THE JOURNAL OF SCIENTOLOGY

THE GOAL OF TRAINING

by L. Ron Hubbard

Scientology is a science of life. It is the one thing senior to life because it handles all the factors of life. It contains the data necessary to live as a free being. A reality on Scientology is a reality on life.

The game of having a science of life around is something that has ordinarily been held down by those who have bent it to their own desires. If they did know anything about life, they didn't let anybody else in on it. In Scientology we're playing a different game because we are letting somebody else in on it. We're not operating as a secret society trying to pull power out of the society by just letting what we know remain unknown. That is a fine way for an individual or group to perish!

My own philosophy is that one should share what wisdom one has and should help others to help themselves. I have never seen wisdom do any good kept to oneself. If you would care to investigate savage cultures, of which I have investigated a few, you would discover that it is ignorance itself, it is lack of wisdom in that community, which brings about terror, injustice, maltreatment, decay and deterioration. Wisdom afloat in a culture makes the culture. The very definition of culture could be summated — the amount of technology, knowingness, wisdom, in existence in the society.

In our western culture, the humanities have been far outstripped and over-balanced by a technology appertaining only to the physical universe and leaving out of its computation — the mind, life, beingness. Man's ability to handle destructive physical universe forces is far, far greater than his ability to handle himself. He is in a precarious state of existence and needs a road to travel to a higher and far happier state of existence, with similar resultant improvements in his societies. He needs a road to carry him away from the inhumanity and barbarity with which he has been forced, through lack of enlightenment, to handle his affairs.

As Scientologists, we find ourselves the sole guardians of the only road to the highest states of existence — Clear and beyond. (A Clear is a thetan, or being, who has no reactive, or stimulus-response, mind and who can be at cause knowingly and at will over *mental* matter, energy, space and time as regards the First Dynamic [survival for self].)

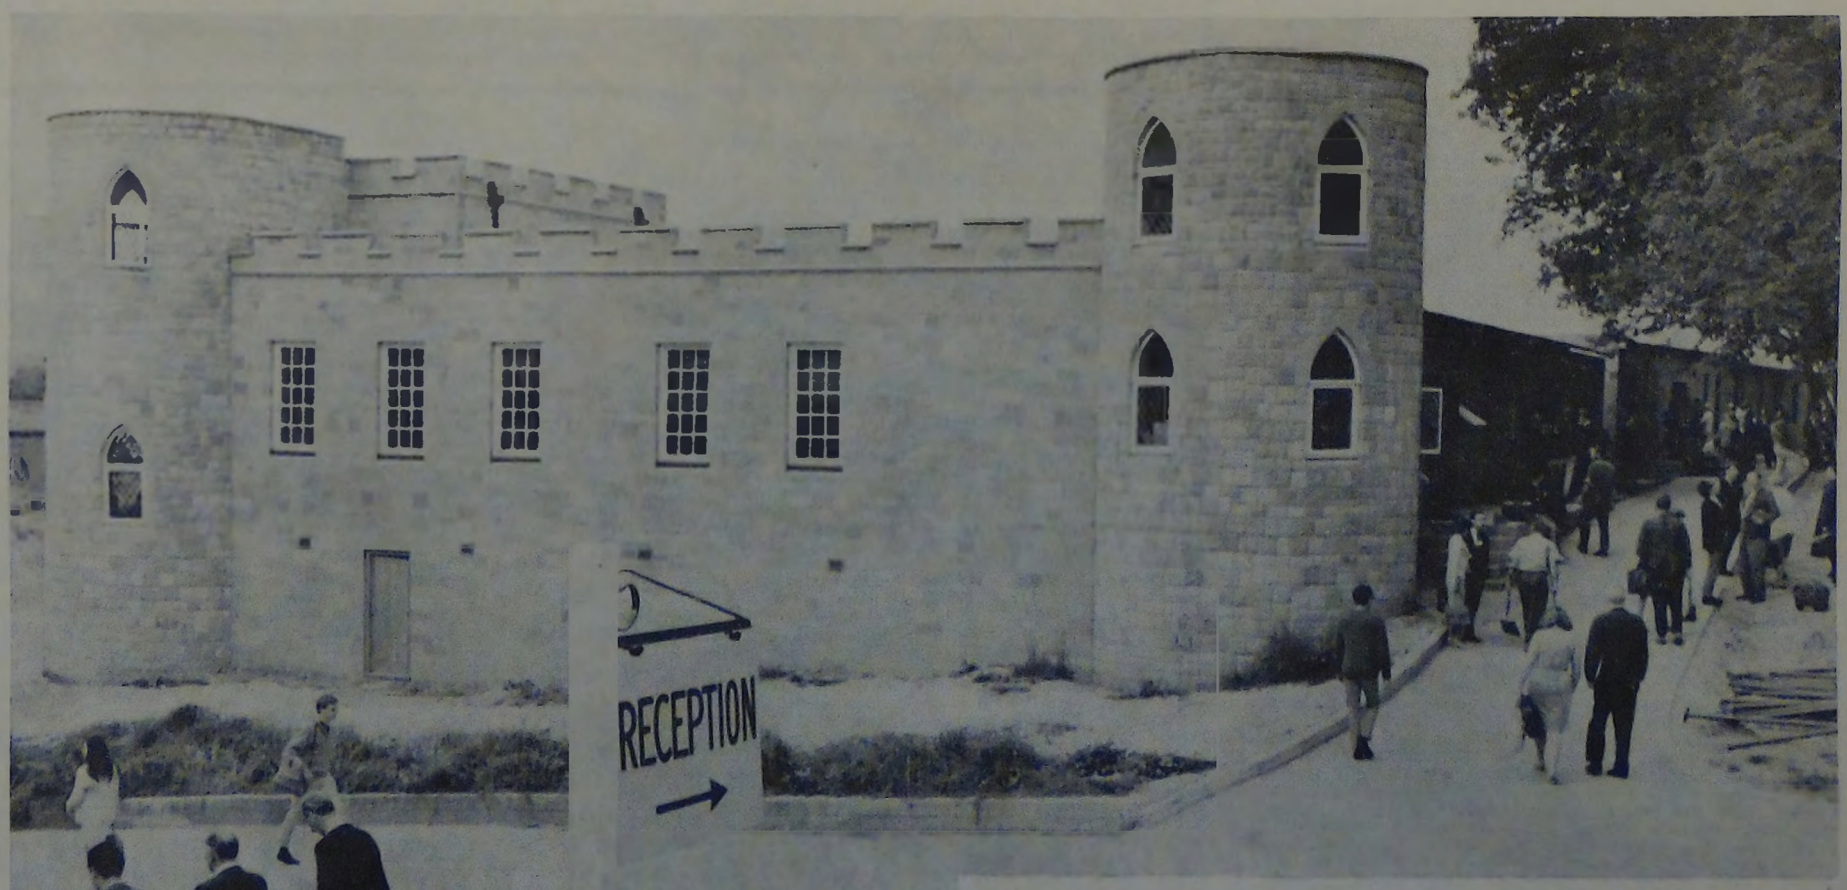

The route to the highest states has been sought by Man in the fields of religion, mysticism, spiritualism, philosophy, mental arts, metaphysics, science and allied studies. Vast libraries could be filled with the scraps of information gathered in the course of this search. The great achievement of Scientology has been the culling of truth from this sea of data and finding that the truth has a tiny group of data possessed of the overwhelming power of changing all other facts in this universe and in livingness.

The opening of the road depended upon the success of codifying this information so that it could be relayed to others.

Scientology research has resulted in a full range of completely successful techniques for improving conditions in life. Now you could have techniques for improving the state of an individual and have them sit in a book for 8 billion years without raising the ability or improving the condition of a single person in the entire human race. Techniques have to be administered. They are administered by the most valuable beings on this planet — trained Scientology Auditors. An auditor is a person trained and qualified in applying Scientology processes to others for their betterment. (A process consists of a set of questions asked by an auditor to help a person find out things about himself or life.)

Auditors are being trained at Saint Hill and in the Academies of Scientology Organizations throughout the world. They learn to perform flawlessly as auditors, to run certain exact processes, and to obtain results with these processes by auditing well and exactly. The auditing skill acquired is a discipline in living and a know-how of the parts of life. It is something *new* in the universe. Training is the bridge between the student's own learning and experience and livingness and the data which is offered to him in Scientology. It is a bridge from every human being to a science of life.

It will take a lot of auditors to have a civilization without insanity, without criminals and without war, where the able can prosper and honest beings can have rights, and where Man is free to rise to greater heights. There is a mission for each auditor. The mission of Scientology is not conquest, it is civilization. Scientology works, not to harangue men toward impossible freedoms, but to make Man civilized enough to be worthy of his freedom. Scientology's goals are well within the grasp of its technology used by trained Scientologists. As Scientologists, we seek the evolution to higher states of being for the individual and for society. By equipping more and more Scientologists through training, with a brilliantly workable technology, we are achieving our aims.

EARLY MORNING AT SAINT HILL

The building of the castle is now complete and landscaping is about to begin. The first students and preclears are arriving ahead of the hundreds who make their way to Saint Hill each day to follow the route to Clear. At left, three Clearing Course students are on their way to the Clearing Course Office. Saint Hill has expanded to keep up with the world wide growth of Scientology and the reception sign points to the busiest castle in England!

ROLL OF HONOUR

Graduates of the Saint Hill Special Briefing Course

Since April, 1961, when the Saint Hill Special Briefing Course first began, 450 students have completed the course. Saint Hill Special Briefing Course graduates have long been the most technically advanced Scientologists. They have contributed greatly to the rapid expansion of Scientology and have held high the standard of exact application of Scientology.

In the early days of the Saint Hill Special Briefing Course, no classification was awarded. Students were given a letter stating that they had attended the course and completed all requirements. Later, graduates were awarded Class III and IV certificates, as the levels developed. It was in the middle of 1964 that the first Class VI Graduates started to emerge. Since then, all students who have completed the course have been awarded a Provisional Class VI Certificate. When the student attains the state of Clear, he is then awarded a full Class VI Classification.

To honour their achievement, here is a list of all who have completed the Saint Hill Special Briefing Course and attained the highest award available, in the order of their first arrival at Saint Hill.

TRAINING . . . THE ROAD TO TOTAL FREEDOM

Training in Scientology is unique. Man has never before had a truly workable, standard technology for improving the conditions of individuals and handling Life.

Previous attempts to understand the mind, to fathom the spirit and to reach higher states of beingness, have all foundered or, at best, achieved something which couldn't be passed on to others.

Only in Scientology is it possible to handle Life itself and handle it so that an individual can emerge as his essential self — Clear.

Man has had innumerable "disciplines" and "schools" but before the arrival of Dianetics and Scientology no workable technology for the restoration of self had ever been discovered.

It is only now, in the middle of the 20th Century, that it is possible for an individual to enrol in the Academy of any Scientology Organization and know that he will learn *workable* techniques in the field of the mind and Spirit.

Today standard technology is taught in all of the 22 Scientology Organizations throughout the world. This technology is the thoroughly tested, validated, condensed result of 35 years of research and development by L. Ron Hubbard.

Scientology data and technology have been carefully arranged in gradual levels so that all training is on a gradient and all students can steadily and quickly win as they study.

The student starts his Scientology training by doing the Dianetic Auditor's Course in the Academy of his local Scientology Organization. He learns the anatomy of the human mind, and gains practical experience in handling it in actual auditing sessions.

He is now ready to start training on the Level O Certification Course. The course, given in the Academy, fully covers all aspects and theory of Level Zero (which comprises the subject of communication). On completion of this course, the student earns the award of a Hubbard Recognized Scientologist Certificate. The student is then eligible to enrol on the Class Zero Course, which trains a student in the practical application of the level. He completes his checksheet, audits a preclear successfully to Grade O Release, passes his examination and is then fully classified as a Class O Auditor. (See the Routing and Graduation Chart for a full run-down of the subject matter of each level.)

Each level follows this pattern. A Theory Course with the appropriate certificate and a Practical Course with its level of classification. The levels follow each other in a smooth gradient, and each level is properly mastered before the student progresses confidently to the next level.

Auditors can train up through the levels to Class VII. Depending on the level to which an Academy is authorized to train, the Academies of local Organizations train and classify students up to Class O, I, II, III and IV.

The higher levels of training are done at Saint Hill on the Saint Hill Special Briefing Course. The prerequisite for the Briefing Course is Class III (Hubbard Professional Auditor) or Clear. The student graduates as a Class VI Auditor. He can elect, or be invited, to sign a 2½ year contract with an Organization and train at Saint Hill as an Intern, to Class VII.

To the beginning Scientologist, a Class VI Auditor may seem to have attained unreachable heights of technical ability, but the arrangement of Scientology training courses into carefully graded levels ensures that the student progresses easily till he, too, is a Class VI Auditor with a mastery of the auditing skills which makes him one of the most valuable beings on Earth.

This training programme has the enormous advantage of being, at the same time, the cheapest and fastest route to Clear and beyond.

The Class VI Auditor has already learnt, on the Saint Hill Special Briefing Course, the skills needed for auditing himself to Clear. Once he has graduated, he may immediately enrol on the Clearing Course and rapidly audit himself to Clear.

Scientologists who choose to take the solo or non-professional route to Clear have as their prerequisite the Dianetic Auditor's Course, which can be done at the local Organization or Saint Hill. The next step is the Solo Audit Course itself at Saint Hill. On completion of this course, the student receives his Grade VI Certificate, which is the prerequisite for the Clearing Course.

Section III of the O.T. Course has the Saint Hill Special Briefing Course as a prerequisite. The Class VI Auditor has already fulfilled this condition and so proceeds, without additional training, from the Clearing Course through Sections I, II and III of the O.T. Course. Clears who have not completed the Saint Hill Special Briefing Course must do the course before they can be invited to enrol on Section III of the O.T. Course.

In all aspects of life the trained person is of greater value to himself and others than the untrained person.

Well trained Academy auditors are needed by the millions of beings on this planet who are seeking auditing along the road to total freedom. Only Academy trained auditors can audit others up the invaluable Grades of Release. The freedom of others and the freedom of tomorrow's children depend entirely on each one having a well trained auditor.

The doors of Scientology Academies are open and have already trained thousands of auditors. As you read this right now, an auditor is releasing someone in one of the many Hubbard Guidance Centres around the world. Mankind needs thousands more trained Scientologists.

Get training — and gain the reward of knowing that others will make it to Clear tomorrow because you cared enough to prepare to help them today.

Saint Hill Special Briefing Course

THE FIRST STUDENT

REG SHARPE, Clear 7, is today very well known to Scientologists throughout the world, but in 1961 he was busy running his television insurance business and only practising Scientology part-time. When he heard that L. Ron Hubbard had moved into Saint Hill Manor and was to run a special briefing course for auditors, Reg hurried to Saint Hill to enrol. On April 24, 1961, his name was recorded in the first roll book as the first student on the Saint Hill Special Briefing Course.

He signed for the course in the same room of the Manor where today he has his office as L. Ron Hubbard Personal Aide.

He originally signed for a one month course but stayed on to become Course Secretary under the expert guidance of Mary Sue Hubbard.

Later, Reg was invited by Ron to accompany him as his personal secretary on an American tour. This was the first of the many trips which he has made with Ron.

His insurance business has continued to expand and runs so smoothly that he goes to London on business only once a week.

Since coming to Saint Hill, Reg has developed many new abilities. He started playing the organ at the age of 57 and has discovered his ability to train voices for singing. Ron taught him photography and cinematography and at Ron's prompting, he wrote his very popular beginning Scientology book, "This is Life".

Reg comments that one of his most satisfying gains in Scientology is the ability to remain at ease and calm in *any* circumstance.

Reg Sharpe, under L. Ron Hubbard's guidance, has become an expert photographer

THE YOUNGEST GRADUATE

At the age of 13 years, in November, 1966, DAVID HANCOCK completed the Saint Hill Special Briefing Course. He is the youngest student ever to complete the Briefing Course. At present, this youthful Class VI Auditor is at his home in New Jersey, U.S.A., starting his first year of High School!

In 1962, the family moved to Washington, D.C., so that David's mother and father could attend the H.C.A. Course there. After several weeks, David, aged 9, presented himself to the Registrar and expressed his wish to sign up for the H.C.A. Course. With his father's agreement, David started his Scientology training. He went on to finish ahead of his father and graduated in March, 1963.

The school year was almost over when David returned to his 4th grade class but he passed with straight "A's" and "B's".

Shortly afterwards, when his father announced that the family was going to Saint Hill, David decided that he should do the Saint Hill Special Briefing Course, too. Mary Sue Hubbard agreed, on the condition that he bring a dictionary with him. This he did and started the Briefing Course in July, 1965. He graduated at the age of 13! Having started the Clearing Course, he then returned home with his family.

This time, on returning to school, David had missed one and a half years of formal education. After persuading the school authorities, he was allowed to join the class he would have been in had he not gone to Saint Hill. Again, he achieved straight "A's" and "B's", was put on the Honour Roll and was passed for entry into High School!

Apart from his success as a student (using Scientology Study Material), he has enjoyed many varied and successful activities including playing his guitar, singing, baseball, weightlifting, building a boat, and learning the vibraharp and drums!

In his spare time, he is busy with his Minister's Course and has helped others by his expert auditing skill.

In addition to these varied activities, David is continuing to advance by regularly auditing himself on the Clearing Course materials.

Jill van Staden

THE FASTEST STUDENT

JILL VAN STADEN, now Class VII, Clear 223, completed the now standard Saint Hill Special Briefing Course Checksheet in 13 weeks 3 days.

Jill was introduced into Scientology in 1965 in Johannesburg, South Africa, after a successful career as a model and trained cosmetician.

In early 1966, Jill came to Saint Hill with her husband, Joe, who was already a Saint Hill Special Briefing Course Class VI Graduate. She worked on staff during the day and attended the Saint Hill Special Briefing Course on the Saint Hill Foundation at night. She completed the Course in the equivalent of 13 weeks and 3 days.

Jill says she fully applied the technology of study and kept to the schedule she had set herself. She studied in all her free time, on many occasions getting in 3 and 4 hours of study after arriving home from course, which ended at 10.30 p.m.

She also completed the Class VII Internship in excellent time.

Jill is a very able and beautiful Scientologist, who applies Scientology in all avenues of her existence, to get results and change conditions.

A special note is that Jill completed all personal auditing on her own case, Grade O – IV Release, Power Processing to V and VA, and the Clearing Course in 40 hours!

She is now working in an executive position on an O.T. Project.

The Saint Hill Special Briefing Course is a unique course which produces highly-trained Class VI Auditors who know that they can audit extremely well and produce fine results on all preclears
