ETHICS AND TECH

BY L. RON HUBBARD

When technology goes out or is out, Ethics goes in.

If Scientology standard Tech is in, Ethics stays in and is needless.

If Scientology Standard Tech is out and efforts to get it in by training and persuasion have failed, then Ethics *must* be resorted to in order to remedy the matter.

The real cycle is

1. Tech Out or Unknown.
2. Ethics has to go in.
3. Tech gotten in, Ethics becomes light.
4. With Ethics and Tech in, Admin can become normal and dissemination can occur.
5. Tech slips out by inattention or poor training.
6. Ethics must go in.
7. Tech goes in.
8. Ethics becomes light.
9. Admin and dissemination occur.

This cycle can go over and over. But if it is given attention and the next needful step taken, then Tech goes in better and better, Ethics of necessity gets lighter and lighter on the whole picture.

In this way the sphere of Scientology increases.

We only fail in those areas where we do not enforce Standard Tech.

A good auditor auditing in an area of bad auditing only gets in trouble where he fails to force Standard Tech to go in on other auditors as well.

This is the way we are winning.

Our objective is to run the 4th Dynamic Engram of the planet.

We are actually doing it. Right now.

Scientology is the ONLY game where everyone wins.

Five Class VIII Auditors return in triumph to Saint Hill! They are carried shoulder high in a joyful welcome by staff members and students of the Saint Hill Special Briefing Course. Left to right; David Gellie, Ann Quinnell, Mike Segerdal, Jim Keely and Lorita Hill.

WHAT IS DIFFERENT ABOUT STANDARD TECH?

Isn't it the same Tech? Isn't it the same Scientology? Same Drills, same Processes?

Yes. It is. It's the same Scientology, the same axioms, the same grades and OT Sections.

But the APPLICATION is STREAMLINED.

Instead of 15 possible actions to correct something on a Case, Ron worked it down to one action that fitted the lot.

Like tuning up a motor. Somebody that knows very little about motors has a hard time getting it to run. And when it does run it doesn't get the full performance.

Then a new handbook comes out on how to tune it and run it done by an expert. It's the same motor, same tools. But wow look at it go NOW!

For 18 years all auditors have realized that Ron could crack cases with an expertness they couldn't touch and get case gains on cases that were solid rock to others.

Well, what Ron did was codify, stabilize and bring up to date the technical application procedures and data of Scientology.

Over the years "opinion" had entered. Additives had grown up.

Ron stripped it all back down to the original motor and showed people how.

And BANG! That's a Class VIII.

Lower level Auditors get their basics, then somebody invalidates them, they wobble, they vary off from what they had *learned* in the first place. Then here and there they start missing on a repair and the results aren't so high.

When you tell them that was the right data in the first place and what to do with it, they suddenly become alive again and get effective.

Somebody "edits" a bulletin. Somebody writes a dictionary that defines recall wrongly as "re-experiencing" when it really means only remembering, and the data itself wobbles.

It was a fantastic achievement to codify and simplify the data and train up 35 Class VIII auditors on it.

The same Scientology. But the results?——For one thing the results soar to 100% of all cases. No misses at all. For another thing the *speed* of gain is increased.

One still goes up through the sub-zeros, the grades, Power and OT Sections.

One still learns his Training Drills in the Academy and his axioms.

But the way a case is sized up and the way the auditor handles it has simplified, gotten more positive and fast.

A Class VIII is superior in the way the case supervisor directs repairs and the way the auditor audits.

And *that's* Standard Tech. No variables, no misses, do what Ron says and high speed.

It's something to experience——and actually it's easier to experience than to talk about it.

From some of the data won in OT VII and VIII, Ron streamlined the whole subject.

So stand by for the Count Down. We're on our way. Five Four Three . . .

DEFINITIONS

Webster's *Third New International Dictionary*

STANDARD—A flag or banner. a. Something that is established by authority, custom or general consent as a model or example to be followed. b. A definite level or degree of quality that is proper and adequate for a specific purpose.

TECHNOLOGY 2a. The science of the application of knowledge to practical purposes.

STANDARD TECH means therefore the exact processes and auditing actions laid down and used for the invariable resolution of cases, taught and used without variation by all Scientology auditors.
The top auditor in this is a Class VIII. He is trained to a hair's breadth to exact planning and administering of auditing without variation from the optimum resolution of the case.

L. Ron Hubbard

Ron shows the Class VIIIs the edition of Auditor 41 making the Class VIIIs world famous.

THE CLASS VIIIs WHO WERE TRAINED BY THE SEA ORG HAVE ALL RETURNED HOME VICTORIOUS.

CLASS VIIIs RETURN

In three whirlwind weeks of training the top auditor in every Org in the world was trained into the precision and exactness of Standard Tech.

By course end they were capable of producing more results in one hour than had been possible in ten years.

They came, were trained and sent home exactly on schedule.

It was the toughest most relentless training course ever given in Scientology. They ALL made it. And made it on schedule.

This same course will now be taught in Advanced Orgs in America and England, beginning Nov. 18th, 1968.

Some of their success stories follow:

THEY BECAME THE FIRST CLASS VIII PROVISIONAL AUDITORS IN THE WORLD.

CLASS VIIIs' SUCCESSES

"The major gains that I received on doing the Class VIII course is HOW to handle every type of case hang up. There is no such thing as a 'difficult case'!! All that one needs to do is find out what was not done with Standard Tech if a case becomes difficult. I also now know the order of importances to get a person all the way from Never-had-auditing to OT VIII. Applying Standard Tech to anyone produces a 100% result. Any person who is stalled cannot get his next step has had NON STANDARD TECH. Life goes right *for someone who has had Standard Tech run on him."*

ALAN WALTER

"As a Class VII auditor who thought I knew my tech and had passed on to other posts and activities, I found myself at the bottom of the ladder again, and seeing Standard Tech as it was when it was first conceived—before it was altered. The Class VIII course is a trust—a must—for all Class VI and VII auditors. Standard Tech in all its simplicity is really here for me, for the first time—Class VI and Class VII is not the end of the road. There is Class VIII!!"

KATH GRAHAM

"After over two weeks on the Class VIII Course I finally gave my first STANDARD TECH Session, and WOW!! The pc figuratively and almost literally floated out of the room after a 16 minute Session!!"

PEM WALL

"Standard Tech is simple, and when applied exactly by the book works 100%, and I have complete certainty on this. It's really great!"

MIKE SEGERDAL

"For the first time as an auditor I have seen 100% Standard Tech in use and seen 100% case gain on all people audited. The tech is not new but the auditors here have been made into 100% standard auditors. I have had many many wins on this Class VIII Course. The major one was having ethics put in so now the wonderful technology of Ron's and each one of ours could now go in."

ALBERT MEGRAW

"The Class VIII Course taught me in 10 days more than 10 years of Scientology previous to it did. This is the first time ever that EXACT DUPLICATION of what Ron has been telling us for so long is starting to occur. My own win is that I have and am becoming more and more aware of my greatest enemy, the curse of invalidation. Validation is truth, is life."

OTTO ROOS

"The Class VIII Course has been, before now, an unnamed dream of mine. It is now happening and I am doing exactly what I have wanted to do for such a long, long time. The preciseness and simplicity of Standard Tech, and the results I see both on the course, and in pre-OTs and pre-clears who are being audited by Level VIII auditors is self-explanatory just by what I see in their many variations of good indicators. I am now very proud to announce that Standard Technology is mine . . . but only because I am able to make it so . . . on the Class VIII Course. Thank you, Sir, for the honour you have seen in me. I will use well what you have given me."

MEREDITH THOMAS

"As a student auditor my biggest win was in realizing how really simple Standard Tech is but that it must be followed to the letter. I, as an auditor in the past, have made it complex and in so doing deviated from Standard Tech and have not gotten the full benefit possible from preclears."

BOB BOBO

"Ron has been telling us for years to 'Do the usual' 'Don't use unusual solutions' 'Get your basics in' and many more words of wisdom. I didn't know how far out Tech could be until I came on the Class VIII Course. The bulletins I have 'studied' before have taken on new meaning. You auditors, if you think your Tech is in, just imagine Ron going over your session folders. If your Good Indicators are in on that, fine. If not, get it in. *All auditors should have this course."*

SECURITY CHECKS ABOLISHED

BY L. RON HUBBARD

The practice of security checking from security check lists like the "Joburg" has been abolished.

There are several reasons for this:

(1) We have no interest in the secrets and crimes of people and no use for them.

(2) Security checking is often done without regard to the point where the person feels better and so became overrun.

(3) Security checking is often done in disregard of the state of a person's case.

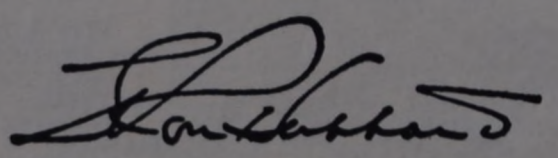

(4) Low level cases do not react on actual crimes and so the "security" furnished is often a false security.

(5) There is public criticism of security checking as a practice.

(6) The existence of lists of crimes in folders often makes it necessary to destroy the folders which may contain other technical data which is constructive and valuable.

(7) If a person IS a criminal or has overt acts which affect his case, and speaks of them to an auditor of his own volition, the auditor is bound by the Auditor's Code not to publish, use or reveal them.

Nothing in this policy letter alters standard grade processing or rudiments.

THE MIRACLE OF STANDARD TECH

The development and codification of Standard Tech is a story almost as sensational as Book One (Dianetics: The Modern Science of Mental Health).

Scientology, which is accustomed to attaining new highs, attained its highest high to date in the release of Standard Tech.

Ron has been working on it for three years.

It was suddenly finished, tested and ready to release in September, 1968.

Ron promptly had the 35 first rank auditors in Orgs brought to the Sea Org.

Already trained many times, already Class VI and Class VII, these auditors little knew what lay before them.

They were trained with a velocity and degree of exactness that only the Sea Org could manage.

At the end of three weeks they were fully capable Class VIIIs and as a bonus were mostly OT for a fact, having achieved case gains on each other which they had never dreamed possible.

They were sent home on schedule to their orgs over the world, there to take post as Case Supervisors and to demand technical perfection a hundred times that ever before attempted.

The Class VIII Course, with 19 one and one half hour high fidelity lectures by Ron, was then packed up by Course Supervisors especially trained for it and exported to the Advanced Orgs to be taught to Class VI and Class VII auditors who qualify to become Class VIIIs.

The development of Standard Tech and the feat of communicating it and training Class VIII auditors and Class VIII Course Supervisors is an all time record of technical advance and speed and scheduling.

The Class VIIIs have gone home to attain in their Orgs all the latent case gain in the field and to set right every case in the world.

All done for you and for mankind.

CLASS VIII AUDITOR'S COURSE NOW AT AOs

YOU WILL PRODUCE 100% STANDARD TECH

SEA ORG OFFICERS SPECIALLY TRAINED BY RON AS SUPERVISOR CLASS VIIIs ARE TEACHING THE ADVANCED ORG CLASS VIII COURSE

THE CLASS VIII AUDITOR'S COURSE BEGINS NOVEMBER 18, 1968, AT THE AOs

A Class VIII Auditor is a specially trained case supervisor who can audit and supervise all levels and sections from ARC Straightwire through OT VIII with flawless precision. The Class VIII Auditor's Course, designed to put 100 per cent Standard Tech in around the world, is being conducted now at the Advanced Orgs of Scotland and Los Angeles.

This course is taught by specially trained Sea Org Officers who will be supervising the Class VIII Course at the AOs. This is a tough hammer and pound course—a challenge and an achievement.

No Class VIII Auditor is awarded full Class VIII until the case folders under his supervision have been inspected and passed by Sea Org Officers.

The Class VIII Course is tough and intense, just three to five weeks of rigorous training. It produces a Class VIII Auditor who is capable of producing 100 per cent Standard Tech.

This means total wins on every case.

Qualifications required for the Class VIII Course are Class VI or Class VII Auditor, OT III, minimum. The cost is $1500, made payable to OTS.
