Student Auditing Technology Returns

STUDENT AUDITING

by L. Ron Hubbard

"Only training gives low cost auditing from fellow students. See that students do alot of mutual auditing."

POLICY

Students may audit students who have been enrolled and who have paid in full for a Scientology Level O or above or Dianetic course. They may also audit contracted staff members and may be required to audit organization preclears under the Director of Processing who are not enrolled on a course in order to complete their auditing requirements.

The course supervisor is to ensure that each student preclear's folder is Case Supervised for each session to be given and that any needed folder error summaries are done.

The course supervisor must make the auditing requirements of students and preclears known on a scheduling board so that student auditors can be assigned to preclears and sessions scheduled. Regular sessions may be scheduled during course hours besides any other mutually agreed upon time.

Scientology course students may audit Dianetic Course students on any needed Scientology actions.

Any student auditing successfully for the Director of Processing may be given an honors class for the level.

A student who has honors for every level may be awarded an honors final certificate and the certificate clearly marked and permanent. He also may be awarded an Internship for his highest class qualifying him as a Case Supervisor for that Class providing he also does the Case Supervisor checksheet well for that Class Interne.

Students not permitted to audit for the Director of Processing and who otherwise qualify as students are awarded PROVISIONAL certificates made permanent only after a year.

STANDING ORDER

All students formally enrolled into any Academy of Scientology shall be thoroughly trained.

The only lasting overt that can be done with Scientology is to fail to disseminate it well and accurately. This includes student training.

Students must be oriented during training into caring for the cases of their preclears.

Students must be trained to resolve their problems with Scientology.

Students must be trained to audit regardless of their own restimulation or cases. When auditing, auditors do not have cases.

Students must not be permitted to sag or slack or fall away in attendance and this can be done because all such attitudes result from a student's failure to obtain a reality early in training.

We must train new Scientologists so that we can have pride and confidence in them as Scientologists.

Students and Supervisors alike should fully understand that neither we nor this universe can afford to waste even one potential auditor.

L. Ron Hubbard

AUDITORS

Auditors have since the first session of Scientology been the only individuals on this planet, in this Universe capable of freeing man.

An auditor is one who has been trained in the technology of Scientology. An Auditor applies standard technology to pre-clears.

At times some will forget or chose to ignore the fact that the Auditor is not just another fellow or a guy who works in Scientology. An Auditor is a highly trained specialist, no matter what level of Auditor. He or she is the only one who can give man the truth, that man knows.

An Auditor is to be respected. An Auditor is very important in Clearing this Planet, and this Universe. Its a big job and the Auditor will do it. All Auditors are appreciated.

Special designations and insignia are to be developed to distinguish the Auditor from others and signalize his class.

The World Begins With TR-0

by L. Ron Hubbard

In a recent review of Technology, I traced the cause of course failures case failures directly to out-communication.

Further search revealed HCO B 17 April 1961, "Training Drills Modernized" was not in! Nowhere in the world!

This means HAS Communication Course failures, HDC auditing failures, Supervisor failures - you name it, any failure in an org is traceable to SOFT TRS.

This can get so bad that London once had "Permissive Public TRs" going! They wanted a rewrite so the TRs would be pale and patty cake enough for the public! Oh wow, oh wow. There went London!

An FEBC has just told me that she and her twin in an Academy were once ordered to cramming "because they had been six hours on TR Zero without completing it.". Oh wow, oh wow. There's where that org went.

TRs THE HARD WAY

Hard Way TRs demand for a start, 2 hours of no twitch, no blink, no eye redness, no unconscious, no wiggle TR Zero.

That's been required since 1961. But who did it. Only a few.

So there went our elated Scientology public coming Whee! off an HAS. There went our auditors. There went all upper courses.

A while ago I got hold of our toughest course supervisor and I told him, "You get TRs in the hard way on every Interne!" And he began.

Really real TRs beginning with Zero. Like the bulletin.

Using a photo timer (a 12 hour timer with a button on top you hit to restart it) and restarting it at each twitch, flunk, wiggle, eye redness, wobble or wander, TR Zero has started a wave of wild enthusiasm and case gain and established auditor skill that brings an avalanche of Success Stories at Tone 20. Just TR Zero! Done "the hard way".

It's taking up to 50 - 60 hours on some to get in a real 2 hours of blinkless, twitchless total confront TR Zero on field veterans.

Explains all. When people can't confront they flub!

Here is a list of TR Zero phenomena (even before bull bait is done) just given me by the current TR Course Supervisor here on Flag:

"During the past week I have observed a pattern that emerges on a person when he sits down to do TR - O the "hard way".

The phenomena is uniform in every person observed;

1st The person dopes off, goes anaten or goes to sleep.

2nd Eye watering, redness, a burning sensation. This manifestation is usually the worst for the student to confront and is resisted the most. It may last for a few hours or several days. This is the period when most students attempt in some covert or overt way to blow course even if for only a few moments.

3rd Glee hysterical laughter. This comes in waves. The student will laugh long, hard and loud for periods, or in line charge.

4th Student becomes very solemn and in a state of "hopelessness" or it can't be done thing.

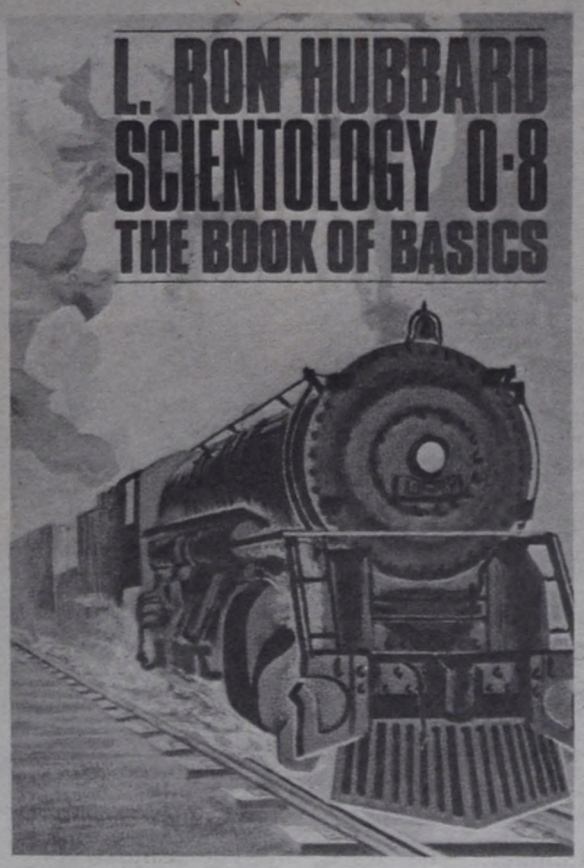

5th Student exteriorizes, has Cogs and VGIs.

Basic Truths are simple

Ron brings together for the first time in a single volume the fundamental philosophic materials and technical basics of Scientology. Both a fascinating introduction to Scientology for the newcomer and an essential handbook for students, auditors and Case Supervisors.

The route to highest states of existence has been sought long by Man in the fields of religion, mysticism, spiritualism, philosophy, mental arts, metaphysics, science and allied studies. Vast libraries could be filled with the scraps of information gathered in the course of this search. The great achievement of Scientology has been the culling of truth from this sea of data and finding that the truth was a tiny group of data possessed of the overwhelming power of changing all the other facts in this universe and in livingness.
L. Ron Hubbard from Scientology O-8.

Among the many materials in this book are assembled for the first time 28 separate Scales. Class VIII Auditor, Sheila Aldrich writes: "I've had so much success using Scales, it's very real to me that all a person has to do is take a Scale, find out where he's at, or where somebody else is at, and right there and then begin changing conditions."

This book is packed with the data you need to bring the exact truths of life into focus. Buy a half dozen copies for yourself and your friends today.

Price: $5.00 per copy. That's just $30.00 for six. 10% International membership discount price: $4.50 per copy, $27.00 for six.

Student Auditing in the Early 60's

L. Ron Hubbard looking over 2 students doing TR's at St. Hill, England, Rons home, and the World Wide headquarters of Scientology.

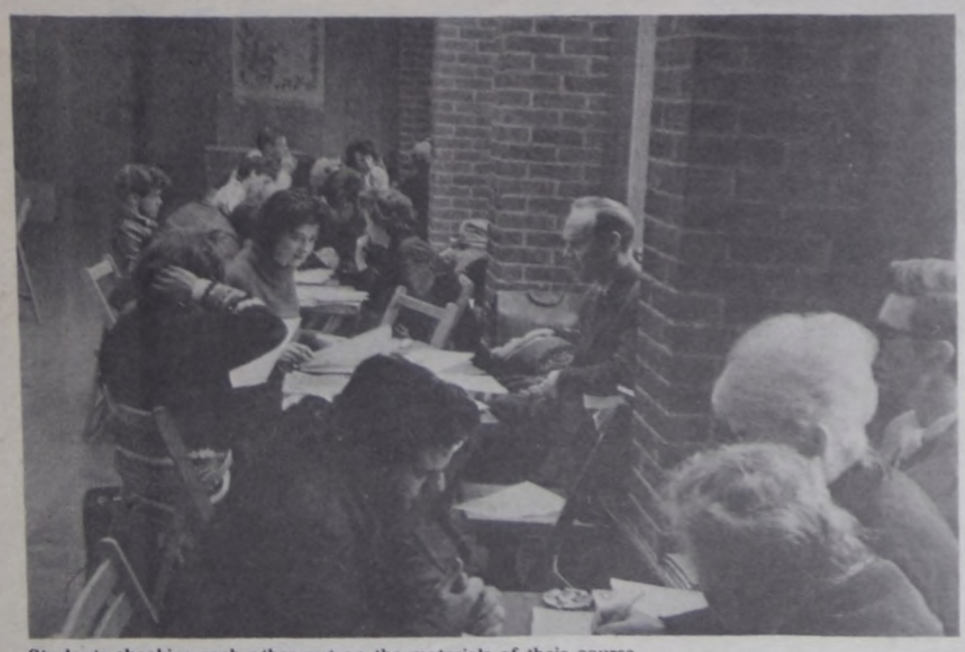

Students audited each other on the many processes of Scientology at St. Hill, England and in the many Academies of Scientology around the world.

Students taking a break. Notice the TV monator at left. Today the American St. Hill Organization in Los Angeles has a similar setup for student viewing of live auditing sessions.

Here students resume study and coaching.

Students checking each other out on the materials of their course.

Students assembled very often in the Chapel at St. Hill in England to hear a live lecture by L. Ron Hubbard. These lectures were professionally recorded and are part of todays courses.

Student Auditing Technology has Returned

A student starts the Hard TR's. Eye watering and burning sensation manifest.

Dope-off and falling asleep occur.

Glee and laughter comes off.

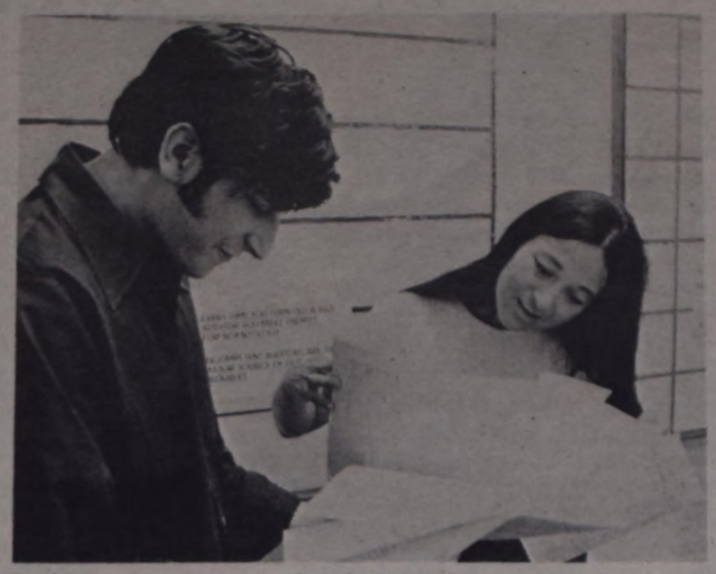

A very solemn stage sets in.

Finally the student can easily confront with no body motion or blinking.

After many hours - a Pass, with Very Good Indicators!

Students pour over a new Standard Checksheet which contains all the material necessary to audit the Expanded Grades. With the return of student auditing technology, students apply many many basic processes to each other for each level of training.

Ron has said: "To get lots of auditing, get trained". Above a student takes a fellow student for a session. Auditing is done in nearby convenient lodgings.

Hard TR's are IN, and many hours are put in to achieve the ability to confront for at least two hours with no blinking. The first four students above are doing new O.T. TR's, which makes other TR's easier to achieve.

Student auditing includes such processes as the one above which, done for some hours, produces a highly increased ability to duplicate.

Graduation each Friday, and new Auditors the most valuable beings in this universe - are now ready to apply the Standard Technology of Scientology and help Ron Clear this planet.

READ The Problems of Work

by L. Ron Hubbard

Scientology applied to the work-a-day world. Here Ron addresses the worker and the executive on the subjects of holding a job, handling confusion, the secret of efficiency, exhaustion, the formula of success, and much more.

"Scientology has slashed through many of the complexities which have been erected for men and has bared the core of these problems. Scientology for the first time in Man's history can predictably raise intelligence, increase ability to play a game, and permits Man to escape from the dwindling spiral of his own disabilities. Therefore, work itself can become a game, a pleasant and happy thing.
L. Ron Hubbard from The Problems of Work.

A real "how to . . ." book that shows any person the road to becoming more competent and more able, less tired and more secure in his daily work. Audrey Devlin, a reader of Problems of Work writes:
"I find it invaluable in handling my own environment and in helping others to handle their environment too."

CANADIAN STAR

Canadian Dean Regan is a well known singer, dancer and choreographer, He is a Canadian television star and has appeared in 20 musicals in Canada and the U.S. Dean received the "Toronto Telegram" award for Best Variety performer in Canada.

Dean is OT VII and an HDG. He was on the Scientology Academy training levels in Vancouver. Currently he is on the Scientology Flagship doing the FEBC.

Here is a Success Story by Dean:

"ADVENTURE"

Ever wondered who you were? What you were doing here? Is there "life" after death? What are your potentials? Could you improve yourself? "Learn to live with" your aberrations or perhaps even change them towards a better survival. Ever ask yourself "What is happening?"

Well, I did 2½ years ago - actually, many many lifetimes ago - however, it seemed quite real to me at this point that I was not headed in a sane direction. Totally 'drugged', out of communication with the environment, my body, my friends, my environment and profession, I heard the word SCIENTOLOGY - I gave myself a START and the dust is still flying. . .

I'm currently headed for Flagship for more training on the 3rd Dynamic - knowing who I am, what I'm doing here what life and death are, some of my potentials, as and for improving myself, changing conditions towards survival and knowing what is happening, well, that adventure I wouldn't want to spoil for you because it's just too incredible to be put down on paper.

Imagine standing in the middle of an imprisoned planet of chaos bent on destroying truth, with certainty of future sanity and hope for all mankind, wearing a smile at the very mention of the word SCIENTOLOGY - Thank you L. Ron Hubbard for that beautiful word.

Quarter back for the San Francisco Forty - Niners, John Brodie, sets at the Success desk of the American Saint Hill Organization, ofter completing Power and Power Plus.

DANCER WITH DISNEY

Recent ASHO Power Release Joanne Divito is a talented actress, singer and dancer. She has been on tour with Disney on Parade for the last seven months and is currently appearing with the Parade in Portland. Joanne has starred in many musicals, on Broadway and stock, such as "Annie Get Your Gun." "Kismet", "Westside Story," and others. She has also appeared on the Ed Sullivan Show.

Joanne has been a Scientologist since the beginning of 1968. She got her training at the New York Org., and is a Class IV Auditor. Joanne actively disseminates Scientology to the members of her tour and to other show people she comes into contact with.

After completion of her current tour, Joanne plans on completing her training and going Clear and OT.

THE RANCH SCHOOL

The Ranch School is a Scientology boarding school for junior - senior high school students, using Scientology study data. It is located in Williams, Oregon on 100 acres of land.

The school is run by Constance Amsbury, a Saint Hill Special Briefing Course graduate who is an accredited teacher with an MA in English. Prior to opening the Ranch School, Connie was applying Scientology in her work in the public schools of California, and was receiving much validation of her seniors.

The academic program of the Ranch School, is designed to meet each student's individual needs. L. Ron Hubbards study methods are applied including the study tapes. The students use the twin checkout system using checksheets and working at their own speed. They stay with a subject until they fully understand it, and can use and apply it. Clay demos are used to be sure that the meaning of the data has been grasped. The approach is also used whereby students get involved in each subject. Instead of just reading about a subject and hearing a lecture, many field trips are taken so the students can learn by direct observation and experience.

The students at the Ranch School create and maintain their own space. They grow their own food, plan the menus and do the cooking. Currently they are building a dormitory. The school is governed by the students and they set up their own ethical standards. The accent is on developing self ethics.

The Ranch School plans on giving the HSDC (Hubbard Standard Dianetic Course) next year. Eventually Constance hopes to see the school running side by side along with a Mission.

The students at the Ranch School get a good basic education which enables them to spot the outnesses in todays society so as Scientologists they can begin to repair them. The school is designed to aid students prepare for total living in an environment free from invalidation and evaluation.

Yesterday we went to a magic land,
Where all the people smiled,
Where dancers danced on the green,
To the music of recorder and tamborine,
Where roving players played for the entertainment of all,
Where velvets and satins flashed all the colors of the rainbow
Where actors acted upon the stage of life
Where singers sang of golden happiness,
Where I sang too inside my soul.
It was my first Shakespearean Festival.

Pam Stewart

During my past year and a half here at the Ranch School I've learned more than in my past 10 years in public school. I've learned to read things and understand what I've read. I've learned to write things more easily and I really like school. Outside of school I've learned to cook for a crowd and waiter and be a real mother figure. It's just Beautiful here.

ACTOR GETS TRAINED

Scientologist Chuck Daniel is an accomplished actor who has appeared in plays, television and motion pictures. In 1970 he was nominated as Best Actor of the year by the Los Angeles Drama Critics for the lead role in "No Place to Be Somebody", a Pulitzer Prize play at the Huntington Hartford Theatre. Currently he is on leave of absence from this play to get trained at the Los Angeles Academy. Chuck a Grade I Release is on HSDC.

Chuck has appeared in lead roles in "The Virginian," "The Name of The Game" and the "CBS Playhouse". He also has done a supporting role in the motion picture "Airport". Before coming to Los Angeles Chuck sang in clubs along the Eastern Seaboard, Europe and Mexico. He also appeared on Broadway in "Hallelujah Baby" and "You Can't Take it With You".

Chuck first got into Scientology three years ago in New York. He says that through Scientology he has achieved what he feels are the two prerequisites for acting - the ability to just be there and a willingness to outflow. For him stage fright does not exist. To quote Chuck, "Since Scientology its easy as pie."

Chuck doing some hard riding in "The Virginian".

CLEAR ARTIST

Janet Williamson is Clear, very very talented and very spirited. Formerly Janet Shankman, she was married to Robin Williamson of the Incredible String Band in Los Angeles last December.

They have just completed a book together "Home Thoughts From Abroad" that Robin wrote and Janet did the illustrations for. It is soon to be released.

Janet was first introduced to Scientology in Los Angeles in May of 1969. Living with her cousin, who is a Scientologist, and deeply involved in yoga herself, she took close observation of her cousin who was, obviously, making far-reaching gains in life and she became more and more prone to compare the workability of the two until finally, one day, she cognited on the full potential of Scientology in her life and went to the Los Angeles Org to sign up for the HAS Course. She continued from there and completed her Scientology Triple Grades O - IV in June of 1969. Realizing the value of training, she next did the Hubbard Standard Dianetics Course at the Beverly Hills Mission in September of 1969.

Janet had her Power Processing at Saint Hill in December 1969 and did the Solo Course at ASHO in June of 1970. Janet, who is Clear 2674 was the first person to go Clear at Advanced Organization United Kingdom after its move from Edinburgh.

In the meantime, Janet had met Robin and Licky McKechnie of The String Band and Janet began working with the group who were, by now, well on the way to Clear. She designed 4 of the String Band's album covers and in their pantomime "U" the music of which was made into an LP, Janet's paintings were projected onto a back-drop and played a major part in creating the total environment of the production. She also danced in "U" and sang "Bad Sadie Thompson" which she wrote herself.

Working and traveling with the group Janet gets a chance to meet a lot of people. Does she ever get a chance to tell them about Scientology? "People are always coming up and saying 'how come it's so beautiful?' And we say, It's Scientology!' We have people come into Scientology just on the example we (the String Band) give to people."

Janet's very active life contains some exciting plans for the future - 'to do all the OT Levels, to make movies, to do some more books.

Robin and I would also like to have a Theta school for aesthetics. We would employ Classed Auditor-teachers and we would like to start in England.

I would like to help the entire everything and everybody go free!"

PRAYER DAY

Some 1,100 parishoners participated in a recent Prayer Day, held by the Church of Scientology in Los Angeles.

A Sermon was given by the Rev. Robert Thomas, and a prayer for Total Freedom delivered by the Rev. Craig Beeney.

Ministers of the Church were ordained in a ceremony where they were presented with silver crosses and prayer books.

A Chorus recited its rendition of The Creed of The Church, and excerpts were read from the works of L. Ron Hubbard, the Founder of Scientology.

SCIENTOLOGISTS FORM PRODUCTION COMPANY

Axioms Production Inc., Los Angeles, California, has been formed to enter the entertainment industry with the purpose of promoting Scientology, the Applied Religious Philosophy, Scientology artists and Scientology products to the public.

Axioms has a Record Division, a Music Publishing Division, a Motion Picture Division, and is expanding into other areas including concert tours and theatre production.

The Company has 13 staff members, who are all Scientologists getting trained and audited. The executive team of Axioms consists of Dale Benson, (OT II), the President of Axioms, who is a successful producer. Ken Gerbino (Grade II) is the Executive Vice President. Formerly, Ken was the manager of the marketing department of Capitol Records Club. Paul Shapiro (OT I) is the Executive Director of Axioms Music Publishing Co. And is currently recording with Reb Foster, the manager of Three Dog Night and Steppenwolf.

The Company's first product is a L.P. Album "My Philosophy." selected works of L. Ron Hubbard, narrated by Yvonne Gillham, Commanding Officer of Creative Mission. The album is now in over 100 cities in the U.S. and abroad, and is receiving airplay in New York, Los Angeles, Miami, St. Louis, Washington D.C., Seattle, Denver, Tahoe, Austin, San Francisco, and many other cities. It will soon be distributed to record and book stores throughout the U.S. The album is a fantastic dissemination piece and has received acclaim from Scientologists throughout the world.

Left to right are Ken Gerbino, Neil Parenti, Paul Shapiro, Dale Benson.

So far the Music Publishing Division of Axioms has sold two songs, one written by Scientologists Frank Dunn and Frank Blummer, and the other by Lori Rae, The Division is currently in negotiation for the sale of seven more songs to be recorded by the Chambers Brothers, Ike and Tina Turner, Jeff Sturges and the Universe, (a 26 piece Scientology band now on tour with Tom Jones.) Axioms is also negotiating with major record companies for distribution of their recording artists who are Scientologists, including Dick Glass, Drumm and Amanda Ambrose.

The company is run using Scientology administrative policy and is rapidly expanding. The opening of offices is planned for New York, Chicago and Europe. Currently a big promotional campaign is underway in Los Angeles and New York headed by Tiffany Hendry.

When interviewing Ken Gerbino, his comments were as follows, "Our company is on a power trend solely because we are applying the tech and we are on purpose. For me, Scientology has opened up the most beautiful and fantastic world I never even had dreamed of. . . . This company will produce and distribute to all our markets, Scientology products which promote the purpose of Scientology – the creation of a new civilization.

Confessional Aid

The Mark V Electro-Meter is available for immediate delivery to you.

The Electro-Meter is a religious artifact, used as a spiritual guide in Church confessional processes, and is not intended, effective or ever to be used for attempted diagnosis, treatment or prevention of any disease. The Confessional Aid measures the mental state of a person and the change in that mental state as a result of Scientology or Dianetic processing.

It has long been Church policy that only ordained ministers, theological students preparing for ordination, or those seeking the highest levels of spiritual awareness above VA in Scientology may use or have possession of the Confessional Aid.

The World Begins With TR–0

Continued from Page - 3

Changes observed on specific students:

(1) Student A (Sea Org Executive) - Laughed for 4 days almost continually. Enormous Reality change. Eyes much brighter, face features changed. Certainty.

(2) Student B (A Key Scientology Executive with former case trouble) - Went through a very heavy body motion thing for 6 days - severe jerking of the shoulders - almost like a coma. Yesterday he came out of it with tremendous Cogs. Said he felt great and his machinery was broken down.

(3) Student C (An FEBC Graduate) - Took off his glasses, and has not put them back on, said he didn't need them. Looks extremely bright. This happened his second day on TR-O.

(4) Student D (An FEBC Graduate, OT) - Turned on somatic in the neck - it blew. Said he was totally exterior, not worried about his body and was practicing just being there. Eyes very clear.

(5) Student E (An ex school teacher) - Notable case change much more at cause although at this time he needs more work on his TRs.

(6) Student F (A famous celebrity) - From social facade to certainty. Much more causative. Lost 10 pounds.

(7) Student G (A veteran Course Supervisor) - Changing valence often heavy anaten running off - large resistance to being controlled. Doing well though."

So right in your hands you have a magic tool IF YOU APPLY IT.

This means it will take some enrollees on an HAS Course weeks just to get through plain Zero. But when they do, wow, have you made a Scientologist! You have to level with them "Now look," you have to tell the newcomer, "this isn't an easy course. In fact, it's hell. But when you've managed it, you wouldn't sell the result for a million."

On brand new people (HAS) you get TRs in on a gradient. TR O, I, II, III, IV round and round, each time a little more exacting. First time he reads the HCO B and does Zero. You ignore the blinks etc, give him a win of being able to sit in a chair! Then I, II, III, IV, if he fails III, back to Zero. Keep him winning. Keep it getting more exacting. Finally, no blink, no swallow, no red eyes, no twitch 2 hour zero. And the hard way with the rest of the TRs. You keep him winning but you don't let him off the HAS until he's made it up to TRs total bull bait.

TRs the Hard Way means your auditor courses will begin to produce stellar auditors fast because your Academy (and SHSBC) (and Class VIII) Zero must be passed, really passed. And so must the other TRs all the way to IX. All the total hard way.

Look, begin to use TRs the hard way on Public, Technology and Admin beings and you'll drop out 80% of your troubles and begin real org expansion.

The Mini Course Supervisors Hat should have this.

TRs are now being taught this way to Course Supervisor students on that course.

We're in Power on the Planet with stats. We have to deliver, deliver, deliver.

Your first org step to big production is TRs THE HARD WAY.

There is no more important org step that you can take to get your products soaring!

Be a Power Auditor

As a Class VI Auditor and Graduate of the Saint Hill Special Briefing Course, you become eligible for the level of Class VII - the elite team of auditors who deliver the phenomenal Power Processes.

Here is a rarified precision in training which is unmatched at any other level.

The Handbook of Human Communication

DIANETICS 55!

The ability to communicate is the key to success in life, and any area of your life that is not succeeding the way you want it to can be improved by bettering your ability to communicate.

"What is TRUTH? What is KNOWLEDGE? What is the SECRET? . . . . . Knowledge, Truth, Secrets - they are the guts and anatomy of life. They must not then be owned. They must not then be hidden or bent. They must be permitted to stand out in the bold sunlight for all to see for only when they are to be seen are they safe things to have, to hold, to know. This is the Second Book of Dianetics. It could mean a new Earth, it could mean a new freedom. But whatever it means it cannot mean nothing in the sense Man uses that word - for you cannot unveal the SECRET and have it ever be quite so secret ever again."

L. Ron Hubbard from Dianetics 55!

This book details the exact formula human beings use in communications and this major discovery by L. Ron Hubbard has revolutionized the field of human relations. Roger Barns, a reader of Dianetics 55! says: "When I read this book I had a tremendous upsurge in my ability to communicate after I read that in order to be cause you must be willing to be effect and to bring about duplication you must be willing to duplicate others. This blew off a tremendous area of mystery as to why my communication wasn't as effective as it should have been. Just take a look at the other viewpoint and know it has validity too, and you can't go wrong."

Improve your communication. Improve your ability to win more in life. Read Dianetics 55!

Poet's Corner

CLEAR POEM

It is simple.
Like a sun sandwich.
The green
leaves; I can count the
number of them.
Your
thoughts my thoughts,
I can
differentiate. The
leaves on trees are
young.
The
forest sparkles green.
The
yesterday of hate has
disappeared.
The tomorrow of
love
reaches
all the way to
here.
I am me. It is that
simple.
I have not changed
a bit
in all the trillenia.
My
mind is mine;
what's left of it.
I am free. Totally me.

Russell Salamon

Success will be yours with the return of Student Auditing Technology

I had a lot of fun auditing Level II its great to see some one cognite on the level after unburdening charge from that area of the bank. Making causitive responsible beings is the game to play.

Charles E. Bimer Jr.
Saint Hill Special Briefing Course student

I've had tremendous wins knowing and understanding Scientology even better, blowing things like crazy on my own case - becoming more pan determined in my actions - being raised on the tone scale by knowing the technology - the difference of TR's then and the knowingness of them now - the importance of really asking a question - wanting to know it from the pc and not just saying it because I'm supposed to do it. Being close with Ron on his tapes, planning out my future without doubt. Becoming less reactive - constant, constant changes in my own case every day there is some new ability, cognition and difference in my case - and my regard to the technology.

It works !

Olivia Korringa
Class IV HDC

I feel I will be able to graduate the Saint Hill Special Briefing Course as an auditor.

I understand the reasons for Tech. I have a full grasp on the background and history of Technology.

I have had more personal case gain both as a student and pc.

I can disseminate better.

I am a better pc.

My general havingness and confront as a Scientologist has gone up.

Tony Hitchman
Level III Saint Hill Special Briefing Course

My wins are seeing my student pc really blowing through mass in his life and expanding. A chance to really get into session after session and find out for myself that the tech works.

Secondly - a greatly expanded ability to live and confront. My wins in handling people out of session have been tremendous.

Michael Church
Saint Hill Special Briefing Course student

I really enjoyed auditing on Level II and I had tremendous case gain as well. By duplicating Ron I just breezed thru without the addives I used to have as an auditor. I really have certainty on making anyone feel better and winning thru auditing. Auditing is after all one of the simplest things to do. All it takes is confront and doing it.

Albert Moniz

I have had the highest wins in Scientology from auditing, Ron says you get 50% of your wins from training. This, by the way, is a truism. There are 2 sides of the Gradation Chart, and both sides are invaluable. I love to audit! As only a pc you get half the wins. As auditor and pc you get all the wins !

David DeMichele
Saint Hill Special Briefing Course student

WOW! I had auditing from a Level IV student on the Briefing Course – I swear it was professional, experienced, – it was so smooth! Students today audit a lot – many hours per level – – when they finish they really know what they're doing. I think its great.

Julie Goetz

The gains I've had from V and auditing Grade processes is beautiful! I really know I can audit standardly. The tech is beautiful! I hope everyone gets trained.

Debbie Musack

So many wins I don't know where to start. The wins of helping pcs, of advancing my own case, of becoming part of the team, of going through a lot of stuff and coming out the other end of learning a lot of groovy stuff.

Arnie Alpert

This was the first weekend since I came into Scientology that I've been totally keyed-out without even thinking about it.

Usually I'm monitoring the bank, evaluating my state of case, Q & A, etc., etc.

Wow! I was just there. Not as a "Scientologist", not as a case; just being there.

I gave 3 sessions before the weekend (in 2 days) and I'm certain this did it!!!

Stan Chapman

The wins of Being a Class O Auditor are fantastic! Here on the Saint Hill Special Briefing Course I've found data I never dreamed existed. And all the "new" data you hear about you know Ron said it all way back when. It's just fantastic. And its wonderful to see your pc's cognited and winning. Thanks Ron and thank you Terry for your guidance and thank you ASHO for Being here.

Anne Badger

I've just classified on Level V - it's been great to audit someone on up from Life Repair through Grade IV Expanded. Level V includes all the missing bits and pieces of the technology through Grade IV Expanded. I have a certainty on this area of technology which I've been longing for since I first started Scientology. I've got it!

Thank you all and especially you Ron.

Irving Paiewonsky

Level I is beautiful. The Briefing Course is simpler every day for me. I am on top of "my problems" because of the Level I theory. It just is no effort to win on this planet with the Technology of Scientology. I used to have trouble studying before Scientology, but now my duplication and speed has come up fabulously, Anyone can get trained its simple.

Start winning - Be an Auditor!

Gary Lawrence

The Briefing Course was the most exciting and rewarding experience of my whole life. The only comparable trip in this universe is auditing day in and day out. This technology is what I came into Scientology to get. I can handle people now and restore themselves to themselves and every time I give a session I'm a little bit bigger (even the flunked ones) and aberration is a little less. I dig it!

Thanks Ron.

Barbara Wilhite

I am ready to audit on level one on the Briefing Course. I have found a preclear, who may be needing Dianetics, and I do intend to give her straightwire and zero and one, all the way up, whatever she needs.

I have suddenly discovered in myself a fantastic desire to really help another being. I want this preclear to win, and I am prepared to do whatever is needed to see that that happens. I have never before experienced this beautiful, expanded real desire to help.

I feel really exhilarated knowing that I have the tools to do it.

Daly Dana

The Saint Hill Special Briefing Course is fantastic. It has put my technology in solid. My auditing improves each day.

What else can I say to beings who know.

Norman Hamilton

The Briefing Course is a fantastically inclusive course. It contains all of the technology and basics needed to take anyone to being and knowing he is a spiritual being with vast capabilities.

I am also very glad I was an experienced auditor when it came to auditing myself.

Because with the thorough knowledge of the technology I was sure as a pc that my auditor knew how to audit and get me thru it. And boy – he sure did.

Michael Pringle

I am a Class VI Auditor - This is a tremendous win. As long as you keep winning you can't lose. The Briefing Course is the biggest win of all. On to Clearing.

Roger Forguson

Fantastic! I can audit. I am a "Class VI" auditor.

Doing the Briefing Course has been a great experience. The technology I have learned is beautiful. But the main thing is I know I am an auditor.

Ron thank you.

Wendy Budlong

The Saint Hill Special Briefing Course is a really fine course; it is a lot to confront, but after you have confronted it you are a much much more able being and have a lot more certainty on auditing and yourself. I have never done anything so rewarding ever, but don't plan on stopping here.

All my love to Ron for sharing all of this with me and you.

Will Carter

I have worked hard at Scientology for over three years now and have attained OT VII, a very beautiful state, but somewhat at the expense of training. Now, I am putting in training and it quickly becomes apparent that it's what is needed and wanted. My wins due to training are fantastic !

Frederick Petersen

I have audited those cases that other Auditor's couldn't handle on regular student lines and have the confidence and skill of a professional Class III.

Richard Dane

It's a great win to see a pc winning after being stuck with a Present Time Problem for 20 years. Sure is a big big win to see the pc being at cause over the re-active mind.

Hurry up and get trained.

Fay Crivello

I just audited a beautiful smooth session and felt as exhilarated as the pc with his major win. There's nothing more delicious than auditing others !

Adrienne Sundaram

After graduation from the Hubbard Standard Dianetic Course here at ASHO I continued to audit my fellow - student, Sally Thielen, toward her Dianetic Completion. At the same time I was being audited by a fellow student, Judy Probtsfeld, on Straight Wire processes and then Level O Expanded. The gains I was able to make during the time I was both auditing and being audited - along student lines – were fabulous. I've never been as competent or as happy or as easy to get along with and the gains have not only lasted but grown with the passage of time.

Ruth Sokoloff
Saint Hill Special Briefing Course Student

I have had great wins applying technology with TR O in and complete confidence I can get End Phenomena.

Auditing becomes easy when you are in session.

I will continue.

Mike Mallen
