SCIENTOLOGY

THE SENIOR SCIENCE ▪ by L.Ron Hubbard

Cases tend to follow the course of development of Dianetics and Scientology.

When a case is completed on Dianetics it is ready for Scientology grades and Clearing.

Dianetics brings health. It puts the body right so that it does not get in the way of freedom.

Scientology brings ability, spiritual freedom and immortality.

Scientology is the Senior Science in that it solves any and all troubles that may have occurred in Dianetics and solves as well any that may have occurred in Scientology.

Mankind, at this, time, is so battered about and preached to about being an animal and is so relatively inactive in this push button civilization that he has a long way to rise to get his foot on the first rung of the ladder.

He thinks of himself as a body. Dianetics takes care of the unsavory aches, pains and, with medical help, ills of the body so that he can get his mind off it.

With Dianetics completed, he is now ready for his Scientology grades. Not having neglected the first steps of Dianetics he will make his grades and Clear easily.

Dianetics is a science of the mind (dia–through, noos–mind) developed before 1950 and considerably refined since. It takes care of the aches and pains and psychosomatic ills of the body. It was and is the answer to psychosomatic medicine and in the hands of ministers is used as pastoral counseling.

Scientology is the science of knowledge (Scio–knowing in the fullest sense of the word, logos–study). Its period of development was from 1951 onward. Its target is spiritual freedom and ability.

Although *Clearing* was first encountered in Dianetics, as a beingness far beyond anything man had envisioned, uniform and invariable Clearing was found to be accomplishable only in Scientology.

Today there are a great many Scientology Clears.

There are levels above Clear which we call the levels of Operating Thetans–or a being able to act as a free being.

Dianetics training and auditing is again available today in all official organizations, franchise centers and other activities. The only valid Dianetic instructor must have his certificate as a Hubbard Dianetic Graduate. An HDG has been trained not only to audit but especially to teach Dianetics. A Hubbard Dianetic Counsellor is one who has been trained to audit, to apply *Standard* Dianetics successfully.

Scientology training and processing is available in all official organizations and processing is also available in franchise centers and in the field. A Scientology Auditor has his *Class* which permits auditing up to certain levels. Academies teach up to Class IV. Saint Hill Organizations teach up to Class VI and audit up to Power. Advanced Organizations handle Clearing and OT levels.

This is a sort of road, a way up and out. There are no short cuts on it. All gains and advances made in all these years of research and on hundreds of thousands of people have shown that the road is bettered only by staying more closely on it.

The fact that case gain is proportional to the amount of "charge" off a case, to the degree it is relieved of its burden, makes the road the road. You can't enter the Empire State Building at the 35th floor if you are human. In the same way it is not profitable to try to skip grades. Most of our trouble comes from those who have tried.

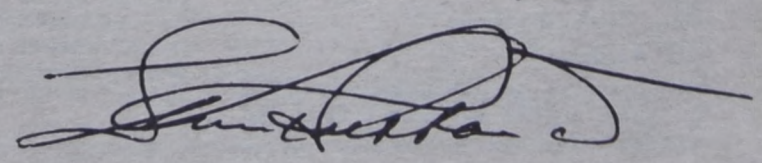

Scientology is the Senior Science. When the Dianetics level has been completed, it is time to move up through the Scientology grades up to Power, to Clear and to OT.

This is a very effective road; we work hard to keep Tech "in" and precisely done and to keep the road a safe road for any to travel.

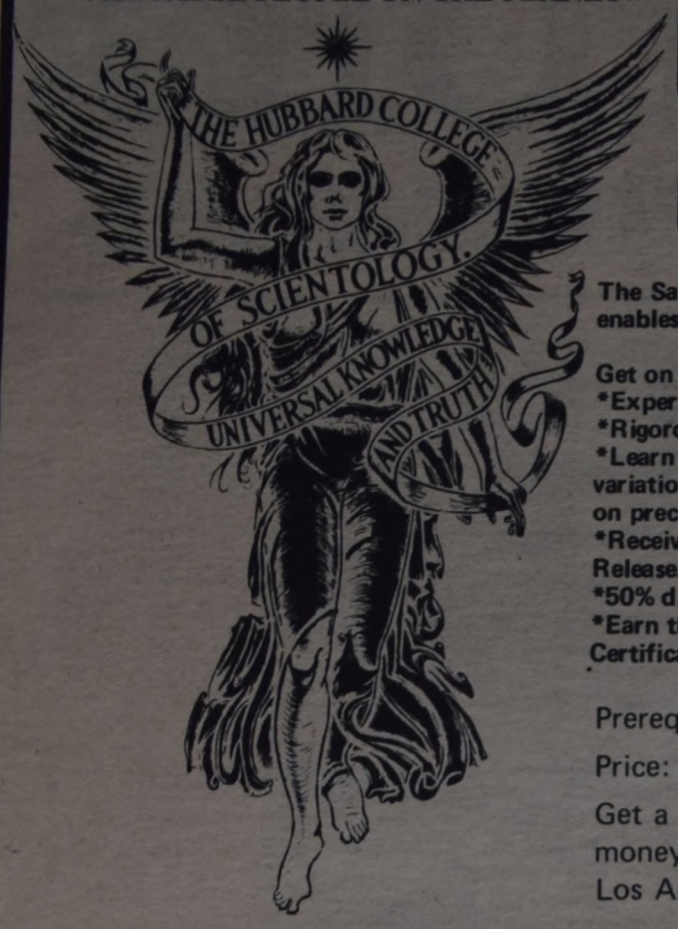

These sciences, Dianetics and Scientology, have had over 50,000 hours of research expended on them by myself alone. When to this is added all the research auditing which gave us what we have today, we have hundreds of thousands of hours. There are more than 50,000,000 words of total materials in these subjects. No science has had as thorough and exact a documentation or as objective an approach.

These two sciences are the only sciences in the humanities that have been fully validated by impartial tests on this planet and they are the only ones that help without hurting anyone.

So the road is built. It is there for your use.

This will make the line up smoother and emphasize each type of org's product in which the org is specialized.
1. An AO produces OTs and Class VIIIs
2. A SH produces Class VIs and VIIs and Power Releases
3. An outer org produces academy graduates, HDGs and Grade IV releases or Triple Grade IVs

Of course every organization holds Basic Public Courses such as PE and Comm Courses, except AOs.

Internships as allowed by recent Policy Letter.

The Organizations are inter-dependent. Each has an important job to do in the clearing of this planet.

We are here to serve.

TRIPLE GRADES

HCO POLICY LETTER OF
2 SEPTEMBER, 1969
ISSUE II

No one may offer triple grades free of charge and any such offer after this date is nul and void.

A Class V is the only auditor authorised to audit triple grades.

Lower classed auditors may audit only single grades.

No triple grades may be audited on a pc after this date who has not been awarded a Standard Dianetic Completion Certificate. This certificate requires a well, happy human being as its end result. Usually this requires at least 25 hours of Dianetic Auditing and the auditing of a score or more of items by Standard Dianetics and may also entail in conjunction with auditing medical treatment for any physical illness or disease.

Standard Dianetic Completion tends to ensure full gains on Scientology Grades and the attainment of exteriorization with perception at AO levels. Without such Dianetic Completion upper level gains are often poor. Standard Dianetics has been an Out Grade in the past and is now easily achieved and should be thoroughly done.

Those who have had Scientology auditing and have not obtained full results should now get their Standard Dianetic Completion which is then followed by full upper level rehab and review at which time they should have achieved all they hoped for and considerably more.

Jill Van Staden, Clear 223, OT VI, returned to Denmark from the Sea Organization's Flagship 'Apollo' after earning the highest certificate attainable in Scientology training; that of Power Class VIII. To become a Power Class VIII, a person must take the Saint Hill Special Briefing Course and become a Class VI Auditor, then take the Class VII Internship to become a full Class VII, the Class VIII Course and the new Class VIII Internship. Jill is the world's first Power Class VIII.

Jill Van Staden, the World's first Power Class VIII.

Peggy Morshead has been appointed 4th Mate (Qualifications Secretary) on station ship 'Athena' in Copenhagen, Denmark. Her job is to watch over Tech in Europe.

Judy Aronson has been appointed 4th Mate for United Kingdom at the SO base there in Edinburgh, and will be doing the same, for UK.

SUCCESSFUL CLASS VIIIs

HCO POLICY LETTER OF
3 SEPTEMBER, 1969
ISSUE II

Any Class VIII Auditor may have the new Standard Dianetics Course free of charge at his nearest org or an AO.

The additional certificate of HDG is required of Class VIIIs so they can handle Case Supervision and Standard Dianetic auditing as well as audit well in Standard Dianetics.

The certificate of HDG is a prerequisite (along with a Class VI) for all new AO Class VIII Enrollees after the date of receipt of this Policy Letter.

STANDARD DIANETICS

The Course is available at AOs and SHes.

It has been found that the ability to audit Standard Dianetics well in its simplicity speeds Academy, VI and VIII Training greatly and reduces failured students in the Academy, VI and VIII Courses to zero.

It is not the intention of this Pol Ltr to interrupt the plans or activities of Scientology Classed Auditors or applicants and all possible adjustment will be made in orgs to accommodate Scientology Classed Auditors to quickly obtain their HDG during this period of adjustment.

We now have a smooth flowing tech training line and have found there are *no* failed cases where training is good and which follows this gradient.

Scientology Auditor Scarcity

LRH ED 22 INT.

With the Dianetics boom now being reported in most areas, the public and even orgs are overlooking a vital fact:

DIANETIC AUDITING MUST BE BACKED UP BY SCIENTOLOGY REVIEWS.

Scientology often has to get the case running in the first place and has to handle cases that do not run well.

The average is about one Scientology review session to five or less Dianetic sessions.

Just as needful medical treatment for physically ill persons lies below Dianetic auditing so does Scientology lie just above it.

Handled in this way, Dianetics achieves 100% results.

Done without Scientology assistance, Dianetics achieves only about 50% results.

So while we are busy turning out quite properly great numbers of Dianetic auditors, where are the Scientology Academy and Class VI SH and Class VIIIs from Advanced Orgs. to back up the program?

A good Dianetic auditor, an HDC or HDG makes a wonderful Scientology Class Auditor. He goes through his Academy rapidly, does his SH VI quickly and obtains his VIII swiftly. The future quality of tech is completely assured by the fact that an HDC must be able to audit consistently well to obtain his certificate. This will show up all the way onward. So we have before us a future of splendid auditors. The simplicity of Standard Dianetics allows for no reasonableness about results or any odd factors entering in.

So from HDCs and HDGs we will get Scientology Class Auditors quickly who are far better than ever before.

But we must get some auditors moving up into Scientology to fill the fantastic scarcity of Scientology Class Auditors now beginning to be felt.

For every five Dianetic auditors we need at least one Scientology Class Auditor and even that is thin.

So orgs and Academies, should take their very best HDCs and push them up into Scientology Academy Class Auditors, and the best of these to Class VI and the best of these to Class VIIIs.

The sudden booming popularity of Dianetics makes it vital to keep an eye ahead. The scarcity of Scientology Class Auditors is very great right now. What will it become in another six months unless we begin to make them now.

Auditors are the most valuable and scarce people on the planet. Full time or part time, they are needed. And needed most of all are Academy Class Auditors and VIs and VIIIs.

So give thought and action to this.

The future of this planet most certainly depends upon it.

Training Successes

I know I can audit. This was the goal I set myself when I began the Saint Hill Special Briefing Course–that I would know with certainty that I could audit well and produce Standard results and thanks to my supervisor and my twin and my own desire to make it, I achieved all this and I know anyone can in such a safe environment!

Sheila Bakker
Los Angeles

Level II theory was tremendous!...You can only know about Tech and its application towards you and others after you've done the Briefing Course.

Paulette Fisher
Los Angeles

Level V (SHSBC) is the stabilizing level for all training that one had on the lower levels. It is here that one gains certainty as an Auditor by re-capitulating the prior Grades and applying them in Triple Grade Auditing. There is n slogging on V, just more and more certainty. One knows one can help with efficiency and without effort.

Ron Martin
Saint Hill UK

Finishing the Briefing Course is a marvelous feeling. First of all to be a Class VI Auditor is long-dreamed-of goal achieved. Then the beautiful state of mind that results from the progress through the Briefing Course and its material is a highly desirable state. It is a beautiful, beautiful feeling and I wish everyone would take the Briefing Course.

Erline Fields
Amarillo, Texas

Level 0 has been to me the first step on the long road up the levels of the Briefing Course, but applying the process and auditing a being to a greater level of freedom with it is the last word in wins for me. It's beautiful!

Any and all persons who have ever enrolled in an ACC (Advanced Clinical Course) providing only that a fee was paid in full, is entitled to the following: 1. Full training as an HDG in in the DAC of his nearest org or an SH or an AO. 2. Student Auditing in Dianetics and org reviews to resolve any possible case difficulties. 3. Assistance in obtaining any medical treatment indicated as necessary by competent medical examination. 4. A retread to Class VI in a modern SH Course.

No fees, except for any medical treatment indicated, may be charged for any of the services above.

All orgs, AOs and SHes are ordered to deliver the above services.

The Public Executive Secretary is to cause his division to unearth all past ACC records for names and addresses and to have his divisions send copies of this Policy Letter to all such former ACC students.

Those ACC students who have recently paid for the new Standard Dianetics Course may have the amount credited to AO levels or AO reviews on presentation of invoice to AOs.

It is the full intention of this Pol Ltr to ensure that old ACC students receive full benefit of modern technical developments. These students were once promised they would not have to pay for further training and this favour is offered to redeem that promise at least in part if not in full. I want them to be well and happy beings wherever they may not have fully achieved that goal.

DIANETIC COURSES

WILDCAT

HCO POLICY LETTER OF
5 OCTOBER 1969
Revised and Reissued 10 DECEMBER 1969

Unauthorized and incompetent Dianetic courses are bound to spring up and have already.

Policy on this is to insist they have a competent HDG to teach them.

They can send one of their number to a Scn org. We will do anything possible to make it easy to train their instructor.

We will grant their students an HDC certificate of a special type on the sworn attestation of their HDG Supervisor (who must have been officially trained) that his student has passed an exacting examination with a grade of 100%, has sworn to follow the Auditor's Code and has done 25 hours of auditing all well done or very well done in results according to the pc at certificate cost.

We will make full study texts available to them and their students.

On the other hand we control absolutely the copyrights and materials and can enforce them.

As we are only insisting they get the straight data, it should be easy to make such arrangements as we are very reasonable and only wish to help.

Scientology auditors are trained only by our orgs.

"Wildcat" (meaning springing up anywhere) Dianetic students will soon realize the value of being backed up by a Scientology auditor, thus sending students to our orgs. Action should be taken to handle this situation wherever it occurs. We are only seeking to protect results and the repute of Dianetics. We want people to win and stand ready to help.

No one has to covertly teach Dianetics. We will let them do it quite openly so long as they have their supervisor trained and use the actual texts.

Authorized Franchises and officially registered groups teach HDC Courses on an official basis and receive validated official certificates.

All certificates are provisional until re-examined by the Director of Certificates and Awards of an official org. at which time they are stamped "Professional". The examination charge is $15.00.

Any certificate may be withdrawn if falsely procured, for abuse or failure to follow the Auditor's Code.

GOOD NEWS

LRH ED 12 INT SEA ORG

The Sea Organization has formed each OTL into a "Last Court of Appeal" where injustices in ethics matters can be handled and put right.

If all else fails or if there is something you feel the Sea Org should know about then let your nearest OTL know. It is the last point of authority on ethics.

OTLs do *not* assign conditions or enforce ethics actions for others. They act purely an an APPEAL AGENCY, righting injustices and finding 3rd Parties.

Their entire action in ethics is to sort out false reports and false accusations from ethics action brought to its notice. It uses the 3rd Party Law HCOB and related issues accordingly.

The OTL serves as a final appeal point.

We feel that this is a vitally needed service and it is hereby furnished.

members of the People rock group, Public Relations experts Marilyn Bishop and Seaton Thomas, painter-poet Ira Lesser, photographer- poet Karl Hellestrom, artist Victor Fazio, actress Carolyn Judd, Pianist Mario Feninger, actor Geoff Lewis, Director-Playwright Dale Benson, actress Sandi Hobbs, artist Richard Royce, and many more.

The Hubbard Standard Dianetics Course was started at Celebrity Centre in the summer of 1969 to train celebrities in the techniques of Dianetic Auditing. The course has grown tremendously and has been an excellent entry point for celebrities into Scientology. In addition to the Scientology courses and lectures, classes and workshops are held in all aspects of the Arts. All these courses are taught using L. Ron Hubbard's data and techniques on study. Director Dale Benson teaches an Actors' Workshop, dancer Carmine Terra (from Broadway production of *West Side Story*) teaches a class in "Modern Jazz Dance and Body Movement", and singer Bob Mazzarella teaches a Voice Class, to name a few.

Celebrity Centre also continues to be "the showplace for the Creative Arts", presenting the creative work of hundreds of talented Scientologists with painting and sculpture exhibits, concerts, drama, poetry readings, and many other activities.

Here are just a few of the Scientology Celebrities connected with the Centre:

Eileen Brennan is a talented comedienne and singer, perhaps best known for her role in the original "Hello Dolly", with Carol Channing. First presented for one night during the summer, "An Evening with Eileen Brennan" returned to Celebrity Centre for a two week run in October. Eileen was highly praised by reviewers in four major Los Angeles papers, including the trade papers.

The People, a highly talented OT Rock Group (see *Auditor* no. 47) was recently voted Number One Rock Group in the United States by a teen magazine. All of the group members, Robbie Levin, Albert Ribisi, Geoff Levin, Denny Fridkin, and John Tristal, are Sea Org members, and have done the Sea Org Ships Training. They always mention Scientology at the end of every performance, and invite members of the audience to talk to the group personally after the show. Last October, the People played in a big concert in the Hollywood Bowl, with other groups and stars, in an OFF-DRUGS campaign to discourage young people from taking drugs. The group, using Scientology technology, has rocketed to the top of their field.

The Power Formula, another successful Rock Group, have also used Scientology technology to advance themselves rapidly as musicians. They have played clubs in Las Vegas, Lake Tahoe, and Los Angeles, and are tremendously popular wherever they play. Columbia Records, in promoting them, is using the fact that they are Scientologists to create interest in the group and their new album. Group members are Eddie Davis, Gary Myose, Bob Giles, John Clapper, Willy Pounds, and Bud Pomeroy.

Mario Feninger , celebrated concert pianist, has been referred to by the New York *Times* as "a powerhouse virtuoso in the grand manner", and praised throughout the world as a superb artist. Mario, a Class VIII Auditor, gives frequent concerts for Celebrity Centre and other Scientology Organizations. He recently performed for the Pan American Cultural Society where he was enthusiastically received, and invited to return as soon as possible. Members of the Society were invited to come to Celebrity Centre, where Mario is a frequent lecturer.

Singer *Amanda Ambrose*, since her connection with Celebrity Centre, has joined the Sea Org and has expanded her record company to one of the largest in the United States.

Thank You, World, Inc. is a team of highly talented Scientologist performers who have written an original musical comedy called "Thank You, World" since getting together at Celebrity Centre. The group, composed of Jim McMullan, Michael Fay, Helene Ireland, Heber Jentzsch, and Bob Bettcher, are now producing and acting in their comedy. "All doors have opened magically," says Michael Fay, "and we attribute this largely to L. Ron Hubbard's technology."

There are many, many Scientology Celebrities and artists connected to the Centre:

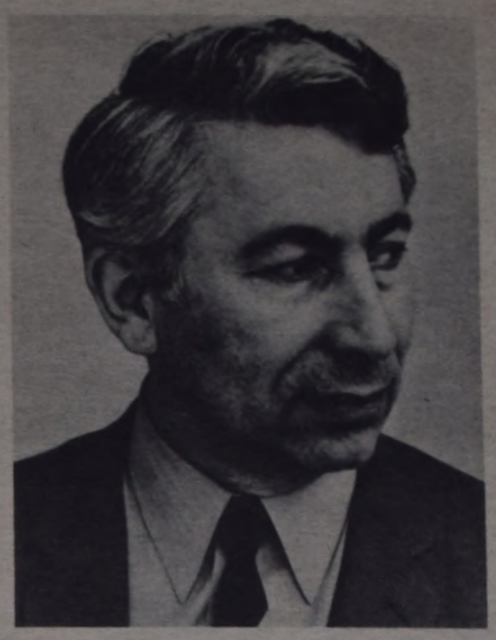

Rock Groups "Orange Colored Sky", and "Sound Foundation", comedy team Solari and Carr, guitarist Jon Batson, actor Stephen Boyd, Renee Lee (Clear 2000), actor Horst Bucholtz, comedy star Dean Regan, composer Leonard Cohen, and many more. It is an impressive array of talent working together at Celebrity Centre with a common purpose.

Yvonne Gillham, promoted to Commander and assigned a personal condition of Power for her work as Director of the Centre, attributes her success to Ron's technology and her training as a Sea Org member and a Class VIII Auditor.

The Centre continues to expand, and has opened a sister organization in New York called Culture Centre.

The philosophy and technology of Scientology have had an exciting impact on the Arts, and as Celebrity Centre expands, this revitalization of the Creative Arts will continue.

RIGHT: Singer Amanda Ambrose.
ABOVE: Eileen Brennan, a talented comedienne and singer.

"The rehabilitation of the Art Ability of a culture is a tremendously valid undertaking, and will repay a thousand times any effort made in that direction.

"A Culture is only as great as its dreams and its dreams are dreamed by Artists.

"When the level of existence of the artist becomes impure, so becomes impure the Art itself, and deterioriza-tion of the Society."

Mexican Poet Translates Dianetics Books

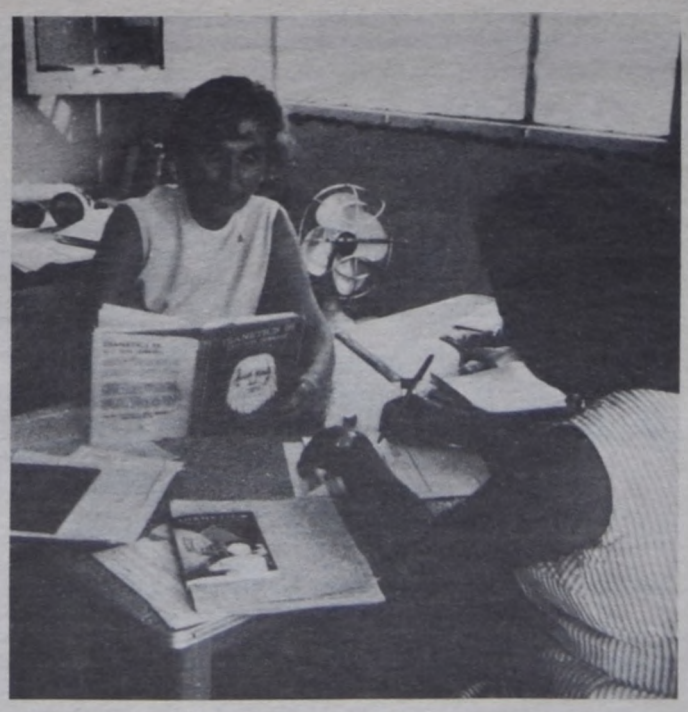

Issa del Campo, renowned Mexican author and poet, has translated two of L. Ron Hubbard's books into Spanish: *Dianetics: The Modern Science of Mental Health*, and *Dianetics 55!*, and is presently translating *Dianetics: The Evolution of a Science.*

Issa was first introduced to Scientology in 1968 by Hector Calderon, Clear 1548, and soon became a Dianetic Auditor. She then decided to use her ability as a professional translator to bring the words of L. Ron Hubbard to the Spanish speaking population of Mexico.

An experienced lecturer, Issa del Campo now is working full time for Scientology, lecturing and translating. One of her most successful projects has been to sponsor Scientology courses in the local jail, similar to the U.S. "Narconon" project, to help prisoners help themselves by using basic Scientology data. The Director of the jail was very impressed with the results and wrote a glowing report to the government of Veracruz. The medical doctor at the jail asked if he could have all the books on Dianetics and Scientology, and one of the leading newspapermen wrote extensively about her work.

Issa has had little difficulty disseminating in heavily Catholic Mexico. "They find out for themselves," she says, "that their religious feelings are emphasized."

"My greatest pleasure lies in working for Scientology," says Issa.

Issa del Campo, left, translating Dianetics 55! with the help of her daughter-in-law, Clory Castille.

Organization News

ASHO LOS ANGELES

The American Saint Hill Organization, Ron's Saint Hill in America, is now deliving all Saint Hill services, old and new. ASHO offers to Hubbard Professional Audthe Saint Hill Special Briefing Course. ASHO is the home of the Auditors Club, a special Club only for Auditors and those who wish to become auditors.

The motto of the American St. Hill Organization is "Service".

With a Sea Org Staff and a field of over 2,000 Field Staff Members, the one word to describe ASHO is "BOOM".

AUCKLAND

Auckland have been busy with a two-day Congress, in October. There were many remarks about it being "the best Congress for some time". They also held a Field Staff Member Rally in September, which was attended by 30 FSMs, several of which came from as far away as Wanganui, Hamilton and Palmerstonnorth.

HAWAII

There is 100% Standard Tech in Hawaii! The result of the visit of the Sea Org Inspectors for L. Ron Hubbard, was to announce that Class VIII Auditor, Kent Stryker is producing 100% Standard Tech, and was validated for doing so as a Provisional Class VIII. Well done, Kent Stryker!

TORONTO

The Civilization Congress held at the Toronto Org in September, 1969 was a great success. They had as a performer for two days, the well known blues singer, Amanda Ambrose, and Scientology's first Clear, John McMaster spoke on the Sunday of the Congress. The Congress was followed by a party. Among the entertainers were Dean Regan, Canadian Actor, Amanda Ambrose, Al Cromwell, who is one of Canada's top folk singers and Dinah Christie, a Canadian actress.

AOSH DENMARK

The combined Advanced Organization—Saint Hill in Denmark has now moved to a new location, within the city of Copenhagen. The move was made in order to increase convenience and speed of delivery to Scientologists internationally. It's new address is Jernbanegade 6, 1608 Copenhagen V, right near the International rail and air terminals. The Saint Hill Denmark now has a new Foundation which offers the same services as the day Org, and it is the first Foundation that offers the Clearing and OT Courses.

SH UK

Congratulations Saint Hill UK! On the 12th of December, 1969, HSDC student Trudy Eyre got the *first* "excellent" yet recorded on a Standard Dianetics folder C/S. Trudy, an Associate of the Institute of Linguists has been in Scientology only 6 months! Well Done, Trudy, and also to the Supervisors, etc., who are obviously doing the Standard Tech that Ron wants. The Class VII Internship comes back to Saint Hill. It started on November 24th, 1969 under Class VIII Supervision.

WASHINGTON D.C.

Highlight for D.C. is the first non-Scientology minister, Lt. Delbert J. Cory, US Navy Chaplain, to enrol on the Hubbard Standard Dianetics Course at the D.C. Academy. He is also an active Field Staff Member for the D.C. Org and others. He has expressed the desire to start a Dianetic Counseling Group and become an official Minister of the Church of Scientology, and practice his new found knowledge within the US Navy!

LAS VEGAS

Right in the midst of one of the most exciting social spots in the U.S., the Las Vegas Org certainly has kept up with social activities of that famous town as well as with its main function of producing Standard Tech Auditors and PCs. The Org has a good share of the many celebrities now reaching for and coming into Scientology, giving them processing and training. Many of the Scientologists from the Las Vegas Org also work in Clubs and Casinos of Las Vegas. Such people as the rock group, Stark Naked and the Car Thieves, three of whom are Grade IV Releases, and are a prominent feature of the night life of Las Vegas, Dennis Hunt HSDC student, a disc jockey at a local radio station, Walt Slivinsky the organ player of the rock group Orange Colored Sky, an HSDC student, Muriel Adler famed concert pianist who is Grade IV and an HSDC student (now teaches piano in Las Vegas using Scientology techniques), and many, many others, make the Las Vegas Org an exciting place to be. Seeing these artists in their fields, applying Scientology to their art, becoming more successful and winning, shows the place Scientology is taking in the Arts today. Besides many well known musicians, there are many card dealers coming into the Org for training and processing. They all relate their successes and wins at dice and "21" tables as dealers and players to using Scientology data. It goes to show that no matter what it is you want to excel in, Scientology can help you be successful at it!

Hubbard Scientology Orgs

The official Organizations of Scientology are the backbone of Scientology's service and expansion. Your local Org exists to back up Franchises and groups with high level Standard Technology and top Class VIII auditing. If you have a student or preclear who is having difficulty, the local Org will be happy to straighten it out. The Org is there to help you on your road to Clear and OT with expert auditing and higher level training to prepare you for the Saint Hill Special Briefing Course and Solo Auditing.

Your local Org is Ron's Org—the source of Scientology data and *standard* actions in your area.

(For a complete list of Scientology Organizations, see the back page.)

Today I achieved the state of OT III. I feel tremendous! I know "I am ". This has been a fantastic experience. The cognitions are beautiful and just keep coming. There was a time when I thought I would never make it and I now even know why I thought that. I really know the truth about Human behaviour and just how staggering it is that Ron found out the real truth about the value of man. . . .my thanks to Ron for making it possible.

Tom Morgan
Saint Hill UK

I hardly feel what I say will be adequate to describe the wonders of Class VIII Auditing. It is so fast and simple and easy. I just didn't have time to do anything else but have gains.

A short while ago my state of well being had worsened until I had headaches, tummy aches, was nervous and prone to feel gloomy. All this has been handled by new Standard Dianetics. This is the first time I have had Dianetics even though I attested Clear, and I can say that truly Dianetics was missing for me! Thanks everbody, especially my Auditor. I feel really great and really happy.

Keith Mumby
AOUK

The O.T. Congress was a fantastic success (N.Y.). Each individual staff member handled the public and really made things fo right. I signed up new FSMs and gave them the reality of their FSM appointment. Each person I interviewed really wanted to be an FSM. Their purpose line was really in. The real success was the flowing ARC. I felt I glimpsed a new Theta universe.

Vicki Garkjard

Release on V and VA (Power and Power Plus) was very simple and beautiful. Such a marvelous validation of all my earlier auditing wins and a tremendous release on ability to be cause. Thanks to all the staff of ASHO for their love and help.

I am a Power Release of about 10 minutes and feel marvelous. Something is definitely defferent and I know it's going to be super fun. Now, I'm just going to enjoy!!

Anne Marie Petersen

About 10 years ago I discovered Scientology and have been winning in spirit, mind, body, ever since. My product increased in volume and quality. My biggest win came when my four sons, my wife, came to work at ASHO to help produce the best of all products, Cleared Thetans. This win carries forward through time and increases. Being on a team of beautiful people gives one the most successes on the most dynamics.

Become a staff member, Sea Org, Org or Field and be successful as a Thetan.

News on Success! The Orange County Franchise, in the last 14 months has averaged one new name a day, most of whom have taken a service or bought a book! The franchise has also been approved by the Government Employees Acceptance Council. Great!

Scientology Santa Barbara
Stan Stromfield and Gail Kierstead, co-owners of the Santa Barbara Franchise are waking up the folks in their area with enthusiasm! Stan directs the franchise, handles business and promotion and gives the PE and Comm Courses. Gail, who recently graduated from the Supervisor's Course at ASHO, instructs the HSDC.

Scientology Hayward
Hayward Franchise is booming into a good Scientology center, right in the middle of a main shopping center in Hayward, California. They currently have 10 students on the HSDC. Most of the people on lines are businessmen, salesmen, engineers, housewives, and young people. They have recently opened a center in Merced, which is doing well.

Scientology West Covina
This successful center, not even a year old, is the only franchise in the San Gabriel Valley, and has a great staff of four Class VIIIs, and one Class VII, There is currently both a day and foundation HSDC which is rolling along nicely.

Dorado Beach Dianetic Counselling Group
A new Dianetic Group has been set up at Dorado Beach, Puerto Rico, with the goal to make the people in the area well–happy human beings. Don Baaska HCS-HDG-OT VI is the president. Also as part of the group are Elli Fordyce Grade IV–HDA, HRS Cert and Gladys and Alberto Gorbea, Working on Class VIII and Class VI, respectively.

Dianetics and Scientology Davis
Thriving and growing, and extremely successful, and a real credit to Scientology is the franchise in Davis. It consists of eight staff, three of which are Class VIIIs–James Hare, well-known Flamenco guitarist, Martin Samuels, and Diana Samuels. One of the staff, Jerry Simons, Grade IV–Class III, is Professor of Sociology at the University of California,Davis, as well as a well known author. The center has over 500 students signed up for the next quarter at the University, studying Dianetics and Scientology *for credit!* Standard Tech is really IN, in the franchise. As one of the staff, Nola Simmons, puts it, "They. . .(PCs) asked 'what's review?' when the subject came up in conversation." "They don't have any out-tech stories to tell". The Dianetics and Scientology Center of Davis deserves a big hand.

Brightlingsea Scientology Center

Poet's Corner

THANK YOU, RON

I have drifted through murky mists of mystery for millenia,
Like a diver lost in the depths of a dark sea,
His space confined and constricted by the blinding pressure
of the deep . . . . . a soul in torment.
How cunningly have I constructed the traps in the maze of my mind.
The sudden yawning chasms, the blind alleys, the converging walls and the illusion of mirrors.
These swirling mists solidify these illusions of my own creation. . . . . Time, Space, Matter, and Energy.
Until one has no space left . . . . ground to a halt by ones own consideration and confusion.
Tied by ropes of apathy to a stake called "Failed Purpose".
As the farmer brushes aside the frail stalks of corn
to lift the struggling calf from out of the mire,
so did A BEING with quiet purpose flash from a Planet other than ours, to this, the Prison of our own making.
In his hand he held a knife . . . scalpel sharp to free the bonds that held us.
This knife, honed to razors edge, He called "Technology".
Wielded as only a Being of true knowledge can,
He freed a few chosen ones, – gave them knives and lovingly showed then how they were used.
They turned to free their fellows with Love.
The mists began to clear. The free ones stretched their aching limbs.
The dark sea took on a green gold hue.
The mazes reluctantly released their captives.
The freed ones looked and recognised their fellows,
And they could BE as it was before the beginning.
They turned and looked together in one direction,
And their voices, Sure, Strong and Serene said . . . . . .
. . . . . "THANK YOU RON".

WILLINGLY

On winding wetted paths I've wandered
from my wispy dry world
of building castles from the sand
to a sweet dew covered green
of a soft graceful being.

Come with me - -
willingly
- -to climb the steps of our serenity.
Together growing into ourselves
to move to a greater discovery.
And I will plant affinity
so close it will grow as one
reality - -
with nothing needed to say
- - just feel
the energy of understanding.

Together then we can be - -
oursleves
and in oneness be
an expanding universe - -
While building another
for another to be to build another
for another to be - -
until we are a group of friends
creating songs all mankind can sing - - so loud
- - so sweet - - so harmonious
tweets and growls, grunts and chatters
will blend from all living things
- - into
an eternal song of sounds,
from all matter, energy, space and time.
A no sound sound
so strong and serene
with nothing to do but be
and float into infinity
