DIANETICS

by L. Ron Hubbard

Dianetics and Scientology may be a century ahead of their times but still they are just in time before we all go up in smoke

DIANETICS means "through the mind" [Greek: "Dia" – through, "noos" – mind].

It is the first fully precise science of the mind. The world before Dianetics had never known a precision mental Science.

Dianetics was first conceived in 1930. A long research in ancient and modern philosophy culminated in 1938 when I discovered that the common denominator of all existence was SURVIVE.

Dianetics was first publicly released in 1950 [with the book *Dianetics, the Modern Science of Mental Health*] and has been increasingly successful since that time.

Dianetics was the basic discovery which led to and was the reason for Scientology. In the early '50s new discoveries concerning the spirit brought us into Scientology.

But Dianetics was never lost sight of and every little while I would push it further ahead toward a fast, easy 100% workability.

The present day release of *Standard Dianetics* is near final product.

WHAT DIANETICS DOES

Physical illness, aches, pains, continual exhaustion, body malfunctions are created or held in an unchanging state by the mind. This is called psychosomatic (psycho - spirit, somatic - body) illness. It has been known about for a century but there has never been a positive remedy before Dianetics.

The actual source of psychosomatic illness has been located in Dianetics.

Auditing (it means to listen) is a term given to the application of Dianetics.

No drugs, no hypnotism, no mechanical treatment is used.

The end product of Dianetics is a well, happy, high IQ human being. It does not attempt and should not be confused with the end product of Scientology which is spiritual freedom.

DIANETICS vs SCIENTOLOGY

Though they hold in common certain basic tools, Dianetics and Scientology are not identical subjects and their technologies are not the same.

But the early days of Dianetics were the early beginnings of Scientology. Dianetics is the route from aberrated (or aberrated and ill) human to a well, happy, high-I.Q. human being. This breakthrough had never before been achieved in Man's history. Scientology is the route from there to total freedom and ability as a spiritual being.

THE "REACTIVE MIND" DISCOVERED

In early Dianetic research the human mind and basic human character were found to have been most grossly maligned because Man had not been able to distinguish between irrational conduct derived from another, far more vicious source.

The *Reactive Mind* was discovered. It had managed to bury itself from view so thoroughly that only inductive philosophy, travelling from effect back to cause, served to uncover it. The Reactive Mind is a portion of a person's mind which works on a totally stimulus-response basis, which is not under his volitional control, and which exerts force and the power of command over his awareness, purposes, thoughts, body and actions.

AND "ENGRAMS"

Stored in the Reactive Mind are *engrams*, and here we find the single source of aberrations and psychosomatic ills.

These engrams are a complete recording, down to the last accurate detail, of every perception present in a moment of partial or full unconsciousness.

The Reactive Mind comprises an unknowing, unwanted series of aberrated computations which bring about an effect upon the individual and those around him. It is an obsessive strata of unknown, unseen, uninspected data which are forcing solutions, unknown and unsuspected, on the individual-which tells you why it remained hidden from man for so many thousands of years.

THE FIRST PUBLIC BOOK

The isolation and resolution of the Reactive Mind was a major breakthrough for man.

The exact moment of the breakthrough is recorded at the public level with the book. *DIANETICS: The Modern Science of Mental Health.*

This book burst on the western world in May 1950, shot to the top of the leading "best seller" lists and stayed there, and stayed there. It still sells more copies around the world than the average best seller in any given year.

BEFORE 1950

In thousands of years before 1950 there were many philosophers and much knowledge was gathered in the field of mathematics, electronics and the material sciences.

However, due to ideologies and political conflicts, little of this prior knowledge was ever applied to the field of the human mind.

The scientific idea of regarding as a truth only that which could be demonstrated with a result was never really applied to the mind.

"Researchers" in this field were not fully trained in mathematics, the scientific method or logic. They were interested mainly in their own private ideas and in political targets.

Man has used mental knowledge in the past mainly for control, politics and propaganda.

OTHER "MENTAL THERAPY"

Various forms of "mental therapy" were in existence before Dianetics.

Psychology and psychiatry were developed chiefly by a *Russian* veterinarian named Ivan Petrovich Pavlov (1849 - 1936). His basic principle was that men were only animals and could be conditioned and trained much like dancing bears or dogs.

This work was intended only to CONTROL people and so has found great favor with certain rulers and upper classes. None of the activities of psychology or psychiatry were designed to help or cure, only to control the masses.

The Western nations overlooked the fact that this work had already destroyed several countries (including Czarist Russia) and that Stalin had made Pavlov write up his work in the Kremlin in 1928 in order to permit the control of men.

The West at that time was run by only the "very best people" and possibly it pleased them greatly to think that the masses they controlled were only animals after all. That this also made them animals did not occur to them.

Using the mental studies of an enemy is a very dangerous thing to do.

Psychoanalysis was developed by an Austrian Jew, Sigmund Freud (1856-1939). His occasional successes served to point out that there was a possibility of solving psychosomatic illness through addressing the mind. His concentration on sex gave psychoanalysis considerable popularity.

THE COLD TRUTH

The results of psychiatry are physically damaging, consisting of various brutalities and often injure the patient for life or kill him outright. There have never been any cures listed or claimed for psychiatric treatment as its interest lies only in control. The cost is about $2000 a month often for years in America.

Psychology is mainly used for testing aptitude or intelligence. It has counseling as part of its activities but it is more concerned with and financed for warfare.

Psychoanalysis requires up to five years for an

uncertain result and costs about $20,000.

Dianetics requires only a matter of hours [about 100], and only helps and does not injure anyone. It costs about $25 an hour in the U.S. [The Hubbard Standard Dianetics Course, which includes all the Dianetic auditing a student wants from other competent students at no additional charge, costs only $500 total in the U.S.]

THE "HEALING" MONOPOLY

The two subjects Psychology and Psychiatry have bitterly contested any healing subject and use public media, governments and rumor to forward population Control. This action has often made it difficult to bring bonafide mental health to the people.

In some area, mainly the U.S., it was illegal to heal or cure anything. There was even a law in California giving 25 illnesses that were against the law to cure. The "Better" Business Bureau in the U.S. even issues pamphlets that state "You can always tell a fake healer because he says he can cure something".

Why a civilization would make it illegal to cure illness can only be explained by some vested interest making more money out of people being sick than getting people well.

Man should not be kept ill just to let a few have a monopoly.

In almost all other countries than the U.S. there is no restriction on healing despite monopolistic efforts to make one.

DIANETICS AND MEDICINE

There is no quarrel between Dianetics and general practitioners of the medical profession. They both have the same purpose (to make people well) and are not political. It is freely admitted in Dianetics that physical illness than can be effectively treated medically should be so treated. Auditing will not set a broken leg or deliver a baby. But it can help get the leg healed in two weeks instead of the usual six and after effects of childbirth do not exist when Dianetic auditing is also used.

MAN'S STRUGGLE

Man is being subjected to fantastic and violent efforts to lure or crush him into docility. This is the obvious end product of Russian and East European technologies now heavily financed and supported, unwittingly, by Western governments.

Man's response to this is riots and civil disorder in universities, unions and streets. Man does not accurately trace the source of his oppression. He is violently worried.

The government response is more millions to psychologists and psychiatrists to develop new means of control and oppression. What has not worked in the past is not likely to work in the present or the future.

Dianetics is not only the first mental science developed in the West. It is the first mental science on the planet that uniformly produces beneficial results.

Dianetics has progressed from the pre-Dianetic period of no science of the mind, to the existence of a real science of the mind, to a fast accurate science simpler than any other scientific subject and of more value to Man.

All this advance has been hardly won, without government billions, in the teeth of avalanches of lies and opposition.

The subject owes no allegiance to anyone but itself. It has no commitments to anyone. It has no politics. It belongs to those who use it.

DIANETICS MAKES A SANE SOCIETY

Dianetics refuses to be a revolutionary activity. It does not have to be. All it has as a mission is to get itself *applied*.

The basic building block of a society is the individual. From individuals groups are built. And this is the society. No society is better than its basic building blocks.

Men are *not* animals.

Well men are sane men.

Dianetics, if applied to individuals in the society, brings hope, and well and sane beings.

These well and sane beings, sent on to Scientology, than become brilliant and very able beings.

We are evolving Man to a higher state.

In this state he can better handle his problems.

We are not trying to overthrow anyone. We are not revolting against anyone. In truth we can even make the fancied "very best people" into actual very best people.

CULTURAL LAG

The reason why Dianetics and Scientology were abused or even fought has to do with what is called a "cultural lag".

This has often occured in the history of technical developments.

An example is Dr. Semmelweis's discovery of the cause and cure of childbed fever. For over half a century after that women still died in agony after childbearing. Eventually the culture caught up to it and the illness which had accounted for a huge percentage of female deaths ceased to exist. Dr. Semmelweis's discovery of its prevention was "ahead of its time." Pathetically, scoffed and disbelieved, he even died to prove he was right.

The radio telephone was invented and demonstrated half a century before it was generally used.

Cultural lag occurs for many reasons.

In any field as retarded as the human sciences the emergence of Dianetics and Scientology, full and workable and complete, is startling. And thereby subject to disbelief.

This does not mean they aren't used and useful.

It is significant that hundreds of aerospace technicians, working with satellites and rocketry broadly used Dianetics and Scientology first. At the same time parliaments in some socially backward countries were busy passing laws against

The Impact of the Book
DIANETICS, The Modern Science of Mental Health

May 9th, 1950 - the publication day of *Dianetics, The Modern Science of Mental Health,* by L. Ron Hubbard the first broadly released book about Dianetics.

With no advertising, other than an article by Ron in *Astounding Science Fiction* magazine, which told of Dianetics and announced the coming of the book (and contained an order form for it), *Dianetics, The Modern Science of Mental Health* became, overnight, a best seller of unprecedented magnitude.

It went instantly and immediately to the top of the best sellers list and just stayed there, for week after week. The demand for the book was phenomenal. Stocks sold out immediately. New copies were printed and these sold out - and so it went on and on.

This was merely the beginning spark. It burst from there, by word of mouth, to an explosion of demand.

So great was the need of Man for technology of the mind and for the power of Hope unleased that the demand was absolutely incredible.

Friends planning an evening together to discuss Dianetics found their meeting invaded by strangers, who, by some mysterious grapevine, had heard of the "Dianetics Meeting" and begged for admittance.

Thus groups sprung up like mushrooms, overnight. These swelled immediately into enormous numbers. Some up to five six and seven hundred people, limited only by finding a hall large enough to hold meetings.

In the meantime, AUDITING (the practical application of Dianetics for personal betterment) had started. These first auditing sessions were often done with the open book held in the auditor's lap.

They were done by professional people and laymen, artists and clerks - all walks of life went into session. And they found it worked!

Right after *Dianetics, The Modern Science of Mental Health* was first published, Ron was approached by a group of businessmen who told him that they had formed

L. Ron Hubbard, Founder of Dianetics and Scientology and author of the book Dianetics, The Modern Science of Mental Health, which has done more than any other book to change the fate of Mankind.

a Dianetics Foundation, which they would run for him. Ron accepted this offer but did not have a controlling interest.

The first Foundation Course was given in Elizabeth, New Jersey. The second in Los Angeles, California. Supervisors for the Los Angeles Course were flown across the country as they graduated from the course in Elizabeth. The building secured for the course in Los Angeles was too small for the 200 students who enrolled and another building had to be found - this was the Old Governor's Mansion on Hoover Street in Los Angeles.

Before the Los Angeles Course started, Ron lectured and demonstrated at the Shrine Auditorium. It was completely sold out, including all standing room.

Prospective preclears showed up at the Foundation, demanding auditors. This need could not be fulfilled. A good organization and large numbers of trained auditors were needed to supply this service.

At that time, it became imperative that Ron assume full responsibility and recognition for being the source of Scientology and Dianetics. This he did, after a stormy period, in which Communists and trouble makers tried to destroy Ron and Dianetics.

Ron broke free, taking his precious technical materials with him. In 1951 he went to Wichita, Kansas, where he married Mary Sue, and to Phoenix, Arizona, in 1952. It was in Phoenix that Ron discovered and developed Scientology the practical philosophy of the betterment of abilities and the form of Organization which could expand to unlimited proportions, to train auditors and deliver Scientology services to all who reached for them.

Today, 20 years later, there are now dozens of MAJOR Hubbard Scientology Organizations around the world training teaching and auditing with Dainetics and Scientology. These are strong, active and expanding, with a delivery of service unparalleled in results anywhere on Earth. The Organizations's structure has no limit to its expansion. As each day passes, more beings are on the road to Total Freedom and making it to Clear and beyond.

And it all started at the public level with one book--*Dianetics, The Modern Science of Mental Health.* Make sure you've read it thoroughly.

Dianetic Success...

Producer and Film Maker, John Paul Jones, works on the "animation" of a film. John finds his work much less hectic after Dianetics.

"As a producer and film maker, I found that I was constantly under emotional stress. You probably know the feeling - three things need doing and only time for doing one of them, not three. Well, this kind of strain was making a nervous wreck of me. I would end up making rush, rush, rush, my only rule for doing business.

"So, when I heard of Dianetics I read the book and realized I could get relief. I received Dianetic pastoral counselling in 1969.

"To say I changed is an understatement. Now I don't rush through a film, I just do it. Thanks to Dianetics."

John Paul Jones

"I am so happy that for the first time in a long time I can honestly, really and truly help someone. That is just such a big win for me. The Dianetics course is the best, most brilliant and simple course I have taken in a long time.

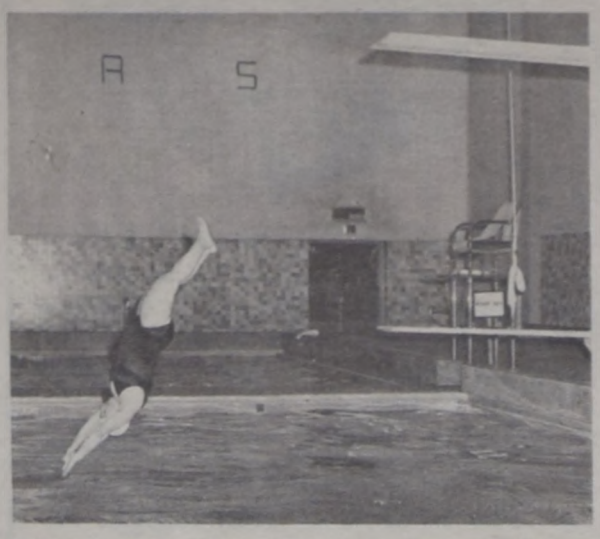

"The knowledge I have gained of the human mind has made me that much more certain and that much further up the line to total freedom. And at last I am able to do the same for other beings. Thank you Ron and everyone."

Susan Laier
Hubbard Dianetic Counsellor

"After two years in Scientology, I discovered the exact right gradient for training. For me thats HSDC. Each time I went through the material it got easier, clearer and more certain.

"The biggest kick came from the auditing - just doing a few simple things and watching my preclears get brighter, smarter, more aware and happier (and me, too).

Ron Ross
Hubbard Dianetic Counsellor

82 year old Josephine Gillan from Huntington Beach, California has experienced "new life and vigor" from Dianetic Auditing. She can still do a back - flip off the high dive as this photo shows.

Competent and graceful Linda Carter, a Hubbard Dianetic Counsellor, has danced in dozens of top Broadway Musicals.

"I have been a dancer for years. I was a member of the Radio City Rockettes in New York, and have danced in such shows as Oklahoma, Funny Girl, Three Penny Opera, King and I, and most recently I danced in Mame, in Las Vegas.

"Well, this kind of environment is always a hazard so to speak. As I began getting auditing in Dianetics I really began to feel free and light in my movements. But the real win for me came when I went on the HSDC at ASHO. I really learned a lot about life and the human mind. But most of all I learned how to handle the problems others presented in my environment.

"Now, since I understand how the mind works, I can more easily understand others. Believe me this means a lot in this hectic day and time we live in."

Linda Carter
Hubbard Dianetic Counsellor

...And Success After S

Once "blue", Judy D'Amico is a very happy young woman indeed, thanks to Standard Dianetics. Since her wins in Dianetics Judy has enrolled on the Briefing Course at ASHO and is shown here listening to a tape.

"All of my life I had frequent periods of unbearable "Blue".

"I "knew" I was alone and always would be. That enticing but non-survival aberration is now gone - erased-permanently - thru Standard Dianetics!!! I have had other wins in Dianetics, but this is the one that changed my life!

"Thank you Ron."

Judy D'Amico

"I strongly urge anyone who wants to become an auditor to take this course. It is the course to learn basic auditing and the building for the upper class levels. There's no course to give certainty to you on fundamental auditing like HSDC. Also for anyone going up the OT levels I strongly suggest taking this course. Your preclear (yourself) will thank you. This is a big win for me. For the first time I really feel the competence of a good auditor."

Alan B. Warner
Hubbard Dianetic Counsellor

Dianetics and/or Scientology do not directly handle any illness which rightly belongs in the province of a medical practitioner.

Anyone coming for Dianetics or Scientology to be cured of any disease or illness or in need of medical treatment is sent to a competent medical practitioner for examination and handling. It's only after or in conjunction with medical treatment or if no medical cause of symptoms can be found by the physician that Dianetics or Scientology Counselling can be used to handle the spiritual stress associated with illness or injury.

"I am glowing as a standard Dianetic auditor because I have just completed a Dianetic assist on a good friend of mine whose son died recently.

"After nearly 12 hours, during which the preclear went through a great deal of emotional stress the preclear reached a complete understanding of the severe loss. I did what Ron said, "get the preclear through it."

"Today she received news that her first grand child had been born and her happiness is a joy to see. I used Standard Dianetics."

Grace Alpe
Hubbard Dianetic Counsellor

Virgin Islander Don Dewerd didn't let a broken ankle stop him from sky-diving for long, thanks to Standard Dianetics. Here Don, left, teaches another a correct diving position.

"In April, 1970, I broke my ankle sky-diving. Now for me that was a heart breaker. I loved sky diving and was in the process of training several new men when the accident happened.

"Dianetic Auditing and good medical treatment by my doctor combined so that in six days the cast was off and I was in the air again.

"The Dianetics handled the spiritual upset involved with the accident and made me feel so good I'm sure it made it easier for my leg to heal.

"I wasn't even afraid of sky-diving anymore, even though I'd been hurt at it. Dianetics handled the fear, too."

Don Dewerd

"Theres really nothing quite like knowing with total certainty, how to do something, and when that something is making other beings well and happy . . . . . Well it feels pretty damm good! In fact, it's what I've wanted to do all my life, and finally there's a way that really works.

"Being an auditor really puts you at cause. The certainty I've gained in session has spread to many other situations in my life. Everything is just a little easier to handle."

Debbie Lewis
Hubbard Dianetic Counsellor

Hubbard Dianetic Counsellor and graduate, Mary Louise Showker, who works as an accounts secretary at UCLA, got remarkable gains from her Dianetic Auditing from another student on the Dianetics course.
A traumatic experience at two years of age had left her unable to hear in one ear. Mary went to numerous M.D.s and had several tests, all of which showed that her ear was physically sound. Doctors told her there was nothing they could do for her ear. Through Dianetic Pastoral counselling using Standard Dinaetics, Mary Louise located the source of her difficulty and today she enjoys symphonic music with both ears.

Dianetics

continued from page 2

Scientology to protect their psychiatrists whose medieval approach was to seize people without any process of law and castrate them and saw out brains as a cure for mental illness.

In a world where governments are fighting to dominate men's minds, mental technology is needed to protect the individual and to prevent the enslavement of all.

Dianetics was the first practical workable easily taught science of the mind. It has endured already 21 years and is better and more used than ever before.

DIANETICS IS FOR USE

Dianetics is for USE. There are not a lot of complications about it. It isn't something you use after bowing down three times to Chicago. You just USE it.

Any injurious experience can be erased by Dianetics. It is easy to use and if one wants people well and happy it should be used at every occasion.

A person has an operation. This should be followed soon after by the erasure of the engram of the experience by the usual Dianetic auditor and often recovery will occur where a relapse might have followed.

A woman has a child. The engram of delivery should be run out soon after. The result of doing so is very spectacular. There is no "post partum psychosis" or dislike of the child and no permanent injury to the mother. It is in fact best to audit the mother both before and after delivery, which gives one fast relatively painless childbirth and quick recovery.

Recovery from disease under treatment [by Medical Doctors] is speeded by Dianetic auditing.

Some patients who are not responding to medical treatment who are then given as little as a touch assist will *then* be found responsive to the medical treatment.

USE IT

A person who is accident prone when audited usually loses this unwanted characteristic.

Many "insane" recover from their symptoms when given proper medical treatment [medical, not psychiatric], rest, no harrassment and then good mild Dianetic auditing. They become and remain normal people without relapse.

Chronic, which is to say long term illnesses [which doctors may have given up on] cease when audited by Dianetics and then medical treatment which was earlier ineffective.

Whole classes of "mentally retarded" children have been made more normal by teachers in London County [England] Council schools using relatively unskilled Dianetics.

Tiredness, unwanted emotions, unwanted sensations, bizarre pains and aches, bad hearing or sight also routinely respond to Dianetic auditing.

The sickness and death rate of persons who are part of Dianetic groups is only a small fraction of that of other groups.

Pilots audited with Dianetics, by a test involving a whole squadron, went without a single even minor accident for the following year.

Scientists audited with Dianetics have greatly improved intelligence. Dianetics raises IQ as a side product to usual auditing.

Withered limbs, skin blotches and rashes and even blindness and deafness have all responded to Dianetics.

Possibly the point which counted most against Dianetics in the early attacks on it was that it did a vast array of things. The truth was -*it actually did them !*

When you have the answer to the human mind as in Dianetics of course anything caused by the mind can be remedied.

This is the book which has startled the scientific world with its accurate methods of predicting human behavior, and its insights into the activities of Man.

Included in this book is the famous Hubbard Chart of Human Evaluation.

Your future and the future of a decent civilization on this planet depends largely upon the application of Dianetics and Scientology throughout the world.

DIANETICS – A GOOD WAY TO START

As people come into Scientology and they're coming in in very swiftly increasing numbers all over the world - normally what they do first is read a book, and then they may read quite a few books, and go around and about Scientology for some time. They attend some of the Introductory Courses, and then they will get some auditing often beginning with Dianetics. They begin to get along better physically, and then to make increasingly larger gains. Their I.Q. goes up, their abilities increase, they are more capable of handling their lives-and they are prepared for the gains of Scientology.

And when one then decides to be an auditor he or she goes to an Academy of Scientology and studies and learns how to audit and so help others.

And here again, one can begin with Dianetics.

Mark Waterbury, A.B., M.A., Science teacher at a San Diego California High School, is an "old time" 1950 Dianetic Auditor. (He's now an OT VII, too.) Mark's recent successes with Standard Dianetics have caused many of his friends to enroll on the Hubbard Standard Dianetics Course. This photo shows Mark showing a film to one of his classes.

STANDING ORDER NO. 1

You can always write to Ron about your case or problems.

"All mail addressed to me shall be received by me.

"A message box shall be placed in all Scientology Organizations so that any messages for me shall be received by me.

"All Hubbard Communication Office Personnel and [redacted] Personnel should not discourage communication to me. I am always willing to help. By my own creed, a being is only as valuable as he can serve others."

L. Ron Hubbard

My Personal Comm Lines

by L. Ron Hubbard

There are five personal lines that come to me - "Standing Order" No. 1 - letters from the public or Sea Org or Scientology staffs, petitions, Thursday Reports, Students Reports and Daily Reports from the immediate area.

Some Standing Order No. 1s and petitions do not reach me but are locally handled. This has to be since the volume is staggering. The data in these is briefed and answers are written for approval and signature and any that are not what I would answer are rewritten with what my answer is. This has to be because TIME would make it impossible for one person to handle such volume. It takes up to a score of people in Continental Offices and orgs and at Flag to answer these Standing Order No. 1s and petitions from over the world.

Opposition in press over the years has never affected this line's volume.

The earliest days of Dianetics brought mail bags full of mail daily and the volume has if anything risen over the years.

Writers on Standing Order No. 1 and petition lines, like Daily Reports, Thursday Reports and Students Reports, are immune from discipline.

The high theta volume of these lines is itself tremendous.

I feel quite humble receiving all these lines and wonderful communications. It could be I have more friends than anyone else on the planet. But whether that's a fact, it is very certain that I love and appreciate them all.

The Saint Hill Special Briefing Course is the most thorough training cycle in all Scientology. It is a "Special Briefing Course" which fully covers the complete philosophical and technical materials of all Scientology below Clear (excepting only the Power Processes reserved for the Class VII Internship).

What Does The Briefing Course Do?

The Saint Hill Special Briefing Course reviews completely all the materials taught on the Academy Levels at lower level Organizations, PLUS the Briefing Course contains hundreds of L. Ron Hubbard's recorded lectures and technical bulletins found on no other course.

On level VI of the Briefing Course the student learns to Audit himself to Grade VI Release, in final preparation for Clear.

Students learn to bring any case to Grade IV Expanded Release.

And students can get real "on the job training" by auditing "for honor" for the Director of Processing thru the Saint Hill's Hubbard Guidance Center.

How Easy Is It To Do?

The Saint Hill Special Briefing Course is easy to do for any preclear or student of any level. It takes several months of good hard work, but, as the Goal and Purpose of becoming a highly valuable and respected Class VI Auditor is so high, the many hours of study are many many times worth the effort.

How Costly Is It?

The Saint Hill Special Breifing Course is TRAINING. "TRAINING is the economical way to get lots of auditing while getting trained at the same time" (L. Ron Hubbard).

Not only do students on L. Ron Hubbard's Saint Hill Special Briefing Course learn to audit expertly - they also get audited themselves by other competent fellow students on the complete Expanded Lower Grades.

In addition, Briefing Course students get the added bonuses of 50% professional discount on NEW POWER Processing and FREE training (on Level VI) to "solo audit" oneself to Grade VI Release in final preparation for Clear.
