— Story Inside

The Great Discovery

* 1964 by LRH.

by L. Ron Hubbard

If you look over communication, you'll find out that the magic of communication is about the only thing that makes auditing work.

Now, what was all this about? An individual considers himself mesty, or massy, and therefore he has to have a second terminal, a second terminal required to discharge the energy.

Now you don't have to know anything about electricity or electronics in order to go into this very deeply, but it's obvious to you that for a motor to run, or for something to occur, like a light go on, that two poles have to be involved. And energy passing between two terminals, or two poles, makes an interchange, and it gives you what you call electric light.

Now of course, that is the burning of energy. In this particular case you don't have the burning of energy, you have the as-ising* of energy, where the auditor and the pc is concerned. Here we have two poles. We have an auditor and a pc and as long as the auditor audits and the pc replies, we get an exchange, an apparent exchange of energy from the pc's point of view, which doesn't hit the auditor, but because they think of themselves, at this level, as terminals, why you get this exchange of energy going on, you see. And nothing hits the auditor, and it as-ises as far as the pc is concerned.

Now, that is the essence of the situation, and the magic involved in auditing is contained in the communication cycle* of auditing. You are handling the smooth interchange between these two poles.

What value is the auditor? Wherever an individual thinks of himself as an animal, as matter, as a bit of mud, as algae which has coagulated into the difficulties of manhood, when you get these various things, you see a whole scientific world indulging in the philosophy of "Man is matter." So the spiritual values and natures of Man are of course lost completely. Only auditing can restore these. Nothing else is going to restore them.

But when you look over the difficulites of auditing, realize that you are handling simply the difficulties of the communication cycle. And when you, yourself, as the auditor, do not permit a smooth flow between you as a terminal and the pc as a terminal, and the pc as a terminal back to you, you get a no as-ising of matter.

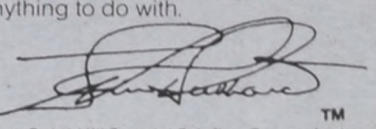

Now, part of the trick of course is what has to be as-ised, and how do you go about it? But that we call technique. And if you remove technique from the area, we find, oddly enough, if the auditor is actually capable of making the pc willing to talk to him, he wouldn't have to hit a button* to get tone arm action*.

The person who is insisting continuously upon a new technique, or a very fancy technique or that sort of thing, is neglecting the basic tool of his auditing, which is the communication cycle of auditing. He cannot make the pc get tone arm action. Well, he can't make the pc get tone arm action, basically, because the communication cycle doesn't exist.

So the fundamental of auditing is the communication cycle. That's the fundamental of auditing. And that is really the great discovery of DIANETICS™ and SCIENTOLOGY.

Please! I invite your attention that your inspection of what you are doing should have ended with your training. And thereafter is taken up exclusively with the observation of what the pc is doing or is not doing. And your handling a communcation cycle ought to be so instinctive, and so good, that you are never worried, over here, about what you do now. "Let's see, am I doing it right, or am I not doing it right? Let's see. I wonder how my acknowledgment was that time. Did I say, 'Okay' in an artificial frame of voice, or should I say it naturally, like 'O-kay.' No, that wasn't right." No. The time for you to get this all fixed up is in training. And in actual auditing, the communication cycle that you watch is the pc's. That's the communication cycle you watch. You know yours is good so you don't worry about it any more.

But if you're going to deal in pcs at all, who have disabilites of any kind whatsoever, you've got to have a session before you can have Class IV, V, VI, VII, VIII, IX, X. You've got to have a session before you can have a technique operate. This is the value of the auditing cycle, this is its use, and this is how to become one of the wildest case crackers anybody ever had anything to do with.

So that there is NO question about what is meant by FAST FLOW TRAINING:

ANY STUDENT WHO HONESTLY COMPLETES *THE STUDENT HAT AND METHOD ONE WORD CLEARING OR* THE PRIMARY RUNDOWN OR *THE* PRIMARY CORRECTION RUNDOWN IS THEREAFTER DESIGNATED A "FAST FLOW STUDENT".

The Fast Flow Student passes courses by attestation at Certs and Awards to the effect that he has (a) enrolled properly on the course (b) has paid for the course (c) has studied and understands the materials (d) has done the drills (e) can produce the result required in the materials.

Briefing Course Student Nancee Braan stops by the ASHO Bookstore to buy one of the many LRH books she'll be reading on the course as a fast flow student.

The student is given a PROVISIONAL CERTIFICATE. This looks like any other certificate but is not gold sealed and has Provisional plainly on it.

The Fast Flow Student studies within his knowledge of study tech. He is assisted by Supervisors. Any Word Clearing action needed can be done on him. He can be sent to Qual and Crammed. He can be starrated and made to clay demo by the Supervisor.

He does not however have to have a twin *on theory*, he does not automatically starrate starrate items, he does not have to have an examination.

The Fast Flow System makes for very rapid training. This becomes possible due to the developments of *Method One Word Clearing and the Student Hat*, the Primary Rundown and *the* Primary Correction Rundown.

PRE-REQUESITES

The Student Hat is mandatory for all major courses (Ref: HCOB 24 Jan 77 TECH CORRECTION ROUND-UP).

The Student Hat and Method One™ Word Clearing or the Primary Rundown or the Primary Correction Rundown are required for the Student to Fast Flow his courses.

Note: Method One Word Clearing is a prerequisite for Academy Levels 0-4, OEC, and higher level Tech and Admin Training. (Ref: HCO PL 25 Sep 79RA II, METHOD ONE WORD CLEARING)

STUDENTS WHO ARE NOT FAST FLOW

Those students who have not had *Method One and Student Hat, or* a Primary Rundown or Primary Correction must starrate, clay demo and go through the materials as many times as required, using the entirety of the Student Hat *(or Basic Study Manual for Staff Hatting).*

It is much faster to do *Method One and Student Hat or* the PRD or PCRD first.

DRUG CASES

Where a drug case cannot be gotten through Method One Word Clearing due to case, it is usual to *get him through the Purification Rundown, Objectives and in some cases a Drug Rundown. (Ref: HCOB 12 Nov 81 RA GRADE CHART STREAMLINED FOR LOWER GRADES & HCOB 4 APR 72R PRIMARY RUNDOWN)*

DESIGNATION

The FAST FLOW STUDENT should be given a blue lapel award and wear it in Class. It should say FFS on it in black letters.

This gives the green light to rapid and effective completion of courses for the *FAST FLOW STUDENT.*

New Pro TR Course Launched!

The star of the Pro TR Film had his TRs personally coached by Ron (who also wrote, directed, narrated, and composed the music for the film)

New! Movie from Ron SHOWS You How to Do TRs!

Ron has released the new Professional TR Course and his new movie *The Professional TR Course!*

Ron writes, "The auditing skill of any student remains only as good as he can do his TRs." (Hubbard™ Communications Office Bulletin 16 August 1971, revised 5 July 1978, "Training Drills Modernized"). The TRs came in to being when Ron, years ago, discovered that auditing success depended on how well the auditor could handle communication. Ron created TRs to train auditors in the exact handling of the communication cycle in auditing.

The TRs have been a fabulously successful activity right since their beginning, and now Ron has made this vital step of training easier and swifter with the new Professional TR Course checksheet and the Professional TR Course film.

WHAT'S ON THE COURSE?

Students on the Pro TR Course do a *thorough* study of the theory and basics of communication, ARC, and each of the TRs themselves. Ron says, "...one of the first things a TRs student needs is a sound understanding of the communication formula" (HCOB 24 Dec 79 "TRs Basics Resurrected"). Theory and clay demos, more theory and demos, help, when needed from ASHO's standard Sea Org Supervision and Word Clearing crew, new LRH issues on TRs, listening to how *Ron* does TRs, seeing LRH's new film on the right way to do TRs, and then *doing* the drills, and students come away with the communication skills of a real pro! "The PRIMARY VALUABLE FINAL PRODUCT of TRs is:

"A professional auditor who with comm handling alone can keep a pc interested in his own case and willing to talk to the auditor.

"The SECONDARY VALUABLE FINAL PRODUCT of TRs is:

"A person with the session and social presence of a professional auditor and that presence can be summed up as a being who can handle anyone with communication alone and whose communication can stand up faultlessly to any session or social situation no matter how rough.

"The END PHENOMENON of TRs is:

"A being who knows he can achieve both of the above flawlessly and from here on out."

"And it doesn't take a year or even months to accomplish it."

(LRH, HCOB 24 December 1979, "TRs Basics Resurrected")

The Tech Film from Ron: *The Professional TR Course*

This is the LRH Tech film you've been waiting for! In this movie, written, directed and narrated by Ron himself, you actually *watch standard* TRs! This hour-long film shows you the *right* way to do TRs! It's something you *don't want to miss* if you've *ever* done TRs!

National DIANETICS Campaign Commended by LRH!

Commendation

All those personnel engaged in the promotion, sales and marketing which has led to the tremendous success of the National DMSMH Campaign (U.S.) are highly commended.

These personnel, after 33 years, have created an affluence in the sales of DIANETICS: THE MODERN SCIENCE OF MENTAL HEALTH. This is a tremendous accomplishment.

I have no doubt that this will continue into the future and we will achieve our goal of a cleared planet.

coveries: the cognitions available on the rest of the Bridge. At one Church recently, one third of the people starting their first service came in as a result of sending in the cards!

The Planetary Dissemination Organization (a branch of the Church of SCIENTOLOGY International which is doing promotion on a *wide* spread basis) started a promotional campaign to inform people who've read DIANETICS books of the Purification Rundown. The results, though the campaign is not even half done yet, is Churches around the US report a sudden large surge of people starting the Purification Rundown, their next step on the Bridge!

DIANETICA™ CAMPAIGN CONTINUES TO SOAR

The Spanish edition of Book One™, the book *DIANETICA*, continues to get more and more readers. An estimated 7,000 DIANETICA books were sold in one twelve week period recently! Here are some other statistics of the campaign:

★ 969 new Spanish book outlets have been stocked with DIANETICA books since the 5th of May!

★ A total of 96 radio shows have been done on *DIANETICA* by the Hispanic Campaign In-Charge.

★ 22 press articles have been published since the start of the campaign, and 50 more have been confirmed for placement for over the next few months.

★ 4 television shows have been done – one was entirely on DIANETICA and was done for a network with 190 stations reaching a total of 600,000 viewers nationally.

FIRST LADY OF COSTA RICA RECIEVES AWARD

At a recent celebration of Costa Rica's independence in Los Angeles, the First Lady of Costa Rica received an appreciation award from Bridge Publications (publishers of *DIANETICA* and *DIANETICS* in the US) for her work in the cause of peace. She also received her own copy of *DIANETICA*, and was quite thrilled. The presentation was broadcast nationally in Costa Rica.

Cost Rica is one of the most upstat countries in Latin America (it has the highest literacy rate of any country in the world) and is known as "the Switzerland of Central America". The Consul General of the country in Los Angeles has read *DIANETICA* and thinks it's great!

MIRACLES

From its first release, the big news about DIANETICS Tech is that it produces *results*. Here are some more recent miracles of the kind DIANETICS auditors have been producing since 1950:

One woman, having had several pregnancies end in miscarriage, was told by her doctors that another pregnancy would end in her own death. After getting New Era DIANETICS auditing on the spiritual distress she was able to successfully have a child.

A father was told by doctors that his new born child was a victim of a crippling disease and would be a vegetable. He gave her DIANETICS auditing in the first four days of her life, and today she is normal, happy and very cute little girl. The doctors were amazed.

One woman had been in a car accident and as a result was extremely depressed to the point where she hadn't been able to work for two weeks. An auditor gave her a Book One session, and the woman reported the next day that she couldn't believe how much energy she had, and she went back to work the day after! She is now continuing on up the Bridge.

AND MORE MIRACLES...

In *DIANETICS: The Modern Science of Mental Health*, Ron has laid out a handbook for those who want to help those around them. Create some miracles of your own – see that your family and friends get and read their copy of Book One, then see that they go to their local SCIENTOLOGY Church and learn to apply DIANETICS techniques by becoming a Book One Auditor!

6 Millionth Copy of DIANETICS The Modern Science of Mental Health Sold!

One lucky person at the New York City Book Fair recently received a prize for being the purchaser of the 6,000,000th copy of Book One to be sold! The book fair, spread out over several blocks, was a great success for DIANETICS, with enormous numbers of people brought into contact with the book through radio advertising at the fair itself.

The National DIANETICS Campaign is now gearing up to get even more copies of Book One into public hands even faster (after all, there are over 3 billion people on the planet who *need* their own copy!) – the largest set of TV advertising is now being lined up with the set of already proven ads and two new ads, featuring Scientologists marathon runner John Radich, and famous former star quarterback John Brodie.

MORE PEOPLE STARTING ON THE BRIDGE!

Included in all the copies of Book One being sold are cards the reader can send in for more information. As more and more copies of the book are being read, people are discovering using these that Book One can be the beginning of *many* more dis-

Author Does Training and Processing at ASHO

Author and lecturer John Duff, co-author of the book *The Truth about Drugs, the Body, Mind and You*, recently completed his Solo Course and OT Preps at ASHO and is now on his OT III at AOLA. John, who has for many years been educating others about the nature and dangers of drugs, was awarded the Solo Course through OT III for his outstanding work in that field. He is currently the Director of Drug Education at Narconon, the international group that uses L. Ron Hubbard's technology to help people get off of drugs and recover from their effects.

Prior to his becoming a Scientologist, John had been a very heavy drug user, to the point where he was discharged from the armed services for using heroin. It was shortly after his discharge that he bacame aware of SCIENTOLOGY technology through a friend who suggested he read a book on the subject. John purchased several LRH books and, after staying up late the same night reading them, decided that he no longer wanted to use drugs, and threw out what drugs he had. Shortly after that he was on the Drug Rundown at his local SCIENTOLOGY Church.

When John discovered L. Ron Hubbard's tech on handling the effects of drugs and helping people rid themselves of drug problems, he became interested in doing something about helping others.

John says, "The way society is right now – it's totally nuts: we have billions of dollars poured into pro-drug promotion through movies and articles and books and concerts and music. One movie costs more money than the whole US Government spends on anti-drug materials. I felt something had to occur to change that, and of course, getting involved with Narconon, and taking on the job as Director of Drug Education gave me that

Class VIII Uses SCIENTOLOGY Tech for Success in Business

ASHO trained Class VIII Auditor and Solo NOTS Pre OT Terry Morrill uses his skills and abilities to expand his successful company and disseminate SCIENTOLOGY technology. As a partner with three other Scientologists, Terry has taken their company, Pacific Energy Production Systems, from a start only one and a half years ago to a weekly statistics of value of services delivered of 150 thousand to 200 thousand dollars. The company now employs 70 people and is handling orders for over 4 million dollars of equipment installations. One of their recent jobs was the installation of the largest solar collector in California. The solar collector is a device which uses sunlight to heat water for use in a large factory. It produces about half of the factory's hot water needs.

Terry is a member of WISE (World Institute of SCIENTOLOGY Enterprises, the official oranization for getting L. Ron Hubbard's administrative technology into use in the business community), and uses his training to boost his company's expansion. He is a graduate of the Class VI Case Supervisor Course, and uses the technology of programming, which Ron lays out in the Case Supervisor Series of Bulletins and the Data Series of Policy Letters, to set targets and see that things are gotten done and situations are rapidly handled. He reports great success in using SCIENTOLOGY Tech in his dealings with other businessmen. "People will often ask, after dealing with us", about what the company's "secret" is. "They recognize," Terry says, "that there is something different."

A crucial part of any application of SCIENTOLOGY Tech is the use of TRs and Terry says of their applicability to business, "they're invaluable." He relates how, just before being interviewed for *The Auditor*, he had handled one client by using TRs. The fellow was very upset as a result of a misunderstanding. When he went to see the fellow, Terry used his TRs and by listening carefully to what the other person had to say and acknowledging his communication when he was through speaking, Terry was able to quickly calm the fellow down and then together they worked out a handling to the problem.

Terry and his partners include dissemination of SCIENTOLOGY Tech in their plans – their current target is at least one new person from their business contacts onto Bridge services every week! Their future plans include even more dissemination – helping others and

opportunity. I started spending a lot of time in schools. I've given something like 1,500 lectures in public shools in the past four years. I had the knowledge of how to approach the subject from things like the Auditor's Code and the Code of a Supervisor, these things gave me the tools to be able to bring about a really true understanding, not just that drugs are dangerous, but what exactly they are and how they affect the body and the mind."

Of his work in helping rid the society of drugs, John says, "LRH materials really made me understand what was going on."

"The whole goal of drug education is to change the think on drugs and to promote the rehabilitation that we use: the Hubbard Method, the Purification Rundown, and DIANETICS tech. Anything that involves that, I'll be in the middle of."

John's current plans for the Bridge include the Professional TR Course and, of course, the Saint Hill Special Briefing Course.

Successes on the New Professional TR Course at ASHO! Wins from the Top of the World!

ASHO Day's Sea Org TRs Supervisor congratulates students Jan Talbert and Sandy Lattimore upon their passing of TR0.

"I have just completed the Pro TRs Course, and I am BLOWN OUT. My wins were many, and sort of grouped together into a calmness and clarity regarding communication in general. The supervision was great (really impressively tough and standard), and I thank ASHO and LRH for this data and course. What a great preparation for the rest of my life!"

— B.G.

"The supervision was really spectacular! LRH really boiled this down to nail the basics, and allow the false data and other wierdnesses to float off. My confidence as an auditor has never been higher, and will always continue to climb.

"Many thanks to ASHO Day!"

— V.B.

"This was really good. I got all kinds of things out of the theory that I hadn't noticed before. And once I actually achieved being able to do TR0, the rest of the TRs went unbelievably easy.

"It really made a change in my perception of things, and in my ability to be heard and to handle my comm cycles.

"And the LRH new HCOBs were really terrific and sped me along!"

— N.B.

"What I want to tell you most about this course was that it got me to be where I was at and confront what is really there and really in front of me. This was very painful at first, because I came to realize that I had never really been involved in what was going on on this planet – I was a dilettante of life. Having passed these initial upsets, I found how much FUN it could be to actually be in present time. Best course I've ever done, truly."

— D.E.

"This completion is my very best in my years of SCIENTOLOGY training. For once I have *absolute* certainty and feel fantastic about not having any Q and A.

"This course has stabilized my universe, thus all my dynamics."

— R.C.

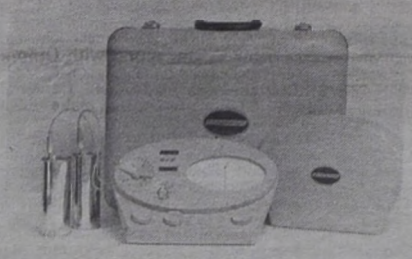

"Last night, my daughter woke up in the middle of the night with a somatic in her foot. I was *very tired* but decided a touch assist was needed because nothing else was working. I gave it to her and even though I had some confusions on the touch assist data due to some originations she made, I remembered that I should be able to handle this with TRs alone. I DID! She said 'it's all gone.' I have never had her originate that on a touch assist before!!!

"Yesterday, after having done my TRs, I gave her a locational. I have never been able to do this before successfully, but due to my TRs – and listening to LRH – I was able to get the desired EP and very quickly.

"It was GREAT!"

TODAY & TOMORROW

© 1983 by LRH.

TO: YOU
FROM: RON
SUBJECT: TODAY AND TOMORROW

Hello!

The days go by and the stars roll on and though things appear not to have changed, in actuality we are looking at a whole new vista, not just of hope but of actuality and opportunity. Many things have altered in the past year, opening many doors, and the views revealed sparkle indeed.

To begin with work-a-day matters, I recently reviewed the state of present Scientology management and was close to ecstatic with what I found. As you know, things were in the doldrums a couple of years ago but since that time a new group of hard-line, dedicated and devoted managers have taken over the scene in all aspects from pole to pole and by close adherence to the very policy you find in the OEC[1] volumes and strategies evolved from close adherence to original intentions, have utterly reversed the scene and trends of the near past. They have statistics marching boldly straight up to the mountaintops and the growth factors are enormous.

Furthermore, branches of this same team have completely changed the legal picture internationally and those who were harassing Scientology in the past are beginning to present a panorama of coattails. The falsity of the attacks of the past came glaringly into international view recently when the Supreme Court of Australia, in granting freely the full religious status of Scientology, also dwelt upon the falsity of past attacks. This momentous decision influences all former and present countries of the British Commonwealth and is, in effect, an international decision. Legal wins of this nature, mounting up, are reversing the whole scene toward a solid array of pluspoints[2] so in that aspect alone a different world and operating climate are emerging.

Narconon[3] and other Social Coordination services are making real advances and, for instance, Narconon LA is not just in a boom, it is becoming a parade of salvaged beings.

Orgs at all levels are turning out helped people with avalanches of success stories. In no small part that is also due to the reorganization of the Office of Case Supervisor International who is really on the ball in making sure that out-tech is squashed wherever found and that straight tech is all that is getting delivered anywhere in the world.

While I am not directly involved in management it is a great source of satisfaction to me that things are improving and going so well. And whereas you can easily imagine reasons for that satisfaction, there is another one even more important:

IT GIVES ME AN OPPORTUNITY TO GET THE BROADER SHOW ON THE ROAD.

I have been working hard for the past two years, as you may have heard, on very advanced research. And you may be pleased to know that this is now opening the sky to heights not previously envisioned. While it changes no lower levels or activities on the ladder, it is a much easier and much more rewarding ladder as it approaches the top.

So I wanted you to know that things are going well not only with organizational and public matters but that the sector — advanced research — which is out of usual view is succeeding not just on schedule or as expected but considerably beyond what was originally projected.

All this, I know, is of interest to you, dealing as it does so intimately not with just the world around you but your own personal future.

All that may seem like a lot of superlatives and may well exceed the reality of many but the truth is the truth whether one says it is the truth or not. And contrary to false opinions and statements by others in the past, the above is the unvarnished truth.

So I wanted to say hello and to tell you the results of an overview of the game and, boy, does that future look good.

Trusting that this wipes away any false data you may have had in the past and brings on a state of cheer.

Love,
Ron

1. OEC: Organization Executive Course. This course contains the basic laws of organization.
2. Pluspoint: Plus-points are very important in evaluation as they show where logic exists and where things are going right or likely to.
3. Narconon: meaning non-narcosis, is a drug rehabilitation program for the redemption of druggies in or out of prisons.

"...the fundamental of auditing is the communication cycle... that is really the great discovery of DIANETICS and SCIENTOLOGY"

from taped lecture "The Communication Cycle in Auditing" 1964 by L. Ron Hubbard. ALL RIGHTS RESERVED.

Listen to Ron Using TRs!

TRs are basic to successful living! The ability to handle communication is such an important part of auditing and of anyone's ability to handle situations and to get along with others, Ron has spent years researching the best way to teach the skills of communication. The result: *THE PROFESSIONAL TR COURSE!*

Now you can own the demonstration tapes used in the Professional TR Course. Use them now and in the future whenever you need to brush up on your communication handling! These tapes are actual sessions and demonstrations in which Ron himself shows the right way to use TRs. You can use these tapes to perfect your own TRs.

This series of 6 cassettes comes in a beautiful binder that features a photograph taken by LRH himself. The binder is about the size of a hard back book so it is very easy to take to course with you. The binder snaps closed, so it protects your cassettes and extends their life.

Get these tapes now! They are part of the materials on the Pro TR Course and you'll need your own set to do the course. Order right away and put this fabulous tech to use in your life at once! Use the order form on the other side to make your order.
