CLEAR CERTAINTY RUNDOWN

A NEW SAINT HILL SERVICE

"In light of recent technical discoveries a new rundown has been assembled for the verification and rehab of the State of Clear."

"Since 1978, an auditing action called the " DCSI " (Dianetic Clear Special Intensive) has been used to rehabilitate the State of Clear, when that state was achieved in Dianetics™ or NED® auditing.

In light of recent technical discoveries a new rundown has been assembled for the verification and rehab of the State of Clear, superceding and replacing the DCSI. The object of this new rundown is to remove any doubt a person might have as to whether or not he had attained the State of Clear, and give him certainty of his state, a positive knowingness of where he stands on the Bridge™ to Total Freedom and a stable starting point for his continued journey upwards. Its name is the Clear Certainty Rundown.

Delivery of the Clear Certainty Rundown is restricted to Saint Hills. The reasons for this change are technical. OT® research has shown that for some cases there are aspects of fully handling the rehabilitation of Clear which lie within the realm of upper level technical materials available only at Saint Hills and Advanced Orgs.

This in no way invalidates those individuals —and there are many— who have gone Clear and have had the state fully rehabbed on a Dianetic Clear Special Intensive. Truth is truth. And a Clear is a Clear. Those people know who they are and they number in the thousands.

WHO IS ROUTED TO A SAINT HILL

The routing of pc folders and pcs to the nearest Saint Hill is done:

1. When it appears a pc has just gone Clear on NED, or when he originates he is Clear or that he might be, or
2. When a pc has read on a prepared list as being Clear or "audited past Clear", with a valid read, not a false or protest read.

In neither of these cases is ANY adjudication made as to whether or not the person is Clear on any line within the Class IV org or mission itself. That action is now done only at a Saint Hill or higher org.

THE ROLE OF ORGS

The role of Class IV orgs as regards Clearing is to standardly audit people up through the Grades and NED™. They should be getting pcs through Method One® word clearing the Happiness Rundown® and other such auditing rundowns which help to unburden the bank and straighten out the pc's life and livingness, before starting the pc on NED. They can and should be delivering the invaluable and very popular new False Purpose Rundown™, ideally after Expanded Grades and before NED.

At the point where an org or mission preclear goes Clear on NED, or where it is suspected that this has occured, the Saint Hill org takes over. It is the role of Saint Hills, Advanced Orgs and the FSO to handle cases from the point of Clear or NED Case Completion on upward. A well defined and established line must exist between each Class IV org or mission and its nearest Saint Hill for the routing of pc folders and persons in need of the Clear Certainty Rundown.

The Tech Sec in the Class IV org or mission is responsible for this line and for seeing that proper routing occurs.

With these lines kept swift and smooth it should not be too long before we have achieved a Cleared planet."

SUCCESS STORIES

On the Clear Certainty Rundown

"This was the most superb auditing cycle I've ever had — everything was perfect. It actually saved my life — I'm again in ARC with myself. This auditing was just a dream for me. Every charge was taken away. I'm feeling clear, clean and fully satisfied. Things which have been bothering me for years disappeared and I don't have to withhold myself anymore; I got back my self-determinism and gained full respect and trust in myself. Thanks to my auditor for helping me achieve this; and my deepest thankfulness to LRH for his marvelous tech and for being there."

J.S.

"*I did it!* This feels fantastic, and I had so many wins getting to this point I couldn't possibly list them all. Suffice it to say that I have handled all the confusion that got stuck all over this incomparable state, so now I feel incomparable *Again!* Many many thanks to my wonderful auditor and Case Supervisor and to my wonderful friend LRH! "

D.R.

HANDLING OF PAST LIFE AUDITING

There are Scientologists around who received auditing in a former life but now have a new body and a different name. Same thetan, but a new body. Such cases, as with any case, must be programmed and C/ Sed accurately.

People were receiving Dianetics way back as early as 1947. You could have, for example, a person who received not only some Dianetics but also some Scientology Grades processing in the early 60s and who now, having picked up a new body, is 21 years old.

PAST LIFE CLEARS

On cases that not only originate that they received auditing in a past life, but also that they went Clear, then — regardless of whether they state the name of the former identity or not — they should be signed up and routed to the nearest Saint Hill for the Clear Certainty Rundown.

Edited from: HCOB of 5 Dec 1985
HANDLING OF PAST LIFE AUDITING

BABIES AND CHILDREN

The processing of children should be limited to Scientology processes, not NED or Book One, during the early years of life.

There are many processes that can be run on children, including extremely simple ones which do not require the pc to have much of a word vocabulary. One would not attempt to run a baby on NED™.

Children should be run only on Scientology processing until they are old enough to express themselves clearly in spoken communication and understand formal auditing questions.

With diligent application of this tech you can accurately program the case of any thetan.

Apply the tech standardly.

Those pcs and Pre-OTs who have been audited before this life will be very grateful."

BRIDGE TO A NEW WORLD

by L. Ron Hubbard.

I want to tell you about the Route to Clear, The Bridge™, which we call Classification, Gradation and Awareness Chart.

The Gradation Chart is an instruction book on self. It's not an instruction book on the body or how you should be a good boy or a good girl in society. It is an instruction book on *self*.

By studying one lesson at a time and achieving one improvement at a time as outlined on the Grade Chart you can learn about yourself, what you are going to do, where you can go, and what your capabilities are.

If you did that in an orderly fashion you would be able to advance up to a very high state.

There is an old mystic idea that there is a chasm or abyss between the existence the world is on now and a higher plateau of existence, and that many people in trying to make it across fell into the abyss. Well we've built a bridge which is all complete now and it can be walked. It goes from one state of existence to another higher state of existence. This is the Gradation Chart.

But there's one point — you have to walk *on the bridge*. You wouldn't think you'd have to tell people this. You would think you could say to somebody "You can cross the Grand Canyon as long as you walk across the Bridge." You would think that is enough. But, by George, somebody'll go down the edge and walk off into thin air.

So the Gradation Classification plan is a prevention of that kind of thing. It says "There is a bridge. If you're going to go across from where you are now to where you are going to arrive, why you go across *on the Bridge*."

As the name implies, there are three aspects to the Chart: Classification, Gradation and Awareness.

GRADATION

What does gradation mean? It means there are grades, as to a road, or steps which are a gradual grade up.

Life is improved on a gradient; a little, then a little more, a little more and a little more.

AWARENESS LEVELS

We see along the bottom there are negative (minus) states of awareness and then up through the middle of the Chart are the positive states of awareness. A person is at any one of these awareness levels and, no matter where he is on the chart, is most likely to become aware of the next level up only. So this is a map of what the individual can become aware of.

CLASSIFICATION

Classification means that we require certain actions to have been done or conditions to have been attained before an individual is classified on that level and we let him go on.

With the Chart we have paralleled the Awareness levels with various techniques and activities. As one moves up the Chart the conditions described by the awareness levels are attained.

An individual moving up this Chart one step after the other does make these various conditions and attainments and finally arrives at the top.

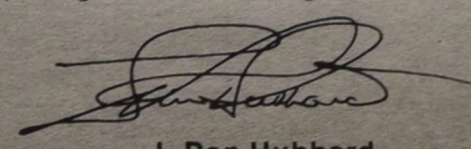

On the right side of the chart there are various steps called the States of Release. Above these is a state we call Clear.

Clear is followed by the state of OT (Operating Thetan), attained in sections. An individual can operate totally independent of his body whether he has one or not. An OT is now himself. He is not dependent on the universe around him.

The left-hand side of the chart describes the very important steps of training on which one gains the knowledge and abilities necessary to deliver the Grades of Release to another. The skill acquired is a discipline of living and a know-how of the parts of life. These things are what the Chart describes. It is a guide for the individual from the point where he first becomes dimly aware of a Scientologist or Scientology and shows him how and where he should move up in order to make it.

Scientology contains the entire map for getting the individual through all the various points on this gradation scale and for getting him across The Bridge to a higher state of existence.

Use it and have a happy passage across The Bridge.

Introducing

YOUR NEW STREAMLINED CLASS & GRADE CHART FROM RON!

With the release of the fabulous Clear Certainty Rundown auditing action and other recent developments, your road to total freedom and ability as a trained, OT Scientologist is simpler and smoother than ever.

Here are some highlights of this new edition of Ron's famous Grade Chart.

THE PROCESSING SIDE

At the level of CLEAR, the Clear Certainty Rundown counselling contains many new developments, including one based on discoveries made in upper level research:

Clear Certainty Rundown counselling, Sunshine Rundown counselling and the Solo Auditor Course are now delivered by Saint Hills and higher level orgs.

In his taped New Year's message, *Ron's Journal* 39, Ron announced the completion of the technical materials needed to release New OT VIII, named "Truth Revealed," and told us some of the things he discovered at this stellar level. And he named New OT IX "Orders of Magnitude" - as shown on the new Chart. Be sure to buy your copy of *Ron's Journal* 39 from the Bookstore at this Saint Hill organization or from your local Church of Scientology!

THE TRAINING SIDE

LRH has just released six new checksheets for training and interning auditors and C/Ses, and at the same time re-numbered several levels of auditor training. These changes affect the levels just above Class IV, streamlining and smoothing the gradient of training for auditors and C/Ses in this band of the Grade Chart.

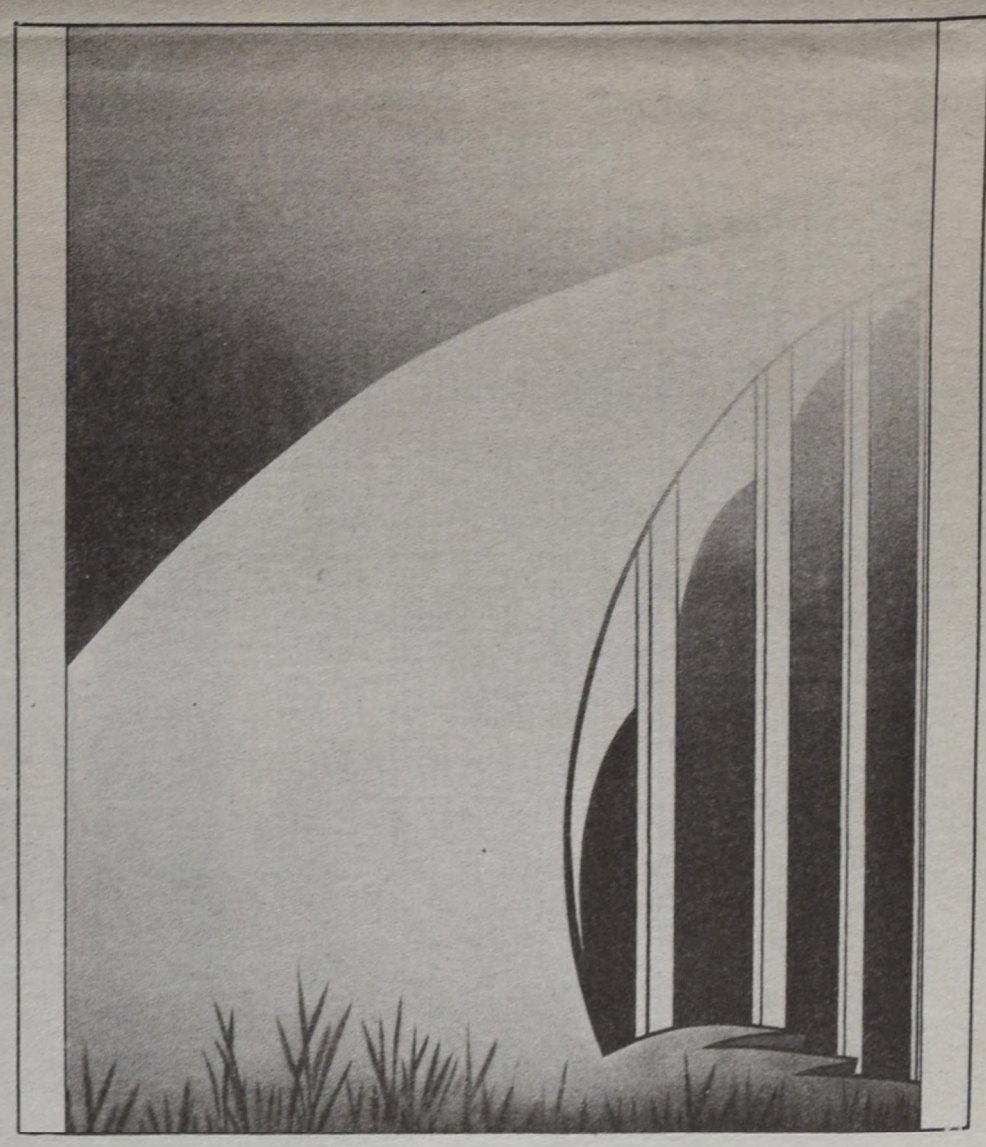

As LRH says in HCO PL 29 Dec 85, NEW AUDITOR CLASSIFICATIONS ABOVE CLASS IV, "I have polished up the Training Bridge for you. So do something for me: GET TRAINED!!"

OVERALL DESIGN OF THE CHART

The design of this new edition has been simplified and streamlined too, to make it even easier for *you* to chart your own progress upward!

Major actions which can be done at different points on the Chart are shown at the bottom. Boxes on the previous edition listing services that can be delivered at different points on the chart have been removed from both sides in this new design, for a clearer view of your essential route.

Routes for new public are clearly indicated on the new Chart below the level of the *Hubbard* Professional TR Course *on the Training side* and the Purification Rundown *on the Processing side*. Any of these routes may be taken. They are *not* mandatory before starting the *Hubbard* Professional TR Course or the Purification Rundown.

WHAT TO DO WITH YOUR NEW CHART

Read the "How to Use This Chart" section near the bottom of your new Class & Grade Chart. Follow its directions. As it says,

"Factually you've been travelling this universe a very long time without a map.

"Now you've got one.

"Put this chart on your wall. When you've taken some of the steps, mark them DONE - with the date. Find out your next step and mark it TO BE DONE, and WHEN. Then do it. There's plenty of expert help in the Churches and Missions of *Scientology*; don't hesitate to use it.

"Keep track of your progress and keep moving.

"You'll make it. All the way."

HOW TO USE THIS CHART

This chart describes the route to human recovery and ultimate expansion of one's ability and power as a spiritual being. The field of human recovery belongs to DIANETICS technology. SCIENTOLOGY philosophy brings an individual to higher states of being and ability.

The chart could be considered as a map of the expansion of life, showing at each level the realization of a greater potential with, at the left under TRAINING, a new knowledge and skill in handling life, in the center of the chart under AWARENESS CHARACTERISTICS, an expanded awareness, and at the right under PROCESSING, the attainment of a higher state of beingness.

1. In your first reading of the chart you will probably have scanned it over in a general way and become familiar with many parts of it.

Be sure, next, to read across the top of the columns to learn what each level describes. You'll see that there are three main areas, TRAINING, AWARENESS CHARACTERISTICS, and PROCESSING, and all three progress upwards in increasing levels on the chart. Just as each level up to Clear requires an auditor with an added field of knowledge and skill, at each level we find also a preclear ready to be run on the level, having attained all the Grades below.

2. Now look at the various introductory level services at the bottom of the chart. Note that these introductory level services and activities are not mandatory, but are there to help one begin and become familiar with fundamentals. One may take any of these Routes he chooses — the Registrar at your nearest Church of Scientology can assist you in selecting the best one suited to your needs and interests.

3. Read across each complete level of the chart, only moving up a level when you have satisfied your own understanding of each level as described. You will thereby gain a thorough grasp of the direction and magnitude of Dianetics technology and Scientology philosophy.

4. On the bottom of the chart you will find various services that can be done at several different points on one's way up THE BRIDGE. For more information on these, see the Registrar at your nearest Church of Scientology.

5. Read the books of Dianetics technology and Scientology philosophy available from every Church of Scientology or your local bookstores, for continued expansion of your knowledge and use of the subjects.

6. In your study of this chart (and in any study) be sure you do not go past words you do not understand. Use a good dictionary. There is also a DIANETICS AND SCIENTOLOGY TECHNICAL DICTIONARY available from your Church of Scientology.

7. When you have a question about something on this chart always get it answered. Contact the Registrar at your nearest Church of Scientology who is the expert who will help you to verify your next step.

With this chart in front of you, you have already made the most important step of all — you have contacted truth and the route to freedom.

It is hard for Man in his present condition to even grasp that higher states of being exist. He had no literature about them, really, or any vocabulary for them. In all of philosophy he had no gimmethering at all of Dianetics technology and only a distant hope for spiritual freedom as in Scientology philosophy, but no technology at all.

Factually you've been travelling this universe a very long time without a map.

Now you've got one.

Put this chart on your wall. When you've taken some of the steps, mark them DONE — with the date. Find out your next step and mark it TO BE DONE, and WHEN. Then do it. There's plenty of expert help in the Churches and Missions of Scientology; don't hesitate to use it.

Keep track of your progress and keep moving.

You'll make it. All the way.

DEFINITIONS

AUDITOR: "one who listens"; term for a person trained to help individuals by applying standard Dianetics spiritual healing technology and Scientology Applied religious philosophy processes.

CLEAR: A being who no longer has his own reactive mind.

DIANETICS™ (Greek, dianoetikos — through soul; through thought): Introduced May 9, 1950, with publication of the book *DIANETICS: THE MODERN SCIENCE OF MENTAL HEALTH*, international best seller by L. Ron Hubbard which contains his early discoveries about the mind, including the final isolation of the single source of human aberration and psychosomatic ills and a technology for their invariable resolution.

Major research breakthroughs of 1968 and 1969 resulted in release of Dianetics technology of greatly increased range and capability.

NEW ERA DIANETICS (NED®): New Era Dianetics spiritual healing technology is a summary and refinement of Dianetics technology based on 30 years of experience in application of the subject. Research discoveries in 1978 resulted in a revision of existing procedures and several entirely new Dianetics rundowns. The effectiveness of New Era Dianetics processing is increased over earlier Dianetics techniques.

New Era Dianetics processing makes for a healthy, happy, high I.Q. human being — and in many cases, a CLEAR.

PRECLEAR: A person being audited toward Clear. Note that one can be audited (processed) all the way through New Era Dianetics processing without auditor training.

REACTIVE MIND: the portion of the mind which works on a stimulus-response basis (given a certain stimulus it will automatically give a certain response). It is not under a person's volitional control (volitional having to do with a person's own power of choice), and exerts force and power over a person's awareness, purposes, thoughts, body and actions.

RELEASE (noun): one who has become free of a difficulty or personal "block" stemming from the mind. One can "go release" on any subject. But the exact subjects which one must be released on in order to undertake Clearing are those listed on this chart. They are called Release GRADES because they are done on an exact gradient.

SCIENTOLOGY (Latin, scio, knowing; plus Greek, logos, study "knowing how to know" or "the study of wisdom"): an applied religious philosophy discovered, developed and organized by L. Ron Hubbard. This philosophy is a body of knowledge which, when properly used, gives freedom and truth to the individual. Applications of this religious philosophy are available through the Church of Scientology. "SCIENTOLOGY" is a registered trademark and service mark which is owned by the Religious Technology Center.

THETAN (from the greek letter theta: traditional symbol for thought or agent: the spiritual being himself — not the mind, body, etc.; that which is aware of being aware.

Designations and abbreviations such as those found in the body of this chart are found in the *DIANETICS AND SCIENTOLOGY TECHNICAL DICTIONARY* and in the TECHNICAL BULLETIN VOLUMES — I through XII.

GET TRAINED

OnThe Saint Hill

Special Briefing Course

"Clearing anywhere is held up only for lack of Saint Hill graduates."

"My struggle has not been to Clear people. My struggle has been to get other people to bring people to Clear and OT®. Now that we can do that, we've got this planet licked. The lid's off. Three-quaters of Asia became civilized just because a few guys hoped that somebody might sooner or later be able to attain the State of Clear.

Past Civilizations have vanished, you see. They all failed because they had no know-how about Man. We are in a position now to handle our environment smoothly largely and well. We have moved into the future for which we have been striving. We have the tech. Now tech implies USE. It is proven that a person who is technically trained in Scientology is much more able to handle work and personnel than an untrained individual. If you think that a trained Scientologist is someone who only audits then you have a very limited view of Scientology. The Trained Scientologist is today's Cause point in an embattled world."

Edited from The Value of Training® 1969 LRH

SCIENTOLOGIST of the MONTH INTERVIEW

TRAINING ON THE BRIEFING COURSE

"Before coming onto the Briefing Course, I was living in Anchorage Alaska. There I was selling Real Estate. I had always wanted to do the Briefing Course since I heard about it. When reaching OT I decided I had to balance my journey across The Bridge by getting a total understanding of all the technology. Having my Briefing Course paid for, it was time to move foward and start!

Life can become more difficult for the being that isn't trained, especially in the world we now live in. Even making lots of money in real estate did not compensate for the importance of LRH Tech.

I'm here because I love ASHO — it is very easy to train at a higher org.

After I complete the Briefing Course I want to do the internship and become a fully classfied auditor. I want to audit, and audit as a professional. This is the most valuable thing a thetan can do: care for and help others. I just love to audit and often have had bigger wins as an auditor than a preclear.

Training is a highly rewarding activity. It enables one to help others with the tech and knowledge of an auditor.

I have a much saner view on the planet, what we are doing and what we are up against. WE NEED A LOT MORE AUDITORS!

The PURIFICATION Rundown

can be your key to a brighter, happier, and more causative life!

Long after they enter your body, drugs and toxic chemicals can have a restimulative effect, causing you to seem duller and less able.

Drugs can even retard your progress in *Dianetics* and *Scientology* auditor training by making it difficult to study.

A special procedure to handle this problem was developped by Ron. The Purification Rundown, like a cleansing flow of pure water, clears the way to new vitality, energy and greater perception. The ability to see clearly what you read and to absorb and retain it increase enormously. Study can become exiting and adventurous — and far easier than before!

Experience the invigorating freshness of the Purification Rundown. Don't let past drugs and toxic substances dim your life for another moment. Get rid of them.

To Route on the Purification Rundown immediately, call the ASHO Day Registrar or write to the ASHO Day letter registrar and sign up for the Purification Rundown Today!

The required donation for the rundown is listed in the insert with this issue.
