THE LEVELS OF AUDITING

THE ROAD TO CLEAR

by L. Ron Hubbard

EDITORS NOTE: The series of articles by L. Ron Hubbard in this issue on the Levels of Auditing and Release show their development since first introduced in 1965.

The ROAD TO CLEAR is very definite and the state is very attainable today.

A Clear has no vicious Reactive Mind and operates at total mental capacity.

RELEASE

People have been unable to define release to their own satisfaction. I find now a RELEASE is a person who has been able to back out of his "bank." The bank is still there but the person isn't sunk into it with all its somatics and depressions. The person has been released from his reactive mind. He may go into it again but it feels good to be out of it. His IQ and ability rises and he is far more effective in changing his environment into a better one. The state is beyond homo sapiens by considerable.

In their understandable enthusiasm—they feel so much better and bigger and stronger—a release sometimes seeks additional acknowledgement by requesting a further release check. However, one can't possibly upgrade stages 1 to 2, etc., without the actual processing.

This table shows the current names for the "Stages of Release" mentioned in this article.

GRADE	NAME	FORMER NAME
Grade VII	Clear	Fifth Stage Release or Clear
Grade VI Release	Whole Track Release	Fourth Stage Release
Grade VA Release	Power Plus Release	Third Stage Release
Grade V Release	Power Release	Second Stage Release
Grade IV Release	Ability Release	
Grade III Release	Freedom Release	First Stage Release
Grade II Release	Relief Release	
Grade I Release	Problems Release	
Grade 0 Release	Communications Release	

Why? Because a key out is just that, a key out. Just because one no longer has a tiger in his lap does not mean the tiger has vanished. He's merely stepped out into the hall. In the course of life somebody is going to leave the door open. The tiger won't come back into one's lap but he'll sure sit on the rug and sneer. Key out means there's still a tiger. Release means he's away. One first stage can be more released than another first stage. The tiger is further off.

But when you start upgrading numbers (1st, 2nd, 3rd, etc.) you are talking about less tiger.

There's less bank.

First Stage removes a few tiger whiskers and the sneer. That's the locks going. The tiger is near or far—that means more or less First Stage, it doesn't mean there's less tiger.

Second Stage removes the tiger's misemotion and his front claws. The tiger can now be near or far but he is that much tiger. He can be so far away one is sure he has vanished. But he's just far. He remains that much tiger (minus whiskers, sneer, temper and front claws), he just isn't evident.

Third Stage pulls the tiger's ability to paralyze one's wits. In effect, Third Stage removes impediments to one's ability to know. The tiger, though now minus whiskers, sneer, temper, front claws, and the ability to paralyze is still about. He may at this stage walk off so far that one is positive there is no more tiger. But it's early to break out the champagne. Maybe he won't be back for years, even centuries, but he still exists.

Fourth Stage Release removes the tiger's claws all about and blunts his teeth. And causes him to hide in closets. But though he hasn't whiskers, sneer, claws, or his frightening effect, or the old sharpness, he is still a tiger. One can gambol about in the sun cheerily, feeling quite sure there is no tiger at all.

At this stage the pc feels he can move mountains single handed and is given to chest thumping. That he still depends upon a body gets overlooked.

But ahead of him is the BIG job. There is still a tiger. This tiger if not vanished utterly will sooner or later creep up and eat up the goodies.

AMNESTY!

To celebrate the removal of the UK ban an Amnesty is declared.

At a time when an organization is being hit and falsely accused there is often an overreaction within the group. Dismissals occur. Suspicion makes for distrust.

There is now no reason for this in any continental area.

It will be found almost all actions were well intentioned even when misguided.

Thus all persons who may have been subjected to unusual duress are fully restored to good standing.

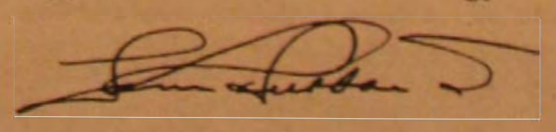

All Committees of Evidence and findings are cancelled.

Any such forgiveness must be mutual.

Trust, personal dignity and friendship should prevail.

And may 1972 bring new happiness for both Scientology and the world.

RELEASE YOUR POWER

When finished with Grade IV you are ready to go on to a more basic level of the Reactive Mind. This is the level of Scientology counseling known as POWER PROCESSING. As a result of Power Processing, more of your self-determinism returns, and you will be freer of connections with the Reactive Mind. Here is a level that frees you from major, deep-rooted spiritual aberrations and vastly increases your awareness and ability.

Power Processing is delivered with 100% Standard Application by the Ministers at the New ASHO, the renowned Class VII Power Auditors. No special training is required to be processed on Power.

Power Processing is sold by result—the ability to handle power. Power Plus (Grade VA) is a stabilization intensive which results in freedom from detested parts of the Whole Track. Any additional counseling necessary to completely prepare you for actual Power Processing will be assessed by the Case Supervisor upon your arrival and charged for at regular intensive auditing rates. Once you are fully set up, Power Release and Power Plus are simple to attain.

PRICE: Grade V, Power Processing, $1,000. Grade VA, Power Stabilization Intensive, is $240, giving a total price of $1,240. Send in your full payment in advance and you will receive the 5% discount price of $1,140.

GET POWER NOW! Write the Letter Registrar at the Church of Scientology, New American Saint Hill Organization, 2723 W. Temple St., Los Angeles, California 90026.

Fees promptly refunded to any dissatisfied preclear. No refund may be applied for successfully after three months from the end of the last service.

Send your preclear folders 2 weeks in advance so we may let you know of any needed preparation ahead of time.

CLEARING

So one has to handle Mr. Tiger once and for all, run the total R6 bank and become a 5th Stage Release.

This is Clear. The preclear (*still* a *pre*clear) has to be able to audit to make it. It *can't* be done for him, that was the hitch. All the lower levels can be done for him but not this level. That's a technical fact. The preclear has to be able to handle Scientology technology to handle his own bank.

But at its end, MAGIC. *There's* the state of clear we've sought for all these years. Now, and only now, with a bit of reorientation can one be CLEAR. No more tiger. He is not near or far. He doesn't exist. And one can go on for the trillions.

But the state of Clear is not Operating Thetan any more than a baby is a Man.

Operating Thetan is several levels *above* Clear.

RELEASE AND THE REACTIVE MIND

Early on my pcs went keyed out clear and went away. They stayed that way a long time.

They were sure they had attained the zenith.

Today we are going to have the *same* problem.

A Release is going to feel *sure* he has gone up in number of Release when it's only the tiger out to lunch.

I am the last one to throw cool water over anyone's head about Release. But I have a passion for stating truth as I know it when I know it. You can always depend on that. It's not always popular but it's honest.

Some people also get frightened of ridding themselves of a Reactive Mind. Having looked it *all* over now I can state that it is as much use as a sewer in the living room. It says the bad is good and the good is bad! It's a slave maker and "stupidifier" and a body killer. Any time you think it has value imagine trying to swim in the city dump or trying to fly with an anvil in each pocket, all the while saying, "this is exactly the right thing to do."

These are the only ways to go up in number as a Release.

To obtain FIRST STAGE RELEASE, one must have had lower grade auditing. This removes the locks (the distressful moments of life) off the Reactive Mind. As these pinned one to it, one can now get out of it.

To obtain SECOND STAGE RELEASE, one must have been run on the highest of the Power Processes.

To obtain THIRD STAGE RELEASE, one has to tackle the beings, places and subjects one has long detested. And when these are gone one isn't likely to be called back into the Reactive Mind very soon as bits of his daily life don't remind him of beings, places and subjects he once detested.

To obtain FOURTH STAGE RELEASE, one has to take the lock end words off the R6 bank. He has to be an R6 Auditor himself to do this properly. With these done, the R6 bank is left on its naked basics and one can be very free of it for quite a while.

But now we are down to the concrete and bedrock.

To obtain a FIFTH STAGE RELEASE, one has to have run out the whole remaining Reactive Mind. We are awfully lucky to have the combination to the vault as it's been shut thoroughly for the trillions. And I assure you

(1) It can be done and

(2) It was pure hell going it blind when I was trying to find it. It took several years and thousands of hours of research auditing to just find the *pattern* of it.

Now understand, at each of these stages one has to go unrelease to make it to the next stage release. This requires guts—and faith. One is feeling GRAND. The world is beautiful. The unbrave get nervous at the thought of diving back into the asphalt, or to keep our metaphor, about deliberately whistling up the Tiger—"Here Tiger! Here Tiger! Come out wherever you are." So a way that is cooked up to avoid this further combat is to pretend an upgrade in *number* of release without the hard work and scratches necessary to honestly achieve it.

Add to all this that one has a present time, and a body to receive the slings and arrows and one sees that it is a complex picture.

But we have the way. It *is* the way.

Many will come along selling the frightened the idea that one can leap up those numbers without pain or toil or auditing by flexing one's chest or eating wheaties or praying. But that isn't the WAY. There's no bridge there.

The main point that will be stumbled on is this: Nobody has any real reality on how high up these states are or how utterly tall Clear really is.

THE REAL ROAD

Man looks for the quick way, the one-shot way, the needle and rocket to sudden glory. CLEAR takes now an exact progress over exact levels. And the way is not long really.

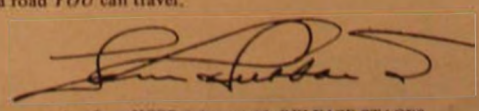

CLEAR CAN BE ATTAINED. And further it *is* being attained right this minute by many.

The fact is that economics aren't a real factor, contrary to what you might be thinking. For today the increase in ability at one grade of processing is capable of delivering an economic boost adequate to earn or obtain much more extra wherewithal than the auditing or training cost. Economic increase because of auditing and training is a sure thing today.

We've had 15 years of experience now. We had to feel our way, as Man has never had a road to clear. It's been through totally new territory never before viewed by Man. Even the wise Tibetan only achieved Release and only after he invested 20 years of hard work at it at that.

From Release as a case on up to Level VI as an auditor is pretty easy. In fact the Grade-Level roadway is like walking in a pleasant countryside now. Oh, one has a few stumbles even on a gravel path, but that's part of it. The pioneer times are all over and the pioneer always has it rough.

The 49ers left a freeway to follow! So have we. And it's a road *YOU* can travel.

EXPANDED GRADES ARE BORN

by L. RON HUBBARD

NEW RELEASE GRADATION 1965

This discovery came out of a survey of the only things that could balk a case. These also are the main things an auditor has to be careful about in pcs. Further study revealed the state of release to be available on each of these points and that therefore, both to make releases and better trained auditors, these were fitted in to the Gradation Chart in natural sequence as the dominant points stressed on each level.

Therefore you are releasing the person on certain *subjects* at each grade. The scale can then be written like this:

GRADE	SUBJECT
Grade VII Clear	Bank Erased
Grade VI Release	Whole Track Release
Grade V Release	Power Release
Grade IV Release	Habit Release
Grade III Release	ARC Release
Grade II Release	Overt Release
Grade I Release	Problems Release
Grade 0 Release	Communications Release

In earlier material and lectures the terms "1st Stage Release" indicated a person released anywhere between Level Zero and Level IV, "Second Stage Release" indicated a Power Process Release, a "Third Stage Release" was one made by orientation processes [Power Plus or VA today] and a "Fourth Stage Release" meant one made by R6EW [Solo or Grade VI]. This was before I found that the additional levels were important or obtainable. Without wiping out the meaning of these stages, we will simply cease to use them to designate releases and designate by GRADES. We will then use the exact processes of the grades that obtain the state of release for the preclear and thus keep things straight. ("Grade" and "Level" are the same but when one is a pc one has a grade, and when one has a LEVEL one is studying its data.)

EXPANDED GRADES 1970

In 1969 we reissued Dianetics as Standard Dianetics, much refined, sleeker and much more workable. That was the second time there had been in recent times a very great improvement in the subject of the Technology.

The first action on this, of course, was many many years ago when we came out with Clear and OT Grades. It became apparent after a while that this needed a very highly precise, highly developed form of auditing. So I developed and released the Class VIII materials and trained quite a few Class VIIIs. The Class VIII materials were basically intended to help out the Clear and OT Levels.

Then I went completely to the opposite end of the spectrum and I developed and released Standard Dianetics which you saw in 1969.

And now in 1970 you are right here at the opening guns of the revival and restandardization of Scientology Lower Grades. Lower Grades Expanded is what this development is. And it gives us an enormous width and an enormous breadth to the subject between Dianetics and Clear and OT.

THE DEVELOPMENT

It just happens that this development isn't much of a development really because all it consists of is that everything that was done with and about Scientology happens to be basic material. It isn't historical material. It isn't background material. It isn't this and it isn't that. It is simply basic factual material. People over a period of time got so they were calling this "background" and "old" and so on. And as a result they began to give Lower Grades rather sketchily. There are people around who have not properly made their lower grades and who actually have not achieved all they could achieve in that particular field or zone. And there even are some people who have moved up toward OT who are having a great deal of difficulty making it simply because they went through their lower grades too fast.

THE REVIVAL

Well, of course lower grades today amount to much more than they have for a long time. But the Classification Chart calls for certain definite abilities and those abilities are not gainable in 2½ minutes or 20 minutes from Grades 0-IV. Those are just "Quickie Grades" and a better look at this thing is that it actually is a lot of hours. I don't know how many processes there are that are actually run from Grade 0 to Grade IV but by putting those all in we get what you might call Lower Grades Expanded.

These Expanded Lower Grades run in a sort of harmonic into the OT levels so that you can actually pick them up again in the OT levels. But they can all be put right in the first place.

So what you see right now is a revival of the particular strata of technology and it is all the technology which exists between Dianetics and Clear. It is a large span of materials. A lot of old timers will be very glad to hear this and a lot of new comers will be relieved when they realize the 2½ minutes which they had spent on this particular band should have been more like 50-100 hours.

Now the best way to handle this is just get them checked and have Expanded Lower Grades run if you are at all doubtful in any way at all as to having made them.

NEW WAY TO CASE SUPERIVSE

Now, I will not say that this is simply old material which is being revived. That is too simplified a statement. Naturally there is a way to case supervise this which is brand new and which gets a person into a very high condition and then shoots him even higher. But we are utilizing this material which has been for some years referred to as "old" or "not used any more" or "historical" or "gone" or something like that. Actually none of the processes which were developed over those years are useless and the bulk of them are vitally necessary.

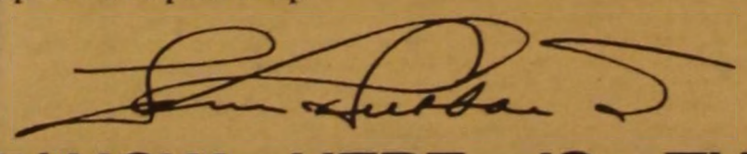

OT VII AND VIII

You will also be very glad to know that just as soon as I am very sure that we have Lower Grades Expanded back into Scientology Class IV Orgs and just as soon as I am sure that the Saint Hills are in fully operative condition and are teaching all those materials as they should why we will release OT VII and OT VIII. *[Note: OT VII has since been released.]* I have done them but I am not releasing them until we have Lower Grades Expanded fully worked over. "One thing at a time" is the motto on which I am operating.

So these are very good tidings and I'm very glad to be able to give them to you because recently in just the last year or two I have run into some people who had the idea that lower grades were something that were given quickly and you got rid of those very rapidly. That isn't true. They aren't. Actually, the distance between man in the street and a humanoid is simply Dianetics up to what you call Grade IV of the lower grades. By the time anybody got to Grade IV why he should have quite a distance between himself and the fellow walking out there on the street. He certainly should no longer be a humanoid.

WHAT TO DO

What I wish you would do is get trained up. Don't just sit back and relax and get processed and wait for something to happen. Get trained up, ready yourself up, know what you're talking about. Use Standard Dianetics, Expanded Lower Grades of Scientology, Clear and the OT Levels to move it on up the line. Because you have a whole society that is going down hill rapidly. It is up to us to pick it up.

Levels of Training

Someone is needed to deliver these Levels of Auditing. You learn to do this in Scientology pastoral *training.* To gain the freedom of the level, you should be audited on it as a preclear; but to gain the *ability* to handle that part of the Reactive Mind in others in your environment, you should be trained on that level. After each level, you do the theory and practical drills first. Then you do auditing under Standard Case Supervision as an intern. Only after this point are you fully qualified on the level.

DIANETICS

Dianetics, the sub-study of Scientology which handles spiritually induced psychosomatic ills by address of the spirit, is usually the first gradient. At this level, you as a theological student will have the chance to learn all about the mind and its relationship to the spirit and the body. You will learn to run Dianetic pastoral counseling procedures on another person, relieving him of unwanted spiritually induced sensations, pains, aches, misemotions and attitudes.

Dianetic Internship

You now intern on Dianetics until flubless on all Dianetic actions.

SCIENTOLOGY LEVELS

Level 0

When you complete this level, you will be able to release another on the subject of communication. To do this, you learn all about communication. You especially learn how to really *listen* to what people say.

Level I

Here you learn to release another from problems. You will learn to give auditing questions and commands without adding anything else to them. This is "muzzled" auditing. You learn to do basic processes which pull the preclear out of his problems and into his present time environment.

Level II

On Level II you will learn about Overts and Withholds (see definitions on page 2) and how to guide a person into talking about them. The processes you learn at this level make a Relief Release, one who is relieved of the regrets of past actions.

Level III

Level III deals with ARC and ARC Breaks. You learn to use prepared lists of things that may be bothering your preclear and how to produce a Freedom Release—someone who can now face the future, easily experience change, and allow others to be the way they are.

Level IV

At Level IV, you learn to handle a preclear's Reactive Mind very directly. You will learn to find and handle what non-survival computations the person is using to try to make himself right and others wrong. This makes an Ability Release, because the person can now try new things and use new abilities.

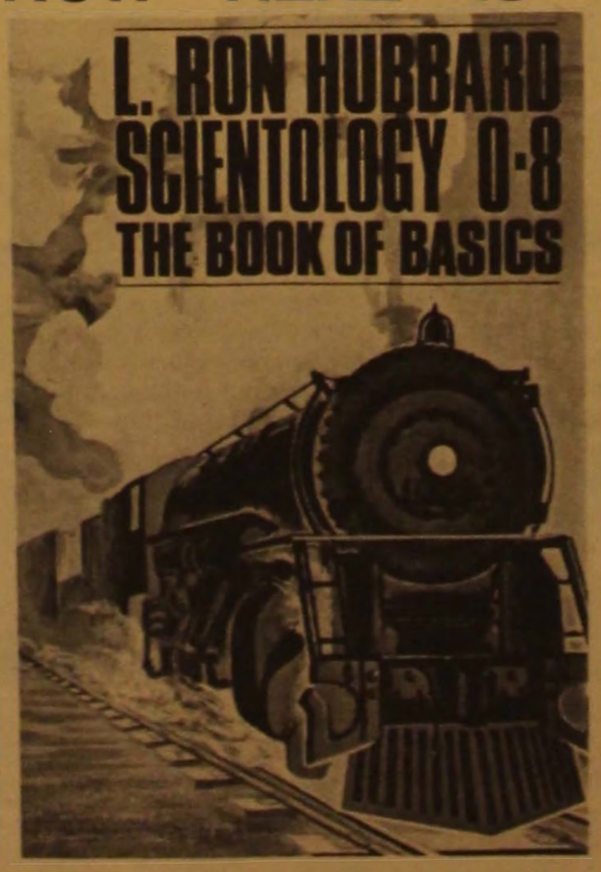

Level 0-IV Internship

Now it's time to intern under excellent case supervision until you are flawless in applying the Scientology counseling procedures up to Level IV. Any misunderstanding of the materials is quickly caught and corrected. You audit a great deal, so that your degree of doingness balances all the theory you have learned so far.

BASIC TRUTHS ARE SIMPLE

NOW HERE IS THE BOOK OF BASICS

Every Scientology Minister (auditor) or student needs this book! *Scientology 0-8* contains all the axioms, logics, scales and codes which are constantly referred to and used throughout all levels. At a glance, you can find the scale or axiom you need—they're all in this one handy book. It's the reference book to use to point things out to your friends and disseminate with too.

The route to higher states has long been sought by man—much data has been collected. L. Ron Hubbard writes: "The great achievement of Scientology has been the culling of truth from this sea of data and finding that the truth was a tiny group of data possessed of the overwhelming power of changing all other facts in this universe and in livingness."

This book contains this tiny, powerful group of data. With it you can easily align all other data you study. You'll probably find this is the most useful Scientology book you own.

Levels of Processing to Power

LIFE REPAIR: The preclear's life is repaired, and he becomes aware of truth and the way to personal freedom. He knows what road to take in life—he is free from a condition of no hope for change or the future.

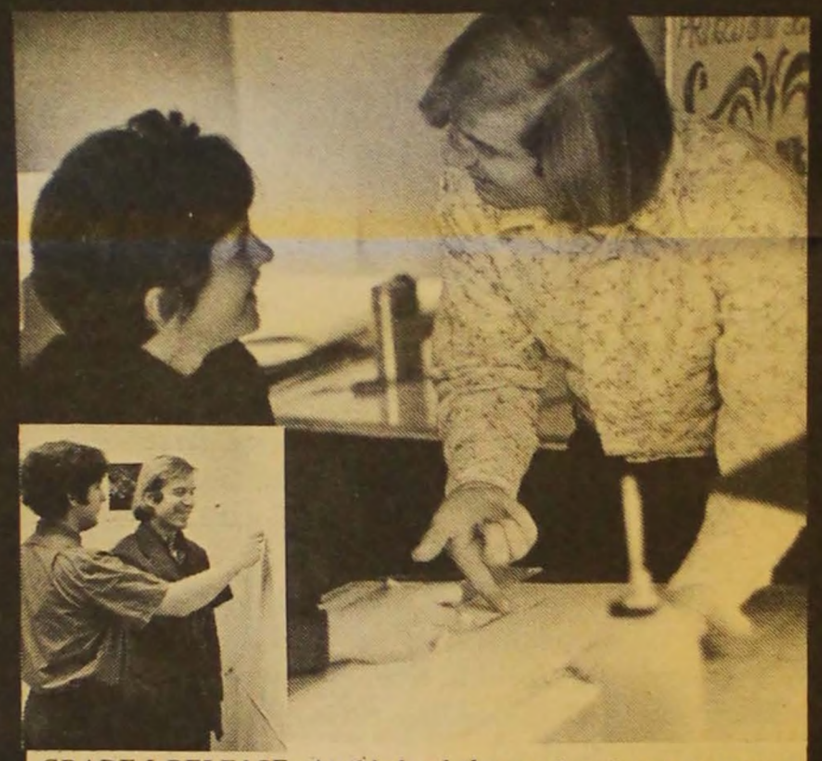

ARC STRAIGHTWIRE RELEASE: The preclear's ability to recall past affinity, reality and communication is rehabilitated. He now knows that he won't get any worse; he is free from deterioration as a being.

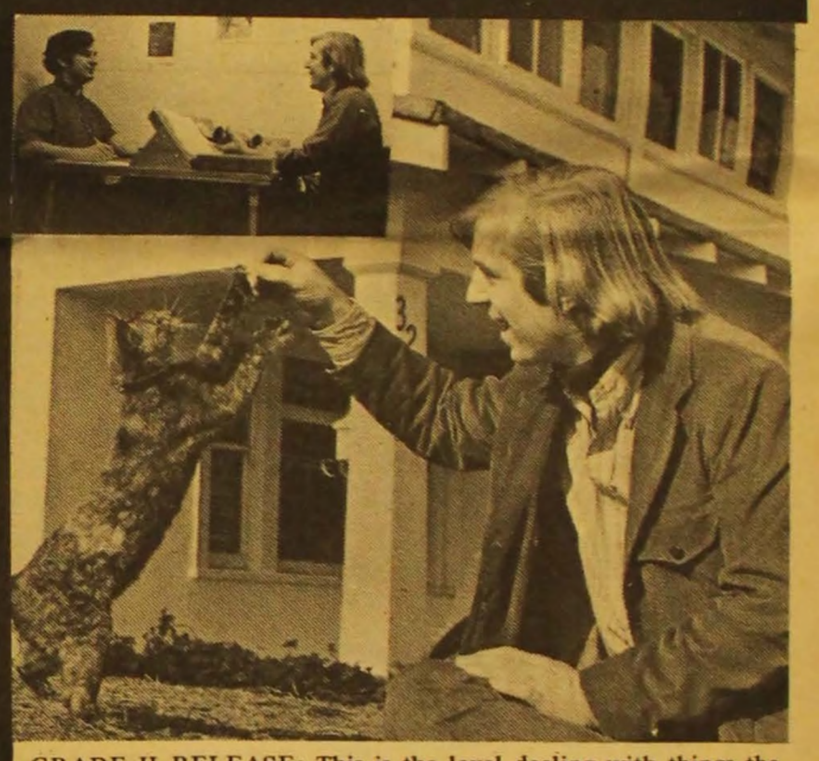

DIANETIC CASE COMPLETION: When a person completes this level, he is free from physical pain and misemotion. He is a truly well and happy human being.

GRADE 0 RELEASE: Now the preclear is released on the subject of communication. He has the ability to communicate freely with anyone on any subject, and likes to outflow. He is willing for others to communicate to him freely, willing to have others communicate to others. He is free from any communication difficulties—no longer withdrawn or reticent.

GRADE I RELEASE: At this level the preclear is run on many processes, some like the above directly addressing things in the environment. The preclear becomes more able to confront what exists in present time, and becomes able to recognize the source of problems and make them vanish. He doesn't now have any problems, but he feels free about others having problems and can recognize the source of them.

GRADE II RELEASE: This is the level dealing with things the preclear has done and then withheld from telling others. When he has finished this level, he is a Relief Release, relieved from the hostilities and sufferings of life. He can now cause things without fear of hurting others, is willing for others to be cause over him, and is willing for others to be cause over others without feeling the need to intervene.

GRADE III RELEASE: At this level, the preclear is freed from upsets of the past. Now he can face the future and experience sudden changes without getting upset. He allows others the beingness to be the way they are and choose their own reality. He no longer feels he has to change people to make them more acceptable, but is capable of causing changes in another's life without ill effect. He is a Freedom Release.

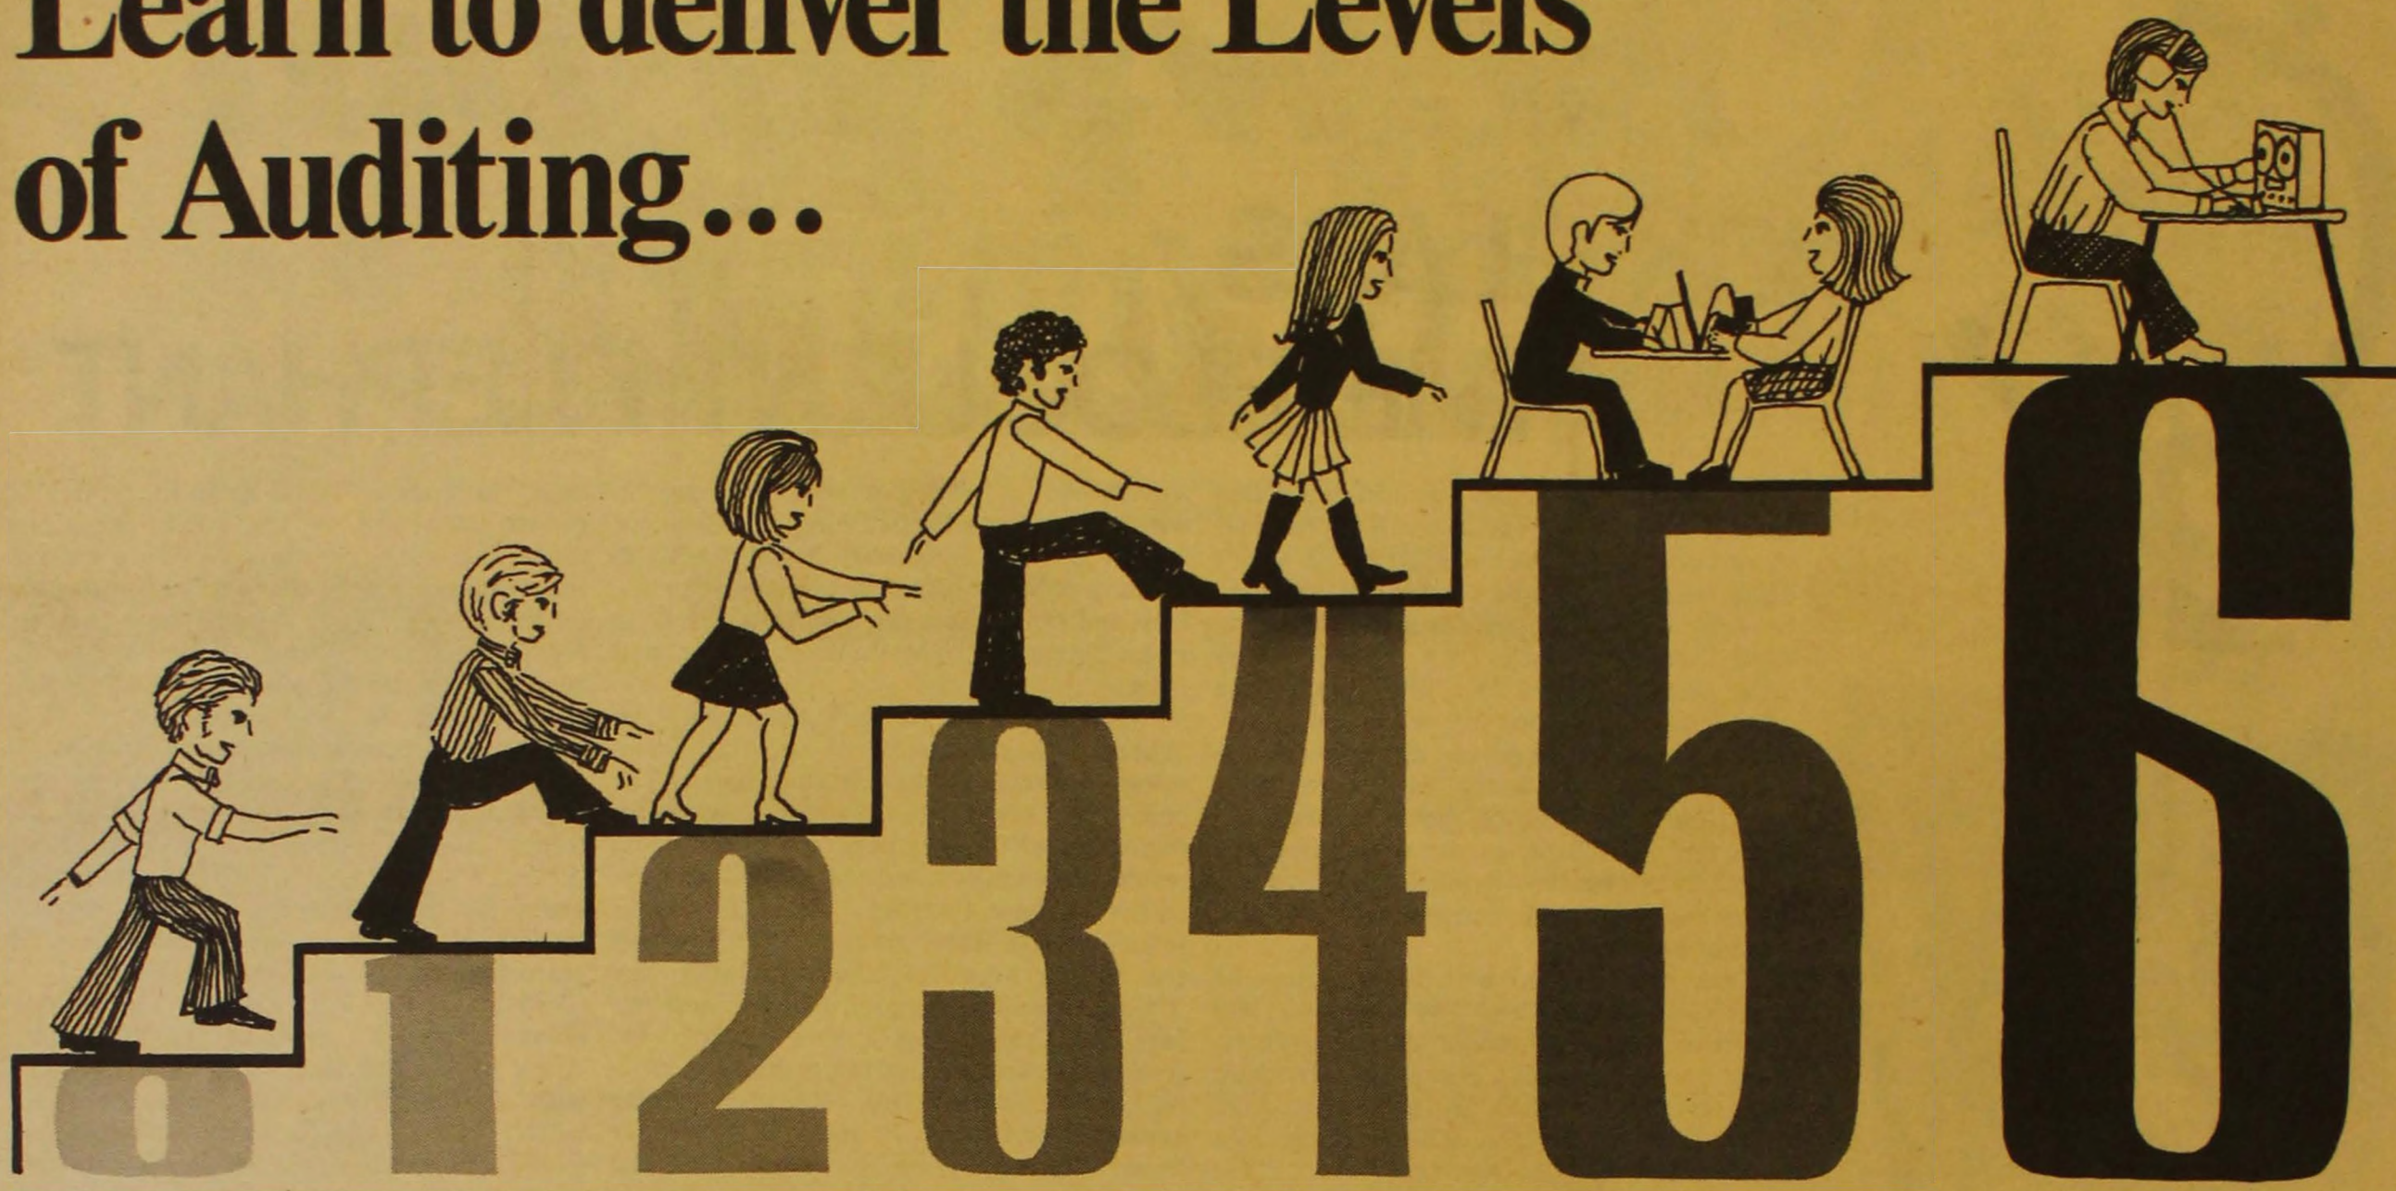

GRADE IV RELEASE: At this level the preclear gains the ability to do new things. He can face life without needing to justify his own actions, or defend himself. He can be right or wrong. He can tolerate the fixed ideas of others, but does not feel the need to respond in like manner. He is free of self-invalidation and attempts to make others feel guilty. He is an Ability Release.

GRADE V-VA RELEASE: This is POWER release. At this level, the preclear gains the ability to handle power. He is free from detested parts of the whole track.

In order to practice Scientology spiritual counseling (auditing) one must be a Minister of the Church of Scientology.

It's now required that you be a Grade VA and have finished the Class IV Internship before starting on Level V so that you'll be sure to get the most out of the course.

When you finish Level V, you'll go on to study the data you need to audit yourself to a Grade VI Release (achieving a return of power to act on your own determinism and freedom from dramatization). Then on to the Class VI Internship for perfection. At the end, you'll have a full philosophical and technical grasp of all the counseling materials up to Level VI. You'll know an awful lot about auditing and be ready for the level of Clear for yourself.

You'll be pleased to know that you can't beat the cost. The Saint Hill Special Briefing Course itself (Level V and Level VI) is $775, plus $1,000 to cover the regular cost of the basic Scientology Academy Levels 0 to IV if you haven't taken them already. (If you're a Class IV Minister already, you receive a special scholarship of $125, making the cost for you only $650). If you haven't done your Internships yet, the Dianetic to VI package price ($375) would be added to this. You can get a 5% discount by sending your payment well in advance.

Anyone can do the Saint Hill Special Briefing Course. All you need to do to prepare is (1) get your Method One Word Clearing (see article on page 10 for details), (2) do the Mini Word Clearing Course to learn to do Method Two Word Clearing (see page 10 for details), and (3) do the Student Hat Course, which costs $125 and takes about a week to do. You can take these services at your local Church of Scientology before you come, or all in one place when you arrive here at the New American Saint Hill Organization. You'll find that these will make a welcome change in your ability to study and you'll be very ready to study the data on the Saint Hill Special Briefing Course.

Fees promptly refunded to any dissatisfied student. No refund may be applied for successfully after three months from the end of the last service rendered.

The Saint Hill Special Briefing Course has long been Ron's course for real students of Scientology, and there is no professional auditor (Minister) or efficient being like a Saint Hiller below these levels.

WHAT YOU SHOULD DO TO START

Write to the Letter Registrar at the New American Saint Hill Organization today. She'll help you work out your plans, see that you have housing arranged (living quarters are inexpensive in Los Angeles), help you set up how to get here, and help with any other details you need to work out to obtain the full services of the New American Saint Hill Organization. By sending in your advance payments, you'll get here faster. It also reserves you a place and ensures that the Staff will be ready to serve you as soon as you arrive with no stops. Making steady payments is the easiest way to close the gap between you and the Saint Hill Special Briefing Course. (It's a fact that when you flow money out, you'll pull more money in—you'll be here sooner than you think!) So write the Letter Registrar for help on arriving and getting settled so you can start the course.

This course will really divert you from a humdrum routine and put you into a new realm of interesting experiences.

And, if you want to be truly free, you're going to need to understand the how and why of spiritual entrapment and how to get people out. Training will make life seem much simpler to you. It will raise your ability to confront things more than you thought possible, on an easy gradient.

A person trained on each level of auditing can audit other people to that level , and can handle the part of the mind he has studied when he sees it in life. **This trained person can be YOU.**

Write the Letter Registrar, Church of Scientology, New American Saint Hill Organization, 2723 West Temple Street, Los Angeles, California 90026, TODAY. Send in your advance payment and sign up for the Saint Hill Special Briefing Course.

News From A

DICK GLASS, "THE ELOQUENT ELEPHANT"

Dick Glass listening intently to a young admirer.

When Dick Glass first encountered Scientology, he was the executive vice-president of a graphic arts house but he knew he wasn't doing what he wanted to do. "Scientology brought me to the cognition that I was in need of changing," says Dick. "I had been an artist since the age of four, but I had left the arts for various reasons that weren't my own. Many of my friends in music were encouraging me to come back into it at that time too." Among those friends were Donovan, Eric Clapton, Jimi Hendrix, and especially Stevie Woodwind of *Traffic*. Dick did go back into music and is now on his way straight to the top.

Dick has recorded with RCA Victor and 20th Century Fox and has had radio and television shows throughout the country. Right now he has half a dozen or more major projects going which include cutting an album and touring the college circuit with Paul Shapiro and the Key-Out Players in the show *Beautiful Day, Beautiful People.* Dick originated the concept for this very successful package of all Scientologist entertainment.

The most important of Dick's current cycles is the projected television series. *The Adventures of the Eloquent Elephant* in which Dick as the lovable Eloquent Elephant travels around the country in his Fix-it Bus meeting children with real true-to-life problems and giving them the wisdom and tech to make things go right in the world around them.

As a performer Dick is thoroughly delighted with the results of applying Scientology technology to his stagecraft. "The end result," says Dick, "has been consistently increasing ARC to the point where audiences reach full cognition and total key-out at the end of my show. I've read some of the success stories people leave written after my shows and they're beautiful. They say things like 'I wasn't feeling too good when I came in here, but I sure feel great now!' This is the result of the communication technology from the H.A.S. course and the use of the expanded tone scale to move the audience from where they are to the top of the scale."

The other side of Dick Glass is that he wears the hat of a highly successful automobile salesman of Lotus automobiles in the state of California. "My success as a salesman," says Dick, "is due again to the H.A.S. Course data and to the Public Relations series and most generally to Mr. Hubbard for giving me some of the most beautiful tech to work with. I am conducting a seminar for Lotus salesmen from all over the continent this month in which I intend to give them reality on Scientology tech." Dick disseminates Scientology freely in his work both to customers and fellow workers and the automobile showroom displays Scientology oriented posters. "As a result of my success," says Dick, "we operate the entire dealership using Scientology ethics and it works. The result is an endless flow of customers, and the people trust us."

Dick intends to do his Scientology Academy training this spring and to be Clear by April. He has just signed a five year contract with Axioms Productions, Inc. where he will be working with other Scientologists to make Scientology known broadly through mass media. "I have a distinct and clear purpose that I will attain a position to clearly disseminate to millions of people at a time not by telling about the tech but by applying it and showing that it works–because IT DOES!"

MARTIAL ART EXPERT TRAINS ON SHSBC

Dan DiVito was born in Chicago, Illinois in 1942. He went to grammar and high school there, and at Main Township High was on the varsity gymnastics and baseball teams. Later going to college at Southern Illinois University he played varsity baseball and wrestled for 3 years on the varsity team. "I had an opportunity to make the 1964 Olympic wrestling team," says Dan, "but I sustained an injury and was unable to try out." Dan started studying Karate on November 9,1966. "It is called Tae Kwon Do–a Korean form of the art which means the way of the hand and foot," explains Dan. "I worked very hand, twice, sometimes three times, a day for over a year, my first year in Karate, and in one year from starting I had attained a First Degree Black Belt," says Dan. This unusual outstanding achievement put Dan into the high ranks of skill in the Martial Art. He is now a Second Degree Black Belt. His instructor, Mr. Change Hae Choi, a Korean, is a Sixth Degree Black Belt and is a master in Karate. "I am now teaching some Scientologists the Art," says Dan, "and they are all a pleasure to teach. They are learning and improving quite a lot. I enjoy teaching very much–I love to see my students win."

Dan came into Scientology in 1968, having heard about it from his sister Joanne, a dancer "I had an interest in what she had told me, says Dan, "enough to come to New York to the Church of Scientology there to find out what it was all about." Danny soon had some auditing by students who were on their training levels. One of these students, Roland Mochary, is now a Class VIII Auditor and has since given Dan his Power Processing up to Grade VA. Of the early days, Dan says "I had such wins from the little bit of auditing that I had back in 1968 that I came back to New York in October of that year and started my training." Dan has since done the Hubbard Dianetic Auditor Course and his Scientology Levels of Training up to Level II. He has also done the Hubbard Standard Dianetics Course and the Hubbard Dianetic Graduate Course, which qualified him to supervise the Dianetic Course at a mission in New York.

Dan has this to say about the Saint Hill Special Briefing Course: "It's a pleasure to be here. There are professional course supervisors that know what they're doing, fine student administrators, and a lot of ARC in the class room. My good friend Andre Clavel and I are working together on the course and having tremendous wins."

About the founder of Scientology, Dan says: "Much has been said about L. Ron Hubbard. I'll say that only when one has adventured the road to truth will he be able to realize the incredible thing that this man has done for Mankind, for Life."

Approaching Scientology training with the same determination which in one year won him a Black Belt in Karate, Danny says: "Scientology is not always an easy road because there is much to confront and much to align. But it's a straight and sure road, and it has infinite value and worth to any being who walks the road."

FULL TIME PROFESSIONAL FSM's WIN

Left to right: Leon Jones, Lupe Obiols, Burt Cooper, Dan Guetzkow, Murray Gould. Behind them: Directors of Clearing for AOLA ASHO and Los Angeles Org, working together with the FSMs.

A group of FSMs is working in the Los Angeles area with great success. It is a team effort to get Scientology known and in use in the society.

Here are the members of the group:

MURRAY GOULD, leader of the group, comes from Detroit, Michigan, where he was a baker and salesman. "I came into Scientology because of a drug condition. After 3 days on the Communications Course, knew I would never take drugs again, and after one week I knew I had found a new way of life and became a Scientologist.

"I win every day–selling Dianetics books to people, telling them about Scientology. It's a great win when people come in and sign up for a course."

LEON JONES, from Los Angeles, is a Hubbard Dianetic Counselor. "Since I started being a professional full-time FSM and joining this vital sales team, I have rekindled my purposes as a disseminator. I have blown a lot of former failed help in disseminating to my family and friends. I am finding out through daily experience, duplicating Ron's tech, that my family and friends can now be handled by me.

"Working with a team is a bomb, and we're creating a Dianetic explosion in the L.A. area, similar to the volcano on the cover of Dianetics the Modern Science of Mental Health."

DAN GUETZKOW, a Hubbard Dianetic Counselor from Evanston, Illinois, is another member of this successful team. "I decided at one time to be a 'professional preclear' and put getting my bank handled before anything else. Ultimately, I discarded the idea and decided to OPERATE as an OT–a professional FSM. It's a totally rewarding profession."

LUPE OBIOLS, a Power Release, is from San Antonio, Texas. "My main reason for coming into the professional FSM group was to help in an area which I felt was greatly neglected and needed, contacting the public individually.

H. BURTON COOPER and ALFRED SCHLAGEL have also joined the group.

David Howson in front of ASHO.

David Howson is a professional Field Staff Member, working with the American Saint Hill Organization.

Here is what he has to say about himself and his group:

"We are a group of three people, Lyla Howson, myself and Betty Lou Campbell.

"We have learned a method of dissemination which can be employed on any person and which is successful on all able people every time.

"You do not give out any data–only certainty gets disseminated.

"We have successfully trained staff and field Scientologists in Los Angeles and San Diego.

"Stats have boomed in every case.

"Certainty is regained, people are winning and excited. One Field Staff Member after only part of our training got six people into Scientology during the next week. A Dianetic Counseling Group had over 30 people at their introductory lecture one evening instead of a usual three.

"Get a group together and tell us where you are and we will come and train you.

"Write to Betty Lou in care of Wayne Hawkins at the New American Saint Hill Organization to arrange it!"

BUY THE FUNDAMENTALS OF THOUGHT

by L. Ron Hubbard

"Equipped with this book alone the student of the mind could begin a practice and perform seeming miracles in changing the ability and intelligence of people.

"No such knowledge has ever before existed and no such results have ever before been attainable by Man as those which can be reached by a study of this brief volume.

"Give this book to a man or a woman in trouble, a man or woman with an inquiring nature, a man or woman with associates who need a better life, and let that man or woman study this volume carefully and apply it. Change and a better life will result.

"This book is a summation, if brief, of the results of 50,000 years of thinking men. Their materials, researched and capped by a quarter of a century of original research by L. Ron Hubbard, has brought the humanities, so long outdistanced by the 'exact sciences,' into a state of equality, if not superiority, to physics, chemistry and mathematics.

"What has been attempted by a thousand universities and foundations at a cost of billions has been completed quietly here.

"This is how life works. This is how you change men and women and children for the better.

"The use or neglect of this material may well determine the use or neglect of the atomic bomb by Man. Scientology is already winning in this field. In the same period of history, two of the most sweeping forces Man has known have come to fruition: a knowledge of himself and others with Scientology, a means of destroying himself and all others by atomic fission. Which force wins depends in a large measure on your use of Scientology."

1. The new Delta Mark V has built in on every meter as a standard action the clear plastic needle shield, making your meter more stylish looking than ever.

2. Every Delta meter is encased in a beautiful 3/8 inch stained and oiled walnut case. Just as an extra, anyone may have his name wood-burned into his own meter in quarter inch high capital lettering at 10¢ per letter, or he may have a gold engraved plate on his meter at an additional $2.50. This is done only on special request of ASHO Publications.

3. As a feature on every Delta meter ordered from ASHO Publications, the cover shield comes in a striking "sky" blue or a richer, deeper "Spanish" blue. (Please specify on order form.)

4. Preclear "leads" are supplied with every meter. Made of durable "Zip-cord" white material, with rubber insulation and rubber lead tips which protect the copper lead clips. "Zip-cord" is a no-crack and long lasting material, kept clean with just water and a cloth.

5. The Delta Tone Arm is specially made for easy, smooth movement without any jerks or sticking.

6. Easy-to-turn sensitivity knob, trim knob and set-transit knob are built into every meter. No longer will you struggle with hard and noisy adjustment knobs!

7. The new Delta meter needle is made of a thin aluminum shaft with an exposed-film tip rather than the old fashioned aluminum tip. This means more accurate reads, freer swing and it lessens breakage possibilities of the needle "tray."

8. The newest and most convenient feature for all auditors is the innovation of an "Internal T.A. Counter." This comes as standard on all Hubbard Mark V E-Meters purchased from ASHO Publications. (See details below.)

For ministerial students and professional auditors, the E-Meter is a must.

The E-Meter (Hubbard Electrometer) is used in all Dianetic and Scientology counseling at all levels. It is the auditor's responsibility to have one for each auditing session. On the levels above Power, one "solo audits," which means he is trained to be his own auditor. So even a person going the non-professional route who only audits himself needs an E-Meter!

And of course, any student of auditing must have one to train with, even before he needs it for actual auditing.

The Hubbard Electrometer is a religious artifact, used as a spiritual guide in the Church Confessional procedures and is not intended, effective, or ever to be used for attempted diagnosis, treatment or prevention of disease.

It has long been Church policy that only ordained ministers or theological students preparing for ordination (including those seeking the highest levels of spiritual awareness above the Scientology Grade VA) may use or have possession of the confessional aid.

At last, a built-in Tone Arm Counter. It counts the number of divisions the Tone Arm moves down in a counseling session, like other Tone Arm Counters, but this one is built right into the E-Meter—no parts exposed to be damaged or get in your way.

It counts to the tenth of a division as you move the Tone Arm down, with each number in plain sight down to the tenth, much like a digital clock.

It re-sets instantly with just the pressure of a finger.

No more fiddling before session to get your Counter set up—no more squinting to see tenths. It's all right there, streamlined and easier to use than ever before. The new price, $200, includes both the meter and the Tone Arm Counter (not included in the former price) with a 20% HASI discount on this price, or $160 for the E-Meter and Tone Arm Counter together.

(E-Meters without Tone Arm Counters, at the former price of $170, or $136 for HASI members, will still be available for a limited time only.)

Internationally known Artist does Briefing Course

Helen J. Wilbur, professional artist, attributes many of her successes to the results of her experiences with Scientology.

Starting as a book auditor with Dianetics, the Modern Science of Mental Health in 1950, she and her husband Donald were trained to the level of H.C.A. in Chicago, Illinois in 1954. They were both ordained as ministers in Ron's original Church of American Science in Phoenix, Arizona, in 1954, and later in the Church of Scientology of California in 1957. As Scientologists during the last 20 years, they have formed active groups for dissemination training, and co-auditing in the Chicago area and later in Anaheim, California.

Helen was co-founder of the Anaheim Art Association, now grown to over 400 members. She has had many exhibits in Southern California, won many important first awards for her paintings, poetry and essays, and judged art exhibits and art festivals.

"One of my most cherished invitations,"

One of Helen Wilbur's paintings.

Helen Wilbur working on Level IV.

recalls Helen, "was the showing of my work at the Celebrity Center in Los Angeles, the Scientology Creative Mission. The warm and genuine enthusiasm expressed by those at the reception was worth all the other things I've experienced. Although I've been involved in my career, Scientology has always been a part of my life and I have managed to come through many crises with an understanding I could not otherwise have achieved."

Helen is listed in Who's Who in California for 1971-72, the National Register of Prominent Americans and International Notables for 1971-73, and among the 2,000 Women of Distinction, London, England, for 1971-1973.

In recent years, she has founded and become the first President of the Orange County Branch of the National League of American Pen Women, a member of the American Institute of Fine Arts in Beverly Hills, California, and a member of the International Platform Assn.

Currently on Level IV of the Saint Hill Special Briefing Course at the New ASHO, Don and Helen plan to open a Scientology Mission in Southern California.

Biochemist Understands the Physical Universe at last

Seymour Thomas, Product Manager for the largest branch of the largest U.S. Chemical Distributor (McKesson Chemical), is now on the Briefing Course at ASHO.

Seymour holds a B.S. degree from UCLA and an M.S. in Biochemistry. He started in Scientology in 1958 and is now an OT VII, Hubbard Dianetic Counselor, working on Level IV of the Briefing Course.

Seymour also loves to body surf and sail, as well as gardening in his spare time.

"I have gained an understanding of the physical universe through a study of Scientology Axioms, Logics, Pre-Logics and the Factors, which is senior to any I ever gained from a MEST (Matter, Energy, Space and Time) viewpoint. I am able to view any MEST problem from a causative view of true authority," says Seymour.

As a result of his processing and training, Seymour's IQ and ability have risen (in college his IQ was 135—after OT VI it had climbed to 185) so that his earning capacity on his job has greatly increased.

"Daily, I exercise abilities which are extraordinary, without a doubt, but seem unremarkable to me. For instance, I have but to put my attention on a product line, and things begin to happen. Customers call up,

Seymour Thomas hard at work on the Briefing Course.

the salesman's awareness increases, and our New York office comes up with just the needed arrangement to implement my marketing plan," he mentions.

"My greatest personal subjective gain was an enormous increase in the ARC I have for others, and an easy ability to distinguish them from their bank, which makes for easy, effective granting of beingness."

And, he goes on, "After reaching OT VI, I realized I needed to help others, so I started on training. Training leads directly to the highest survival activity possible and hence to the greatest pleasure reward. My next step is to go to Flag for case completion auditing, and continue my training. I plan to join the Sea Org as soon as I am fully qualified."

The Man from Delta

Ben Gibson, on the left, with the Delta truck, lunchtime at ASHO.

If you've been in the L.A. area, you've probably seen the Delta Meter Service truck around the Churches of Scientology here. Ever wonder about the driver? He's Ben Gibson, Consumption Officer for Delta, in charge of seeing that the products of Delta (E-Meters and other Scientology religious supplies and accessories) get used as they're needed. Ben started the truck tours to see that busy Scientology students and staff members could get what they needed even if they didn't have time to go to Delta's offices to get it.

Ben Gibson, electronic technician, painter, sculptor, left a teaching career in Cleveland to go to New York to find out about Scientology. "I had this inner quest to know who I was," Ben explains. "What I was teaching wasn't answering that question." So he left for New York with no job ahead, and started the Hubbard Apprentice Scientologist Course at the New York Church of Scientology. Later, although he'd had no experience in advertising (only in the fine arts), he went into an agency and, using his new knowledge of communication, landed a job in advertising within a day. He was soon made assistant art director in the company, the Ted Bates Advertising Agency (the fourth largest ad agency in the world). He applied the Scientology technology of recognizing and handling conditions—he found out what was needed and wanted and then presented it. No one there had ever done that before! He was soon promoted to head the research department, and became the president's most trusted employee. He found himself at elaborate lunches and dinners with clients. "I got sick of it," he confesses. "I realized I wasn't helping the 3rd Dynamic. So I joined the staff at the New York Church of Scientology." He was at that time a Class III Auditor (he had been training in his spare time). He worked there for some time, as an auditor and then as a lecturer. "I learned how to make Scientology very real to others. It was a great win to be able to communicate to others and bring them out of their downward spirals," Ben says. He started teaching the H.A.S. (communication) Course himself, and became one of the best instructors there by reading everything he could find that L. Ron Hubbard had written on the subject of communication. Right before he left to come to Los Angeles there were 51 people on the course!

In 1971 he came to Los Angeles to do a Scientology course on public relations, and he decided to stay here to be near the upper levels of training and processing.

Ben is currently a Grade IV Release. He plans to get Power Processing, do Solo (Grade VI) and then Clear and OT Levels. He will also be doing the Briefing Course.

"One of my new abilities since Scientology is handling math," Ben says. "I had many misunderstoods and non-confronts in math—now I can handle all the formulas I need easily as a result of Scientology study technology. My attention is far stronger now. I can just look at something and win. And every time I study I get tremendous cognitions.

"I thought by the time I was 28 I wouldn't be as strong as I used to be," Ben goes on. "But I play football on the weekend and I'm faster and stronger than when I was a teenager!"

Ben is happily married and about to become a father. "I would never have married before Scientology. I would never have thought I would be able to make it go right. Now we're going to have a baby, and I'm exhilarated about it. I'm really looking forward to guiding a new being into the handling of universes—that's really what you do you know."

"My ability to understand the 3rd Dynamic is vastly increased. I can handle thousands of people, which I could never have done before my Scientology training," Ben says enthusiastically. "All in all, I think I can handle anything now!"

Actor Gains Confidence

One of the many faces of Joe Crane.

Joe Crane entered show business at the age of seven, making his first appearance in a film called *My Forbidden Past* along with Ava Gardner, Robert Mitchum and Melvin Douglas.

Joe loved performing and creating effects for people, so after trying several other kinds of work, he began to get small parts in films and then went into plays and was successful both as an actor and director. But he left the theatre many times and felt uncertain about the validity of what he was doing. "I'd get the feeling it was some kind of dream world I was living in." During that period of uncertainty Joe appeared in more than 20 plays and directed three plays. He built the children's theatre at Valley Music Theatre and brought it from nonexistence to an active, thriving, theatre accomodating an audience of 1300.

A year and a half ago Joe came to the Church of Scientology Celebrity Centre to see about a part in a play being produced there. He took the Communications Course and has been there ever since, joining the staff of Axioms Productions. "With the training I've had and the books I've read and just from working with people at Celebrity Centre, I've come a long way," says Joe.

"I never had confidence before," Joe explains. "In spite of all the things I did successfully, I never felt confident about them. Now I know what I can do. I'm not pushing to do anything in theater now because I want to get all the Scientology training I can right now."

Joe plans to continue both acting and directing plays because he finds they balance one another well. "In directing, you're communicating from all these different viewpoints," says Joe. "You're creating a whole universe. In acting you're part of the universe. I love acting and I love being on stage, but I also love being outside of it and controlling it too. Most important, I've learned that you can use Scientology tech in any field of life, no matter what you do. Whether it's singing, or painting, or whatever, there's tech for you to use. Just use it and your ability will increase."

TAKE CLASS VII

The Class VII Course is an internship that sharpens an auditor's counseling skills until he is ready to run the Power Processing materials and then shows him how. This is the level where an auditor REALLY becomes an AUDITOR. On this Course, your certainty as an auditor on the results of Standard Technology and your precision in auditing will move to an entirely new level. This takes many hours of auditing done under the careful supervision on the course.

The VII Course takes about 6 weeks to do. On completion, you will be a Hubbard Graduate Auditor, a Class VII Minister.

The prerequisites for the Class VII Course are Class VI, Hubbard Dianetic Counselor, completion of the Student Hat and also Method One Word Clearing (see page 10 for details). Although only Scientology contracted staff ministers are allowed to deliver Power Processing, the Class VII Course is required before taking the Class VIII Course as this level of competence is vitally necessary.

If you are a Class VI Auditor, or if you have done the Class VIII Course but not the Class VII Course, you should find out more about this course *immediately*. If you are not yet Class VI, *get trained up.*

What's it like to be able to deliver the results of Power Processing to another? It's probably beyond anything you can now imagine. And it takes the level of ability and precision of a Class VII Auditor. *You can gain this level of ability on the Class VII Course.*

Price: $775, less 5% for sending your payment in advance. The price for a Class VIII graduate or Class VIII enrollee is only $385.

Fees promptly refunded to any dissatisfied student. No refund may be applied for successfully after three months from the end of the last service rendered.

Levels of Auditing

THE STATE OF CLEAR

A Clear is a being who can be at cause knowingly and at will over mental matter, energy, space and time, as regards the First Dynamic (survival for self).

For more than 2,500 years, Man has dreamed of this goal.

Being Clear gives one the freedom and *potential* of *being*. Further, it makes it possible to continue being something. It is a stable state. Also, a Scientology Clear has experience.

The source of aberration is the Reactive Mind, and the source of the Reactive Mind is the Being himself. An uncleared person is making himself unknowing and unwilling effect of his own Reactive Mind.

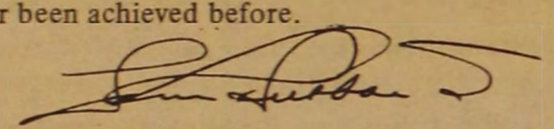

A Reactive Mind is an unknowing, unwanted series of aberrated computations which bring about an effect on the individual and those around him. It is also an obsessive strata of unknown, unseen, uninspected data, which is forcing solutions, unknown and unsuspected, on the individual. It is a sub-awareness acitivity. That is, below the knowing awareness of an individual.

There is no such thing as a crazy Thetan. There is a Thetan who is mocking up craziness that he is the effect of. He does this automatically, and does not know he is doing it. He does not see the things which are affecting him.

A Clear, then, is no longer the effect of the automaticities of the Reactive Mind on the First Dynamic.

Because of pleasurable experience in the past and inherent sensitivity, there will be differences amongst Clears, and Clears should not be assumed automatically to be a standardized middleground, that pale goal of past doctrines.

Life is quite an adversary and the Reactive Mind is quite an adversary. You shouldn't ever undervaluate these things, and therefore, you can't really overvalue the state of Clear. It has never been achieved before.

O.T. COURSE–SECTION I

A Clear is clear on the First Dynamic. Now the being can expand toward Clear on all Dynamics–O.T. (O.T.: An Operating Thetan, a Thetan–the person himself–who can be at cause knowingly and at will over thought, life, matter, energy, space and time.)

Section I of the O.T. Course is the first step.

A Clear moves forward, regaining more awareness–more ability–more certainty. New horizons are opened and clear that before were shrouded in mist.

O.T. COURSE–SECTION II

Here the true abilities of a thetan start to emerge. His full potential become apparent.

O.T. COURSE–SECTION III

The material of O.T. III is of immense magnitude and power. It is so vicious that no one before Ron has come close to discovering anything at all of its nature.

The great break-through has been made. This research is now totally complete. The road is open.

At the Level of O.T. III the barriers that obscure the *ultimate truth* of this universe are blown.

O.T. COURSE–SECTION IV

The simplicity of truth is revealed through the greater affinity, reality and communication which ani individual achieves on Section IV. Fellow beings become more beautiful. The physical universe becomes sharper, clearer and more magnificent. An individual experiences a height tened awareness of his own power. A new world opens up.

O.T. COURSE–SECTION V

On Section V the relationship of a being with the universe in which we live is further explored and a great feeling of joy and a new kind of freedom is unleashed.

O.T. COURSE–SECTION VI

A huge and major step toward the state of Operating Thetan is Section VI. A being learns how to operate as himself and grows into a golden, glowing Being with fantastic new abilities and perception.

O.T. COURSE–SECTION VII

Section VII takes an individual fully into the realm of Operating Thetan. The totality of Life and Beings in this Universe becomes fully known.

O.T. COURSE–SECTION VIII

The ultimate and final step toward Operating Thetan is taken and achieved. The Total Power and all the native abilities of a Being are fully restored. A Being has regained, again, the ability to be at cause knowingly and at will, over subjective or objective matter, energy, space and time, thought and life. The ultimate personal goal is achieved. (To be released.)

TRAINING *continued from page 3*

Level V

NEW LEVEL V CHECKSHEET! The Level V Course now covers all materials in *chronological order* from 1950 forward. You will travel down the time track of Dianetics and Scientology and experience all the exciting developments year by year as LRH discovered them.

Level VI

At Level VI, you study the confidential materials on the R6 bank, that part of basic bank dealt with on Grade VI. You will audit yourself ("solo audit") to Grade VI Release.

Level VI Internship

At this point you again audit in great volume as an intern until you have total certainty on all the materials so far studied.

Class VII

On Class VII, you learn to administer Power Processing and audit with utmost precision.

Class VIII

A Class VIII has a very high mastery of all Standard Technology, including how to repair O.T. Levels if necessary.

Class IX, X, XI, XII

These levels increase your ability as an auditor even further. You, as a student at this high level, will learn to do special auditing rundowns designed to crack the toughest of aberrations. You study upper level materials recently released. You will be among the most competent beings in all of Scientology.

New Requirement

WORD CLEARING (clearing the meanings of words) IS NOW REQUIRED FOR ALL MAJOR COURSES.

Method One Word Clearing is an auditing action which cleans up all earlier difficulties with words. This must be done before the student uses Method Two Word Clearing (finding mis-understood words by meter on specific materials being studied). Otherwise earlier difficulties may get restimulated and cause trouble. This second method of word clearing is required to be done on materials of all courses given at ASHO and AOLA, to make sure students have NO misunderstood words on the materials. When a student has misunderstood words, he will be confused about the data and alter it–word clearing ensures that each student will be able to duplicate the course materials and apply them exactly.

New Academy (Level 0-IV) checksheets will carry the same requirements. They will also be somewhat shorter and contain more drills.

The Student Hat Course is also required as before so that the student knows what he is to do and knows the valuable data on how to study discovered in Scientology. The Mini Word Clearing Course, on which the student learns to do Method Two Word Clearing on his twin, is added to this study pre-requisite so that all students will be able to Method Two Word Clear the course materials on each other.

(Student Hat Course is $125, the Mini Word Clearing Course is $50. Method One Word Clearing is by auditing intensive rates, $50 per hour. It is delivered by a qualified Class III Auditor.)

Also, when coming to ASHO for courses, be sure to bring or send your own pc folders (records of auditing you have had).

This prerequisite of Method One Word Clearing combined with Student Hat and Method Two Word Clearing on course materials will make training much simpler for you, as you will be very well prepared. You'll really fly through courses!

This program should handle any stop you have on studying. It can be done at the New ASHO and it should be available at your local Church of Scientology.

So get it done as soon as possible, and move up the levels of training.

Write the Letter Registrar at New ASHO if you have any questions as to how this may affect your current plans.

THE SCIENTOLOGY LEVELS

Buy the Study Tapes

Observing students of Scientology at all levels, Ron discovered that the field of study had never before been solved. Some students had difficulty going from one level up to the next, some had trouble using what they had learned, some experienced strange sensations while studying, got confused, or even wandered off from studying the subject. In 1965, L. Ron Hubbard researched the area and made *REMARKABLE* discoveries.

Today, these study difficulties are easily handled on Scientology courses. The study material Ron discovered would totally simplify the learning of any subject to which it was applied.

This material is recorded in these eight interesting lectures:

Study–Introduction
Studying–Data Assimilation
A Summary of Study
Study–Gradients and Nomenclature
Evaluation of Information
A Review of Study
Study and Intention

Get these tapes and discover how different the study of the levels of Scientology is from any other subject you have ever studied. Put them on a tape player, look up any words you do not fully understand, and listen to the data. You will easily see exactly why you ever had difficulty studying a subject before, and how it could be remedied.

PRICE: $120 for the complete series of eight lectures. $96 with 20% HASI membership discount.

Success

Understandingness is the Briefing Course. Never in all my lives has so much understanding been available or mine to use.

Simple things, like getting my questions answered, not cutting others' communication, completing cycles of action have become a part of my life.

Recognizing a critical person, I no longer go the effect of it on any flow.

My confront on Solo Auditing is up 1,000%!

The training route is the comfortable road to freedom.

Judy D'Amico

Judy D'Amico looking up from her studies on the Saint Hill Special Briefing Course.

The Class VII Internship is undoubtably the BEST course that I have ever taken. The data very perfectly aligns the purposes and levels contained on the SHSBC. A real auditor cannot afford NOT to do the Class VII Course.

A. Edward Farr

On Life Repair Completion
This is my first completed and attested auditing action. I really know I've attained the awareness of truth and the way to personal freedom. I look forward to even greater gains as I go up through ARC Straightwire and the expanded grades.

Dean Deonier

On ARC Straightwire Completion
My greatest realization was that I could effortlessly recall anything I wanted to or was asked of me—in fact, I feel as though I could recall anything at all.

Hilarie Rockl

The first thing I noticed was clear, sharp perception, particularly in vision. The second was a feeling of relaxed confidence. The other night I went to the music center and just had a ball looking at things and people. It's really a bright new world for me.

Larry Dahlkwist

On Power Release

I just completed Level II of the Briefing Course—as I go up these levels and audit, I gain more certainty on what auditing is and how it really helps. And I thought I knew why already! That just goes to show that training never stops and more and more certainty can always be obtained.

Mary C. Free

Being on the SHSBC is my enjoyment.

When I think of the enormous amount of material I have yet to see it's like being a little kid and seeing a banana split the size of a building and me with an empty stomach, and to then think of giving others some of it. WOW! The more I give the more I get and it just doesn't ever run out or get tiring. Fantastic!

Dick Weigand

The technical material of Scientology are the blueprints of existence itself. Even more than training an auditor to audit, these materials say "here—this is how to change and make universes." The SHSBC is that long awaited first edition of the operating manual for this toy, the universe, "Rules—How to Play Universes'."

If you want to operate as a Thetan, learn the ropes: DO THE BRIEFING COURSE!

READ SCIENCE OF SURVIVAL

This book with its Chart of Human Evaluation is THE major work and religious reference text for the subject of Human Action and Behavior. The data in this book is used to supervise a preclear's progress up the tone scale (a scale which shows the person's emotional or spiritual "tone") as he goes through the levels of auditing.

The book explains much about the transition of the Dianetic counseling level up to Scientology counseling as well as giving you the data you need to fully understand and use the tone scale itself in handling your own environment.

Your own survival, that of your friends, family, your nation, and the survival of the human race depends on your use of the data in this book. It's easy to apply.

THE BRIDGE

THE BRIDGE is a term originating in Dianetic days to symbolize travel from unknowingness to revelation. It itself is based on the mystic's Abyss allegory wherein a wide, deep chasm is seen to separate a lower state of existence and a higher plateau of perfection; many attempting to attain the higher plateau do not, but fall instead into the abyss. We conceive Scientology as a bridge between the lower and higher state, a thing hitherto lacking. The bridge could be seen to exist as several linked spans, each one of which could be called a level. The lowest level is the approach to the bridge from the lower state of existence, and higher levels one by one lead on to the higher plateau. This allegoryi is easily communicated and is quite true. Man has lacked, then, a bridge that any could travel. Scientology is the first bridge. It is complete, detailed and safe.

There still exists the danger of attempting. say, to start travelling the bridge from Level IV. In trying to start from Level IV, one omits recognition of being at Level 0 and travelling Levels I, II and III. This drops the person into the abyss. Therefore the Gradation Programme is the road map over the bridge and reduces the danger of crossing the abyss and makes a successful negotiation of the bridge a comparatively easy thing. By not providing explicit and detailed directions for its travel, the bridge would soon be lost and later efforts to negotiate it after we have succeeded would fail utterly. The targets of all religions, mysticism, spiritualism, metaphysics, and all other studies, hopes and ambitions that Man has had are summarized and obtainable to their full feasibility in crossing this bridge. We find ourselves the sole guardians of the only bridge between the lower and the highest states of existence—an ambitious statement, but one which becomes real to the student of such efforts as he effects his own crossing of the bridge. The Gradation Programme therefore could be called the "Road Map Across the Bridge" and if we would preserve the bridge we must then preserve the Gradation Programme and frown on violations of it in the knowledge that such violations will drop many more into the Abyss than would isolatedly be speeded across. Let us not apathetically shrug away the responsibility for accomplishing the hopes of Man, but keep for him a bridge which he can travel to reach a higher and far happier state of existence, with similar resultant improvements in his societies, thus carrying him away from the inhumanity and barbarity with which he has been forced, through lack of enlightenment, to handle his affairs. Man's complete destruction would surely follow our forgetfulness.. Therefore the Gradation Programme.
