THE AUDITOR

WORLD 76 WIDE

THE MONTHLY JOURNAL OF SCIENTOLOGY

The Saint Hill Special Briefing Course

by L. Ron Hubbard

I started the Saint Hill Special Briefing Course to make good auditors into better auditors, who could go out and make good auditors. It's been successful in the extreme here at Saint Hill. Saint Hill Graduates go out and take over Academies in their organizations and the Academies have improved. Then the people who started coming to Saint Hill could audit better.

A good auditor is one who knows Scientology and its techniques and who audits with all basics in. That's the primary thing we stress here at Saint Hill.

I have only a very few training targets for the Saint Hill student. These are:

(1) How to perform flawlessly as an auditor;

(2) How to run certain exact processes; and

(3) Obtaining results with those processes by auditing well and exactly.

The Saint Hill Course is not designed to be a starting auditor course but to fill in gaps and polish up to Class VI.

YOUR MISSION AS AN AUDITOR

We have learned a tremendous amount about auditing. Today, we *have* the technical materials. We *are* making our way, *all* the way. Now we must not stop. It is time Man grew up. That is what we have in mind. You know we are a potent force on Earth; indeed, the only force that is doing something about it. We weren't effectively prevented from attaining our knowledge—the hard part of the journey. Now we cannot be prevented from applying it. We can take the individual and raise him. Thus we can raise the whole. So there is a mission for you as an auditor.

CONCENTRATION

Scientologists studying here are supposed to concentrate on only three things:

(1) The acquisition of the ability to achieve a rapid and accurate understanding of data given to them for study and to put that material into effect.

(2) To achieve auditing results.

(3) To get a reality on the achieving of auditing results by exact duplication of current methodology and not by additives or extraordinary solutions.

If a course attendee can achieve these things, Classification is inevitable. If all three things are not achieved, I refuse Classification on these grounds alone.

THE STUDENT HAS NO CASE

The student should realize there is no "getting by" and no "fair" grade on this course. The Instructor who accepts less than perfect in all theory and drills and auditing is setting up personal problems and blows. And the student who protests against perfect performance required is committing his own subtle suicide.

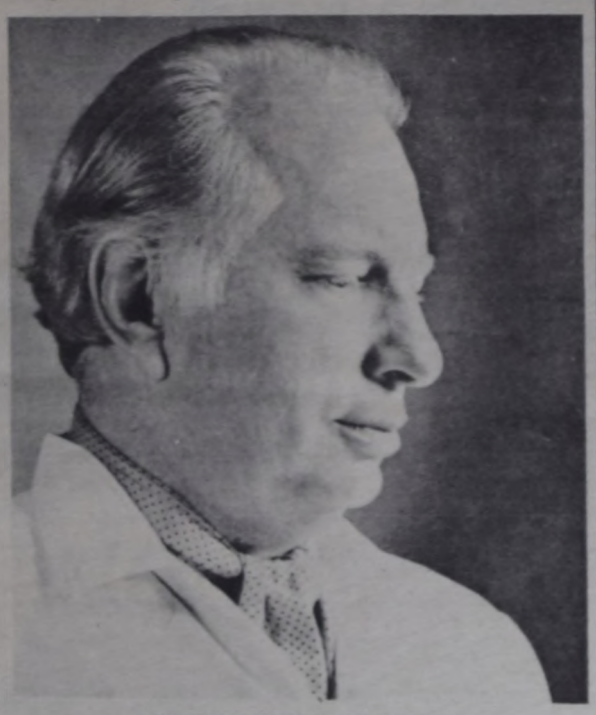

We consider a student always as an auditor, never as a preclear. We are not at all interested in the student as a case. We are interested in the student only as a Scientologist. The moment he joins a course of training, he is considered from that moment on an auditor. That he does experience case gains is entirely incidental to training. It is a maxim of Scientology Supervisors that if a mirror held to a student's lips shows the mists of breath, the student is in shape to audit a preclear. There is no compromise with this state of mind. Only a Supervisor who intended actual harm to students would use sympathy for a student concerning his case.

THE COURSE PACE

Therefore the course cannot help but be a flat out high pressure course.

You *can* remain in any course at Saint Hill as long as you like. We haven't booted anybody out for ages who didn't want to go. It is not the Saint Hill staff who hold people on and on except in a few cases where it would have been an overt not to persuade continuance.

But the pressure is there to get you through—for the benefit of those waiting for you, for your own economics and for all our sakes. We need able people. We can make the able so far more able that all our concentration is upon getting you moving along and doing well.

THE FUTURE AND YOU

This is a tough course. Only become upset if it is anything less than tough. A lot of future depends on it.

We are on the verge of great social progress for this planet. Nothing we have done before—and it is greater than others have done—compares with what we are doing now.

By being here, you become part of a great team.

We need you.

So do well.

SHSBC Simplified New Level VI for Greater Auditing Ability

The Saint Hill Special Briefing Course was taught by Ron at Saint Hill in England between the years of 1961 and 1966.

HOW THE ACADEMY LEVELS RELATE TO THE SHSBC

Academy Levels are Class 0 to IV. The Saint Hill Special Briefing Course is Class V and VI. The Academy Levels are not taught as part of the SHSBC.

The 0 to IV checksheets cover the most elementary materials, enabling the graduate to run Grade Processes. Class V and VI covers all the materials of the original SHSBC and all the more recent materials required to competently handle all cases on all actions preceding Power Processing. There is a world of difference between a Class IV auditor and an SHSBC graduate.

CLASS V

Class V is the first level of the SHSBC. It includes all the basic books, early PABs and HCOBs, and all the tapes and bulletins of the 1961 to 1966 period excluding only goals and R6 materials. (There are over 360 tapes by Ron on the course).

This level gives all the vital data and theory essential for a full understanding of the mind, auditing, and how they work. It is the most comprehensive data on the mind, man and life in the world.

The Class V Course is approximately 4 months in length.

CLASS VI

Class VI will now be a primarily practical level. It gives the key techniques of running each rundown or process followed by practical drills on each in turn and includes all current rundowns expected of a Class VI Auditor. It is so thorough that any student can easily achieve the auditing presence Saint Hill graduates are famous for.

Class VI will also feature electronic training aids including TV demonstrations and tape recorded actions compared against LRH model auditing tapes. This is thorough, thorough, thorough training to produce real competence and confidence as an auditor.

CLASS VI INTERNSHIP

On completion of Level VI the graduate is awarded a Provisional Class VI Certificate. The auditor then interns at ASHO to achieve his full classification.

SOLO COURSE

The Solo Course is not part of the SHSBC. All solo training and auditing is done at the Advanced Organization. Special arrangements are made for SHSBC graduates.

SUMMARY

The SHSBC is the largest and most comprehensive of all Scientology technical courses. It does not duplicate any other course and is very different from the Academy 0 to IV courses. A Saint Hill Special Briefing Course graduate is a true professional.

The Saint Hill Special Briefing Course— THIS IS THE WAY

The Saint Hill Special Briefing Course is the surest way to freedom and OT in the long, long history of this universe.

Rapid and continuous expansion is now the order of the day. If you have been putting off your enrollment on the Special Briefing Course for a time "when it's a bit quieter" or "when things are a little slack," you are in for a disappointment.

This is it. This is the way. There is standard technology, there are the Grades of Release and the Levels of training and each step is vital if you are to make it. Your Level 0 training and processing is as important as your Level VI training and processing. It is not a long road by any means. Less than a year's work from the very beginning of the ladder can see you on the way out at the top.

It is truly incredible that for all the millenia it took to bring free beings down to their present state of entrapment, it only takes so short a time to become totally free again.

All the words in the world could only sketch a mere shadow of the fantastic accomplishment of L. Ron Hubbard as expressed in the technology of Scientology and the road to Total Freedom.

It is no coincidence that every one of the early Clears was a Saint Hill Special Briefing Course graduate, for it is on the Briefing Course that the auditor truly learns the data of Scientology, and, more important, how to apply that knowledge, how to audit.

The Special Briefing Course is a review course at a high professional level—it is a streamlined course, combining both speed and thoroughness. When you graduate you know the data and can apply it confidently, expertly, and you know

CONTINUED FROM PAGE 1

you can make it all the way. But it is also a Scientologist's responsibility to help others to Clear and if there is going to be an auditor there for others, then each Scientologist needs to be trained so he can help someone else to make it. Training gives the tools for handling life and although its application to processing is stressed, its scope is all life, and knowledge of these levels is not replaced by processing, or even Clearing.

There is a special Advance Registration Packet available from the Advance Scheduling Registrar at the New American Saint Hill that will answer all your queries. State your approximate date of arrival at the New American Saint Hill and you will be sent the Advance Registration Packet. Reserve your place on the Saint Hill Special Briefing Course now. We look forward to seeing you soon. This is it. And this is the place.

SHSBC PREREQUISITES

PRIMARY RUNDOWN

Definition

Primary: First in order of time, preparatory to something higher.

Rundown: A summary of actions.

The Primary Rundown is the first pre-requisite to all major Scientology and Dianetic courses. It consists of the actions necessary to produce a student who knows how to study and will be able to use what he studies. As students working on the Student Hat Course in the past were studying it before they knew how to study, the study materials were not completely duplicated. This resulted in later difficulty in studying course materials. Further, some students experienced study difficulty due to unpleasant experiences or confusions prior to Scientology.

Step One: Case Repair

The student is given any needed auditing to handle life upsets, problems, drug effects or other troubles which prevent the person from making stable progress in life.

Step Two: Method One Word Clearing

Here the student receives special auditing to clear up confusions on words in past subjects. This leaves him free to study in the present without the weight of past failures to grasp material.

Step Three: Student Hat Course

The student now begins the Student Hat, once through looking up all the words, then once through for the meaning of the materials and demonstration of them. The student may do either the section of written materials or the study tape section first, at the direction of his course supervisor. The student can read faster with much more comprehension after all confusions on the little words as well as more complex ones in the language are totally cleaned up. (Students are usually surprised to find they didn't know exactly what a common word really meant!)

In the Student Hat materials themselves, which include all eight of Ron's famous study tapes, every aspect of study is covered. When supervised by a Hubbard Professional Course Supervisor, students are assured of getting the most out of each minute of study time.

Upon completion of this course, the student is a Hubbard Graduate of Study Tech, a student WHO KNOWS HOW TO STUDY AND WILL BE ABLE TO USE WHAT HE STUDIES. Having already achieved this before beginning any other course, he is free to put his full attention on the data he is studying on each future course.

This rundown is delivered at all Scientology Churches.

AUDITOR TRAINING

The student should be a Hubbard Dianetic Counsellor and a Class IV Auditor in order to be ready for the Saint Hill Special Briefing Course. This includes internship. This stage can be done in the Academy at your local Church of Scientology within a few months.

PROCESSING

While on the lower levels of training, the student co-audits with his fellow students to attain the state of Grade IV Release himself, fully prepared for Power Processing (Grade V and VA). Grade V and VA is required to be done before completion of the Saint Hill Special Briefing Course, and students enrolled on the SHSBC are allowed a 50% discount on Power Processing as a package with the course. Power is usually the first thing done by the student upon arrival at the New American Saint Hill for the SHSBC.

SPECIAL PROVISION FOR CLEARS

In accordance with HCO Policy Letter 11 December 1969, "Training of Clears," a Clear may do the SHSBC without the Academy Levels as prerequisites. Most Clears who are not fully trained suddenly recognize the need of it, and this ruling is made to permit them to obtain that training quickly. (The route through the Academy and the SHSBC and then Grade VI and Clearing is more economical).

SUMMARY

To start the Saint Hill Special Briefing Course, one must have completed the Primary Rundown and be a Class IV Auditor or a Clear. The Primary Rundown can be done as immediate preparation for the SHSBC upon your arrival at the New American Saint Hill or at your local Church.

With all prerequisites in, you will be fully able to appreciate the completeness and magnitude of the Saint Hill Special Briefing Course itself.

Regain the Ability to Handle Your Power

A vital step toward Clear, attaining the state of Power Release (Grade VA) gives you surprising new awareness and certainty of self.

Buy your Study Tape word lists Now

On the new Primary Rundown, prerequisite to all major courses in Scientology, the Student Hat is done very thoroughly—once through looking up every word as it first appears, then once through for meaning.

Ron has authorized preparation of special word lists for the study tapes so that students can get through the Student Hat *FAST* without any loss of thoroughness.

Booklets have been made up containing lists of words for the first 3 study tapes. Each tape has a separate word list booklet to go with it. The first booklet contains all words appearing on the first tape. The second booklet contains all words appearing on the second tape which have not appeared on the first tape. In this way, each study tape will have a booklet in this series.

THESE WORD LISTS ARE VITAL TO FAST COMPLETION OF THE STUDENT HAT. They eliminate time-consuming starting and stopping of the tape as well as any need for doing double work by re-listening to words already looked up.

The student will simply look up the words in the word list and then listen to the tape for sense.

THESE LISTS WILL SHORTEN THE TIME ON THE STUDENT HAT BY 3 OR 4 TIMES, SO THAT YOU CAN GET ONTO YOUR NEXT STEP ON THE BRIDGE FAST WITH FULL ABILITY TO LEARN AND APPLY THE DATA.

THE NEW SAINT HILL SPECIAL BRIEFING COURSE LINE-UP

The student, having fully registered by mail several months before, comes to ASHO on the day he is scheduled to arrive. The Registrar is delighted to see him, and checks that all of his papers and pre-requisites are in order. Having been in close communication with ASHO for the last several weeks, when the long awaited day arrives he has had all study and auditing prerequisite to starting course. (Lloyd Greenberg, now on Level V, is the student pictured.)

Having sent his folders 2 weeks in advance, he is already C/S'd and scheduled for his Power Processing. The Director of Tech Services makes sure the student has proper housing for his stay in L.A., gives him a special written test to give data to the C/S, and gets him an interview with the Director of Processing. Within a few hours, he is guided into his first session with his Power Auditor! (Tim Strachan, on the left, Class IV Auditor, now on Level V.)

When the student completes his Power Processing it's time to start the SHSBC. The student is welcomed onto Level V by the Course Supervisor, who gives data on what is expected on the course. She is given a target of how much of the check-sheet to complete that day, and her first day on the SHSBC begins. (Shown is Linda Barton, new level V student.)

On Level V, the student listens to hours and hours of tape lectures by LRH. The level includes all basic books, early PABs and bulletins from 1950 to 1966, and all lectures Ron gave students at Saint Hill (excepting Grade VI data). Step by step, in chronological order, the student travels up the research path along with LRH and the very first students on the SHSBC. (Here, Soo Ribisi, on V.)

It's not all work, however! Students really enjoy an afternoon break when they have made a good deal of progress on course that day. A snack bar offers fresh donuts, sandwiches, fruit juices and coffee, as well as home-made baked goods. Students lounge on the newly decorated patio at ASHO.

Back on course, the student does a clay demonstration, making labelled clay figures to show an idea discussed on a tape. The student demonstrates all key ideas in tapes and written materials to make sure he fully grasps each principle. (Van Crawford, new Level V student, is shown.)

There are 4 sections to the Level V course. On completion of each one, the student takes an exam in the Qualifications Division. Now at the end of Level V, the Director of Validity shows him his 100% correct final exam. The student know he has made a real achievement, certifying on Class V with flying colors. (Here, Dennis Brennan, now on Class VII, who finished V in 2½ months.)

He starts Class VI now. This is primarily a practical level, giving key techniques for running each process expected of a Class VI Auditor, followed by practical drills on each. The student practices the action he will do in a real session, while his coach, the "pc", gives him sample situations to handle.

Class VI features electronic training aides, such as TV demonstrations of drills or auditing actions. Students watching note strong and weak points, and whether the session is fully "on tech" with good auditing presence by the auditor. The Course Supervisor collects reports from students at the end and corrects any erring students by reference to course materials.

The student at Level VI also tape records her auditing actions to more fully examine her own performance. She then compares her tapes against LRH model sessions to improve her auditing.

On completion of Level VI, the student is awarded a Provisonal Class VI certificate! A proud day for any student, her success encourages the others to push through to completion as well.
(Here Alycia Danilovich, recent Class VI graduate.)

The student now goes to the Advanced Organization, home of the Clearing Course and OT levels, for his Grade VI materials and solo auditing. AOLA is located conveniently about 2 miles from ASHO. Doing Grade VI and Clear under the the standard supervision at the AO is especially easy for one who already knows a great deal about auditing.

The Provisional Class VI auditor interns at ASHO under the case supervision of a Class IX, HSST. Here, the auditor attains the high level of competence and flawlessness that comes from hours and hours of auditing, top flight correction, review of materials, and a great variety of pre-clears, to obtain full classification as an experienced Class VI.

NEWS FROM A

PHOTOGRAPHER STARTS NEW COMPANY

Free-lance photographer Eric Reiner shoots a travelogue in Florida for ITT. Left is a photo taken shortly after he went Clear in 1970.

Eric Reiner, OT I, HDC, is building NEW WORLD ENTERPRISES to accelerate Scientology's expansion by means of aesthetic products distributed into the environment. The company, working with Celebrity Centre New York, has several current projects, including a TV series on Scientology, a Broadway play, a radio series, a concert, films on Scientology, a Dianetics book advertising campaign, and production of various books on the arts.

One of the company's functions will be as a clearing house, putting Scientologists in touch with others needed for their projects. This involves creating a central file of all Scientology artists across the planet which contains each person's successful lines and actions in his field.

Educated in U.S. universities and at Oxford, Eric has studied engineering and physics as well as philosophy and photography. Disenchanted with the lack of relevance of his schooling to the well-being of Man, he left Oxford for London in 1968. There, while a photographer's assistant, he heard about Scientology from a friend and was audited to Grade VA at Saint Hill. Then trained at the New York Church of Scientology to the level of HDC, he went Clear at AOLA in 1970. After working as a Dianetic Case Supervisor and auditor for Celebrity Centre in Los Angeles, he assumed the directorship of Celebrity Centre New York for a short time in 1971.

Regional chairman of an OT group, Eric also free-lances as a photographer and filmmaker. He has had his photos appear in Harper's Bazaar, Essence magazine, American Express travelogue books on Mexico, and many other places. He is currently at work co-producing, directing and photographing a film on still-photography, as well as a travelogue of Florida for ITT. (International Telephone and Telegraph corporation).

The company, with its potential for unlimited expansion, will be working to achieve greater acceptances of Scientology using the tone scale and the reality of the public. Eric is interested in hearing from anyone intrigued by his idea through Celebrity Centre New York. The central file, containing write-ups on different professions as well as names and addresses, will help Scientologists by-pass any lack of easy apprenticeship in the arts, and enable them to be more successful in their chosen fields by learning from each other.

"If it weren't for Scientology, I wouldn't—probably couldn't—be doing what I'm doing. Scientology is the rehabilitation of the game—and it's rehabilitated my game and my ability to play it as a game," comments Eric.

CRAFTSMAN REVITALIZES SHOP WITH NEW POWER

Larry Wollersheim, highly successful candle-maker and blacksmith, recently returned home to Milwaukee, Wisconsin, after his Power Processing at the New American Saint Hill. Things had been changing for him after each step in Scientology, but, he begins, "After Power was something altogether different."

Upon returning to his store (**Blacksmith Sun**) from a 3 month absence, he found it financially in emergency—$173 in the checkbook with $4500 in immediate bills due. The employees were in apathy.

He applied every piece of Ron's data he knew about business and handling people. Within one week the store was moving toward normalcy with the employees in enthusiasm! Larry says, "In handling people I've become 'invisible.' My calmness and stability and ability to simply hold a position has helped everyone without ridging them up and creating further problems. My efficiency has tripled." After a few short weeks, the shop has moved to total solvency, with reserves to spare.

As a craftsman, he's found the ability to be in present time to be one of the most valuable results in auditing.

Having majored in anthropology at universities in Wisconsin, he is self-taught as a craftsman. He found out about Scientology in 1968 from an old friend. Since then, Larry has had considerable coverage of his successes in local newspapers, first for his wholesale business (since sold) and for his store, which last year sold over 100,000 lbs. of candles. Since getting his Power, he has started a Scientology information center in his store to attract other artists in the area to Scientology.

Having taken his communication course in Los Angeles in 1969, he began his processing at the Church of Scientology in Twin Cities in January 1972. Only two months later he came for Power at the New ASHO.

His wife will be getting auditing very soon. Larry plans to be coming back to L.A. to go Clear within the next few months.

Larry Wollersheim strolls into Blacksmith Sun on a cold Milwaukee morning.

Dr. Allen Collins, orthodontist from Detroit, takes a few minutes to read the latest Auditor.

ORTHODONTIST IS TOP FSM

Dr. Allen Collins, a practicing Orthodontist in Detroit, ranks as one of the most active FSMs in the Church of Scientology of Michigan. He keeps a copy of the Tone Scale in his office for use with patients who thought they were only coming in to get their teeth straightened!

About his work, Dr. Collins says: "I have increased my gross income by 30% without any more effort than before. My dissemination to my patients and their parents has been very rewarding in the number of people going into Scientology and the overall interest created by being able to communicate so very freely on any subject with my young patients."

When Allen first entered Scientology in 1965, it was instant success. He saw his confront and ability to grant beingness increase to a point he never imagined possible. His family relationships instantly took a turn for the better. At once, he enrolled on the Level 0 Course, acquiring his lower grade auditing while training—then he was off to Saint Hill for Power Processing and Grade VI. On May 20, 1968, he attested to Clear, and is now an OT VII, HDC, Class I.

His lovely wife Grace is also Clear, OT II, and currently working on Level 0 in the Detroit Academy.

Straightening out teeth seems to go hand in hand with straightening out people's lives for Dr. Allen Collins. And so he continues to disseminate and spread the word that Scientology is the road out.

ROUND THE WORLD

Class VI Pushes Scientology Expansion

Ruth Minshull, Class VI, OT II, author of MIRACLES FOR BREAKFAST, has just written a new book entitled HOW TO CHOOSE YOUR PEOPLE (a practical application of the emotional tone scale).

The book is expected to be in print by July. All about the tone scale described in detail in Ron's book, SCIENCE OF SURVIVAL, the book has been 8 years in data collection, and 2 years in writing.

As a sample of the book's effectiveness, the woman hired to type it, who knew nothing about Scientology, promptly bought up every one of Ron's books Ruth had! When the woman's daughter called her up in grief, she was able to bring her up tone. Ruth also noticed that as the woman continued to type the book, she came further up tone herself and was soon typing twice as fast as she had been.

The goal of the book, written simply enough for anyone to read, is to introduce people to Scientology by explaining something they can really use. Ruth further comments, "I feel the new tone scale book will make a person 'unbetrayable.' Instead of going through life being disappointed in people, one can use the tone scale, still have friends and enjoy life. If he can predict, he will simply find he won't get betrayed. Betrayal is trusting mistakenly, expecting things of another which he can't deliver."

Headquartered in Ann Arbor, Michigan, Ruth's book operation includes the distribution of several books to all sorts of people. Most remarkable is the success of MIRACLES FOR BREAKFAST, which contains her successful actions in handling children. Nearly 40,000 copies have been sold, thousands purchased by educators. It is used as a home economics text at a Michigan university, and used in several other courses in Alabama and elsewhere. A religious welfare agency in Nebraska gives a copy to parents of newly adopted children. It has been translated so far into German; Swedish, Danish, French and Spanish translations are underway. The largest exporter in Ann Arbor, the Minshull family currently ships out 1500 books and 2000 brochures every month. Ruth has even bigger plans for her latest book.

"My hobby all my life has been trying to learn about people. I started reading philosophy in high school to find out what makes people tick. Then, in 1951, my boss in the radio business gave me **Dianetics, the Modern Science of Mental Health.**" In 1959, remembering the book, she tracked down a Scientology group when she realized she was not being the success in life or as a mother that she had wanted to be.

After doing the Saint Hill Special Briefing Course and Clearing at Saint Hill in 1967, writing **Miracles** was easy. "Clearing got off my negative considerations," she says. I hadn't thought I had anything to say! I became able to write, which had been a frustrated goal of my childhood. Also, I never felt comfortable in front of an audience before Clear. Now, we all have fun rather than me being the target! I've already achieved everything I wanted from Scientology when I first came in—my family life is a real pleasure. I have many friends all over the world—but now I have set higher goals."

The tone scale book describes what people look like in life at different tone levels, and how this can be used in handling them and choosing associations. Stressing Ron as source, the book will be an excellent introduction to Scientology.

Ruth's son Paul, now 18, is working to do the Saint Hill Special Briefing Course, while her other son Lee, 12, is in school.

Ruth intends to do her internships, then OT III and Class VIII within the year while she pushes Scientology expansion with the new book. She plans cross country lecture tours for its promotion.

Some enthusiastic members of Ruth Minshull's audience crowd up to talk with her during a break at the kick-off lecture about the new book at Celebrity Centre in Los Angeles. "I just saw my whole life pass before me! My friends, family, myself," one girl was heard to say excitedly. Ruth smiles graciously at right.

Violinist Starts Course after 8 Years of Letters

Frank Burke, professor of music and professional violinist, read Dianetics, the Modern Science of Mental Health by L. Ron Hubbard in 1962. Written letters for about eight years by Scientology Churches before responding to any, he just recently began a Scientology course in Irving, Texas, along with writing his first letters to the Austin Church. "Personal letters do get response," he told them, "even after 8 years!"

Now in his 7th season with the Irving Symphony Orchestra, he is also an expert in the laboratory technology of molecular biology. He holds a B.A. from the University of Miami and a masters degree in music from the University of Arizona.

Having been a student and taught on faculties of 11 different colleges and universities, he has "not found one yet which teaches as much as one Scientology Church or where one can learn as much of value. I had always been successful as a teacher, but my reality on being a student was low, thus lowering my affinity for my profession. Now I'm aware of a person's problem before he tells me!" he writes.

Frank has immediate plans to complete the HSDC and his Academy Levels at Austin, Texas, and proceed on to Clear.

Frank Burke, accomplished violinist, now firmly on the road to freedom with Scientology.

Tony Hitchman Graduates from the SHSBC

Tony Hitchman, well known to most Scientologists as the interviewer in the question and answer film on Scientology with L. Ron Hubbard, completed the Saint Hill Special Briefing Course in May, 1972.

Celebrity in show business in Rhodesia and especially known as an interviewer of world leaders, Tony was first introduced to Scientology by a book from a friend in 1957. "I read it and knew immediately that here were the answers to what I was looking for. Within a month, I was in Scientology," he explains. "The biggest change for me was in understanding myself and life. I couldn't figure out what it was all about. Scientology has changed that, given me certainty, security, interest and love for life again."

In 1966, when Ron came to Rhodesia, he and Tony appeared on television and radio together, as well as making the film. At that time the top television executive in Rhodesia, Tony was involved with his career. However, he recalls with tremendous affinity, "Meeting Ron was the greatest experience of my life. After having met him I knew that I was going all the way through and that nothing could stop me. Within a year, I was Clear, and have worked in Scientology ever since. I found Ron to be the most dynamic, warmest, yet most powerful person I have ever known. Since meeting him I have never looked back—things have just gone increasingly better along all the dynamics. I owe my freedom to Ron and I intend to repay it by helping him to make this a Clear, free planet."

Having worked continually in the public relations area of Scientology, he is now proud to be an auditor and will be returning to ASHO to intern and to increase his Class as well as acquire training in Scientology administration. "I have found that training is the only way to progress with a stable foundation, a stable base," he emphasizes. "I had a lot of gains in auditing as a preclear [he is an OT VII] but the Briefing Course has more than doubled these stably because of the data and the discipline involved in applying the data, and I regard training as totally vital to individual case gain, let alone the freeing of other beings. Prior to the Briefing Course, I had a lot of data culled from books, but I had never been able to make the significances go with the masses for application. I really have learned to appreciate study technology, which was theoretical rather than practical before the course."

"Scientology to me has now become a practical way of life. OTs go around with their heads full of beingness for things. I have learned the **doingness** for things, and so will bring forth the havingness. To me, a Clear **IS.** An Auditor **DOES.**"

"I also learned to appreciate tremendously the hard work and purposes of other Scientologists. Being here at ASHO has really opened my eyes to the fact that there are other beings in this game—that one is not alone."

Tony Hitchman gets his Class VI Certificate.

At present working in the field in the southern California area, one of his fondest goals for the near future is the freeing and Clearing of his home country, Rhodesia.

"I believe that any Scientologist who fails to target himself or herself onto the Briefing Course as fast as possible is losing out on doubling his case gains and insuring that he can become an OPERATING Thetan." To get through the Briefing Course, he worked a 17 hour day for seven months—commuted from his home in Westwood, studied all day on the course, worked evenings and weekends in a Scientology mission, got well over 100 new people into Scientology, as well as auditing himself on an OT level each day. "NO ONE," Tony laughs, "can say he hasn't got the time to do the course!"

What the Latest Class VI's have to say ABOUT THE SAINT HILL SPECIAL BRIEFING COURSE

The Briefing Course is the most valued experience I've ever had. There were many times when at each day's end I wondered how I had survived as an auditor without what I'd learned that day. Vital data for anyone who wants to audit. Vital data for anyone who wants to begin to survive in this universe. This tough universe! Don't fool yourself.

THERE IS NO WAY YOU WILL MAKE IT WITHOUT THE DATA AND COMPETENCE AVAILABLE ON THIS COURSE.

Scott Sorenson, Class VI Auditor

To try and write down the gains from the Briefing Course would be almost impossible to do. The gains I have made as a thetan are beyond any dreams I've had. I've already gotten more out of Scientology (doing the Briefing Course) than I ever hoped possible. My abilities to be, do, and have have expanded tremendously.

The Briefing Course changed my life. I've come from an unhappy, uncertain, confused position to a position of happiness, certainty, and life has become more than bearable—it's fun.

Richy Goode, Class VI Auditor

The Course itself is worth a trillion dollars—I can't begin to say what I've learned—I've tripled at least my size as a being.

Gerard Marrone, Class VI Auditor

The Briefing Course was the most significant and profound cycle of training I have ever undertaken.

Franklin D. Cameron, Class VI Auditor

Quite a few things have changed. I don't have any uncertainty of how to handle anything that comes my way. I know where I am going now—before I wasn't particularly sure. I'm not particular about who I get for a preclear—I know that I know what I am doing regardless of who the pc is.

Evelyn Hagaman, new Class VI Auditor who graduated with honors, shows off her certificate. She is returning to audit at the mission in Denver, Colorado.

Auditing is a profession I'm happy with. I don't intend on changing. All the other jobs I have had, I just went from one to the other because somehow it wasn't quite what I wanted.

Has there ever been a time when you wanted to help somebody and didn't know how? Well, when you get through the Briefing Course, when you see somebody that you want to help—you KNOW *how.*

Evelyn Hagaman, Class VI Auditor

NEW SHSBC STUDENT

The New V Checksheet is a great way to get trained. You get an excellent viewpoint on the technology because you follow it from its inception forward, just as Ron developed it.

It's like a great detective story—laden with cognitions.

BRING A FRIEND

RON USED TO RECOMMEND THAT STUDENTS BRING THEIR OWN STUDY PARTNER ("TWIN") in the early days of the SHSBC. This is still recommended as it assures you will always have someone to work with right from the start, one whom you already know and study well with. This does speed course completion time. (Two recent students came on together and completed Level V in only 2½ months instead of the usual 4 by doing this.)

Poets Corner

I walked among
giants, a giant

Smiling the shape of
mountains into
being

I walked
among giants a
song ringing
a true heart-bird
huge flowed.

I shaped the
clouds at my
elbows

In the reach for
the sky I thundered
the earth's smallness
shivered

I kissed the
long tomorrow into
shape
and the short
yesterday among
giants I slept
away
Little the
mystery
grew
and huge

the truth I
climbed

Into the borning
sky crying
the warmth of my

knowingness.

And this place
I looked around
and I found
giants
awakening and I
helped.
