POWER SUCCESSES

Dave Garret, a Sargeant in the Air Force Reserves from Arlington, Texas is a bright-eyed New Power Release at ASHO.

I have lost this huge mass of significance that I found was non-applicable to anything – just a lump of seriousness-poof ! gone ! Love it ! Truth is truly simple - Knowingness takes no effort at all. . . . . and doing – is just simply "Doing it".

Gloria Pearson

When Power Processing is discussed by those who have never had it, they are just speculating in the dark. This is really Power ! I just hope I can control myself !

I also have grasped the idea of what is meant by Total Responsibility. A person without Power is only half alive. I know. Get it !

Dr. Walter Kelley

Power is !

It is certainty in knowing one's purposes, and in having the ability to complete a cycle of action with more precision than you thought yourself capable of.

My work capabilities have increased to where I can experience a tremendous amount of randomity and yet not go under !

And More Thorough Than Ever !

THE CLASS VII AUDITOR

by L. Ron Hubbard

The calibre of the auditor's QUALITY of auditing is what is being worked on at Class VII.

All the Flag Auditor bag of tricks is taught to the Class VII Interne and enforced on his auditing.

The target is total perfection in TRs, total comprehension of procedures, total familiarity with his tools.

THE CONCENTRATION OF CLASS VII IS ON TOTAL PERFECTION, FLAWLESS AND FLUBLESS PERFORMANCE.

The grace and smoothness of a Class VII Interne must be perfect before he ever comes near Power. Power Processing isn't just a new set of commands checked out on an auditor who is then turned loose.

Class VII Interne, Judy Sachs, takes another lucky "New Power" Preclear into auditing on the fabulous Power Processes.

POWER PROCESSING IS POWERFUL. The calibre of auditing skill required is long consequtive hours of very well done sessions at the examiner. Flawless and flubless.

This happens when the auditor has all his misunderstoods off, when he really can do TRs, and when he has the full familiarity that comes with practice.

Class VII Internes spend hours and hours with TRs. They study folders. They do Folder Error Summaries. They check out again on any weak points or checksheets.

The result is a totally flubless, totally confident auditor.

One of the VII's first hurdles will be grasping that Power is PRECISE. It means what it says. It has no other End Phenomena than what it says.

POWER IS PRECISION.

The delight of the precision of Power Processing belongs to the Class VII Auditor. It always does exactly what it's supposed to every time.

WHEN THE VII INTERNE HAS DONE MANY MANY PRECLEARS ALL FLAWLESSLY ON POWER HE HAS THE PRIDE OF BEING A CLASS VII AUDITOR.

It means Flubless Auditor.

The Class VII's VIII Course will be a 3 week breeze.

His Class IX Course will be a piece of cake.

It was Class VII where he became a top auditor.

The auditor is respected who respects his tools. An open minded guess of wobbly certainty will never give him results.

Class VII Interne, Ginny Lang, gets checked out on a clay table demonstration.

The results he can obtain as a flawless auditor auditing Power are actually beyond his dreams.

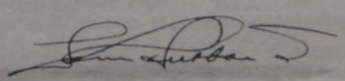

Where a Class IX candidate has not had the VII Internship he must go the VII route. This gives us a Class VI, VII, VIII, then IX sequence for a while.

For VII is important.

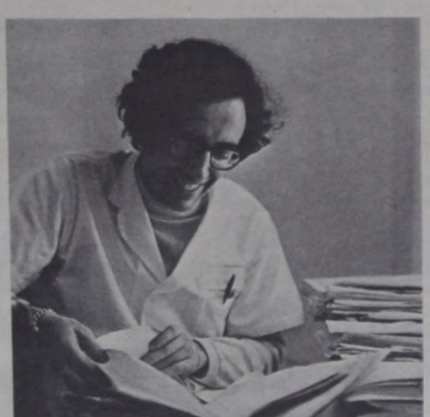

"New Power" gives us back all the skill and glory we had in VII.

Respect it.

Get the avalanche of wins.

Become a Class VII POWER Auditor

The Class VII Internship teaches any Class VI auditor how to be a totally flubless auditor.

The precision of the Class VII Auditor is unmatched. And as the only auditor who can audit the Power Processes, he is an extremely valuable being.

The Class VII Auditor is a very important terminal on the Bridge to Total Freedom for mankind.

YOU CAN DO IT !

This fantastic course takes approximately six weeks.

The prerequisites are Class VI and HDG.

WRITE NOW TO: The Letter Registrar, THE CHURCH OF SCIENTOLOGY, ASHO, 2723 West Temple Street, Los Angeles, California 90026.

The tuition fee is $775.00 less 5% by sending your full payment in advance. The price for a Class VIII graduate or person enrolled on the Class VIII course is $385.00.

SUCCESS

The Class VII Course is and was fantastic! I really feel it is a necessary part of an auditor's training. It is very simple and has to be done that way. It's wins all the way and it really validates you as an auditor.

Auditing others on the Power Processes is a wild experience ! If you haven't done it - try it !

Will Carter
Class VII

After three short weeks on course, I am auditing Power like a pro. They are the simplest and yet most powerful processes I have ever run. The results are spectacular!

I learned about Power on the Class VIII course but I'm learning to run them flawlessly on the Class VII Course.

Judy Sachs
Class VIII

I just completed the greatest cycle I have been involved in - I am a flawless Power auditor !! I have never felt an E/P (End Phenomena) like that on anything before.

The Class VII course is totally standard and totally precision from the moment you walk into the room. It is because of the quality of the course that one can attain the state of "precision auditor" which is one of the, if not the highest states attainable on this planet. It's like being an O.T. in training.

I'm totally in love with my abilities and I intend to share them with as many of you as possible.

Come join me in this exhilarating experience.

Sara Strasser
Class VII, OT VII

I've been auditing Power for about a week now and the wins I've had are really fantastic. The auditing is so exact that if you get what your supposed to, you Know you are a very good auditor.

Auditing Power is a validation of your skill as an auditor. And my confidence in my auditing, since I started auditing Power, has been growing and growing ! And the PCs I have audited on Power are really enjoying it !

News From Ar

WELL-KNOWN ARTIST INCREASES ABILITY

Roy Kerswill. one of this nations most well-known Western painters, recently attained the state of OT III Expanded here in Los Angeles.

Born in Devon, England and educated in part at Plymouth and Bristol Colleges of art, Roy later studied and graduated from Art Instruction Schools of Minneapolis, Minnesota.

A traveler at heart, Roy came to America in 1947 to see a little of this continent, but he met his wife in Nebraska and decided to stay. Then he discovered Wyoming and settled there to show the world through his art, the beauty and grandeur of the mountains and the plains of the West.

Roy also spends six months out of the year in Phoenix Arizona, where he first heard about Scientology. After just overhearing the name Scientology, Roy went straight to the Phoenix Center and started getting audited. Now just a year later, having taken his upper grades (Power and Solo) at ASHO and his Advanced Courses at AOLA, Roy Kerswill is OT.

The processing he has received has changed Roy's whole point of view about his painting. Roy tells the story like this.

"I was reasonably successful before Scientology. Success was hard to win because I would spend hours, days or even weeks on one painting. I wasn't really happy with my paintings, although some sold for as much as $4,500.

"For twenty-five years I had collected material of things I wanted to paint. So after a session one day, I dug out those sketches. I picked out the five most difficult and then I produced them in five days! So I took out another five and did them in five days !

"Now all I have to do is step up to the painting and produce it! I couldn't have produced those paintings before Scientology.

"Many artistic people feel that the business of being creative is like a well full of water. They feel you have to be careful that you don't drain the well. But it isn't that way - the more water you use, the faster the well fills - and there is no end to this thing".

Besides being a very accomplished artist, Roy is an experienced mountain-climber and has won the International Canoeing Championship on the Arkansas River in Colorado.

Roy is now working on OT VII and plans to start his training to become an auditor very soon.

Roy Kerswill loves the wild country of America that he portrays in his art.

ACADEMY AWARD NOMINEE IS OT

During the filming of "Five Easy Pieces" Karen Black OT I and Jack Nicholson are given some tips by the director Bob Raphaelson.

Karen Black, nominee for the Academy Award for Best Supporting Actress for her role in "Five Easy Pieces", has come a long way to Los Angeles and freedom.

Karen heard about Scientology seven years ago from a friend while she was acting in New York City. She went to the New York Center (now an Org) and took a beginning Communication Course. Karen says: "It was fantastic! I found I could be myself and I could listen to other people."

Karen did her lower grades at the New York Org, then got her Power and Solo at Saint Hill. After that she headed for Los Angeles and the Advanced Organization to do the Clearing Course and OT levels.

This is what Karen says about how Scientology has changed her career.

"Scientology has done incredible things for my career. I used to have a lot of trouble with other people's reality – they had to be right or wrong. I was confused - I didn't know how to be or what to be. Now I do !

"Now I simply be and I can do characters beautifully! In only six years, I have gone from getting paid $32 a week and losing jobs to receiving $75,000 for a single job!"

Karen has just finished major parts in four new movies, yet to be released: "Drive, He Said" directed by Jack Nicholson will be shown at the Cannes Film Festival in June, "Gunfight" with Johnny Cash and Kirk Douglas, "Dealer" with Kris Kristofferson and "Scraping Bottom" with George Segal.

She is currently working on the movie "Portnoy's Compliant" which is directed by Ernie Lehman. And besides her demanding acting career, Karen enjoys writing songs and poetry, singing and cooking.

Karen will do OT II and OT III very soon and she also plans to do the Hubbard Standard Dianetics Course.

Mario Does It Again

Mario Feninger internationaly known concert pianist recently returned to the Stage of the Wilshire Ebell Theatre here in Los Angeles to the thunderous applause of the audience. His dazzling, performance (which brought four standing ovations) included the works of Galuppi, Scarlatti, Chopin and Liszt as well as two of his own compositions and two of his mother's Teresa de Rogatis.

Mario was born in Cairo of European parents, Mario began his musical education with his mother - Italian - born composer - pianist - teacher Teresa de Rogatis. In addition he pursued an academic education first at the Lycee Francais and later at the American University from which he graduated with a B.A. degree in Journalism.

His professional musical career began with a concert in Cairo, the first of many for the allied armed forces during World War II at the War's end, he went to Italy to study for his diploma at the Naples Conservatory. Since then, Mario has worked under such noted teachers as Edwin Fischer in Switzerland and Marguerite Long in Paris, as well as Andre Lamontagne, a blind violin teacher who had developed some effective theories on technique and performance applicable to piano.

Mario Feninger has been a Scientologist since 1951 when he read Dianetics: The Modern Science of Mental Health in Paris where he was studying at that time. In the years that followed, he and a close friend opened a Salon de Scientology, in Paris, he took the HPA in Saint Hill, the ACC at Saint Hill, the Saint Hill Special Briefing Course at Saint Hill and finally the Class VIII Course. In addition to his high training level, Mario is now working on OT III Expanded, having already completed OT VII.

Asked why he became interested in Scientology, Mario said, "I wanted to understand what the stops were in my playing. I had a paralizing stage fright and an incapacity to stay in Present Time. Scientology has helped me a great deal and is continuing to help me. I can now push my fear aside and expand my space. I am more in control of my stage fright. It is also easier for me to control my body.

Before Mario leaves for his European Tour in September, he will continue a master's class for pianists at his home.

"As L. Ron Hubbard has said working at perfection is fine but beyond a certain level it becomes a hindrance. You put too much attention on perfection and not on the live communication. So you empty the performance of any life. There is too much importance placed on form and not enough on content. There should be a great balance between form and content.

Mario Feninger takes a brief break from his fast-paced concert at the Wilshire Ebell Theatre in Los Angeles.

"The technology of the development of personality is known, that is Scientology and Dianetics but not to the artists in general. So we have a paradoxical situation. In the world outside of Scientology the pianists fall back on digital perfection. They insist that every note be heard in total faithfulness to the written text in the hope that something will happen to this so called "budding artist." - that his personality will just show up.

"The "poor kid" is told to be perfect especially by agents and organizers. This is totally suppressive. It may kill the artist. So there are very few pianists who have survived. In fact, there are only five who are big today.

"The piano today is divorced from life because those who teach it do not know how to teach life. They don't know what life is made of - they merely hope for the best in gifted students.

"Piano playing reflects and triggers emotions. If you are afraid of emotions you will try and play without emotions - then what remains? Just notes - so many notes a second.

"However, the technology that I have researched with Andre Lamontagne should solve all the pianistic problems and the technology of L. Ron Hubbard will solve the problems of the personality and its development."

Mario will continue his processing and training and will take the Class IX and Class X Courses in the near future.

GO CLEAR

Actor and Movie Producer Dale Benson is Clear, and he has good reason to smile !

I have achieved the awareness that mystery always kept away from me. I find that I am - and any Mystery is not. I find now I can keep me at cause over my universe that I live in, for now it is in its proper perspective and I am responsible for its sanity.

Dale Benson
Clear

It may seem like a long road to wipe the slate clean of old considerations, mechanisms, and ways of mocking up abberation; but its a very short road indeed, considering how long it took to get that way. Its a very new feeling - The end of an old cycle and the start of a new one.

Start !

Clear

CLEAR To OT
by L. Ron Hubbard

Knowing and willing cause is part of the definition of O.T. And actually, total absence of bank is the definition of Clear. So as you move from Clear to O.T. all additional automaticites and miraculous changes of state come under your control and position, one right after another.

You gradually get to the point where you can turn these things on and off. You could be the storm or the sunset you know. And you would know what you were doing.

L. Ron Hubbard

I am, at last Clear. For the first time I am at peace, nothing else is of consequence, today I shall begin to live. Clear success stories may be stated in unlimited ways, but this is my success; my day and I cannot stress enough the splendor of life, nor the splendor of myself or any other being.

Dan Sherman
Clear

To all who have made this (Clearing) possible, especially Ron, I am deeply indebted.

A few days ago I realized an ability to actually have control of my thoughts (I could shut them off at will). I find this very relaxing to say the least.

John Wagenhoffer
Clear

This is a great feeling, and I wish to thank everyone that has made it possible including myself !

I'm really looking forward to a totally Clear and OT planet. The space is great. The feeling fantastic.

WOW - what else is there to say except thanks Ron !

Leona Goodale
Clear

On a Clear day. . . Wow!! Free at last from the dark well of Life times imprisonment. A countless search for Knowledge put me deeper and deeper into the well. I am out Pavlovs Dog is no more. Clear to reach the highest level of Beingness.

Thanks Ron.

Richard D. Talbott
Clear

Nothing in the whole Universe could give totality of freedom like I have experienced on the Clearing Course.

The Road is so Real, the Space so Beautiful and Ron has given it to us - to you !

I've taken that Road, and I could have taken others - But I came out on top! And thats where its at.

Trisha Sexsmith
Clear

I feel like I parachuted to Los Angeles from outer space for a guided tour into inner space through Ron's genius and then to outer space again at a closer range. It has been a fantastic trip on which I met and realized an affinity for the real "me".

Gladys Lo Kelley
Clear

I made it !

Its really great to think I've been messing things up, but now I'm Clear.

I have the ability to make things go right. I'm extremely happy about this -this is why I've wanted to be Clear "to Be me".

Thank you Ron, so much.

Christine Goraum
Clear

AND OT

Since completing OT IV and Dianetic auditing, I have experienced the following phenomena:

I am able to audit from a distance without a body, with total knowingness on what I'm doing and the results achieved.

I am able to audit environments, making them safe by locating counter-postulates and who made them, ARC Breaks, etc. I am now able to audit and be in comm with plants and animals.

It is difficult to read books, now, as I have to knowingly not-know the entirety of a book without reading it.

I can turn on the T.V. to football games and know who is going to win after the first couple of plays.

Of course I am making 3 times as much money as I was 6 months ago and material goods are very easy to obtain.

Oh yes, I can look at a geographical area and see its history at a glance.

These are just a few of my regained abilities which are stable for the first time.

Ron Shafran
OT IV

Being OT, knowing it, having my own universe, real and mine again. That's just a start.

But mostly, having attained this level, my comm cycle is clean, I'm here and at cause. When in doubt I can really observe the obvious and stay at this awareness. I'm not in this universe. I'm so much bigger than this universe that its available to me to impinge on and create without being physical. Walking this soft little thing (body) down the street is fun. Seeing the thoughts, masses and theta as real as a tree are other gains.

The velocity of my perceptions are faster than a speeding bullet, WOW! Hey Ron, you're right it's easy!

Diane M. Lidgard
OT VII

If I could bring all the sunsets I've seen, all the stars and rainbows. . . If I could bring them into the physical universe I could show them to you! To be able to go to any part of the universe -- like, look at mountains with a Swiss farmer or go home to New Zealand for a visit at any time is a fantastically beautiful ability regained.

Thank you Ron and Mary Sue and all the beings who helped.

Jan Reese
OT VI

I got back my ability to project my intention !

On OT VII I became so big and so exterior and so powerful that it really flipped me out - out of the physical universe entirely. I came back and I'm back now with the ability to put intentions here and there and everywhere. My life runs better, my pcs run better, even my car runs better.

The best intention of all is to be free ! Please project it.

Tim Yates
OT VII

HOW TO GET CLEAR AND OT

Simply take your next step on the road that Ron has laid out for you - then keep walking up and you will soon be Clear and O.T. !

Take a good look at the "Classification, Gradation and Awareness Chart of Levels and Certificates". It will show you clearly what your next step is and the abilities that you will gain.

Then walk this road to be the "golden glowing being" that Ron has made for you. It is straight and easy.

YOU can be Clear and OT very soon !

Come to Los Angeles now. Whizz through the high speed totally thorough Super Briefing Course onto Clear and OT.

Do it !

Dynamic Sheila Bakker keeps a watchful eye on technical production at ASHO.

If you look on the Gradation Chart you'll find that the inability lost for OT III is freedom from overwhelm.

I thought when I read it - "impossible" but here I am OT III and it's not impossible I can hold my own location in space ! Shades of TR O !

Other people may come and go, dramatize or be friendly, it is still my space.

Please, hurry and do OT III if you haven't already.

Sheila Bakker
OT III, OT VII

This section is a very beautiful section. I can operate from an exterior point of view. I have attained a wonderful state of certainty.

I have attained a certainty that the world will be Cleared very shortly.

FOCUS ON SUCCESS

Students David Light and Kerry Gleason learning Ron's policy on the Org Exec Course.

Solo was the most beautiful, fantastic course I have taken so far. The gains are absolutely incredible ! As you progress on it the bank gets smaller and smaller until its just not there to affect you. There's nothing quite like it. Its a fabulous high !

I can't express my gratitude enough to Ron for what he has done for us.

Bernice Freed

The Solo course brings a Being a very vast understanding of what its all about. Its loads of fun besides !

Its so great not to dramatize and to be back on my self-determinism.

John I. Becknauld D.C.

To me it is most impressive to have found a workable way to help others.

When I heard about Scientology I had collected so many failed purposes on that line, that I was almost ready to find a hole and crawl in.

Now, much change later, I have found out what I can do (anything) and where I can go (anywhere) - and that I can help others do the same.

Andy Pollack
HDC

I've said before that the last grade was the greatest but - this has been the greatest ! The truth is that the higher the levels the greater the expansion. It's hard to conceive greater heights than the present !

Charles Chiclacos
Ex. Grade IV

I have just attained the state of Grade VI Release. It is another fantastic release up the ladder toward Clear. I have attained many, many lost abilities going up - they get better all the time.

Mickie Barron

I have finally finished a long awaited goal. Now there will not be anything to stop me! I do want all beings that haven't done it, to do it !

Edward M. Smith

Ed Smith, steam fitter and plumber from San Mateo, California, is another very happy New Power Release from ASHO.

FOOTNOTES, ETC., TO CONTRARY BEING REMOVED IN ALL REPRINTS

STANDARD EXPANDED TECH BRINGS USE OF "ALL TECH"

ASHO Publications Department reports that all the notes, footnotes, etc., introduced into 1965 to 1969 editions saying or implying the pre-1965 processes are not used in standard current tech are being deleted from all the new and future prints.

All those "old" processes are valid and in use at their proper levels in today's expanded Standard Technology.

This applies to both Dianetics and Scientology although today's Dianetic tech procedure is more simple and has broader application than earlier issues. The basics have not changed.

As indicated by the 1970 *Classification, Gradation and Awareness Chart of Levels and Certificates* in the "PROCESSES AUDITED" column, there is a lot of tech on each level from O to IV. It's those processes listed – "AND OTHERS". And the "others" are many of them found in L. Ron Hubbard's books from the earliest years. There is also a tremendous amount of auditor know-how in those books. It is used on Academy courses and on the Saint Hill Class VI and above courses. It's not just "background" data.

So please in your copies of Ron's books which have notes and footnotes suggesting or saying the processes are no longer used DISREGARD SUCH NOTES.

Orgs are being supplied with printed slips announcing this so you can get them (no cost) and place them into your pre-'70 editions of the books. Just request the number you need for your Dianetics/Scientology library.

And remember *you can be run on those processes* at the levels where they belong.
