## Dianetics brings full Freedom from Drugs and Alcohol.

# DIANETICS

## by L. Ron Hubbard

**DIANETICS means: "through the mind" (from Greek "Dia" – through, and "noos" – mind). It is the first fully precise science of the mind. The world before Dianetics had never known a precision mental Science.**

Dianetics was first conceived in 1930. A long research in ancient and modern philosophy culminated in 1938 when I discovered that the common denominator of all existence was SURVIVE.

Dianetics was first publicly released in 1950 (with the book *Dianetics, the Modern Science of Mental Health)* and has been increasingly successful since that time.

Dianetics was the basic discovery which led to and was the reason for Scientology. In the early '50s new discoveries concerning the spirit brought us into Scientology.

But Dianetics was never lost sight of and every little while I would push it further ahead toward a fast, easy 100% workability.

The present day release of Standard Dianetics is near final product.

### WHAT DIANETICS DOES

Physical illness, aches, pains, continual exhaustion, body malfunctions are created or held in an unchanging state by the mind. This is called psychosomatic (psycho – spirit, somatic – body) illness. It has been known about for a century but there has never been a positive remedy before Dianetics.

The actual source of psychosomatic illness has been located in Dianetics.

No drugs, no hypnotism, no mechanical treatment is used.

The end product of Dianetics is a well, happy, high-IQ human being. It does not attempt and should not be confused with the end product of Scientology which is spiritual freedom.

Though they hold in common certain basic tools, Dianetics and Scientology are not identical subjects and their technologies are not the same.

But the early days of Dianetics were the early beginnings of Scientology. Dianetics is the route from aberrated (or aberrated and ill) human to a well, happy, high-IQ human being. Scientology is the route from there to total freedom and ability as a spiritual being.

### DISCOVERY OF THE REACTIVE MIND

In early Dianetic research the human mind and basic human character were found to have been most grossly maligned because Man had not been able to distinguish between irrational conduct derived from another, far more vicious source.

The *Reactive Mind* was discovered. It had managed to bury itself from view so thoroughly that only inductive philosophy, travelling from effect back to cause, served to uncover it. The Reactive Mind is a portion of a person's mind which works on a totally stimulus-response basis, which is not under his volitional control, and which exerts force and the power of command over his awareness, purposes, thoughts, body and actions.

### DIANETICS, THE MODERN SCIENCE OF MENTAL HEALTH

The isolation and resolution of the Reactive Mind was a major breakthrough for man.

The exact moment of the breakthrough is recorded at the public level with the book: *Dianetics, The Modern Science of Mental Health.*

This book burst on the Western World in May 1950, shot to the top of the leading "best seller" lists and stayed there, and stayed there. It still sells more copies around the world than the average best seller in any given year.

### ENGRAMS

An *Engram* is a mental image picture of an experience containing pain, unconsciousness, and a real or fancied threat to survival; it is a recording in the Reactive Mind of something which actually happened to an individual in the past and which contained pain and unconsciousness, both of which are recorded in the mental image picture called an engram.

Stored in the Reactive Mind are *engrams,* and here we find the single source of aberrations and psychosomatic ills.

These engrams are a complete recording, down to the last accurate detail, of every perception present in a moment of partial or full unconsciousness.

The Reactive Mind comprises an unknowing, unwanted series of aberrated computations which bring about an effect upon the individual and those around him. It is an obsessive strata of unknown, unseen, uninspected data which are forcing solutions, unknown and unsuspected, on the individual–which tells you why it remained hidden from man for so many thousands of years.

# UNDERSTAND THESE WORDS

ABERRATION: Irrational or deranged behavior or thought on, or about, a specific subject or subjects.

ARC: A word made from the initial letters of Affinity, Reality and Communication which together equate understanding. (These are the three things necessary to the understanding of something—one has to have some affinity for it, it has to be real to him to some degree and he needs some communication with it before he can understand it.) ARC BREAK: A sudden drop or sundering of Affinity, Reality or Communication.

AS-IS: To view anything exactly as it is, without any distortions or lies, at which moment it will vanish and cease to exist.

AUDITING: The application (by a trained Auditor or Scientology Minister of Scientology) of Dianetics or Scientology procedures to someone for that person's remarkable betterment. (Also referred to as the Church Confessional.)

AUDITOR: A Scientology Minister, a pastoral counselor who listens carefully to what people have to say. An auditor is a person trained and qualified in applying Scientology processes to others for their betterment.

CASE: The way a person responds to the world around him by reason of his aberrations.

CASE GAIN: The improvements and resurgences a person experiences from auditing.

CLASS: A gradient classification system for auditor levels. Levels so far released are numbered from 0 to IX.

CLAY DEMONSTRATION: A full demonstration of an idea using modeling clay figures and labels.

CLEAR: A person who can be at cause knowingly and at will over mental matter, energy, space and time as regards the First Dynamic (survival for self). The state of Clear is above the Grades of Release 0-VI (all of which are prerequisite to Clearing) and is attained by completion of the Clearing Course at an Advanced Organization.

DIANETICS: Means through thought or mind. A precise science.

DRUG PACK: A pack of technical materials on how to use Dianetics in the handling of drugs and alcohol.

DRUG RUNDOWN: The sequence of technical actions in auditing which handle a person's connections with drugs and/or alcohol.

DYNAMIC: The urge, thrust and purpose of life—SURVIVE—in its eight manifestations.

8-C: A slang term meaning good and effective control of an individual or group.

E-METER: The Hubbard Electrometer is a religious artifact used as a spiritual guide in the Church Confessional process, and is not intended, effective or ever to be used for attempted diagnosis, treatment or prevention of disease. The E-Meter measures the mental state of a person and the change in that mental state as a result of Scientology or Dianetic processing.

ENGRAM: A mental image picture of an experience containing pain, unconsciousness, and a real or fancied threat to survival; it is a recording in the Reactive Mind of something which actually happened to an individual in the past and which contained pain and unconsciousness, both of which are recorded in the mental image picture called an engram.

EXPANDED GRADES: The Grades of Scientology auditing from 0-IV.

FLAG: The Flagship of the Scientology Sea Organization. Home of L. Ron Hubbard.

F/N: (Floating Needle) A needle manifestation of the E-Meter which indicates the preclear has reached a state of release on a subject or process. A floating needle appears to float; it moves in an idle uninfluenced motion.

GUNG-HO GROUP: Gung Ho means "pull together" in Mandarin. It is a Scientology group that pulls together other groups in the community to work towards the betterment of society and of the area.

HASI: Hubbard Association of Scientologists International.

O.T.: (Operating Thetan) A Clear who has been familiarized with his environment to a point of total cause over matter, energy, space, time and thought, and who is not in a body.

PT: Present Time. That which is "now."

PRECLEAR: (PC) One who is finding out more about himself and life through Scientology or Dianetic Processing and who is not yet Clear.

PRIOR ASSESSMENT: An auditing action which handles all unwanted pains, emotions, sensations and attitudes that the person had PRIOR to taking drugs or alcohol.

PROCESSING: That action or actions, governed by the technical disciplines and codes of Scientology, of administering to a preclear a Process, which is a set of questions asked by an auditor to help a person find out things about himself or life.

REACTIVE MIND (or REACTIVE BANK): That portion of a person's mind which works on a stimulus-response basis (given a certain stimulus, it gives a certain response) which is not under his volitional control and which exerts force and the power of command over his awareness, purposes, thoughts, body and actions.

RELEASE: A person whose Reactive Mind is not influencing him. There are "Grades" of Release, each of which is a distinct and definite step toward greater levels of awareness and ability.

RIDGE: Solid accumulations of old, inactive energy suspended in space and time. They are generated by opposing energy flows hitting one another and continue to exist long after the energy flows have ceased.

SCIENTOLOGY: An applied religious philosophy, dealing with the study of knowledge, which, through the application of its technology, can bring about desirable changes in the conditions of life.

SOMATICS: Physical pains or discomforts of any kind, especially painful or uncomfortable physical perceptions stemming from the Reactive Mind.

STRAIGHTWIRE: A Scientology process involving recall.

THETAN: The person himself—not his body or name, the physical universe, his mind, or anything else; that which is aware of being aware; the identity that IS the individual. (From Theta (Θ), the Greek symbol for "thought" or perhaps "spirit".)

UPPER INDOC TR'S: Special training drills which teach the student about intention and control of his environment.

WHOLE TRACK: The moment to moment record of a person's existence in this universe, in picture and impression form.

WORD CLEARING: A process by which all of a person's misunderstood words are cleared up.

# Dianetics

*continued from page 1*

## BEFORE 1950

In thousands of years before 1950 there were many philosophers and much knowledge was gathered in the field of mathematics, electronics and the material sciences.

However, due to ideologies and the political conflicts, little of this prior knowledge was ever applied to the field of the human mind.

The scientific idea of regarding as a truth only that which could be demonstrated with a result was never really applied to the mind.

"Researchers" in this field were not fully trained in mathematics, the scientific method or logic. They were interested mainly in their own private ideas and in political targets.

Man has used mental knowledge in the past mainly for control, politics and propaganda.

## "MENTAL THERAPY"

Various forms of "mental therapy" were in existence before Dianetics.

Psychology and psychiatry were developed chiefly by a Russian veterinarian named Ivan Petrovich Pavlov (1849-1936). His basic principle was that men were only animals and could be conditioned and trained much like dancing bears or dogs.

This work was intended only to CONTROL people and so has found great favor with certain rulers and upper classes. None of the activities of psychology or psychiatry were designed to help or cure, only to control the masses.

The Western nations overlooked the fact that this work had already destroyed several countries (including Czarist Russia) and that Stalin had made Pavlov write up his work in the Kremlin in 1928 in order to permit the control of men.

The West at that time was run by only the "very best people" and possibly it pleased them greatly to think that the masses they controlled were only animals after all. That this also made them animals did not occur to them.

Using the mental studies of an enemy is a very dangerous thing to do.

Psychoanalysis was developed by an Austrian Jew, Sigmund Freud (1856-1939). His occasional successes served to point out that there was a possibility of solving psychosomatic illness through addressing the mind. His concentration on sex gave psychoanalysis considerable popularity.

## THE COLD TRUTH

The results of psychiatry are physically damaging, consisting of various brutalities and often injure the patient for life or kill him outright. There have never been any cures listed or claimed for psychiatric treatment as its interest lies only in control. The cost is about $2,000 a month often for years in America.

Psychology is mainly used for testing aptitude or intelligence. It has counseling as part of its activities but it is more concerned with and financed for warfare.

Psychoanalysis requires up to five years for an uncertain result and costs about $20,000.

Dianetics requires only a matter of hours (about 100) and only helps and does not injure anyone. It costs about $50 an hour in the U.S. (The Hubbard Standard Dianetics Course, which includes all the Dianetic auditing a student wants from other competent students at no additional charge, costs only $500 total in the U.S.)

## THE "HEALING" MONOPOLY

The two subjects Psychology and Psychiatry have bitterly contested any healing subject and use public media, governments and rumor to forward population Control. This action has often made it difficult to bring bonafide mental health to the people.

In some areas, mainly the U.S., it was illegal to heal or cure anything. There was even a law in California giving 25 illnesses that were against the law to cure. The "Better" Business Bureau in the U.S. even issues pamphlets that state "You can always tell a fake healer because he says he can cure something."

Why a civilization would make it illegal to cure illness can only be explained by some vested interest making more money out of people being sick than getting people well.

Man should not be kept ill just to let a few have a monopoly.

In almost all other countries than the U.S. there is no restriction on healing despite monopolistic efforts to make one.

## MEDICINE AND DIANETICS

There is no quarrel between Dianetics and general practitioners of the medical profession. They both have the same purpose (to make people well) and are not political. It is freely admitted in Dianetics that physical illness that can be effectively treated medically should be so treated. Auditing will not set a broken leg or deliver a baby. But it can help get the leg healed in two weeks instead of the usual six and after effects of childbirth do not exist when Dianetic auditing is also used.

## A SANE SOCIETY

Dianetics refused to be a revolutionary activity. It does not have to be. All it has as a mission is to get itself *applied.*

The basic building block of a society is the individual. From individuals groups are built. And this is the society. No society is better than its basic building blocks.

Men are *not* animals.

Well men are sane men.

Dianetics, if applied to individuals in the society, brings hope, and well and sane beings.

These well and sane beings, sent on to Scientology, then become brilliant and very able beings.

We are evolving Man to a higher state.

In this state he can better handle his problems.

We are not trying to overthrow anyone. We are not revolting against anyone. In truth we can even make the fancied "very best people" into actual very best people.

## MAN'S STRUGGLE

Man is being subjected to fantastic and violent efforts to lure or crush him into docility. This is the obvious end product of Russian and East European technologies now heavily financed and supported, unwittingly, by Western governments.

Man's response to this is riots and civil disorder in universities, unions and streets. Man does not accurately trace the source of oppression. He is violently worried.

The government response is more millions to psychologists and psychiatrists to develop new means of control and oppression. What has not worked in the past is not likely to work in the present or the future.

Dianetics is not only the first mental science developed in the West. It is the first mental science on the planet that uniformly produces beneficial results.

Dianetics has progressed from the pre-Dianetic period of no science of the mind, to the existence of a real science of the mind, to a fast accurate science simpler than any other scientific subject and of more value to men.

All this advance has been hardly won, without government billions, in the teeth of avalanches of lies and opposition.

The subject owes no allegiance to anyone but itself. It has no commitments to anyone. It has no politics. It belongs to those who use it.

*by* L. RON HUBBARD

*Dianetics, The Original Thesis* is L. Ron Hubbard's famous 30,000 word presentation of Dianetics for the professional journals. It contains the earliest fundamentals and equations of Dianetics and is one of the most popular books on the subject for beginners and professionals alike.

In simple, understandable language this book shows (1) why the single cause of mental ruin was never before discovered and (2) how the mind's recovery to full potential can be achieved—by Dianetic technology.

*L. Ron Hubbard writes: "Dianetics was the bolt from the blue. Man was hacking and sawing and shocking and injecting and teaching and moralizing and counseling and hanging and jailing men with enthusiasm without any idea at all of what caused Man to behave as he did or what made him sick or well. The answer was, and still is, Dianetics."*

## To Deliver Dianetics you need an E-Meter

The Electrometer is a basic tool for achieving freedom from drugs and alcohol. Used as part of the standard technology of Dianetics and Scientology, it aids to uncover and erase areas of mental and spiritual stress which can cause a person to resort to non-survival solutions such as alcohol and drugs.

The Hubbard Electrometer is a religious artifact, used as a spiritual guide in the Church Confessional procedures, and is not intended, effective or ever to be used for attempted diagnosis, treatment or prevention of disease.

It has long been Church policy that only ordained Ministers, theological students preparing for ordination, or those seeking the highest levels of spiritual awareness above the Scientology Grade of VA may use or have possession of the confessional aid.

# Drugs, Alcohol and Dianetics

## by L. Ron Hubbard

**By drugs (to mention a few) are meant – tranquilizers, opium, cocaine, marijuana, peyote, amphetamines, and the psychiatrist's gift to Man, LSD, which is the worst. Any medical drugs are included. Drugs are drugs. There are thousands of trade names and slang terms for these drugs.**

**ALCOHOL is included as a drug and receives the same treatment in auditing.**

**They are supposed to do wonderful things but all they really do is ruin the person.**

Even someone off drugs for years still has "blank periods." Their abilities to concentrate or to balance are injured.

The moral part of it has nothing to do with auditing. The facts are that:

(a) People who have been on drugs can be a liability until the condition is handled in auditing.

(b) A former drug user is a resistive case that does not make stable gains until the condition is handled.

(c) Auditing is the only successful means ever developed for handling drug damage.

People who have been on drugs are sometimes afraid of running engrams.

In fact, it is almost a way to detect a "druggie."

The drugs, particularly LSD and even sometimes antibiotics or other medicines to which the person has an allergy can turn on whole track pictures violently.

These tend to overwhelm the person and make him feel crazy. Some of these people are afraid to confront the bank again.

In investigating a series of cases who were not making it, I found in each one that the person had been on drugs or alcohol and that drugs or the alcohol had not been run out.

This . . . unlocks the case gain of a great many pc's on whom a drug or alcohol history was never noticed or handled.

It is possible to come off drugs without convulsions.

Drugs essentially are poisons. The degree they are taken determines the effect. A small amount gives a stimulant. A greater amount acts as a sedative. A larger amount acts as a poison and can kill one dead.

This is true of any drug. Each has a different amount. Caffeine is a drug. So coffee is an example. 100 cups of coffee would probably kill a person. 10 cups would probably put him to sleep. 2 or 3 cups stimulate. This is a very common drug. It is not very harmful as it takes so much of it to have an effect so it is known as a stimulant.

Arsenic is known as a poison. Yet a tiny amount of arsenic is a stimulant, a good sized dose puts one to sleep and a few grains kills one dead.

But there are some drugs which have another factor. They directly affect the reactive bank. Marijuana (pot), peyote, morphine, heroin, etc. turn on the pictures one is stuck in. And they turn them on too hard to audit out.

LSD-25 is a psychiatric drug designed to make schizophrenics out of normal people. It is evidently widely distributed by psychiatrists. It looks like cube sugar and is easily made.

Drugs are considered valuable by addicts to the degree that they produce some "desirable affect."

But they are dangerous to have around because a person on drugs

(a) has blank periods

(b) has unrealities and delusions that remove him from PT

(c) is *very* hard to audit.

Thus a drug taker can be holding a boat alongside, go into one of his blanks, think he is on Venus and let go.

A drug taker left on watch may go blank and miss a menacing situation and not handle it because he is "somewhere else."

Giving an order to a drug taker can be grim as he may simply stand and stare at one. He ARC breaks anyone with it.

It takes about six weeks apparently for LSD to wear off. After that a person can be audited. But it ruins his case to a marked degree as it builds up ridges which don't as-is well.

A drug or alcohol burns up the Vitamin B1 in the system rapidly. This increased speed of burning up B1 adds to his "happy state." But now his system is out of B1 so he goes depressed.

To avoid convulsions take lots of B1 daily when coming off drugs.

And wait for six weeks before one is audited.

And then lay off. It's a pretty poor trick on those who are dependent on one and get let down.

It occasionally happens that someone is still on drugs when he or she requires drug processing.

This sets up a very rough problem.

DRUGS PREVENT ANY CASE GAIN.

If the person is still on drugs, processing will have little effect. He will not cease to be a drug addict. The drugs trap him.

When the world went druggie (about 1960), this problem of drying out became one of the first order. It was not just a problem to us. All pre-Scientology efforts failed–and had been failing for all Man's history But relatively small numbers had been involved. After 1960 the problem became planet-wide.

Our first organization to handle this was Los Angeles. They made the person cease to take drugs for 6 weeks, then audited the drugs out. Most of these cases stayed stable and thereafter had case gain and were no longer condemned to an eternity of disability.

However, some were unable to stop taking drugs.

What is called WITHDRAWAL SYMPTOMS set in. These are the body and mental reactions to no longer taking drugs. They are ghastly. No torturer ever set up anything worse.

The patient had this problem then:

A. Stay on drugs and be trapped and suffering from here on out.

B. Try to come off the drugs and be so agonizingly ill meanwhile that he couldn't stand it.

This was a dead if you do, dead if you don't sort of problem.

Medicine did not solve it adequately. Psychotherapy was impossible.

People who have been on drugs do not make case gain until the drugs are handled in processing.

Processing such as Dianetics is not effective when done on a person who is taking drugs.

Withdrawal from drugs sometimes sets up a violent physical reaction too painful or depressing to be continued and the person goes back on drugs.

Anyone on drugs or who has taken drugs is doomed as a being – just like that. He or she will cave right on in and finish up in the ash can from here on out.

*Only* processing by Dianetics and Scientology can handle the effects of drugs fully. No other technology, medical or biochemical has ever helped – we have thousands of cases to prove this completely.

The primary barrier to processing is getting the person off drugs and keeping him off until he can be fully audited. Then he will be very okay.

Two means to do this are known – A. Light objective [look outward, take attention off body] processes while "drying out" and B. Nutritional therapy.

A and B can be combined.

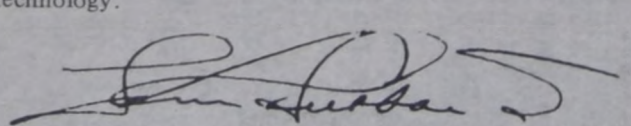

Neither A nor B will fully handle drugs. The person on vitamins if not processed will relapse.

Vitamins are not drugs. They are nutrition. A person can be processed while on them.

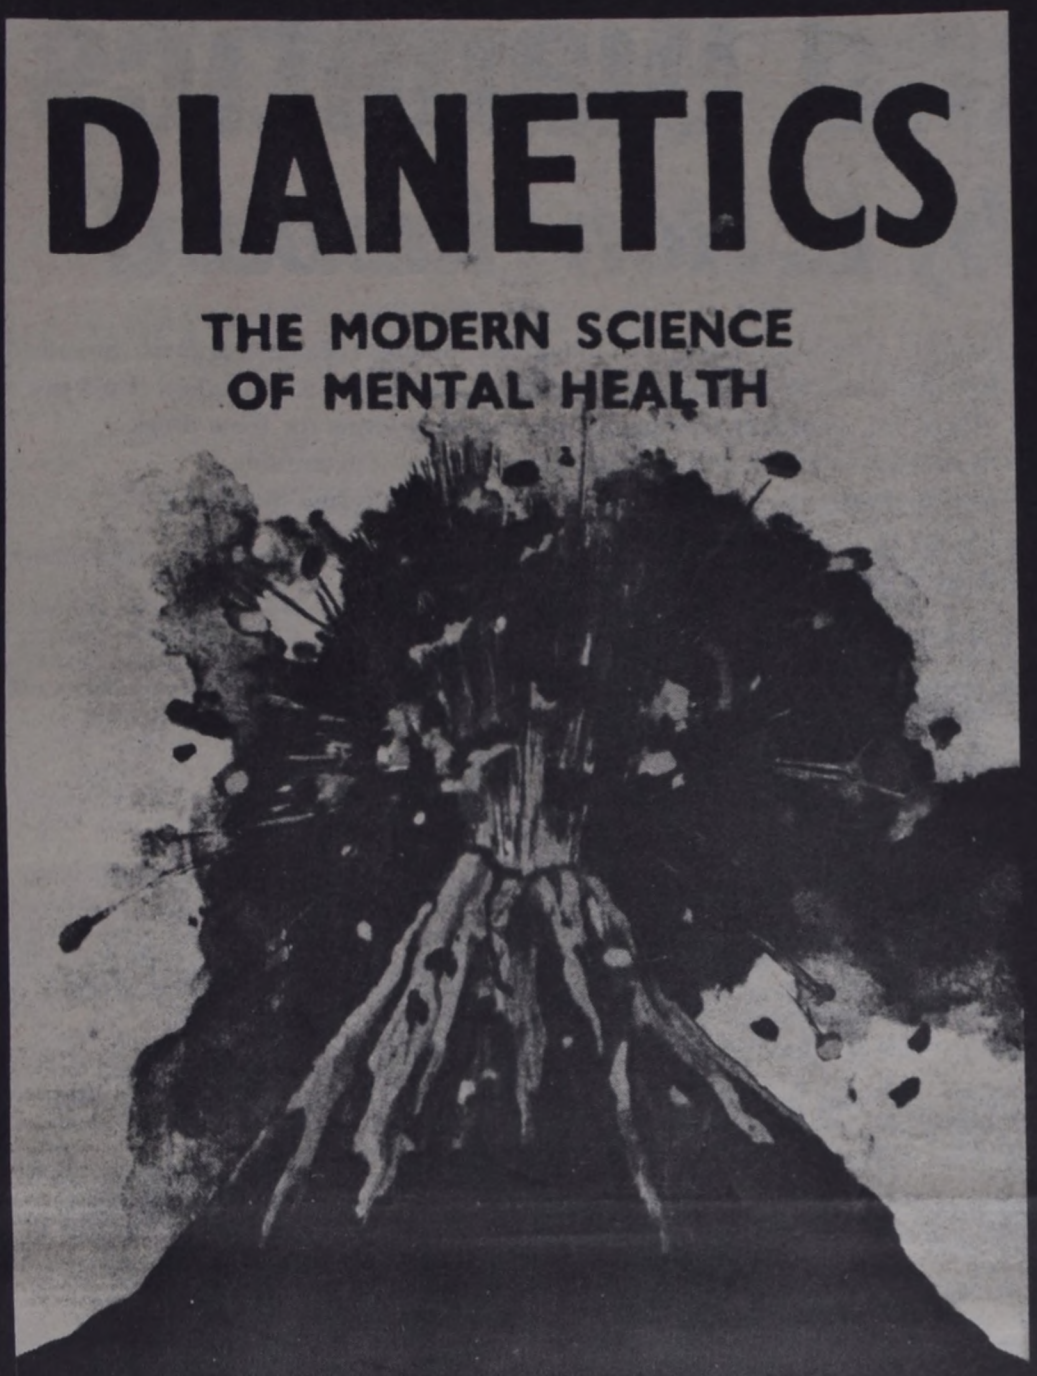

By close application of these principles the person can be salvaged.

And having been salvaged can go on up to greater freedom and ability.

He won't make it otherwise by any other known technology.

# Dianetics is the most important discovery and development ever made in the field of the Human Mind.

**Dianetics is Man's most advanced school of the mind. It is the first and only mental science on Earth that uniformly produces beneficial results.**

An American-born science of the mind, Dianetics was discovered and developed by L. Ron Hubbard, American Naval hero, writer, nuclear physicist, engineer, explorer and philosopher.

In 1950, after a quarter of a century of research and eleven years of active refinement, L. Ron Hubbard released his famous book, **Dianetics, The Modern Science of Mental Health**, for the broad public.

So long had humanity been searching for the answers to the human mind, and for ways to solve the dilemma of Man's ruinous conditions, that the truths of Dianetics produced an instant and electrifying impact. Word of its truths shot around the globe like a chain-reaction of the mind. Overnight the book became a runaway best seller.

This startling book, which reveals the exact reasons for human aberrations, and gives exact techniques to erase them, was read by layman and professional alike. Many many people tried the techniques outlined in this book. Those who applied them exactly as stated (with nothing added or altered) achieved amazing success! All manner of human disabilities vanished. Reaction time and learning rate greatly improved, perception increased, IQ shot up! Family and group relations bettered as never before. Miracles occurred daily with the exact applications of these Dianetic disciplines and techniques.

So finally, here in simple language for anyone to easily understand and use were the basic truths and mechanics of the mind. And with their release Mankind would never be the same again. The seeds of truth grew and gave rise to the Churches of Scientology, the largest and most rapidly expanding self-betterment organizations in the world today.

**Today, after 21 years of extensive application, Standard Dianetics is daily producing miracles when applied precisely by skillfully trained Hubbard Dianetic Counselors around the world. Its use to resolve and bring freedom from drugs and alcohol is only one more successful use in its broad sphere of application.**

The end product of Dianetics for the individual is a well and happy human being. With modern advances in the subject, sweeping results are being achieved with Dianetics in a fraction of the time required in 1950. 21 years have brought greater wisdom to the subject by the constant research advances of L. Ron Hubbard. Comparing Dianetics in 1950 to Dianetics today would be like comparing a propeller plane to a spaceship!

**But it still all starts with this amazing book. "Dianetics, The Modern Science of Mental Health." Here are the basics, the answers to the riddles of the human mind.**

Dianetics is the route to capable human being. Scientology is the route from capable human being, through definite, attainable steps to Total Freedom.

Dianetics is the beginning, and Dianetics begins with this book.

**Dianetics, The Modern Science of Mental Health,** by L. Ron Hubbard is the gateway to a new understanding of oneself and one's fellows.

# Dianetics erases engrams

An ENGRAM is the Dianetic term for a mental image picture of an experience containing Pain and Unconsciousness, and a real or fancied threat to survival. It is a recording in the person's Reactive Mind of something which actually happened to the individual in the past. The Pain and Unconsciousness are both recorded in the mental image picture called an ENGRAM.

Later in time, the person may perceive something in his environment which is similar to things in the recorded ENGRAM and cause a restimulation of the pain and unconsciousness. This restimulation can cause a person pain and discomfort.

If many similar things are in the person's environment, it can cause a constant restimulation of the pain and unconsciousness and he will feel very bad indeed! The true cause for the person's discomfort is never fully recognized by the individual, and he usually assigns the reason to any number of other things.

Unwanted pain, unwanted emotion and sensation, all stemming from, and held in place by, the pain and unconsciousness of an ENGRAM in restimulation, can make alcohol and drugs seem like the only solution. However, using them only really brings about further harm and spiritual degradation to the individual.

Dianetic spiritual counseling (auditing) helps the individual easily discover the basic cause of these unwanted feelings and actually ERASE them. A person can have many different mental image pictures containing pain and unconsciousness in restimulation, causing a vast variety of ills and discomforts. They are all easily handled with Standard Dianetics.

The end result of Dianetic spiritual counseling is to become a healthy and happy human being. Applied to the abuses of alcohol and drugs, the causes which make a person use them are easily erased for good! Then the person is free to expand even further with Scientology, the Road to Total Freedom!

# DIANETICS WORKS. It's only a question of getting people to work DIANETICS!

# Learn How To Apply Dianetics

*A skillful Dianetic auditor can achieve miracles, and on the Hubbard Standard Dianetic Course you will learn how to exactly apply the technology of Dianetics.*

Dianetics addresses the body. Scientology addresses the thetan (the person himself). Since Dianetics is handling the effect of the spirit on the body, Dianetics is actually spiritual healing.

Standard Dianetic auditing easily disposes of body illness and difficulties. As a Dianetic auditor you will be able to help an individual fully erase aches, pains, unwanted sensations, unpleasant emotion, physical disabilities and psychosomatic illnesses. Any of these, which can make a person turn to using alcohol and drugs, are completely handled with Standard Dianetics.

On the Hubbard Standard Dianetic Course, modern Scientology methods of Word Clearing are in use, freeing the student from any misunderstood words so that his progress in study becomes very swift. Using other Scientology study techniques, you will learn and assimilate the materials of Dianetics, easily connecting what you are studying with what you will be doing so as to finally apply the technology with required precision.

*You will receive all the Dianetic auditing you want on the course from competent fellow students, and fully handle your own body discomforts and difficulties.*

Dianetics produces a well and happy human being. If done exactly, it produces good, permanent results in only a few hours of auditing. L. Ron Hubbard has this to say about this training: *"There is no 'magic' touch in auditing. There is only a skilled touch using known data and applying it . . . Dianetics as it now exists is so simple, so elementary and so broadly applicable to the body that it requires a real effort to complicate it, or make it unworking."*

The only requirement to start the course is completion of the Student Hat Course which trains you in the basic and vital fundamental skills of Scientology study methods.

Hubbard Standard Dianetic Course Price: $500.00. 5% discount for payments made in advance.

(Note: In order to practice Dianetic auditing one must be a Minister of the Church of Scientology and have completed the Minister's Course.)

Fees promptly refunded to any dissatisfied student or preclear. No refund may be applied for successfully after three months from the end of the last service rendered.

To enroll or get more information contact the Registrar of your local Church of Scientology immediately. See addresses listed on the back page.

# Get Trained on the Saint Hill Special Briefing Course.

*The Saint Hill Special Briefing Course is where you will achieve the abilities of a fully proficient auditor, and gain the understanding and survival skills needed to completely handle life and change your environment to suit yourself.*

This famous course is the most comprehensive training action in Scientology today, different from any other Scientology training course just by sheer volume of materials taught. It trains a student in ALL the technical and philosophical data of Scientology up to Level VI, and results in a full understanding of the subject with extremely high skills for application.

The Department of Technical Services of the New American Saint Hill Organization will ensure speedy service on all materials you need for the course (and on your arrival will also help you find housing in the area if you would like).

The Saint Hill Special Briefing Course takes about four months to complete the fastest way, and consists of seven separate stages of training where definite and exact auditing skills are mastered in their proper sequence.

Your production and progress in study will be tremendously speeded up with new Scientology Word Clearing technology fully in use on the course. Skillfully trained Hubbard Professional Course Supervisors who maintain exact standards will ensure that you make it through swiftly and easily.

No auditing will be done by you at the beginning portions of the Course (Levels 0 through IV). While studying and drilling on these levels however, you will be receiving all the Expanded Grades of auditing from 0 to IV from advanced students. You will get lots of auditing while being trained.

On Level V all the lower level materials are re-studied, including all the materials for Dianetics, and at this level, you actually start to apply the technology and deliver auditing daily to lower level students for training and classification requirements.

Recording equipment is used to tape student sessions for their own criticism, and tapes by professional Class XII auditors are available for the students' comparison. Closed Circuit TV demonstrations of live auditing sessions make up a vital part of the course. These are viewed by the entire class. They train the student in auditor presence and will aid greatly in perfecting your skills.

*A special 50% professional discount on Power Processing (a saving of $600.00) is given to you as a student on the Saint Hill Special Briefing Course. This phenomenal technology is administered by precision Class VII Auditors in the Hubbard Guidance Center of the New American Saint Hill Organization.*

Very advanced materials are studied on Level VI where you learn to become your own auditor and Solo Audit yourself to a Grade VI Release, achieving a return of power to act on your own determinism and freedom from dramatization.

On completion of the Course you will be a Class VI auditor with full philosophic and technical command of materials up to Level VI.

(Note: In order to practice Scientology spiritual counseling (auditing) one must be a Minister of the Church of Scientology and have completed the Minister's Course.)

Anyone can start anytime! The only thing needed in advance is successful completion of the Student Hat Course which trains you in the fundamental skills of Scientology Study and Word Clearing methods. (This short course usually takes one week to do and is available at the New American Saint Hill Organization. Price $175.00.)

Tuition for the Saint Hill Special Briefing Course is $775.00. A special $125.00 Scholarship exists for Class IV auditors, making their tuition only $650.00. If you have not taken any prior Scientology Academy training at all, you can still start the course immediately after completing the Student Hat Course; in this case, an additional $1,000.00 is added to the tuition, which equals the fee of training in Academies on Levels 0 to IV. (Payments for any partial Academy training are discounted from this $1,000.00.) A 5% discount is given for payment sent well in advance.

Fees promptly refunded to any dissatisfied student or preclear. No refund may be applied for successfully after three months from the end of the last service rendered.

**You can start now! Write today for Enrollment Forms or more information to: The Letter Registrar, The Church of Scientology, New American Saint Hill Organization, 2723 West Temple Street, Los Angeles, California 90026.**

# 1971-1972 SCIENTOLOGY CENSUS

On file here at the New American Saint Hill Organization are the names and addresses of all Scientologists in the United States, Canada and South America. Each year a Scientology Census is taken to update our files, correct addresses and generally keep our records accurate so that we may better serve you. # Return from the human wasteland of Drugs

Like oil and water, alcohol and drugs don't mix. Yet until 1966, in Arizona State Prison, the only help afforded an addict to drugs was that given by Alcoholics Anonymous. Friction between the ex-alcoholics and ex-addicts was constant. There seemed to be no way out of the ex-addict's dilemma. Then, one day, a man by the name of William C. Benitez, who had a 19-year record of drug-taking and prison life, found an old, crumpled and wind-torn pamphlet by L. Ron Hubbard. An idea was born.

Some research uncovered a book entitled *The Fundamentals of Thought* by L. Ron Hubbard, and the idea began to take shape. Willie started by talking to the inmates who had a history of drug usage, asking them if they would like to form a group and do something about their common problems. Twenty agreed. He wrote to the Los Angeles Church of Scientology and asked for assistance with the project. With this communication line, the group, now called Narconon, started meeting once a week with a membership limit of 25. Now there are two groups meeting twice a week and the restriction on attendance has been removed.

Although actual Dianetic auditing is not done at this time by the inmates, Scientology books, tapes, communication drills and other Scientology actions and materials are available and used with great success.

One might well wonder what goes on at Scientology meetings in a State Prison. The answer is best summed up in the words of Don Mesaros, the group's current Chairman. "We are applying Scientology data as per formula. To apply the data, Ethics have to be in. When Ethics are in, you no longer get in trouble, guys stop going to the hole and stop appearing before the Institutional Disciplinary Board. Results keep it here. We just apply the data as written. If we have trouble in an area, we solve it with Scientology Policy. Scientology works for me."

And just what data do they apply? "We now have the following courses taught by inmate Course Supervisors: Personal Efficiency Course; Communication Course; Anatomy of the Human Mind Course; Clay Demonstrations Course; Upper Indoc TR's and Straightwire (without an E-Meter)." They also make available, without course supervisors but with checkouts, the Gung-Ho Group Course and the Codes Course. The Extension Course is provided by mail by the Los Angeles Church of Scientology. The Study Data Tapes are used as well.

Narconon has a very popular and complete Scientology library containing virtually every book ever written by L. Ron Hubbard. Members check them out on a two-week basis with an option to renew the book.

Not surprisingly, Narconon has proved an outstanding success. The group has been permitted to expand to include non-addicts, and 82% of the men who, while incarcerated, apply themselves and complete the Basic Scientology Courses offered do not return to prison. Of the Narconon Graduates who have received processing to Grade IV, once released from prison, NONE have returned to prison. As Don Mesaros said recently, expressing the feelings of many fellow inmates, "It's really good knowing, understanding and being responsible. I had to come to prison to learn how to have freedom."

The Narconon Program is now also in the California Medical Facility in Vacaville, California: the California Women's Institution in Frontier, California; the California Rehabilitation Center, Corona, California; and San Jerinimo Prison, Mexico City.

Narconon is on the verge of a rapid nation-wide expansion, and demand for Narconon programs in the nation's prisons will undoubtedly be great and assistance will be needed.

Narconon Headquarters is now at 833 Beacon Street in Los Angeles, California. It is presently a fairly small organization and at this time it is possible to apply for and hold almost any post of a person's choosing. Applicants need only fulfill the requirements necessary to work at a Scientology organization.

The Church of Scientology has provided many highly trained Scientologists to act as directors and workers for the program to help further its expansion. Plans for the coming months are to open combination half-way houses and rehabilitation centers in local communities. These will provide an orientation point for Narconon graduates coming out of prisons where they can train and find jobs, and help rehabilitate local drug users. With the high incidence of drug use in various services, discussions are underway to establish Narconon programs for the Armed Forces personnel. The Narconon program has already been approved for conscientious objector's alternative service.

William Benitez (left), Founder of Narconon with John A. Burns, Governor of Hawaii. A letter of thanks was sent to Benitez from Gov. Burns expressing the Governor's gratitude, as he said, "for helping Narcotic offenders and addicts to understand their problems and develop the strength to terminate their addiction."

Scientology drills which improve communication precede Friday night Narconon meetings.

A Course Supervisor explains the triangle of Affinity, Reality and Communication, the component parts of Understanding.

A full library of Scientology books by L. Ron Hubbard is carried to every meeting by the Narconon librarian. Members absorb the Scientology books and expand their understanding of the mind and life.

Basic Scientology auditing is done on a mutual basis by Narconon members. All auditing is done without an E-Meter.

Mark Jones is a Minister of the Church of Scientology, a Class VIII Scientology Auditor and has reached the advanced Scientology level of O.T. V. He is now the Assistant Director of Narconon for the Church of Scientology.

Mark is a retired Lieutenant Colonel of the U.S. Marine Corps and has a Masters Degree from the Massachusetts Institute of Technology. Mark has been flying jets since 1952 and has been awarded the Distinguished Flying Cross.

Knowing the intense workability of Dianetics and Scientology from practical experience, Mark is very determined to see a rapid expansion of Narconon, the first drug rehabilitation and prevention program using Scientology methods.

In calling for support he has this to say: *"The operating budget for the typical drug abuse agency ranges from $100,000 to $500,000 a year–or roughly $2,000 to $10,000 a week. Narconon is currently running a world wide network with programs in several prisons on $150 a week. Support is urgently needed to expand this work. Other agencies are trying, but don't have the highly workable technology of Scientology. Narconon does. Support of Narconon produces a BIG effect in reducing drug abuse.*

*"Narconon is supported by donations, membership subscriptions and benefit performances. An investment of approximately $300 is required to supply materials needed to set up a Narconon program in a prison.*

*"We have set up four Membership plans to enable anyone who has a genuine concern for the drug problem to contribute to.*

*"Each Membership provides an opportunity for a person to participate in this vital program which is so effectively reducing crime and drug abuse in our Society."*

Donations and Membership information are handled by the Narconon Headquarters at 833 Beacon Street, Los Angeles, California 90017.

# Understand how Dianetics was developed

## READ Dianetics, the Evolution of a Science

by L. RON HUBBARD

Published as a book-length feature in a national American magazine as a preview to Dianetics, this volume is a fascinating exposition of the Dianetic breakthrough on the subject of the anatomy of the human mind–how it works, what happens to it under stress, shock, pain or unconsciousness, and the basic single answer to the resolution of its aberration by Dianetic methods.

L. Ron Hubbard writes in Dianetics, The Evolution of a Science: "In a lifetime of wandering around many strange things have been observed. The medicine man of the Goldi people of Manchuria, the shamans of North Borneo, Sioux medicine men, the cults of Los Angeles, and modern psychology. Amongst the people questioned about existence were a magician whose ancestors served in the court of Kublai Khan and a Hindu who could hypnotize cats. Dabbles had been made in mysticism, data had been studied from mythology to spiritualism. Odds and ends like these, countless odds and ends.

"If you were constructing this science, where would you have started? Everybody and everything seemed to have a scrap of the answer. The cults of all the ages, of all the world seem, each one, to contain fragment of the truth. How do we gather and assemble the fragments? Or do we give up this nearly impossible task and begin postulating our own answers?

"Well, this is the story of how Dianetics was built. This, at least, was the approach made to the problem. Dianetics works, which is what an engineer asks, and it works all the time, which is what nature demands of the engineer."

Out of an ocean of information, the drops of truth were drawn and formed into an amazingly workable science of the mind. Here are the answers to the mind and life. They have changed the destiny of Mankind forever, and this book outlines how they were discovered.

# THE PSYCHIATRIST AT WORK

## by L. Ron Hubbard

Auditors are often fought by psychiatry. The auditor is often called upon to handle psychiatric abuses. Auditors should know some facts about psychiatry.

### PAIN ASSOCIATION

As a technical action, it is of interest to any auditor to know that Pain and Ideas is a basic "therapy" used down the years by psychiatrists and such lot.

The practice is very general and very old.

The person is made to associate his "wrong ideas" with pain so that he "will not have these ideas," or will be "prevented from doing those things."

A crude current example is to electric shock a person every time he smokes a cigarette. After several "treatments" he is supposed to associate the pain with the idea and so "give up smoking."

Homosexual tendencies are also so "treated."

In earlier times alcoholism was "cured" by putting poison in drinks so drinking would make the person violently ill so he would "stop it."

Examples of this are all over the time track.

The mechanism is "If you get this idea you will feel this pain" ZAP!

Basically this is the action of an implanter. [Implant: a painful and forceful means of overwhelming a being with artificial purpose or false concepts in a malicious attempt to control and suppress him.]

Current use of it will be encountered where psychiatry has been busy implanting.

This is a pinnacle, an all, of psychiatric "treatment."

Another version of it is drugs. Make the person too torpid (sluggish) to have *any* ideas. The motto of this is "too dead to act." Institutions are emptied by hooking psychotics and "community psychiatry" exists "to make them take their pills," in short, to keep them hooked. This started the current drug craze that spread into "illegal" drugs.

The auditor will encounter this with growing frequency as the business of it is so big that one group spends 12 billion in advertising alone per year! This is the Rockefeller drug cartel. They also spend vast sums in lobbying parliaments.

### OBSESSION

Most "got to's" or obsessions come from Pain Association or drug association.

People in pain or drugged can become obsessed with *doing* the idea.

What the psychiatrist does not care to publicize is that his "cures" are implantings with compulsive ideas.

The smoker so treated now MUST smoke but CAN'T smoke. These two things are opposed. That is known as frustration–a form of insanity.

Must reach can't reach, must withdraw can't withdraw is total basic insanity.

Thus psychiatry is *making* insane people.

This is why the insanity statistic is soaring and why the crime statistic is on a wild climb.

The psychiatrist if he handled his field well and did really effective work would have a *declining* insanity and crime statistic.

That the psychiatrist and his "technology" has been in charge during the whole period of these alarming statistics is ignored by governments.

The psychiatrist argues that he needs more money and more practitioners. But he gets money by the billion. The state has to totally support them because the public will have nothing to do with them.

Psychiatric care in a private hospital costs $30,000. $2,000 a month for board only is the price at Walnut Lodge in Washington DC, an average place. £60 a week is charged in England for a shabby room. "Care" is extra if it exists.

Psychoanalysis costs £9,000 for a full and ineffective course, takes 5 years, 30% suicide in the first 3 months.

Psychiatric treatment runs 5 times the total cost of every course, grade and action available in Scientology organizations.

### SKILL LEVEL

Any Hubbard Apprentice Scientologist knows more and can do more about the mind than any psychiatrist.

There is no real level of comparison since psychiatry as used is a destructive technology.

Under a "drug treatment" engram you often find savage electric shocks of execution strength buried.

It is doubtful if one could watch an electric shock "treatment" without vomiting.

In "neurosurgery" the Ice Pick is used to rip and tear up people's brains.

Holes are drilled in skulls and the brain sliced up.

No evidence exists that this ever helped anyone but it makes incurable invalids.

Illegal seizure of anyone and his torture is legal in most "civilized countries."

### MASTERS

The psychiatrist has masters. His principal organization, World Federation of Mental Health, and its members, the National Association of Mental Health, the "American" Psychiatric Association and the "American" Psychological Association are directly connected to Russia.

Even the British Broadcasting Company has stated that psychiatry and the KGB (Russian Secret Police) operate in direct collusion.

A member of the WFMH sits on every major "Advisory Council" in the US government, to name one government.

Ministers of Health or Health Authorities are members of the National Association or the WFMH.

The psychiatrist has masters.

### DOCUMENTATION

All these statements are the subject of total documentation in the hands of Scientology.

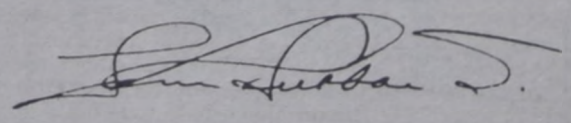

### SUMMARY

The auditor in auditing uncovers considerable data in former psychiatric cases.

Further an auditor can put to rights a case so abused unless a fatal injury has been done.

As psychiatry circulates rumors about auditors and attempts to discourage the use of Dianetics and Scientology, it is only fair for the auditor to know exactly the status of psychiatry and psychology as used today.

It goes without saying that the savagery and fraud of psychiatry must cease and that auditors must encourage in state and public and through all his connections displacing psychiatric abuses with sane auditing.

# DIANETICS and FREEDOM

## by L. Ron Hubbard

Why should anyone want to know anything about the human mind? And, for that matter, why should anyone believe that knowledge of the human mind is either unobtainable or undesirable? Why should men ostensibly seeking answers to the human mind stray so far from it as to examine rats and entirely avoid looking at human beings? And why should anyone pretending to treat the mind stray so far afield as electric shock?

The answers are relatively simple. Anyone who knows the structure, function, and dynamics of the human mind is very difficult to control. The only way a mind can be controlled is by enforcing upon it ignorance of itself. As far as study and treatment is concerned, a mind which has been made ignorant of itself would have to have restored to it awareness of its fundamentals before it could be considered to be recovered. And when one restores full awareness to a mind one is no longer able to victimize it. And a profession or a society would have to move out of slave orientation into action by freedom and consent, were it to be effective.

Just as you do not want people to control you, so you should want knowledge of yourself and others. Just as you fight away knowingness concerning self, so you will be controlled.

A simple and conclusive science of mind is a vital necessity in any society which desires to become free and remain free. The only elements in a society which combat, or contest, or dispute an effort to attain such a science would be those interests which desired, by ignorance, to maintain their control of a slavery. Each and every impulse of freedom is an impulse toward sanity, toward health, toward happiness. Evey impulse toward slavery is an impulse in the direction of misery, disease and death. One can say alike of the arthritic and the neurotic that the basic cause of disturbance, physical or mental, germinated in efforts to reduce the freedom of the individual, the group, or Mankind.

Dianetics is an effort toward the attainment by Man of a level of freedom where decency and happiness can prevail, and where knowledge of the mind itself would prevent the unscrupulous use of the mechanisms of slavery. Dianetics can be contested, it can be vilified, its founder and practitioners can be publicly pilloried, but Dianetics cannot be ignored. It could neither be drowned in praise, nor burned in some purge to its total eradication, for it is a wonderfully observable fact that the one impulse in Man which cannot be erased is his impulse toward freedom, his impulse toward sanity, toward higher levels of attainment in all of his endeavours. This is Man's one saving grace, and because Dianetics is such an impulse, and because its basic purposes, from the moment of its conception, have been dedicated unswervably to the attainment of even greater freedom it cannot perish—a fact which will become doubtlessly more annoying to the slave-masters as the years roll on.

There is much argument upon which we could adventure concerning whether Dianetics is an art or a science, whether it is a humanity or a hoax, but all this would avail us very little for we would only be quibbling with words. Dianetics is what it is, and the totality of it can best be summed by the description, "an understanding of Man." We do not care whether or not it is more properly catalogued under Adventure or Mystery. We do care whether or not it is promulgated and known, for everywhere it walks slavery ceases. That mind which understands itself is the mind of a free man. It is no longer prone to obsessive behaviour, unthinking compliances, covert innuendoes. It is at home in an environment, not a stranger. It is the solver of problems and the maker of games. A mind that is enslaved is weak. A mind that is free is powerful, and all the power there is, is defined by and contained in freedom.

### CULTURAL LAG

The reason why Dianetics and Scientology were abused or even fought has to do with what is called a "cultural lag."

This has often occurred in the history of technical developments.

An example is Dr. Semmelweis's discovery of the cause and cure of childbed fever. For over half a century after that women still died in agony after childbearing. Eventually the culture caught up to it and the illness which had accounted for a huge percentage of female deaths ceased to exist. Dr. Semmelweis's discovery of its prevention was "ahead of its time." Pathetically, scoffed and disbelieved, he even died to prove he was right.

The radio telepnone was invented and demonstrated half a century before it was generally used.

Cultural lag occurs for many reasons.

In any field as retarded as the human sciences the emergence of Dianetics and Scientology, full and workable and complete, is startling. And thereby subject to disbelief.

This does not mean they aren't used and useful.

It is significant that hundreds of aerospace technicians, working with satellites and rocketry broadly used Dianetics and Scientology first. At the same time parliaments in some socially backward countries were busy passing laws against Scientology to protect their psychiatrists whose medieval approach was to seize people without any process of law and saw out brains as a cure for mental illness.

In a world where governments are fighting to dominate men's minds, mental technology is needed to protect the individual and to prevent the enslavement of all.

Dianetics was the first practical workable easily taught science of the mind. It has endured already 21 years and is better and more used than ever before.

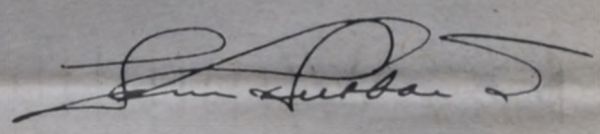

Possibly the point which counted most against Dianetics in the early attacks on it was that it did a vast array of things. The truth was—*it actually did them!*

When you have the answer to the human mind as in Dianetics of course anything caused by the mind can be remedied.

As people come into Scientology and they're coming in in very swiftly increasing numbers all over the world, normally what they do first is read a book and then they may read quite a few books, and go around and about Scientology for some time. They attend some of the Introductory Courses, and then they will get some auditing often beginning with Dianetics. They begin to get along better physically and then to make increasingly larger gains. Their IQ goes up, their abilities increase, they are more capable of handling their lives—and they are prepared for the gains of Scientology.

And when one then decides to be an auditor he or she goes to an Academy of Scientology and studies and learns how to audit and so help others.

And here again, one can begin with Dianetics.

# EARLY DIANETICS

The early days of Dianetics saw the emergence of the Book Auditor. These were people with the initiative and willingness to put Dianetics to use after just reading the book DIANETICS, THE MODERN SCIENCE OF MENTAL HEALTH. Connie Baaska, shown with an original copy of the book was an early Book Auditor. There were no formal training courses in those early days. Auditors were born from those hearty beings who could skillfully duplicate the technology of L. Ron Hubbard as he laid it out in this book.

Those pioneer Dianetic Auditors who applied the technology of Dianetics from the book exactly, with nothing altered or added, achieved miraculous results! Shown above are Don Sharp (left) and Dick Kerlin, who audited each other with Dianetics in St. Louis in 1950. Dick is demonstrating the "finger snapping" techniques of early Dianetics. The Dianetic auditor was a new breed, and a major advance for the whole of Mankind.

# MODERN DIANETICS

Dianetics today is much simpler and extremely more precise in both learning and application. The Hubbard Standard Dianetic Course contains all the advances of Dianetics through the years, but the major text book is still Dianetics, The Modern Science of Mental Health!

Dianetics is professionally delivered by Ministers of the Church of Scientology. The researches of L. Ron Hubbard after Dianetics was in Scientology and the realm of the human spirit. It has been demonstrated conclusively that Man is a spiritual being, and Scientology went on from where Dianetics left off, achieving for Mankind a complete Bridge to Total Freedom!

*See definitions of Dianetic and Scientology words on page 2*

# Freedom from Drugs and Alcohol with Dianetics

*A few months ago a good friend of mine came to visit. We rapped about Dianetics and Scientology and when she left she went back to Berkeley and took the comm course. It was really a big win for both of us.*

*Penny had been having "migraine" headaches for years and had been taking a lot of drugs to handle it. She purchased a 10 hour Dianetic Intensive, blew her headaches and as she put it to me yesterday—"the grooviest part is not having to be all doped up all of the time." She is formulating her plans for more auditing and training and "practising making things go right." That's really a win—for both of us.*

*E.S.*

*I used to be a drug dealer and a drug user . . . . with the help of Dianetics I'm released from the harmful effects of drugs and the problems drugs were a solution to.*

*S.B.*

*Knowing that I was never held under by drugs—really—and never had to be is a beautiful thing.*

*Knowing that I need not be held under by anything is even more beautiful!*

*L.L.*

*My vision has improved. I feel better than I have felt in my whole life. I don't have to get angry. I can handle my environment. The Drug Rundown is one of the best things that ever happened to me.*

*R.N.*

*I am now free of all pains and somatics concerning past use of drugs and alcohol. Thanks to auditing and LRH's tech, I have no more compulsive desires to use drugs.*

*C.M.*

*I feel clean! No more effects from drugs! It feels good. I am more myself now and really ready to go on.*

*R.B.*

*I have just completed the Drug Rundown. I had excellent auditing and I feel great, especially about drugs. I no longer need drugs for any reason. It's as simple as that.*

*B.B.*

*I've enjoyed my Drug Rundown and Dianetics much more than I can say in one sitting. I feel that I can have an F/N anytime I want it. I feel good—my body feels good!*

*A.P.*

*The Drug Pack gives you a THETAN'S viewpoint of drugs. They are harmful to case gain and auditing and their effects can be handled STANDARDLY.*

*J.A.*

*I am aware now of what made me want to take drugs and alcohol—the great sensations produced on them I can have now by producing a valuable final product.*

*Simple.*

*Thanks Ron—for helping me.*

*N.Z.*

*I just attested to the Drug Rundown and I feel unbelievably clear about drugs. I see how they affected me and now they don't AT ALL!*

*K.R.*

*It really feels great ending cycle on all that was connected with taking drugs. It feels good now and I think the results will become even more apparent each day.*

*R.B.*

*Well—I've got those old pains, sensations, attitudes, etc. from taking drugs handled—and I feel great. Thank you, Terry Morrill, my auditor, and Ron for making it possible for everyone to have gains like mine.*

*G.H.*

*The Drug Rundown is fantastic. I've handled everything associated with drugs; it feels great to be freer again.*

*H.M.*

*The drug rundown really brings up the certainty that you don't need something like aspirin to get rid of the pain. Dianetics is the best win yet!*

*D.S.*

*The prior assessment of the drug rundown was very cool. A lot of cognitions on my own knowingness. My experience with drugs has been handled fully. Really a far-out experience to be free from the pains, sensations, and unwanted emotions which were present before taking drugs.*

*H.G.*

## Move to Los Angeles

## RECOVER YOUR POWER

When all your Dianetic auditing is complete, and you then achieve Grade IV Release on the Scientology Levels of processing, you are ready for Power Processing, the phenomenal development of Scientology technology by L. Ron Hubbard, which releases your personal ability to fully handle power!

*This level of Scientology technology frees you from major, deep-rooted areas of aberration, vastly increasing your awareness, ability and intelligence.*

Easily delivered with 100% standard precision by the renowned Class VII Power Auditors of the New American Saint Hill Organization, Power Processing greatly expands a student's ability to study and learn. You will be free from deep-rooted traps, enabling you to easily overcome barriers in life that seemed very big before.

*No special training is required. All Grade IV Releases are eligible.*

Power Processing is sold by result: freedom from detested parts of the Whole Track and the ability to handle power. Any additional auditing necessary to completely prepare a person for Power Processing will be assessed and charged for at regular Intensive auditing rates.

Price: Grade V Power Processing, $1,000.00. Grade VA Power Stabilization Intensive is $200.00. A total price of $1,200.00. Send in your full payment in advance and you will receive the 5% discount price of $1,140.00. (As a student of the Saint Hill Special Briefing Course you receive Power Processing at the half-price professional discount price of $600.00.)

**Make your arrangements for Power now! Contact the Registrar, The Church of Scientology, New American Saint Hill Organization, 2723 West Temple Street, Los Angeles, California 90026.**

Fees promptly refunded to any dissatisfied student or preclear. No refund may be applied for successfully after three months from the end of the last service rendered.

## Achieve Perfection with Dianetics

# INTERN at the NEW ASHO

*As a graduate of the Dianetic Course you can gain priceless practical experience in auditing and case handling on the New American Saint Hill Internship Program.*

As an Intern at the New ASHO you will apply Dianetic auditing under highly trained, expert Case Supervision until you are uniformly achieving perfect results with Dianetics. (This can take as little as two weeks, or as long as six weeks, depending on the person's skills.)

You will soon be doing a minimum of five Well Done hours of auditing per day as required of each Intern. A peak of ten Well Done hours a day is necessary to achieve as this is an indicator that you have attained certainty on the materials and techniques of Dianetics. For any auditing goofs, an auditor is crammed in the Department of Correction where he finds out what he missed or misunderstood in his materials and sets it right. Finally after much experience and practice you will produce flawlessly.

# Reach the State of Clear

*A Clear is a person who is free of unwanted mental mass, and can be at cause, knowingly and at will over mental matter, energy, space and time, as regards survival for self.*

*The State of Clear is easily attainable, now! You don't have to wait any longer.*

There are over 3,000 Clears on the Planet. The road to Total Freedom is WIDE OPEN and being journeyed every day by people just like you.

The State of Clear is a priceless achievement which has long been sought. Now with the incredible discoveries of the mind and new developments of Scientology technology by L. Ron Hubbard in the realm of the spirit, the State of Clear is easily accomplished in one lifetime, often just within a matter of months.

*Everything you have ever heard about the State of Clear can be true for you, and you can reach it by just traveling the exact safe route many many others have now gone over. It is beautifully simple to do.*

The only prerequisites for the Clearing Course are being a Grade VI Release and having completed the Student Hat Course.

Clearing Course Price: $800.00. Advance payment allows you a 5% discounted price of $760.00.
