiness*. This tape will be available at the ASHO Day Bookstore soon and will be a great gift for those who have difficulty reading, and can be used for radio broadcasting as well. The tapes were produced by Saint Hill Briefing Course student Robin Alkins and his wife, Carrie, who is Class IV. The reading was done by OT Jeff Pomerantz, who will be starting the Saint Hill Special Briefing Course soon.

With the launching of the largest book promotion campaign in publication history- the US nationwide campaign for *DIANETICS: Modern Science of Mental Health* and *Self Analysis*- it's important that the thousands of new bookbuyers actually read and understand the books, and then find their way to the nearest SCIENTOLOGY Church or

DIANETICS center where they can connect up with other interested people and learn more about the subject.

To make this happen a really new service has been created. In all new *DIANETICS* and *Self Analysis* books is a special page at the back of the book that announces the revolutionary DIANETICS Hot Line. This full page ad tells the reader that he can call, toll free, to get more information on DIANETICS techniques, auditing, etc. And this toll free number hooks into operators who are trained Book One auditors! Besides getting help with their questions the callers will be directed to their nearest SCIENTOLOGY Church or Mission or DIANETICS Center to get more information and help!

Canada and Europe News!

Outside the US expansion is occuring as well. In Montreal recently, a staff member was on a radio program on DIANETICS Tech for four hours! And two more shows were booked to follow that one up! Also in Canada, the Church in Winnipeg has found that by advertising in the newspaper for two days to offer to help train counsellors in DIANETICS Tech, they were completely booked up with interviews for two weeks! Also in Canada plans have been set to open 20 new SCIENTOLOGY Churches before 13 March 1983!

In Europe things are happening as well: 2 new Churches are being formed right now in France. In Munich, Germany there is a big DIANETICS campaign going, and 150,000 to 175,000 fliers on the book are being distributed each week! Thirty bookstores in the city are already carrying *DIANETICS*, and there is even an advertisement that is being shown in movie theatres around the city on *DIANETICS*!

Elsewhere in Europe— the Norwegian translation of *DIANETICS* is underway and about halfway done. In Milan, Italy four television stations have asked for the Anatomy of the Human Mind Course to broadcast– for free! That means 84 four hours of LRH Tech on TV in that city! Italy is getting its own DIANETICS campaign rolling, too, with over 3,000 posters, over a third of a million fliers, 120 TV spots and ads in magazines. Book sales of LRH books are soaring out the roof there!

A Chance for the Planet

This all means to the people of planet Earth a chance to find out for themselves that L. Ron Hubbard's researches into the mind and spirit have given us all an opportunity to gain a deeper understanding of ourselves and those around us. Understandings that we can use to bring about changes for the better, changes that men have, up until now, only dreamed of. With people around the world coming to understand and apply DIANETICS and SCIENTOLOGY philosophy and technology, these dreams can now be made real.

Finding the Answers Through Training

Training at ASHO — Experienced Sea Org Supervisors make sure students know and can apply their materials!

"He's an Auditor!" For years that sentence has meant a great deal to many people: it means here is a person they can trust, a person they can talk to, someone who will understand and will help. Ron himself says, "If this world has any faintest chance of surviving, it will not be because I write, but because auditors can and will think and do."*

Auditors become auditors through DIANETICS™ and SCIENTOLOGY® training. Many auditors begin their training by reading and applying the truths on the mind, life and spirit found in L. Ron Hubbard's books. Ever since its publication in 1950, auditors around the world have used "Book One", *Dianetics: Modern Science of Mental Health*, as a guide book in auditing and in life, and "Book Auditors" using no more than the data Ron sets out in his books, have been creating real miracles and are still doing so today!

The steps on the Class Chart of DIANETICS and SCIENTOLOGY training gives an auditor a deepening understanding into Man's mind and spirit, as well as an understanding of the underlying problems that have plagued Man for ages uncounted. With understanding comes the ability to help and set things right, and training courses consist of theory and practical sections so that auditors can not only learn the theory of what they are studying, but can become skilled in applying the techniques of helping others, in session and out.

Though the basic truths and techniques of auditing can be readily appreciated by most, a full understanding of life requires a full study of the depth and breadth of the vast research that Ron has carried out since the early days of his DIANETICS breakthroughs. That is the purpose of the Saint Hill Special Briefing Course, which traces the developement of Ron's incredible discoveries right on up to the present. Class VI Auditors, graduates of the Saint Hill Special Briefing Course, have thoroughly studied the Tech, and have learned to apply it with the certainty that comes with an in depth understanding of SCIENTOLOGY philosophy.

The benefits and abilities of being an auditor can be yours. Take your next step in DIANETICS and SCIENTOLOGY training. If you have any question about your next step in your auditor training, call the Registrar at your local SCIENTOLOGY Church.

— Margot Learned

OT Preps!

This has been an incredible auditing cycle. I'm very glad I did it instead of going onto my OT Levels before, because I feel *much* more certain that I will do well on them now.

Thanks to all my auditors, and LRH.

— Bob Azevedo

This was the most effective auditing I've ever gotten in terms of speed, accuracy and a *big* result on what I wanted addressed. The uncanny feeling I had came from how much gain on key things happened quickly. It was uncanny only because I've not been used to the quality of auditing and C/Sing that I've received.

Very much beyond my expectations. Thanks very much to my auditor and the C/S. They did a job on my case that shows true expertise and standardness that Ron would be very proud of.

* Book One: **Dianetics: The Modern Science of Mental Health**

Just Released!

Introducing Volume 3 of the Research and Discovery Series

When it was announced in July 1950 that L. Ron Hubbard would be making his first public appearance in Los Angeles, the word spread quickly, exciting the interests of thousands who sought to improve their lives.

On Thursday, 10 August 1950, at 8 P.M., Ron spoke at the Shrine Auditorium to a jammed house of over 6,000 enthusiastic people. Some had not yet even read **Dianetics: The Modern Science of Mental Health,** but there was no doubt that everyone wanted to find out what Ron had to say about this adventure into the human mind. He lectured on Dianetics and then proceeded to give a live demonstration of Dianetics counselling. Perhaps the most exciting moment that evening was Ron's introduction of one of the first Clears.

Experience this excitement as it unfolds before you in RESEARCH AND DISCOVERY SERIES VOLUME 3.

This new LRH volume covers Ron's lectures from August and September 1950, starting with his public lecture at the Shrine Auditorium. Read while Ron delivers these early lectures given just a few months after the release of **Dianetics: The Modern Science of Mental Health.** By this time Dianetic Standard Procedure had been well developed and is stressed heavily in the chapters of this volume. Some of the subjects covered include:

- ★ The anatomy of the engram and the analytical mind
- ★ Dianetics Standard Procedure, including the Standard Procedure Chart
- ★ The Application of DIANETICS in the society and much, much more!

The Sea Organization was officially formed on August 12th, 1967. Its original function was to assist LRH in his research and to carry out special projects. The original Sea Org members numbered less than 20 dedicated Scientologists.

Since then the Sea Org has grown to over one hundred times that number and has expanded its activites and responsibilities to include management of all Scientology Organizations, delivery of upper level training and processing including the Saint Hill Special Briefing Course, Class VII through XII, Auditor and Case Supervisor training, Solo Auditors Course Part II, OT Preparations auditing, Power Processing, all the OT Levels including NOTs and Solo NOTs; as well as assuming the full responsibility for the publishing and distribution of all LRH books, tapes, bulletins, policy letters and many other functions.

"If you look over the points of high success on the Sea Org time track you will find that the concentration has been on the preservation and betterment of Tech application.

"The advances I made in communicating tech were done while backed up by the Sea Org.

"Therefore it is obvious that a strong well organized group is vital to keep tech from being swamped on this planet and keep it working.

"Thus it is plain that the Sea Org has as its primary duty, the preservation and continued *proper* full use of technology."

A Sea Org Officer refers a staff member to the correct policy by LRH to handle a difficulty he is having.

If this planet will ever make it it will be because of Scientology and Scientologists and the Sea Org keeping Scientology pure, in proper use and being used. HCO Policy Letter Feb 7, 1965 "Keeping Scientology Working" will only stay in effect if the Sea Org keeps it in effect. So the part of my hat where I really need help is keeping Dianetics and Scientology straight and in proper and extensive use and prevent its misuse. I know I have the help of the Sea Org in performing that duty. I need it.

FEW ARE CHOSEN

"Many are called and few are chosen", "the first few months are the hardest."

The Sea Org as the Sea Org exists to raise the ability to confront and handle Mest*. When one can, he can make it. When one can't he's rarely able to make anything else.

Let's take somebody who wants to be PR [Public Relations]. All right, PR requires the ability to rapidly handle Mest and people. A PR has to be able to handle and confront SPs [Suppressive Persons] without caving in. A PR has to be able to control and direct or he will never be able to do real PR.

To handle a section, a division or an org one has to be able to confront Mest and people and motion and upsets.

To handle one's life, one has to handle Mest, people and situations.

That takes processing, training and the livingness experience necessary to prove it to oneself that he *can*.

The Sea Org steps up the process.

The Sea Org people succeed and Sea Org orgs succeed way above other orgs and activities in the world. The balance sheets and expansion rate prove it. Things *are* getting better. Why?

Because Sea Org people who rise in the Sea Org have a higher level of confront and control.

This little handful of guys able to have *this* much effect on a planet? It's incredible... no org to seven orgs in three years? Half a dozen guys to several hundred. And in that time we have salvaged and expanded the whole Scientology network. And learned how to do it meanwhile.

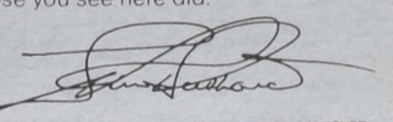

People who are at shivering effect do not do that sort of thing.

It is hard on us. It is not easy.

But it is getting easier as we get better at it.

So many are called and few are chosen. Those you see here in the Sea Org are the guys who get the show on the road. Those you don't see here couldn't make the grade.

Those you see here did.

Sea Org Successes!

"I once had the idea that I could find sanity and improve my abilities in several spheres of life simultaneously. I have done just that in the Sea Org with the result of tremendously improved confront and knowledge of self along ALL dynamics!"

—S.B.

"All my life I always felt that there was a higher purpose to life than the world around me presented. Through high school and college I became more and more disillusioned with the state of affairs on this planet. Work came easy to me but each job lacked the most vital ingredient. A worthwhile purpose. When I found out about the Sea Org, after getting into Scientology, I knew that was what I had been looking for. Here was a game, with a purpose that I could really get behind and work towards.

"Since that time I've discovered that I can operate as an OT. That beneath the social veneer I'd carried around with me through life, was a tough dedicated thetan who would not be swerved from his goal. Joining the Sea Org, and aligning my goals with the Sea Org's goals gave me an outlook on life that I wouldn't miss for the world. I also understand now why the Sea Org's motto is "We Come Back". This is a broad game that will encompass more than just this planet. LRH has mapped out the entire Bridge to full OT and paved the way to a new civilization — As a Sea Org member, I know that I'm helping him get the job done!"

—P.M.

"I have won and am winning in a very challenging environment. I'm totally free on my dynamics where I was once the effect of them. I made it out of the trap by being a Sea Org member where there are no barriers and the challenges are real and doable. Thanks to the Sea Org and LRH!"

—A.T.

FOCUS ON SUCCESS: ASHO Auditors Achieve Their Goals

Auditor Sherry Miljoner, now on the Saint Hill Special Briefing Course, on her way to audit in a hospital near ASHO.

For two weeks I've been auditing a girl who's been in the hospital with leukemia and very close to death (when we started her doctors gave her a 3% chance of recovery).

She came to ASHO from another organization to get her case handled and to go Clear and OT. We at ASHO of course did a very complete folder error summary on her folder, corrected any technical errors that had happened, and we gave her an assist– just regular processes– and they worked like magic. Now she's totally turned around and the doctors expect her to recover!

I'm having a win being a minister and doing the traditional functions that a minister would do– which is aiding the spiritual anguish of beings in the turmoils of life.

I almost can't imagine how life would be without auditor training. It's in the quality of life and the understanding of life– I understand what I see around me. The best thing is that I can actually help someone easily as an everyday thing– I can help people and I can change conditions. It's a continuing thing– your understanding gets broader and deeper, more effective.

This Tech that Ron has given us is incredible! We do start to take it for granted. This last cycle has gotten me to look at the world again and the amount of pain and suffering that is there and what we need to do.

And what we're doing is needed and wanted and has to be done.

—Sherry Miljoner

I can barely remember what life was like before I became an auditor. It all seemed so un-explainable to me, and I certainly was not making my life go the way I wanted it to go. Actually, how I ever got out of bed and ate breakfast is a mystery to me.

But being trained as an auditor has certainly changed all of that. Not only am I acutely aware of life and how it should be going for me and others, I now have the tools to "fix" anything.

As an auditor I have been able to salvage marriages of friends of mine, put order and purpose into businesses, and actually stabilize *my* life. When my parents were passing away I was able to bring them some spiritual awareness and physical relief. It was really a joy to ease their nervousness and frustration. If I had not been an auditor, I wouldn't have been able to help as I did. Also, the other family members were able to deal with the situation much more sanely.

When one is an auditor he knows not only what to do, but how to do it. I no longer have "life" running *me* because *I* know the rules and how to win the game. And that is success.

LRH is a genius!

—Eileen Champaign

Training as an auditor gives a being the stability and knowingness he requires to *operate*.

As an auditor one is a receipt point for communication; not an effect of communication. Even as receipt point an auditor is cause as he has assumed responsibility for the auditing.

This happens in session and daily life.

Thank you Ron!

—Nancee Braan

I've been a Scientologist for about six years but in all honesty it has taken the Saint Hill Special Briefing Course for me to really get what Scientology is all about. It *is* for use in life. It is not an esoteric non-comprehensible philosophy that leads to never-never land. The principles of Scientology work beautifully if one knows the exact science of its application. There is nothing on planet Earth and possibly the universe that it can't handle when properly applied. That is what the Briefing Course is all about.

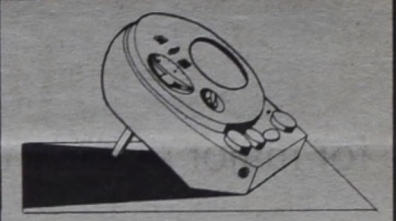

There is one big difference in my eyes between being a Scientologist and not. That is that in addition to living life, you also have the star-high goal of becoming trained in a subject that has as its end goal the freeing of mankind. That may seem like a bit to steep a goal to have but it sure keeps you living.

Thanks to LRH for giving me an opportunity to go for that goal.

—Bill Rooney

L. Ron Hubbard developed the Mark VI E-METER™ confessional aid so that auditors would have a tool to clearly observe their pcs' and pre-OTs' case state and change of state from the bottom of the Bridge right on through to OT.

Designed to bring certainty and perfection to metering, the computer-age Mark VI is so valuable to auditing it is *required* on the Solo Course! The precision of the Mark VI make it the easy meter to use in any metering situation, too!

The Mark VI comes in steel blue, peacock blue, beige, silver grey, and black. Each meter comes in its own matching case with matching accessories.

The Hubbard E-Meter is a religious artifact developed for the exclusive use of ordained Ministers and theological students who are trained in its use in Church ministrations. It is not intended for and is forbidden by the Church to be used in any medical or physical treatment or the diagnosis, treatment, or prevention of any disease. By itself it does nothing and is strictly not to be employed for medical or scientific purposes. Its purpose is to assist the Minister to locate in his parishioner areas of travail so that he can assist in the relief of spiritual suffering. The existence and use of the E-Meter is sanctioned by law, and the copying of it or attempts by unqualified persons, doctors, scientists, psychologists, or psychiatrists, to obtain or use one are actionable under law in the United States. To obtain an E-Meter one must be a sincerely enrolled student of the Church of Scientology or a fully qualified Minister of that Church and must undertake as well to become wholly skilled in its purpose and use. No other persons are permitted to have E-Meters. The Church permits the E-Meter to be sold, possessed, or owned only under these conditions.

Success on the Solo Course at ASHO

Well, this is definitely the most thorough course I've ever done in SCIENTOLOGY. Although I'll be auditing myself I feel like I could take someone in session! Due to the theory (basic books) on the course I really know about SCIENTOLOGY for the first time. I was able to take the data and use it immediately.

As usual, but more so this time, the checksheet is designed beautifully and gradiently (what else from Ron?) and I am certain and excited and ready to move on to OT.

Thank you, Ron!

—Beth Kule

Solo Part I was really great. I loved the 5 times through the meter drills, it really adds to certainty, and that's what I want to have on my OT Levels. It was really great the way everybody was really working and pushing to get the course done and to help everybody get done.

—Mark Murray

On completing Solo Part II, I am really blown out and really like my auditor. I feel the assists were just the right gradient for me. Feel now ready to go on to the OT Levels.

SCIENTOLOGY DEFINITIONS

ARC: a word from the initial letters of Affinity, Reality, Communication which together equate to Understanding. **AO: ADVANCED ORGANIZATION:** Organization whose function is to run the Clearing and OT Courses. **ARC STRAIGHTWIRE RELEASE:** Freedom from deterioration; has hope; knows he/she won't get any worse. **ASHO:** The American Saint Hill Organization. **ASSIST:** simple, easily done processes that can be applied to anyone to help them recover more rapidly from accidents, mild illness or upsets. **AUDITING:** The application of Scientology processes and procedures to someone by a trained auditor. **AUDITOR:** One who has been trained in the technology of Scientology, the person whose job it is to ask the person to look, and get them to do so. The word auditor is used because it means one who listens and a Scientology auditor does listen. **BEINGNESS:** the result of having assumed an identity. **BOOK ONE: DIANETICS: THE MODERN SCIENCE OF MENTAL HEALTH:** The book written in 1950 by L. Ron Hubbard. It gives the entire theory and use of Dianetics. **BRIDGE:** The route to Clear which we call the Classification, Gradation and Awareness Chart. **CASE SUPERVISOR: C/S:** That person in a Scientology Church who gives instructions regarding, and supervises the auditing of preclears. **CLASS:** refers to the level of classification of an auditor. **CLASS VI:** A graduate of the Saint Hill Special Briefing Course. **CLASS VIII:** The Class VIII Course teaches exact handling of all cases up to 100 percent result as well as Class VIII procedures, all case setup actions, all processes and corrective actions, as well as fluidess Class VIII auditing. **CLEAR:** A thetan who can be at cause knowingly and at will over mental matter, energy, space and time as regards the first dynamic (survival for self). **DIANETICS:** DIA (Greek) through, NOUS (Greek) soul. WHAT THE SOUL IS DOING TO THE BODY. **DIANETIC CLEAR SPECIAL INTENSIVE: DCSI:** A procedure developed so that those who did achieve Dianetic Clear could get it properly acknowledged and attain a full resurgence of the state. **DYNAMICS:** There could be said to be eight urges, thrives, impulses in life. These we call dynamics. **E-METER:** The Hubbard Electrometer is a religious artifact used in the Church confessional. It, in itself, does nothing, and is used by ministers only, to assist parishioners in locating areas of spiritual distress or travail. **EXTERIOR:** The fellow would just move out, away from the body and be aware of himself as independent of a body but still able to control and handle the body. **FIELD STAFF MEMBER:** The purpose of the Field Staff Member is to help LRH contact, handle, salvage and bring to understanding the individual and thus the people of the earth. **GRADE:** the attainment of level achieved by a preclear. A series of processes culminating in an exact ability attained. **GRADE CHART:** (see BRIDGE). **HAPPINESS RUNDOWN: HRD:** The object of the rundown is to obtain an end phenomenon of realization that one really is on the Way to Happiness. **HAT:** The duties of a post. **HCO: HUBBARD COMMUNICATIONS OFFICE.
