Who or What is a C/S?

by L. Ron Hubbard

Who or what is a "C/S"?

The C/S is the CASE SUPERVISOR.

He has to be (a) an accomplished and properly certified auditor and (b) a person trained additionally to Supervise Cases.

The C/S is the auditor's "handler." He tells the auditor what to do, corrects his tech, keeps the lines straight and keeps the auditor calm and willing and winning.

The C/S is the pc's case director. His actions are done FOR THE PC.

What he is actually accomplishing can be listed:

1. The C/S is keeping Scientology working in the hands of auditors for the benefit of pcs.

2. The C/S is keeping the correct sequence of programs* and processes being used on the pc.

3. The C/S is keeping the org tech *flow lines*** straight and in proper sequence of actions.

4. The C/S has the repute of the org and Dianetics and Scientology in his area fully in his hands.

HANDLING AUDITORS

The C/S must earn the confidence of his auditors by knowing what he is doing and getting results via the auditors.

The skill of an auditor can be enormously improved by a good C/S. And reversely, under an incompetent C/S the skill and enthusiasm of an auditor can be badly deteriorated. A C/S who fails to see errors the auditor knows were there is soon regarded as incompetent.

A C/S is in effect a Tech leader. His skill, attitude and demands bring about the state of tech in the area. His attitude toward session length, the exactness required, the state of case preparation he requires, when he will let a pc go, what he demands of his auditors all add up to the general tech attitude in an org. If this is good the org will be a good, respected org.

HANDLING THE PC

The pc (or Pre-OT) *is* the real reason the C/S is there.

All C/Sing as to programming and what to run when is FOR THE PC.

It is not for the org, actually, except as it influences the org's repute. It is not for the auditor except as it influences the auditor's willingness and attitude and skill.

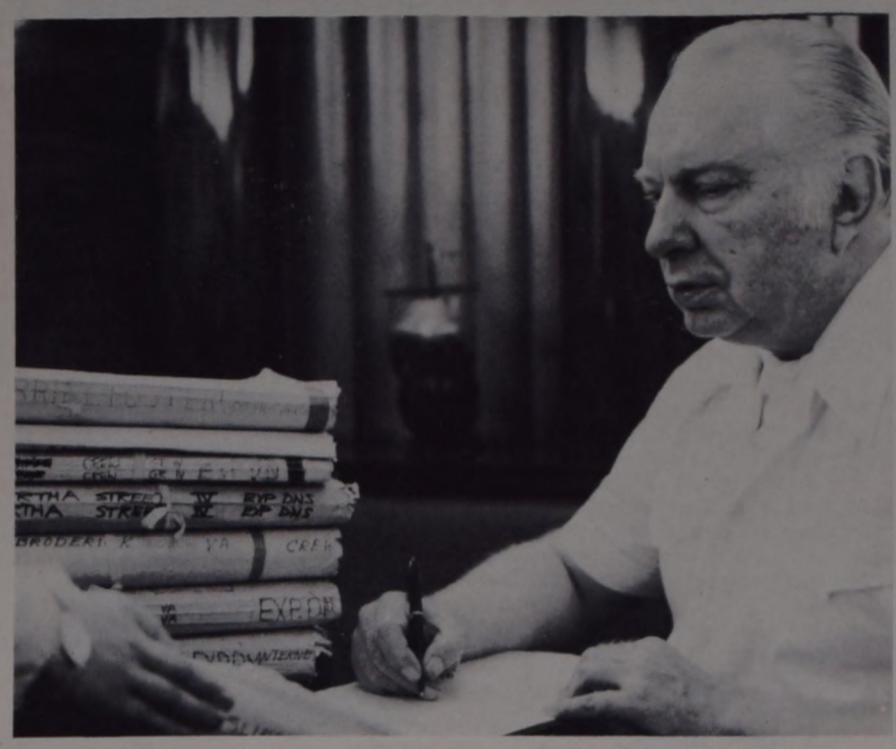

The product the C/S is after is the pc's (or Pre-OT's) case gain.

This is accomplished by applying the usual, by preventing errors and keeping pcs in session and winning. Correctly applied Tech works. The C/S has to know this.

CONCLUSION

The C/S is there to efficiently and effectively order the right action based on a survey of the case and then see that it is done.

The end product is a winning pc and an expansion of Dianetics and Scientology.

*A program is defined as the sequence of actions session by session to be undertaken on a case by the C/S in his directions to the auditor or auditors auditing the case.

**Flow lines refers to the administrative lines of an organization which facilitate the delivery of auditing.

TRIPLE FLOW TRAINING

The Way to a Full Triple Flow Professional Scientologist

There are three basic flows in tech training.

Inflow. Outflow. Crossflow.

This is the same as in processing where one always runs three flows or "triples."

Flow 1 is inflow or another to self.

(1) ⟵ Inflow

Flow 2 is outflow or self to another.

(2) ⟶ Outflow

Flow 3 is crossflow or others to others.

(3) ↕ Crossflow

In TRAINING this becomes:

FLOW 1 – Learning the data (inflow).

FLOW 2 – Applying the data (outflow).

FLOW 3 – Getting others to apply the data (crossflow).

One LEARNS the technical data of any level on an Academy or Saint Hill Course.

One APPLIES the tech to others by doing a properly supervised Internship in the Qualifications Division of a Scientology Church or Saint Hill.

One GETS OTHERS TO APPLY THE DATA by doing a Case Supervisor (C/S) Course and Apprenticeship for the level in an official Scientology Church or Saint Hill.

Thus we have triple flow training.

As with processing all three flows are necessary. One can get a degree of hang-up simply by missing flows.

This relates directly to the LRH Study Tapes of 1964 where the balance of mass and significance and the balance of learning and application is stressed. But the study tapes go further than that. There is the real professional who through learning and application, develops to a point where he can ***think*** with the subject and by full application and understanding of the basics, obtain results far beyond the achievements of others.

And that is where our third flow of training, the Case Supervisor courses and apprenticeships, take the Scientologist.

It relates directly to the KRC triangle of Scientology.

Knowledge. Responsibility. Control.

Flow 1 training is the acquisition of the technical knowledge.

Flow 2 is taking responsibility for others by the application of Scientology tech.

Flow 3 is the control of technical application and results as a Case Supervisor.

You win when you get the data!

You win when you give another the application of that data!

And you WIN all the way when you as a C/S enable another to apply the data to others.

ANY Scientologist should have this training.

Every Auditor must have it sooner or later whether he is a full time C/S or not. He has to know how to program and C/S cases even to audit.

THE NEW C/S COURSES

For this reason the new C/S courses have been developed.

STANDARD DIANETICS C/S COURSE: The tech of Dianetics is and always has been different from that of Scientology processing. C/Sing of Dianetics is its own tech. This is a specialist course that teaches and trains one to apply that tech as a C/S.

Pre-requisites are HSDC and Standard Dianetics Internship. Available at any official Scientology Church.

CLASS IV C/S COURSE: Teaches the basics of Scientology 0-IV Grade C/Sing and the set up for those grades. The status of a graduate at this level is actually that of an assistant C/S (one who works in liaison with a full Class VI or above C/S). In order to become a full C/S one must do the SHSBC as one factually requires all the data of the hundreds of tapes and materials of the SAINT HILL SPECIAL BRIEFING COURSE in order to fully understand the mind and development and full application of tech.

Pre-requisites for the Class IV C/S Course are Academy 0-IV training and 0-IV Internship (and the Primary [Study] Rundown, known as "PRD"). The Class IV C/S course is available at any Continental Church.

EXPANDED DIANETICS C/S COURSE: This is a specialist course specifically in the C/Sing tech of Expanded Dianetics. Assistant Expanded Dianetic C/S status is awarded unless one has already done the SHSBC (or until the SHSBC is completed at which time full expanded Dianetic C/S status is awarded). Once again it takes

EXPANDED DIANETICS® COMES TO NEW ASHO

Now for the first time, the Expanded Dianetics Course is available at New ASHO.

Expanded Dianetics delivers results comparable to the L-10 Rundown, a special OT Rundown developed by Ron in 1971. Expanded Dianetics is "a sort of OT level of handling Dianetics" as Ron explained it in 1971.

Expanded Dianetics is a major case action with a recognizable end phenomenon. It is programmed for the individual to handle what he wants handled. It normally fits above Grade IV on the Gradation Chart but can be run after Power or after OT III Expanded. At any level, it takes the individual far along the road to full ability.

The auditing can be delivered at your local Church or at New ASHO.

The Expanded Dianetics Course contains what you need to know to program and run Expanded Dianetics. It takes about 2 weeks for a full-time student, plus about 5 weeks for internship.

The course is also available at continental Churches (Los Angeles and Washington, D.C.).

SPECIAL OFFER TO * CLASS VIs AND ABOVE *

For a limited time only, Class VIs and above may come to New ASHO and get the Class VI Internship and Primary Rundown FREE with the Expanded Dianetics Course. (Course fee is $1000).

Auditors and preclears alike are tremendously excited about this new miracle technology.

If you're eligible, enroll on the Expanded Dianetics Course at ASHO right away and take advantage of this special offer! Write the Letter Registrar at ASHO for details.

TRIPLE FLOW TRAINING continued

the fabulous SHSBC to gain the knowhow to become a complete professional who can really think with the subject rather than just apply rote rules, hence Assistant C/S status until the SHSBC and the Class VI C/S Course are completed at a Saint Hill.

Pre-requisites are the Expanded Dianetics Course and Internship (and PRD). Available at Continental Churches or Saint Hills.

CLASS VI C/S COURSE: This is the complete professional C/S Course. It follows on from the fabulous SAINT HILL SPECIAL BRIEFING COURSE where one learns the full body of Scientology theory and practice as taught directly by L. RON HUBBARD on the original SHSBC from 1962 to 1966. Here on the Class VI C/S Course done after completion of SHSBC and Class VI Internship one learns to apply that great body of data to the resolution of any case by use of the fundamentals of the mind and of life taught only at this level.

PRD is also a pre-requisite. Available only at Saint Hills.

CLASS VII C/S COURSE: This is the level of the mighty POWER PROCESSES. It is a specialist course in Power Processing which contains specialized data beyond that of Class VI. It is a specialized case cracking level.

Pre-requisites are Class VII Internship (and PRD). Available only at Saint Hills.

CLASS VIII C/S COURSE: Here one learns to handle OTs and OT phenomena! It is the 100% Standard Tech level. This level reviews earlier levels and adds the incredible OT secret data nowhere else released. This data does not even occur on the OT courses. Auditing pcs at any level one can, and often does, run into phenomena puzzling to anyone and totally inexplicable until one has completed the Class VIII Course, Internship, and Class VIII C/S Course. It is after this course (Class VIII C/S), which *must* be preceded by the SHSBC C/S Course, that one finally learns to understand and handle any and every case phenomenon at any level and can truly handle anyone including OTs.

This course is available only at Saint Hills.

AUDITING OF PRE-OTs

From this date the earlier restrictions imposed on organizations wishing to audit Pre-OTs are waived provided that organization has at least one Class VIII (HSST) and at least two Class VIII auditors.

This means that pre-OTs in areas distant from an Advanced Organization requiring processing and not able to get to the AO may receive that auditing in their nearest official Scientology Church provided only that that Church does have the minimum 3 Class VIIIs. The pc folders may be sent to such a Church and the pre-OT handled directly by the Church eliminating long delays caused by the previous requirement of special permission and C/Sing from the AO only.

This does not include auditing of the actual Advanced Course materials (R6EW, Clearing Course and OT levels) and does not waive any technical restrictions on auditing major rundowns in the No-Interference area (R6EW to OT III).

The development of new Triple Flow Training and the great competence of those fully trained to Class VIII C/S standards makes this possible.

PRIMARY RUNDOWN (PRD)

The Primary [Study] Rundown is pre-requisite to any professional Tech training from Level 0 on up.

It is separately stated above as a pre-quisite to the C/S courses as a reminder to any who have not previously done the PRD, but are well advanced in their training, that the PRD is required before the next course (including C/S course).

The PRD is of course only required to be done once.

It is awarded as part of the course fee of any major course package, 0-IV or above.

FILL IN THE MISSING FLOWS

(This is the advised sequence. C/S training is not at this time a pre-requisite to any higher level auditor training course or Internship. It is however strongly recommended. It *is* required for C/Ses).

The way to complete your training is to mark up on a chart (can be done from the Classification Chart) the sequence of training courses vertically. Beside each course horizontally mark off spaces for the Internship and C/S Course for that level as given above. Now check off each course or internship already completed. Then in sequence from the bottom up complete all courses, Internships, or C/S Courses not yet done and you will finish up all the way as a full TRIPLE FLOW Professional Scientologist.

From that altitude consider how you stand on the KRC triangle and the road to full OT!

See page 3 for a complete Triple Flow Training Chart.

How a Student Becomes a Real Professional

by L. Ron Hubbard

Education would be in the direction of accomplishing certain actions professionally. Now that is my own word introduced there, professionally, but if one is educated in a subject one expects to be able to accomplish certain things with that subject.

The final product of any course is graduates who can apply the material they studied successfully and be successful in that subject.

WHAT IS A REAL PROFESSIONAL?

The real pro is the fellow who knows the significance and has had experience in the doingness and the handling of the mass.

The real pro knows all the right ways to do it, and therefore he knows how to fail at doing what he's doing. He knows his equipment and he can think that one more step that makes him a champion.

Let's take somebody like the fellow who projected the first color pictures. I bet he could have given you the number and book of practically every photograph that had been taken in the history of photography, which went back of him only about 20-30 years. You go back a little further and you'd probably find out he was a chemist by training.

Professionalism then doesn't leap full-armed from the breath of somebody's hope. Professionalism is sweated for.

WHAT THE STUDENT SHOULD BE TAUGHT

The student should be taught what the student is going to be doing. And the significance that should be taught to the student is enough background so that he doesn't get stuck in the mechanical doingness he's been taught.

That's a little bit more significance than you would expect to give him. And that's why you give him the history of it—to show that it was developed and give him some sketch of its development—and that's why you show him how the thing evolved and what the doingnesses of it were.

You're making him conversant with the principles with which he's operating And if he's sufficiently conversant with those then the doingness and the other actions which he is being taught don't become obsolete. Because he can ***think.*** And that's the difference between a pro and a practical man.

SAFEGUARDING HIS FUTURE

Now a professional then is able to advance and a practical man quite commonly cannot advance.

Somebody who is just dealing in theory and nothing but theory could be absolutely beautifully taught, but he would not be ***educated*** in that subject because he would have the doingness missing. But there's nothing sadder than an expert on the repair of "steam driven road equipment." He never had any theory of any kind on the subject of steam or propulsion or anything else, but he's awful practical on the subject of these things. Well, he antiquated. He became unemployable actually.

So when you break up this balance in an education then you haven't educated the person and you haven't safeguarded his future. A fellow is betrayed then to the degree he is not educated but only schooled.

BEING ABLE TO USE THE SUBJECT

Education should be the activity of relaying an idea or an action from one being to another in such a way as not to stultify or inhibit the use thereof.

In other words the information is loose in the guy's head. It's flexible, he can use it. It isn't jammed into his head crosswise so that it associates just with one thing. The only fair thing to do is teach him in such a way that he can think on the subject, because it's an advancing subject. If we did anything else he would become antique in a dozen years.

It's quite a trick—you have to teach somebody on the one hand that this is an exacting discipline and then on the other hand that you should have a loose and flexible attitude toward it. Well, you're trying to make a practical person who applies the subject to a result, who can give it that extra little zing that pushes it through (he can think on his feet in other words) and who won't antiquate.

Actually that is being demanded in Scientology as nowhere else. You have a madly advancing subject in which more and more is developed that broadens the view more and more.

SUCCESS

The success of any taught subject is the degree that it keeps its significance sensibly balanced with its action and the masses associated with it.

But what I'm mainly interested in is you, a Scientology pro, training people to know something about this subject. I am interested in your education right now and I'm trying to make it as easy as possible on you.

23rd Anniversary of DIANETICS, the Modern Science of Mental Health by L. Ron Hubbard

May 9th marks the beginning of another tremendous year for Dianetics and Scientology. It is the celebrated birthdate of the publication of DIANETICS, The Modern Science of Mental Health.

This book, fantastic as it might seem, has been a best seller for 23 years. Few books could claim that statement, and even they could be counted on the fingers of your hand. But no other book could be said in fact, to say or do what DMSMH does.

To validate this, a special awards program is being held.

TOP AWARD

Those people who sell 100 or more hardback DMSMH within 2 months of the start of the program (May 9) will receive the Hubbard Standard Dianetics Course, or the equivalent in training.

SECOND AWARD

Those people who sell 60 hardback DMSMH within 2 months will receive a new Mark V E-Meter with TA counter and carrying case. For those not eligible to receive a Meter (one must be a minister or theological student in Scientology), the equivalent in training will be awarded.

THIRD AWARD

Those people that sell 45 hardback DMSMH within the allowed time will receive a complete LRH library.

SPECIAL COMMENDATION

Those people that sell 30 hardback DMSMH within 2 months will receive a special "LRH BOOK ONE" Certification and a signed photograph of LRH. The certification and photo will also go to the winners of 1st, 2nd and 3rd Awards.

This Award program is open to Field Staff Members, and any Field Scientologist who might care to participate. (It does not include selling large quantities to bookstores, but is intended for the purpose of selling to new people so as to get them on the road.)

At the end of the 2 months, a gala event in each Church will take place to present the winners their awards.

Your local Church will be fully prepared to help you achieve the targets you set for yourself. Books and training courses on selling techniques will be available.

These awards symbolize the effort that any dedicated Scientologist would put forth towards a big step in Clearing this planet. Had it not been for the work of LRH, and the "icebreaker" that was and still is this book, think now where you might be!

So sell lots of DIANETICS books! Go to your local Church of Scientology for any further information.

A Dream Come True

Sally and Ron Baker, auditors, run a successful business as artists with the help of their son Jeffrey.

Ron Baker, Hubbard Professional Auditor, and his wife Sally, Hubbard Dianetic Counselor, have succeeded in forming a dynamic business as artists in Takoma Park, Maryland, within just 7 months.

Ron has no degree from formal academic study in the arts, an unlikely background for a free lance business.

"It all started when I was very ill and five years old," Ron explains. "I was allowed to create by my family and I spent hours happily drawing without invalidation. I decided I wanted to be an artist then, but when I was back on my feet, I was kindly told by others how very impossible it was and like a fool I went into agreement and lost some self-determinism."

But now, by applying Scientology, Ron has found his dream come true.

Ron and Sally are Grade IVs, soon to be at ASHO for Power Processing.

"It's amazing how everything fell into place, the simplicity of Scientology is so beautiful," exclaims Ron. "When I finally realized just how much I had grown, I was on my way."

Ron and Sally agree that just the continual use of the ARC and Communication formulas are the "open sesame" of the business world. The Bakers find their work received very well by their clients and contacts.

"Our purpose is to communicate on an aesthetic band. We wish to take our place in the growing number of free thetans that will uplift this planet toward sanity and a new civilization!" says Ron.

The Bakers have illustrated a book, designed an eight page newspaper, drawn the cover artwork for several editions of ***Playbill*** magazine for the Washington Theater, and been published in a technical periodical. The freshness and high communication of their illustrations are making their work much in demand.

Scientologist's Book Used at UCLA

What it is, What it Ain't, a Teacher's Report by Briefing Course Student Cam Smith on her successes in applying Scientology, is now being used as a text in the UCLA graduate school of education.

The book, an easy-going blend of Cam's writing and photography, clearly demonstrates the workability and success of Scientology applied to improve student interest, comprehension, creativity and level of ethics.

THE BASIC DATA YOU NEED TO OPERATE AS A THETAN

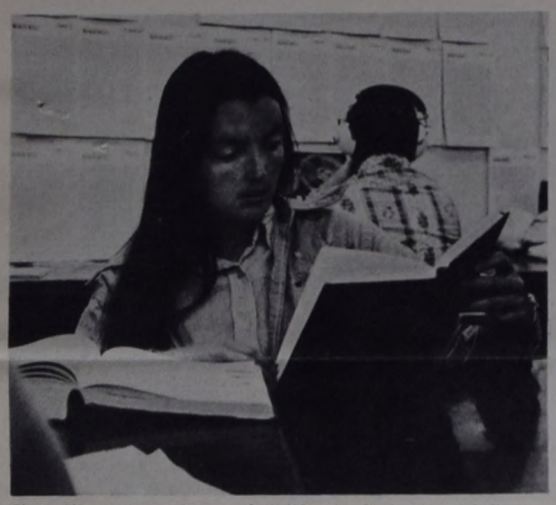

Clears are doing the Briefing Course

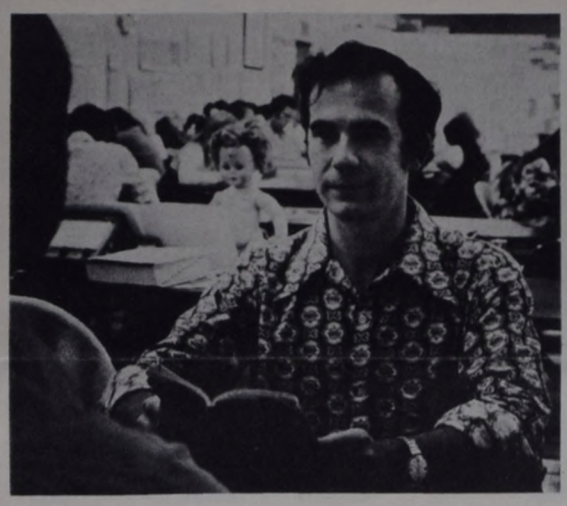

Clear Earl Prince, from Las Vegas, does a clay demonstration. "Although I've just started the SHSBC, I'm having so many wins and cognitions I can really see why Ron says 50% of OT ability comes from training!"

Clear Ruth Cohan, now on OT IIIX, from Los Angeles, reads Ron's PHOENIX LECTURES on the SHSBC. "As an OT your sensitivity is extremely heightened and with it your responsibility level. Training gives you understanding of situations and the ability to change things."

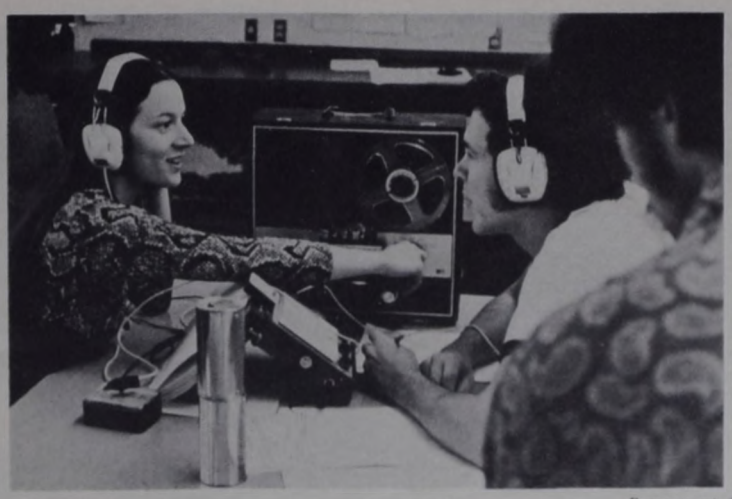

Class IV Barbara Pease of California finds the Briefing Course data fascinating.

Class IV Roy Doan from Texas works on his TRs on the SHSBC.

Class IV Provisionals are doing the Briefing Course

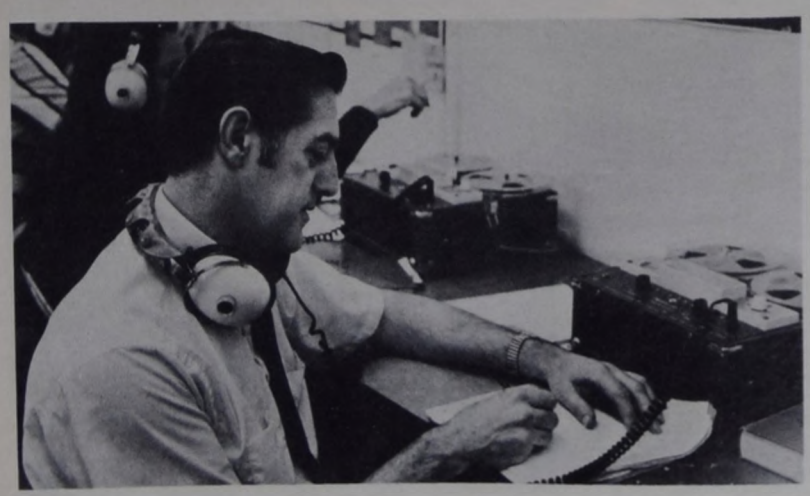

Permanent Class IVs are doing the Briefing Course

Annette Dumonceaux, Permanent Class IV from Edmonton, British Columbia, works on taping TRs for improvement with Charlie Stone on the SHSBC. "I clearly see it is essential for every being to have this data. It is answering all the questions I had about life!"

Permanent Class IV Barry Klein, Qualifications Secretary from St. Louis Church of Scientology, listens carefully to a taped lecture by Ron. "The tech on the BC level V is superb—I don't know how I made it this far without it! I have regained my native capabilities in several areas of life, just from being here and communicating with source."

Old HCA's are doing the Briefing Course

Leon Fick, engineer from Illinois who did the HCA Course in 1959, looks over his notes on one of Ron's SHSBC lectures. "The deeper I get into it the more I am impressed with Ron's accomplishment, and I consider it a great privilege to be getting this data."

Scientologist at New ASHO

ow Training

"The moment a person starts training, he's already walking a track which is higher than the track to Clear.

"A fully trained Scientologist is in a far better position to understand than a partially trained one.
For a Scientologist who really knows is able not only to retain confidence in himself and what he can do, but also can understand why others do what they do and, so knowing, does not become baffled or dismayed by small defeats.
Because auditing skill is a discipline in living and a know-how of the parts of life which is in itself something new in the universe."

FLOW TWO

Standard Internships at New ASHO for the satisfaction of Flubless Auditing

Peg Barnes on the Class VI Internship confidently shows her pc to the Examiner. "The Internships really make you into an auditor. A thetan operating as an auditor is really a game to play—interesting, challenging, and fun. I've seen some tremendous changes in both myself and others, especially in the area of being able to handle pcs, organization, and life."

Barbara Gomes shows off a "Very Well Done" from the C/S on the Class VII Internship at ASHO.

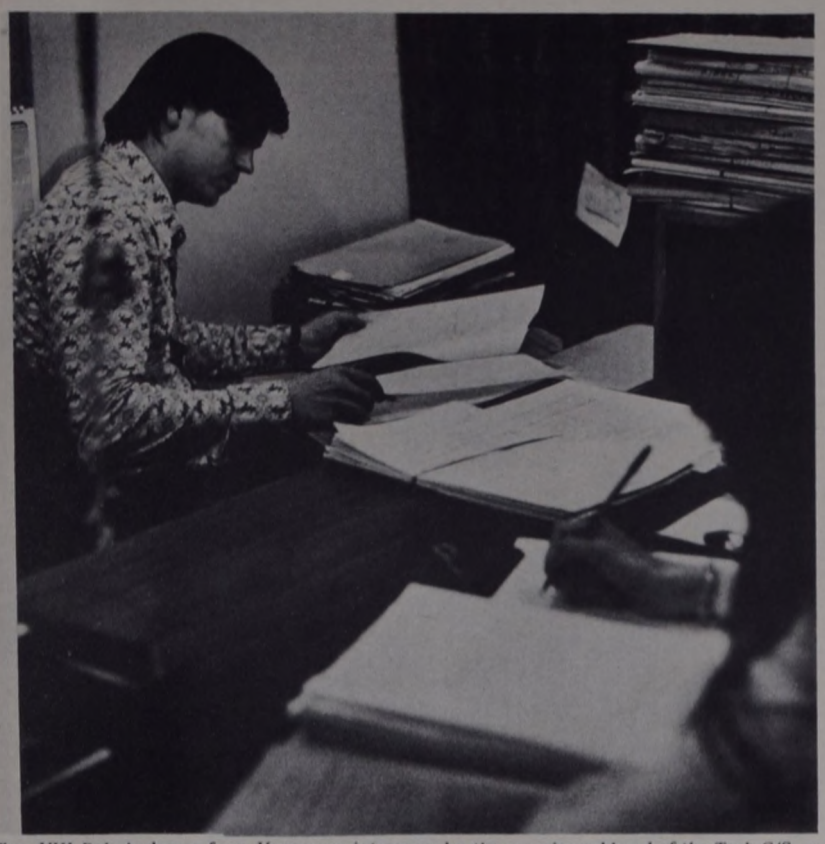

Don Rowley, VII Intern from San Francisco. "After auditing Power almost exclusively for several weeks, I've recently done several Class VI actions. They are now a total 100% breeze using my new-found Class VII TRs and comm cycle."

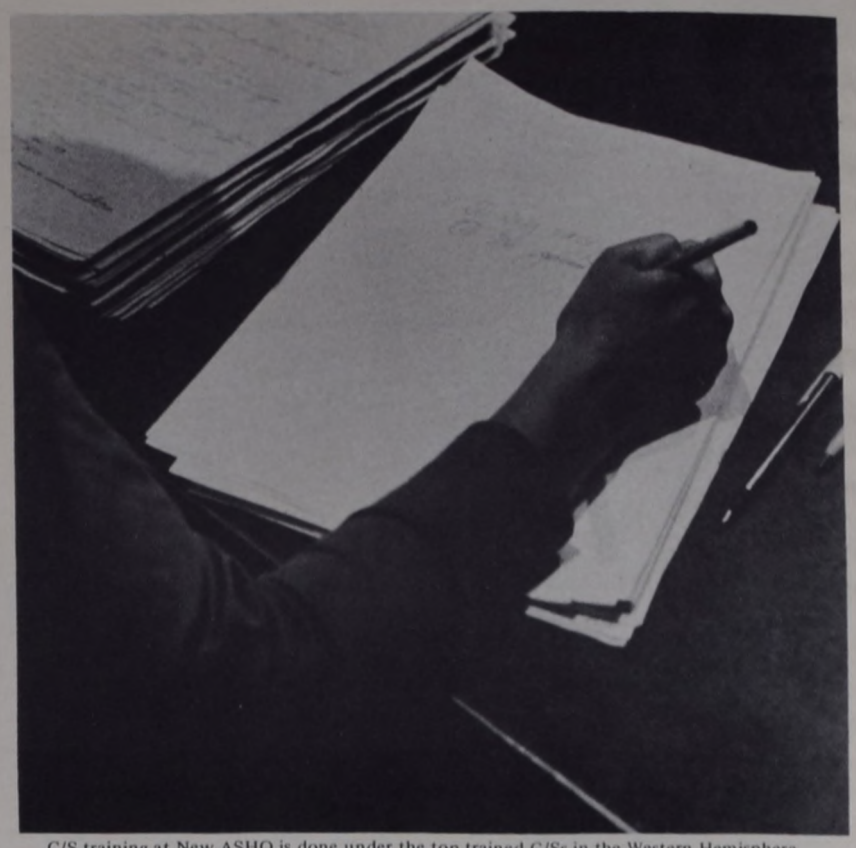

All students Intern at New ASHO after each course. Class VIs and above come in for Brush up and Internships.

LOW THREE

Standard C/S Training at ASHO for Certainty of Tech

Class VIII Bob Anderson from Vancouver interns under the experienced hand of the Tech C/S on the Class VIII C/S Course. "There is an important area in tech that most of us have overlooked, and that is the area of case supervising. I have finally cognited on its importance. Each flow brings cognitions and in my opinion you haven't gotten all the cognitions until you've done the 3rd flow. It fills in all the gaps and expands you into a bigger game. Another feature of training at ASHO is that the case supervision is 'spot-on'."

C/S training at New ASHO is done under the top trained C/Ss in the Western Hemisphere.

LOTS OF PEOPLE ARE TRAINING AT NEW ASHO

Paul Turnbull is at New ASHO from Vancouver to become a Hubbard Professional Course Supervisor.

Doug Yarbrough from Austin on the Expanded Dianetics Course at ASHO. "The materials, especially the tapes, of the Expanded Dianetics Course are enough to really change a person's viewpoint about auditing. It did mine! Having the Expanded Dianetic data has allowed me a much more powerful viewpoint on being able to help others."

Wendy Peterson from San Francisco beams as she is announced a Class VIII graduate. "Auditing on the Class VIII Course has been one of the most rewarding experiences of my life. The Class VIII Course has been all I dreamed of and more I never even thought possible."

NEWS FROM AROUND THE WORLD

NARCONON NEWS:

John Brodie Helps Start Narconon Group

Narconon continues to expand across the world.

In Palo Alto, an able team made up of John Brodie, OT VII, San Francisco 49-er star quarterback, and Dr. Frank Gerbode, former psychiatrist who is now in Scientology, along with Scientologists Deny Reyling and Cora Bailey, have established a Narconon program at Menlo Park College and a Narconon Center.

On May 25 a major drug conference is being sponsored by Narconon in Palo Alto for prominent citizens, educators, city officials.

Mark Jones, Class VIII Auditor and HSST (top level of case supervisor training), Director of Narconon, has just returned from a tour in Europe where he delivered a paper on Narconon at the International Conference on Drug Dependence and Alcoholism in Liverpool. The paper was well received and stimulated a group of Britishers to visit the Narconon headquarters in L.A.

Mark also visited the Narconon program just outside Stockholm. In operation about 8 months, the program, headed by Stig Björk, has enjoyed considerable local support. An event was held in the Sheraton Hotel in Stockholm where drug prevention officials, including a member of the Parliament there, received a translated briefing on Narconon.

A member of Parliament from New Zealand recently completed his visit to Narconon with considerable interest in the Narconon program. He has subsequently written that he has instituted a Narconon program in New Zealand.

Arthur Maren, Class VIII, U.S. Supervisor for Narconon, has just returned from Honolulu, Hawaii, where he addressed the Conference on Drug Abuse and Alcoholism with a talk on "Narconon: Communication Techniques in Rehabilitation" on May 5. Sponsored by the National Council on Drug Abuse, the conference was well attended, primarily by professional people. A new Narconon program was established at the Air Force Base in Honolulu during the visit, which was covered by local media.

The current Narconon program in Hawaii State Prison operated by Tom Pellegrine is doing well, and another program is soon to begin in the Women's prison in Hawaii.

Mike Roylance has just been launched to Delaware to direct the Narconon program in the Delaware Correction Center and establish a half way house in Wilmington. Fred Petersen, Deputy Director of Narconon in Delaware, has made Narconon known throughout the state with articles in leading newspapers.

Two new contracts with the State of California have been signed for programs in Youth Authority institutions O.H. Close School and Karl Holton School. Coordinated by Greg Zerovnick and supervised by Marquita Granda, Class VI, Jim Garrett and Ben Williams, many new participants have started the program.

100 participants are now on the program in the California Men's Colony at San Luis Obispo. Directed by Loren Troescher, the head supervisor is John DeCresendo and supervisors are Neil Jordan, Ron White, and Sherry Owens.

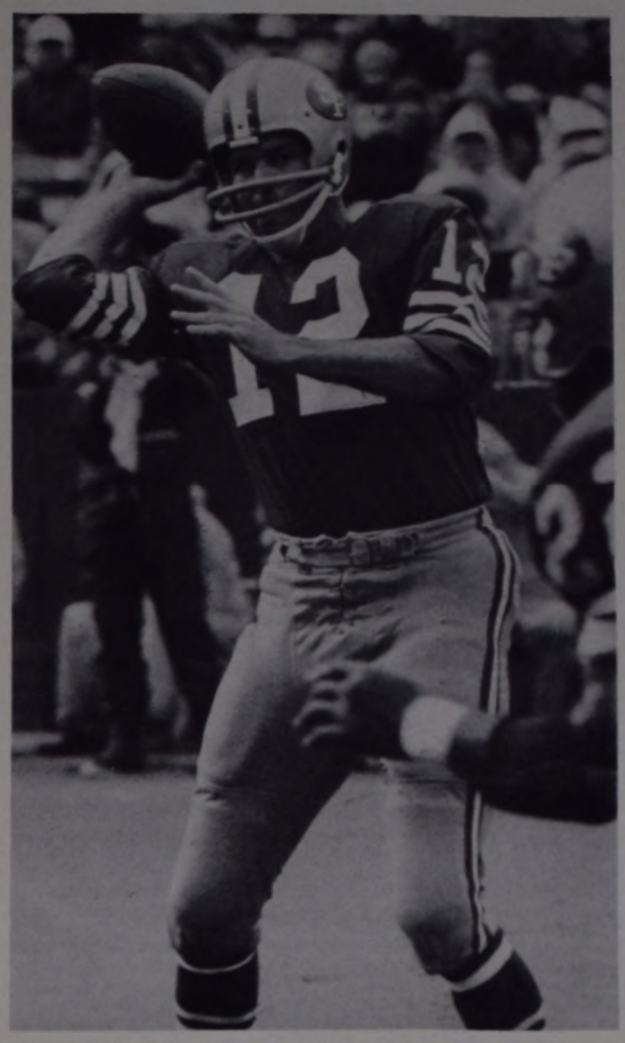

In Vancouver, Lillian Walle now has a group of almost 40 students on courses in the Oakalla Regional Correction Center.

Brent Davis, Director of Narconon in Texas, has recently established a program in Dallas, another in the Richardson Unitarian Church and a third in Austin.

The head of the YWCA in New London, Connecticut, is now on the board of directors for Narconon, having herself taken the Communications Course!

A new community program is forming in Sacramento under Jack Francis. Another community program headed by David Weigland, is operating in San Diego and in Dorchester, Massachusetts, Deac Finn is coordinating an expanding program in a local church.

The continuing effectiveness of Narconon in confronting and handling the problem of drug abuse using Ron's tech is demonstrated by its rapid expansion, spearheaded by dedicated and well trained professional Scientologists.

John Brodie, OT VII, star quarterback of the S.F. 49-ers.

Even an official in the California Department of Correction, writing to an enquiring official in New Jersey notes that of their volunteer and self help programs, "probably the best of these is Narconon."

**Narconon means non-narcosis, freedom from drugs and crime through increased responsibility.*

Surgeon Going Clear

Dr. John George, surgeon, solo audits his way to Clear.

Dr. John George, from Omaha, Nebraska, is now auditing on the Clearing Course.

For 27 years a specialist in obstetrics and gynecology, primarily a surgeon, Dr. George is now working in preventative medicine while in L.A.

As to how he became interested in Scientology in 1965, he explains, "I thought Man was a spiritual being. I had a couple of 'psychic' experiences, and I began to wonder about them. I started searching for the answers to the soul and couldn't find them anyplace. It occurred to me that a lot of people were sick because they had a sick soul." So he looked into Scientology and was later audited up through the Expanded Grades in Omaha, where he also did the Hubbard Standard Dianetics Course.

Of his Grade VA, achieved in 1972, he says, "Power was quite a revelation. From then on you can really start handling things a lot better. You have so much energy!"

Recent increases in his ability to perceive and communicate have come in very handy for him in talking to patients, many of whom do not tell a doctor the truth but expect him to guess! Dr. George finds he is much more aware now and so is a lot more effective at finding the real trouble. "A lot of abilities have come back to me," he smiles.

A Superliterate, Dr. George will be completing his OT levels and doing the Briefing Course, Expanded Dianetics Course and on up to Class VIII.

Scientology Applied to Business

Banker Doubles Loan Volume and Wins Promotion With Scientology

Disseminates Scientology to Bank Employees

Bruce Wiseman, Hubbard Dianetic Counselor from Walnut Creek, California, has been promoted in rapid succession to Assistant Vice President and as of June 1 to assisting the Senior Vice President in charge of loan administration for the Security National Bank.

In June of 1972, after steady progress with the bank, he was placed in charge of the installment loan department of one of the branch offices. During his 7 months there, he doubled the loan volume by application of Scientology organizational techniques to expand the efficiency of the department. He saw that each employee knew the exact purpose of his job, had a "hat" for his post, and kept individual statistics with conditions formulas applied. (See *Introduction to Scientology Ethics* by L. Ron Hubbard, the book Bruce keeps in his desk.)

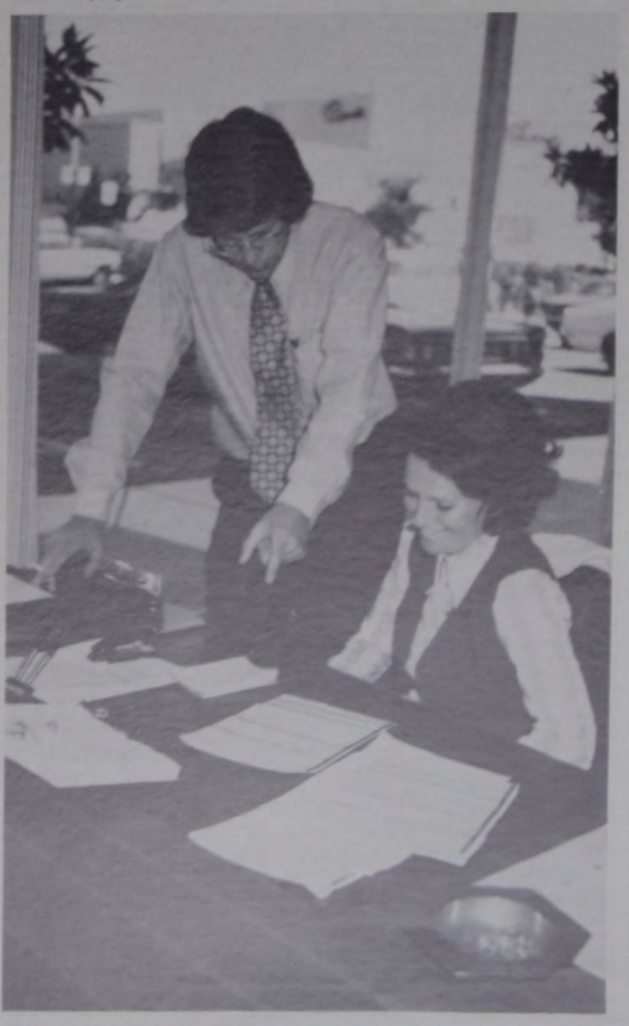

In January of 1973, due to his outstanding success, he was promoted to Assistant Vice President. That month, he gave a Communications Course for some of the bank employees with the help of Berkeley Scientologists. It was so well thought of that shortly after, the management of the bank asked Bruce to set up a training program for the entire bank.

For the last few months he has been conducting seminars for the staff of various branches of the bank on the communication formula and the ARC triangle, and how these can be used to improve service. The seminars have been very well received and the general tone of the bank staff is much improved.

In his new position starting this month, he will be helping to oversee all of the bank's lending activities and training all of the account executives joining the bank.

"To say my Scientology auditing and training has helped is an understatement," Bruce says. "My auditor training has made dealing with our customers and staff a real pleasure. There is not a thing good smooth TRs cannot handle! Scientology makes life in the business world a great game," he sums it up.

Now being audited on Dianetics, he will shortly be doing the Primary Rundown. He and his wife Susan (a teacher), plan to be Clear by June of 1974.

Bruce Wiseman, executive at the Security National Bank in Walnut Creek, California, uses Scientology administrative techniques to train bank employees.

DIANA AND QUENTIN IN BOSTON

Ron's beautiful daughter, Diana, showed the crowds the expansion of Scientology over the last 10 years at the Boston event on May 9. Her brother Quentin talked about Ron and about being a C/S and about Scientology Tech.

Nearly 1000 people attended.

Diana and Quentin left the next day. When their flight was scheduled to leave, there appeared a huge double rainbow spanning the whole city of Boston—a beautiful close for the celebration of the 23rd Anniversary of DMSMH.

TRIPLE FLOW TRAINING SUCCESS

GETTING ALL THE THEORY

I've realized how very important it is for a Class IV to get moving and do the Briefing Course. A IV can run processes very effectively with the data on the levels—but not half as effectively as a person who knows all the theory and development of those processes.

Intention of the auditor is a major factor in how many gains a pc will make. By thoroughly knowing what you're doing in a session and why you're doing it you can muster so much more intention and your pcs will make many, many more gains.

BETSY HIRSCH, SHSBC student from S.F.

THE ONLY WAY

While reading Dianetics, the Evolution of a Science in 1950, I was greatly impressed with what seemed to be a good, solid, workable theory that could be applied, unlike any of the earlier books on the mind I had read. I am trained in Engineering, where the test of a thing is the degree of its workability.

My first session in Scientology produced a spectacular result, triggering a line charge which lasted over 12 hours, and leaving me not quite the same. I went on to take the HCA course in 1959, and the HSDC in 1971.

I have always had many abilities, but could not really use them, and realized I was putting barriers in my own path. The study of Scientology has changed my life, both with respect to my work and my marriage.

I am now at work on the SHSBC, and the deeper I get into it the more I am impressed with Ron's accomplishment, and I consider it a great privilege to be getting this data.

I consider the word clearing technology to be a great contribution to the field of learning, and use it constantly in my studies. It has made studying easy and fun.

If you have any doubts about the workability of Scientology you can put them aside. I have been over that route and I am happy to report my original estimate was correct. This is the only way.

LEON FICK, HCA

MOST PRACTICAL COURSE IN 23 YEARS

I've taken a lot of Scientology courses in my Scientology career, but this Dianetic Internship is the most practical one I've ever taken in 23 years of Scientology.

I was not nearly using all the Dianetic tech that was available. The TRs were fabulous and also the good C/Sing and supervision. This makes auditors.

LOUIS JORDAN
Class VI, field auditor

CONFIDENT AUDITOR

Last year I took the Academy levels and 0-IV Internship at ASHO. I have been auditing here in the Mission the last few months, doing really well both as an auditor and a being. Lots of the thanks go to my Class VIII C/S Janet Nelson, but I'd like to thank all terminals at ASHO who made it possible for me to get tech and apply it standardly.

I feel comfortable and confident to handle what comes up in auditing. I will be soon coming back to do the SHSBC.

Love,
JASANA CROWIE
Vancouver

THE WINS OF A C/S

I have experienced a definite shift in viewpoint. I can envelope about three times as much space and extend my skills about three times as far. My responsibility is no longer confined to an auditing room, or to one or two pc folders daily, but rather to many pcs, auditors, a whole HGC, Qual, and to a large measure the entire organization.

You must be yourself and know you are a good experienced auditor.

As an HSST I have learned I must be an uncompromising zealot for Standard Tech. I knew as a Class VIII there are no variables in Standard Tech, but from seeing so many cases win from Standard Tech, it no longer is something that I should know but rather I KNOW that it just is. My happiest moments on this course have been when I was as Standard as I could be.

Finally there is a personal reward. There is an Executive Directive on the HSST (Class VIII C/S Course) where Ron says that a good Class VIII Auditor is worth gold to an Org. But a good Class VIII Auditor and C/S is worth diamonds and gold.

It's nice to know you can be considered so highly prized—so very valuable.

BRUCE LEVINTON
CLASS VIII, Class VIII C/S, New York

POET'S CORNER

THE PHILOSOPHER

It has been said,
by poet and sage alike,
that within each man burns
the fire of ten thousand different suns.

"Then tell me why?",
pleaded the poet,
"Why has man grown dim?"

"Yes, tell me why?",
sang the minstrel,
"Is there so much less of him."

"I know why,"
uttered the sage.
"There is a blotch
on the souls of men."

"Don't tell me why,"
said the philosopher.
"I'll find out.". . . . and he did.
