THE JOURNAL OF SCIENTOLOGY

THE FORWARD LEAP OF SCIENTOLOGY

Since its very formation in 1952, Scientology has been a religious fellowship. Today it operates under the Church of Scientology of California. Why is this? What is Scientology? How does it fit into the framework of Man?

With L. Ron Hubbard's tremendous breakthrough into the realm of the human spirit in 1952, the propagandized theory that Man is Mud, an animal with a stimulus response mechanism, was shattered forever. He discovered with absolute proof that Man is basically a spirit and it was the development of the remarkable technology which addresses the spirit that is the individual, that has produced the new states of awareness being achieved routinely in Scientology today.

Scientology encompasses a broader scope than any Eastern or Western religion ever has, but it should be realized that a great deal of what we know now, with an added exactness of understanding, was already known and lost thousands of years ago. So we are not dealing with something new in Scientology. What we are DOING with this data is new and the technology for bringing about a new state in Man is new. But the basic idea, the basic hope of Man as it appears today in Scientology, is thousands of years old. When we call Scientology a religion we are calling it a religion out of a much deeper well than the last two thousand years.

The truth is that in Scientology we are studying an extension of the work of Gautama Siddhartha (Buddha), begun about 2500 years ago. He sought to end the endless cycle of birth and death and birth and this led into an effort to show Man that he was a spirit and did not have to be a body and did not have to go on being clay. Gautama Siddhartha found out how to exteriorize (the spirit, the being, moving out of the body). This was something we could do in 1952 and do it better and in a few minutes against the many years is took Gautama. The trouble he had with his work was how to *stably* exteriorize or *continue* somebody in an exterior condition. He did not know how to do this.

Llama-ism, which began in Tibet after the time of Gautama Siddhartha, was actually developed by Gautama Siddhartha who went to Tibet and worked there to develop what is called Llama-ism, in an effort to produce a methodology to reach the basis of the mind and permit an individual to be spiritually free. Now that work, too, was relatively unsuccessful. We were more successful than that in 1952 in Scientology. We could exteriorize an individual and show him that he was a human spirit more easily than had been done before. And, of course, today we have been totally successful in making an individual spiritually free by erasing the Reactive Mind. Yet the work of Gautama Siddhartha, although looked upon as a failure, produced a sufficiency of wisdom on this planet to bring civilization to three-quarters of Asia.

People poured out of China for centuries over torturous and dangerous mountains and snow-filled passes to drop down into India, just to come close to the area where Gautama Buddha had taught that there is hope and that the endless cycle of life and death does not have to continue, that an individual can be free even from this. The ignorant deified him and made idols of him but Gautama Siddhartha never pretended to be anything but a man. And due to him a great deal of this work was handed on and an enormous amount of what we call religion in this Western hemisphere today was given to us directly by Gautama Siddhartha.

Buddhism is the oldest and most numerous religion on this planet at this moment and pre-dates Christianity by 500 years. Probably the shreds of Buddhism coming into the Middle East with the silk and spice merchants sparked a religious revival and a considerable amount of messianic activity in the Middle East. The spice and silk merchants of India and China who, after the contact of Alexander in about 333 BC, found out there was a Europe, followed on the trail of his retreating conquest and made a trade contact with Europe and from there on supplied Europe with spices and silks and other goods on an overland route. Along with them undoubtedly came Buddhism. These people, then, handed on the torch of wisdom, of information, generation to generation. These and others following them were great spiritual leaders because they gave to Man the hope that life could go on and the knowledge that there is a spiritual side to existence. And right on down to this time we are indebted to them.

Now, regardless of any truths or prophecies or prophets or anything else that happened as an independent endeavour, all this was sparked off by Buddhism. Gautama Siddhartha Buddha predicted that in 2500 years the entire job would be finished in the West. That is stated in the Pali Canons.

Well, we finished it. Were somebody to claim that Scientology was not a religion or that religion was a disguise, this would be about the most erroneous statement he could make because it is an extension, a direct extension, of the work of Gautama Siddhartha Buddha.

Buddha never pretended to be other than just a man. Everyone, anyone, of any race, colour or creed, could be a member of the Buddhist Church. It was not limited to one caste or class or race or nationality. It was the first international religious movement, but although it has carried forward until today it actually has not moved its technology one inch further than it was pushed in Tibet, until 1952, with the successful exteriorization of human beings by a very brief, swift technology in Scientology.

However, human beings do not stay exterior. It can last three seconds, three minutes, three days or three years. But it won't last. The reason for this is the hitherto undiscovered Reactive Mind. Since the perfection of the technology to erase this Reactive Mind in Scientology, total spiritual freedom is now a certain, attainable state and has been achieved by hundreds of Scientologists since the announcement of the First Clear (someone who has erased the Reactive Mind) was made in the Spring of 1966.

We can demonstrate to human beings that they are spiritual beings and that is the essence of religion. Man is a spiritual being. Where he came from and how and why and where he is going, are questions developed in religion. But the spirituality of Man is the basis of religion and it is the one thing that all religions have in common. They have different creators, different gods, different altars of worship, but in one thing they hold a common truth and that is that Man is a spiritual being. Only in Buddhism was this ever proven and it is proven now again in Scientology.

This proof—and total spiritual freedom—you will find for yourself as you walk the well marked road that is Scientology today.

DON'T MISS THIS HISTORIC FILMED INTERVIEW WITH L. RON HUBBARD

Last year, a filmed interview with L. Ron Hubbard was made in England and copies of this film have now been printed and will be sent to Organizations around the world for use in Personal Efficiency lectures.

This frank, revealing interview with the Founder of Scientology goes into such questions as, What is Scientology? Where did it all begin? What is processing and training? What can Scientology do for people?

The interview was filmed in L. Ron Hubbard's study here at Saint Hill Manor and the interviewer posed the kind of questions most non-Scientologists ask.

This fascinating film will be at your local Organization soon. Make sure you see it and make sure your friends and newcomers know about it. This is the filmed interview all Scientologists have been waiting for. Don't miss it.

A lovely action shot by Ron with Diana Hubbard leading the new donkey "Merrylegs" while Suzette keeps a firm grip and Arthur surveys the test-drive with a professional eye.

FOCUS ON SUCCESS

"When I arrived at Saint Hill I was determined to learn all I could. So I learned the technology, the tools of life and how to apply them. And in learning how to apply them correctly, I also learned how to apply them incorrectly and so never did this on a second occasion. I got better and better at doing the correct thing as I progressed through the gradient scale of learning and helping others overcome their difficulties. So I learned. I enjoyed it. I spoke of nothing else. I thought of nothing else. For if these principles were the principles of life, then what was I doing something else for? At first the successes were like a small light in a dull void. Slowly they built up to now, where a loss, however great, is but a prick of shadow in a great white shower of success. On the Saint Hill Special Briefing Course I attained approximately 100 completions and, in addition, many students brought their preclears to me for Search and Discoveries, rehabs or just a general patch up. For months I did nothing over the weekends but audit. Sometimes I had as many as eight completions and once thirteen in one week. I also had the privilege of auditing in the day HGC while in Review and in the Foundation HGC. It was, on arriving at Saint Hill, like trying to master a startled elephant by hanging on to its tail with the dust and wind and twigs to cope with while trying to get on to its back. Where and when I slipped the whip of Review, Ethics and Cramming kept me going and I finally succeeded. My reward and final acknowledgement was final completion of the Saint Hill Special Briefing Course and Graduation with Honours. So now the telephone rings two or three times a week with a prospective preclear on the other end and my statistic is rising. First eight, then 10, then 15 completions and I made £240 within three weeks of graduating. It took guts and willingness to arrive at good understanding, and I've made it."—JAMES BYRNE, CLEAR No. 167. Zambia (Saint Hill Staff).

"I have experienced a terrific increase in my own understanding since the Interneship. I have also observed the great efficacy of our technology to the degree that I have confidence I can audit or supervise auditing to success easily on most cases (and with a little bit more difficulty on others). I've had some lovely wins auditing pcs—interestingly, the nicest wins being those that have gone the quickest, though I have had some good wins on longer jobs as well. And another note—I have certainly gained a reality on the need of Ethics to back up the actions of Review and HGC. One really needs the backing of a crisp, competent Ethics Officer—and we've got this backing all along the line here at Saint Hill."—CRAIG LIPSITZ, CLASS VII, CLEAR No. 30. Cape Town, South Africa (Saint Hill Staff).

"I have had my greatest gains since I started my Interneship and Clearing Course. I did the two simultaneously. From being other-determined and relying on 'fate' and others' postulates, I have gradually become a self-determined being. I am aware of being at cause in my environment. My postulates are strong and I find that I am willing to be cause and effect."—DALENE REGENASS, CLEAR No. 24. Cape Town, South Africa (Saint Hill Staff).

"My highest dream on entering the SHSBC (when, by the way, I did not even have shoes to wear) was to be a Saint Hill Review Auditor. This I became, and more in a very short time. To me there is no other life than that of a Scientologist, and the highest purpose anyone could have will not equal the tremendous knowingness of purpose that comes out of doing the Interneship at Saint Hill."—OTTO ROOS, CLASS VII, CLEAR No. 25. New Zealand (Saint Hill Staff).

"Since coming on the Interneship, my auditing skill, my confidence in my auditing and pride in my auditing skill have increased by leaps and bounds. It could hardly be otherwise seeing the tremendous, fast results that pcs make on the Power Processes. The Class VII Interneship is the most competent, professional group I have *ever* been a part of, and I am truly proud to become one of its members. I shall return to Washington when I've graduated to contribute my share to Clearing Planet Earth."—PEM WALL, PROV. CLASS VII. Washington, D.C.

"Part of my Interneship was being audited on the Power Processes as well as running them—and both have resulted in tremendous gains. The most noticeable improvement to me has been my ability to work with good results, without confusion and without tiring. I feel effective and can handle difficult posts with ease, and make correct decisions quickly. My health has also improved. Here both running and being run on the Power Processes brought about a tremendous stamina, strength and stability. I like—really *like*—people more."—JOAN THOMAS, CLASS VII, CLEAR No. 22. New York, U.S.A. (Saint Hill Staff).

"It is a year ago tomorrow that I started Power Processing, and so much has happened in this one year that it is difficult to look back and see what I was like just over ten years and three months ago. I know that for the previous ten years I hadn't wanted to live most of the time. Although I knew there must be an answer I had searched and searched without finding it until my very first auditing session, and then I knew this was the answer. Since that day—ten years before I started the Clearing Course—many miracles have occurred in my life, but it is since attaining Grade V in this wonderful gradient Ron has given us that I knew that I personally could win. Months later, after seeing and hearing our beautiful First Clear, John McMaster, and aware that I had come face to face with basic truth, I started to follow a line of truth which was much more interesting and rewarding than any inspection of my own aberrations had ever been. One of the most wonderful discoveries I made was the realization that there were *no* counter-postulates to my going free. And now I am. That I am Clear is the result of the individual contribution of every Scientologist. I have been so very fortunate in my friends these last ten years and I thank each one of you and wish for those of you who haven't yet joined us that you will very soon share with me the privilege of being Clear."—JOAN DAVIS, CLEAR No. 67 (Saint Hill Staff).

"My entry into Scientology was a swift one. I was told briefly about it in the office of Dr. Stanley Standahl in Honolulu in August 1962. Without reading one word about Ron, Scientology, or having any auditing, I knew Scientology was the answer. Within two weeks I was on my way to Sydney, Australia, for training and embarking on the most exciting journey known to Man, 'The Road To Freedom'. I completed my HPA in Los Angeles and returned to Hawaii as a Franchise Auditor. My office was located on the ground of the Hilton Hawaiian Village Hotel on the beach at Waikiki. Within two weeks I was fully booked for auditing and was soon giving a Comm Course two evenings a week as well. Within three months I was on my way to Saint Hill. Since then my work in Scientology has taken me to California, Greece and Germany and into one success story after another. Scientology opened the doors to truth for me and I will always be grateful to Ron for making it possible. On the day I was declared Clear, the acknowledgement, validation and affinity that I received was beyond words, except these few that I wrote as an acknowledgement to Ron."—PEGGY BANKSTON, CLEAR No. 34. (Saint Hill Staff).

"I am a South African, but never did I dream that I would be privileged to be amongst the first free, Clear South Africans. I am Clear. I have as-ised my Reactive Bank, I am able to live and love across the Eight Dynamics. Thank you, Ron, for without your great discovery this would never have been possible. I can once again hold my head up high and duplicate the glory of the morning.

To all you Scientologists, and there are many, who helped keep this tremendous Science moving in an ever upward surge, thank you. Thank you for being just you—thetans with a goal to bring about changed conditions. We have the African Continent before us. What a challenge—to show the rest of the World that a 'Civilization Can Survive'."—JOAN BRISTOW, CLEAR No. 112. Durban, South Africa.

"The Saint Hill Special Briefing Course is the finest course offered on this planet—it is 'Special' and you get briefed on many things. BUT IT IS MORE, MUCH MORE: it is the chance of a lifetime—a chance to expand in learning and acquiring skills not available ANYWHERE ELSE. No one asked me to write this. I want to let people know just some of the many gains available from this course. In case anyone has the idea that the SHSBC is only for those who intend to be a full-time professional auditor, I point out that it is for that purpose, but it doesn't just equip you to audit—it equips you (whether you audit or not) to LIVE BETTER—to HANDLE LIFE BETTER. True, it does indeed make a well-trained auditor. Being able to audit successfully is a tremendous thing. It is a good feeling to know that you are capable of auditing another being and helping him to raise himself out of the mud. (Indeed, to do the Clearing Course you want the best auditor you can get—yourself! All the training you can get is all in your favour when you're on the Clearing Course.) BUT—please realize that the gains and abilities you acquire from the SHSBC extend themselves beyond an Auditing Session. Even if you chose to not audit as a profession, you would be amazed at how this course puts you way ahead in living generally. You realize that 50% of case gain is gotten through training, 50% through processing. So if you've gotten gains in your processing, think of the gains you've got coming to you through training! The 'Training Drills', for example, do break up a lot of 'machinery' you have; you become familiar with and comfortable about, for instance, the Communication Formula. You cut through the world and come out able to properly handle another person's originations—able to give a person an effective acknowledgement—able to do all the parts of communicating with another (in or out of a session, in living, in handling your boss, your spouse, your children, your friends, anyone at all). You learn that there is so much to know about that you didn't have a clue existed. You listen to Ron's lectures and learn and cognite and expand as a being. You free yourself up—you get many answers to the questions you have had. Your havingness of knowledge goes way up. You continue to expand. You learn how to study; this is a miraculous thing! A life-saver, in fact, and that is the literal truth. (I have seen this phenomenon of 'misunderstood words' make a person very ill; when that person learned how to study, that person recovered instantly!) My own learning rate skyrocketed in 1964 on the SHSBC when I learned how to study.

The SHSBC teaches you about many aspects of life (people, living, behaviour, the mind, all sorts of things) and trains you to be able to audit another person successfully. So whether in or out of session you are able to handle another being and his bank—able to communicate effectively with him—live around him with understanding; in other words, live better all around. Along the way you find yourself gaining and gaining in all directions. You gain a vast amount of understanding to use in your daily living. You, as a being, are so much more capable in so many ways. A person wants FREEDOM and he wants to EXPAND. The SHSBC is a golden opportunity in this direction. I wouldn't have missed being an SHSBC student for anything. You enjoy a course when you are winning—and the staff makes sure you win on this course. To be a well-rounded individual you need training in Scientology as well as processing results. Balance your scale of advancement and keep your training gains equal to your processing gains. If you don't it tends to be one-sided. Don't deny yourself the gains that can be yours from training. Get your lower-level training at your Central Organization and then come to Saint Hill for the rest. The SHSBC is a MUST for Freedom and Expansion, if that's what YOU want, and I think it is. (P.S.—If your bank tells you 'No, No,' you just say, 'OK—I heard that. THANK YOU.' Then you go on and go to Saint Hill, you hear? That's what I did. Okay.)"—MILLIE GALUSHA, HSS, CLASS VI, Colorado, U.S.A.

"Since I first contacted Scientology six years ago, the work towards what I have just achieved has been the most rewarding work I have ever done. My achievement and the best prize of all is freedom. Not freedom restricted in any way but total freedom, across the eight dynamics. To me, it is so wonderful not to have barriers being put there by myself so that others may feel free to come to me for help. Most of all I want each and everyone of you who read this to be Clear too, soon."—NAN STARKEY, CLEAR No. 155. Johannesburg Staff.

FIRST CLEAR PARTY

LONG TO BE REMEMBERED—THE FIRST CLEAR PARTY GIVEN FOR RON AND MARY SUE HUBBARD AT SAINT HILL BY OUR CLEARS

As a token of the immense thanks and gratitude felt towards Ron and Mary Sue Hubbard towards the end of a magnificent First Year of Clears, a party in their honour was organized last autumn and held at Saint Hill by Clears. A beautiful coffee service and a set of tables were given to Ron and Mary Sue by the Clears, and the Hawaii Organization presented Ron with a Gold Key to the Organization there. There was dancing to an impromptu band formed by staff and students. Afterwards a delicious banquet supper was held, followed by two hours of great entertainment. Liz Sabine, a well-known Australian professional entertainer, was Mistress of Ceremonies and also sang a selection of popular songs. Pam Pearcy and James Hare, Flamenco guitarist, sang original folk songs composed by James Hare, accompanied by Jim on guitar. Thok Sondegaard presented lightning-sketches with members of the group participating. Reg Sharpe and Jenny Edmonds gave operatic arias and a duet. Pamela Kemp sang selections from her American night club performances and Ray Kemp did the fascinating magic act with which he has appeared on the Art Linklater Show on television in the United States. Well-known European concert pianist, Mario Fenninger of Paris, ended the show with a piano recital. Nearly all of these performers are Clears.

Mary Sue and Quentin Hubbard take a turn on the dance floor.

Perth Expansion Congress: Bernie Pesco, Perth Foundation Director of Training, holds an excited audience as he successfully demonstrates a free needle on the E-Meter.

MAORIS OPEN AUCKLAND CONGRESS

Auckland's World Sanity Congress was arranged as a special welcome to the first Clears to return to New Zealand —WALLY COLLIS, Clear No. 78 and PHYLL STEVENS, Clear No. 106—and was held on November 20, 1966 in the Trades Hall, Hobson Street, Auckland, opposite the Org buildings.

A packed hall watched a very stirring Traditional Maori welcome to Wally and Phyll, given by about 25 Maori people, many of them Scientologists, dressed in full ceremonial attire. The centuries-old native Maori ceremony was to acknowledge the attainment of high spiritual status. Wally was presented with a traditionally carved Maori stick—the "Stick of Knowledge". This stick was triangular in shape to represent the ARC triangle and made up of figures showing the triumph of the spirit over the forces of evil. It was carved by Scientologist RALPH HARRIS. Phyll was presented with a "Basket of Knowledge". This was of flax woven by a representative of every canoe which originally brought the Maori race to New Zealand hundreds of years ago. It was completed by Scientologist, MaraeaPirini.

This exciting and rousing ceremony was good fun and lasted about twenty minutes, after which the real business of the Congress began. Auckland staff Power Releases were introduced to delegates: PEGGY LEE, HILARY CHATTERTON, KEN HUNTER, BARRY WATSON, JACKY HUNTER, HELEN HAYWARD, PAT BLOOMBERG, TOM MORGAN and DENIS LEE.

Attendees came from as far afield as Wellington, where a Franchise Centre is forming. CARLOS BUTKOVICH, HAS, and JOHN DE FALCO gave some terrific entertainment. The booths were very busy and there were many sign-ups and books sold. HELEN HAYWARD and PAT BLOOMBERG ran a very successful Personnel Procurement Booth where attendees could read of the gains to be made by being a staff member. Auckland reports this as the best Congress for a long time and a new high standard to maintain and increase.

NEWS FROM AROUND THE WORLD

ALLEN KAPULER (Clear No. 146), VIRGINIA KAPULER (Clear No. 143) and FRANK FREEDMAN (Clear No. 127) started 1967 by landing in Las Vegas, fully armed with their HSS Class VI's, and began a booming start to what looks to be a really up and coming Franchise Centre.

At about the same time GEORGE ROBERTS began operations, also in Las Vegas, and also got away to a highly successful start by having RAY KEMP (Clear No. 86) lecturing to very large groups in his centre.

Las Vegas is a boom town as far as Scientology is concerned at this time.

DEON SATTERFIELD (Clear No. 115), having left the Dansk Scientology Centre in very capable hands, is now setting up in Salt Lake City, Utah.

The Dansk Scientology Centre, in Denmark, is now under the very capable direction of ERIK GYLDENKRONE. In just seven weeks of operation at the end of '66, Erik brought the income of the Dansk Centre up from less than 1000 D.KR to more than 6000 D.KR. (1 D.KR=1/- or 10c approx). His next weekly report was on the order of "Sun, snow, ski-ing, music and pretty girls. . . ."

ELSIE GRIFFITH (Clear No. 125) was reported in Auditor 19 as operating the most successful Franchise Centre in the world. As a result of her up statistics her centre, Scientology Centre Vancouver, was awarded the Franchise Award of Merit, and at the beginning of '67 she went back to her centre after having received her award at Saint Hill. The award consisted of a special course that enabled her to be able to give Release Checks and run Rehabilitation on her pcs. Part of the award included 50% discount on Power Processing for one of her staff, and ADEL PITCHKO received this. Adel is now on the SHSBC.

GEORGE HANCOCK and BARBARA HANCOCK (Clear No. 147) have returned to America after completing the SHSBC. and obtaining some valuable experience on staff in the Saint Hill Foundation as Review Auditors. They have opened a centre in New Orleans and plan to contact all the Scientologists in that area and get a Dianetic Auditor's Course going.

DOUG HANCOCK (Clear No. 95) and HELEN HANCOCK (Clear No. 46) have returned to re-open their centre in New Jersey.

JOHN IMBURGIA (Clear No. 2) and ALAN WALTER (Clear No. 8) spent some time late in '66 travelling extensively throughout the US and Canada, giving lectures and generally creating enthusiasm. Both Alan and John have run successful franchise centres in the past, and Alan at this time is doing very well in Dallas, Texas at his new centre, Scientology Dallas. JOY WALTER (Clear No. 79) is working with her husband in Dallas and they have recently been running a Dianetic Auditor's Course among their many other Scientology activities.

PETER and DORAN GREENE are doing a great job in reviving interest in the Phoenix area—one of the original pioneer areas—where many old Dianeticists live.

JAMES BYRNE graduated from the Briefing Course with Honours in October last year, went to London and made several hundred pounds auditing in just a few weeks, and is now working at Saint Hill. James is Clear No. 167.

GENE and ARLYN HOBEL are doing very, very nicely in New York at the "Scientology Centre" and have a good flow of students through their courses.

BEVAN PREECE is setting up some basic courses in the mining town of Mount Isa in North Queensland, Australia.

ROGER BOSWARVA has set himself up as a field auditor in Bournemouth, England, and will shortly be giving basic courses as well as auditing.

DARRELL SYKES has two centres going in England now; one at Hornsey and the other at Edmonton.

At Wanganui in New Zealand HARVEY STAPLETON has been giving basic BS, HAS Courses with marked success.

ROBERT TAYLOR took over the centre previously owned by LARRY and MARGE WINNARD and is operating well. Larry and Marge intend to set up another centre on their return to the States from Saint Hill (Clearing Course). Larry has since checked out Clear.

In the "wilds" of Scotland, at Dunbartonshire, SHEINA CROSBIE is handling a very steady flow of students and pcs. Sheina is a Briefing Course graduate.

EILEEN ELLIOTT is operating Scientology Austin, Texas.

SALLY THOMPSON and ELDA ILGA are both doing well in Houston, Texas.

Anyone who has been trained to the level of HPA, Class III, has the necessary technical knowledge to be able to run a Franchise centre, and is eligible for such. The other data on courses, Franchise know-how, etc., and promotional material is available from Saint Hill, and the Franchise Officer will give you ample assistance in setting up and helping you expand your operations.

If you are an HPA and you have not been appointed to Franchise, then contact the Franchise Officer and get this handled.

A Franchise today is easy to operate, and you'd have to forcefully hold it down in order for it not to expand; after all, who else in the universe is selling TOTAL FREEDOM !

FRANCHISE - THE BACKBONE OF SCIENTOLOGY

The Franchised Auditor and the Franchise Centre have been, and will continue to be, the backbone of Scientology; the future depends to a large degree on the activities of these people.

To run a successful Franchise one must have certain knowledge and ability. The first of these is the ability to audit. Once a person has been trained and can audit, then it is only necessary to know how to run a Franchise (the rules of the game) and also to know how to run basic courses in Scientology—BS, HAS, HQS and the Dianetic Auditor's Course. With this knowledge, together with the materials to disseminate these activities, and the materials necessary to run the courses, one can then easily run a successful Franchise.

Promotional material is being prepared at Saint Hill now for use by Franchise holders and FSMs in disseminating to students and selectees. The Basic Courses are being packaged up for sale to Franchise holders for their students, along with the know-how of running these courses.

Armed with this material, together with good training, any Scientologist can easily start up and expand a successful Franchise. Many old Franchise holders are at Saint Hill now on the Saint Hill Special Briefing Course and on completion will return to build up their centres and groups, and get things really going.

THE DIANETIC AUDITOR'S COURSE

DIANETICS MADE THE GREATEST DISCOVERY OF ALL TIME — THE REACTIVE MIND DISCOVER IT FOR YOURSELF

Dianetic Auditor Training has been re-introduced as a prelude to becoming a Scientology auditor. Dianetic auditing is not part of Scientology practice today, but it is invaluable as training. This course provides:

1. **Dianetic STUDY which brings the student to a complete understanding of the mind—its anatomy and structure.**
2. **Dianetic PRACTICE which demonstrates to the student how the mind operates—and thus improves his auditing skill.**

Dianetic training is a pre-requisite for the Solo Audit Course. Enrol Now. The Dianetic Auditor's Course is available at the Hubbard College of Scientology or your nearest Scientology Organization.
