Training and OT

by L. Ron Hubbard

On Solo levels you deserve the best auditor you can get: You.

Auditor training is highly recommended whether you plan to audit professionally or not. "Getting trained", as a Solo auditor, does not simply mean to do the Solo courses. Training up to the level of a Class IV/NED auditor who knows his business is the most positive assurance there is that you will make it to OT.

It's all right for these guys in lower grades to be pcs — that's fine. But there comes a point as you move up the Grade Chart when your lack of auditing skill starts hitting you in the teeth and you won't make it to OT at all. You're walking straight into the tiger's lair on New OT VII and you'd better be good!

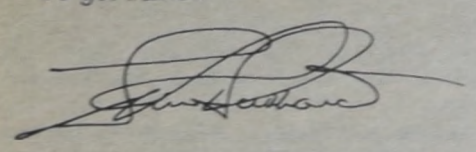

Recently some Solo NOTs auditors reported that they were just giving themselves a session a week "to keep their ruds in". What was actually occurring was that they were trying to make it to OT without being sufficiently trained, and giving as an excuse that, well, they're just keeping their ruds in. If those Solo NOTs auditors knew what was ahead of them up the line they sure would not be monkeying with that.

The plain truth of it is, if anybody is really going to make it to OT he has to know how to audit. That's the long and short of it.

You wouldn't put yourself and your case in the hands of an untrained or poorly trained auditor, would you?

You owe yourself the best auditor in the world on Solo, and that is you.

So get trained.

Expansion News!

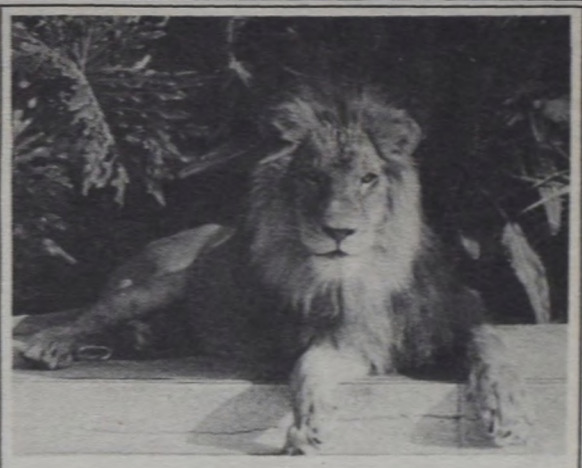

DIANETICS™ Campaign News!

Figures are in for the book distribution sales for the first three months of the DIANETICS campaign! The total number of books sold and shipped to distributors, wholesalers, and retailers is an impressive 124,950 *DIANETICS™: The Modern Science of Mental Health*, and 41,669 *Self Analysis*! Since the Campaign began a total of more than 140 new accounts have been opened with wholesalers and distributors (this does not include accounts that already existed at the start of the campaign). The distribution includes bookstores, retail stores (such as grocery and drug stores, and newsstands where paperbacks are sold). In two bookstore chains alone, B. Dalton and Waldenbooks, the total number of DMSMH and *Self Analysis* sold to individuals in the last three months total nearly 15,000 copies.

The DIANETICS campaign is now working to back up the boom with greatly expanded publicity. Plans are in the works to put the SCIENTOLOGY film "Freedom" onto cable TV on a wide basis. Also planned are talk shows featuring celebrities who've used DIANETICS Technology in their lives. A further project, designed to show the fact that DIANETICS Tech is not a controversial subject, but a proven subject, is taking shape, and all Clears are invited to participate! The project is working on compiling the wins and successes of Clears. Contact the Guardians Office of your local SCIENTOLOGY Church to find out how you can help, or send your success story to the Strategic Books Marketing Unit, care of the Guardians Office of your local SCIENTOLOGY Church.

Mural painted by Los Angeles Youths, featuring a quote from L. Ron Hubbard's "The Way to Happiness." Scientologist Barbara Ayash has helped get Ron's book known in this community.

DIANETICS campaign a whole line of LRH books is being readied for release similar to the *DIANETICS: The Modern Science of Mental Health* and *Self Analysis* campaigns. Work is already underway to release the next two books! These books are: *DIANETICS: The Original Thesis* and *Problems of Work*, and distributors are already asking about them!

Plenty of good news publicity for DIANETICS Tech and books is already occurring in many parts of the country. In the Minneapolis area, a TV show has been running three times a week on DIANETICS Tech. The show, produced, filmed, and directed by Scientologists, was acclaimed by the station manager as the most professional show on the station. So far, shows have featured DIANETICS Tech for children, how the mind works, who can be a DIANETICS Auditor, and a live Book One session. The Book One session was done on a play-by-play basis, where the hostess of the show, New Era DIANETICS Auditor Sharon Weber, would explain from another part of the studio what part of the DIANETICS Tech was being used or comment on the structure of the bank.

In Santa Barbara, there was a jazz festival that was partially sponsored by DIANETICS groups. The festival was a success and the MC was OT Mike Garson. Mike played music from his latest album, and other Scientologist musicians were featured as well.

In places outside the US, LRH books are a high-interest item amongst the public. In Italy, for example, 140 libraries are distributing LRH books. Three libraries in Rome have *asked* for the privilege of distributing LRH books. *Twenty seven* libraries in the country are ordering LRH books for the third time, and *one hundred eleven* copies of *Have You Lived Before This Life* have been ordered by libraries in that country although the Italian edition of the book hasn't been printed yet!

Scientologist Creates Effect on Community

Getting the Technology applied around the world to bring about bettered conditions for all is involving Scientologists in many areas of society in many projects. One Scientologist who has recently received national recognition for her work is DIANETICS Auditor Barbara Ayash of the Concerned Businessmen's Association of America. She has been working closely with indiviual members of street gangs in the city of Los Angeles with some remarkable results. One of Barbara's major projects has been to get, using LRH Tech and Ethics, gang members to help paint buildings and fences defaced with graffiti. A number of youths have taken the project to heart. One said, "I want this area nice... the other guys feel good too...they want to live in a clean place...not in the garbage." On one wall gang members painted a mural as a memorial to friends who had died in gang violence. Topping the mural is a quote from "The Way to Happiness": "Set a Good Example. It is in your power to point the way to a less dangerous and happier life. L. Ron Hubbard." (Copyright® 1981, 1983 by L. Ron Hubbard. ALL RIGHTS RESERVED). The mural's unveiling was accompanied by a moratorium on gang warfare. The mural and the moratorium were given notice in the Los Angeles press.

Barbara has been working closely with individual gang members in coordination with Narconon and Applied Scholastics (a group using Study Tech to help people improve their learning skills). She has also been getting "The Way to Happiness" distributed and read by gang members and others in the community, where it is becoming quite popular.

People in the neighborhoods where Barbara has been working have commented on the changes they have observed in the gang members and in their community. One wrote Barbara saying, "You sure have made things look different in our community. As I was walking to the store the other day I could see that at least a person can walk without fear [of being run] over by a car or... assaulted. For the last five years that I have been living in this area, I don't recall anyone taking interest in our problems like you have....As a parent and member of this community I'd like to present you my appreciation for trying to make our neighborhood a decent place to live." (The woman who wrote this is now volunteering three hours of her time a day at Narconon.)

Barbara says, "The tech of LRH can handle life. "As one of the gang members who Barbara helped, and who is now holding a job while getting tutored at Applied Scholastics put it, "Mr. Hubbard's a fantastic man."

If you know of Scientologists using Ron's tech to help people in their area lead better lives, let others know about it! Write The Auditor, 1413 N. Berendo St., LA, CA 90027-0972.

If it isn't announced in The Auditor, it didn't happen. Send it in and make it a fact!

NEWS FROM AROUND *The World*

Auditor Assists His Son's Survival

Auditor Jon Knutson talks about his recent wins in front of the main entrance to the SCIENTOLOGY Church's complex in Los Angeles.

Permanent Class IV auditor and now Briefing Course student Jon Knutson faced and emergency when his 19 month old son was admitted to a hospital with meningitis. The baby was taken to the intensive care unit and placed on the critical list and had stopped breathing when Jon decided that he could help the baby recover with assists. "I just decided I was going to address him as a thetan. That's what I did, and I started doing a touch assist."

His son was connected to monitors, including heart rate and temperature, so Jon was able to actually see his son begin to take over control of his own body again. Jon reports, "When I first started doing the touch assist his temperature was about 106 and his heart rate was about 200 [beats per minute] (normal heart rate for a baby that age is about 120-150). I started the touch assist and the temperature started dropping immediately which was visible right in front of me on the screen. The heart count came down to 160; it just started going into a different range.

"The nurses were rather interested in what I was doing because it was curious that everything started to occur right in front of their eyes the minute I started the assist."

Jon continued to do assists on his son over the next few days. When he started his second touch assist, he noticed something different. "First of all I did this one assist addressing him as a thetan and the next time I went in I forgot about that and I addressed him as a body, and I got no results! His temperature didn't change and his heart didn't change. Nothing happenned."

Midway though the process, Jon realized he had stopped addressing his son as a spirit, "I just changed my consideration mid-process and instantly the temperature started coming down. That is the biggest win for me, in terms of my own auditing experience just because it's the most graphic example I've ever seen of that datum in effect."

The baby was soon removed from the critical list, and with Jon and his wife giving him assists, was out of the hospital several days early. The nurse in charge of the intensive care unit was deeply impressed, and called the boy a "wonder baby", as he not only recovered but left the hospital without the major complications she had come to expect from babies recovering from the disease.

Jon says of his auditor training: "It gives me the basics I needed to save his life. If I hadn't known that I had to address the thetan and not just a body, or if I hadn't known how to do assists or if I hadn't had experience 'in the chair' I don't know if I could have done what I did. It took basically duplication of what LRH wrote in the assist materials and applying everything to this condition."

Professional Stage Hand Succeeds after SCIENTOLOGY® training and processing

Recently in Los Angeles, where he did the Solo Course Part II through OT III, Danny Dashman of New York City has found his training and processing have helped him rise on his job.

Danny is a professional stage hand, currently working on the Broadway production of "Amodeus". In 1978, when he was introduced to SCIENTOLOGY Tech by Scientolgist Ed Love, he was in danger of losing his job. Since then things have gone better. Danny says "since he introduced me to SCIENTOLOGY I've not only secured the job properly, I've risen in the opinion of my fellow union members to the point where the president of the union appointed me to the negotiating committee for the stagehands' contract for all of Broadway, which I finished just before I went out to do my OT Levels. The next three years of all Broadway stagehands were controlled by it — it's a $35,000,000 contract.

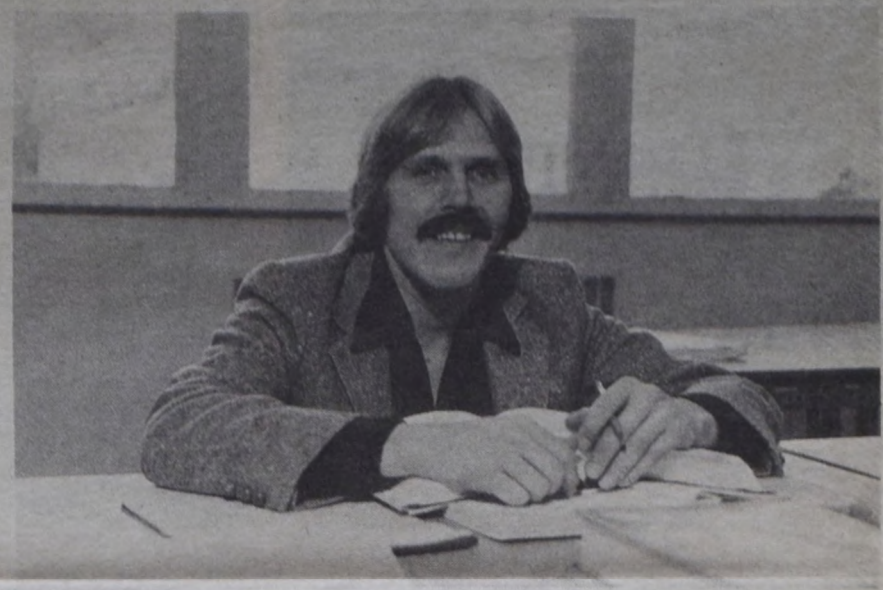

"There was nobody else within 15 years of my union experience on the committee. They were all 20 year-plus members, and I've been in for 5 years, and yet he chose me to be a member of that committee. That's simply because of the Tech and case gain I've gotten through training and auditing."

Danny reports that his health as well has improved since his introduction to SCIENTOLOGY Tech. "I used to be getting sick very very often – as many as seven and eight colds during the winter. Now I'll get a cold during the winter maybe once."

Continued top of next column

While Danny was out at ASHO doing his Solo Course Part II and OT Preps he was very pleased with the handling he got. "My handling was absolutely silky smooth, all the way down the line. I got very fast handling and everything was absolutely correct. It prepared me well enough for my OT I, II, nd III that I was able to audit all the way through without a single flubbed sesion, and wihtout a single cram on my auditing, with only one instruct, and with all my sessions 'VWD' except for three of them".

Danny had done Level A of the Saint Hill Special Briefing Course on an earlier trip to ASHO, and found this auditor training valuable on the Solo Course. "I had gone through all of the books that I had to read on the Solo Course except one. I had gone through them, but in their chronological order, with all the PABs that surrounded them, with the lectures that surrounded them, so I had a real fullness of understanding. My understanding of it was so clean I had absolutely no Q and A and still don't: I understand what that material is!"

Gary Smith, President of Narconon US, on study on the Solo Course at ASHO.

Narconon Executive Awarded OT Levels on Solo Course at ASHO

Recently awarded his OT Levels through OT III for his work as President of Narconon US, Scientologist Gary Smith is now on his Solo Course at ASHO.

Gary began his career using the Technology of L. Ron Hubbard several years ago. He had been using drugs heavily and, running afoul of the law for it, was given the choice of getting off drugs or going to jail. His brother, a Scientologist, had heard about Narconon and got Gary's agreement to try it. With the use of the simple methods L. Ron Hubbard devised to help people with such problems, Gary came off drugs. Gary says, "TR0 cracked my case! I just went exterior. Then I knew something was right here and I just stuck it out from that point on." Becoming an auditor on the HQS course, Gary has audited over 4,000 hours helping others overcome their own drug problems.

Gary is finding his service at ASHO on the Solo Course and OT Preps commendable. He reports, "The auditing has been great and the supervison has been great. This is probably the fifth time I've read *DIANETICS™ The Modern Science of Mental Health* and this time I've fully duplicated it, so I'm totally pleased with the service."

Narconon in the US has been involved in a great many drug rehabilitation activities in the last few years and the organization has expanded to the point where it is moving soon to upstat new quarters which will have over three times the floor space as current quarters.

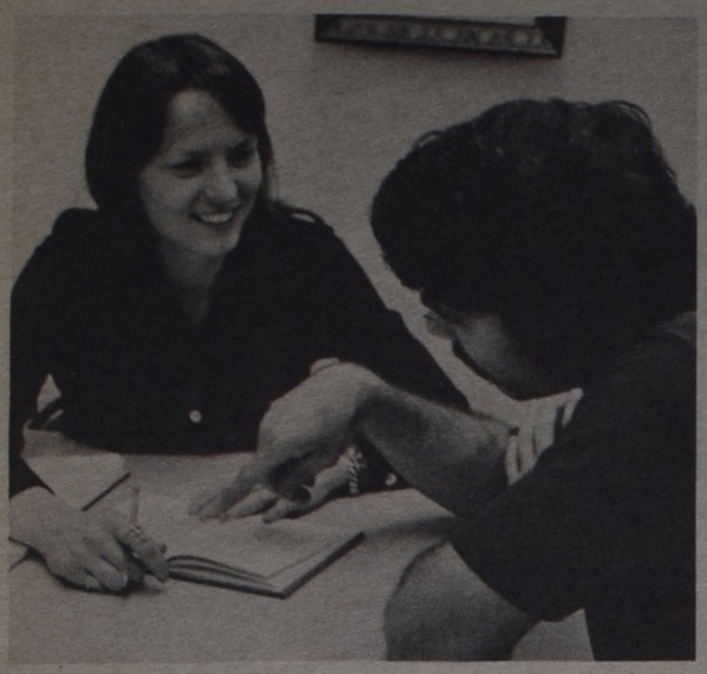

Starting at a root of the drug problem, Gary and other Narconon lecturers have given drug education lectures to children, parents, police and even psychologists, around the country. One Narconon staff member, John Duff, also on the Solo Course currently, has personally given education lectures to over 150,000 children and parents since 1979. Gary himself has been in a police training film demonstrating how to handle a victim of PCP (a powerful drug related to LSD) by using LRH tech.

As part of their drug education program, last summer Narconon held a 10 kilometer running race down Hollywood Boulevard called "Get High on Running." Over 2,000 runners and 3,000 spectators participated in the event.

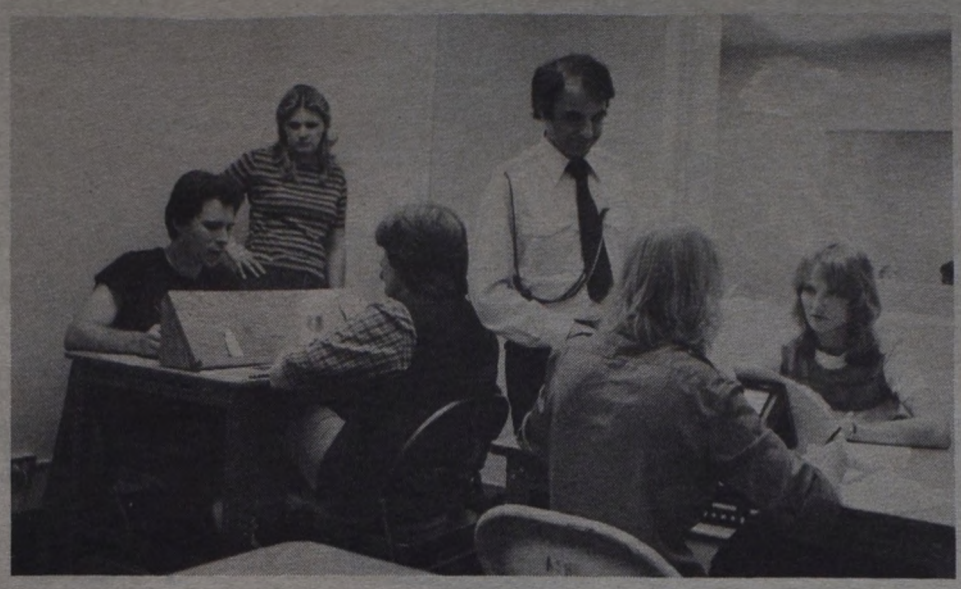

Narconon has interested many corporations and institutions in phases of LRH technology. One institution, involved in advanced technology, is interested in giving its employees the Purification Rundown to eliminate the effects of LSD and PCP and increase reaction time. A military base is interested in getting drug education lectures for all their new recruits. Many others are interested in referring employees with drug and alcohol problems to Narconon for help. Gary expects the new year to be a banner year for Narconon, and as a result, expects greatly increased recognition of the value of LRH's Tech throughout the country, and big steps towards the goal of a drug-free society.

The Surest Route to OT—

The Training Route

1 SCIENTOLOGY® training begins in the SCIENTOLOGY Church bookstore. Here you can find books by L. Ron Hubbard containing data you can use in life to improve conditions and help others. The Bookstore Officer can help you find the right book to read.

2 On course, you'll study the theory of auditing and can come to understand how it handles the various problems of life. Then you'll drill with another student so you have the full skills taught on your course as well as a deepened understanding.

3 In session! As a student auditor you're applying the materials you have just learned and drilled with another student. And experiencing one of the greatest joys— watching another person go free before your eyes because you applied Standard Technology!

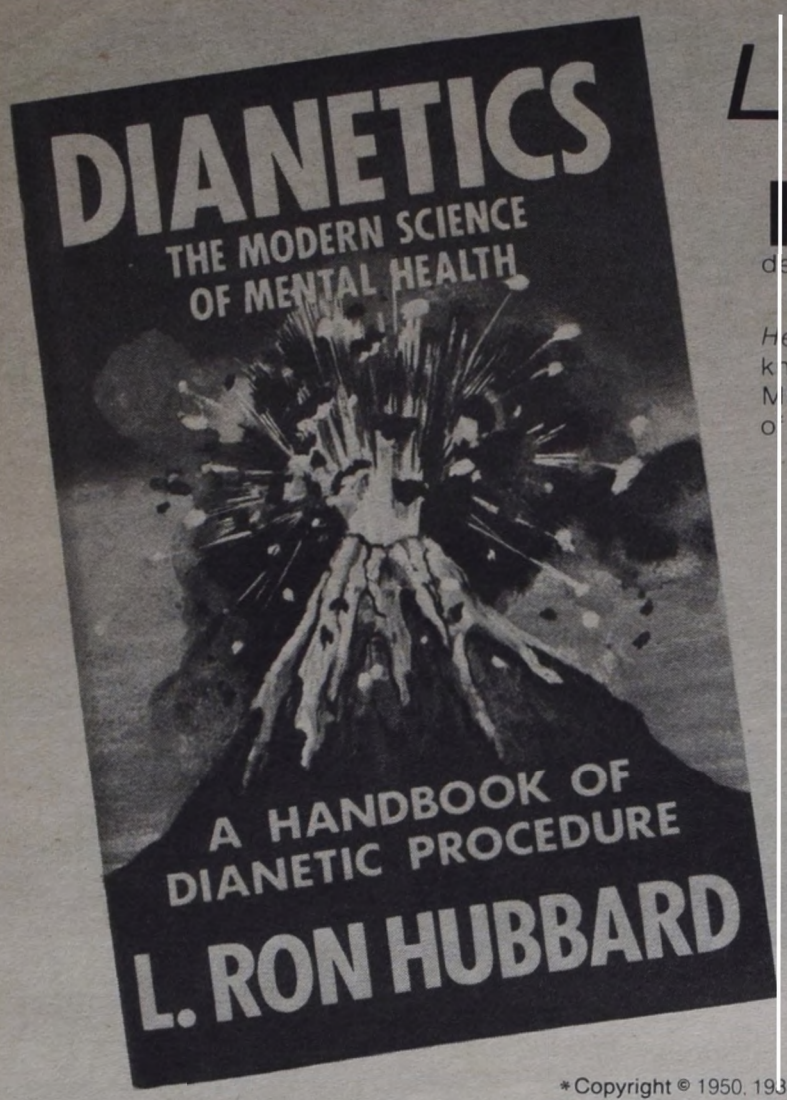

4 Co-auditing, where two people team up to audit each other, is an inexpensive and popular way to get up the Bridge. Co-auditing is free on the Saint Hill Special Briefing Course, where your co-auditor will most likely be a fellow Briefing Course student on his way to becoming a Class VI, like yourself. Briefing Course students can co-audit almost all actions up to the OT Preparation Rundown.

Now, as a preclear in your co-audit, you can experience first hand the new abilities to be gained with each step of the Bridge.

5 The Solo Course Parts I and II exist to show you how to solo audit, where you are both preclear and the auditor in session! And as a trained auditor you have full confidence borne out of knowledge and experience, that you, the auditor, can handle whatever comes up in session!

FOCUS ON SUCCESS

OT on the Briefing Course finds Satisfaction Auditing Others

Kathy Cormier Frank is a professional auditor who has audited nearly 20,000 hours. She is now nearing completion of the Saint Hill Special Briefing Course at ASHO and has already completed her OT Levels through OT III.

"In Miami there was only so good I could get. I reached a plateau. You can't stay at a plateau. On the Briefing Course I finally have a chance to get better than I was. I get more data, I get crammed by ASHO's senior C/S (she's wonderful!) and I'm able to expand as an auditor.

"The Briefing Course is a different viewpoint. Ron expects you to be good and to get better. There's a tremendous amount of data on the Briefing Course that isn't on the Academy Levels. On the Levels I had bits and pieces— 8 to 10 tapes on each level. You do the communication level and you get the data about communication. NOW I can see the way it was formed.

"I can see how Ron thinks now, how he formulates something! It's easy to remember when something comes up— if a pc's manifesting something I can see how they get there, and I can see a lot easier what to do with them.

"The Levels are wonderful, they helped me a lot, but it's bit and piece, it's not chronological. The Briefing Course is *flow* all the way through."

Asked how her training relates to being OT, Kathy answered, "Being an OT doesn't teach me how to communicate. All it teaches me how to do is to have abilities. But unless you know how to channel them and communicate them to other people they don't do you any good! So what if I can do something OT! If I can't handle another being at his level, it's *useless*.

"Let's say, just as an example,I have an ability to read minds. If I can't talk to the person and get *him* to talk back to me, and see what's going on with himself in his own universe it doesn't do me any good to have that OT ability. It's training in auditing that has taught me how to talk to people, how to get them to talk back to me, and make it easy for them to *see* what's going on, rather than me evaluating.

"Training teaches me how to handle individual to individual. I wouldn't learn that anywhere else— training is the only thing that does that.

"The only way I could be responsible as an OT is to be an auditor. I have to help. Once I get the data I have to help someone else get out of the trap that I got myself out of. There's no one else to do it! The auditors are the only ones who can!

"When I was doing my OT Levels I started getting more responsible and I was just auditing *me*. I couldn't take it any more and started auditing in the HGC at AO. I *had* to start auditing other people! That's what I did on my vacation.

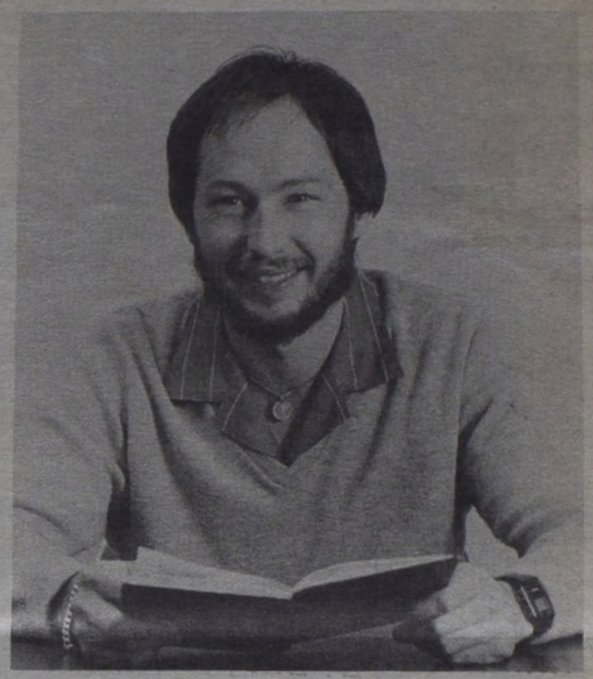

"There's a third dynamic thing on it too— there's the group bank on this planet, the sex nonsense and violence nonsense, but it blows every time someone gets better. And it makes it easier for people to accomplish their goals and purposes. If they're doing better themselves they're going to accomplish their goals and purposes on the third and fourth dynamics and make the fourth dynamic saner."

Solo NOTs Pre-OT finds Briefing Course "An Absolute Necessity"

Briefing Course student Willie Newman spends part of his day auditing himself on Solo NOTs, new OT VII. He says, "I did through NOTs, came home and had a burning desire to be on training again. At home on Solo NOTs I had decided that I really wanted to get every bit of Ron's Tech so that I could understand all the motions he went through on all the discoveries up to and through Solo NOTs.

"On Solo NOTs you get the basic truth of the universe. 'The Basic Truth of the Universe' is the way it seemed to me. You can explain what it is in maybe 24 words or less. It's such a calming reality. Basically I feel protected. I don't feel I can fall the effect of anything, having the tools of auditing Solo NOTs and the viewpoint of what it is and what you're doing to reverse the effects on the case.

"So I got on training and boy! did I get a bonus. There are so many pieces of truth in Ron's writings that it's just amazing. Somedays I'll read a paragraph and it outdoes all the auditing I've done so far as far as sanity, clarity, and certainty. I'm sure that's happenning to a degree because of the Solo NOTs viewpoint. Looking at all the different phenomena that LRH explains in his bulletins and PABs and all the things he wrote throughout the years, expands my awareness and understanding of the manifestations of the different portions of the bank and the handling of it. It's NOT like there's a great big wall of unconfrontable hard-to-understand data. I'm just growing; with everytime I read I grow. I'm on Level B reading the materials around 1960. If the Briefing Course ended tomorrow I'd be satisfied, as far as the amount of truth

and enlightenement I've gotten, but it goes on for YEARS after 1960!

"I don't think anybody could finish Solo NOTs without having the Briefing Course under their belts. I think they would miss an awful lot."

Willie reports that he had a cognition about the third dynamic that led him back into training: "During my audited NOTs I had an incredible cognition, realizing the value, purpose and the need to do what is being done in SCIENTOLOGY Churches. I had 'the third dynamic cognition,' realizing that if we all didn't pitch in, things weren't going to go right. We all had to do it. That started my interest in training again."

Willie plans to follow up the Saint Hill Special Briefing Course with training through Class 9, and his interneships, at which point he has decided to become a Sea Organization member.

Idella "Ikey" Stone left her body December 1, 1982. She was a Founding Scientologist who contributed much to the early success of DIANETICS™ and SCIENTOLOGY® expansion. In 1950 Ikey wrote the first book review of LRH's *DIANETICS: The Modern Science of Mental Health* for the LA *Times*. She established the first DIANETICS group in the world, and in July 1950 was delivering DIANETICS auditing full time as a professional Auditor.

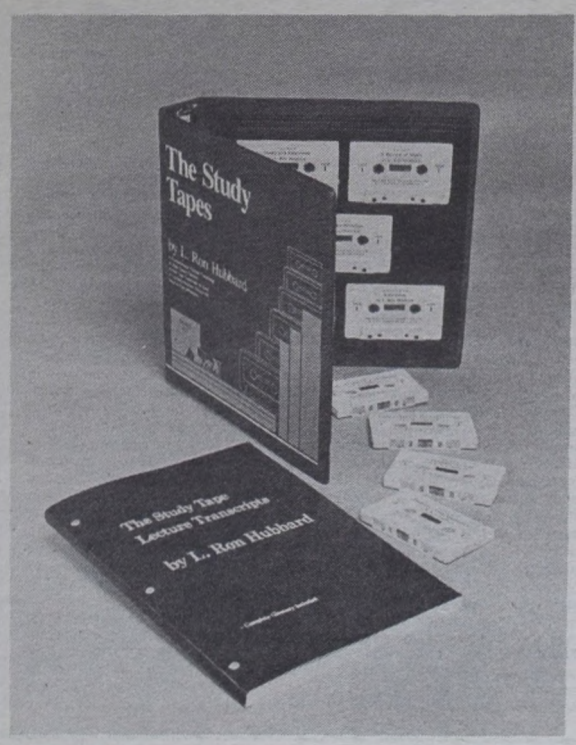

In 1954 LRH sent Ikey on a tour of the country to lecture on DIANETICS Tech. She helped promote it to thousands of interested people.

Ikey was a celebrity in her own right. She wrote many children's books. At the age of 80 she won 1st, 2nd, 3rd, and 4th place in the American Poetry contest.

Her auditing folders will be secured and held for her expected speedy return to the group.
