OnlyClears ToExamine

Incorrect Declares To Be Redone

In their enthusiasm to help people and in a sometimes mistaken effort to help, org examiners in past years have sometimes declared a person a release who was not, or have failed to award a grade of release actually attained. While rare, such instances can be upsetting to preclears.

Now, in HCO Policy Letter of 15 Sept., 67, Ron has directed that ONLY CLEARS MAY BE EXAMINERS.

We have today over half a thousand Clears and orgs can afford to use them on such a post.

Only a Clear can attain a high degree of accuracy in examination of grades of Release and Clear since he has a far higher power of awareness and a deep sense of honesty removed from any other considerations.

Therefore today, if you think you have been incorrectly examined a grade of Release, you should apply at once to your local org and ask for a re-examination.

If you were declared a grade of Release you did not think you had attained or were denied a grade you thought you had attained, you should go to your local org for a re-examination **Without Charge.**

Tell the Registrar (Division 2, Department 6) that you wish to be re-examined because of what you feel was an incorrect examination and she will write a no-charge examination slip and route you to Division 5, Department 13, to the Preclear Examiner and you will have your examination to correct whatever might be in error in your declarations or lack of them.

This offer only lasts until 1 March 1968. so act quickly.

FIVE HUNDRED CLEARS!

Another Scientology Milestone

On the 30th August, 1967, the 500th Scientology Clear, Mike Davidson, was checked out in the Saint Hill Qualifications Division. The Clearing Course started on the 5th September, 1965.

In the first year of the Clearing Course, 34 Clears were checked out.

In the second year of the Clearing Course, 466 Clears were checked out.

The flow of new Clears is accelerating at a fantastic rate and it is predicted that by the end of 1968, there will be many thousands of Scientology Clears.

The state of Clear was first defined in 1950 in "Dianetics: The Modern Science of Mental Health" by L. Ron Hubbard. This definition was found later by Ron to be an understatement of the true nature of the state of Clear. Within 15 years, L. Ron Hubbard had fully defined the state of Clear, and perfected the exact route, which consisted of the Grades of Processing and the Levels of Training, culminating in the Clearing Course itself. Ron made it possible for non-professional Scientologists to get to Clear on the Solo Audit Course.

Isolating the exact route to Clear is an achievement without equal in the history of Man. A way out of the abyss has been found. L. Ron Hubbard has forged the exact road to Total Freedom, which can be followed, with confidence, by all Mankind. Each step taken along the road produces a stronger Being. Standard Scientology training and processing, unvaryingly applied, continues to build up and maintain the correct balance of knowledge, understanding and awareness.

A new civilization is surely dawning, expanding in an ever widening vista of Truth and beauty, knowledge and strength.

Here on Earth, for the first time in this Universe, there is an ever increasing group of Clears and aspiring Clears, who have the technology of how to change conditions.

A Scientology Clear **knows.**

Life holds no mysteries.

The future means only one thing—expansion.

STOP PRESS — now there are 570 Clears!

John McMaster, Clear 1, Class VII Hons., lines up for an approach at a Sussex Golf Club.

Clear 1

JOHN McMASTER was checked out as Clear No. 1 on March 8, 1966, in the Qualifications Division Saint Hill.

After his Clear Check, John went to the U.S.A., visited all Scientology Orgs, and lectured to many thousands of people.

John has set a shining example of the State of Clear, for all the world to see, shouldering the full responsibility of being the world's first graduate of the Clearing Course, with great courage.

He first entered Scientology in 1960 in Johannesburg, and immediately terminated his career in medical school to devote his life to Scientology.

John did his Hubbard Professional Auditor Course in April and May of 1960, then worked in the Durban Org as an Auditor and Personal Efficiency Lecturer. In April, 1963, John completed a special Course in Johannesburg, and decided to head for Saint Hill, where he has remained ever since.

He attended the Saint Hill Special Briefing Course, was awarded his Hubbard Senior Scientologist Class VI Certificate in 1964, and became Case Supervisor of the Saint Hill Special Briefing Course. John was appointed the first Saint Hill Director of Processing by L. Ron Hubbard. He pioneered Power Processing in the Saint Hill Hubbard Guidance Centre in April, 1965.

In addition, John is an excellent golfer, (he played with Gary Player in South Africa in 1963), tennis player, is very interested in land-scape gardening, music and poetry (Classic students at Oxford recently praised his work).

John is a powerful, unique Being who puts in order, trust and understanding wherever he goes.

THE STATE OF CLEAR

By L. Ron Hubbard

A Clear is a being who can be at cause knowingly and at will over mental matter, energy, space and time, as regards the First Dynamic (survival for self).

For more than 2,500 years, Man has dreamed of this goal.

Being Clear gives one the freedom and potential of being. Further, it makes it possible to continue being something. It is a stable state. Also, a Scientology Clear has experience.

The source of aberration is the Reactive Mind, and the source of the Reactive Mind is the Being himself. An uncleared person is making himself unknowing and unwilling effect, of his own Reactive Mind.

A Reactive Mind is an unknowing, unwanted series of aberrated computations which bring about an effect on the individual and those around him. It is also an obsessive strata of unknown, unseen, uninspected data, which is forcing solutions, unknown and unsuspected, on the individual. It is a sub-awareness activity. That is, below the knowing awareness of an individual.

The Reactive Mind opposes the Thetan. Now, the way you handle the Reactive Mind is simply to increase the Thetan's awareness. By increasing his awareness, he becomes aware of this thing and so it's now under inspection, and as he goes along, he can then handle it and it's under his control and ceases to be reactive, no matter what's in it.

There is no such thing as a crazy Thetan. There is a Thetan who is mocking up craziness that he is the effect of. He does this automatically, and does not know he is doing it. He does not see the things which are affecting him.

A Clear, then, is no longer the effect of the automaticities of the Reactive Mind on the First Dynamic.

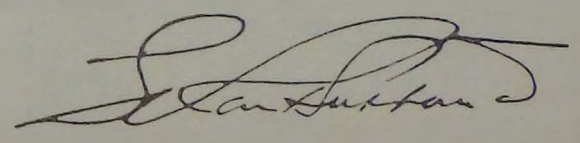

Because of pleasurable experience in the past and inherent sensitivity, there will be differences amongst Clears, and Clears should not be assumed automatically to be a standardized middleground, that pale goal of past doctrines.

Rationality, as divorced from aberration, can be studied only in a Cleared person. It is the aberrations of the uncleared individual which give him the appearance of irrationality. Irrationality is simply the inability to get right answers from data.

Now, in view of the fact that the mind does more than its share of pinning somebody inside a body; there are no conditions imposed on him. Clear he can more easily become exterior.

A Clear doesn't have to be in a body or out of a body; there are no conditions imposed on him. He is just at cause over mental matter, energy, space and time on the First Dynamic, or as regards his own survival.

Life is quite an adversary and the Reactive Mind is quite an adversary. You shouldn't ever undervaluate these things, and therefore, you can't really overvalue the state of Clear. It has never been achieved before.

David Hunter, Clear 100, Class VI, surveys his Saint Hill Field Staff Member world map for the addition of still another Field Staff Member.

Clear 100

DAVID HUNTER, Clear 100, Class VI, was a Research Chemist in Dallas, Texas, when he learnt about Scientology in May, 1960. He recognized Scientology, immediately, as what he had been looking for all his life.

Having found it, David has eagerly studied Scientology and contributed to its expansion ever since. He attended Personal Efficiency lectures, had auditing, and did regular co-auditing. In August, 1962, he went to Washington for Academy training and completed the Hubbard Certified Auditor's Course, as it was then called, (Class III). He then did the Minister's Course and joined the staff of the Washington Organization, where he worked till his departure for Saint Hill in August, 1964.

After graduating from the Saint Hill Special Briefing Course, David continued to contribute to Scientology by becoming a Saint Hill staff member. Later, he commenced the Clearing Course, and on 24th October, 1966, he checked out as Clear 100.

Over the past year, as Director of Clearing, Saint Hill, David has become very well-known to the thousands of Saint Hill Field Staff Members throughout the world, with whom he is in constant communication, and whom he is always eager to help.

David lives in East Grinstead with his English wife, Sylvia, a Grade IV Release, and his two young children, Jane Ann and Gary.

Clear 500

MIKE DAVIDSON, a Saint Hill staff member, is the 500th Scientologist to complete the Clearing Course and be declared Clear by the Saint Hill Qualifications Division. At 10 a.m., on 30th August, 1967, he was checked out as Clear 500 — in happy agreement with his decision, a year previously, that he would be the 500th Clear!

Mike discovered Scientology while a student at Manchester University. He has a Master of Science degree and is a Doctor of Philosophy in Astronomy. He was a member of the University's astronomical team engaged in the detailed mapping of the Moon's visible surface.

Early in 1962, a friend returned, enthusiastic, from London, where he had been audited. Mike read his friend's "Certainty" magazines, and then "Dianetics: The Modern Science of Mental Health" by L. Ron Hubbard. After that, he attended training courses at the Scientology Organization in London, whenever he could, during his university vacations.

Mike was captain of the University's Judo Team. He applied Scientology data in his approach to Judo contests and achieved Blue Belt standard.

He is also a talented painter. He describes his earlier work as, "very dark, with gloomy images." Since his training and processing his painting is "freer, lighter in feeling and much more communicative."

In 1966, he completed his university work, did Academy training in London to become a Class II Auditor and, in September, joined the Saint Hill staff.

Mike will soon commence the Saint Hill Special Briefing Course.

Mike Davidson, Clear 500, Class II, adds a final touch to his most recent painting.

FOCUS ON SUCCESS

"Now that I have gone Clear, I can truly say that nothing in the world could induce me to relinquish that state, if that were possible. I have the distinct feeling that I have only just started living. For the first time, I do truly experience the presence, the love and the understanding of others. Affinity, reality and communication have all taken on a newer and fuller meaning.

"The horizons are opened up wide—who said the sky's the limit?"
CORNELIUS DE VRIES, Clear 462,
Melbourne, Australia.

"Since going Clear I have found that, to the degree a person has understanding for himself, to that degree can he give and accept understanding from others. I now have true understanding for myself—no barriers on it, and the understanding I am now able to have from others and for others is really wonderful."
BETTY COOK, Clear 373,
St. Louis, Missouri.

"I went back to my old job and guess what? It was easy!... and it had been so hard. My productivity is way up and I'm saving money to get back for training."
DAVID ALTGELT, Clear 424,
Houston, Texas.

"My main success since going Clear is a tremendous increase in responsibility. Specifically, that means being responsible that decisions are made to accomplish worthwhile purposes in Scientology and seeing that an action is completed to a successful end."
DARRELL TEPOORTEN, Clear 158,
Vancouver, Canada.

"The Clearing Course has changed my life the most. This has brought me a similar thing to what I've experienced previously in high release points. Now it is under control and as permanent as I want it to be."
NEIL CLARK, Clear 430,
East Grinstead, England.

Nick Nichols, Clear 410, Class VI samples the new record album, "Dianetics: Modernized for Scientology Student Practice". Nick is now interning for the Austin, Texas, Organization.

"As a Clear, I'm feeling just beautiful and can say this is the greatest moment of my life.

"My first auditing in 1958 enabled me to expand much more to live my life better, joyfully coming up the line to reach the state of Clear on a continual gradient of more certainty, ability and happiness. Being in this state, life is a joyful game. Every day is new, and something to look forward to."
RAY WINSLOW, Clear 399,
Washington, D.C.

"I now know that whatever I take on will be 100% successful. I can express myself and my feelings and have the certain knowledge that my future life will be a full and happy one."
KEN PALIN, Clear 175,
Melbourne, Australia.

"One of the nicest things about being Clear is that my children communicate freely to me about things they didn't feel safe to before. I can now express my affinity for people freely."
TRULA SMITH, Clear 389,
Campbell, California.

"Now that I am Clear I feel totally responsible to myself as far as my own survival is concerned. I feel free as a being, and know who I am. I can now communicate to other beings easily and effortlessly and with great joy. My awareness can be tremendous if I chose it to be and I am still discovering my new perceptions. My responsibility to others has assumed vaster dimensions, too."
JOAN BERMAN, Clear 338,
Johannesburg, South Africa.

"It's the most wonderful thing I've ever experienced. You can say any number of things about it, but you can't really tell what it's like until you've experienced it."
DALE KATHARY, Clear 250,
Newark, Ohio.

"Since being on the Clearing Course and getting at the bank itself, my previous gains from Scientology training and processing have been reinforced and totally stabilized. When I returned home from Saint Hill, my family could hardly believe in what they saw in me. Personal situations which used to be difficult to handle now handle easily. Life is easy and wonderful and the thought of all the work that needs to be done to help bring order to the universe is a pleasure to contemplate."
DICK SAUNDERS, Clear 345,
New Jersey, U.S.A.

"I have been a professional musician for ? years. Almost all the automatic machinery for playing I had developed over the years is now gone. I'm sure any professional musician or performer knows what I mean by "machinery"—automatic actions that "play the instrument for you"—to find I really needed none of this machinery except for some I can develop knowingly and use as just another tool in my technique."
JAMES HARE, Clear 354,
San Francisco, California.

"I just am now, a Clear. People think Clear is a lot of things, but it's not. All it is is a being being. A Clear is, with no additives."
WALLY HANDELAND, Clear 343,
Minneapolis, Minnesota.
