THE AUDITOR

WORLD 40 WIDE

THE MONTHLY JOURNAL OF SCIENTOLOGY

THE PROFESSIONAL SCIENTOLOGIST

BY L. RON HUBBARD

People have a feeling, to some degree, that a Scientologist must be an auditor who audits indviduals in private sessions, but that's the most limited thing I ever ran into. A professional Scientologist is one who uses Scientology to further the business of livingness for himself and his fellows.

People think of professional practitioners as doctors, who, aloof from all other concerns, practice on the sick. This is a very novel idea. It was dreamed up, probably, by the first lazy witch-doctor, and used forever thereafter by most specialists in human livingness. I want to banish that idea from amongst us all.

If we are doctors (by which might be meant "repairers") then we are doctors on the Third and Fourth Dynamics and we handle the First and Second Dynamics only to achieve better function on the Third and Fourth. (Dynamic: the urge, thrust and purpose of life—SURVIVE!—in its eight manifestations. First Dynamic: the urge toward survival of self. Second Dynamic: the urge towards survival through sex, or children. Third Dynamic: the urge towards survival through a group of individuals or as a group. Fourth Dynamic: The urge toward survival through all mankind and as all mankind. Fifth Dynamic: the urge toward survival through and as other life forms. Sixth Dynamic: the urge toward survival as the physical universe. Seventh Dynamic: the urge toward survival through spirits or as a spirit. Eighth Dynamic: the urge toward survival through a Supreme Being or Infinity.)

The Third and Fourth Dynamics subdivide. Any Third breaks down into many activities and professions, a neighbourhood, a business concern, a military group, a city government, etc., etc., etc. The Fourth Dynamic breaks down, just now, mainly to races and nations.

Now, suppose a Scientologist were to consider himself a professional only for the purposes of repairing, or even starting again, these Third and Fourth Dynamic zones.

How could you do anything with people at large if you did not have the ability to handle them as individuals? If you couldn't audit people, and if you couldn't control people, you wouldn't get any place on the Third Dynamic. It takes this intimate, face-to-face approach to the individual to bring a Scientologist up into a capability of handling a Third Dynamic situation. It is being able to handle one that makes him able to handle many and nobody could be a professional Scientologist, on any level, unless he could handle another being. It takes an auditor to do anything effective.

Work it out that you are the immediate cause of order and discipline in your area. You can do this if you are trained to handle and control people easily and well.

Go to work on the environment, as a professional Scientologist, and make it function better. Don't ask for permission. Just enter a group and start functioning to make the group win through effectiveness and sanity. You could not put a person who was trained and learned in the subject of the human mind and spirit, understanding of people and in the control of human beings into any area without that area being aligned by him.

We live in a world that is desperately in need of some good order. It isn't aberration on our part that we say some things ought to be changed. Actually, I rarely tell you things should be changed. I simply tell you that a world has to be created. I don't even assume that one exists. I figure that this one's on its way out and that somebody had better put one in its place. I figure that we could do that fairly well. Just how we go about doing that is up to you and up to me.

I feel that professional Scientologists should take advantage of their increased personal ability. I see, clearly, that we have to win on the Third and Fourth Dynamics if we are to attain our goals for a better world.

L. Ron Hubbard's Personal Representatives on Special Tours

Scientology Orgs throughout the world are the focal points for exciting lecture tours by L. Ron Hubbard's personal representatives. Ron's representatives are very well-trained Scientologists who have attained high states of Existence in Scientology. They are bringing Ron's message directly to Scientologists and newcomers to Scientology in every area they visit.

Some tours cover certain areas of the world while others extend to every Scientology Organization in the world. In each case, public lectures attended by large, eager audiences are arranged by the Orgs of the area. Newcomers to Scientology discover the fantastic future ahead of them in Scientology and old-timers realize that the way is truly wide open to the highest states of Existence. Ron's representatives speak with inspiring certainty when they tell their audiences that "the answers have been found!".

You can always write to Ron about your case or problems

"All mail addressed to me shall be received by me.

"A message box shall be placed in all Scientology Organizations so that any messages for me may be received by me.

"All HCO Personnel and Scientology Personnel should not discourage communication to me.

"I am always willing to help.

"By my own creed, a being is only as valuable as he can serve others."

The Importance of Academy Training

The Class O to Class IV Auditors of the world are trained in the Academies of the local Scientology Organizations spread around the planet. The importance of Academy training is immense. Every individual on Earth, who has not yet been audited up the invaluable Grades of Release, will need an Academy-trained auditor to process him or her. There is no other way for Man to be free. Every individual needs auditing to move from normal human being to the higher states of being attainable through the application of Scientology technology.

(Auditor: a person trained and qualified in applying Scientology processing to others for their betterment. Auditing, or processing: the application of Scientology processes and procedures to someone by a trained auditor).

Those who take Academy training have recognized the need for training in order to change conditions in their own lives and to create a better society on Earth. Academy students are people willing to take responsibility for applying the only completely workable technology of the mind and spirit that has ever existed on this planet.

L. Ron Hubbard has discovered and brilliantly organized the whole of Scientology. He has worked unsparingly for 35 years to bring sanity to the planet and higher states of being for each person on it. He is helped by Academy-trained auditors, all over the world, who are daily applying standard technology to achieve excellent results on their preclears. (Preclear: a person who, through Scientology processing, is finding out more about himself and life).

Each of the 22 local Organizations around the world has an Academy of Scientology. A student commences his Scientology training in the Academy of his nearest local Organization by doing the Hubbard Dianetic Auditor's Course. This Course gives the student a firm understanding of the anatomy of the human mind and how to handle it in actual auditing sessions.

Next, the student starts the Academy Courses which cover the levels of Scientology training up to Level IV. The first level is Level O and the student completes the Level O Certification Course dealing with all aspects of Communication. When he completes this course he is awarded the Hubbard Recognized Scientologist Certificate, which qualifies him to enrol on the Class O Course. On this Course, the student learns to confidently apply the data he has learned. He audits a preclear to Grade O (Communications) Release and completes all the requirements for the Level. He is then fully classified as a Class O Auditor.

This pattern applies to each level. A Theory Course with a certificate for that level is followed by a Practical Course with the appropriate Classification. Each course is planned to bring the student, smoothly, to a greater and greater command of auditing technology. Students move up through the training levels, in their local Organization to attain, first, the Hubbard Recognized Scientologist Certificate Class O, then the Hubbard Trained Scientologist Certificate Class I, the Hubbard Certified Scientologist Certificate Class II, the Hubbard Professional Auditor Certificate Class III, and the Hubbard Advanced Auditor Certificate Class IV. The Academies of all local Organizations train and classify students up to Class O, I, II, III, and IV, depending on the level to which they are authorized to train.

Academy training to Class III gives the student the firm foundation required to start the famous Saint Hill Special Briefing Course, which trains the Class VI Auditors of the world. After the Saint Hill Special Briefing Course, there is the Saint Hill Class VII Internship which produces the very highly-trained Class VII Auditors who deliver Power Processing at Saint Hill. Soon to be announced is the special course, being planned by L. Ron Hubbard to train Class VIII Auditors!

The student who sets out to train as a Scientology Auditor has wonderful vistas of expansion before him. Every step of the way, he gains in confidence, command over himself and the environment, and the ability to help L. Ron Hubbard to fulfill the aims of Scientology for this planet.

Academy training is the gateway to a tremendous adventure of personal expansion and growing power to help others to attain freedom by the flawless application of Scientology technology.

AMERICAN SAINT HILL SPECIAL BRIEFING COURSE ESTABLISHED IN LOS ANGELES

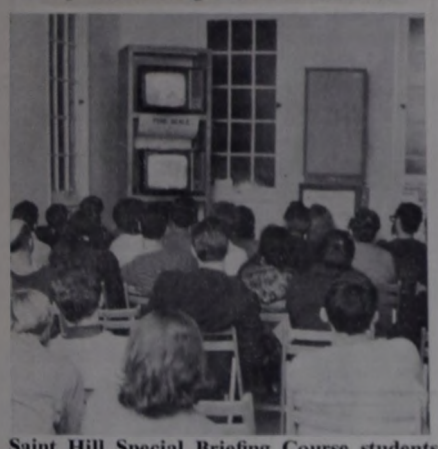

The latest magnificent step in the tremendous world-wide expansion of Scientology is the establishment of the second Saint Hill Special Briefing Course in Los Angeles, California, U.S.A. The superb Saint Hill Special Briefing Course, made famous by seven years of matchless, high-level auditor training at Saint Hill, is now immediately available on the American continent, as well as at Saint Hill. The Second Briefing Course, now in operation, is supervised by Scientologists from Saint Hill and Sea Org members.

Scientologists from the British Isles, Europe, South Africa and the British Commonwealth countries are continuing to pour into Saint Hill for their Saint Hill Special Briefing Course training.

The Saint Hill Special Briefing Course, at Saint Hill, has had 614 student completions since its inception in April 1961. Saint Hill Special Briefing Course graduates are held in special regard by fellow-auditors in the world today as they continue to hold high the standard of exact application demanded on this course.

The design of the new Class VI Auditor Pin. This emblem, soon available, will be worn with pride and distinction by Saint Hill Special Briefing Course Graduates.

Saint Hill Special Briefing Course students watch a closed-circut televised demonstration of a practical training drill.

As the demand for training continues to increase, more and more students are attending the Saint Hill Special Briefing Course. At present, at Saint Hill alone, there are 137 students on course, 45 of whom are Clear! This excellent enrolment indicates that more and more auditors want higher training and that the Saint Hill Special Briefing Course is delivering it.

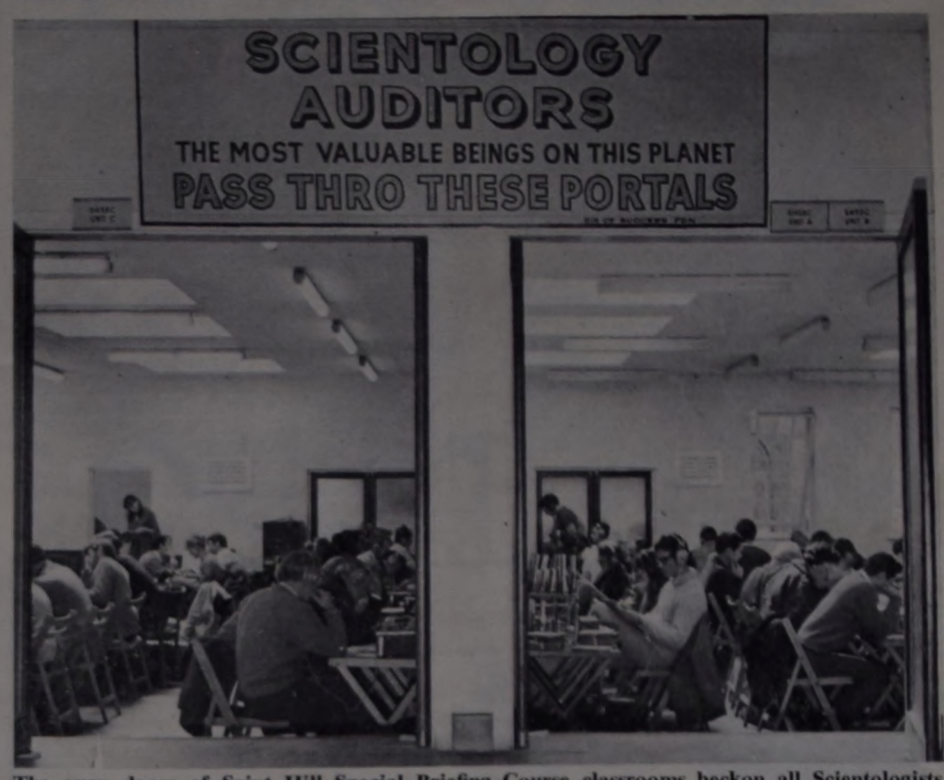

Because of the continual increase in attendance, the Briefing Course has moved from its original headquarters in the basement of Saint Hill Manor to larger and larger quarters till it now occupies three large, airy classrooms in the Saint Hill Castle. All necessary equipment has been provided for Briefing Course students. A complete tape library is available for each level, as well as 30 tape recorders and earphone sets. There is also closed circuit television equipment for demonstrations of practical drills. The Saint Hill book store supplies all student needs, including books, meters, tapes, technical bulletins, records—even ball-point pens! Students who are eager to gain further practical experience, while at Saint Hill, audit during the evening in the Hubbard Guidance Centre of the Saint Hill Foundation.

Excellent training facilities are now available for Briefing Course students in Los Angeles.

Excellent instruction and thoroughness of theory and practical training on all levels develop a certainty and confidence in the Briefing Course student which they clearly express in comments such as these:

I feel I've been given something priceless. I am deeply indebted to L. Ron Hubbard, and to all the great supervisors and auditors here who helped me on the way.

DEREK FIELD,
Class VI Auditor,
Melbourne, Australia.

The open doors of Saint Hill Special Briefing Course classrooms beckon all Scientologists toward vital Scientology training. The training route to Total Freedom is wide open.

This is the most fantastic Course on the Planet. I've learned and become far more able than I ever dreamed I could be. I'm at cause over myself and my environment. Ron says the sign of an able being is that "He makes things go right". How right he is, and this course has taught me how. I just can't list all my new abilities. I haven't the space. But for those who want to do, this is the Course. I leave the Course calmer, more effective and an asset to all I choose to help.

D. PAUL KLEIN,
Class VI, now Clear 1023,
Minneapolis, U.S.A.

Its fantastic! I'm having so many gains now, applying it to life. Now I realize that without this training I was uncertain. The course is giving me that certainty.

JUDY SHAFRAN,
Level I student, New York.

The importance of the Saint Hill Special Briefing Course cannot be overestimated. The legend, "THE MOST VALUABLE BEINGS ON THIS PLANET PASS THROUGH THESE PORTALS", is a statement of fact, as it is these beings, applying the technology of Scientology, who are bringing order out of chaos and sanity to an insane world.
