SAFEGUARDING TECHNOLOGY

By L. Ron Hubbard

For some years we have had a word "squirreling". It means altering Scientology, off-beat practices. It is a bad thing. I have found a way to explain why.

Scientology is a *workable system*. This does not mean it is the best possible system or a perfect system. Remember and use that definition. Scientology is a *workable system*.

In fifty thousand years of history on this planet alone, Man never evolved a workable system. It is doubtful if, in forseeable history, he will ever evolve another.

Man is caught in a huge and complex labyrinth. To get out of it requires that he follow the closely taped path of Scientology.

Scientology will take him out of the labyrinth. But only if he follows the exact markings in the tunnels.

It has taken me a third of a century in this lifetime to tape this route out.

It has been proven that efforts by Man to find different routes came to nothing. It is also a clear fact that the route called Scientology *does* lead out of the labyrinth. Therefore it is a workable system, a route that can be travelled.

What would you think of a guide who, because his party said it was dark and the road rough and who said another tunnel looked better, abandoned the route he knew would lead out and led his party to a lost nowhere in the dark. You'd think he was a pretty wishy-washy guide.

What would you think of a supervisor who let a student depart from procedure the supervisor knew worked. You'd think he was a pretty wishy-washy supervisor.

What would happen in a labyrinth if the guide let some girl stop in a pretty canyon and left her there forever to contemplate the rocks? You'd think he was a pretty heartless guide. You'd expect him to say at least, "Miss, those rocks may be pretty, but the road out doesn't go that way."

All right, how about an auditor who abandons the procedure which will make his preclear eventually clear just because the preclear had a cognition?

People have following the route mixed up with "the right to have their own ideas." Anyone is certainly entitled to have opinions and ideas and cognitions – so long as these do not bar the route out for self and others.

Scientology is a workable system. It white-tapes the road out of the labyrinth. If there were no white tapes marking the right tunnels, Man would just go on wandering around and around the way he has for eons, darting off on wrong roads, going in circles, ending up in the sticky dark, alone.

Scientology, exactly and correctly followed, takes the person up and out of the mess.

So when you see somebody having a ball getting everyone to take peyote because it restimulates prenatals, know he is pulling people off the route. Realize he is squirreling. He isn't following the route.

Scientology is a new thing – it *is* a road out. There has not been one. Not all the salesmanship in the world can make a bad route a proper route. And an awful lot of bad routes are being sold. Their end product is further slavery, more darkness, more misery.

Scientology is the only workable system Man has. It has already taken people toward higher I.Q. and better lives. No other system has. So realize that it has no competitor.

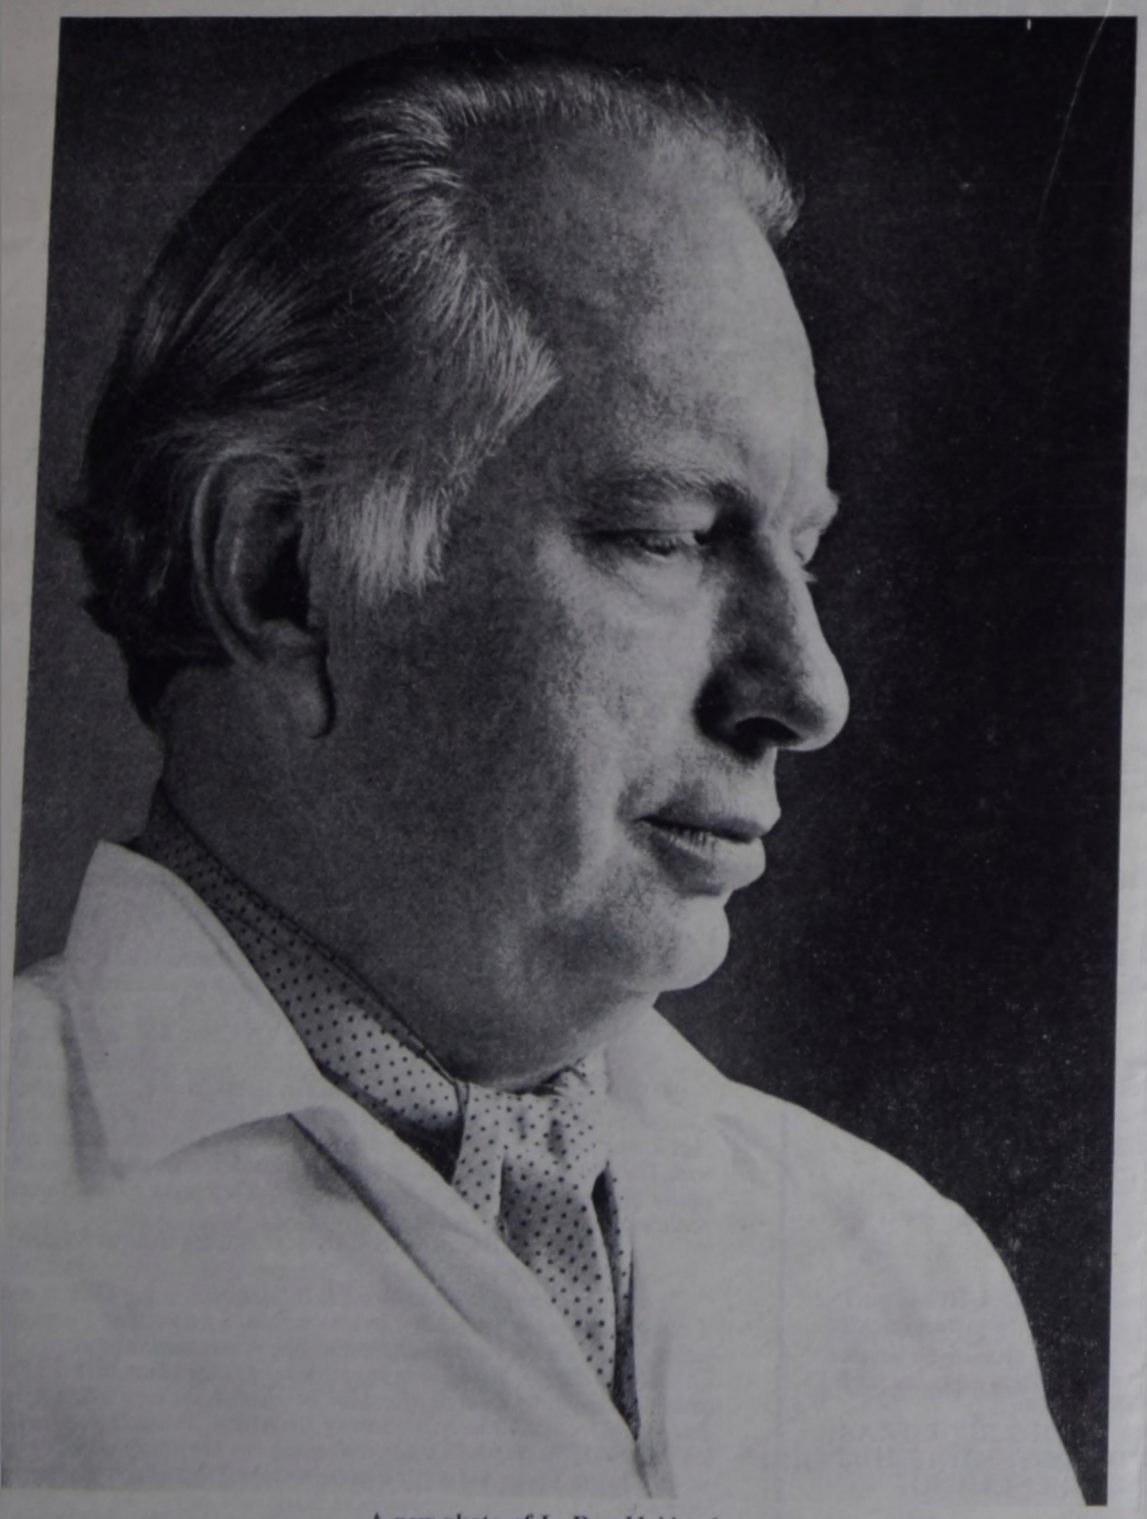

Scientology is a workable system. It has the route taped. The search is done. Now the route only needs to be walked.

So put the feet of students and preclears on that route. Don't let them off it, no matter how fascinating the side roads seem to them. And move them on up and out.

Squirreling is destructive of a workable system.

Don't let your party down. By whatever means, keep them on the route. And they'll be free. If you don't, they won't.

A new photo of L. Ron Hubbard

A proud moment for Katie Gillespie, eldest daughter of L. Ron Hubbard, just after her graduation from the Saint Hill Special Briefing Course. Katie admires the beautiful bouquet of flowers from Ron and Mary Sue.

A PERSONAL ACHIEVEMENT

KATIE GILLESPIE, L. Ron Hubbard's eldest daughter, graduated from the Saint Hill Special Briefing Course on Friday, 4th August, 1967. Her Class VI Certificate was presented by Felice Green, Clear 26, the Director of Training, before 320 students in the Saint Hill Chapel.

Katie later said, "People often say that they don't know how to thank Ron. The only way to thank him is to know the data, apply it and keep tech in."

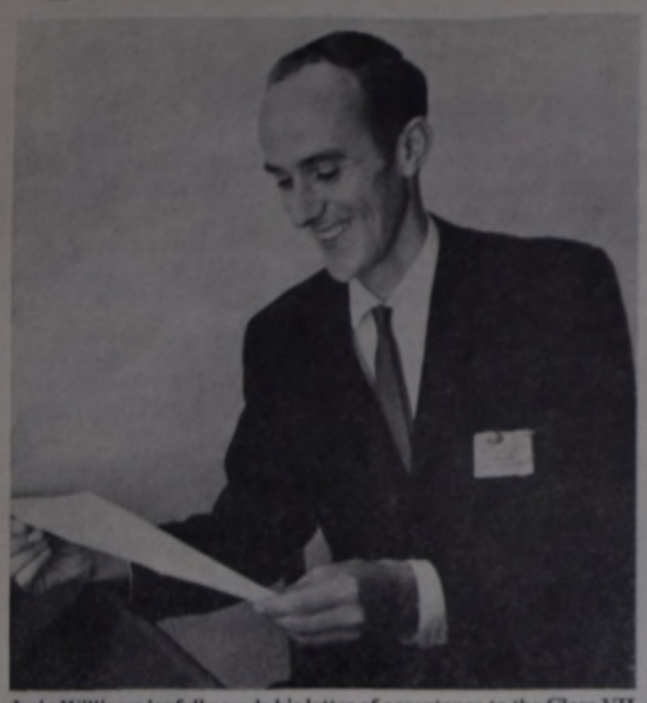

Eager to have Scientologists realize that the smooth gradients of training enable *every* student to win, Katie made these enthusiastic comments on the Briefing Course, "It's the greatest course anywhere. There's no compromise with standards, yet no failure on the course. There is a fantastic team of Supervisors and Examiners, whose sole intention is to make sure that each student knows and owns the data, applies it and wins. It's wins all the way. I know how to audit now. Nothing makes me prouder and feel more valuable than having done the Briefing Course!"

Katie is now on the Clearing Course. When she is Clear she will return to her home in Canoga Park, California, where she is keenly awaited by her husband, James, and children. Lance and Maud.

SUCCESS ON THE SAINT HILL SPECIAL BRIEFING COURSE

Jon Rappoport, left, recent graduate of the Saint Hill Special Briefing Course, demonstrates a part of Scientology data for Reggie Farnum, Supervisor of the Class VII Internship.

Irvin Williams joyfully reads his letter of acceptance to the Class VII Internship just after completing the Saint Hill Special Briefing Course.

A FAST STUDENT

JON RAPPOPORT, *Class VI, Clear 460, was a fast student on the Saint Hill Special Briefing Course from which he recently graduated. After a relatively slow start he moved rapidly through the course till, by the final stage, he required only three days to Classify on Level VI. He completed Levels II to VI in the same time as he did Levels O and I! He says, "The only way you can go faster and faster is to acknowledge your present speed, then you can go to higher and higher levels of speed."*

A painter and former high school teacher, Jon was introduced to Scientology by a poet friend in New York. He returned to Los Angeles where he trained and worked as a staff member in the Los Angeles Organization, before coming to Saint Hill. He is now Interning for Los Angeles.

"The Briefing Course", Jon comments, "is the place where you learn what you don't know about tech and validate what you do know. It is a place where you can know that you're right. It's an experience in living."

STUDENTS ON THE SAINT HILL SPECIAL BRIEFING COURSE

On 18th August, 1967, the following 101 students were on the Saint Hill Special Briefing Course. Students whose names are marked with an asterisk are Clear.

Over 450 students have already graduated from the Saint Hill Special Briefing Course since it began in April 1961. Today, still more students are working their way smoothly up through the levels of training towards graduation as Class VI Auditors.

Fred Barei, Ollie Budlong, Marguerite Dale, Evelyn Delano, George Keck, Quintin McDougall, Norman Mehr, Kitty Napolitano, John Nixon, Sally Reder, Ray Saunders, Frank Watson, Louise Williams, Ron Capaldi, Carl Sutton, Jill Adams, Ed Lefson, May Myers, David Kaufman, Sylvia Gellie, Elizabeth Nixon, Johannes Berggreen, Peggy Lee, John Scott, Barry Watson, June Dwyer, Frankie Gardner, Phil Petsonk, Debbie Norwitz, Liza Hedin, Mike Hamra, Jim Farren, Bill Sentis, Lyla Ginbey, Gladys Ash, Herb Peter, Roy Ash, Lorna Levett, Charles Groff*, Sylvester Mielczarek*, Helen Keppel, Norma Johnson, Zelma O'Neal, Jack Harness, Tony Wyant, Mary Jane Jewell, Dorothy Yorston, Colin Yorston, John Rafanello, Maia Thomas, Craig de Fan, Bruce Barrett, Bob Taylor, Bud Schilling, Pat Bloomberg, Ruth Minshull, Fran Deitsch*, Betty Halliday*, Yvonne Steiner, Gote Matheison, Richard Gordon, Bob Lincoln, D. Recent Saint Hill Special Briefing Course students have this to say about the course:

' This course is without a doubt the most beneficial course I have ever attended. Firstly, I was able to take a look over all *the data appertaining to each level and had the benefit of wonderful supervision when I came up against something I couldn't understand. Secondly, going over the data, taking a new look at it, and in some cases, seeing it as it actually is, and not as I would like it to have been, has restored confidence in me as far as my auditing ability is concerned. Thirdly, in Scientology* all *can win and the staff here at Saint Hill are out to see that you, too, can also win, and you do."*

RONNIE CHISHOLM, Class VII, Clear 266, of Johannesburg.

"One of the more noteworthy things that has happened to me on the Saint Hill Special Briefing Course, is the fact that when I started, I felt that the goal of completing the course was possibly insurmountable. However, after having been on the course a short time, I realized how beautiful the gradient of it was, and I as continued on, I gained more confidence, level by level, and picked up speed level by level and at last achieved something that I had once considered to be unattainable. What a great day it was, because I knew I could tackle any thing and succeed at it."

DAVID ECKER, Class VII, Clear 304, of New York.

"The Briefing Course is fabulous. I wouldn't take any other route to Clear. The awareness that I could audit when I completed was great. And it helped tremendously in life too!"

DAVID HANCOCK, Class VI, of New Jersey.

"Now that I have finished the Briefing Course I begin to realize that when standard technology is applied exactly as per technical data and no other way, preclears will make more and stabler gains and this place will be a far, far better place."

NEVILLE CHAMBERLIN, Class VI, Clear 176, of Saint Hill.

"This is the road of practical working technology on life and its creativeness in the fullest sense. Embraced in this technology is how to learn it and how to use it.

"Therefore, the Saint Hill Special Briefing Course graduate is one who knows how to do, and *does correctly apply correct technology knowingly and willingly."*

JOHN DALHOFF, Class VII, Clear 165, of Auckland.

"In doing the Saint Hill Special Briefing Course, I gained a great deal of valuable data – the know-how of study; the processes and technical data."

BOB BOLGER, Class VI, Melbourne.

"The Briefing Course made a professional out of me. Because I am highly trained, know tech and can do it, I AM A VALUABLE BEING."

COLIN CHALMERS, Class VI, Clear 452, Melbourne.

"High standards of communication and the communication cycle were not new to me but the Briefing Course honed this skill to a point of perfection that delights me beyond measure".

JERROLD HEDIN, Class VI, Clear 468, Haywood, California.

"What I liked most about the Briefing Course was the determination of my supervisors and fellow students that we should all win. That overcame all barriers."

DAVID GELLIE, Class VI, Clear 471, Perth, Western Australia.

"I've enjoyed the fast flow system, for it has enabled me to go as fast as I can. I've also enjoyed having Clear Supervisors."

FLO BARNETT, Class VI, Dallas, Texas.

"I have found that there were no blocks on my lines. I wanted to go fast – I was allowed to go fast.

"I cognited on Level Zero that for the first time in my life I would be allowed to be as able as I could be.

"I've never been so validated or so loved and been allowed to love as I have been on this course. I don't think I've stopped smiling since I started.

"You can't *fail on the Briefing Course. It's wins, wins, wins all the way."*

BARBARA GENTRY, Class VI, Clear 469, Cape Town.

"I have made an enormous gain in self-confidence. The training has given me the confidence that I CAN do a fine, standard job of auditing to predictable results.

"When I started the Briefing Course, I had some concern about how my children would fare without my constant presence and attention. I needn't have worried. I found I was better able to grant them beingness and they are all thriving better than before. To any other mother wavering on the brink of whether to take training, I would say, "Go ahead – and catch up with the mending afterwards!"

JOAN RAYNER, Class VI, England.

"On the Briefing Course I grew up. Each week on the course I would look back amazed at what I had achieved. All the while I would be aware that I was growing in strength and courage and ability.

"You can't lose on the Briefing Course. The help of the Supervisors is something which needs to be seen to be believed. You learn to be one of the finest auditors in the world and at the same time grow in strength and awareness of yourself."

BESS JENSEN, Class VI, Clear 296, East Grinstead.

"I've thoroughly enjoyed doing the Briefing Course. When I first started it I felt very insecure and had a tremendous ability for self invalidation! But when I started Level Zero I just had cognition after cognition. I began to think that I wasn't as bad as I'd thought I was. The preclears I audited made great gains and this really validated me. I saw that auditing was really a simple activity. The Briefing Course is the only way to really know that you do know Tech and can audit. I now feel 100% more valuable that I was before."

NAOMI GREENWOOD, Class VI, Auckland, New Zealand.

"When I finished the Briefing Course I knew that I could do all the lower levels. I could really coach and I understood how to help others. I knew that I was a well-rounded auditor who could audit any case and win on all cases."

ALBERT MEGRAW, Class VI, Clear 444, Auckland, New Zealand.

"I have received the most fantastic gains from my Briefing Course training. Paramount is certainty; I know *the data works; that* I *can make it work. The course is lovely. One can't* help *but win. There is validation and support on all sides, especially from the really big beings who are our supervisors. They coax us all toward realizing that we* can *do it."*

ED LEFSON, Saint Hill Special Brifing Course Student, Detroit.

"I have just completed the Saint Hill Special Briefing Course and I can now proudly say that I'm an auditor. I know that I can get other beings on the road to Clear and help them along the way.

"At the age of 37 *it made me nervous to start into this field of study. 'Study' was an area of my life in which I felt very inadequate, but I did so want the education of becoming an auditor. On the course I had wonderful gains from applying the study data. I was able to learn, study and apply and earn the big win of completing the course."*

BOBBIE WILSON, Class VI, Clear 436, Houston, Texas.

SECOND DYNAMIC RULES

By L. Ron Hubbard

It has never been any part of my plans to regulate or attempt to regulate the private lives of individuals.

Whenever this has occurred it has not resulted in any improved condition.

All I have been interestd in, so far as Scientology law was concerned, was in removing retarding elements or practices from the path of progress toward freedom.

Man is aberrated. Otherwise we would not be here. He is hard to rescue as he has been carefully "trained" to do himself harm.

I have no concern about the second dynamic activities of Scientologists save only where they bring suffering to others and so impede our forward progress.

Therefore ALL FORMER RULES, REGULATIONS AND POLICIES RELATING TO THE SECOND DYNAMIC ACTIVITIES OF STUDENTS, PRECLEARS, STAFF AND SCIENTOLOGISTS ARE CANCELLED.

In their place, any husband, wife or individual whose processing or training has been impeded or interrupted beyond any reasonable doubt by second dynamic activities on the part of staff or associates or their husband or wife may have recourse to the CHAPLAIN'S COURT, Division 6, of any Scientology organization, and any case heard, if it be proven beyond reasonable doubt that, without provocation, a person's training or processing has been impeded by the irregular second dynamic actions of the defendant, a fine of not less than £1000 sterling or greater than £5000 sterling shall be awarded the plaintive and until paid, the defendant shall have no further training or processing.

This policy is not retroactive (occurrences before this date may not be tried).

No Ethics order shall be issued by reason of second dynamic activities. All Ethics orders now in force relating to the second dynamic are cancelled.

No staff member may be punished, transferred or dismissed because of second dynamic activities.

No student or preclear may be suspended or dismissed because of second dynamic activities.

Nothing in this policy letter lays aside our actual knowledge of the consequences of second dynamic overts against husbands and wives being processed or the degree to which training or processing can be impeded for someone because of another's acts.

We are also aware that those org staffs which are over active on the second dynamic seldom prosper.

We also retain any and all technology relating to the second dynamic.

One of Man's primary areas of aberration is the second dynamic.

Processing, not discipline, is the only thing which eradicates aberration of such depth.

Accounting Errors

By L. Ron Hubbard

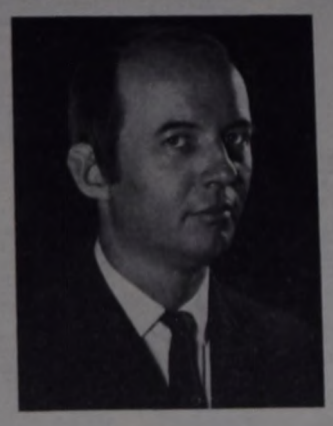

If your account in any org is incorrect or falsely reported to you or payments are not acknowledged, you MUST write to the ETHICS OFFICER of that org filing an Ethics Chit on the Treasury Secretary of that org and giving the error or omission so that action can be taken.

When you send a payment, the org copy of the invoice is supposed to be filed the same day in your personal Treasury Folder and monthly summarized. If you write for a statement of your account it can then be quickly added up with all payments included. This applies as well to Review credits.

It will help get the lines straight if you file an Ethics Chit.

THE FIRST GRADE II O.T.

The first Clear to complete Section II of the O.T. Course is FRED HARE, Clear 32, Class VI. Fred has attained the state of Grade II O.T.

Fred Hare

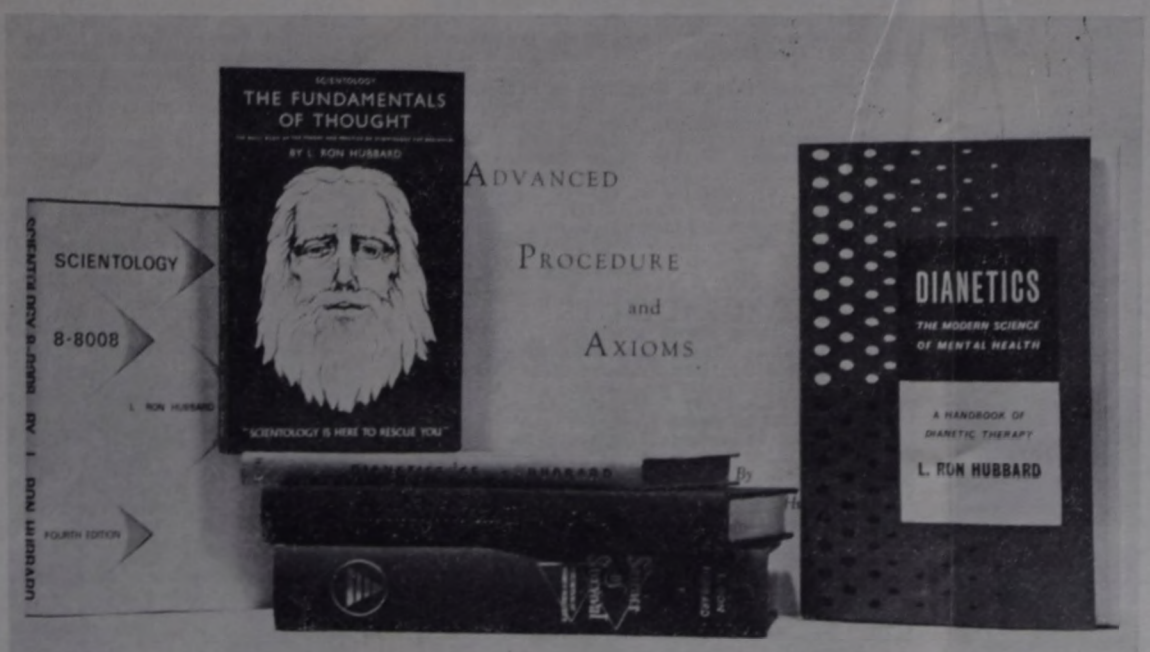

Fred is currently Organization Executive Secretary World Wide at Saint Hill.

He did his HPA in Paris in 1958, returned to New York and in 1962 joined Saint Hill staff. He has held many posts at Saint Hill, including Supervisor on the Saint Hill Special Briefing Course, Qualifications Secretary, Distribution Secretary, Dissemination Secretary and Divisional Organizer for Dissemination World Wide.

Fred says, "Life has become so effortless. Standard technology, applied without variation, is the only way to get to Clear and beyond. My valuable 5 years as a Saint Hill staff member has greatly assisted me to achieve the state of Clear and beyond. The third dynamic, or group activity of Scientology, is a vital and important part of my existence. I have an unshakeable confidence in the purpose of Scientology and my ability to contribute and bring about the full realization of that purpose – to Clear the planet – 'A world without insanity, without criminals and without war'."

"There is nothing that is of comparable magnitude to the adventure of travelling the road to total freedom. I can only urge fellow Scientologists not to get reasonable about any current condition which is interfering with progress on the road to total freedom. Don't get sidetracked. Apply standard Scientology technology and keep moving along the road to total freedom and you will make it, too."

Freedom of expression personified! Richard Gorman, Clear 241, on Bass, and Bill Deitsch, Clear 229, at Piano, combine musically, to create beautiful effects.

Reawakening Ability

BILL DEITSCH, Clear 229, an excellent Jazz pianist, has encountered some remarkable changes in his piano-playing since his Grade V Release and achieving the state of Clear.

After his Grade V Release, Bill found that many fixed training patterns had gone, and, for a couple of weeks, he stopped playing. Encouraged by a fellow musician, RICHARD GORMAN, Clear 241, Bill persevered through a short, difficult period and found that "he" was playing the piano for the first time.

Shortly after this, Bill went Clear and this new-found freedom of expression expanded even further. Bill says, "I most enjoy playing, not as Bill Deitsch, but as *myself*, either solo or with Richard or other free-flowing individuals. I have no special regard for forms of music because I know now that order emerges from the spontaneous happy flow of theta, or life, itself."

Recent Class VI Graduate, Sheila Massey-Hicks, examines one of her target pistols.

SHEILA MASSEY-HICKS, Class VI, a recent Saint Hill Special Briefing Course graduate, has already achieved success in another activity where precision is vital – international-class target shooting.

Sheila took up competitive pistol shooting early in 1960, following a Personal Efficiency Course and a Communication Course in Johannesburg in 1959. Within three months she had earned her South African colours in international shooting matches. She continued as a top class shooter for South Africa until 1966.

Meanwhile, she progressed further in Scientology, and obtained her HPA at the Johannesburg Org before coming to Saint Hill for the Saint Hill Special Briefing Course.

UND THE WORLD

Photo left: Trio La Choli in action. Scientologists, David Dunlop, left, Frances Ramirez, centre, and Bill Bradley, right, of London, have proved to be a successful combination.

Photo right: Musical comedy star from New York, Julia Migenes, now at Saint Hill on the Clearing Course, takes off a few minutes to rehearse a song.

FLAMENCO GROUP EXPAND

Three London Scientologists are infusing dramatic new life into the London entertainment world by their thrilling Flamenco music and dancing performances.

Known as the Trio La Choli, the group consists of dancer, FRANCES RAMIREZ, and guitarists, DAVID DUNLOP and BILL BRADLEY.

David and Bill have been playing together for over a year, accompanying various Flamenco Dancing groups.

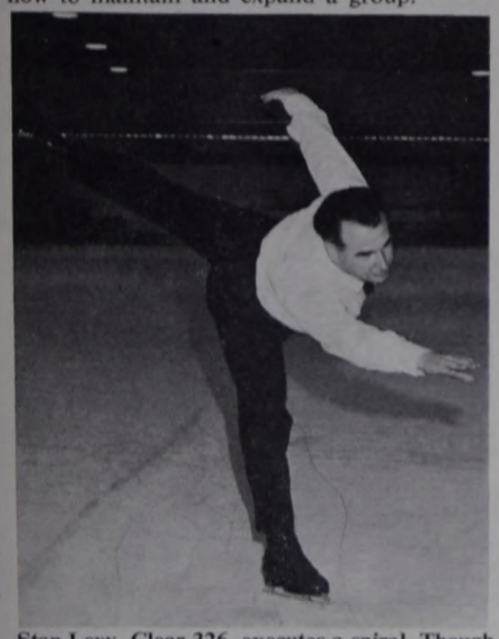

The Trio first performed together at an informal students gathering at International Students' House, London, in March of this year. They received a tremendous ovation and decided to work together as a professional group.

David Dunlop, Grade VA Release, left Australia late in 1964, intending to go to Spain to further his training on the Flamenco guitar. On the ship, he met two Scientologists (Connie Broadbent and Michael Graham) coming to Saint Hill to attend the Saint Hill Special Briefing Course. On arrival in London, David headed for the London org instead of Spain.

Bill Bradley, Grade IV Release, and a top Flemenco guitarist, has also included an appearance at the Albert Hall among his line of successes.

Frances Ramirez, Grade II Release, can only be described as dynamic! Devastating in appearance and dancing, she is probably the number one Flamenco dancer in Britain. She appeared in a film recently and has performed at London's Festival Hall.

David Dunlop says that the group attribute their success to the fact ghat they are all Releases and apply Scientology technology on how to maintain and expand a group.

Stan Levy, Clear 326, executes a spiral. Though no longer a professional ice skater, Stan has attained an effortless competence.

Scientology Applied

STAN LEVY, Class VI, who has since checked out as Clear 326, used the Scientology data contained in "Problems of Work" by L. Ron Hubbard to expand his London florist business and to help his staff to be more creative.

After reading the book, Stan discovered that he had been constantly interfering with the work of his employees, that he was having to do most of the work himself, and that his business was below its potential.

He then applied the data on "control" to such good effect that his staff began to create successful floral designs for customers, to dress the window in original and effective styles and to earn a high reputation for skill in the district. The unusual became usual, as customers brought special orders to Stan's thriving shop, saying, "If you can't make it, nobody else can!"

Stan is also a highly skilled ice-skater and used to perform professionally. Now he enjoys applying Scientology data to help others to skate better.

Hank Billings, Clear 459, Project Engineer for Man in Space Programme, buys books at the Saint Hill Book Store, to disseminate to his space project colleagues on his return to California.

SCIENTOLOGIST ON SPACE PROJECT

HENRY C. (HANK) BILLINGS is Project Engineer for one of the major U.S. Aerospace firms, designing a space ship for manned orbital flights around the Earth and Moon. He recently checked out as Clear 459, and is now on the O.T. Course.

Hank intends to promote Scientology within his profession, with the aim towards having Clear astronauts in the near future.

His active participation in Dianetics and Scientology from the early days, parallels his pioneering work in the Space Programme. He was one of the early Dianetic Book Auditors in 1950, and has been active ever since.

He comments, "It is most gratifying to have been part of two of the greatest adventures in modern times – the manned exploration of outer space with rocket ships, and the expansion of the understanding of the spirit of mankind with Scientology."

A Big Change!

Following Scientology processing, lovely young actress, KAREN BLACK, of Los Angeles, is being showered with offers of acting roles in films, television and stage plays.

Before Scientology, Karen's acting career had been going up and down. She knew that she was tremendously talented but she was drawing unemployment money, visiting an analyst and thinking of giving up acting.

Then Karen discovered Scientology. Two weeks after her first auditing, in the New York Scientology Organization, Karen got the lead in the Broadway play, "The Playroom". The Director asked her to do another Broadway show.

She played a double role in "On a Clear Day" and then appeared in "After the Fall", both at the Cocoanut Grove, Miami Beach, Florida. Again she was invited to do another show.

Karen writes, "I kept getting Scientology processing; I kept getting new roles". She played one of the two leading roles in the film, "You're a Big Boy Now". Then followed three television shows. Her next show will be the Broadway production, "Keep it in the Family".

Karen was at Saint Hill recently for Power Processing, following Academy Training in Los Angeles. She is enjoying her newly-released acting abilities enormously. "It's been absolutely terrific," she writes.

The acting career of beautiful and talented Karen Black, of Los Angeles, took a very successful turn after Processing. She recently visited Saint Hill and became a Power Release.

NEW ABILITY UNLEASHED

ROBERT EDDISON, known professionally as Roderick Eddison, has recently scored a great success in London's theatre world. His play, "White Suicide", at the Little Theatre Club, was very well received by the critics in July of this year and played to such packed houses that the play's run was doubled. The main television companies are interested and the Hampstead Theatre Club hopes to produce it early in 1968. "The Times" called it "a promising first play." "The Stage" wrote, "It was the most genuinely funny play that has been staged here for some time."

Robert had Power Processing last year and attained Grade VI Release by completing the Solo Audit Course. He then found that he was able to plan plays and simply write them out, just as he wanted them to be. He then wrote "White Suicide" in a fortnight. "This was a marvellous win," he said, "as previously I could never sit down and write a play, though I used to try every holiday!"

The first draft of the play was accepted for a fully professional production and the artistic Director remarked in surprise that it was the first play she has seen in more than a year which did not need a *single* word to be cut for the production. This was another big win for Robert, who had earlier tended to "overwrite."

He intends to maintain his new found certainty as a playwright. His next play is to be a three-act tragedy. Robert will go on the Clearing Course in the very near future.

MUSICAL COMEDY STAR EXCELS

Vibrant and successful singer, dancer and actress, JULIA MIGENES, from New York has swept through the training requirements for the Clearing Course at Saint Hill.

Julia completed the Dianetic Auditor's Course and the Solo Audit Course within seven weeks, displaying the same verve which earned her the lead in "West Side Story" in New York.

She has appeared four times on television's "Johnny Carson Show" and has sung in two operas with the City Center Opera Company, now housed in New York's famous Lincoln Center.

Another big success was in "Fiddler on the Roof", and she is currently considering an invitation to recreate her "West Side Story" role, in German, for the Vienna Folk Opera.

Julia entered Scientology, in New York, during the run of "Fiddler on the Roof" and discovered that she was a much more stable and sure performer as a result.

Power Processing brought her wonderful wins. As a result of many cognitions, her voice dramatically improved!

At Saint Hill, Julia has been thoroughly enjoying a new departure for her – developing new songs with brilliant flamenco guitarist, JAMES HARE, Clear 354. To James' delighted surprise, Julia's new-found abilities enabled her to teach him to sing in the space of an hour!

She is now working enthusiastically on the Clearing Course.

Playwright at work. Grade VI, Robert Eddison, in his studio.

Business Booms

DAVID GAIMAN, Clear 51, has put the Organization Board into effect with great results in his flourishing retail store in Portsmouth, England. The "Org" Board is the ideal pattern for any Organization, devised by L. Ron Hubbard, and in operation in all Scientology Organizations. David reported that "in a trading period of 19 weeks, sales have been phenomenal!"

FOCUS ON SUCCESS

TURNING POINT

"1961. A cold September night. A lonely passenger in a second class carriage on the main trunk line to Auckland. Nervous, shy, desperate. Returning to University from a vacation intended to cure a nervous fever, inability to concentrate, chronic indigestion, constipation, a growing mental and physical debility. I was then paying the penalty for a period of introspection associated with oriental mystical practices and had gone well below the point of being able to rehabilitate myself.

"Ahead of me was the prospect of the final term in my final year of a degree course in architecture. I couldn't study; I couldn't sleep. The situation was hopeless.

"I remembered a Scientology Introductory Course I had attended several years earlier, and decided in that train that examinations were less important than sanity.

"I attended a public co-audit at the Auckland Organization – three nights every week of that vital final term at varsity when I should have been studying.

'Three months later, I was a healthy happy active person; extroverted and becoming very successful in an architectural office, having passed all nine of my final year varsity units with good grades.

"Scientology worked!

"And now I have attained the state of Clear and am a Class VI Graduate of the Saint Hill Special Briefing Course. Daily I perceive the gains of others in standard Scientology training and processing and know that all men can be free."

BRIAN LIVINGSTONE, Clear 35, Saint Hill.

David Kaufman, at piano, a current Saint Hill Special Briefing Course student, an accomplished opera singer, gives a lesson to Saint Hill staff member, James Byrne, Clear 167.

Books, Books, Books!

"In 1950, I bought a book called 'Dianetics: The Modern Science of Mental Health.' For 17 years I have bought books. The only 'Practical' I had done was 33 minutes of Level O Auditing in Los Angeles.

"I had been exposed to practically all the PABs, Certainty, Dianetics: The Modern Science of Mental Health, Science of Survival, Scientology 8-80, Scientology 8-8008, Course Booklets, Abilities, How to Live Though an Executive, All About Radiation, Have You Lived Before This Life?, Org Charts, Scales, the Axioms of Scientology and Dianetics, Advanced Procedure and Axioms, Self Analysis, Creation of Human Ability, Journals of Scientology, Notes on the Lectures of L. Ron Hubbard, HAS Course Booklets, This is Life, Evolution of a Science, Dianetics '55, and Basic Book for Beginners. I could safely say I had some data.

"In between sessions when auditing my first preclear on the Dianetic Auditor's Course, I realized that I didn't need all that 'other' data for what I was doing, just Dianetic data. So I got more relaxed about it. Then, I got the real bonus. All the previous data fell into place. Charts and scales and rules and 'do's and don'ts' and complexities and simplicities, ad infinitum were assigned a value of importance and usefulness. I was auditing a preclear on a Dianetic process, not creating an O.T. It became simple.

First Supervisor of the Saint Hill Special Briefing Course, Marianne Christie, being congratulated by Herbie Parkhouse, Clear 55, another former supervisor of the course, at Saint Hill, just after she checked out as Clear 458.

"I really enjoyed the Dianetic Auditor's Course, which I know is an excellent entrance point for Scientology training."

RALPH GARNER, Grade VI, of Burlingant, California (now at Saint Hill on the Clearing Course).

FAST STUDENT

"My latest success has just occurred. I came to Saint Hill with the intention of doing the Solo Audit Course in three weeks. I was told it was impossible, it would take me six weeks.

"But I did it – I took 2½ weeks on my Solo Course and then passed the exam with 99½%. One could say this was or is trumpet blowing, but I'd like to point out something. In 1961, I took the Saint Hill Special Briefing Course. On that course, I learned what was expected from an auditor, technically. I have never allowed myself to stray from that since that time.

"Ron has given us the tools to use and only we can let them slip away by not adhering to policy, codes and the rules on study.

"I'd like to thank all who helped me attain my goals here at Saint Hill, and especially Ron for making this data available."

PAMELA KEMP, Class IV, Clear 110, of California.

Wins from Power Processing

"When I had my Power Processing in October, I really got POWER. Since then, I've completed about three years creative work in three months.

"Early February, I got my Grade VA (Power Plus Processing), and started a fruitful and creative marriage; this ended many decades of loneliness and isolation.

"Also, I have gained the certainty that I am among true brothers and sisters, people I love and respect."

RICHARD LACEY, Grade VA, Randburg, South Africa.

"Since having the Power Processing, I had recouped what it cost me all within the month following.

"I find this very interesting as I wanted money towards further training and I wanted it soon and I got it!"

BARBARA STIRTON, Grade VA, Johannesburg, South Africa.

"Have you ever been able to work solidly from 9 a.m. to sometimes 12 midnight (15 hours) on something and be interested in it all the time? I can!

"I had always thought this an impossibility, but wow does Scientology change conditions!

"It was not until I had had Power Processing and had studied the technology of Scientology and applied the data, that I had learnt on Level II, that I became aware of the fact that I had a reactive mind and that Scientology study and training techniques, when applied, remove all barriers to understanding.

"I'm winning."

NORMAN STARKEY, Grade VA, Johannesburg, South Africa

AUDITING: ITS SKILLS
In this lecture, Ron points out that auditing is bringing order to the preclear. He shows that in order to audit somebody, there must be someone there to be audited, and he must be interested in his own case, and an auditor must be trained to apply the techniques of Scientology processing exactly.

THE SKILL OF AN AUDITOR
Here Ron discusses the phenomena of training an auditor up to different levels, and observes that a trained auditor is way ahead of the rest of society. An Auditor only feels bored by auditing when he's had a loss. The more he succeeds, the more he gains confidence and stability.

Two lectures per reel. Order the AUDITING SKILLS REEL.

Price: £10 (Stg.) or $30.00 (U.S.) per reel. Price for International Members £8 (Stg.) or $24.00 (U.S.) Price for International plus Lifetime Members £7 (Stg.) or $21.00 (U.S.).
