The Scene Has Changed

By L. Ron Hubbard

The Full Tech From 1950 Is Back In Use

Whenever there is an advance in technology, a certain number of *Incomplete cases* become visible.

The tech advances are very valuable and the result is the exposure to view of Incomplete cases.

The reasons for this are:

DIANETICS was all complete from the early 60's with R3R [A Dianetic Routine] but we got quickie Dianetics, one lock, one secondary, one engram.

SCIENTOLOGY was fully complete in the mid 60's but had been followed on its developmental progress line rather than put into full use. *Then* we got quickie lower grades for two or three years until we began to get it back in just this year.

CLASS VIII auditing assumed Dianetics and Lower Grades were being fully attested to.

CLEAR AND *OT GRADES* also assumed Dianetics and Lower Grades were already in.

This year we really began to get in the Classification and Gradation Chart (the latest 1970 issue). It wasn't put in hard enough in 1965.

So technical progress has been :

CLASS VIII - 1968.

COMPLETE DIANETICS - 1969.

COMPLETE SCIENTOLOGY - 1970.

This is quite an achievement. Not less than these is the new Case Supervision Series on how to lay out cases, which I developed and issued this last year.

COMPLETING CASES

It is not at all difficult to complete these cases.

It is all given in the Case Supervision Series released in June.

It might look hopeless on first glance. So many processes run and the guy still has earaches, problems, ARC Breaks and nightmares! But first follow the Case Supervision Series and then the Classification and Gradation Chart and your home!

The first apparency as you look at these Incomplete cases is that you are dealing with somebody who is Suppressive or a Potential Trouble Source or something.

But of course anyone who is not a Dianetic Release will get somatics. And people unflat on Grade I have problems. And if they have problems it's a no-case-gain sort of thing.

The fact is that 90% of their potential gain is waiting there ready to be picked up.

ALL THE AUDITING THEY HAD COUNTS.

HOURS

It takes a *lot* of hours to really complete a case fully on Dianetics and Lower Grades.

The way to get those hours done is by getting trained. Untrained people who are only pcs have a fumbling time of it in Solo anyways.

It takes a lot of time!

You may as well front up to the fact.

A hundred hours on Dianetics is nothing. In the 1950s it was 3000!

EXTERIOR

The auditing of the 1960s was, even so, better than anybody thought. It produced thetan exteriors.

But these, audited past exterior, won't progress until they've had that rundown.

Given that and made to do their Dianetics and Grades the results are excellent.

TRAINING

It isn't just for auditing that you should get trained. One case never did get anywhere until he went on a Dianetics course. And as a preclear who goes on Solo you deserve the best auditor you can get. And that takes training.

STATE OF TECH

I have been watching tech actions and results since the Case Supervision Series was gotten in full action by others and aside from corny little flubs, I've seen no trouble at all with cases.

I've seen cases moaning and groaning about aches and pains and hidden standards and all that, but I'm seeing them smooth right out using the Case Supervision Series approach.

So I consider that Dianetics, Scientology and the Case Supervision Series and auditing application is now a very polished technology, easily gotten in by current training technology.

HARD WORK

It's been hard work to locate all the major outnesses and errors and get them resolved and communicated.

Well, it's paying off. In grand style.

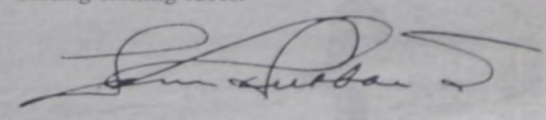

The real major outness was sequence of application as per the Classification and Gradation Chart and the omission of the full technology being used.

GAIN

This gives us tremendous gains waiting in those cases referred to above as Incomplete and a potential of new cases flying.

Now if you get trained instead of just being a preclear, you'll really get things on the road.

I'm having a ball straightening out Incomplete cases and I'm really happy to see the resulting smiling faces.

The Psychiatrist at Work by L. Ron Hubbard

Auditors are often fought by psychiatry. The auditor is often called upon to handle psychiatric abuses. Auditors should know some facts about psychiatry.

PAIN ASSOCIATION

As a technical action, it is of interest to any auditor to know that Pain and Ideas is a basic "therapy" used down the years by psychiatrists and such lot.

The practice is very general and very old.

The person is made to associate his "wrong ideas" with pain so that he "will not have these ideas", or will be "prevented from doing those things".

A crude current example is to electric shock a person every time he smokes a cigarette. After several "treatments" he is supposed to associate the pain with the idea and so "give up smoking".

Homosexual tendencies are also so "treated".

In earlier times alcoholism was "cured" by putting poison in drinks so drinking would make the person violently ill so he would "stop it".

Examples of this are all over the time track.

The mechanism is "If you get this idea you will feel this pain" ZAP!

Basically this is the action of an implanter.

Current use of it will be encountered where psychiatry has been busy implanting.

This is a pinnacle, an all, of psychiatric "treatment".

Another version of it is drugs. Make the person too torpid (sluggish) to have any ideas. The motto of this is "too dead to act". Institutions are emptied by hooking psychotics and "community psychiatry" exists "to make them take their pills", in short, to keep them hooked. This started the current drug craze that spread into "illegal" drugs.

The auditor will encounter this with growing frequency as the business of it is so big that one group spends 12 billion in advertising alone per year! This is the Rockefeller drug cartel. They also spend vast sums in lobbying parliaments.

OBESSION

Most "got to's" or obsessions come from Pain Association or drug association

People in pain or drugged can become obsessed with doing the idea.

What the psychiatrist does not care to publicize is that his "cures" are implantings with compulsive ideas.

The smoker so treated now MUST smoke but CAN'T smoke. These two things are opposed. That is known as frustration - a form of insanity.

Must reach can't reach, must withdraw can't withdraw is total basic insanity.

Thus psychiatry is making insane people.

This is why the insanity statistic is soaring and why the crime statistic is on a wild climb.

Triple Grades & Case Completion

HCO Policy Letter of 6 September, 1970 (Revised and Reissued 16 September, 1970)

All lower Grades are Triple, including Dianetics. BUT we do not sell Triple Grades as such.

What we sell is auditing hours. The Preclear then gets fully audited.

Dianetics is always run triple .... but sold as auditing hours.

All three flows of a process are run wherever that process can be run triple. The final process of the Grade and its Havingness are always run on three flows as the last action of the Grade, after the pc has had all the processes listed for the Grade.

All Auditors may run the three flows (triples) of the Grade up to the level of their classification.

No one may sell "Triple Grades" as such, just sell hours of auditing.

No one may offer "Triple Grades" free of charge (i.e. Flows two and three where the Preclear formerly had only the first flow run.) Any such offer is null and void.

Sell auditing hours and audit the Preclear fully. When his auditing hours are nearly finished, send him to buy more auditing hours.

A Preclear who has psychosomatic illnesses should sign up for and recieve full Dianetic Auditing.

A healthy Preclear can go from Scientology Grades to Dianetics to Power. However, new Preclears generally enter the Gradation Chart at ARC Straight Wire and Dianetics to completion then directly up the Grades to Power and beyond. Whichever way it is done, completed Dianetics and fully audited Grades are required before Power is run.

The Preclear should be sent to buy more auditing hours and be strongly encouraged to keep moving up the Gradation Chart without delays. .

A Preclear who has completed Dianetics is awarded a Standard Dianetic Completion Certificate.

Standard Dianetic completion and fully audited Lower Grades are required for the full attainment of abilities at AO levels.

Those who nave had Scientology or Dianetic Auditing without full results and those who are not making good progress on the AO levels due to incomplete Lower Levels should be programmed and put on a full Case Completion Programme. This can be done via the training route as a student auditing and being audited by other students, or as a PC in the HGC.

However, the major emphasis should always be on getting trained while going up the Grades. In this way they will achieve all they ever hoped for and considerably more. •

MY OWN OBJECTIVES

L. RON HUBBARD

A clean cut statement of what I am trying to do might clarify some other areas and the order of importances.

1. I'm working to raise Gross Divisional Statistics in all Scientology and Sea Org Organizations, and hence, Gross Incomes so that they will better survive to give better service.

   (a) This means people on post doing their jobs.

   (b) This means people in the field helping them out.

   (c) It's just a matter of individual production actually and getting on with it.

2. I'm working to **raise general auditing volume and quality.**

   (a) Completing actual grades in the sequence of the Grade and Class Chart 70, beginning with Dianetic **Completion,** has to be done on the vast majority of cases in the world.

   (b) I am organizing to get org staffs well audited.

3. I'm working to get training in in volume and quality.

   (a) Training is what gives the lasting gains and reality in Scientology.

   (b) Without training we will run out of auditors.

4. I'm working to get the **totality of materials issued** that have been researched.

   (a) We have Dianetics fully completed and written up and working very well, if only it would be fully used and when ruds or past auditing is out if Scientology is applied.

   (b) The full upper grades are done, issued from Power to OT VI and even the new OT VII is issued. OT VIII is done but needs issue.

   (c) All Scientology Lower Grades are back in where they belong and the Class and Grade Chart show them properly. The processes are reissued and working.

   (d) Case Supervising has been reduced to a simple activity and released as the Case Supervision Series to all orgs.

   (e) On Flag within the framework of auditing hours available, we are beginning to **really** complete cases level by level with marvellous results, proving conclusively we have arrived.

5. I'm working to get the End Phenomena of **exteriorization** fully applied.

   (a) We have now achieved what Buddhism tried and didn't attain 2,500 years ago.

   (b) We can exteriorize and are exteriorizing anyone.

   (c) It has not fully dawned on anyone that we can handle this planet.

   (d) We have far far exceeded any target of any past religion or philosophy.

6. I am working to expand and smooth out communication lines to orgs and field and back to us.

   (a) The new Bureaux system is working very well locally and is being extended.

   (b) Cross orders and dual and treble management can be handled by the Bureaux system.

7. I am working to recruit up orgs, the Sea Org orgs, ships and Flag.

8. I am working to greatly improve the image and general situation of staffs as to:

   (a) Subsistence

   (b) Clothing

   (c) Pay

   (d) Facilities

   (e) Appearances

9. I am working to cool off Ethics.

   (a) Man can't really be trusted with justice.

   (b) My own reality is dismayed as to why all the stir ups in orgs and areas. Why don't people just get on with it?

10. I am working to push barbarity and murder out of the field of "mental healing" and replace it with humane ideas and practices.

   (a) Psychiatry, the extremist practitioner is losing ground heavily.

   (b) Psychological animalism is becoming ridiculous in magazines and media.

   (c) We are progressively tracing and spotting the persons causing the upsets in society.

   (d) We are undoing damage done to us by them in past years.

11. I am working to cohese all persons trained to date into a professional association in every country and getting things set up to take over "mental healing" facilities and social appropriations on the planet.

12. I am working to preserve the materials won after so much long, hard work and continue them in full use regardless of the state of the planet.

   (a) I am working for Mankind as a whole.

   (b) I am working for every individual.

I know, whether anyone else does or not, that the spiritual beings on this planet have hit the end of the trail and that only Dianetics and Scientology can give them any further future at all.

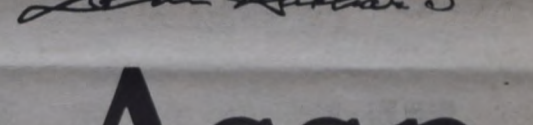

We have a secure beachhead over the world.

We have proven into the teeth of insane opposition that we not only can survive but can expand as well.

All we need to do is work at it harder and keep going.

It's no small achievement what we have already done.

So keep going and we'll make it.

Auditors Assn. Is Founded

Thousands Become Charter Members At 34 Orgs Around the World

A crowd of nearly 200 thronged to ASHO recently for the Charter Meeting of the new Auditors Association. This Association was established by L. Ron Hubbard as a professional society especially for auditors.

While the purpose of the Association is to move Scientology and Dianetics into power in the community, the Association Secretary, Louis Jordan, pointed out that the Association would also provide valuable services to its members.

Amoungst these are well organized and supervised co-auditing, cut rate retraining or retreading where desired and weekly meetings to bring the latest HCO Bs and LRH Executive Directives, tapes and live auditing demonstrations to members.

At this time the Auditors Association is being formed as an officail function of every Hubbard Scientology Organization around the world. From reports streaming in, enthusiasm's very high and membership is climbing.

For full information, contact the Auditors Association Registrar of your local Org. **Join the Auditors Association TODAY.**

Attendees at the first meeting of the Auditors Association at ASHO follow a group processing command: "touch your left shoulder". Group processing has been a regular event at ASHO's Sunday night meetings and attendance numbers in the hundreds as shown here.

The Saint Hill Special Briefing Course Booms

L. Ron Hubbard's world famous Saint Hill Special Briefing Course is in a big boom right now at the American Saint Hill Organization in Los Angeles. Here are some photos of some of the activity on that course.

You could be here, too.

Supervisor, Sheila Bakker, and Class IV and V students, Bruce Wiggins, Norma Mantle, Ken Dorsett , Ulla Ness and Bill Franks inspect the new Level V checksheet. The checksheet is very extensive and will insure that TOP TOP TOP flight Auditors graduate from the Briefing Course. It recovers all of Levels 0 - IV, plus additional material.

Briefing Course students Audrey Sharp and Collette Wilson work on E-meter drills.

Alberto Villada and Gelda Kitchin, Level 0 students, work on practice auditing on a doll in thorough preparation for the real thing.

Level I student Bill Yaude listens intently to one of the many LRH tapes on the Briefing Course.

Dusty Rhodes and Sasha Koftinow, Level Two students, get referred to the correct bulletin for the answer to a question.

First U.S. OT VII !

On the right above is Lisa Zanda, Class VIII Technical Secretary AOLA, who on October 7th, 1970, became the first OT VII in the United States. On her left is Louise Kelly, Class VIII Qualifications Secretary AOLA, who audited Lisa to OT VII. Upon completion of this OT Level Lisa said:

"It is the most exciting level I've been on. A Thetan can reach as high as he wishes and on OT VII that's what I did. Everything has changed completely for me. When I got on OT VII I knew Ron was here watching and I want you to know it. Thank you."

OT VII RELEASED
AOLA EXPANDS

OT VII has arrived at AOLA and is now being delivered by Sea Org trained auditors to ensure precision delivery. By the time you receive this issue there will already be scores of OT VII's in the Americas.

NEW ABILITIES

The attainment of OT VII opens and unlocks new abilities and awareness in the realm of OT.

The prerequisite for OT VII is OT VI. (No Expanded grades or OT IIIX required for OT VII). For an OT VI this level means outstanding improvement and attainment of OT powers and abilities to handle ones environment with effortless control.

NO CHANGE IN PRICE

OT VII remains $75.00. There is no extra charge for the actual auditing received on OT VII. It is not a long level. It can be done in days. OT VII processes are extremely powerful and the results cannot be compared with any other auditing delivered to date.

Should it occur in rare occasions that a case is not running smoothly, a repair program may be required preparing the case for maximum result. AOLA will swiftly see to this, the only extra charge being for the number of hours audited to achieve this.

AOLA EXPANDS

AOLA is Expanding to deliver this new Service. Confirming this expansion the Captain, Lt. Fred Hare, said AOLA is hiring and training about seventy five Auditors. These personnel will be specially trained in a dynamic Case Completion Course designed by Ron and tested at Flag. Auditors are signing a one year contract at AOLA, and receive this fantastic, Sea Org supervised, course free. Good pay and bonuses add up to a very attractive package. Graduates of the course will be fully able to complete all cases, and the top auditors on the course will be delivering OT VII.

Case Supervision: The Road Out

By L. Ron Hubbard

Every action taken on a Case by a CASE SUPERVISOR (or an auditor doing his own C/S actions) should be a definite outlined PROGRAM for that case.

PROGRAM Definition - A program is defined as the sequence of actions, session, to be undertaken on a case by the C/S in his directions to the auditor auditing the case.

The master program for every case is given on the Classification and Gradation Chart issued from time to time. The reissues of the Chart are done to improve the communication of the data on the chart. The program factor has not much changed since its earliest issue.

There are three types of Programs:

1. The program laid out in the Classification and Gradation Chart,

2. "Progress Programs" to eradicate case mishandling by current life or auditing errors.

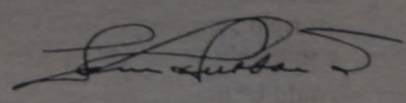

3. "Advance Programs" which are major actions undertaken to get the case back on the Class Chart from wherever he has erroneoulsy gotten to on it. Case Supervision is a road. It has milestones. When the preclear didn't pass one honestly he got lost.

There's no reason for pc, auditor and Case Supervisor to all get lost.

The Case Supervisor has an exact road to hold to, return to and repairs to get done so the preclear can get moving on the Advance Program and the Classification Chart which IS the road.

It took too many trillions to find this road for it to be neglected.

The right idea is the road.

Credit Advice Slips

Any monies paid (past or future) for Academy Level training at your local Org are now credited to the cost of the Saint Hill Special Briefing Course at your nearest Saint Hill.

Whenever you make a payment towards Academy training at your local Org, the cashier there will automatically make out a "credit advice slip". One copy of that advice slip is given to you and the other is sent to the Cashier at ASHO where the amount is credited to your Saint Hill Special Briefing Course account. The ASHO Cashier then sends you an invoice confirming your credit at ASHO.

In this way Academy students are constantly building up their credit at ASHO so that when they finish their Academy training at their local Org they can easily come to Los Angeles to take the Saint Hill Special Briefing Course.

If you have any questions about Credit Advice Slips or prices for ASHO services, write the Cashier at ASHO.

EXTERIOR ?

News From Ar

Lyon's Roar

Bob Lyons has landed the starring role in "what are we going to do without Skipper?"

According to Bob, Scientology processing and training have helped make this success possible by increasing his work flow. He feels he gets more work done now than before Scientology. "Scientology has put me more at cause and made it easier to work."

Bob is currently being seen in "Getting Straight",, and will be seen this fall in the T.V. series "Young Lawyers" and "Medical Center."

It was while talking with Walter Slavinski, of the rock group "Orange Coloured Sky" that Bob decided to enter Scientology. In October 69 he took Hubbard Apprentice Scientologist and Hubbard Qualified Scientologist at the L.A. Org. In December "69" Bob started the Hubbard Standard Dianetic Course at Celebrity Center on a part time schedule. He is currently receiving Dianetic auditing and expanded grade "O" at Celebrity Center.

Bob is also the director of the key out players. This is a comedy improvisation group that appears regularly at Celebrity Center.

While going the Solo route to clear, Bob finds time to paint, play guitar and swim. He plans to become a top celebrity and further disseminate Scientology.

Producer In Power

If you see an ethnic film from Columbia pictures entitled "Geronimo Jones" then you know two things about it. It has been submitted for an academy award and is written, directed, and produced by Bert Salzman, Scientologist.

Bert is currently shooting a film in Harlem, New York and planning future films in his ethnic series.

Mr. Salzman is very aware of the use the tone scale as found in "Science of Survival." How else could he create such marvelous effects with his characters?

Bert discovered Scientology while hung up on a script he was writing. He tried the HAS course and upon hearing a lecture on cycles of action, he quickly rounded up much unfinished business and finished it. This application of tech so freed his mind to concentrate, that he quickly finished his problem script. From that point on Bert has used Standard Tech in his profession, including Ron Hubbard's now famous "data series." Recently Bert reported that he did two films of a set of 6, while other producers had failed to finish their first one.

Now Bert, who is OT I, is applying the power formula to his field of endeavor.

Rumble Rumble

If you feel the ground shaking around you, it may be the shock waves created by this sensational group of Scientologists and their fantastic sound equipment.

After being together five years the group has amassed one of the most formidable arrays of sound and lighting equipment in the industry. To quote them "this insures our public the very best show."

Three of the group are currently on Hubbard Standard Dianetic Course with their wives at Scientology of Omaha. Their future plans are for more of their favorite subjects, music and Scientology. They will continue to thrill crowds in the midwest, but are laying plans for playing in California, at which time they will go Clear and do their OT sections.

Solari & Carr

If you turn on your T.V. and see two sacks hopping about the stage it could only be Solari and Carr, two of Americas newest comedy stars doing another smash routine. Although they are regulars on Ray Stevens (last summer) and such shows as Andy Williams and Johnny Carson, you would scarcely realize that 10 months ago they were not even together. Discovering each other and Celebrity Center, and combining these ingredients, liberally applying Scientology Tech (Target policies, ethics conditions) and next thing they knew they were national celebrities, well on their way to proving their review in Variety recently that they were "quite promising."

Even though you could find Tom Solari, (VA Release) at ASHO doing the Briefing Course and Clark Carr (Grade IV) doing the same, you might later find them working together on an album, soon to be released, or a pilot for a T.V. series or preparing to move on, as their plans include ,to being Class VIII celebrities.

Clear Has 500% Success

Currently headlining at the Purple Door, internationally known folk music club in Copenhagen, is lovely Barrie Peake.

Although Barrie entered Scientology in Portland, Oregon in 1966, she feels right at home in Copenhagen where she is now Clear 1777 and OT III.

Barrie says, "I can attribute my success in singing to Scientology and only Scientology. My ability to confront and handle audiences is all due to my training in Scientology and Dianetics. My knowledge of the Tone Scale enables me to plan the order of my songs so the audience follows along and becomes very keyed out. I'm able to spot apathetic people in the audience and bring them up tone by communication with them through singing. If the tone of the audience drops I can immediately feel it and pick it back up with a change of song. Work on TR's has, of course, really been a help. I'd say that my performance has increased 500%. Scientology has made it possible for me to achieve the things I want to achieve through singing. I'd have never made it without my training and processing. And I'm still on my way up.

She made grade IV release at the Portland franchise, then Power and Solo at Saint Hill in England. Then she went to OT II at AOUK and OT III at AOSH DK. Now Barrie plans a bright future of the Briefing course and feverish dissemination through music.

O.T. Blows A Big Horn

One of the many happy memories of the Grand National Conventions was Bobby Shew, his orchestra, and trumpet. The road to stardom began for Bob at age 10 and included playing in such Orchestras as Tommy Dorsey, Frank Sinatra Jr., Woody Herman and Buddy Rich's big band. Bob worked in Las Vegas and then travelled as an accompanist for Robert Goulet.

When Bobby and his lovely wife Lisa, an excellent dancer in Las Vegas, discovered Scientology it was through Allen Kapulars franchise in Las Vegas. Soon they were grade IV releases and Bobby has gone on to Clear and OT III. He says "I'm looking forward to the day that all mankind wakes up and takes advantage of the knowingness and serenity one can have by merely looking and then duplicating L. Ron Hubbard's teachings. I now have answers to questions that many of us are afraid to ask, and I got those answers extremely easily by just being determined about it and then by doing

what Ron says to do. And the data I've gotten has made trumpet much easier and freer as a creative endeavor".

Bobby is currently back in Las Vegas as the band leader backing the Roger Williams show. His plans are to take time for the Saint Hill Special Briefing Course and OT Levels up through VII very soon.

PRESENTS
The October Congress

Why You Should Come To A Congress
By L. Ron Hubbard

SCIENTOLOGY Congresses have been going on for a long time. The first was in June, 1952, in Phoenix Arizona.

But ever since mid-52 there have been at least two Congresses a year.

A Scientology Congress is an experience. It is something you should not miss. It's held for you not for special Scientologists.

At a Congress you meet the Free People. In hotel rooms, in cafes, in lobbies, in the time-outs from packed Congress Schedules, you meet the guys like you who have been talking and living Scientology.

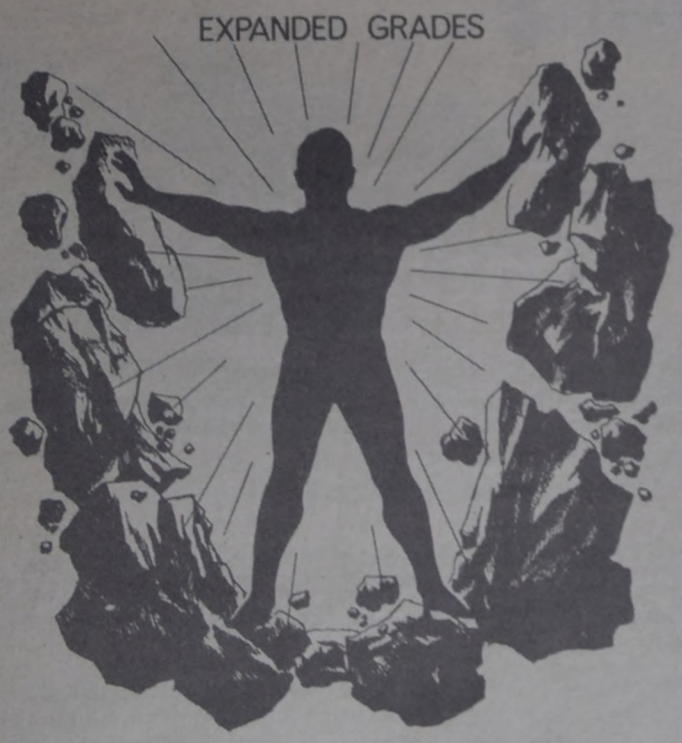

At a Congress you find the reality of how many we are. For everyone there is taking a Congress home to a lot of other people.

You're a lot less an only one after a Congress. You know we're a going concern, a potent force on Earth, indeed the only force that is doing something about it.

Who comes to a Congress?

Everyone and anyone. Women, men, yes and lots of kids, too.

A Congress Programme is designed to embrace the new and old. For there's always something new even for the old.

Congresses aren't just talk – they are composed of demonstrations, group processing, meetings, plannings.

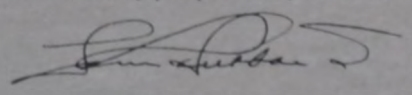

Congresses are vital milestones usually. The new data, the old data reviewed, the new results, all these are presented.

In England and the US we have worked out a Congress "drill" as precise as a clock, where all the staff have their posts and all the functions and actions are grooved. We've gotten awfully good at this. The bones don't stick out any more. We've handled thousands and thousands of people in Congresses. We know how to give one and how to show people a good time.

A Congress is for everybody. I make sure of that. And everybody comes. Some people bring friends who never before heard of Scientology – and they don't lose their friends, either!

We could say a Scientology Congress was the biggest show on earth – it is.

For here we show a lot of people like you the road out.

The October Congress for your area will be starting at 9:00 AM, Friday, October 23rd and continuing through Sunday evening, October 25th. It's a very important three day event.

Eighteen hours of superbly recorded tapes by L. Ron Hubbard are scheduled. These tapes eliminate the mysteries of Mankind. You wouldn't want to miss them, so don't. Ron has promised something special for us.

You should reserve your seat in advance as you save over 40% by doing so. Price in advance is $20.00 per person for the entire Congress. At the door it's $35.00. You may buy tickets in blocks of ten for an additional savings ($17.50 each in blocks of ten).

There will be an October Congress in your area, sponsored by your local Org. Contact them NOW to get your ticket (from the Bookstore) and to find out where the Congress will be held.

The Org addresses are on the back of this Auditor.

DON'T MISS IT!

SEE YOU AT *The October Congress*

The Psychiatrist At Work

Continued from page 2.

The psychiatrist if he handled his field well and did really effective work would have a declining insanity and crime statistic.

That the psychiatrist and his "technology" has been in charge during the whole period of these alarming statistic is ignored by governments.

The psychiatrist argues that he needs more money and more practitioners. But he gets money by the billion. The state has to totally support them because the public will have nothing to do with them.

Psychiatric care in a private hospital costs $30,000. $2,000 a month for board only is the price at Walnut Lodge in Washington DC, an average place. £60 a week is charged in England for a shabby room. "Care" is extra if it exists.

Psychoanalysis costs £9,000 for a full and ineffective course, takes 5 years, 30% suicide in the first 3 months.

Psychiatric treatment runs 5 times the total cost of every course, grade and action available in Scientology orgs.

SKILL LEVEL

Any Hubbard Apprentice Scientologist knows more and can do more about the mind than any psychiatrist.

There is no real level of comparison since psychiatry as used is a destructive technology.

Under a "drug treatment" engram you often find savage electric shocks of execution strength buried.

It is doubtful if one could watch an electric shock "treatment" without vomiting.

In "neurosurgery" the Ice Pick is used to rip and tear up peoples brains. Holes are drilled in skulls and the brain sliced up.

No evidence exists that this ever helped anyone but it makes incurable invalids.

Illegal seizure of anyone and his torture is legal in most "civilized countries".

MASTERS

The psychiatrist has masters. His principle organization, World Federation of Mental Health, and its members, the National Associations of Mental Health, the "American" Psychiatric Association and the "American" Psychological Association are directly connected to Russia.

Even the British Broadcasting Company has stated that psychiatry and the KGB (Russian Secret Police) operate in direct collusion.

A member of the WFMH sits on every major "Advisory Council" of the US government, to name one government.

Ministers of Health or Health Authorities are members of the National Association or the WFMH.

The psychiatrist has masters.

DOCUMENTATION

All these statements are the subject of total documentation in the hands of Scientology.

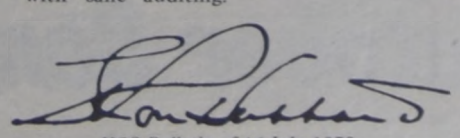

SUMMARY

The auditor in auditing uncovers considerable data in former psychiatric cases.

Further an auditor can put to rights a case so abused unless a fatal injury has been done.

As psychiatry circulates rumours about auditors and attempts to discourage the use of Dianetics and Scientology, it is only fair for the auditor to know exactly the status of psychiatry and psychology as used today.

It goes without saying that the savagery and fraud of psychiatry must cease and that auditors must encourage in state and public and through all his connections displacing psychiatric abuses with sane auditing.

Why Take the Class VII Course ?

Class VII Internship Supervisor, Sea Org Warrant Officer Rick Jones shares a laugh with Class VII Internship student Olivia Washauer.

On the Class VII Course the auditor's communication cycle is perfected to the diamond like brilliance needed to run the Power Processes. Only on the Class VII Course does the student actually run Power Processing until he reaches this perfection point. As the communication cycle is the basis of all auditing skill the Class VII is a master in his field and capable of cracking any case.

The Class VII Course is a quick (minimum of six weeks) internship where one also learns Case Supervising and folder programming and studies closely the relationship of ethics and the Qualifications (correction) Division to the tech itself.

Additionally the Class VII interne is awarded the Orgnaization Executive Course so he is fully conversant with forming and running organizations in which Standard Technology can be smoothly delivered. Thus he graduates a fully rounded Scientology practitioner.

Why take the Class VII Course? Because every auditor aims for perfection.

Prerequisites are Class VI or VIII and HDG. The tuition fee is only $ 500.00 (or $ 475.00 in advance). Inform the Advance Scheduling Registrar of your arrival date and send your check or money order today to ASHO, 2723 West Temple St. Los Angeles, California 90026. **Be a Class VII Auditor.**

Which of these books don't you have ?

Why Books?

Never before in the history of Man has so much data and information about the laws of the physical and spiritual universes (and their interactions and interrelations) been recorded by one man as in the works of L. Ron Hubbard.

For over 30 years Ron has been conducting intensive investigations into every imaginable area of human endeavor. His researches have taken him on expeditions to twelve widely-separated primative cultures around the world. They have lead him through an intensive survey of the endocrine system and to the extensive study of early writers and philosophers on the subject of Mankind and Epistemology (the investigation of the basis of knowledge). Ron was in the first nuclear physics class in the United States. Unlike his class mates who developed the atomic bomb, he applied his superior knowledge of the subject to the human mind.

During his naval career, Ron had the good fortune to know Commander Thompson. With Thompson's encouragement, and equipped with his own considerable personal experience in the Orient with phenomena not generally known in the Western World, Ron applied the scientific exactness of Engineering to research of the human mind and spirit.

The books on this page are only a few of the many volumes written by L. Ron Hubbard in the last 21 years. The full study of these books will reinforce the student's knowledge of Dianetics and Scientology and help to prepare one for upper level training and processing.

The data in these books is NOT "old" or "just historical". These books contain the basics of Scientology and Dianetics, as valid today as the day they were discovered. The data contained within these volumes is the very cornerstone of our technology.

Preclears should buy and study these books in order to understand auditing and what happens in auditing.

Students should buy and study these books because they contain all the basic data of Scientology and Dianetics and the basic mechanics of auditing and Case Supervision and the handling of beings.

Top flight Case Supervisors are required to thoroughly study these books in order to gain full data for Case Supervision.

Every Scientologist should own and study every book by L. Ron Hubbard.

Grades V and VA just flow from the Lower Grades. It's a beautiful [redacted]m just beginning to feel all the changes-Mest is much easier to confront. I can [redacted]e it smoothly, without the effort there used to be. My space is as big as I want it to be and I am here so much less dispersed all over my track. Affinity just expanded and there is little that I don't feel willing to have in my space and able to handle.

Somewhere along the line I seem to have lost a ton of mass and it feels so much more natural and calm without it. And very, very good. And everyone, all of you, are very, very beautiful. Did you know?

Thank you.

This is the grade where I discovered that I am. I am myself, not the sum of my experiences.

I make my own life as it is exactly and accept responsibility for it.

Had a beautiful cognition that I wish to Share.

I saw what Responsibility is all about. We can't blame anyone for anything that happens to us–thats all there is to it–thats what responsibility is. There is only a world out there of your own making. People don't do things to us we make them do what we want them to do... We are the puppeteers and it is our show.

WASHINGTON

We are all aware that the use of narcotics and other dangerous drugs is reaching deplorable proportions in the United States and throughout the world. Particularly alarming is their increasing use by our young people.

I have directed a major Federal involvement in the area of drug education. But the assistance and participation of civic groups and private citizens must strengthen and complement the work of Government.

I wholeheartedly commend the prompt and positive effort you have launched to turn the tide in an area that poses unparalleled threat to our society. May you have every success, and may the nation benefit from your program.

SUCCESS WITH APPLICATION OF TWO-WAY COMM !

The following report will be of interest to all Supervisors and Students. It was written by Merrill Mayo Class VIII C/S Internship Supervisor at AOUK.

"With the recent emphasis on 2 way comm with students, etc. I've really been applying that Hubbard Consultant HCO B and the Learning Processes from PAB 110 with great success.

"The most amazing responses occur on the Learning Processes, gorgeous cognitions and especially it helps wipe out bad past training and the all importance of the data and too much significance.

"I had one student who was driving bats with innumerable confusions and wierd cognitions and immense figure-figuring - it was so complex he came to me one day with "one" datum to explain the whole of auditing and everything wrong with the pc, - only he couldn't understand why we don't do just that one action - as he said, he had the datum that tech really was simple and this showed how really simple it was! Running the Learning Processes on him completely changed him and did that "unimportant" part bite!

"The students just love those processes.

"I've also found that 2 way comm (and I mean let the Auditor do all the talking) on an Auditor after he's goofed a session does more to help him fly right than any amount of pointing out and correcting his goofs does - they usually are in such an overwhelm of feeling bad and so much confusion that your correction doesn't sink in very well anyway, whereas afterwards, you've got someone there to correct.

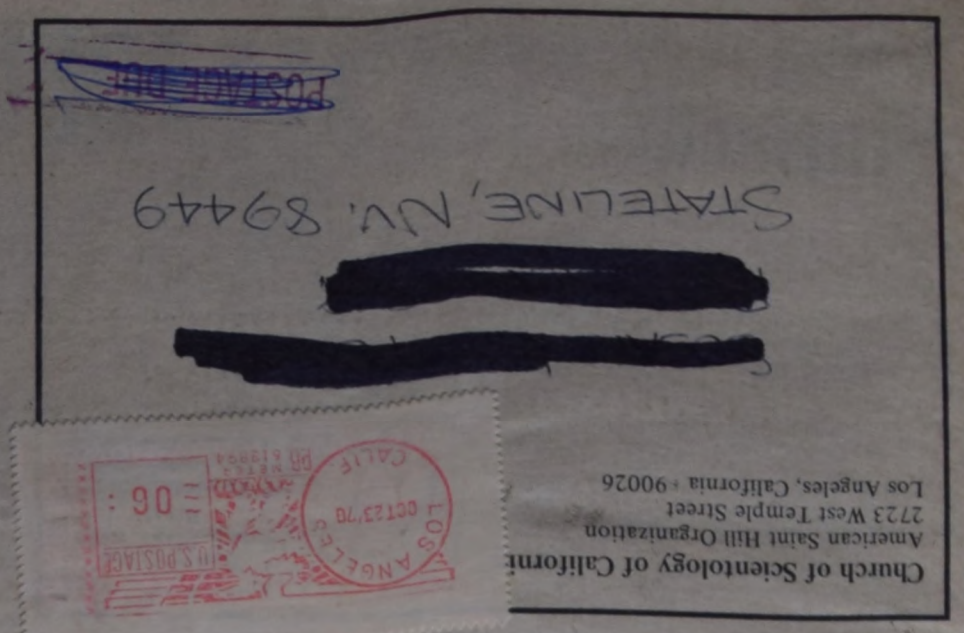

"I had a particularly recalcitrant auditor that I couldn't get corrected on one type of action, despite endless checkouts, demos and plenty of comm about, who, after a plain 2 way comm without me once telling him anything, did that same action beautifully the very next day and whose auditing has consistently been improving ever since.

"Obviously the importance of letting the student tell the supervisor can't be over-emphasized.

"I'm really thrilled with the success and improvements I'm having with these tools and I want to let you know about it. I'm a zealot for standard tech, and any way that improves getting it in is certainly valuable."•
