# Accent on Ability

## by L. Ron Hubbard

L. Ron Hubbard, Founder of Scientology

Almost anyone realizes that he can be better than he is, that he can do things better than he has been doing them.

One can always understand that his ability can increase, because in the direction of an increase in ability is further understanding. Ability is dependent entirely upon a greater and better understanding of that field or area in which one cares to be more able.

In the absence of understanding of ability we get a fear of loss of ability, which is simply the fear of an unknown, or a thought-to-be-unknowable thing, for there is less knownness and less understanding in less ability.

Part of understanding and ability is control. Of course it is not necessary to control everything everywhere if one totally understands them. However, in a lesser understanding of things, and of course in the spirit of having a game, control becomes a necessary factor. The anatomy of control is start, stop and change.

In modern instruction at Academies of Scientology, there is little or no emphasis placed upon the case of the student, and yet when the student graduates he is discovered to be in a very high tone.* The entire concentration is upon giving the student the ability to handle any and all types of case, and he becomes sufficiently secure in his ability—if he is graduated—to walk without any fear and considerable calm through any and all areas of human aberration. He has been given the technologies by which these misbehaviours of Life can be controlled. In view of the fact that he can start, stop and change them he need no longer fear them, and could with impunity work around the insane if this were his mission.

The handling of psychosis, neurosis and psychosomatic illness do not happen to be the mission of the auditor. The mission of the auditor is in the direction of ability. If he increases the general ability of the preclear in any and all fields then, of course, any misability such as those represented by psychosis, neurosis and psychosomatic illness will vanish. The auditor, however, is not even covertly interested in these manifestations. Around him he sees a world which could be far more able. It is his business to make it so.

One well-trained auditor working with group processing in the United States Air Force could treble the number of pilots successfully graduated from a school, and could reduce the crash toll of high-speed planes by fully three-quarters. This is not a wild statement. It is simply an application of the research data already to hand. The mission is greater ability, not an eradication of inability.

Just to give more understanding to those around him could be said to be a sufficient mission for a well-trained auditor, for by doing so he would certainly increase their ability. By increasing that ability he would be able to increase their Life.

And what does he do about "how bad it is"? Well, if one depends for a long time upon others to do something about it, or depends upon force, he will fail. From his viewpoint the only one who can put more Life, more Understanding, more Tolerance, and more Capability into the environment is himself, just by existing in a state of higher Understanding. Without even being active in the field of auditing, just by being more capable, an individual could resolve for those around him many of their problems and difficulties.

The accent is on ability.

## Seven New Scientology Churches form in Canada!

In July, 1973, L. Ron Hubbard wrote that he wanted to see a Scientology Church in every city over five hundred thousand people.

Since that time, Bryan Levman of Canada has been active in forming many organizations.

Two of the new Churches, Ottawa and Montreal, are now fully established as forming Churches of Scientology, and the other five, Halifax, Niagra, Hamilton, Winnepeg and Regina, are well on their way to full recognition.

Church missions in Windsor, Quebec, Edmonton, Calgary and Vancouver also exist, offering basic Scientology services to the public.

All of this is in addition to the already established Churches of Scientology in Toronto and Vancouver.

# *Scientology Academy Training*
# *Increases Ability*

If you could understand and handle other people, you'd be a long way toward a happier life. After all, isn't it the unpredictability of what other people will do which sometimes makes things come out not quite the way you intended?

The most basic things you need to know about why people act and feel the way they do are given on the Hubbard Standard Dianetics® Course and Academy courses at your nearest Church of Scientology.

The Dianetics Course deals with the spirit and its influence on the body, causing psychosomatic ills. This 4 week course teaches the student how to handle these influences.

Ron's researches over the last 35 years have disclosed what things can interrupt life and auditing. Each of the five Academy levels deals with one of these barriers to auditing or living and teaches you how it can be handled.

Each level is short and can be done in about a week of full time study. Bulletins written by Ron and several taped lectures selected from the vast Saint Hill Special Briefing Course materials are studied to cover the essential parts of each level.

FREE from other students (professional counselling from fully trained Scientology ministers on these grades of release at an hourly donation is also available for those who prefer it).

**WHAT NEXT?**

Though as a Level IV Auditor your understanding of life is better than you had ever believed possible, any Level IV Auditor will quickly find there are still some life and auditing situations he is not fully able to handle.

Ron's Saint Hill Special Briefing Course (Levels V and VI) is the perfect next step. It contains the COMPLETE data on the subjects you have studied in short form on the Academy levels, to give a full, professional grasp of the data and its use in all aspects of life and auditing.

Briefing Course students also co-audit to complete their Grades, so the Academy student need not finish Grade IV before beginning the Saint Hill Special Briefing Course.

The Briefing Course student receives his Grade VA (Power) Processing at 50% professional discount, and receives his Grade VI Release materials free upon graduation from the Briefing Course!

These are the abilities you will be able to restore to another at each grade:

# Saint Hill Special Briefing Course Graduates Go to Czechoslovakia

The Church of Scientology was invited by the First International Congress of Parapsychology and Psychotronics (the study of spiritual effects on matter) to present a paper at their 7 day conference held in Prague, Czechoslovakia, in June of this year.

The congress was attended by about 300 people, the leading scientists, sociologists, mathematics and physics professors of the world.

The group representing Scientology consisted of Ingo Swann, Class VI Auditor and OT VII (very well known in para-psychological circles and the subject of many published articles including Time magazine); Artie Maren, Class VIII, OT VII, Director of Scientology Public Relations for the U.S.; Dr. Hal Puthoff, OT VII, Professor of Physics at Stanford Research Institute, who has done extensive research on OT phenomena with Ingo Swann; Adrienne Kennedy, Educator and Scientologist working with Applied Scholastics.

The first Scientology presentation was by Ingo Swann, which brought out his success in ESP (Extra Sensory Perception) research, tying in the Dianetic and Scientology technology to that success. The second presentation was by Dr. Hal Puthoff concerning his experiments with Ingo and the results. A demonstration of a magnotometer (a device that measures magnetic reactions) experiment brought much attention from the audience when Ingo was able to influence it though it was buried in concrete, shielded by glass housing to avoid air currents, with an anti-magnetic field, and encased in a vacuum.

The Scientology representatives had considerable discussion about Scientology with the scientists present, and many were given copies of The Axioms (some translated into German). While at the conference, several Czech medical doctors were found to have obtained copies of **DIANETICS, the Modern Science of Mental Health** previously at a bookfair in Poland, and were quite enthusiastic about the research.

In the abstract of his paper (published in the volume recording the presentations at the conference), Ingo explained that "the modes and methods of Scientological inquiry have emerged during a time in which man's cherished view of himself as a mechanistic organism has come under observation and challenge. . . . He (Hubbard) introduced the concept that the considerations which the conscious or psychic entity holds take rank over the mechanics of space, energy and time. Since this was by observation obviously not the usual case, he suggested that the individual was in an inverted state and that the primary goal of Scientology would be to bring an individual into such thorough communication with the physical universe that he could regain the power of his own postulates. . . He further indicates that the freedom of an individual depends upon that individual's freedom to alter his considerations of space, energy and time and forms of life and his roles in it. . . . The end point of the Dianetic and Scientology rehabilitative processes is considered to be the ability to be conscious and causal in any desired direction of activity. . . " The abstract included footnoted references to several of Ron's works, **Scientology 8-80, The Discovery and Increase of Life Energy; Control and the Mechanics of Start-Change-Stop; The Phoenix Lectures; The Creation of Human Ability.**

Both presentations were very favorably received, with much interest on the part of congress attendees from all over the world.

Class VIII Auditor Artie Maren (right) shows how THE AXIOMS of Scientology apply to all fields of knowledge.

One eminent scientist from the USSR exchanged addresses with Dr. Puthoff, requesting full data on his work with Ingo, and one of the best known scientists in West Germany, the Chairman of the Science department at Frieberg University, offered Ingo an invitation to visit his university for further discussion and experiments.

Seeming to transcend political and idelogical boundaries, the conference was a gathering of beings from all parts of the world with the aligned purpose of verifying "unknown" phenomena.

Artie Maren, a Power Class VIII Auditor, observed on the tour that "having the personal benefit of the Saint Hill Special Briefing Course, making happen in the environment what I want to happen is very easy. Knowing the mechanics of the mind and having had the practical experience of auditing 100s of hours are an advantage that puts any game practically in one's back pocket at the start. My own personal motto is 'effective cause well demonstrated.' (L. Ron Hubbard). With Briefing Course tech and experience that's a product one can achieve regularly."

Class VI, OT VII Ingo Swann (right) and Dr. Hal Puthoff, OT VII, meet the day with a smile at Stanford University.

## "FREEDOM" EXPANDS

**Freedom, The Independent Journal of the Church of Scientology,** is about to launch a major expansion campaign.

According to Bill Good, **Freedom's** Associate Editor, **Freedom's** distribution has already topped 350,000. "The time has come," he said, "to really push **Freedom** into national recognition as the reform journal. This means we will begin converting to a regular monthly schedule. It means we will start getting **Freedom** sold on newsstands, and it means a major national advertising campaign."

"We have found," he said, "that where there has been heavy **Freedom** distribution, people start reaching for Scientology. By launching major crusades to clean up some of society's rotten spots, we are really making it known that Scientology is here to stay and that Scientologists are the people who are making things go right." **Freedom** is distributed, he said, to every Congressman and Senator, to every state legislator and to thousands of news media across the country. As a result, Scientology has achieved some remarkable acceptance.

Among Freedom's wins in the past year have been:

–Publication of "The IRS Papers," a bound volume of Internal Revenue Service documents which exposed previously concealed and harmful IRS practices. This volume was instrumental in sparking a major Congressional investigation of the IRS.

–Getting "Is Work Necessary?", an article by L. Ron Hubbard reprinted in the Boston Herald Travellor, one of the largest newspapers in New England.

–Launching a new program of "**Freedom** Cavalcades," in which **Freedoms** are handed out in dozens of cities around the country. This program has resulted in more than a hundred radio, television and newspaper accounts of reform activities begun by the Church of Scientology.

To increase the reach of **Freedom**, more Scientology correspondents around the country are needed. "We have found," Bill said, "that there are a lot of Scientologists not already on staff who would like to contribute articles. Scientologists are, after all, the best communicators on the planet–and **Freedom** can certainly use the help of those who are interested in getting it widely known that Scientology is here to make the world a better place."

(Ed. Note: anyone wishing a sample copy of **Freedom** and a questionnaire for prospective writers should write to: Bill Good, Assoc. Ed. Freedom, 5930 Franklin, Ave., Hollywood, Ca. 90028).

# St. Louis Church grows rapidly with return of staff trained at New ASHO

The St. Louis Church of Scientology has become the fastest growing in the Western Hemisphere, producing more Class IV Auditors and Grade IV Releases than any other Church.

What's new about St. Louis?

"Last week we sent 5 pcs to ASHO for Power Processing and the flow across the Bridge will continue and undoubtedly increase," Barbara Wilhite, Class VIII C/S at St. Louis.

First, the return of Class VIII Barbara Wilhite after Case Supervisor training at ASHO. "When I came back to St. Louis I was able to take the pc releases from 4 to 6 a week to 43 in one week. The certainty I had as a trained C/S was a key factor," Barbara says.

The St. Louis Church of Scientology has continued to grow even faster since Barry Klein, just graduated from the Class VIII Course at New ASHO, arrived in St. Louis as the Qualifications Secretary.

New space has been acquired across the street from the Church to accomodate the increasing numbers of students and preclears. Great tribute goes to the Executive Director of the Church, who is herself a Class VIII and Flag Executive Briefing Course graduate, and to its entire dedicated staff, who have implemented Ron's technology and policy so well and who see that they themselves are well trained in it.

*A New Program*

# To Get More People Into Scientology

The New American Saint Hill Organization announces the beginning of a new program to get more people in Scientology and moving up the Bridge to greater ability and happiness.

To contact the millions of people on this planet, Scientologists are appointed all over the world to act as "Field" Staff Members (FSMs) of Scientology Churches.

These FSMs introduce people they know and meet to Scientology, select them for the services they need and send them to a Scientology Church to start their services.

TRAINING AWARDS

FSMs have traditionally been given a portion of the total service donation made by the persons they select, to assist them in getting their own further training and processing faster.

What's new and exciting about this FSM program is that in addition to this, an FSM can be awarded sections of the Saint Hill Special Briefing Course according to the number of people he sends to ASHO for services each quarter of the year.

FSMS GET MORE TRAINING

This enables the FSM to get his own training on the Saint Hill Special Briefing Course much sooner by simply doing what he does naturally as a Scientologist, which is telling other people about Scientology!

THE AWARDS

For each 2 people who are selected and arrive for a major service at ASHO in any given quarter (January 1-March 31, April 1-June 30, July 1-September 30, October 1-December 31) the FSM who selected them is awarded one section of the SHSBC (there are 5 sections).

IT ALL ADDS UP

The award is cumulative from quarter to quarter. If you win 1 section of the Course next quarter, and 4 sections the following quarter, you have your Saint Hill Special Briefing Course!

This program is available to both individual FSMs and to missions and Scientology Churches who send students and preclears to New ASHO.

If an INDIVIDUAL FSM earns an SHSBC who is already a Class VI Auditor, he may apply an equivalent award to his next training step at ASHO.

| | |
|---|---|
| 2 people | 1 section of the SHSBC |
| 4 people | 2 sections of the SHSBC |
| 6 people | 3 sections of the SHSBC |
| 8 people | 4 sections of the SHSBC |
| 10 people | 5 sections of the SHSBC |
| | (The full course) |

HOW TO USE THE TRAINING AWARD

All FSMs receive quarterly notice of who has won awards that quarter. When you are ready to start your course, just present your copy of the list of winners that includes your name to the Registrar at New ASHO.

HOW CAN YOU BECOME AN FSM?

If you are not an FSM for ASHO, and would like to participate, simply write the Director of Clearing at New ASHO to find out how to become eligible.

TRAINING AS AN FSM

The Director of Clearing will also see that you are fully TRAINED as an FSM so that you will be very successful.

LET'S GET MORE PEOPLE INTO SCIENTOLOGY AND UP THE BRIDGE!

There are few things more valuable or more satisfying than starting someone on the road to full freedom and ability with Scientology, and seeing that he makes it all the way.

The individual Field Staff Member is the one responsible for his selectees making fast progress up the Bridge.

We'll have a Cleared Planet soon if each one of us does his part! Being an active and successful FSM is a rewarding and fulfilling way to help people while getting the training YOU want as a Scientologist.

So send lots of people to ASHO for services this quarter and win the SHSBC for yourself.

Write the Director of Clearing, New ASHO, for more information.

# Announcing!

# A New Book by L. Ron Hubbard

# MISSION INTO TIME

**This is MISSION INTO TIME!**

Ron recalled actual places from his past lives. Survey teams went out and, according to Ron's directions, *actually found these locations.* The moments of re-discovery are documented by photos, maps, interviews with the missionnaires and detailed descriptions of the finds.

**Indisputable Evidence Proves Man is a Spirit!**

*Mission Into Time* would convince even the most skeptical readers that you can recall your past and that past lives exist.

Here is documented evidence that confirms the fact that Man is a Spirit and not a body. And that he lives on, again and again and again, lifetime after lifetime.

**A Thrilling Adventure**

This book is definitely for you and for your friends.

Anyone has wondered "have I lived before?"—or experienced that peculiar feeling "I must have been here before. . ." while knowing it is "impossible."

This revealing book gives the true answers to these previously unsolved questions in a way that everyone can understand.

This book will validate many of the "hunches" you always thought were right but never had detailed, physical evidence to prove.

Ron gives you greater insight into who you are and who you have been.

**L. Ron Hubbard, a Boy Scout?**

Did you know that Ron was the youngest Eagle Scout at age 12? The most complete biography of Ron ever published will show you the details of the remarkable life of this amazing man. No armchair philosopher, this man, but an Explorer of Two Realms.

**Whole Track**

"Whole track" is the moment to moment record of a person's existence in this universe in picture and impression form.

Did you know that in ancient Egypt, if you said there was no such thing as a past life you would have been in trouble? Times and customs change but the truth of the whole track does not.

*Mission Into Time* will give you a reality on the whole track you won't ever forget. . . .

**A New Book for Dissemination**

A complete glossary is included so all unfamiliar words can be looked up easily.

Just carry the book around and watch people get curious! This is a book your friends will all want to read. Sell them a copy when they start asking about past lives and you'll find yourself making some new Scientologists.

**The Truth Behind Failed Civilizations**

History books have a lot of catching up to do to finally tell the truth about what really happened. *Mission Into Time* contains the real reason ancient civlizations failed.

**What one of the first readers said:**

*"A most enlightening, enthralling, enjoyable and even humorous book. I didn't know all those incredible things Ron did before he developed Scientology. That was as much a surprise as finding out why ancient civilizations really fell. And the color photos! What a book! I couldn't put it down. . . ." R.H., Calif.*

**A Beautiful Christmas Gift**

*Mission Into Time* is the perfect Christmas gift for your friends this year, Scientologists or not.

Not only is this a fascinating, entertaining story in itself, but this book will give them a whole new outlook on Man as a spiritual being.

Order your copies TODAY to be sure you get your books in plenty of time to mail your friends for the holidays!

# What do you give a Scientologist for Christmas?

SCIENTOLOGY!

Scientology Books and Services are the only gifts of lasting value. Given the knowledge with which to understand, or the freedom with which to do, a person can do or acquire any other thing in this universe.

So give Scientology books and services this Christmas.

Uncertain which books the person already has? Here's the answer!

THE CHRISTMAS BOOK GIFT CERTIFICATE. This allows the person to use your gift toward whichever Scientology or Dianetic book he needs most. Red and green on heavy glossy paper, the gift certificate serves as an ornamental greeting as well as being the most useful gift.

Can be made out in any amount you specify.

But how about the long time Scientologist who has a full library of books by L. Ron Hubbard already?

EASY. A gift certificate for his next training or processing. You can help him go Clear this Christmas or increase his training level. Red and green on white like the Book Gift Certificate, but with different text. Like the Book Gift Certificate, it can be made out for any amount.

MAKE YOUR FRIENDS REALLY HAPPY THIS YEAR! Give Scientology Gift Certificates.

Just address your order to GIFT CERTIFICATES, New American Saint Hill Organization, 2723 W. Temple St., Los Angeles, California 90026.

Write out the full name of each person you want to send a gift certificate, with the amount. (Specify BOOK or SERVICE.) Make checks payable to ASHO.

This year, save a lot of Christmas shopping time and be certain you've made the right choice. Write for your Christmas gift certificates today!

# TRAINING INCREASES ABILITY

## *The wins of Auditors...*

### *Academy Successes*

Handling and controling my environment to a more causative level is what I got out of training on Levels 0-IV. A Class IV auditor is what I always wanted to be and now I am shooting for Class VIII. I look around and I see what a positive effect I could cause in my environment, and I say WOW—if I was Class IX there would be no limit. And I really don't think there is with Scientology.

REY ROBLES, Class IV

I enjoyed the course and am very excited at the prospect of using my new skills. There seems at last to be a possibility of acting on my original purpose line to help people improve their lives, which started when I was a child, continued through my studies of philosophy and psychiatry and now culminates in what is simplest, most elegant, and most applicable.

I have experienced this tech working on me and I know I can make it work on others.

SARGE GERBODE, Class IV

What's amazing is that it's all there, step by step, the gradient is so subtle, so gentle that it's almost by looking back that you see the road up step by step, gently, surely upward.

And to watch a pc slowly take that step, to see him cognite and laugh. . . what a trip! I love to watch people laugh and share it. And that's what auditing is all about.

DONNA SEYLE, Class IV

My cognition on this level is that man is basically good. The reasons why he acts badly are contained in the data of this and the other levels. The data of how to return him to his basic goodness is also in the materials.

Scientology IS the road to freedom. I have the tech now to get a being on his way.

STEVE HELGESON, Class IV

## *and the wins of those they audit....*

Completing Grade IV Expanded is more like a beginning than a completion. The abilities gained and lost are exactly as stated on the Grade Chart. I am much more able to observe and reach into all areas. My life is exciting and happy, calm and pleasant. I had two great auditors, Sharon Dunford and Anne Marie Peterson.

GAY CHACON, Grade IV

The ability to be myself and be happy being myself and the way I am, which comes from knowing who I am and why I am that way is an ability of the first magnitude.

My energy level has risen dramatically. It's a very free, open and clean feeling.

My ability to confront has increased also. It's much easier, safer and saner to handle a situation (locate source of upset, problem, etc.) rather than breaking into tears, ranting and raving, slamming doors, throwing breakable items, etc. I have reached a very stable plateau. Previously I felt I was walking a tightrope with very little space of my own. I now am walking on a wide smooth surface and welcome people into my space.

J.A.K.

The wins are proving to be tremendous. My typing skills increased immediately; my error rate virtually disappeared.

My blook pressure went from 178 to 130 (which by the way is VERY GOOD for someone with a body like mine considering the little attention I keep on it).

My inflow at the office doubled the first 3 weeks.

My lability to confront came way up. I've been handling my family with no emotional upsets on my part.

ELLEN RIGGS

It has become more than evident to me that total and complete wisdom of oneself, his 'environment' and his fellows is easily attained through the application of Scientology. Power is by far the most powerfully beautiful experience I've had yet in Scientology. The funny thing is, they keep getting better as you climb the gradation chart, each step contributing to the next.

There are no superlatives in the human language that can describe the 'states' of awareness and being attainable here. I just feel oceanic and majestic and the way I've always known I am.

All the beauty in the setting sun, the purple mountains, the powerful waters or the gentle wind can't come close to the beauty of each one of us.

JIMMIE SPHEERIS, Grade VA

FROM A CLASS VI AUDITOR . . .

I wish to say a very humble and sincere thank you for the wonderful beings here at ASHO who through their dedication and personal sacrifice make it possible for a thetan to go free.

VERN GALE, Class VI

When I ran this level as a pc it was really a mystery to me why I no longer had problems.

Now that I've studied the materials I know why. The other 50% of the gain is great to have.

LYMAN SPURLOCK, Level I

This data will change your life.

Sometimes I wonder how people can survive without this data (they probably don't).

Onto Level III and up the Bridge.

MIKE MALLEN, Level II

## *Saint Hill Special Briefing Course Successes*

After awhile on the Briefing Course it becomes really apparent who you are and what you're doing here. I I think that's what we've been looking for all along and it's here waiting for you!

CLARK BAIER

This week I've gone through about 14 generations of change on my Briefing Course—or better put—everyone's Briefing Course. Join me.

GARY JACOBS

Doing the first part of Level V was incredible—you're 'right there' as Ron is constantly developing and expanding processes of higher and higher wins for pcs. It was great following this and getting a reality on how the processes were developed.

ED MOONEY

ASHO is fantastic.

The SHSBC has been the most rewarding experience of this lifetime. I feel very appreciative to have been here.

DIANA KIDWELL

I know I can do those actions I have trained on and it feels marvelous.

Without training you take your chances. With training you know what exists and you know you can handle it.

HOWARD STENINGER

# Why Go the Training Route to Clear? Here's what Ron says...

"I think of an auditor as a person with enough guts to DO SOMETHING ABOUT IT. This quality is rare and this quality is courageous in the extreme.

If this world has any faintest chance of surviving it will be not because I write but because auditors can and will think and do."

"A trained Scientology auditor, applying Standard Tech, is one of the most valuable beings on this planet.

Anybody who wants to help his fellow man can become an Auditor."

"... the moment a person starts training, he's already walking a track which is higher than the track to Clear."

"A fully trained Scientologist is in a far better position to understand than a partially trained one. For a Scientologist who really knows is able not only to retain confidence in himself and what he can do, but also can understand why others do what they do and, so knowing, does not become baffled or dismayed by small defeats. Because Auditing skill is a discipline in living and a know-how of the parts of life which is in itself something new in the universe.

Training is definitely, definitely, definitely a part of the route to O.T."

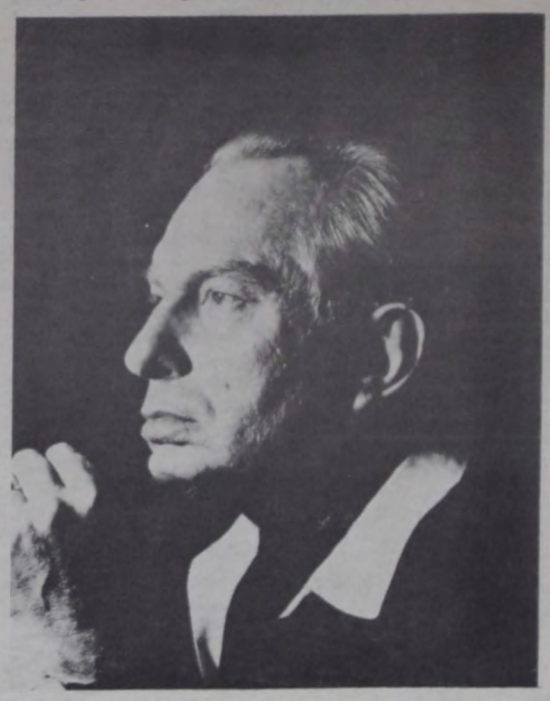

"Auditors survive better than other people."

"Oddly enough the best time to study auditing is when you're aberrated–when the thing looks impossible, when you can achieve subjective reality on the grimness of it.

Processing gains are parallel to education gains and the two balance. 50% of a case gain is from processing, 50% from training."

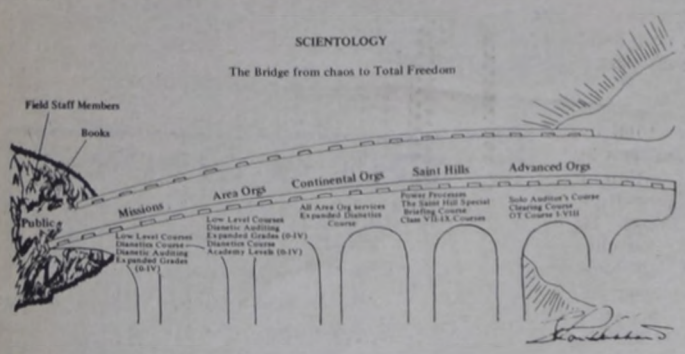

"As Scientologists, we seek the evolution to higher states of being for the individual and for society. By equipping more and more Scientologists through training with a brilliantly workable technology, we are achieving our aims."
