1970 The Year of Brilliant New Discoveries and the Full Use of Scientology Tech

JANUARY: Two powerful Advanced Courses helped usher in the new year of 1970 – the HSST (Hubbard Scientist of Standard Tech) Internship and OT Section III Expanded. Both were released in late 1969 by L. Ron Hubbard and were still exciting Scientologists around the world with their fantastic results as the new year rolled in.

FEBRUARY: LRH released data clarifying "Full End Phenomena" for Scientology and Dianetic Processing as Floating Needle on the E-Meter PLUS Very Good Indicators on the Preclear PLUS Cognition by the Preclear PLUS [in Scientology] Release on the process or [in Dianetics] Erasure of the final picture audited. This helped ensure preclears of full gains from any process and paved the way for a gigantic breakthrough in Scientology Lower Grade Processing a few months later.

MARCH: Ron released the newly discovered "Exteriorization Intensive" technology. Auditing past exterior ceased to be a barrier or problem to preclears and auditors around the world, and preclears who had been audited past exterior got huge surges in case gain when run on this new intensive.

APRIL: Once popular Group Processing and Live Auditing Demonstrations were again brought to the forefront in early 1970 to become an exciting part of many public events held during the year.

Also in early 1970 Ron had Course Supervisors around the world start using "Two Way Comm" on their courses. Previously, strict rules that Supervisors could not interpret or evaluate technical materials had been misunderstood to also mean Supervisors couldn't help a student who was having difficulty. "Two Way Comm", using whatever communication might be necessary to locate the source of the difficulty and blow it, gave Supervisors a powerful tool for handling students' problems with technical materials or course progress.

MAY: LRH released the first of his "Case Supervision Series", a series of HCO Bulletins which establish Case Programming and other invaluable Case Supervision data. This series marks an important advance in the standardization and ease of Case Supervision. The "C/S Series" makes it possible for any auditor to be trained to do excellent Case Supervision up to his level of training.

JUNE: From the Flag Ship, LRH released another item of vast importance – the June 1st, 1970, issue of the Classification, Gradation and Awareness Chart. This new issue of the Gradation Chart lists fully every technical process to be run on Expanded Lower Grades (118 processes !) and clearly outlines THE Bridge to Total Freedom from Life Repair to OT VIII.

JULY: In a lonely corner of the Universe a planet called Earth glowed with excitement as thousands of its happiest and most able inhabitants gathered in Los Angeles, California, for L. Ron Hubbard's Grand National Convention. Ron sent his beautiful and able daughter, Diana, and top Class VIII auditing son, Quentin, to release to the delegates the news of fantastic Expanded Lower Grades.

AUGUST: As Training became "the economical way to get lots of auditing and get trained at the same time", and with all prerequisites removed from the Saint Hill Special Briefing Course and Academy Levels, and with special bonuses established for going the Academy Route to the Briefing Course, Orgs' Academies and the Briefing Courses at Saint Hills began to fill up rapidly. Training truly became "the thing to do".

Later in August, Ron established the Auditors Association, the fast expanding Association for all Auditors, at every official Hubbard Scientology Organization in the world. The Association's purpose is to help field Auditors with their training and processing and to help put Dianetics and Scientology into power in the community.

SEPTEMBER: "OT VII Released" were words that flew from Scientologist to Scientologist at super speed as L. Ron Hubbard brought the Bridge to Total Freedom within one last giant step of full O.T., where a being gains the ability to be at cause, knowingly and at will, over thought, life, form, matter, energy, space and time, subjective and objective.

OCTOBER: "New Power", released by LRH in October, put Power Processing on the launching pad from where it can most effectively be delivered to every Grade IV Release. New administration and testing procedures, backed by top flight Flag trained Power Auditors (Class VIIs and VIIIs) ensure that every Power Preclear gets full expanded gains from New Power. Run with all the tech ever developed on the level, it is "Life itself" (LRH), and one achieves the state of "homo novis", far above the average human level.

Ron's October Congress, held around the world simultaneously at every Org, brought thousands of Scientologists together to hear Ron talk about Tech and Livingness on eighteen hours of brilliantly recorded lectures.

In October LRH also released new data about the "persistent F/N", the bug behind "Quickie Grades". A persistent F/N is a floating needle which, due to the power of Scientology Tech, persists from the end of one process to the beginning of another and so gives the illusion that the preclear is released on the second process. Now Auditors will not audit a preclear on a new process while he still has a dial wide persisting F/N. This ensures full gains from every process for the preclear.

NOVEMBER: With "new Power" came an expansion and revitalization of the elite Class VII Internships at the Saint Hills. The VII Internship is the only course which teaches the full administrative, ethics and technical procedures, including polishing the comm cycle of the auditor to diamond-like precision, and which gives the actual practice-practice-practice which are all necessary to the absolutely perfect application of Ron's precision Power Processes. The expansion of the Class VII Internship strengthens a part of the Bridge across which every being on this planet will cross – Grades V and VA.

DECEMBER: Merry Christmas ... and a happy O.T. year of Training and Processing to you in 1971.

Grade V&VA New Power Release

We hereby proudly announce a new, dynamic, revolutionary Grade V and VA is now available at your American Saint Hill Organization.

Ron has taken Power Processing and with skillful exacting precision, refined its administration.

Power Processing was first publically released by Ron in May 1965 at Saint Hill in the United Kingdom and the gains achieved over those five years are valuable and remain valid to this day. Now in the year 1970 a new administration for Power has been discovered making smoother application and results than ever before to further guarantee you the abilities and awareness attained at Grade V and VA, priceless to your route to Clear.

The ability to handle and control power has been a mystery for eons. Kings, dictators and men alike have fought and died for it, yet its ancient secrets remained undiscovered. Ron captured its very essence and released these gains available to you since 1965 for the first time in this universe.

Truth, freedom and power are no longer dreams of men upon a desperate Planet. These things are no longer illusions, they are here waiting for you in truth and reality at the end of the Bridge.

Power Processing is in truth a key step upon a very real Bridge to Total Freedom. We are in no way overestimating the situation.

Your Power Processing will be audited by a specially Flag trained Class VII or Class VIII Auditor with free before and after tests to make sure you get your results !

We are offering NEW POWER with no price change whatsoever. Grade V Power Processing is $500.00 per 25 hour Intensive. A minimum of two 25 hour Intensives are required. Grade VA Power Plus is $200.00. That makes the total price $1200.00. Payment in advance gives a special discounted total price of $1140.00.

All Grade IV Releases are eligible NOW for New Power. You need nothing else but your Grade IV Release. Expanded Grades and Dianetics are no longer mandatory. There is nothing stopping you from releasing your own natural power right now. Just come to ASHO for at least a week.

Contact: The Registrar, The Church of Scientology, ASHO, 2723 West Temple Street, Los Angeles, California, 90026, now to enroll. Send your check in now to take advantage of the special advance payment discount (save $ 60.00).

Do what Ron says; Come to ASHO for New POWER

Full Speed Ahead

by L. Ron Hubbard

The following message was sent by Ron to the attendees of the October Congresses:

Here on Flag I have been working ceaselessly to smooth out tech and its delivery. Flag is mostly concerned with research, auditing and training which we send to you directly through your local organization.

Standard Dianetics has re-started a boom in most areas of the world. Fully and correctly used in conjunction with Scientology rudiments and repairs Dianetics can mean the end of 70% of the worlds physical illness. Standard Dianetics is just getting into its stride. I am working from Flag to speed up its training and correctness of application.

At Flag VIPs coming to us are raving about the miracles we are producing on them using Dianetics and the repair and rudiments of Scientology. Everything we are using is available to you at your local organization. The road up and out is wide open.

In 1969 I developed and released standard Dianetics and sent out special instructors trained at Flag to all main areas to make sure it was gotten in well. In 1970 I have worked hard to develop and release the technology of Case Supervision and proved it out and released it to orgs and an advanced org course. And in 1970 have re-developed and re-planned all Lower Grades and released a new Class and Grade Chart. This completes all tech from street to Dianetics to Lower Grades to Power to Solo to Clear to OT VI. In other words full tech and full results are now available.

To celebrate this completion of tech I have now also released OT VII which is available now at advanced orgs.

So I have been very busy on Flag making sure it was all there all complete and all workable for you. It is now necessary to get out orgs in full operation and get them supporting the field so that we can expand. Problems like books and meters are well in hand and being handled at continental level.

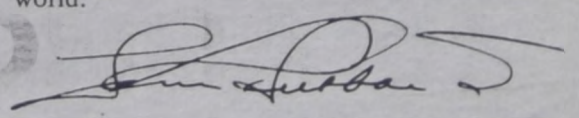

We have come through a very rough twenty years.

It has not been without its effect on us. But so far as any real danger is concerned the enemy is dead. His last efforts were pitiful. We are now operating on a policy of full speed ahead and we are making it.

So welcome to this Congress, my dear friends. I wish to thank you for coming. And I wish to thank those of you as well who have stood by and who have contributed to make this a better world.

Our mark is on this planet.

I can tell you in all truth it will be a better world.

Elite Class VII Internship REVITALIZED & EXPANDED

Class VII Internship Supervisor, Jon Rappaport, Class VII Auditor, stands (right) with several Class VII Interns before a crowd at an ASHO Friday Graduation. Over 50% of those attending raised their hand when Jon asked who was planning to take the fantastic Class VII Internship.

Ron has given us fabulous *NEW POWER*. The wins that New Power Releases have been getting are really fantastic. A rocket at blast off has been likened to the feeling a New Power preclear gets as he soars to his new ability to handle power.

Not only is ASHO experiencing a flood of people wanting New Power but New Power has brought something with it - there is a new interest in that *only* course which fully trains an auditor to flawlessly audit the highly precise Power Processing.

For eons Man has sought to understand the mysteries of power. Now many students and auditors, especially those around ASHO, are becoming more aware of the fantastic adventure in store for those who understand the secrets of Power and who can safely and exactly guide a Power Preclear across this important part of The Bridge to Total Freedom.

And only on the Class VII Internship at a Saint Hill can a student learn the full administrative and ethics procedures plus the exact and highly precise auditing technology plus get the actual practice, practice, practice that leads to the know-how it takes for perfect delivery of the famous Power Processes, the most precision process in all Scientology !

Only a few moments after first opening his "power pack", a new Class VII Intern becomes aware that he has in his hands the data for which Man has been searching for thousands of years.

As part of his course a VII Intern studies the case folders (of Power Preclears) which were case supervised by LRH himself in 1965 when Ron first began the elite Class VII program at Saint Hill, England.

After extensive theory training, practical drills, and doing TRs "to within an inch of one's life", VII Interns move into actual auditing, under the close supervision of the Class VII Internship Supervisor.

When a Class VII Intern can audit three preclears in a row to Grades V and VA absolutely perfectly, he becomes part of ASHO's precision "Case Cracking" Unit in Review. There he learns how to crack any case. ("Case Cracking" means successfully resolving those aspects of a persons case which previously had been major stumbling blocks to the person and perhaps to lower classed auditors.)

Next on the fast moving course, the VII Intern trains under a Power Class VIII (a Power Class VIII is a Class VIII Auditor who is also a Class VII) Case Supervisor to learn the "art" of case supervision.

The Intern also completes the Org Executive Course as part of his adventure. When he has finished his dynamic six to ten week program, he returns to his Org or Franchise as a diamond polished Class VII Auditor. His auditing tech has been refined to hairline precision for all Lower Grade auditing as well as Power. He knows the full administrative and ethics procedures for fully efficient delivery of the tech. He is a truly invaluable asset to Humanity.

He is an elite Class VII Auditor, the most precise auditor in the world and along with the Class VIII, the most respected.

It's going to take a lot of Class VII Auditors to build a better Bridge. All roads up and out to Clear and O.T. go through Power Processing. Only auditors who have taken the Class VII Internship can be depended upon to have the polished tech necessary to move a preclear flawlessly through POWER.

Dean Regan and Dinah Christie, on stage at the Celebrity Centre in Los Angeles, where they recently performed together for a week while working on OT Sections at AOLA.

A Pair of OTs Make Canadian BigTime

Dean...

No one in the audience at Celebrity Centre in Los Angeles would have believed that the smashing performance they had just witnessed started with a man who thought he was a failure just two years ago. Only Dean Regan would have believed it. He was the man who had thought of quitting. Then came Scientology, introduced to him by a well known Canadian Folk Singer, Al Cromwell.

Things really changed !

Dean went to the Vancouver Scientology Mission and began devoting twelve hours a day to his new interest– the Hubbard Standard Dianetic Course. By the time Dean became HDG and Grade VA Release at ASHO the world was a different place to live for him. He was now being acclaimed as – "The Theatrical Find of the Year".

Although Dean is famous as a performer, he feels very deeply the responsibility he has toward his audience. "Artists are leaders - it is up to us to give people something to reach toward. Not the restimulative entertainment of today."

When asked about his new abilities and certainty as an OT entertainer (Dean is now OT VII !), Dean smiled broadly and described his adventures with the piano, "Now, I don't hesitate to do something new, I just do it".

Dean recently finished smash runs of Wizard of Oz and Hello Dolly in Canada. He also performs regularly at Toronto's Celebrity Centre, currently being run by his dear friend Dinah Christie.

...and Dinah

The sun was setting behind the island, gleaming gold on the quiet waters of the harbor. At anchor proudly rode the Bolivar, U. S. station ship of the Sea Org. On her decks a busy crew and other guests paused and watched as a woman dived gracefully into the water.

Were this a movie set it would not have been a surprise, for the lovely diving lady was none other than Dinah Christie, star of Canadian T.V. and Stage. Thousands have grown to love Dinah on her show, "Party Game", a five-days-a-week charade program on Canadian T.V.

Asking Dinah if Scientology has helped her career isn't necessary. She quickly informs all persons she meets of her gains as a Scientologist.

She says, "Before Scientology there were so many things pulling me in-like fears from the past and hopes for the future, that I wasn't really *there.* Scientology has given me total confidence in myself, And my communication lines are so clean now. I can feel it in every show. About the most pleasant thing about it is, I live *totally* now. There's no way I get bored with a show, because it won't be the same thing as yesterday. Each time, its really new. It's only now".

Dinah heard of Scientology from her actor friend Dean Regan in Toronto in 1968. Since then, Dinah has moved right on up to OT III expanded. Her training began in the Vancouver Mission where she became an HDC, HDG, and did the Ministers Course. She has started on Level "O" of the Toronto Org Academy.

Dinah finds her future very exciting as she is soon going on the road with "Oh Coward" a Noel Coward revue to tour the U.S.A. which promises to be a broadway smash hit. Next on her agenda is another T. V. show, co-hosted by Leonard Cohen, a singer-poet of re-known. The format: Music and talk, maybe some comedy. She plans to continue her future Scientology training when "Oh Coward" comes to L. A., where she will do the Saint Hill Special Briefing Course, Class VII Internship and then Class VIII Auditor Course. She also plans to arrange her future in entertainment to allow time for the Flag Executive Briefing Course, within a couple of years.

LA Auditors Association Expansion

With membership on a steady rise (now over 250), the Church of Scientology AUDITORS ASSOCIATION of Los Angeles, California, continues to move toward it's major purpose: to put Scientology into power in the community of Los Angeles.

Association Secretary, Louis Jordan, reports co-auditing on an increase as local auditors "give as much as they get" to get their cases in shape. The Auditors Association is also launching an "auditors pool". Here a person offers his service as an auditor, then when he audits another he is credited with an equal number of hours "on the books". At a later date, when his case requires auditing, another auditor in the pool will audit him.

Also popular at the weekly Sunday night meetings are study and checkouts on the latest HCO Bulletins, TR practice, and live as well as closed circuit T.V. auditing demonstrations.

One of the first community projects the Los Angeles Auditors Association will be undertaking is to offer the 30,000 teachers in the Los Angeles area the "study course". This will be an intensive study program using L. Ron Hubbard's many superbly recorded lectures and written materials on "study". Staff for the project will be members of the local Auditors Association. The program should be in full swing before the start of the new year.

According to Suzanne Glasgow, Association Registrar, this is just one of the many exciting programs to be activated in the Los Angeles area under the auspicies of the Auditors Association.

AOUK Moves To Saint Hill, England

Hard working staff members helping to move AOUK into its new quarters at Saint Hill.

Monday, August 17th, 1970: Excitement swept the Saint Hill (England) Chapel that morning as Lt. Phyll Stevens of the Sea Org announced to a crowd of enthusiastic Saint Hill students and staff the news that the Advanced Organization United Kingdom ("AOUK"), which had been located in Edinburgh, Scotland, was being moved to Saint Hill in East Grinstead.

The entire move was accomplished within a short time and by the 23rd of August the AO was fully settled in and delivering services in its new Saint Hill quarters.

The move was made to give an even greater accessibility to British and European Scientologists going up through to Clear and the Advanced Courses.

ound The World Ne\

Willie Benitz, of Narconon, with John A. Burns, Governor of Hawaii, discussing Narconon.

NARCONON Success in Drug Rehabilitation

For many years, man has struggled under a rising statistic in the area of drug addiction.

Now something is being done to turn the tide. In 1966 Willie Benitez, inmate at Arizona State Prison, gathered around him a small nucleus of men dedicated to Willie's dream, a program using L. Ron Hubbard's technology to handle the addiction problem.

By studying the standard Hubbard Apprentice Scientologist Course, Hubbard Qualified Scientologist Course and Anatomy of the Human Mind Course, members of Narconon learn to apply Scientology tech to life. With Narconon they can look to a future life without drugs. With the ability to communicate.

To quote a couple of the men within Arizona State Prison:

"I can confront my work now. I don't have a supervisor on my job. I know the responsibility of that job and can control it from day to day. I sometimes don't feel like doing simple things, and then I say to myself, Be at cause, and once I start the cycle, I now complete it".

Roberto Gallardo

"TR O has helped me to understand that this world has a place for me. Now its not hard to look someone in the eye and ask them things".

Rollie Lawson

These are only two of many successes Narconon men are having. Now from the original twenty the group has grown to over one hundred. Officials in five other states have the Narconon program under consideration for potential implementation in their prison systems and a national television network has been looking at the Narconon program in Arizona State Prison with the idea in mind of a possible film documentary production for nation wide showing.

Indicators such as these strongly suggest that Narconon is on the verge of a rapid, nation wide expansion. As Narconon is without funding from the government, most of its workers in other states will be Scientologists who are willing to put in the hours of work necessary to make the program a success in that locale. The successful history and exceptional accomplishments of Narconon are another fine example of the high workability of Scientology applied to the problems of our society.

For more information about Narconon, contact the Assistant Guardian of your local Church of Scientology.

The Incredible String Band

Today's music is characterized, at its best, by originality, poetry, freedom, and "togetherness". By these standards, by almost any standards, the group which is currently making one of the most vital contributions to music in the world is a keyed-out quartet of OTs aptly named "The Incredible String Band".

Mike Herron, Robin Williamson, Licky McKechnie and Rose Simpson, who make up The Incredible String Band, are all Clear and OT II. Robin and Licky are currently working on OT III Expanded.

Having heard about Scientology and read and used such books as "Self Analysis" and "The Fundamentals of Thought", Mike, Robin, Rose and Licky decided to give auditing a go. In November of 1969, Mike, Licky and Rose had their first sessions in London, going as far as Grade IV there. Robin followed in May, also in London. Licky had Power Processing in the U. S. in June of 1969 after completing the Hubbard Standard Dianetics Course in London. Mike, Rose and Robin received their Power Processing in April and May of 1969 at Saint Hill. All four then did the Solo Course in Los Angeles that summer at ASHO.

Licky was the first of the Group to go Clear, in Edinburgh at the Advanced Org in July. Then Robin went Clear there in August. In August, also at the AOUK, Mike and Rose made it an all-Clear group. Since then, in spite of a busy, international schedule, they have all completed the first two OT sections. The Incredible String Band has many successes to its credit, including several LPs-5000 Spirits or the Layers of the Onion, The Hangman's Beautiful Daughter, Wee Tam and The Big Huge, Big Ted, I looked Up. Recently they had a very successful tour of the United States. This tour marked the group's first venture into experimentation with theatrical forms in the shape of a musical pantomine entitled "U".

This production had its debut in London, then New York, followed by six weeks tour through Boston, Philadelphia, San Francisco and Cincinnati. A result of the tour has been another sure hit album as well as a tentative offer to write a film script. Robin is working on a script for a major U. S. film company now.

Plans for the busy future for the Incredible four include a tour of England in October, performances in Europe and, naturally, more albums to come.

Robin sums up the groups success with Scientology: "The thing I dig about Scientology is that it works-it's actually doing what it says. It says it's providing a bridge to freedom and that's what it's doing and I don't think anyone could ask any more than that".

★ Flag Executive Briefing Course Success Story

I remember the first glimpse I had of the Flagship—sitting alone in the harbor on a hot, sunny afternoon in June—gleaming white in the sun and proud in the water. And I remember stumbling aboard her for the first time, wondering what was in store for me and looking at the faces that were watching me stumble aboard.

That was the beginning of the most rewarding, warm, wonderful experience I have ever known. It is like an educational paradise—cruising, visiting beautiful ports, a cabin, dining in the officers restaurant, and lots of good fun. But even more, it's the people. You are living and working with the most powerful, upstat beings on the planet—they help you, teach you, guide you, listen to you, laugh with you and love with you. They care about you. And believe me, you learn to care about them.

I think what I've mentioned so far was worth the money I paid for the course. Thousands spend more each year for "cruises" and vacations of less duration, less excitement and far less enjoyment. And I can say with no reservation that they waste their money. But 90 percent of what I got at Flag was TECH—the full scope of Ron's 3rd Dynamic Tech in every aspect of its use, starting with a full grasp of all policy on The Org Exec Course and then a series of seven highly specialized courses that cover in detail the theory and practical aspects of applying that 3rd dynamic technology to a group—any group—but particularly a Scientology Organization. Result? I can run an Org—from top to bottom, start to finish, backwards, forwards and completely. I **know** the data; it is **mine**. And I will never lose it. And I am here now to put this knowledge to work for you in the New York Org—so that you can come in and get what Ron has promised us all—total Freedom, through 1st Dynamic tech. And again believe me, it works! The auditing you get on the F.E.B.C. is superb—complete case handling to the level you have attained, right there where LRH can see your folder, and when you are through, you are really **free**! Every goof ever made is corrected, everything you need is handled, and you come out flying. It's tremendous. And it's fun.

Lastly, there's the Commodore. I remember sitting on the Promenade Deck one night when the Commodore came by, and he stopped for awhile to talk to us about a three masted schooner that was docked up ahead of us, a naval training ship. The night was warm and clear, and the space so safe and big and clean, that from that point on I knew I would never be trapped again. A "hello" from the Commodore is like going clear all over again. And knowing that he's in there, every day—reading his new writings, seeing him, listening when he speaks—well, he suddenly becomes very real to you. And you know that here is a being who has given everything he has to the freedom of every being in the universe and you know that you have to help, too. And so you do, because all too soon you are through the course and out the top—and it's time to return to your org or your area. And surprisingly enough, it's not hard at all. I was bursting with excitement myself, as I left the ship, anxious to return to New York and share what I now had with all of you.

As I stood on the dock, I took one last long look at the Flagship before I turned to start my new cycles before me.

And there it set, proud in the water, gleaming white in the sun on a hot, sunny morning in early September—and a lump rose in my throat, and joy swelled up inside me and burst out over all the area—the joy of love, given and received, and the peace of knowing.

And without stumbling a bit I turned and headed for the airport. I had a new job to do.

New York Org hosted over 300 Scientologists at the Roosevelt Hotel for the October Congress. Entertainment was provided for all ages by the talented, Amanda Ambrose. Org staff also arranged for Amanda to appear on the Joe Franklin show where she read the Code of Honour. Amanda also spoke at the "Black students for Science and Medicine" Congress.

New York PRO, Elyse Aronson, also writes about a puppet show-Scientology style. It was arranged for the "playhouse in a box" group to do three all day puppet shows in Central Park. The puppets led the 1200 strong audiences through many happy group processing sessions. The program was so well liked, that commissioner of parks, Joseph Halper, asked Org officials to make it a regular part of the cities park program.

CLEAR – A being who is at knowing and willing cause over mental matter, energy, space, and time, as regards the first dynamic (survival for self).

DIANETICS – The precision technology of the mind. It means through thought or mind. It is the technique and practice of Pastoral Counseling.

EXTERIOR – The state of the thetan being outside his body. When this is done, the person achieves a certainty that he is himself and not his body.

F/N – (Floating Needle) this is a needle manifestation of the E-Meter of great importance, as it indicates the preclear has reached a state of Release and is the end point of any process.

FLAG – Flagship of the Sea Org.

GRADE – An award made to a preclear in the form of a certificate for having attained one of the eight States of Release or the State of Clear. Each Release is a distinct and separate step toward greater levels of awareness and ability.

HAS – Hubbard Apprentice Scientologist.

HQS – Hubbard Qualified Scientologist.

HSDC – Hubbard Standard Dianetics Course.

HCOB – Hubbard Communication Office Bulletin.

PE COURSE – Personal Efficiency Course.

POWER PROCESSES – The processes audited only by Class VII Auditors which make Grade V Power Releases.

PROCESSING – That action or actions, governed by the technical disciplines and codes of Scientology, of administering a process to a preclear in order to release or free him.

PRECLEAR – This term covers anyone who is not clear; however, it is principally used to describe a person who, through Scientology and Dianetic processing, is finding out more about himself and life.

SCIENTOLOGY – an applied religious philosophy, dealing with the study of knowledge, which, through the application of its technology, can bring about desirable changes in the conditions of life.

SOLO – Solo Audit course – Non-professional route to Clear. Training to be able to audit oneself to Grade VI Release. This course gives no auditor certification.

STANDARD – A definite level or degree of quality that is proper and adequate for a specific purpose.

TECH – Technology – The methods of application of an art of science as opposed to mere knowledge of the science or art itself.

THETAN – The person himself - not his body or name, the physical universe, his mind, or anything else; that which is aware of being aware; the identity that IS the individual. (From Theta (θ), the Greek symbol for "thought" or perhaps "spirit").

The Editor of The Auditor
are welcome.
Write care of ASHO,
2723 West Temple St.,
Los Angeles, Cal. 90026

You can always write to Ron about your case or problems.

"All mail addressed to me shall be received by me.

A message box shall be placed in all Scientology Organizations so that any messages for me shall be received by me.

All HCO Personnel and Scientology Personnel should not discourage communication to me. I am always willing to help. By my own creed, a being is only as valuable as he can serve others."

Focus On Success

Taking the Briefing Course at ASHO is [illegible]ost fantastic thing I've EVER done. [illegible]y wish more people knew what I'm talking about. I write home almost every day, telling someone to get out here. It really is the most important thing they can do. This data is fantastic. AND IT WORKS, not only in auditing, but in Life.

Audrey Sharp
SHSBC Student

I can't believe how powerful Ron's Group Processes are ! I've never experienced the "now-ness" of things and the validity of my beingness like I just did in the Group Processing Ron gave us.

Mike Cook
Recorded Group Processing by
LRH at The October Congress

HA HA !
New Problem ! I discovered that my smile was getting so big that my face wouldn't hold it !

Mike Butte
Grade IV Release

Until now, I was missing a major span on The Bridge we have to take us all to total freedom, and let me tell you, it is fantastic ! The precision training at Class VII results in a great pride of personal excellence I have not seen elsewhere. After seeing the pc's coming through so beautiful and the Auditor equally shining, I can hardly wait to start auditing.

Connie Baaska
Class VII Intern

Having auditing know-how is having Life know-how. You can live by this data, and apply it to Life. I'm happy.

Wendy Budlong
Class VI, HSDC Student

Regaining the power to act on my own determinism and being free from dramatization (as the Gradation Chart says) is the finest thing I have ever done for myself. And for all of us. Being this alive is very good indeed.
