THEORY OF TRAINING IN SCIENTOLOGY

BY L. RON HUBBARD

The activity called education, when engaged upon the installation of false or imagined premises, can be quite aberrative. The only right we have to train in Scientology is that we are training people in things which they already know. The principles and axioms of Scientology are considerations which have been agreed upon and out of which stem this universe and livingness. To train a person in these principles trains him only to handle this universe and livingness, therefore Scientology training is non-aberrative. On the contrary, thorough training in Scientology is in itself, if a slow one, a road to Clear.

The very fact that we are training people in things which they already know brings us to a liability, however. As we train, we restimulate considerations already undertaken in some distant past by the student. As many of these were assumed to remedy ills and evils he imagined he had, the student may experience somatics and confusions which he would not experience in ordinary scholastic pursuits. (Somatic: Physical pain or discomfort of any kind, especially painful or uncomfortable perceptions stemming from the Reactive, or stimulus-response, Mind.) Even though this is all for the better a student sometimes conceives himself to be under duress, which is not actually present. There are three ways in which this single liability is overcome.

First, we train a student thoroughly until the somatic or confusion is discharged. We do not give up training in something simply because he finds it confusing. Just as in an auditing session we would continue to run the process to discharge the somatic which the same process turned on, so in training we continue to train in the area which has been restimulated.

Second, we train vigorously and emphatically so that there will be no confusion in the student's mind as to the source of the training.

Third, we consider a student always as an auditor, never as a preclear. We are not at all interested in the student as a case. We are interested in the student only as a Scientologist. The moment he joins a course of training, he is considered from that moment on an auditor. That he does experience case gains is entirely incidental to training. It is a maxim of Scientology Supervisors that if a mirror held to a student's lips shows the mist of breath, the student is in shape to audit a preclear. There is no compromise with this state of mind. Only a Supervisor who intended actual harm to students would use sympathy for a student concerning his case.

The goal of training from the viewpoint of the Director of Training is to bring the student up to a level where he could be safely entrusted with a Hubbard Guidance Center preclear. This training goal insures an orientation point and standard of excellence. The Supervisors and the Director of Training know what I demand of a staff auditor.

Thoroughness of training is achieved on a gradient scale. It might frighten a student to look across the training chart and realize what he must be able to perform, but it should not if he realizes that he is climbing a stairway of rather easy steps. The steps are, each one of them, easy and their gradient has been planned and experienced carefully. Therefore, no student should ever pass to the next step of these many steps before he is entirely certain that he has mastered the last step.

Training in Scientology contains no thought for explaining to some student how Scientology fits into some other frame of reference. By straightly teaching him Scientology he will come at last to see that it does not fit into any other frame of reference but other things fit into its frame of reference.

A great many things in Scientology have been said before. Indeed, everything in Scientology has been directly and actively postulated by the person being trained at some point in the past. (Postulate: (verb) To conclude, decide or resolve a problem or to set a pattern for the future or to nullify a pattern of the past.) It would be odd indeed if these points then did not echo in other teachings, elsewhere. It would be surprising if Tibetan Lamaism did not contain some of the data of Scientology. By working entirely with the data which is simplest and earliest one does the odd thing with Scientology of taking a new, freshly born science and undercutting any older philosophy.

It will be seen that the evaluation of the importance of a datum is often more important than the datum itself. The datum found in Scientology may also be found in other philosophic works. But hold on for a moment. Did the other philosophic work give an evaluation of the importance of the datum or did it give dozens of other data as having equal rank? This point is mentioned here because it is often overlooked by students. Scientology, for instance, has some abrupt, sharp things to say about Time. Indeed, time could be said to be the single source of human aberration.

Now it will be seen that in many philosophies Time is covered exhaustively. Time is given many definitions. Time is given chapters and volumes but nowhere in these chapters and volumes does the philosopher place his finger squarely upon the two or three important data which are most important about Time. He ranks these data with all of the other data and so loses them in an ocean of drops of water, all the drops looking the same as all the other drops. Thus, truth becomes submerged in an ocean of outflow. Scientology is more parsimonious. It is more incisive, it is more thoroughly evaluated. The two or three data in Scientology which concern Time *are* the data from which all other data about Time flow.

Thus, when a student is taught a datum from Scientology, he is taught it with the understanding that it will clarify many other later and more complicated data. Thus, he is taught the simple datum thoroughly. Thus, he is taught fundamentals far more thoroughly than he believes necessary. The work in the development of Scientology has been the culling of truth from an ocean of fact and finding that the truth has a tiny group of data possessed of the overwhelming power of changing all other facts in this universe and in livingness.

This is the power of Scientology: that it, by stressing single, simple truths, eliminates oceans of mere data. Thus, in training, we concentrate solidly and continually upon these small truths and we are impatient with excursions until we have established these fundamentals as fundamentals with our students.

1,000 CLEARS!

On the 31st March, 1968, LYLE SUDROW attested Clear and became Clear 1,000. A mere two years and two weeks since the announcement of John McMaster as the world's first Clear, 1,000 Scientologists have achieved the state of Clear.

The famous Clearing Course, now run at the Advanced Organization, is supervised by expert and highly trained Class VI and VII Auditors, who run the course with great precision and thoroughness.

Lyle Sudrow is a charming and successful New York film and TV actor, writer and director.

TRAINING SUCCESSES ON THE SAINT HILL SPECIAL BRIEFING COURSE

For students on the Saint Hill Special Briefing Course, the time spent on this remarkable training course is a time of great achievement and continuing wins.

Here are some comments of students recently graduating from the Saint Hill Special Briefing Course:

The Briefing Course is the most fantastically valuable thing that I have done. It is marvellous. It has given me more than I'd hoped for. I feel as if I am equipped for anything. It has given me tremendous understanding of people, and confidence in being able to handle them.

PHILLIDA RUNDBERG, Clear 506,
San Francisco, U.S.A.

Alex Sibirsky, Class VI, Clear 892, Section VI O.T., listens to a tape on the Class VII Internship at Saint Hill. Before coming to Saint Hill, Alex audited his mother, Natasha, to Grade IV Release, in Russian.

"The Saint Hill Special Briefing Course was the most rewarding experience I've ever had. The technology is fantastic and learning to apply it and seeing my preclears gaining all the way is great.

We are all winning.

NOLA CRUTCHFIELD, Clear 813,
Sydney, Australia.

I know of nothing that compares to what I have learned and achieved on the Saint Hill Special Briefing Course.

MICHAEL SEGERDAL, Clear 306,
Ardingly, Sussex, England.

I can audit a preclear knowing that a definite result will be achieved, and if there is any difficulty I know what to look for and what to do to put it right, so the result is then achieved.

The technology I have learned is also useful in my life outside the auditing room, in handling other people, my family, myself, and my environment. The result is that my self-confidence and enjoyment of life has increased. It was worth every minute.

LOUISE WILLIAMS,
Danbury, Connecticut, U.S.A.

The Saint Hill Special Briefing Course is a must. You have to have it. I have changed so much from the beginning to the end of the Briefing Course.

My biggest win was on Level III of the course. I found out I really was an auditor. I was using the tools of the trade.

ROGER TAYLOR, Clear 566,
San Francisco, U.S.A.

It was what I always wanted to do—to be the best auditor possible and to really be able to help people effectively.

My Saint Hill Special Briefing Course is a certainty that I have the knowledge and understanding and ability to handle any situation anywhere. If you really want to be at cause over life, there is nothing else for it—you'll just have to take the Saint Hill Special Briefing Course.

It's a great experience. DO IT!

BOB CAVE,
Melbourne, Australia.

I had so many gains. I feel so good. I feel loose! I really can audit and get beautiful results.

MADALENA MEACHAM, Clear 967,
Rio de Janeiro GB, Brazil.

I have gained on the Saint Hill Special Briefing Course, the certainty that Scientology Technology will apply to and straighten out any aberration Man has. I've learned the technology and I can handle aberration and I can help anyone that I audit.

TRIUMPHANT END TO JOHN'S TOUR

John McMaster, Clear No. 1, and Robin Roos, Clear No. 415, both members of the Sea Org, end their triumphant five-months tour of the world in London on the 13th and 15th June, 1968 and Saint Hill on the 19th and 22nd June, 1968.

During this historic tour, John has lectured in each of the 21 Scientology Orgs of the world and has inspired thousands of his fellow-Scientologists to advance further on the Road to Total Freedom.

In lecture after lecture, in radio interviews and in one television appearance after another, John has contacted enormous numbers of people. In Los Angeles, he lectured to 2,000 people, in San Francisco to 600 and in Austin to another 600. Eager crowds attended all of John's lectures.

John has spoken to the world and brought the message that Ron has completed the whole of the Bridge from Chaos to Total Freedom and has given to Mankind—Total Power.

The traditional home of Scientology—beautiful Saint Hill Manor, the only organization in the world where you can get Power Processing and the Saint Hill Special Briefing Course.

SAINT HILL'S ROLE IN THE WORLD OF SCIENTOLOGY

The world of Scientology stretches to all corners of this planet. Scientology Organizations have been set up in the U.S.A., Canada, Australia, New Zealand, South Africa and England. Very soon, there will be Organizations in Europe and other continents where Scientology is not fully available.

L. Ron Hubbard, in creating the Bridge from Chaos to Total Freedom, has set up Organizations which are empowered to deliver certain services. Area Organizations outside Saint Hill, according to the classification of the organization, may deliver training and processing service up to and including Grade IV and Class IV. At this point, a Scientologist's next step is to come to Saint Hill for the higher level Saint Hill training and processing services of Power Processing (Grade V and VA), the Saint Hill Special Briefing Course (Class VI and Grade VI), the Class VII Internship or the Solo Audit Course (Grade VI only).

From 1961 to 1965, Saint Hill was the final objective of all Scientologists. The Saint Hill Special Briefing Course, since 1961, has developed a mighty reputation for thorough training, producing expert auditors and fine, causative Scientologists, fully equipped to handle any condition in life.

Saint Hill Special Briefing Course Graduates are truly respected for the highly trained ethical Scientologists that they are.

Power Processing, added in 1965, provided a powerful adjunct to the Saint Hill Special Briefing Course, and was a major breakthrough in Scientology processing. Power Processing produces the important Grade V and VA Release points essential to bridge the gap between Grade IV and Grade VI, which had been established earlier. Out of Power Processing developed the Saint Hill Class VII Internship, to train Saint Hill Special Briefing Course graduates to administer the unique and powerful "Power Processes."

In 1965, the Clearing Course was introduced at Saint Hill. In 1967, the Clearing Course and all advanced courses left Saint Hill, to be administered by a new organization—the Advanced Organization.

Saint Hill fully concentrates on delivering its main services—Power Processing, the Saint Hill Special Briefing Course, the Class VII Internship, (for Class VI Auditors who sign a 2½ year contract with an organization), the Solo Audit Course, the Hubbard Dianetic Auditor's Course and the Minister's Course.

Saint Hill probably has the most beautiful setting of any Organization in the world. Located in beautiful Sussex in the sunny south of England, amidst green hills and small rural farms, the Saint Hill Organization, now called the Hubbard College of Scientology, grew from occupying Saint Hill Manor into six new buildings plus the Saint Hill Castle. Since 1964 Saint Hill staff has increased from 20 to 200!

Here at Saint Hill is the "Scientology University" that Ron spoke about and envisaged in 1950.

No other organization on this planet offers the same services as those available at Saint Hill *now*.

You will come to Saint Hill on your Road to Total Freedom for Power Processing and the Saint Hill Special Briefing Course. If you have not already planned your trip to Saint Hill, write to the Letter Registrar, Hubbard College of Scientology, Saint Hill Manor, East Grinstead, Sussex, England, and you will receive a beautiful registration packet which contains full details of all Saint Hill services and how to get here fast. Do not let any existing problem stop you on your Road to Total Freedom. Remember, communication solves all problems.

Write to the Letter Registrar at Saint Hill and let her know of your plans. She will help you achieve them.

YOU are immediately eligible to come to Saint Hill if you have attained the following:

- Class III or Clear or old HPA/HCA Certificate before the levels were established—enrol on the Saint Hill Special Briefing Course.
- Grade O to IV—enrol for Power Processing.

Come to Saint Hill now and make 1968 the most memorable and fantastic year yet!

POET'S CORNER

TRUST

A man we know with flaming hair,
standing tall, gives to all he knows.
Knowledge, power and something
else, that has yet remained unknown.
For man to know the power that
this man holds would take a long long time.

So I will tell of how he trusted me
this man with flaming hair.
He gave to me a task of work that
at once I cringed in fright.
The task was simply to write about
the way to truth and fame.

I did this with his written word
contained in paper plain that
gives to all who are a part of this
great and powerful game
the way to handle man.

He watched the work that I had done
and sometimes growled in rage
at the errors I had made.
But then, instead of banishing me
as other men would do,
He made me see that Truth was real
and anyone could help his fellow man.

So from his words I've grown to be a man
who with trust will always give
Power to this great man.
I extend my hand and clasp his hand
and simply say to him,
Thank you Ron
for what you've done and given me
as well as all mankind.

BLUES GUITARIST

Blues singer and guitarist, JOHN HAMMOND, from New York, is well-known for his nightclub, concert, television and radio performances in the United States and for the seven long-playing records he has released. John recently completed the Solo Audit Course at Saint Hill.

John, who is a painter and sculptor as well as a professional musician, learned of Scientology in April 1967, from New York Franchise Holder, Howard Rower. Following auditing to Grade IV Release, in New York, John experienced a tremendous increase in his ability to flow to, and with, his audiences. He has found it easy to communicate his excitement about Scientology to fellow performers such as Jimi Hendrix, Michael Bloomfield, Spider John Koerner and John Sebastion.

John's wife, Dana, is also a talented sculptor, painter and musician. After a Scientology wedding in October 1967, John and his wife took the Dianetic Auditor Course in New York prior to coming to Saint Hill in March this year.

John is now heading straight for Clear and beyond.

EXPANDING CAREER

In 1959, Swedish-born EBBA SUDROW, Grade VI Release, was in New York receiving a very poor income from occasional modelling assignments. A friend brought her to an Introductory Lecture and Ebba saw that Scientology had the answers to questions she had been asking for years. She had auditing and immediately began to manage her life better.

As a result of her auditing, Ebba was soon able to earn $100 a day as a model. Her level of activity increased greatly. She entered show business as a dancer and toured the United States. After further auditing, she expanded her career, appearing in television and films, as well as performing in Italy, in a musical show.

Following auditing in July 1967, Ebba added another accomplishment to her list by becoming a successful photographic fashion model. At the same time she returned to studying ballet and discovered that her former difficulties with technique had vanished.

Ebba recently completed the Solo Audit Course at Saint Hill and is now on the Clearing Course. When she is Clear, Ebba intends to travel widely to disseminate Scientology in the many languages she speaks—French, Italian, English, Spanish, Swedish and German! Ebba is the wife of Clear 1000, Lyle Sudrow.

WINNING GOLFER

ROGER HORTON, Clear 421, is busy doing Academy training to Level IV in the New York Org and will come to Saint Hill to take the Saint Hill Special Briefing Course after completing his Academy training in New York. Before making Scientology his career, Roger made wonderful gains as a professional golfer as a result of Scientology.

In 1955, he was an insurance salesman, but after a conversation with a Scientologist, who helped him to clarify his purposes in life, Roger entered the field of golf. He quickly became head professional at a Country Club in a third of the time considered necessary to reach such a position. Within three years, he had tripled his income.

Following auditing in 1963, Roger was delighted to find that he could play a round of golf with full concentration and with his abilities completely under his command. As a touring club professional he went on to win many thousands of dollars in major U.S. golf tournaments.

In 1964, after Level I Academy training in the New York Org, Roger's ability as a golf teacher increased tremendously. By applying his knowledge of Scientology training methods and L. Ron Hubbard's study data he became a highly successful and sought-after teacher.

Having become a professional golfer and succeeded better and better as a golfer as a result of Scientology, Roger has now become a full-time Scientologist, training to be able to deliver the benefits of Scientology training and processing to others.

UND THE WORLD

BIG WINS FOR ORCHESTRAL ARRANGER

BOBBY RICHARDS, Class III Auditor, Grade IV Release, is a well-known and highly successful composer and orchestral arranger for films, television and recordings. Among his many activities, he orchestrates the music for the extremely popular James Bond films, such as "Goldfinger". Bobby reports that his career has done nothing but climb since he first read "Dianetics: The Modern Science of Mental Health" by L. Ron Hubbard.

During World War II, Bobby introduced American style drumming to British bands and played with such famous bandleaders as Geraldo, Oscar Rabin, Harry Roy and Ambrose. He then had an illness and began to lose in life. Eventually, he gave up his musical career and became a civil servant in the Post Office! Fortunately, he met the very active Dianeticist, George Wichelow, and read his copy of "Dianetics: The Modern Science of Mental Health" throughout the night. This book restored his hope in life and he immediately resumed the musical career which he has expanded ever since.

Auditing in the London Organization in January 1968, brought Bobby immediate and dramatic results. The day after his auditing was completed, a friend telephoned him for the first time in 15 years and commissioned him to write music for a television play. A few days later, he was asked to do the orchestration for a major film for an unexpectedly high fee. Shortly after, he was commissioned to orchestrate the music for another film. Then it was arranged for Bobby to go to Norway to record an orchestral long-playing record and then to go on to Munich to compose more music!

Bobby intends to have more training and processing to become a still more able Scientologist. He says, "I always get much more out of Scientology than I expect. I disseminate Scientology all the time in the music and entertainment world. The training and auditing at the London Organization has been so good!"

SCIENTOLOGY BOOMS BUSINESS

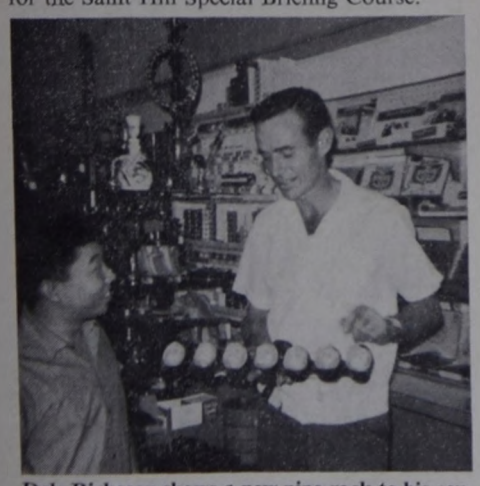

Hawaii's largest retailer of pipes and tobaccos, and employer of seven full-time staff members in a booming $200,000 a year business is DALE RICHESON, Clear 316, Class II Auditor. Dale started the business in 1963 by buying a bankrupt stock of tobacco and then applied Scientology principles to expand the business to its present dynamic success.

During the formative stages of building the business Dale used Scientology data to quickly handle emergencies. L. Ron Hubbard's ideal pattern for any organization, the Organization Board, is the pattern employed with such excellent results by Dale.

As the business continued to expand to include an additional, much larger shop, Dale maintained his success by applying Scientology to handle difficult customers and confusion amongst his suppliers. He states that Scientology is a way of living that applies throughout business.

Dale entered Scientology in 1954 when he read a book he found in an Army library in Korea. The book was "Dianetics: The Modern Science of Mental Health" by L. Ron Hubbard.

Dale intends to finish his Academy training at the Hawaii Org and then come to Saint Hill for the Saint Hill Special Briefing Course.

CONTINUOUS EXPANSION

JOE VAN DER SANDEN, Grade IV Release, Class III Auditor, from Durban, South Africa, increased his ability so powerfully since entering Scientology that within two years of joining a textile firm, he became a partner in the firm and has pushed it into a state of continuous expansion.

When he joined the firm of textile weavers, knitters and spinners in June 1966, there were five machines. Now there are 24, operating 24 hours a day! The firm has a very high reputation for quality and a new factory will be built within a year to cope with the strongly expanding production. Joe designs and makes original textiles in lovely colours. As a hobby he makes further improvements to the factory's machines.

Joe entered Scientology in 1962 in Johannesburg. He did his auditor training in the Johannesburg Org and later moved to Durban where he was audited to Grade IV Release.

By applying Scientology in his daily work, especially with his employees, Joe has quickly built up a booming business. He intends to make the business bigger yet.

Joe's future plans include Clearing for himself and his daughter too.

SINGER COMMUNICATES

In 1966, JO DEE KELLER was a nightclub singer in Las Vegas, U.S.A. Now she is a Grade VA Release and is following the professional route to Clear at Saint Hill.

Jo Dee, known professionally as Jo Dee Kinnard, was a moderately successful singer in early 1966 but realized that she had difficulties in communicating to her audiences. A friend suggested that she hear some introductory lectures about Scientology. Jo Dee did so and immediately recognized the value and importance of Scientology and had auditing to Grade IV Release. As a result of her auditing, Jo Dee's singing career abruptly improved. She moved swiftly to better engagements at very much higher salaries and had a particularly pleasing win. She found that audiences really listened to her! After a Scientology wedding in Las Vegas to MARK KELLER, Grade VA Release, who introduced her to Scientology, Jo Dee came to Saint Hill. She is now moving up through the levels of Academy training in the Scientology Foundation.

Jo Dee's next step is the Saint Hill Special Briefing Course.

FIRST PRIZE WINNER

"His Nibs of Pembrokeshire", a Corgi dog owned by Durban Scientologist, FRANCE VAN DER GRIJP, Grade IV Release, Class IV Auditor, won almost every Challenge Class and First Prize at the 1967 Pietermaritzburg Championship following France's application of Scientology to dog training.

France, an experienced Scientologist who entered Scientology in November 1963, had never trained a dog before but, having acquired "His Nibs" from another Scientologist, he applied his knowledge of communication and achieved a high level of co-operation from his Corgi.

IMMEDIATE SUCCESS

Since achieving the state of Clear, KEN RAINS, Clear 120, Class VI Auditor, has been able to express his creativity freely, particularly in his favourite medium of metal sculpture. Ken had always been very interested in art but had never engaged in it. Now he has his work on display and being sold at leading art galleries and large stores in Honolulu.

Ken entered Scientology in 1963 and received his early training in the Hawaii Org before coming to Saint Hill for the Saint Hill Special Briefing Course and the Clearing Course. He is now a highly trained Staff Member of the Hawaii Org.

"DIANETICS: THE MODERN SCIENCE OF MENTAL HEALTH"

BY L. RON HUBBARD

"Dianetics: The Modern Science of Mental Health" is the astonishing and original book about the human mind written in 1950 by L. Ron Hubbard. "Dianetics: The Modern Science of Mental Health" suddenly made available to millions of readers the unprecedented data and technology of Dianetics, Man's most advanced school of the mind, and forerunner of Scientology, the study of Man as a spirit. This extraordinary book jumped to the top of the New York Times Best Seller List as soon as it was released, and stayed there for months. It is still a best seller.

"Dianetics: The Modern Science of Mental Health" by L. Ron Hubbard is a practical book, written vigorously and clearly, for use. It describes the exact component parts of the human mind and puts facts in the place of centuries of confusion and mystery.

"Dianetics: The Modern Science of Mental Health" is the best book about the mind ever written. It explains the strange things people do and brings understanding of yourself and others.

THE ROAD TO TRUTH

SCIENTOLOGY-08

FOCUS ON SUCCESS

Saint Hill Grade V, VA and VI Releases report these successes from their auditing:

"I feel great! I have got reality on that I am a Thetan. This lifetime seems very short but I have a full reality on it. I know why I have done things—a full knowingness. I thought it was marvellous that such simple processes could be effective."

PER GARDSTROM, Sweden.
GRADE VA RELEASE.

"It was big fun. It felt calm, and my body feels different, and all doubts are gone, and life is a beautiful game."

GISELA VON PFEIL, South Africa.
GRADE VI RELEASE.

"Tremendous validation of myself as a Being. I know I can be more cause in any given situation. I don't feel stuck in any line of action or any set identity.

"In 1963, I found Scientology. At that time, I didn't know anything existed. So I read Dianetics and immediately I saw a ray of hope, a possibility of personal betterment, and a way to make people more able."

LU SCHAFFER, U.S.A.
GRADE V AND VA RELEASE.

"Power Release has meant that I can assign cause where it belongs, with me. If I feel something should be changed I change it and also have the energy to do so. These were the greatest gains so far in Scientology."

HELEN A. SCHAFFER, U.S.A.
GRADE V AND VA RELEASE.

"At the completion of my Power and Power-Plus Processing, 2 days ago, I recalled what I had heard about Power—it was utter simplicity.

"Ron has made a fantastic achievement and breakthrough into the simplicities, rather than the complexities of the Human Mind.

"It's great. Things are as they have been when times are good. Smoothness exists in maintaining that goodness."

MARILYN BISHOP, U.S.A.
GRADE V AND VA RELEASE.
