WHAT IT MEANS TO BE A SCIENTOLOGIST

by L. Ron Hubbard

The bulk of the human race is walking around with the belief that there is something wrong somewhere, but they don't quite know what it is. The hideous thing is that people at large are not aware of a very interesting thing– that anything at all can be done about anything.

Now some place along the line, some group had to take over the responsibility of turning the tide of this course of thought. That's Scientology. Improvement is the common denominator of all our ideas. We have know-how. Scientology, for the first time in Man's history, can predicatably increase ability, and permits Man to escape from the dwindling spiral of his own disabilities. Life can be put back into the devitalized. One can take the so-called "normal" person and send his state of being up to levels of brilliance and success not possible before. And it can be done with Scientology.

One of the great truths of Scientology is that increased awareness is the only factor which offers any road out. That is an awfully simple truth, but you'l l find out that people don't know that. They think that less awareness is the road out – and that is the road down into the basement.

This is a pretty daffy planet in a rather strenuous universe. When you start to introduce order into anything, disorder shows up and blows off. Therefore, efforts to bring order in the society or any part of it will be productive of disorder for a while. The more able people we have, the better we can control the confusion of an area. A group is as capable as it contains capable individual members. The more people who are trained, the more successful we will be.

We're not now in this for play. Our personal futures depend on keeping going and making no major errors. It isn't a question of "Is there something else?" There isn't. Nobody can be half in and half out of Scientology. Scientologists are Scientologists no matter what they do for a living. The prize is regaining self and going free. If we're going to make this, we have to work at it personally, and as a group and work well. Therefore every Scientologist should understand his own technology, codes and procedures. And use them.

That's the main lesson. We are the only group on Earth that does have a workable solution. It's time we realized it and used it, every one of us. We must set a high example of teamwork and dedication if we are to bring it off.

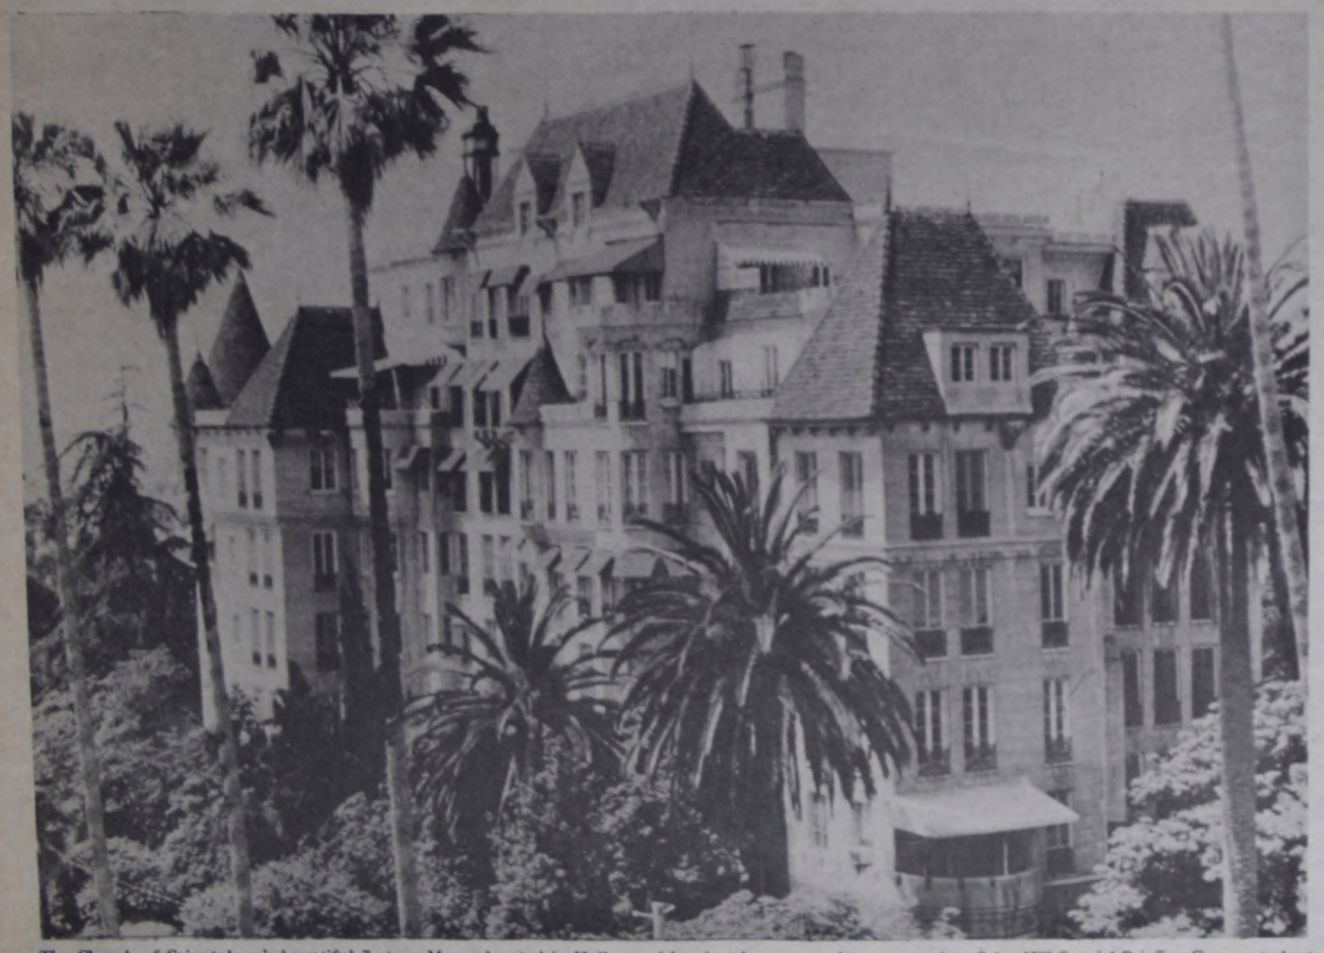

Scientology can and does change human behavior for the better. It puts the individual under the control of himself – where he belongs. It handles the basic rules of life and it brings order into choas. So let's grow up to our own technology and take responsibility for it. And do our jobs as Scientologists to the world.

My purpose is to bring a barbarism out of the mud it thinks conceived it and to form, here on Earth, a civilization based on human understanding not violence.

That's a big purpose. A broad field. A star high goal.

But I think it's your purpose too.

What is the Saint Hill Special Briefing Course?

The Saint Hill Special Briefing Course is the most far-reaching course in Scientology. It gives the student a tremendous ability to handle life with a deep understanding of people. The basics of what Scientology is all about are studied in detail on Ron's Saint Hill Special Briefing Course.

"Saint Hill" is the name of the Manor in England where L. Ron Hubbard first gave professional auditors the Special Briefing Course.

"Special" means "of a kind different from others; distinctive; unique; extraordinary."

"Briefing" means "the giving of all the pertinent facts about a planned operation."

"Course" means "a complete, progressive series of studies necessary for graduation."

On the Saint Hill Special Briefing Course, you see Scientology from the start all the way forward to the end of Ron's Special Briefing Course at Saint Hill England in 1966. At each step YOU are there. You follow the exact line of research and study all Ron's books, bulletins and lecture tapes in the order they were issued.

You also do practical demonstration and drills with the material you study, and apply it directly by auditing other students while on the course. (You receive auditing from other students too).

The sheer volume of materials studied would make this a special course – there are more than 360 of Ron's lecture tapes filled with fascinating discoveries, the 160 original Professional Auditors' Bulletins, plus many more bulletins and all of Ron's books.

But what is most special is the value of the abilities gained on the course. The ability to handle people and to help them, with the exact correct application of Scientology, along with the ability to make one's own life a success, are truly the most valuable abilities a person could have. Only on Ron's Saint Hill Special Briefing Course can you get the philosophical and working understanding of life that makes these abilities possible.

ABILITY!

When I first read DIANETICS: THE MODERN SCIENCE OF MENTAL HEALTH some four years ago, I realized two things: (1) that the author of this book had something good in this idea of Clear and (2) that I wanted to achieve that state. From the moment of those realizations, I set forth on the first strong purpose I'd had in my life – to go Clear.

To someone else looking at me and my accomplishments, I might have seemed fairly successful – I had a Bachelor of Arts Degree from the University of California at Berkeley, had been President of my sorority in college, had won numerous prizes for musical achievement, and at that time was a professional accompanist and administrative assistant to one of the university's choral groups. But all of that had been at the expense of tremendous inner upsets, fears, and worries. Any project that I set out for myself – a diet, personal exercise program, go-to-church-every-Sunday or be-kind-to-others resolution, any kind of program that wasn't directly supervised by some outside force – I could not accomplish.

It was with a somewhat timid hope but a dogged determination that if such a state as Clear existed, I was going to have it. I took the HAS course, relocated to Seattle, received 25 hours of Life Repair auditing, did the HQS and Co-audit courses, and started my Academy training. Clear looked an awful long way away and that same old fear crept in – would I fail on this too? After so many failed attempts, how could I trust myself to make it to my goal? It was at that time that my first auditor (and very dear friend) told me that if I just persisted on my present course of action and always took my next step, I would make it to Clear . . . Well, it seemed a tall order, since that was the very thing I hadn't been able to do on earlier attempts, but this time there was a roadway mapped out, and arrival was at least possible because there was a Clear and OT, Class VII sitting in front of me telling me all this! So, thought I, I shall persist.

And now I'm a Grade VA, Provisional Class VI auditor. I'm two steps away from Clear, and better yet, I'm able to help others along their road up the Grade and Class Chart. Everyday life is now a simplicity and a joy. Depressions, upsets, nagging worries – gone. I'm free to operate and handle bigger and better games up in the big time where I've wanted to be all along. And not only am I now able to start, continue and complete any action for myself, I can do it for others, too. For as I expanded through the levels of the Grade and Class Chart, I realized that we beings are all in this game together. We all create this existence, whether we'd like to admit it or not, by gradient agreements, and we'll change the existing conditions only by our new agreements and mutual help.

There is a team of operating thetans here at ASHO who made it possible for me to become what I am today–a very confident, well-trained, well-audited, free, happy and capable being.

L. RON HUBBARD'S GREAT EXPANSION OF SCIENTOLOGY IN 1973

The successes of 1973
Predictions for 1974

More than a Quarter Million New People

In 1973 over a quarter of a million new people came into Scientology!

To serve this flow of people, two new Churches, in Amsterdam and in Melbourne, were formed this year. Four more are in the process of being officially formed: Ottawa, Vienna, Montreal, and Manchester.

Eight more are targeted for full recognition in 1974 – Brussels, Berlin, and in Canada will be Regina, Windsor, Niagara, Winnepeg, Halifax and Hamilton.

In addition, a Flag Advanced Organization and Flag Saint Hill Organization were opened for those Scientologists who wish to do their advanced training and processing aboard the Flagship.

This year, Scientology's expansion as a whole was 3 times any previous year's.

New Books and Tapes Released

DIANETICS, THE MODERN SCIENCE OF MENTAL HEALTH by L. Ron Hubbard was published in FRENCH this year! Other translations of Ron's books were THE PROBLEMS OF WORK, published in German, and FUNDAMENTALS OF THOUGHT, published in Danish.

MISSION INTO TIME, a new book by L. Ron Hubbard, was released in the U.S. in November of 1973, and is due to be released soon on other continents. A second edition is already planned in the U.S. just one month after the first edition.

The Organization Executive Course Volumes and the Management Series volume, previously only available to Scientology Church staffs, were released by Ron for sale to the general public.

Started in May of 1973 was a Flag project to re-record and issue unreleased tape lectures by Ron. Four new complete series have been prepared and released: The Human Evaluation Course Series from 1951, a detailed analysis of human emotion; the October Series (1951), containing the first discoveries of past track, the December Conference Lectures (1951), with the earliest discoveries leading into the development of Scientology; and the Hubbard College Lectures (1952) on the basics of Scientology. The Hubbard Professional Course lectures (1952) concerning the bridge from Dianetics to Scientology were released before the close of 1973. The 1952 Logics and Axioms lectures, of which only 75% had been available, are now complete.

New Breakthroughs by L. Ron Hubbard This Year

A comprehensive look at Scientology was published by Ron in 1973 in the 9 page bulletin SCIENTOLOGY, CURRENT STATE OF THE SUBJECT AND MATERIALS, as printed in Auditor 91.

Some of the results of Ron's nutritional research were published in a new bulletin called "Pep", which examines the exact effect of carbohydrates and proteins on a person's energy level.

New breakthroughs in the field of aesthetics were issued in Ron's essay "Art, More About."

A full rundown of Scientology assists for the spiritual relief of the effects of injury and emotional upset was issued this year. Alongside this was the discovery of the exact spiritual handling of a person who has become ill as a result of his connection with another.

Major breakthroughs were also made on the subject of "Q & A", why a being does this and what can be done to handle it. (Q&A: to fail to complete a cycle of action; to deviate from an intended course of action.)

L. Ron Hubbard revised Axioms 28 this year to read: Communication is the consideration and action of impelling an impulse or particle from source-point across a distance to receipt-point, with the intention of bringing into being at the receipt-point a duplication AND UNDERSTANDING of that which emanated from source-point.

In 1973, Ron re-issued his 1961 discoveries on the handling of individuals in South Africa, resulting in a Scientology boom there.

Major steps toward the stablization of Scientology administration were taken by Ron this year. The vital importance of proper organization and "administrative know-how" were brought to the attention of Scientologists around the world. Seven more policy letters were issued concerning the evaluation of data for the improvement of Scientology management.

Every Scientology Church on the planet now has a representative from Flag to ensure all data needed for good management is kept flowing to Flag. Ron also revitalized the LRH Communication network this year, to further help Scientology Churches keep Ron's policies in and Scientology being applied standardly.

News on Services

MORE AUDITING DONE ON THE SAINT HILL SPECIAL BRIEFING COURSE

The introduction this year of more co-auditing on the Saint Hill Special Briefing Course, as well as doing practical drills alongside theory studies, has made a smoother route to Clear for all students and produces a far more professional auditor.

Enrollment at ASHO for the Organization Executive Course, formerly offered only to Scientology staffs, has been opened for anyone.

Internships at the end of courses were speeded up to a fast flow this year. The intern completes within 3 weeks by demonstrating his competence at applying the material and is then graduated.

Integrity Processing, to restore the individual's natural sense of integrity in any area of life was introduced this year.

The Hubbard Senior Course Supervisors Course was introduced this year and is now being taught at ASHO. This course raises the Hubbard Professional Course Supervisor to a totally new high level of understanding of each student and a startling ability to find quickly exactly why a student is having difficulty and remedy it. Hubbard Senior Course Supervisors are the equal of a "Class VIII" in the field of standard course supervision.

Courses in grammar and word clearing were also issued this year to back up the complete application of Ron's study tech.

New courses in Case Supervision, as described in Auditor 88 this year, were released to bring about an even higher standard of case supervision at every level. The concept of Triple Flow training was recognized – flow 1, the student inflows the data on a course; flow 2, the student applies it to another on an internship; flow 3, he supervises the application of the data by others.

Auditor's Day

To honor all Auditors for their continuing work to help free other beings, the 2nd Sunday in September was established this year as AUDITOR'S DAY.

Successes Around the World

OT II JOHN BRODIE, star quarterback of the San Francisco 49ers, made headline news around the country's sports pages when he announced his retirement from professional football at the end of this season, indicating his desire to further his Scientology studies and work with Narconon.

Narconon, the highly successful drug rehabilitation program using Scientology techniques, continued to win support this year. Funding came in from VISTA, the city of New York, county of Los Angeles, and state of Delaware. Narconon was recognized as the best such program in the state by the State of California Director of Correction. Two state judges in Delaware made Narconon mandatory as part of a judicial decision this year. Narconon was invited to present a lecture to the national Conference on Alcohol and Drug Abuse held at the University of Southern California this year, where several Congressmen from different states were very favorably impressed with Narconon's success.

In June of 1973, a 4 week Applied Scholastics program using the study techniques discovered by L. Ron Hubbard was offered at a high school in Trenton, New Jersey, with the approval of the New Jersey Board of Education.

In September, Diana and Quentin, Ron's daughter and son, appeared before a crowd of 5000 at the Hollywood Palladium. The highly successful all-day event centered on the theme "Make the World a Better Place to Live."

Around the world, the Church of Scientology was recognized under the Federal Marriage Act in Australia, permitting Australian Scientology Ministers to practice freely. Western Australia was also freed from any religious ban regarding Scientology in 1973. In South Africa this year, the government shelved their inquiry into Scientology, and in celebration of this win, L. Ron Hubbard declared an amnesty for South Africa.

What Will Happen in 1974?

Scientology's rate of expansion will continue to accelerate and Scientology will be recognized as a major world religion in 1974.

Predictions

Twenty new Churches of Scientology will be opened.

Clear number 10,000 will be made.

At least 5 new Scientology books will be published.

Many more celebrities will enter Scientology.

THE AUDITOR EXTRA

THE JOURNAL OF SCIENTOLOGY

YOU AS AN AUDITOR

BY L. RON HUBBARD

Scientology can and does change human behaviour for the better. Anybody who wants to help his fellow man can become an auditor. (An auditor is a person trained and qualified in applying Scientology processes to others for their betterment.)

An auditor is essentially a technician. Existing techniques are tools. Any tool requires intelligent handling and a deftness in application. To use any tool, whether it be a stone axe or a Geiger counter, a person must acquire confidence in that tool and confidence in his ability to use that tool.

An auditor is most successful when he has achieved an inexorable self-confidence in himself, in his tools, in his attitude toward the preclear and in the results he means and determines to achieve. (Preclear: A person who, through Scientology processing, is finding out more about himself and life.)

When you, as an auditor, accomplish your mission with a single preclear, you increase your confidence and your general ability, you increase your capability and what you can do for the universe at large, and you win.

Sometime between the first moment you decide to be an auditor and your first major success, you have question marks. You have lots of question marks. But you have to start somewhere. Even a trapeze artist had to start somewhere. Now for anybody who wants to be an auditor, the thing for him to do is start—and just face bluntly the fact that he's going to make mistakes, and maybe fall flat on his face and then all of a sudden he's going to be auditing with the greatest of ease.

As an auditor, you can do something about life. You can confront it and have a much wider, broader view of life and people than any person, regardless of their state of case, who is not an auditor.

Today, the mysteries of life are not, with Scientology, mysterious. We're using the technology for which Man, even in his cruelty and blindness, searched for eons. And we must get it out and use it. What we have got to face up to now, is the fact that our expansion will be an accelerating expansion. So it's my responsibility to make the best auditors I can make.

The people who come to Saint Hill for the Saint Hill Special Briefing Course are trained very well. I am proud of the way the training is being done. Saint Hill graduates go out as the world's best auditors which was exactly the way I planned it some years ago.

I started the Saint Hill Special Briefing Course to make good auditors into better auditors, who could go out and make good auditors. It's been successful in the extreme here at Saint Hill. Saint Hill Graduates go out and take over Academies in their Organizations and the Academies have improved. Then the people who started coming to Saint Hill could audit better. A good auditor is one who knows Scientology and its techniques and who audits with all basics in. That's the primary thing we stress here at Saint Hill.

We have learned a tremendous amount about auditing. Today, we *have* the technical materials. We *are* making our way, *all* the way. Now we must not stop. It is time Man grew up. That is what we have in mind. You know we are a potent force on Earth. Indeed the only force that is doing something about it. We weren't effectively prevented from attaining our knowledge—the hard part of the journey. Now we cannot be prevented from applying it. We can take the invidual and raise him. Thus we can raise the whole. So there is a mission for you as an auditor.

Who better can describe what it is like to be a Saint Hill Special Briefing Course Student than current Saint Hill Special Briefing Course Students?

Middle left. Helen Schaffer makes good use of her dictionary on the Saint Hill Special Briefing Course.

Left. Students make thorough, orderly progress in the safe environment of the Saint Hill Special Briefing Course.

Here is how they describe what it is like to be on the Saint Hill Special Briefing Course.

"I have experienced a tremendous feeling of power and satisfaction on recognizing that I am capable of dealing with all the problems of Mankind. This is achieved only by applying and following standard Scientology technology." STANLEY WEISS, U.S.A.

"With the fast flow system in on the Briefing Course, I feel really free to move at my own speed. Learning has become effortless. I have just completed Level Zero theory with a new understanding of why these processes work." CARL DRENNAN, U.S.A.

"The reason I did the Briefing Course is I wanted to help people and without technology you can't help them. I am more able to have affinity and have an increased certainty of rightness and wrongness." KEN DENNIS, New Zealand.

"I got rid of a great deal of confusion on the Briefing Course. I'm not only confident of being able to audit but to handle life in general. I wanted to learn to be an auditor and now I am." DAVE HUGENER, U.S.A.

"The reason I got on the Briefing Course was because I realized I would get thorough training. It's great running processes and seeing results occur in my preclear." TOM MAXWELL, U.S.A.

"The further I go the more interested I become in the data and the more real people around me become. I can see what people are doing and know how to handle them." LEE HEWLETT, U.S.A.

"My universe has really expanded. I've come up to the degree that things are going right. Duplicating Ron's technology is the best way I know of helping this Universe. I've had fantastic gains as an auditor." MALCOLM NIEMAN, London.

"The Briefing Course really makes you a 'pro'. There is no way you can graduate without being a good auditor. I have gained the reality on what it is to really audit." ARTHUR SUJOHN, U.S.A.

"The Briefing Course gives certainty on what to do in any particular situation and it means applying first class auditor training to life." RUTH HOWIE, Australia.

"I wanted to become a crack auditor with a broad understanding of Scientology technology. I am achieving this spectacularly. I've expanded as a Being and really know how beautiful Ron's technology is." PETER HILTON, New Zealand.

Jacob Kemp of Johannesburg, South Africa, happily demonstrates a Scientology process in clay.

TRAIN TO CLASS VI ON THE SAINT HILL SPECIAL BRIEFING COURSE

You as an Auditor can continue to increase your skill and ability on the Saint Hill Special Briefing Course.

The Saint Hill Special Briefing Course is especially designed to produce the world's best Auditors in this way:

- ★ **Thoroughness of training. This is the most important aspect of Saint Hill Special Briefing Course training. L. Ron Hubbard insists that every graduate has been trained to audit really well. Thorough training ensures this.**
- ★ **Rigid application of study data. All students learn and apply the study data and can be seen at any time demonstrating a misunderstood word, term or principle, or avidly looking up the correct definition of a word in a good dictionary.**
- ★ **Tight scheduling. The course is run to a tight schedule which commences at 9.30 a.m. and ends at 6.30 p.m. each Monday to Friday, with one hour for lunch and a mid-afternoon break.**
- ★ **Strong emphasis on the application of Scientology on each level of training on the Saint Hill Special Briefing Course. Every student is trained to apply standard Scientology technology exactly.**
- ★ **Really comprehensive checksheets. Checksheets on each level contain all data for that level. This gives each student a really comprehensive understanding of Scientology technology.**
- ★ **Fast flow system. The fast flow system has entirely eliminated inspection before the fact. Therefore, each student attests on each level that he or she can apply the material exactly. This system is safeguarded in that persons who falsely attest are severely disciplined.**

The Saint Hill Special Briefing Course is the most wanted training course in the world today.

Saint Hill Special Briefing Course students receive 50% discount on Power Processing and all Review Services and the added bonus of solo audit training in the final unit of the course, at no extra charge.

You are immediately eligible if you are Class III, Clear or hold an old HPA/HCA Certificate before the levels of training were established.
