Our Responsibility as Scientologists to the World

by L. Ron Hubbard

"Every Scientologist should understand his own technology, codes and procedures, and use them."

The gateway into Scientology is the desire to achieve a gain by the use of Scientology. The desired gain would be the achievement of having a philosophy of life that can apply to life. Scientology is an applied philosophy.

The Tradition Of Philosophy

Now you, a Scientologist, think of yourself undoubtedly as being something new under the sun but this is not true. If you carefully look over Greek philosophers, the basic customs and belief of Man over a long period of time – I am now talking in terms of tens of thousands of years, as far back as you can reach - you will find out that we are echoing, in Scientology, his hopes and his aspirations. We are echoing the things for which he has fought, the things which he has tried to attain in life. We are in the best tradition of Man's philosophy on the subject of Man.

Just because the data has been summated and pulled into sharp importances which evaluate and which then do more for man than philosophy has done before, does not divorce us from this very long track at least 2,500 consecutive years from the earliest records we have on thinkingness. The early philosopher was trying to shake apart some of the basic data of the universe and understand it. He was trying to hang things together. We actually are working in direct succession, very direct succession, from somewhere in the neighborhood of 2,500 to 3,000 years of what's considered formal philosophy. We don't vary anything off of this line at all. But there has been a variation within the last century.

An "Educated Man"

An educated man, a few centuries ago was expected to know a great deal about human behaviour and livingness, but something happened between then and now. Take an educated man of today and you'll find him with no command of basic philosophy. No feeling of humanity or understanding of his human race. Quite informative.

In the last century there was a tremendous departure from formal philosophy. Psychology has always been the study of the mind or spirit. "Psyche" is Greek for spirit. But modern psychology has nothing to do with the mind or the spirit. Or with man's soul or anything. It's simply some kind of a dissertation on brain cells or brain function and demonstrates conclusively that all thought comes from mass and that Man is an animal and that's that. And these words of great wisdom have complete variance from anything that had been said in all the centuries preceding. They were uttered by a chap by the name of Wundt in Leipzig, Germany, in 1879. He's the only authority for modern psychology as taught in universities and he has no bearing whatsoever on anything else Man has ever thought on the subject of his own livingness and beingness.

Something Wrong

Now you realize that, today, the bulk of the human race is walking around with the belief that there is something wrong somewhere, but they don't quite know what it is. The hideous thing is that people at large are not aware of a very interesting thing-that anything at all can be done about anybody.

They are not aware that anything can be done about anybody. The cop who gives you a ticket takes it in his normal stride that this is just the way it is. The hospital attendants who pick the remains out of the drunken driving wreck, the "very best people" in various professions that should have to do with this, are all agreed that there is nothing you can do about it.

The Tide Turns

Now some place along the line, some group had to take over the responsibility of turning the tide of this course of thought. That is Scientology. Improvement is the common denominator of all our ideas. We have know-how. Scientology, for the first time in Man's history, can predictably raise intelligence, increase ability, bring about a return of the ability to play a game, and permits Man to escape from the dwindling spiral of his own disabilities. Life can be put back into the devitalized. One can take the so-called "normal" person and send his state of being up to levels of brilliance and success not

Diana Hubbard Wed

On March 24, 1971, Diana Hubbard, Ron and Mary Sue's eldest daughter, was married to Jon Horwich.

The wedding ceremony was aboard the Flag Ship of the Sea Organization and was conducted by the Deputy Captain of the Flag Ship, Rev. W.B. Robertson.

Lovely red-haired Diana was given away by her father, L. Ron Hubbard, in a formal evening ceremony. Diana's younger sister Suzette was the Maid of Honor. The Best Man was Allen Buchanan.

Jon Horwich is the Director of Training on the Flag Ship.

The bride and groom were given a beautiful reception following the ceremony which was attended by one hundred Flag officers.

Jon and Diana are now enjoying their honeymoon in the United States and will be spending some time visiting Jon's family.

possible before. And it can be done with Scientology.

Increased Awareness

One of the great truths of Scientology is that increased awareness is the only factor which offers any road out. That is an awfully simple truth, but you'll find out that people don't know that. They think that less awareness is the road out – and that is the road down into the basement

There are those who believe in hypnotism, fixed loyalties of one kind or another, and the idea that nobody can do anything with his mind anyhow. They believe that Man is an animal, that he thinks with his brain. They believe and teach people, because they know these teachings are destructive, and all thought eminates from force only, and that Man has no soul and he has no mind.

An Interesting Civilization

There is a battle which is going on in the world at this time and that should be understood. There is no good in the world that is not fought by some. The holiest saint, the purest knight, the most orderly group alike have been subjected to attacks since Man's beginning. And Scientology is no exception. The turbulence of the society around us is fantastic. There is no just civil law left, really. It is that lawless and disorderly condition in the society about us which makes it hard for us to work.

We live in a civilization where some madman can sit in a government chair telling everybody how bad it all is over there and so forth, then all of a sudden get 30 million people killed, as one fellow named Hitler did. This is an interesting civilization and that is because people don't know who they are, or what they are, or where they are going or what they are doing.

The Auditor

What happens to Scientology and Scientologists in a world of this character? Well, our basic attitude toward the world at large will have to be more and more an auditor's attitude if we are going to accomplish survival. (Auditor: A listener or one who listens carefully to what people have to say. An auditor is a person trained and qualified in applying Scientology processes to others for their betterment.) It might be said that we are starting from nearly nowhere and trying to go somewhere. However, we have the tools to do this.

Is There Any Hope

We have the whole world to handle now. We happen to be living in a house full of people, a house called Earth, and it's all full of people. If they consistently drop out of communication, and if their labours cease to afford produce and assistance to their neighbours, is there any hope that anybody will be able to put them back into communication, or back to work again? Is there any hope that this will take place?

Yes, there is a hope. We are rich in knowing how to exactly handle such circumstances or conditions. Nobody knew before. That is factually true here on Earth. You will find yourself being more and more an auditor as time goes on.

Doing Something About It

I think of an auditor as a person with enough guts to do something about it. This quality is rare and this quality is courageous in the extreme. It is my opinion and knowledge that auditors are amongst the upper tenth of the upper twentieth of intelligent human beings. Their will to do, their motives, their ability to grasp and to use is superior to that of any profession.

Order - Disorder

This is a pretty daffy planet in a rather strenuous universe. When you start to introduce order into anything, disorder shows up and blows off. Therefore, efforts to bring order in the society or any part of it will be pro-ductive of disorder for a while. The more able people we have, the better we can control the confusion of an area. A group is as capable as it contains capable individual members. The more people who are trained, the more successful we will be.

This Is It

We're not now in this for play. Our personal futures depend on keeping going and making no major errors. Nobody can be half in and half out of Scientology. Scientologists are Scientologists no matter what they do for a living. The prize is regaining self and going free. If we're going to make this, we have to work at it personally, and as a group and work well. Therefore every Scientologist should understand his own technology, codes and procedures. And use them.

That's the main lesson. We are the only group on Earth that does have a workable solution. It's time we realized it and used it, every one of us. We must set a high example of teamwork and dedication if we are to bring it off.

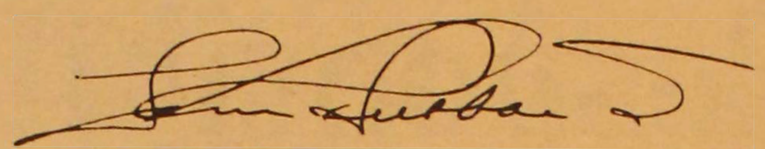

Scientology Is The Answer

Scientology can and does change human behaviour for the better. It puts the individual under the control of himself – where he belongs. It is a science of life and it works. It handles the basic rules of life and it brings order into chaos. So let's grow up to our own technology and take responsibility for it. And do our jobs as Scientologists to the world.

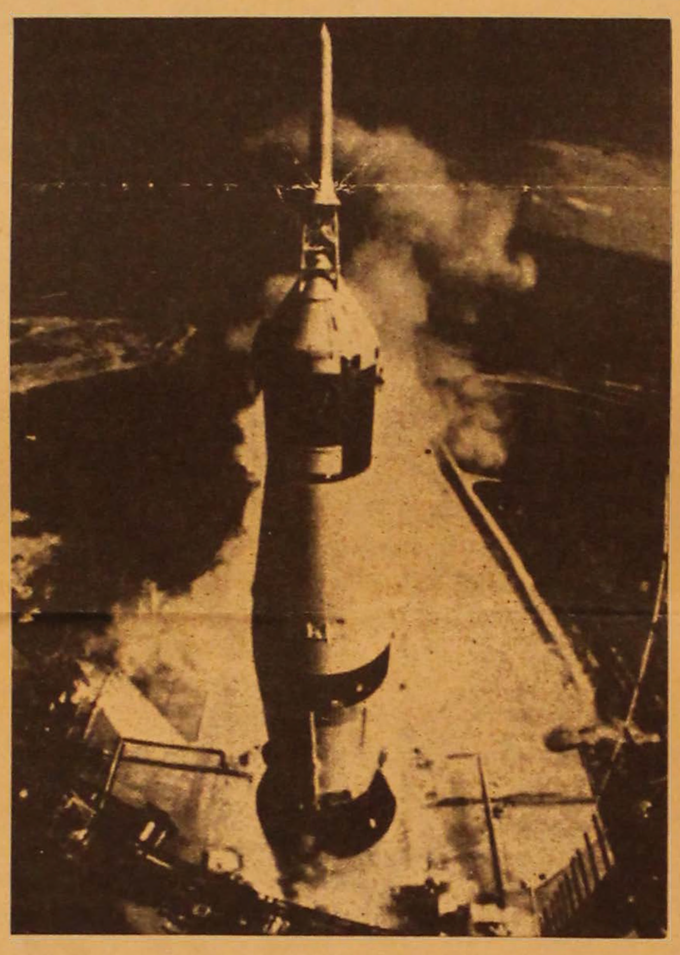

My purpose is to bring a barbarism out of the mud it thinks conceived it and to form, here on Earth, a civilization based on human understanding, not violence.

That's a big purpose. A broad field. A star-high goal.

But I think it's your purpose, too.

ENROLL NOW FOR NEW POWER

The gains will be beyond your greatest expectations

New Orgs

In the spirit of Scientology's even more rapid expansion around the world in the 1970's, the United States of America finds its '71 season of spring coming into full bloom with the establishment of two new official Hubbard Scientology Organizations. St. Louis and Boston are the lucky cities to get Ron's two new Orgs.

Scientologists from the mid-west (St. Louis) and New England (Boston) will be moving a lot faster up the Bridge to Total Freedom by virtue of this exciting new growth.

ST LOUIS

St Louis's expansion to an official Hubbard Scientology Organization (it had been a Franchise) was gaily celebrated on March 6th and 7th at the Grand Opening Congress held at the Church's new facilities at 4221 Lindell Blvd. in St Louis, Missouri.

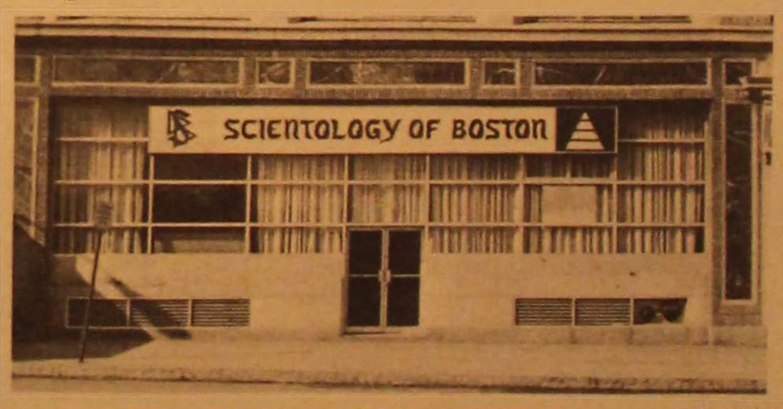

The new eighteen-room headquarters of the St Louis Org was refurnished by staff members and student volunteers. It is located on one of St. Louis' major thoroughfares and is very near to St. Louis University.

The Org has already enrolled over a dozen people for Academy Training with dozens and dozens more scheduled for enrollment soon. St. Louis's Academy is being supervised by an enthusiastic recent Class VI graduate from the Saint Hill Special Briefing Course at ASHO.

The staff of the St. Louis Org now numbers over twenty and arrangements for even more expansion of the Org's space and staff are being made and carried out. When St. Louis gets its Flag Executive Briefing Course Graduates back (the Flag Executive Briefing Course is a top level executive training course given aboard the Flag Ship of the Sea Organization) in a few weeks its expansion promises to be even more dramatic.

BOSTON

Ron's other new Org in the U.S. is located in the historic American city of Boston, Massachusetts, Scientology of Boston, the number one Franchise in the U.S. for the past two years, officially became a Hubbard Scientology Organization of April 5th, 1971. They plan a wide public celebration of their new status at the May 9th Congress.

The New Boston Org is located at 714 Beacon Street, which is right across the street from Boston University. It is also very close to Harvard College and the Massachusetts Institute of Technology.

The Org's facilities are very modern and it has over ten thousand square feet of space. There are already over thirty staff members including four Class VIII Auditors and two Class VIs.

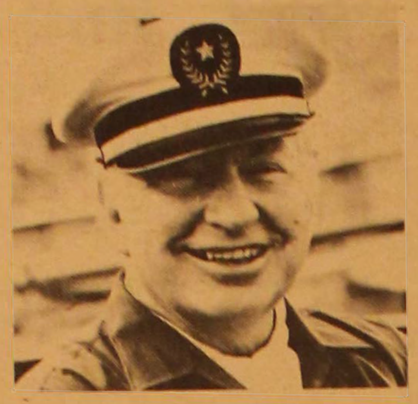

One of these Class VIIIs is supervising the Academy Levels. The Boston Org expects two hundred students on the Academy Levels by the end of June. Also expecting their Flag Executive Briefing Course students back soon, Boston can not fail to achieve expansion throughout New England within a very short time.

MORE ORGS PLANNED

Besides these two new Orgs, the U.S. can expect to see more new Hubbard Scientology Organizations before the year ends.

The Purposes, Final Valuable Products and Statistics of a Scientologist

L. Ron Hubbard
FOUNDER
of Dianetics
and
Scientology

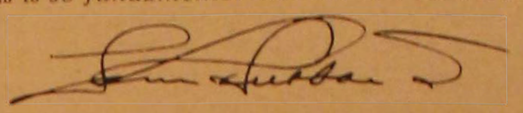

"When you are trying to get somebody to do something he should do, you are in effect trying to get him to wear his 'hat'. The definition of HAT is: The Beingness and Doingness that Attains a Product.

"This term and idea of 'a hat' comes from conductors on locomotive engineers, etc., each of whom wears a distinctive and different type of headgear. A HAT therefore designates particular status and duties in an organization.

"Any job or position in the world could have it's own HAT. The reason things do not run well in Life, a group, nation or the world is the absence of hats.

"When a person has no HAT he lacks purpose and value. This is so fundamental that one can even trace the unrest of a nation to lack of purpose and value.

"Even a Field Scientologist should have a HAT."

This issue of "The Auditor" is special in that it is a HAT for Field Scientologists. It is not a complete hat, but it is a "mini" hat or an abbreviated hat. In the near future you will be able to go to your local Org and get a very complete hat from them as well as very high quality training on that hat.

Meantime, this is your FIELD SCIENTOLOGIST HAT. This publication contains the basics of what Ron wants you to do to help Clear the Planet.

Study this hat well. Use a dictionary to define any words you do not understand. Write to the Public Divisions of your local Org if you have any questions about the materials in this hat. As a Scientologist you CAN help. Start with this short HAT.

As a Scientologist (one who knows that Scientology works and who uses Scientology in his everyday life) you should know what your purposes as a Scientologist are, what you are expected to produce, how to produce it and how to measure and control that production.

The *PURPOSE OF A SCIENTOLOGIST* is:

To use Scientology data and technology in one's life
To help one's fellow man and assist Ron
To expand the frontiers of Scientology
To Clear the planet
YOU ARE RON'S AMBASSADOR IN THE FIELD

PRODUCTS

As a Scientologist you have specific *final valuable products* to produce. They are:

1. Disseminated Knowledge
2. Purchased Books
3. Environmental Control
4. A Cleared Planet

DISSEMINATED KNOWLEDGE means a Scientologist in everyday life gives his fellow man, fellow workers, family and friends Scientology wisdom and advice they can USE to lead happier lives, solve their problems and difficulties, or handle their jobs.

The knowledge or wisdom disseminated is basic Scientology data from Ron's books and there's a lot of this basic Scientology knowledge to disseminate. Buddhism survived thousands of years by doing this action alone with what wisdom they had.

Product number two is SELLING BOOKS to your fellow workers, family and friends so that they may read and acquire Scientology knowledge and wisdom directly from L. Ron Hubbard as well as through your dissemination efforts.

ENVIRONMENTAL CONTROL means the Scientologist is controling the environment around him. Here are some examples:

A. The firm he works at is having constant personnel trouble, people not able to do their jobs and being fired, etc. He gets together with the firm executives, introduces the Scientology hatting system, gets everyone being hatted, and bingo - no more problems !

B. The neighborhood wants a recreation center. The Scientologist gets a committee together, plans out a programme which the committee sees gets executed and gets one.

C. The local school is having a terrible time with drop-outs. The Scientologist calls a meeting of all the teachers, checks them out on Scientology study data and gets them to use it. Result: no drop-outs and the Scientologist's kids have an easier time of it.

D. The community is a mass of confusion. The Scientologist gets together a "Gung-Ho" Group (an active group of people using Scientology data to accomplish purposes in the society). This Scientologist gets the group to find out what's needed by survey, plans a programme to get it and leads the Gung-Ho group to deliver it.

A *CLEARED PLANET* is achieved through Field Staff Members sending people into Orgs for training and processing in vast numbers, Scientologists starting and running groups and Franchises, and auditing in the field by Field Auditors, as well as by the regular efforts of Scientology Organizations.

STATISTICS

The way you can measure your production of these products, or in other words how much or how well you are fullfilling or achieving the *PURPOSE* of a Scientologist, is to use *STATISTICS*.

A STATISTIC is a quantitative measure ("how much") of production that is kept or recorded for a definite period of time, such as daily or weekly, which can then be compared to a similar quantitative measure for an earlier similar period of time. In that way a statistic clearly shows how much progress or production is actually being made.

The *STATISTICS* of a Scientologist are:

1. No. of times Scientology knowledge was disseminated which helped others in the week
2. No. of books sold in the week
3. No. of Environmental Control actions planned and executed in the week
4. No. of selections that arrived at the Org for service in the week.

You can actually graph these statistics and watch them rise each week as you apply the data in this hat.

ORGANIZING BOARD

In the center of this publication you will find an "Org Board" for a Field Scientologist. (A Field Scientologist is a Scientologist who is not on staff at an official Scientology Organization but who uses Scientology in his everyday life. "Field" in this case means the world at large.)

The term "Org Board" is an abbreviation for an ORGANIZING BOARD.

The Organizing Board shows the pattern of organizing necessary to obtain a product. Even individuals, to get anywhere at all, require an Org Board.

SUCCESS

By knowing your purpose as a Scientologist, using the enclosed Organizing Board, by producing the products of a Scientologist, and by using the statistics of a Scientologist to measure and control your production, you will be a more effective and invaluable member of the greatest team and movement on Earth today – *SCIENTOLOGY.*

Read over this article well until you feel you have grasped it fully and can apply it in everyday life.

Do it. *And good luck.*

The Importance Of Books

by L. Ron Hubbard

Excerpts from HCO Bulletin of 28 April, 1960.

If you think you can interest a person in Scientology and yet avoid your responsibility in getting him or her to read books on the subject, you are wasting a tremendous amount of effort.

Making sure that interested people get books is making sure that they will continue their interest.

The newly interested person needs an opportunity to go and sit down quietly by himself, without any social strain, and study a book on the subject. Only in this way will he come to a decision about the subject which is his own independent decision having inspected the materials. This has to be done quietly and it is best done through the pages of a book.

Dissemination Drill

by L. Ron Hubbard

Excerpts from HCO Policy Letter of 23 Oct., 1965

The Dissemination Drill has four exact steps that must be done with a person you are disseminating to.

There is no set patter, nor any set words you say to the person.

There are four steps that must be accomplished with the individual and they are listed in the order that they should be done:

1. *Contact* the individual: this is plain and simple. It just means making a personal contact with someone, whether you approach them or they approach you.

2. *Handle:* if the person is wide open to Scientology, and reaching, this step can be omitted as there is nothing to handle. Handle is to handle any attacks, antagonism, challenge or hostility that the individual might express towards you and/or Scientology. Definition of "handle": to control, direct. "Handle" implies directing an acquired skill to the accomplishment of immediate ends. Once the individual has been handled you then -

3. *Salvage:* Definition of salvage: "to save from ruin". Before you can save someone from ruin, you must find out what their own personal ruin is. This is basically - What is ruining them? What is messing them up? It must be a condition that is real to the individual as an unwanted condition, or one that can be made real to him.

4. *Bring to understanding:* once the person is aware of the ruin, you bring about an understanding that Scientology can handle the condition found in 3. This is done by simply stating Scientology can or, by using data to show how it can. It's at the right moment on this step that one hands the person a selection slip, or one's professional card, and directs him to the service that will best handle what he needs handled.

Why You Should Come To A Congress

By L. Ron Hubbard

SCIENTOLOGY Congresses have been going on for a long time. The first was in June, 1952, in Phoenix Arizona.

But ever since mid-52 there have been at least two Congresses a year.

A Scientology Congress is an experience. It is something you should not miss. It's held for you not for special Scientologists.

At a Congress you meet the Free People. In hotel rooms, in cafes, in lobbies, in the time-outs from packed Congress Schedules, you meet the guys like you who have been talking and living Scientology.

At a Congress you find the reality of how many we are. For everyone there is taking a Congress home to a lot of other people.

You're a lot less an only one after a Congress. You know we're a going concern, a potent force on Earth, indeed the only force that is doing something about it.

Who comes to a Congress?

Everyone and anyone. Women, men, yes and lots of kids, too.

A Congress Programme is designed to embrace the new and old. For there's always something new even for the old.

Congresses aren't just talk – they are composed of demonstrations, group processing, meetings, plannings.

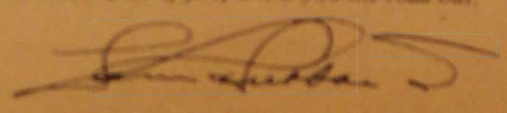

Congresses are vital milestones usually. The new data, the old data reviewed, the new results, all these are presented.

In England and the US we have worked out a Congress "drill" as precise as a clock, where all the staff have their posts and all the functions and actions are grooved. We've gotten awfully good at this. The bones don't stick out any more. We've handled thousands and thousands of people in Congresses. We know how to give one and how to show people a good time.

A Congress is for everybody. I make sure of that. And everybody comes. Some people bring friends who never before heard of Scientology – and they don't lose their friends, either!

We could say a Scientology Congress was the biggest show on earth – it is.

For here we show a lot of people like you the road out.

Field Auditors Become Staff

by L. Ron Hubbard

Excerpts from HCO Policy Letter 9 May, 1965

All field auditors of the level of Hubbard Book Auditor and above are appointed herewith FIELD STAFF MEMBERS of their nearest Scientology organization.

Their rank is *FIELD STAFF MEMBER* (Provisional).

They come directly under the Department of Clearing, Director of Clearing of their nearest org.

The purpose of the Field Staff Member is: -

TO HELP LRH CONTACT, HANDLE, SALVAGE AND BRING TO UNDERSTANDING THE INDIVIDUALS AND THUS THE PEOPLES OF EARTH.

Their pay shall be in terms of commissions and therefore should be equal to that of general staff members in the orgs themselves, depending only on the activity of the Field Staff Member.

Civilization is successful only because it is a team. The individual in our present society has a rough time.

We are a team. We have a big job to do. We need every one aboard. Hence the appointment.

This appointment should come as no surprise as we were waiting only for the completion of technology to press the boom buttons. And one of them was to reclaim and enroll as staff members everyone we have ever trained.

Active ASHO Field Staff Member, Bill Hart (left), gets another commission check from the Director of Clearing – ASHO. Bill uses the commissions to pay for his personal training and processing.

COMMISSIONS

The official Scientology Organization to which the Field Staff Member is attached will pay the Field Staff Member a percentage of all training and processing fees received by that organization through its Field Staff Members.

ACCEPTANCE

The field auditor should write his or her nearest official Organization addressing his letter to the Director of Clearing, who would be his superior in an org, giving his acceptance of appointment or declining it, and asking for full information on being a Field Staff Member.

Scientology and Work

by L. Ron Hubbard

Excerpts from the book, "Problems of Work"

Knowledge of the general underlying rules of life would bring about a security of life. Knowledge of the underlying rules of life would also bring about a security in a job.

Scientology is a science of life. It is the first entirely Western effort to understand life. All earlier efforts came from Asia or Eastern Europe. And they failed. None of them – and they bragged about it – could change human intelligence.

Scientology is something new under the sun, but young as it is, it is still the only completely and thoroughly tested and validated science of existence. It doesn't demand twenty years of sitting on spikes to find out one is mortal. It doesn't demand a vast study of rats to know that Man is confused.

Scientology can and does change human behaviour for the better. It puts the individual under the control of himself–where he belongs. Scientology can and does increase human intelligence. By the most exact tests known it has been proven that Scientology can greatly increase intelligence in an individual.

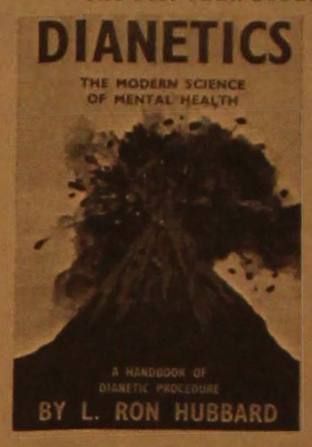

And Scientology can do other things. It can reduce reaction time and it can pull the years off one's appearance. But there is no intention here to give a list of all it can do. It is a science of life and it works. It adequately handles the basic rules of life and it brings order into chaos.

A science of life would be, actually, a science of good order. Such things as accidents and luck would, if you could but understand their underlying principles, be under your control.

Even those who aren't cynical can see that many chances enter into obtaining, holding and improving one's job.

Scientology can reduce the chanciness of the work-a-day world–for you and for those you know.

On the Briefing Course one learns to audit the full "Expanded Lower Grades" (see definitions) plus the student gets his own Expanded Grade auditing free from other students. This makes the Briefing Course a very economical way to get lots of auditing while getting trained to audit others at the same time.

A Briefing Course student gets a unique 50% professional discount on NEW POWER PROCESSING (saving $ 600.00). Plus he gets the professional version (longer than the regular version) of the "Solo Audit Course" FREE (a savings of $775.00) and thus learns to audit himself to Grade VI Release in final preparation for Clear.

A graduate from the Briefing Course attains a Class VI Auditor's certificate and is in high demand around the world at every Scientology Organization (including Hubbard Colleges of Scientology and Advanced Organizations) and Franchises.

The Briefing Course student is a highly competent expert in his field and has no trouble making a good living by auditing. He enjoys a position of high respect amongst all Scientologists by virtue of his Saint Hill training.

There are NO prerequisites for the Saint Hill Special Briefing Course, although Academy Level training at local Scientology Organizations (as listed on the back of this publication) is encouraged whenever possible.

The tuition fee for the Briefing Course is $775.00 Plus you pay $1000.00 additional if you haven't taken full Academy training. Payments for partial Academy training are credited towards this additional $ 1000.00.

Long range survival of the individual is attained in this fashion.

Important Note on Books

EARLY PROCESSES VALID

FOOTNOTES, ETC., TO CONTRARY BEING REMOVED IN ALL REPRINTS

STANDARD EXPANDED TECH BRINGS USE OF "ALL TECH"

ASHO Publications Department reports that all the notes, footnotes, etc., introduced into 1965 to 1969 editions saying or implying the pre-1965 processes are not used in standard current tech are being deleted from all the new and future prints.

All those "old" processes are valid and in use at their proper levels in today's expanded Standard Technology.

This applies to both Dianetics and Scientology although today's Dianetic tech procedure is more simple and has broader application than earlier issues. The basics have not changed.

As indicated by the 1970 *Classification, Gradation and Awareness Chart of Levels and Certificates* in the "PROCESSES AUDITED" column, there is a lot of tech on each level from O to IV. It's those processes listed – "AND OTHERS". And the "others" are many of them found in L. Ron Hubbard's books from the earliest years. There is also a tremendous amount of auditor know-how in those books. It is used on Academy courses and on the Saint Hill Class VI and above courses. It's not just "background" data.

So please in your copies of Ron's books which have notes and footnotes suggesting or saying the processes are no longer used DISREGARD SUCH NOTES.

Orgs are being supplied with printed slips announcing this so you can get them (no cost) and place them into your pre-'70 editions of the books. Just request the number you need for your Dianetics/Scientology library.

And remember *you can be run on those processes* at the levels where they belong.

A Short Biography of L. Ron Hubbard

Scientology and Dianetics were developed by L. Ron Hubbard, an American writer and philosopher.

Lafayette Ronald Hubbard was born in Tilden, Nebraska, U.S.A., on the 13th of March, 1911.

Raised on his grandfather's cattle ranch in Montana, Ron graduated from school with high honors at the age of twelve.

Much of Ron's early youth was spent in the American West. In his early teens, Ron's father, a U.S. Naval Officer, took his family with him to the Far East. At the age of fourteen, Ron was in China, and he travelled extensively throughout Asia.

In China and India he became increasingly curious about the composition and destiny of Man. He studied with Lama priests, whilst yet remaining friendly with warlike tribes of Tibet.

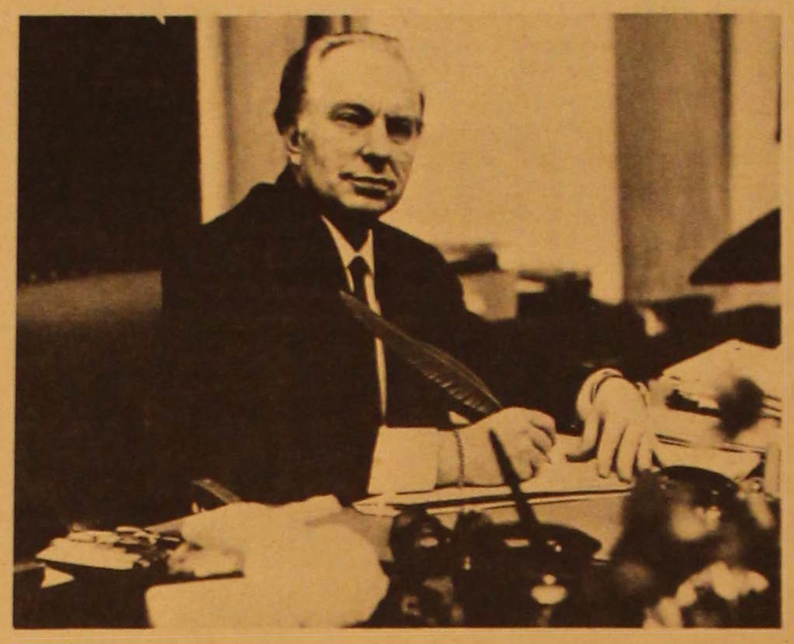

Still in his teens, Ron returned to the U.S.A. and enrolled as a student at the School of Engineering, George Washington University. There he studied nuclear physics on the first ever U.S. course on the subject in 1928, graduating from the Columbian College. Ron also attended Princeton University.

Supporting himself as a student by his writings of fact and fiction, he was well extablished as an essayist by the time he finished college.

After college Ron resumed his studies of Man, heading several expeditions to study savage and primitive races. By 1936, he was a member of the Explorers Club of New York and continued to write about his discoveries as well as writing travel articles, Westerns, adventure and Science Fiction stories. His writing output between 1933 and 1941 reached an astonishing seven million words.

In 1936 Ron also made his professional debut to Hollywood when he wrote a film script. Since then he's done a considerable amount of film work.

Commissioned by the U.S. Navy before the start of World War II, Ron served in the Phillipines early in the war and commanded the Fourth British Corvette, seeing service with anti-submarine vessels in the North Atlantic. Rising to command a Squadron, he served in the North Pacific in 1943.

L. Ron Hubbard, Founder

Some of Ron's adventures at sea were later made into a Hollywood film, "Mr. Roberts", with the lead part played by Henry Fonda.

Crippled and blind at the end of the war, Ron resumed his studies of philosophy and by his discoveries recovered so fully that he was re-classified in 1949 for full combat duty.

It is a matter of medical record that he has twice been pronounced dead and that later in 1950 he was given a perfect score on mental and physical fitness reports.

Revolted by war and Man's inhumanity to Man, Ron resigned his commission rather than assist government research projects.

Ron's own research into the nature of the mind had started in the early 1930's. Testing all theories and discadring those which did not work, he had continued into the 1940's when he discovered the basic principles of the mind.

Giving this new field of knowledge a name, "Dianetics" (which means "through thought") Ron published his original thesis on his work in 1949. The startling popularity of the thesis brought publishers to offer him a contract for a popular work on the subject which he published in 1950 ("Dianetics, The Modern Science Of Mental Health"). The book immediately soared to the top of the best-sellers list and stayed there for week after week after week.

Ron's research continued, and further discoveries about the nature of Man led him to the development of SCIENTOLOGY in the early 1950's.

(The word "Scientology" comes from the Latin SCIO (knowledge) and the Greek LOGOS (study) and means "knowing how to know" or "the study of wisdom".)

Ron has a lovely wife, Mary Sue, and four charming and very able children.

Unlike any other philosopher in any age, Ron has led a very full and adventurous life, far from an ivory tower existence.

Probably no philosopher of modern times has had the popularity and appeal of L. Ron Hubbard or such startling successes within his own lifetime.

And Mankind has had no better friend.

YOU CAN ALWAYS WRITE TO RON ABOUT YOUR CASE OR PROBLEMS.

An Open Letter To All Scientologists

In 1950 L. Ron Hubbard publicly set forth the goal of creating a new civilization on this planet. Twenty one years later in 1971, Scientologists across the world are actively achieving that goal as evidenced by incredible growth in membership and participation and by wonderful, almost miraculous results from the Technology of Dianetics and Scientology.

You can help.

Become a Field Staff Member of ASHO. No less is expected from you. Everyday you undoubtably contact dozens of people in desparate need of a way out of the confusion of humanoid existence.

These are the people you should be getting into Scientology. You do them a very great service by doing so. You are amply rewarded both by personal satisfaction and by the commissions you receive in return.

Become an ASHO Field Staff Member. Write to me about it today.

Director of Clearing ASHO

Word of Mouth

"Word of mouth" is the best promotion or sales talk any activity has.

Word of mouth regarding the results of Dianetics and Scientology Training and Processing is overwhelmingly good - to the extent that Scientology is expanding at a rate of somewhere between 2½ to 3 times per year.

However, once in a while some student or preclear in some Organization somewhere encounters less than optimum handling or for some other reason gets "ARC Broken" (UPSET) with an Org or Scientology.

So it may go, but it doesn't have to stay that way.

If you know anyone who is ARC Broken with an Org or Scientology in general, send his name and address and all the information you have to THE ARC BREAK REGISTRAR of your local Church of Scientology as listed on the back of this publication.

Scientology technology easily isolates and handles these upsets with complete effectiveness so that a person need no longer hold such upset in place and therefore can get back onto his Road to Total Freedom - Dianetics and Scientology.

This is a FREE service.
