INTERNES

by L. Ron Hubbard

The word INTERN or INTERNE means "An advanced graduate or a recent graduate in a professional field who is getting practical experience under the Supervision of an experienced worker."

An Interneship then is serving a period as an Interne, or an activity offered by an org by which EXPERIENCE can be gained.

Interneships have been arranged this long while for every auditing class.

The apprenticeship of an auditor is done as an org Interne.

C/Ses very often have Internes on their lines and sometimes have trouble with getting them to audit.

The WHY of this is that the Interne seldom knows the definition of the word "Interne" (which is as above). They sometimes think they are still students. They do not know this fact:

A COURSE GRADUATE BECOMES AN AUDITOR BY AUDITING.

That means LOTS of auditing.

The failure of "auditors" is that they go from one level to the next HDC to IV to VIII without ever becoming an auditor for that class.

An HDC graduate who doesn't then audit under an experienced Case Supervisor who knows and demands the standard actions rarely get to be an HDC *AUDITOR*. It takes tons of hours to make a real Dianetic auditor who can toss off standard sessions and get his routine miracles.

So if an HDC doesn't INTERNE, but simple goes on to the Academy Courses or SHSBC he has skipped his apprenticeship as a Dianetic Auditor.

If he gets his Class VI and never Internes but goes on to VIII.....well, we now have somebody who has long since lost touch with the reality of why he is studying.

Therefore you CAN'T take a Class VI graduate who was never a Dianetic *Auditor* and Interne him as a VI. You have to Interne him as an HDC.

When he can turn out flawless Dianetic sessions on all kinds of pcs, Interne him as a IV etc.

In other words you have to catch up all neglected Apprenticeships.

I don't care if the guy is an VIII, if he wasn't ever a Dianetic *Auditor* and a Class VI *Auditor* and isn't Interning as a VII then he is only a provisional.

Flubby auditors are the biggest time wasters a C/S has. If auditors on his lines aren't good, he'll take forever to get his C/S work done.

The answer is, regardless of Class as a course graduate, a C/S MUST INTERNE HIS AUDITORS FOR EACH INTERNESHIP MISSED ON THE WAY UP.

The "ok to audit" system is used.

One takes any graduate and Internes him on the lowest Interneship he has missed. He reviews the material, gets his drills checked gets his misunderstood words cleared and gets an "ok to audit" for *that* level. If he goofs he is crammed. And sometimes wholly retreaded. The "ok to audit Dianetics" would be his first okay. This suspends if he has to retread.

When he then has turned out pcs, pcs, pcs, pcs, 5, 6, 8, 10 hours a day for weeks and weeks and is a total success as a Dianetic Auditor, he can go on up.

At first as a Dianetic Interne he is part time studying Dianetics. Then as he gets flawless and while he is getting experience and practice on Dianetics, he can gradually phase over into re-studying his next Interneship, usually IV or VI.

Then one day he is word cleared, checked out on his drills, and he qualifies for "ok to audit" for IV or VI.

Now it begins all over again. Flubs - Cramming, midnight oil, audit audit cramming audit audit new word clear new drill work audit audit audit audit 5, 6, 8, 10 hours a day.

Now he *is* a IV or VI auditor.

His next real step is a VI or VII Interne at an SH. If he has been a good IV Interne *Auditor* his VI Interneship after his SHSBC will be a VII Interneship. VII *is* an Interne activity.

When he's an *Auditor* that can do VI and Power, he is ready for VIII and IX.

If he is going to be a good VIII - IX auditor he will Interne in an AO or SH under an experienced C/S.

Now when he goes to his own org, you have a real honest to goodness C/S. And as a C/S he must know how you use Internships to make auditors.

UNDERSTAND THESE WORDS

ACADEMY - Refers to the Academy of Scientology where training on Dianetics and Scientology levels are delivered. Each Church of Scientology has an Academy.

AO – Advanced Organization.

ARC - A word made from the initial letters of Affinity, Reality and Communication which together equate to understanding. (These are the three things necessary to the understanding of something - one has to have some affinity for it, it has to be real to him to some degree and he needs some communication with it before he can understand it.)

ARC STRAIGHTWIRE – a basic Scientology process.

AUDITING - the application (by a trained "Auditor") of Dianetics or Scientology procedures to someone for that person's remarkable betterment.

AUDITOR - A listener or one who listens carefully to what people have to say. An auditor is a person trained and qualified in applying Scientology processes to others for their betterment.

AUDITING SESSION - A precise period of time during which an auditor audits a preclear.

CASE - The way a person responds to the world around him by reason of his aberrations.

CLASS - CLASSIFICATION - a gradient classification system for auditor levels. Levels so far released are numbered from O to IX.

CLEAR - a person who can be at cause knowingly and at will over mental matter, energy, space and time as regards the First Dynamic (survival for self). The state of Clear is above the Grades of Release O - VI (all of which are prerequisite to Clearing) and is attained by completion of the Clearing Course at an Advanced Organization.

COGNITION – a new realization of life. It results in a higher degree of awareness and consequently a greater ability to succeed with one's endeavors in life.

CRAMMING – a section of the Qualifications Division where someone goes to find out what he missed or misunderstood in his training and gets it handled.

DIANETICS - means through thought or mind.

DYNAMIC - the urge, thrust and purpose of life - SURVIVE - in its eight manifestations.

E-METER - the Hubbard Electropsychometer is a religious artifact, used as a spiritual guide in Church confessional process, and is not intended, effective or ever to be used for attempted diagnosis, treatment or prevention of disease. The E-Meter measures the mental state of a person and the change in that mental state as a result of Scientology or Dianetic processing.

EXTERIORIZATION - The state of the thetan being outside his body. When this is done, the person achieves a certainty that he is himself and not his body.

FLAG – the Flagship of the Scientology Sea Organization.

F/N - FREE NEEDLE (FLOATING NEEDLE) - This is a needle manifestation of the E-Meter of great importance, as it indicates the preclear has reached a state of Release and is the end point of any process. A free needle moves in an idle uninfluenced motion. It appears to float.

GRADE - an award made to a preclear in the form of a certificate for having attained one of the eight states of Release or the state of Clear.

HASI - Hubbard Association Scientologist International.

HAS - Hubbard Apprentice Scientologist, the name of a basic course in Scientology, which teaches the fundamentals of Communication.

Internes

...Continued from front page

Wherever this function is neglected, you don't get auditors. You get doubtful students and out tech.

On Flag C/Ses have to catch up every missed Interneship to make a high volumn high quality auditor.

The world renowned Superiority of Flag Auditors is built just like I am telling you here.

There is no reason that just that same quality can't be built by any org.

One does it by the Interne method.

Any auditor who is limping and fumbling simply has never been properly Interned.

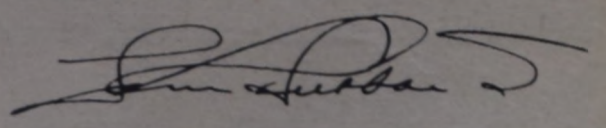

The way to remedy it is to go on the Qual "okay to audit" Interne system. The Internes are a section in Qual. They have a Course Supervisor. They study and audit cram audit cram study audit, audit audit audit.

And one day you have IN tech and high volume high Class auditing all over the place.

Otherwise you just have a bunch of students, in doubt, chewing on their misunderstood words and failed tech.

There is a right way to go about it.

It is by Interneship.

Get Your Power !

Auditor Interneship

All students graduating all technical courses are granted a Provisional Classification Certificate. Full Permanent Classification is awarded when the Graduate has completed Interneship in an org for that level.

Internes train under the Interne Supervisor in Qual and do their daily auditing Intensives in the Hubbard Guidance Center. The Director of Processing is their administrative senior while they are auditing in the Hubbard Guidance Center.

After a period of volume auditing and needed correction, resulting in consistent well done auditing hours in the Hubbard Guidance Center, the Case Supervisor writes to the Interne Super advising that the Interne is now fully proficient in that level and is eligible for full Classification.

The Auditor Interneships line-up is:

HSDC Interneship
Class O to IV Interneship
Class VI Interneship (includes Interneships for Dianetics, O - IV)
Class VII Interneship
Class VIII Interneship
Class IX Interneship
Class X, XI and XII (when available)

An Auditor Interneship is run like this:

A) Prerequisite: Classification Cert for the Course.
B) Do OK to Audit checksheet and get OK to Audit.
C) Audit daily Intensives in the Hubbard Guidance Center, doing daily Cramming for any and all non-standard actions, as directed by the C/S and the Cramming Officer.
D) Do daily TRs, training drills and study under the Interne Supervisor.
E) Listen to Class XII tape recorded sessions of the same level then record own sessions and compare to the XII sessions.
F) Continue auditing in the Hubbard Guidance Center, improving auditing standard, increasing number of hours on that level, until Case Supervisor issues a C/S Hubbard Guidance Center OK to Audit and sends to the Interne Super.
G) Interne Super puts the student on Routing Form to route out of the Interneship for permanent classification.
H) Student is checked by Pre-Clear Examiner for Floating Needle and Very Good Indicators. (If no Floating Needle and Very Good Indicators, student is returned to the Interneship and Cramming is used to find out what was missed, then back to Interneship to properly complete.
I) Student Examiner gives the five question Dangerous Auditor type exam covering essential basics for the Classification and examines three folders audited by the Interne in the Hubbard Guidance Center for flubless auditing application at that level.
J) Certs and Awards issues full Classification Certificate for that level.

Any Interne who is found to be a Dangerous Auditor, totally incompetent or who puts false reports about session into a pc folder, should be ordered to retrain the Course and routed off the Interneship and sent to the Registrar to sign up. They may return to complete the Interneship when the retrain has been completed at no extra charge if done within six months.

Any Auditor sent to an AO or SH for an auditing Interneship is paid his wages by his org and the org pays for the Interneship at 50% discount, so long as the Interne has signed or renewed a 2½ year contract from the date of completion of the course. Hubbard Communications Office Area Secretaries must insist that this is done before sending an Auditor for an Interneship.

As stated in Hubbard Communications Office Bulletin 28 April, 1971. "Okays to audit in HGCs" it is a commendable for Franchises and Field Auditors to get Okays to Audit in their nearest org, and the above programme must be extended and offered to all Franchise and Field Auditors.

Old Hubbard Professional Auditors and Hubbard Certified Auditors should be encouraged to do Academy O to IV Retread at half price, then Interne full price to full Classification.

The benefits of Interneship training:

1. Auditor has all auditing and Case Supervision misapplications and misunderstoods cleaned up on that level, under daily supervision. (Internes Case Supervise their own folders and then send to org Case Supervisor who OK's or not).
2. Auditor gets loads of auditing experience through the volume auditing produced on the Interneship.
3. Full org Cramming service.
4. Access to the Org Library.
5. Word Clearing facilities and utilization to the full.
6. Daily case supervision and training directions in auditing and case supervision by the Org Case Supervisor.
7. Personal attention by Interne Supervisor plus daily training and drilling, in addition to any Cramming actions done, to improve auditing techniques and Auditor presence.
8. Electronic aids - can listen to flubless Class XII tapes for the level, record their own sessions and compare to the XII sessions.
9. The attainment of competent ability to audit at the level trained and full Classification for that level.

News From Ar

New Zealand Writer

The Maori are a race of people native to New Zealand. A few months back, the first compilation of contemporary Maori writings ever presented in hard cover book form was published by the well-known New Zealand publishing house: AH & HH Reed.

It originally appeared in a short story called: "To the Race, a Son" written by Scientologist Rose Denness, Class II Auditor, HDC and Grade VA Power Release.

Rose wrote: "To the Race, a Son" in 1959, after she completed her first Scientology spiritual counseling at the Auckland Church of Scientology. "I went home and began writing. 6 weeks elapsed and the story was finished. I sent it to the magazine "The New World" (called TE AOHOU in Maori). Last month, my story was published in a hard covered book of contemporary Maori writers. It has been reviewed in the newspapers and on the radio recently. I attribute this regained ability to my introduction into Scientology and the services I received."

Roses' husband first took an I.Q. and Personality test at the Auckland Church and had a chance to look around. He advised her to go in for a talk about the sickness she was having. She reneged . Her sickness got worse. She relented and signed up for a 25 hour intensive of pastoral counseling. "After 3 weeks I felt as if I had come out of a long deep

Rose Denness and her daughter Susan

coma of sleeping. My personal life underwent a change mentally and physically. I wrote: "To the Race, a Son". At the time, I did it for my own personal satisfaction and I thought I'd send it to the Editor of this magazine. I was totally surprised that it was accepted!"

At the moment, Rose is part owner, with her husband, of the most successful steak house in Auckland, "The Steak and I". She and her husband have six lovely children and Rose also holds an important post in the Maori Womens Welfare League. She is also a very active Scientology Field Staff Member and continues to find the time to audit for the Auckland Church.

Winning Actor

John Sarno

A spectacular film based on the best-selling novel by Irving Wallace, "Seven Minutes" premiered recently at the famed Egyptian Theatre in Hollywood. The film, produced at a cost of over three million dollars and directed by Russ Myer, stars Scientologist John Sarno in his first major movie role. John says: "All should know and understand Scientology or they are missing out. Communication is the key on film and stage."

John, who comes from New York, got his first break in the theatre there when Elia Kazan put him to work in the then newly-built Lincoln Center. He then acted in a play directed by Jose Quintero after which he traveled and studied acting in Europe and the United States. Then on to Hollywood where, meeting Commander Yvonne Gillham of Celebrity Centre and other Scientologists, he knew he was " in safe company". John did the Communication Course and had auditing up to Grade IV. He did a play at Celebrity Centre and was on nation-wide television shows three times, mentioning Dianetics each time. He felt the big moment was near, and sure enough, he was chosen for the role of Jerry Griffity in "Seven Minutes". Russ Myer has said that John's work in the film is "a wonderful job and a perfect showcase".

For John Sarno, a star is rising, on the screen and in Scientology.

Billiard Champ

Scientologist Eddie Robin wins Sectional Billiard Championship

Well on his way towards the goal of winning the International Billiard Championship this year is Eddie Robin, Scientologist and Sea Org Member on staff of the Church of Scientology Celebrity Center Creative Mission. He has just won the sectional three-cushion billiard tournament at Burbank and is the only undefeated player in the tournament and also has the highest average.

Eddie joined the Sea Org shortly after the close of the tournament season last year and his schedule since then has left him little time to prepare for the sectional tournament in which he just won. "I once heard of a great player who was in the competition forty years ago." Eddie recalls. "This player said there was no reason why a pro couldn't get to the top of his game within two weeks of training. I was very impressed at the time. But that's nothing. I practised three days and started playing better than I'd played in my life."

Before Scientology, Eddie had given up hope of being a champion. "I was a good player," said Eddie, "but I was obviously never going to improve much further because there were certain stops that I had. There was plenty of agreement that it just couldn't be done. Now I am very confident that with the continual application of Scientology, the real 'why' behind all present weakness in my game will become obvious and cease to be a problem."

Now that he has won the Sectional Tournament, Eddie plans to go on the Regional Tournament in December and the National Tournament in February. If his game continues to improve at it's present rate he will have no trouble reaching the International Championship in Buenos Aires in May.

Eddie attributes his biggest wins recently to his understanding of Ron's study technology. He has been training with Sea Org golf pro Tom Jefferson, and Eddie and Tom check each other out on their respective games.

"I am continually amazed at the power of the Scientology study technology, "says Eddie. "What a fantastic advantage it is to be able to know the out-gradient, or look for the misunderstood before the blank spot in the execution of my billiard shot. It's the same whether you're working with a technical bulletin or a billiard cue: you just go back to the last time you felt good. I can't wait until all those people out there find out about it."

Drummer Disseminates

Louie Bellucci at his Drums

Many Scientologists (including students now on courses) will remember the sound of drums during Ron's lectures at the congresses recorded in Washington, DC during the early 1960's. The person who supplied these sound effects, as requested by Ron, was drummer Louie Bellucci.

Louie has been a Scientologist for 18 years and a musician for 25 years. Born in Washington DC, Louie as a youngster worked as a very successful salesman with a record store (whose owners later went on to buy the Ringling Brothers, Barnum and Baily Circus).

As a youth, Louie's father told him he could have a bike or a set of drums. The drums were chosen, and Louie started his musical career. Through the years, he has since worked at many types of musical jobs and played for such notable people as President Johnson and Vice President Humphrey.

In 1952, Louie suffered a car accident and broke his right leg. 16 months later, still on crutches, he was introduced to Scientology and after three days of Spiritual Counseling, no longer needed to use the crutches. He has been with Scientology ever since, and in 1960 went on staff for a time at the Washington Founding Church as a Staff Auditor.

Louie these days is very active as a Field Scientologist disseminating Scientology. This past summer he helped get Scientology personalities and data presented on numerous radio stations, TV programs and newspapers, introducing some 3 million people to the Road to Total Freedom. He has gotten Ron's book: Dianetics, The Modern Science of Mental Health placed in 26 different public libraries in the Washington DC area, and written numerous letters to U.S. Senators, President Nixon and other state officials with many answers and acknowledgements for the Scientology material he has sent them.

Louie has been setting an excellent example for Scientology Dissemination in the field, and is to be highly validated with hopes that he will continue his fine work.

Field Staff Member Selectee Progress Chart

Issued by the Church of Scientology, New American Saint Hill Organization *2723 West Temple Street, Los Angeles, California 90026*

Home of the Saint Hill Special Briefing Course - Power Processing - Class VII Power Auditor Training - and the Solo Course

The New American Saint Hill Organization is a Class VII Scientology Organization which delivers advanced training and processing. It is like a launching pad for the upper levels of Scientology, helping the individual attain extremely high plateaus of freedom and ability, thus expanding his reach for the final achievement of TOTAL FREEDOM.

The PURPOSE of a Field Staff Member is: TO HELP L. RON HUBBARD CONTACT, HANDLE, SALVAGE, AND BRING TO UNDERSTANDING THE INDIVIDUAL AND THUS THE PEOPLES OF EARTH.

A Field Staff Member (FSM) is a Scientologist appointed as a Staff Member in the Field for a Church of Scientology.

An F.S.M.'s duties are to disseminate knowledge of Scientology, sell Scientology books, achieve environmental control, and a Cleared Planet.

A Field Staff Member receives his pay in the form of Commissions paid for people he has disseminated to, whom he has Selected for Scientology Training or Processing, and who have actually started their service in a Church of Scientology. The commission is paid by the Church of Scientology where the Selectee takes his service.

A *Selectee* is the person a Field Staff Member has Selected for Scientology Training or Processing at a Church of Scientology.

DISSEMINATE: to scatter, as seed in sowing; spread abroad.

Dissemination Formula

These are the Four steps that must be done with the individual you are disseminating to. They are shown below (one to four) in the order they should be done.

1) CONTACT

Contact the individual: this is plain and simple. It just means making a personal contact with someone, whether you approach them or they approach you.

2) HANDLE

If the person is wide open to Scientology, and reaching, this step can be omitted as there is nothing to handle. HANDLE is to handle any attacks, antagonism,challenge or hostility that the individual might express towards you and or Scientology. Definition of "Handle": to control, direct. "Handle" implies directing an aquired skill to the accomplishment of immediate ends. Once the individual has been handled you then -

3) SALVAGE

Definition of salvage: "to save from ruin". Before you can save someone from ruin, you must find out what their personal ruin is. This is basically - what is ruining them? What is messing them up? It must be a condition that is real to the individual as an unwanted condition, or one that can be made real to him.

4) BRING TO UNDERSTANDING

Once the person is aware of the ruin, you bring about an understanding that Scientology can handle the condition found in Step 3. This is done by simply stating Scientology can, or by using data to show how it can. It's at the right moment on this step that one sells the person a basic Scientology book and hands the person a selection slip, or one's professional card, and directs him to the service that will best handle what he needs handled. This selection slip must bear the HOUR, DATE and PLACE of Selection. There are four copies of the selection slip. (Books of these may be obtained from Director of Clearing, New American Saint Hill Organization, address above.) The original copy of the Selection slip goes to the person Selected.

How to use this Chart

Important: When reading this Chart, be certain not to go past any word you do not fully understand. You can increase your doingness as an FSM by just understanding all the words on this chart, and getting yourself Word Cleared on all the materials related to being an FSM. (For information on Word Clearing, contact the Director of Clearing of your local Organization or at the New American Saint Hill Organization. L. Ron Hubbard has this to say about increasing and recovering a persons doingness: "If a person didn't have any misunderstood words, his talent might or might not be present, but his doingness would be present. It is very important because it tells you what happens to doingness and that the restoration of doingness depends only upon the restoration of understanding of the misunderstood word.

This Chart was designed to help you keep track of the progress your Selectees are making. The Chart is divided into 2 parts: one for Training and one for Processing. As you will notice there is more room for training on the chart since this is the most ideal route to get someone moving on as they will get lots of processing while being trained anyway. Just enter the name and address of your Selectee under the columns noted, and check off the space of each service as your Selectee finishes them. If someone is stalled, get into communication with them and get them to keep taking their next step, because that's how they'll make it.

The drawings will show you the sequence you repeat over and over again as an FSM. Study the Dissemination Formula. Practice it with your fellow FSM's. Go out each day and apply it. For prompt action in getting your commissions paid, be sure to follow the procedures for filling in your Selection Slips and sending them in. When you have filled in the spaces on this Chart, you can send for another one from the Director of Clearing at the New American Saint Hill Organization 2723 West Temple Street, Los Angeles, California 90026.

And there's the funds you need for your own Training and Processing in Scientology. This can be left in your account at the Church of Scientology you will be receiving your services at, or just sent to you if you like. Awards are given every three months for high production as an F.S.M., measured in Commissions paid. So in addition to receiving your percentage of fees, you can also receive Bonus Awards. These are in the form of Scholarship Discounts for Scientology training courses.

So keep your dissemination flow moving faster and faster, and keep your Selectees moving across the Bridge to Total Freedom. Before you know it, you'll be on the other side yourself, and have helped many others to make it, too!

The Director of Clearing receives notice that the person selected is actually on a service which you have selected him for, and within a week, has your commissions in check form from the Treasury Department and happily sends them off to you! (The Director of Clearing's weekly statistic is based on Amount of Commissions Paid, so he has a built-in incentive to see that your Commissions are paid promptly!)

15% commission is paid on all Internship selections (once the person actually starts his service).

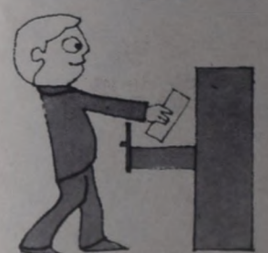

15% commission is paid on all Training fees (once the person actually starts his service).

a) One copy of the Selection Slip is kept by you, and two copies are promptly sent to the Scientology Org the person has been selected to.

b) One copy goes to the Advance Scheduling Registrar who files the slip and then gets into communication with your Selectee, sending him or her attractive Selectee Advice Packs containing information on Scientology services and urging the Selectee to enroll for the service.

c) The second copy goes to the Director of Clearing at the same Org who is in charge of Field Staff Members and your main contact with the Org. The Director of Clearing will supply you with the materials you need to operate effectively as an FSM including materials to help you disseminate and even training courses to help you become a more effective Field Staff Member. The Director of Clearing is the person who sends you your Commissions!

By you keeping in communication with your Selectees (with the help of the Advance Scheduling Registrars) and urging them to keep taking their next step across the Bridge to Total Freedom, your Selectees will soon arrive for their services. The Church of Scientology to which you as an F.S.M. are attached, will pay a percentage of all Training and Processing fees received by that organization. The fee is paid as soon as the Selectee actually starts his service.

10% is paid on all Processing fees (once the person actually starts his service).

SCIENTOLOGY THEATRE GROUP

A year and a half ago, Robert F. Lyons, actor and Scientologist started the Key-Out Players at the Church of Scientology Celebrity Center Creative Mission, at 1809 West 8th Street, Los Angeles.

At that time it was a group of forty or fifty people with theatrical aspirations of varying degrees of intensity, just getting together and having fun exploring the possibilities of the power that could be generated by a group that utilized the communication technology of Scientology.

Today, the Key-Out Players have narrowed down to six people, and is a tight knit, professional group expanding to reach wider and wider audiences, and receive more and more enthusiastic acclaim. They will appear on the Steve Allen Show early in December along with actor-musician Heber Jenszch, who will talk about Scientology to the national television audience. The Key-Out's have made a number of appearances on the TV show, Head Shop. One critic wrote of them: "There seems to be nothing beyond the abilities of these young thesps who work with precision imagination and extremely lucid humor."

The Key-Out Players are Steve and Sandi Goldsmith, Paul Arnoldi, Don Riesau, Mark Kabat and Condita Thornton - all Scientologists who actually apply Scientology technology in their work. "An actors main tool is communication" says Don. "If he can be cause over communication he can be a success. It's the first time that an actor can be cause over his tool."

"From my viewpoint," says Steve, "it's deeper than just entertaining people. We know what we're doing when we push certain buttons. Our purpose is to get people to take an exterior viewpoint of their problems."

Keeping together a group of people with highly individual interests and talents is, of course, never an easy job. All too frequently one hears of talented and successful groups that break up over personal differences. The Key-Outs make good use of Scientology technology to keep the group pulled together. "We know when communication is needed within the group" says Paul. "That has to happen before anything else can happen."

"A special validation goes to Celebrity Centre," says Steve. "They provided us with the space to grow in. We had a chance to sharpen our tool and we can face any kind of audience now".

"We've been through a lot of changes," says Sandi. "Having the higher goal of Scientology is what has kept the group together."

Latin American Singer

In Puerto Rico and throughout Latin America, the name Lisette is well known to millions of fans.

Beautiful Lisette Alvarez, popular singer and recording artist is now a Sea Org member on staff at The Church of Scientology Celebrity Center Creative Mission. She was recently at the New American Saint Hill Organization and completed her Power Processing.

Lisette has two regular TV shows in Puerto Rico along with Scientologist, Chucho Avellanet. She has recorded ten albums and is working on another which she will finish recording in Spain in a few months.

Lisette has been in Scientology for two years and her power as a performer has greatly expanded during that time. "All the things I knew before, I didn't know how to put out to an audience," says Lisette. "Just to know the Scientology definition of space and to stand on a stage and put out a communication with intention - it's like a great game!"

Now after completing Power Processing, Lis e will tour Mexico along with her sister Olga, and singer and songwirter, Titi Sotoo, both Sea Org Members. Titi has written several of the songs on Lisettes most recent album. Titi says, "After I had my Exteriorization rundown, my whole life changed. Before I had a big stop on singing and afterwards I started making many more songs and better songs." Together, Lisette, Titi and Olga will be a powerful dissemination team in Mexico. Lisette is a Hubbard Dainetic Graduate and a Minister, Titi is also a Dianetic Course graduate. The are very eager to work on getting Scientology materials translated into Spanish and open the doors of Latin America to Scientology.

Scientology applied in Business

Rod and Jo Nelbert are two dynamic Scientologists who are applying the Church of Scientology's organization and administration technology in the field with great success.

Rod is from Kansas City, Mo. and attended the University of Oklahoma. He has a degree in Management and psychology, and did graduate work in management. He was a member of numerous fraternities, in the College Karate club, and did staff writing for the Oklahoma Daily. He started his own company after college and also did some work in training salesmen and management.

Jo is from Topeka, Kansas. She graduated from Kansas State with a degree in Home Economics, then worked as an Assistant Buyer for a large chain department store. In college she was a Homecoming Queen Finalist, a Beta Sigma Psi Fraternity Sweetheart, and graduated Magna Cum Laude.

Rod heard about Scientology from a co-worker in St. Louis and then introduced it to Jo. Both Rod and Jo are ARC Straightwire Releases and are on Level II of the Saint Hill Special Briefing Course. Rod has also done the Hubbard Standard Dianetic Course, and both he and Jo have studied Scientology Group Management Technology.

"One of the biggest wins we've had in Scientology was applying the management tech to an architectural firm as a management consultant service," says Rod. Both Rod and Jo spent a week at the firm, first looking for any areas which needed to be handled, then going over Scientology management technology with the partners of the firm, finally drafting and submitting their proposal.

Basically, they changed the companies entire promotional approach, simplified their bookeeping system, installed a Scientology Organization Board, and showed them how to remove confusion from their organization flows by putting in a communication system as covered in basic Scientology administration technology. Also they taught the staff of the architectural firm the technology of training, hatting and expansion. "We also put in TR's O to IV on the executives to do on a routine basis," says Jo, "and they thoroughly enjoyed and got many wins from it."

"The company" says Rod "was particularly interested in ARC, and the Tone Scale as it relates to promotion; also the parts of man and how an organization, too, can be reactive; developed-traffic, what it does to a company and how it can be minimized, and the concept of training under one, with each person taking full responsibility for his area."

They set up company training of personnel using a Scientology Checksheet method, "hatting" as in a Scientology Org. Also they have changed their philosophy from being "time, or work oriented" to being "production oriented".

Rod and Jo Nelbert (right and center) talking with a friend about their success of applying Scientology in Business.

Jo says "It was a fantastic win. We first covered basic meanings of the words we'd be using, then covered the theories involved so they could duplicate it, and apply it. At the end they were having their own cognitions! It was really like auditing on the 3rd Dynamic."

Rod and Jo even received a bonus as well as a letter of endorsement from them. (The company, was so pleased,) The firm said they thought it was the best management technology in the architectural field and that it was vitally needed by architectural firms. They also offered to co-write a book with Rod on management for architects, which Rod hopes to do after getting official permission (as Scientology materials are all protected by copyright.)

Rod and Jo are looking forward to expansion and traveling throughout the US doing management consultant work with Scientology organizational technology.

Rod says, "our present plans are to become Class VI Auditors, take the Clearing and OT Courses and afterwards do the Scientology Organizational Executive training course and Public Relations Courses."

Hubbard Guidance Centre Auditors in Training

Auditors on staff go through the OK to Audit system, using Interneship facilities, as needed, up to their highest level of training.

They may be trained on new Rundowns and procedures in Cramming or the Interneship and get an OK to Audit. (Includes word clearing, star-rate, clay demos of key principles and auditing actions drilled on a doll before OK to Audit).

They also work for and get the second OK to Audit, as issued by the Div IV C/S, which gives full HGC Auditor status for that level or procedure.

HGC Auditors usually work and produce many more hours per level than other auditors, and therefore, when awarded full HGC Auditor status are nominated the senior Auditors for that Class on the continent. They may have "HGC Status" written on their Certificate just underneath the Classification on their Certificate.

An HGC Auditor is designated In Training until he or she has gained the full HGC OK to Audit from the Div 4 C/S. At that time, he or she becomes a full HGC Auditor.

HGC Auditors in full time study for their next level of training or getting on OK to Audit are on half pay. When they get their first OK to Audit and return to the HGC, they return to full pay and receive a nominal bonus for 25 hours of auditing in the chair.

When the HGC Auditor gets his full HGC OK to Audit, he goes onto the FULL bonus system and gets bonuses, as issued, for Well Done Auditing Hours plus Completions. Thus the most experienced and senior auditors are the highest paid Auditors in the org.

Any HGC Auditor with no Okays to Audit gets no bonus until attained.

Join the Interneship ~~and Win~~ with 100% Standard Application!

The intention behind the Qual Interneship is to make one an auditor. For the first time I've really confronted the Dianetic materials with the realization that I'd audit PC's with them. The Interneship is thorough and complete There's no chance of getting through it without becoming a fully competent auditor.

Ron Fiandaca
Qual Interne

Theres only one thing wrong with the Qual Interneship and that is that we need more people on it.

I feel very sure that when I've finished the program I'll be a very standard, capable auditor. It's a very good program.

Lyn Fiandaca
Qual Interne

If you have a purpose to free beings and want to make the best of it, Interning is the answer. If you haven't felt quite safe auditing and are secretly afraid you may have some misunderstood, Interning is the answer. If you are anything but completely confident and flubless as an auditor, Interning is the answer. If you want to join a great tech team and work under the greatest technical Supervision in the U.S., now is the time.

I can't improve on what Ron's said about the purpose of the Interneship, but I can say that I've had tremendous wins and validation. It's' very safe to know that all your flubs will be caught and that you will find out why you flubbed, in cramming. Nothing feels better than the FN, VGI exam reports rolling out time after time. And then auditing becomes a very normal, easy thing to do and your pcs' faces light up when they see you, auditing is the happiest profession in the world.

Marian Klopp
Qual Interne

My purpose for doing this course was and is to become a flubless Dianetic Auditor.

I've been able to do this to some degree as a Dianetic student, auditing educated pc's that were running well.

On the interneship I've audited all kinds of pcs, gotten experience in educating them, and greatest of all, I've learned to not go non-standard because the pc isn't running standardly.

I really love the way the pcs come out all glowing and beautiful as each unwanted item is wiped out by Rons beautiful tech.

Betty Sutphin

I have really enjoyed the data of word clearing and doing word clearing on this course. The idea of doing the Qual Internship and becoming a flubless auditor is great.

Arie M. Klopp

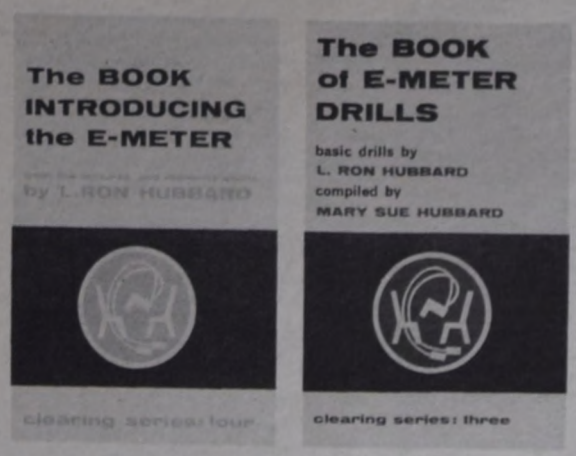

This course has been the most rewarding experience imaginable. From my first of all the courses I have done in Scientology, this course has been the most rewarding and challenging.

Its really fantastic to consider what I'm getting on this Interneship. First the theory materials supervised by a superb Hubbard Professional Course Supervisor, then case supervision of my auditing by supervisors who are among the most exacting and expert technitions on this planet.

Beginning with my very first auditing sessions three year ago I have wanted to be an auditor of Ron's tech. The NEW ASHO Dianetic Interneship is making it possible for me to fulfill this dream. I will soon be an auditor of 100% precise and standard tech for any level. Thank you Ron and NEW ASHO.

Poets Corner

Remember climbing the galaxie Stars to Sharpel Spar?
When dreams were spun knowingly for tomorrows play.
Remember the cob-webbed suns, Star rain on the Roofs of time.

Remember the warp in the old doors of eastern Space?
I lost you then.. out among the looms and towers
of time.
I've been
alone you see. Through this long span of ages uncounted
I've
wandered the track and looked in the holes of this universe. When did you leave? But I feel you now.. out across my reach .. You there at the other end. .
calling . .
Come Home. . "Please come
Home. ."
I will. .
Now!

I've Come Home

Particles of Affinity flowing down
Ursa Minor
Galaxied Winds across the space of
Trillenia
Lone souls drifting at the tides of
Moon.
Sleeping in the shadows of Jupiter.

I had touched the space of your leaving,
Followed upon the wind trails of Saturn
In the foam of colliding Galaxies
Star Born . .
Your eyes crossed my space –
I turned in the space of light not yet reached
and found you . .
Here inside you . . flowing in and through your
space
I've come home you see
I've come
Home!
