Spreads False Rumors About Judge Kelly

Sherry's Campaign for 'Re-Election'

RADIO TALK over KGB (dial 1330)

DAD—Let us now turn to our local political affairs. Three weekly papers carried a very interesting account of Municipal Judge Sherry who is a candidate for the superior court in opposition to the incumbent Judge Edward J. Kelly.

FRED—Is it true that Sherry called Bar Association members some very bad names because they said that his advertisements were misleading?

DAD—Yes, Fred, he did. The Carlsbad Journal and The Herald carried the story besides the more complete account in The BROOM, this week.

FRED—And is it true that Judge Kelly is intemperate in the use of liquor?

DAD—No, Fred, I have known Kelly for at least six years. He used to have offices together with Marie Herney and I have visited in their office many a time and quite often. If Kelly were an intemperate drinker I would have caught him at it. I know that type of people by looking at them. I have a very good nose and I have shown up several public officials who were booze fighters. Everyone lost their jobs. If Kelly were that kind of a fellow you can rest assured I would say so out loud.

FRED—Miss Herney ought to know, she was with him for years, mother told me about her.

DAD—I asked Miss Herney and I asked other people who have had very close contact with the Judge. None of them ever remembers smelling liquor on him or seeing him drunk. This is just plain campaign propaganda by the whispering squad of Kelly's opposition. They also say that Kelly is connected with the underworld.

FRED—Is he, daddy?

DAD—Kelly is a strict Catholic and so the underworld is afraid of him. They figured that the best way to defeat him would be to spread stories that he is hooked up with them. And the whispering poison squad is spreading these stories. I have investigated the rumors and found out that Kelly is so ignorant of politics and underworld shenanigans that he could be easily framed. So I warned him to be on the lookout for such eleventh hour strategy.

FRED—What have you against Judge Sherry? Why did you write him up in this week's Broom?

DAD—I have no ill will against Sherry. In fact it does not matter to me which one is elected. The only thing that interests me is that the campaign be conducted fairly and the voters be not misled. I even have some good things to say about Sherry. I remember when a case came before him where Judge Rutherford, the head of the Jehovah's Witnesses was being molested at night by a couple of spooners who had parked their car in front of his study in Talmadge Park and made too much noise. Sherry who is a Catholic, decided the case according to law, even though the Jehovah's Witnesses and Judge Rutherford in particular are fighting the Catholic Church openly. So you see, Sherry was not influenced by extraneous considerations in punishing the young man who caused the disturbance and giving protection of the law to Judge Rutherford.

Next Thursday my program will be given earlier in the evening, at 8 o'clock instead of the usual 8:30.

Elmer, age 13, was puzzled over the girl problem and discussed it with his pal, Joe.

"I've walked to school with her three times," he told Joe, "and carried her books. I bought her ice-cream sodas twice. Now, do you think I ought to kiss her?"

"Naw, you don't need to," Joe decided after a moment of deep thought. "You've done enough for that girl already.

Washington's Farewell Address

(Continued from last week)

Foreign Policy

"The great rule of conduct for us, in regard to Foreign Nations is, in extending our commercial relations, to have with them as little Political connection as possible. So far as we have already formed engagements let them be fulfilled with perfect good faith.--Here let us stop.--

Stay out of European Controversies

"Europe has a set of primary interests, which to us have none, or a very remote relation.--Hence she must be engaged in frequent controversies, the causes of which are assentially foreign to our concerns.--Hence therefore it must be unwise for us to implicate ourselves by artificial ties in the ordinary vicissitudes of her politics, or the ordinary combinations and collisions of her friendships or enmities.

Uphold Neutrality

"Our detached and distant situation invites and enables us to pursue a different course.--If we remain one People, under an efficient government, the period is not far off, when we may defy material injury from external annoyance; when we may take such an attitude as will cause the neutrality we may at any time resolve upon to be scrupulously respected.--When belligerent nations, under the impossibility of making acquisitions upon us, will not lightly hazard the giving us provocation; when we may choose peace or war, as our interest guided by justice shall counsel.--"

(To Be Continued)

Cases of Contempt

On the statutes of many states there are provisions providing that if the decision of a judge is criticised those who call his action in question may be hauled into court and fined for contempt.

The Los Angeles Times was recently fined for contempt under such statute and it has appealed the case to the United States Supreme court.

This decision will be watched with interest and if the Times wins, on the proposition that such statutes are contrary to the section of the constitution that grants free speech to all its citizens, all these statutes will become null and void.

Should the Times lose, a campaign should be instituted at once to get such laws repealed.

It is an old custom handed down thru the ages and has no place in a democracy.

A judge that cannot stand up and "take it" when his decision is criticised is not fit to sit in judgment in any court.

Be it said to the credit of the judiciary that not many of its members exercise this prerogative when their decisions are criticised. There are of course times when a judge needs such power as in cases as failure to answer a summons or in keeping order in a court room, but never should he have authority to fine or imprison a person for calling his decisions in question.

This old question is like supreme court judges wearing black robes. A ridiculous custom handed down thru the centuries.—Coronado Citizen

"MESHUGGE" IMPERIALISM

Part III

Diplomatic Correspondence. Fulfilling last week's promise to take you into the confidence of a highly illuminative private letter sent in by a prominent US careerist, who, of course, must remain 'incog' for the present. Says this distinguished diplomat:

"You'll recall the press in America was somewhat lenient toward Germany—even a shade pro-German in cases—in the 1920's at times, when it was thought that the Internationalists might establish complete and permanent sovereignity there. Of course, returning of the Corridor, etc., had to await complete Jewish rule—it would not do to give back the Corridor, merge Austria, etc., till the Jew rule was absolutely nailed down on a permanent basis. We all know that if Hitler were a Jew, the US press would applaud him to the skies.

What wouldn't US editors give to have a war case for Britain as good as Germany's in respect to past grievances, etc.? Can't you see them lay it on about Germany's long sufferings (if Germany were red and Jew-led); Britain's fiendish ambition to rule all regions and all seas, etc.?

Thought: More people killed by brief red (Spartacist) revolt in Germany in 1919, every leader a Jew (Liebknecht, Radek, Rosa Luxemburg, etc.), than under seven years of Hitler in Germany. But US press was not interested in deaths occasioned by Jewish doings. More editorial grief over breaking a few Jew shop windows in 1938 than over Jew-directed killings of hundreds of gentiles in Germany in 1919.

US press had no objections to invasion of Poland when it was by a Jew, Trotzky, in 1920. Had no, very serious, objections to riots and killings of Americans in China in 1927 when a Chicago Jew, Gusenberg, alias Borodin, was director of the business.

US policy toward Russia now is watchful waiting, uncertain whether Jews have lost control or not. If Jews are shown to have lost out there, you will see, in all probability a move toward US "amity" with Japan. Traditionally, when the government of Russia has been anti-Jewish, US has been pro-Japanese, and vice versa.

France was anti-Jewish in 1890's. Britain threatened war on France in 1898. The Kishinev (Russia) killings occurred in 1903. The US backed Japan to fight Russia in 1904.

So it goes—I could cite a long list of such coincidences.

All an intricate, fascinating pattern. You might almost call it a "MOSAIC"."

. In the words of our good friend, Boake Carter: Here speaks the voice of sanity, not of emotion!

The Tragedy of the Aryan Race

"The American people are the best informed people in the World," said a great Confuse-US in one of his unnumbered bedtime stories a few months back. (We don't listen to Mah Friends chats—once was plenty—,we just "heard about" it). What clever psychologist, is this great "planner"; and with what delight our happy gullibles must have lapped up hat lovely fairy-tale! "Best MISinformed", that's what he meant. But why hurt the little children; or, "for vhy let the ket outa the baig, oi Gevalt!", when what they don't know won't hurt them! For, verily, Thou **art** great, O Confuse-US!

How on earth **could** the dear pople be other than "best mis-informed"; when almost all the press is now Jew-controlled, having almost uniformly degenerated into but "great Doilies, figleaves of Mendacity"; when the bookstores peddle their pro-Jew wares but dare not handle the plain truthful ones; when the movie-moguls of Yiddywood rub their pudgy paws in glee, seeing how easy it is to sick the stupid goyim upon one another; when none knows better than Confuse-US Great, Himself, how "airtight" is his control over the radio.

Now, were the people actually "best informed" do you not think they would not have seen through all these shady and deceitful maneuvers long ago? Of course they would! And would not the great Confuse-US been out on his ear long ago, and with him the whole kit and caboodle of the white house Synagogue and all its Annexes?

Indeed they would, to the refrain: Bei mir bist Du schain—No Longer!

Listen: "The epitome of the history of the world, of the history of mankind, is the tragedy of the Aryan race".

Who said this? None other than Walter Rathenau in his "Hear O Israel!"

And the Tragedy? This:

1. That the Aryan has disremembered his own UNIVERSAL COVENANT (the Noachian) received through and by the Great Spiritual Entity — called Melchi-Zedek, Eternal King of Power and King of Peace—
substituting instead the lesser, or Mosaic covenant, intended not for the Aryan but for the tribe of Israel alone—
2. That it is the aim of the racial Jew to dispossess, if he can, the Aryan of his Birthright, by usurping super-control over all the earth instead of confining himself to Canaan (a spiritual name), the to him promised land, lying between the Nile and the Euphrates rivers—
3. That the Aryan, being of a wholly different origin, or seed, or ethnic, therefore also has a wholly different ethic, namely: One Ethic for all—JUSTICE, Law and Order; kindness and tolerance—whereas the racial Jew has for some thousands of years been nurtured in a definite Two-Ethic standard: one for himself, as "the chosen people" and another for everybody else, upon whom he may practice at will, and without compunction, certain specific attributes of exclusiveness, known as arrogance, rapacity and cunning—JUSTICE only for himself; Law and Order according to **his** chosen interpretation, and **his** advantage.

Said Adolphe Cremieux, president of the Alliance Israelite Universelle (London Morning Post, Sept. 6, 1920): A Jew will under no circumstances become the friend of a Christian or Moslem before the moment arrives when the light of a Jewish Faith, the only religion of reason, will shine over the whole world."

Said Dr. Mandelstam (speech at Basel Zionist Congress, 1898):

"The Jews energetically reject the idea of fusion with the other nationalities and cling firmly to their historical hope, i. e., of WORLD EMPIRE."

Said the American Hebrew of June 3, 1938:

"So it may come to pass that these three sons of Israel (Leon Blum—France—; Maxim Litvinoff—Russia—; Leslie Hore-Belisha of England--) . . . will send the frenzied Nazi dictator to Hell . . And when the smoke of battle clears and the trumpets no longer blare and the bullets have ceased to blast, there may be presented a tableau showing the man who played God, the Swastikaed Christus, being lowered none too gently into a hole in the ground as this trio of non-Aryans intone a requiem that sounds suspiciously like a medley of the Marseillaise, God Save the King and the Internationale, blending in a grand finale, into a militant, proud and aggressive arrangement of Eili Eili!"

Wallace Hurls Stink Bomb

By H. D. KISSENGER

New Deal Is Desperate

"Henery" Wallace ties the New Deal to the dead carcass of the Lion of Judah. The speech indicates that Tommy Corcoran doesn't know whether he is comin' or Cohen! Anyway, the presidential contestants are not Roosevelt and Willkie but Hitler and Sieff! So be it—but on Wallace rests the responsibility of injecting Semitism in his attempt to throw a scare into Gentiles. After all, it is well; for the Nudeal of Roosevelt and the Popular Front of Leon Blum have the same back-ground; what the latter did to France, the former is doing to America.

The press announces "Air Plans a Mess"; while indecision rules, "National Defense Program Is Lagging." The public in France also was deceived and betrayed,—both fronts are bastard chips of the same block, the P. E. P.—this POLITICAL AND ECONOMIC PLANNING is designed to give greater control to a small group of the chosen people and place every Briton and American under permanent enslavement to a close coterie whose interests lie as far from those people as can possibly be. In other words P. E. P. is to reduce Americans and Britons to the level it reduced Frenchmen.

P. E. P. is internationally minded and operates under strict anonymity. It is a Jewish plan to attain world domination and was devised by ISRAEL MOSES SIEFF to bring about the planned destruction and nullification of all existing order of social, political and economic life and the substitution of a structure based on centralization, standardization, EXPROPRIATION and compulsion, leading to the inevitable enslavement of Gentile peoples. All this in a world GONE mad? No!—in a world made mad by international termites feeding on the ideals and traditions of resentful people. FREEDOM becomes meaningless when the State Race is no longer free to protect the State from invading interlopers.

The whole delivish plan to enslave England and the U. S. in the realm of economics, issues from the offices of PEP. Perhaps for a time we shall be able to live on the MATERIAL capital stored up from past generations but what is to become of the INTELLECTUAL and MORAL capital of our citizens if we do not show enough patriotism to extricate ourselves from the embrace of Sieff? What chance will the next generation have if half of them find no employment because they have been brought to the verge of hopelessnss and decay?

The tariff barriers being erected between our states are for the purpose of preventing exchange of goods and services, a part of planned confusion to enable PEP stoogies to goad their victims into abandoning their liberty to their double-faced seducers. We have already surrendered our gold in answer to the plea that by so doing "it would save the country." This was our first mis-step but if gold has the power to RUIN a nation, it is high time to sheer it of this power. Our Constitutional form of Representative Government does not need to be remade; all it asks is for Sieff to let it alone; we have always been able to solve our problems within the framework of our "representative" democracy which is foreign to the precepts of Sieff's and Wallace's "twentieth century" democracy.

Control implies controlling machinery manipulated by the hidden hand of PEP which plans to follow control of distribution with control of production. For years the Jews have concentrated on the MULTIPLE SHOP AND CHAIN STORES systems and the organization of various CARTELS AND TRUSTS in order to deal a death blow to independent retailers which for centuries have been the main-stay of trade. Sieff insolently warned Hitler and now warns OUR manufacturer and farmer that if they (a) resist his overhauling of the machinry of their local and central form of government or if they (b) resist changes in the QUANTITY AND QUALITY of production or if they (c) resist PEP's interference with the free flow of investment and the uses which the individual has been accustomed to make of his capital because such a program (Sieff's) would interfere with freedom of enterprise, that they (the manufacturer, farmer, etc.) WILL MAKE THINGS THAT MUCH WORSE FOR THEMSELVES AND THEIR COMMUNITY!

Sieff is succeeding in England and the U. S. but in Germany, Italy, etc. his scheme met something he did not anticipate,—viz., FORCE! In America the hope of thwarting his scheme for world domination rests in the strength and intelligence of American character because the POSSESSION OF FIRE ARMS IS PROHIBITED! We know now what is back of the attempt to deprive Americans of their constitutional right to bear arms. Samuel Dickstein is doing his best as a Fifth Columnist to open a path for the SIEFF BLITZKRIEG; the sale and issuance of arms and ammunition ends even for an old and respected 100 per cent American Sports Club, the NATIONAL RIFLE ASSOCIATION of 1600 Rhode Island Ave., Wash., D. C. But Hefter's Guerilla Band of 800 "tough young Jews" that is drilling in N. Y. City, seems to have no trouble in securing arms. Hefter is said to be a former lieutenant of Bela Kun whose ruthless slaughter of Christian Hungarians is now history. Isolationist Republicans and Democrats may well oppose conscription in peace time lest Roosevelt use his conscript army to put them in concentration camps. Perhaps we are not to have an election after all?

No, Henery, the primary issue is not Hitler; he is not the secondary nor even the tertiary issue even tho you have Nazis on the brain. The primary issue is Roosevelt, the continued depression and the utter failure of the Nudeal. Preparedness is only one part of the picture. Unless the country is economically healthful, the whole American system will be in danger and preparedness will fail. Cowering Roosevelt, with his lack of business experience and his record of confusion on business methods, is not competent to carry forward the defense program, bcause he is bewildered by the Sieff formulae which lead to totalitarianism and NATIONAL SURRENDER.

A third term of PEP's indispensable stoogie will enable Sieff to complete our subjugation. The fact that our superman has been unable to make a dent in unemployment BY AMERICAN METHODS and that he surrenders no power granted under the guise of "emergency," convinces thoughtful Americans that we are in greater danger from a PEP inspired revolution than we are from Hitler.

THIS IS A FREE COUNTRY

Looking back over the success of the Jews in enslaving the people of the U. S. A. to their usury money-system by which the privately owned Federal Reserve Banks may issue fiat money through the U. S. treasury to collect fabulous sums of unearned "interest" on hot air and water; looking back at the success of the British coupled with Jewish hatred spread against the German people to the point where we are in the war now; it all goes to show that **this is a free country.**

The Jews and the Britishers were enterprising enough to use their liberty to put over their purpose; the rest of us sat back, did nothing and now they are leading us to slavery, war, dictatorship.

It proves once again that Americans should not bury their talent but use it progressively, aggressively, for this is the country for those who dare and do. The Jews and the British prove it.

"Truths Come Out . . . . "

Dear Mr. de Aryan:

. . . . But the most important point I wish to emphasize in this letter is that your writing brings out such clear facts and truths, so comforting and spiritual in this travailing age.

Truths come out no matter how well hidden liars and dishonest people try to hide them. You have done exceedingly well, Mr. de Aryan, to uncover for real service to all good peoples, these truths and prove without emotionalism who may be the dishonest-liar.

I feel proud for the fact that my service finds a place along with yours.

You think the way good people think, being a good man yourself. You write, thereby words that harmonize.

"Flowers to the living!"

Do not think otherwise why I praise you. These words just stated I have also heard towards your paper down here at Black Mountain. Fine praise for you from the owner of this place. I have seen to it that not one issue is wasted. Your paper is being read and spread here and there among all the receptive, good, honest people I have met here.

Thanking you so much for all thoughtful courtesies, I am,

Very truly yours,
J. STANLEY HENNINGER.

Do You Remember Isaac Zinn?

382 N. Vineyard St.
Honolulu T. H. Aug. 31

Mr. C. L. de Aryan:

I suppose you remember me. I am still in Honolulu, am here three years.

Will you kindly send me a copy of the last six issues of the Broom. I enclose stamps for postage.

Yours truly, Isaac Zinn

The above letter came in an Army & Navy YMCA envelope. I certainly remember Isaac Zinn. He used to sell the Sun in front of Nate Baranov's store. Then he went on a world tour and came back, but found San Diego changed, the Sun had been bought up by the Tribune. He sold it awhile, but did not like the new situation and went back to traveling. Of course, you know that Isaac is a Jewish newsboy, a very hard worker. Contrary to all supposition Zinn has a lot of respect for me and THE BROOM. He knows something about the newspaper game. He always insisted on exchanging papers with me, at first the SUN, later the TRIBUNE-SUN. He still wants the BROOM, for it tells things which nobody else dares depict factually and truthfully.

"WILLKIE FOR EX-CANDIDATE"

Going down the elevator in the San Diego Trust & Savings Building last Tuesday Ben Rubin, the attorney, asked me: "What are those buttons you are wearing?" —"Two kinds of NO THIRD Term, one on black the other on white, red & blue background. I also heard that a club is forming for Roosevelt for ex-president, I'll sure join that one." Other people in the elevator grinned with glee, but Ben retorted: "Why not a Willikie for ex-candidate club?"

Come to think of it, why not? Once he is president he'll be an ex-candidate, naturally.

Jewish Hate Propaganda

The Jews who ought to thank their stars that in the U. S. A. they are not being discriminated against and are not being treated as they are in most European countries, these Jews are running amuck already. Their freedom has gone to their empty, stupid heads and they are filling the screen with hate pictures, misrepresenting German conditions to an extent that even gullible Americans are getting sick of it.

"You ought to write something about it", said one of our readers. "I went the other day to a show, but had to get up and leave it, it was revolting the kind of a stupid propaganda and hate against Germans it presented. I am an American and wanted a little relaxation and entertainment, but I cannot find it at the theatres."

"What's the use of my writing a protest against it?"

"You should write it, anyway. Last week I went to the North Park Theatre. It had billed FOUR SONS. I imagined it would show some nice family life, but it was another of those German-hate propaganda pictures. I had my family with me and we left in disgust."

History proves that the Jews never learn. If any man loved them it was Jesus Christ. He warned them against their methods and their bloody hatred and their unscruplous treachery and deceit, their reply was to have the Romans crucify Him as a "traitor". Today they would call Him a Fifth Columnist. At this rate of sowing hate, the Jews are fixing a nice howdo-youdo for themselves. The liberty they abuse in America to get the nation worked up to join the war, that hatred will return with compound interest, a hurricane which will sweep them with greator force out of their privileged position in the U. S. A. which the fools so dastardly abuse to the ever increasing damage of the republic. As dictatorship increases its hold, it will turn into suppression of Jewish influence as it has happened in Europe.

"I saw a picture where Germans are torturing a twelve year old girl. So I asked why they don't make a picture, somewhere in Egypt, showing Jews torturing a little girl?" said a complainant. "The one would be as truthful as the other. Why so much hate and lies?"

Conscription of Clergymen

MODESTO, CALIF.,—Conditions producing war are a responsibility chargeable to those longest voting and for that reason first drafted should be all 70 years of age and older, then take them in five year periods, 65 to 70, etc. Congressmen & Clergy are exempt; both should be included. Congressmen vote conscription without referendum of their constituents, and parsons who tell us Heaven is such a fine place, should welcome early opportunity to make the trip. Most of us know that every day in every way life under Land Monopoly becomes more rotten, producing war, poverty, famine and pestilence, all of which are entirely unnecessary.

21 Pickets at Century Upholstery

Last Friday morning my telephone rang and a voice asked me whether I had seen the double picket line in front of 2603 University Ave., so thick that it obstructed passage on the sidewalk. As soon as he hung up I called up the concern, Century Upholstery. The man who answered the phone explained:

"Yes, we are being picketed. This morning they had 21 pickets in front of our shop. They left at 7:45 and will return at 4:30 and stay until 6. They have done that since last Tuesday. During the rest of the day they have only two pickets."

"What's the trouble?"

"We reorganized our firm and made it a corporation. The partners are Willard West, D. Fields, J. F. Bateman. We employ only one man and he was with us for two years. He always got $1.00 an hour. Now he asks for $1.10."

"What union is picketing?"

"The CIO." — "Did you tell the police about that traffic jam when the 21 pickets are there?" —"No, we didn't."—"Then I will".

WILLKIE IN SACRAMENTO

The special session of the Legislature, which will probably convene about September 18 to meet a shortage in relief funds, will be either a one-day, or two-day session, it is indicated.

An amount of $1,400,000 is said to have been agreed upon by both the SRA and the auditing sub-committee of the joint legislative committee on relief to meet the emergency.

The legislators, however, will probably stay on in Sacramento for the state conventions of the Republican and Democratic parties—and also for the scheduled appearance of Wendell Willkie, the G. O. P. presidential nominee.

And strangely enough, there are just as many Dmocratic legislators planning to stay over for Willkie's appearance as Republican. The boys in politics just can't stay away from a political meeting, even if it's a meeting of the opposition.

Refugee Children, "Cannon Fodder"

CHICAGO,—"Just so sure as the sun will rise on the morrow, just so sure will these refugee children in a few years become 'cannon fodder,' unless in the meantime Britain comes to her senses and takes steps necessary to abolish the special privilege enjoyed by the few of confiscating the property of the many. It is the crowning tragedy of all time that the lives of men so tenderly nurtured in youth should be sacrificed in defence of a land to which they cannot lay legal claim to a single foot."

Aliens and Alien Isms Permeate Silver Screen

Movies are poison to young minds unable to differentiate hooey from Truth, for they glorify things that most adults know are Un-American and indecent. When you permit your kids to go to the local movie house night after night, you are sinning against your own kind, your own flesh and blood. Until Hollywood's jew controlled movie industry can clean it's Augean Stables and present worth-while entertainment, we Americans had best seek other forms of amusement for ourselves and our children.

MANDEL IMPRISONED IN WAR BLAME CASE

VICHY, France,—Flanked by mobile guardsmen, Georges Mandel (Jerobeam Rothschild), former interior minister, one of he bitterest anti-Nazi leaders of pre-war France, today entered his castle prison near Chatel-Guyon where three others are awaiting trial in the Petain government's "war blame" cases.

Mandel was brought from Morocco to face trial along with Paul Reynaud and Edouard Daladier, former premiers, and Maurice Gamelin, former generalissimo, already confined to the Chateau de Chazeron.

New arrests also were announced of Mendes France, aviation officer, and Philippe de Rothschild, son of a member of the famous banking family, on charges of desertion, and the government's purge of "undesirables" gained headway when it became known the general house-cleaning would extend to all press, literary, art and scientific groups in unoccupied France.

HEALTH-GERMS

By George Starr White, M. D.

KEEP YOUR TEETH

The teeth are of the utmost importance in digestion. Keep them as long as U can. Your own are far superior to artificial ones.

The practice of recommending the extraction of teeth for every known ill is pernicious, and has grown to alarming proportions. To extract a tooth because one has a headache or stomachache is just as senseless as cutting off a toe to prevent falling hair.

Dr. Geo. Starr White

Time and again patients coming to me for treatment have false teeth, altho they may not be over twenty-five years of age. The old story is repeated so often that we know it by heart—namely, "My physician advised the extraction of my teeth to see if it would benefit my general condition."

Why does any self-respecting physician advice the extracting of a person's teeth To SEE if it will HELP him? Why not experiment with constructive rather than destructive methods?

Fletcher & the Vampire Bats

The Honorable Colonel Ed Fletcher of San Diego, now State Senator, aspires to have the voters of San Diego and Imperial counties send him as their Congressman to Washington, D. C. Senator Fletcher is one of the trio of Fletcher, Bigger and Kenney, authors of California's notorious Pre-marital & Pre-natal Compulsory Syphilis Test Bill, of which Senator Fletcher is said to be excessively proud, and which has resulted in sending Californians who object to turning their persons over to the medical racketeers to other states to be married. Having succumbed to the wiles of the medical politicos in Sacramento what chance would Senator Fletcher have with the Vampire Bats in Washington, D. C.? The least the country could expect would be a flock of little Wagner Health Bills.

Policewoman Cheated Again

Miss Lola Hughes was appointed a social worker "investigator" by James Bell, City social welfare director. Miss Hughes will have police power and will carry an identifying card and badge, said Police Chief Peterson.

FRED—Why did they not give the job to one of the policewomen who were laid off last year, daddy?

DAD—That is what is called politics. The welfare investigator job was created on purpose to supplant the police women because both Mrs. Viola Michels and Mrs. Beulah Childress dared make arrests and clean up the saloons by vigorous action when the law was violated. The politicians realized that those two police women meant business, so they fired them. Then they went to work and created substitute positions by a fake civil service examination and the civil service commission knows quite well what it all amounts to, but they do not dare expose the city council as they exposed the previous council whose Chief of Police George Sears fired O'Haver.

FRED—But the voters were with the civil service commission when the commission protected O'Haver. I remember daddy, when you stuck up for them, too, and the old city council was defeated at the last election.

DAD—The voters are still with the police women as they were with O'Haver, bcause the voters want a good police department and because one of the civil service commissioners did not do his duty to protect the police women, the voters turned him down at the polls last month.

FRED—You mean James Robbins, the baker?

DAD—Yes, he advertised in his campaign that he had protected O'Haver, so I brought out over the radio that now he failed to do his duty towards the police women when he knows quite well that the welfare investigator position is nothing but a subterfuge to cheat the police women out of their jobs, and the voters turned thumbs down on Robbins and kept John Faddis in office as county supervisor.

Next Thursday my program will be given earlier in the evening, at 8 o'clock instead of the usual 8:30.

Religious Abuses Exposed

"Two Minutes of Prayer"

To the New York Herald Tribune:

Am a firm believer in prayer, because I have tested it fully. Our Heavenly Father has promised "No good thing will withhold from those who walk uprightly."

Now why should not every Christian, believing that God will answer prayer, spend two minutes every day praying, and believing that God will answer, that the madmen of Europe will be halted in their mad rush for power, also that the people of the United States will turn back to the God of their fathers?

Believing that if we could get 100,000 people praying, God in His wisdom would answer, isn't it worth trying?

A. C. Williams
East Orange, N. J., Aug. 5, 1940."

Squirrel Island, Maine Aug. 8th, 1940.

Mr. A. C. Williams, East Orange, N. J.

Dear Sir:

I have just read your letter in the Aug. 7th issue of the N. Y. Herald Tribune. You suggest that every Christian spend two minutes each day in prayer, so that "the madmen of Europe will be halted."

Your conception of God must be that He is like a Democratic politician and that He will favor the popular side of any controversy. I was taught in Sunday School that God sees everything that is going on and that "His Will On Earth Will Be Done."

From His reserved seat in Heaven, God must know all about the war—the terrible suffering it is causing—and all this He knows before the belligerents give out the censored news on the radio. At any rate God must have a receiving set and He listens to Lowell Thomas, Swing, Kaltenborn et al. There is no excuse for God not knowing the war facts and if we are to judge by the results thus far, He must be favoring Hitler, Mussolini and Stalin. What, if anything, is God doing to help Britain.

What good can we neutrals possibly do if each of us take up two minutes of God's valuable time each day in giving Him advice? If God did not want the war He most certainly would not have allowed Hitler to march into Poland on Sept. 1st last.

Are you not aware of the fact that in May last year the Pope had all Catholics pray the entire month for peace? And if the Pope, the only Special Agent on earth of all the Deities, Father, Son and Holy Ghost, can't get action, why should the insignificant bombard Heaven with gimme prayers?

Instead of bothering 100,000 people praying two minutes per day, why not get 720 praying consecutively for two minutes each and thus insure a steady flow of prayer through the 24 hours? It might be advisable to have Methodists and colored preachers, with their loud voices, take the shifts from 2:00 o'clock to 5:00 o'clock A. M. when God would be more apt to be sleepy.

My plan would release 99,280 people for useful work for two minutes per day. This would make available 198,650 man minutes or 3308 man hours per day. At fifty cents per hour their time would be worth $1654.00 per day or $49,620.00 per month. In one year this would amount to $595,440.00. That sum would not go very far in buying New Deal votes but think how much good it would do toward alleviating the suffering of the victims of this war which God permits to continue.

Since your letter was published, the President of the United States has become infected with the prayer idea and he has set apart Sunday, Sept. 8th as a day of prayer for peace. If prayers for peace are effective, why do we spend billions for implements of war? I am suspicious that Mr. Roosevelt is just trying to get some votes from the prayer pressure group. He no doubt feels that he can handle the situation far better than God even if he is assisted by Wendell Willkie.

To get anywhere these days in large affairs one must have a "co-ordinator." Washington is full of them. A while back our President sent a low kneeling Church of England Envoy to the Vatican. As advertised, his job was to "co-ordinate" the Pope's prayer efforts but I think that it is more reasonable to believe that Taylor went to the red hat colony to keep Al Smith from bolting the third term monkey shine.

They tell me that the Pope has built an air raid shelter with walls 30 feet thick. Can it be that the Vicar of Christ is a little bit skeptical about the efficacy of prayer?

You having tested prayer fully, let me ask you, brother, what you would do if you were in England and you sighted a fleet of German bombers approaching—would you pray first or would you hot foot it for an air raid shelter and do your praying later?

In view of the fact that we have had billions of prayers for peace and the net result is more war, why would it not be a good idea to have six months of prayers for war? That might be the quickest way to stop the bloodshed.

Whether you adopt my plan of prayers for war or you go ahead with your plan which has been tried and found worthless, don't you honestly believe that it would be better to leave the praying to professionals—the Pope, Cardinals, Priests, Clergy, Preachers, Mediums and Spook Artists—men who understand the use of flattery—than to entrust such important work to Tom, Dick and Harry? You wouldn't pick a dumb Dora to represent you in court where the Judge and Jury are visible, so why not use a little sense in selecting your spokesmen to argue your case in the invisible Court beyond the clouds?

In my brief career on this planet I have known a lot of prayermakers—professional and ordinary. Many of these persons are men of character—a real credit to the human race—but the vast majority I would not trust as far as Roosevelt can throw the bull in Germany.

Yours very truly, Frank C. Hughes.

They were sitting round the table swapping lies.

"When I was in Montana." said one of them, "I saw a mountain lion come right up to the camp one day. It was a fierce beast, but with great presence of mind I threw a bucket of water in its face and it slunk away."

"Boys," said a man sitting at the far end, "I can vouch for the truth of that story. A few minutes after that happened I was coming down the side of the hill. I met this lion, and, when I stopped to stroke his whiskers. Boys, those whiskers were wet!"

Millicent, at an exhibition, was about to be taken by her parents for a trip in one of the gondolas on the artificial lake. Suddenly she said, "I don't want to go."

"Why not, dear?" asked mother. "You're not frightened, are you?"

"Yes. Look what it says up there".

Her mother read the notice: "Trip round the lake. Adults, 3d, each; children thrown in."

democracy

By Charles H. Ingersoll
(Of Dollar Watch Fame)

PHILADELPHIA, (Radio Broadcast),—

'Democracy' was used as a catspaw twenty-five years ago, and the 'owners' of that 'name and trademark' got very little out of that war for democracy. So I rise to a point of order right on the eve of this new drive for a 'New World Deal', to ask for guarantees of good faith. There is no avoiding a clear definition of democracy; because it is around that word that gather all these talks of Leagues of Nations, U.S. of Europe, Ententes, and feelers of all kinds. England's own statesmen — scores of them — have stated the formula of actual democracy:— Viscount Snowden, Lloyd George, and — most pointedly — Sir Samuel Hoare, have frankly stated the cause of war as being tariffs and misplaced resources . I would stand firm against opening any talk about a new deal that did not start with fundamentals, and I would consider oratory, sentiment and polemics as indicating that substance was not contemplated.

Ingersoll

What is 'Thomism' and what can we do about it? An esteemed contemporary prints an article by R. C. Ludlow, about this new ism in its relation to Georgism. The spirit of the article is commendable and friendly. But it seems to lack in the practical element of broadly describing the doctrines of Thomas Acquinas, to which he gives this name; or to at all clearly indicate where they dovetail with the economics of George. Doubtless, both Henry George and Father Edward McGlynn were optimistic of a rapprochment such as here referred to. I have wondered if a half century might not have matured the church's attitude. I have corresponded with the Rev. John A. Ryan, whom I take to be the best American church representative of economics, and have read his works. I have also reviewed closely the recent 'pronouncement of the sixteen bishops' and my conclusion from all this is that if Acquinas is the church authority on economics, there is little hope of harmony with George; or else, that church authorities have been very unfortunate in their interpretation of the author of 'Thomism,' And I regret this article is not reassuring.

To support the church's ambition, which is ever present, to bring the state closer to it — 'to bring God into politics', as recently expressed, it should have the benefit of the soundest economic counsel. It's inconceivable that the church can much longer remain in the equivocal position it assumed when it reinstated Father McGlynn, of St. Leo's Church, seven years after his excommunication, for adopting George's economics and campaigning for George for Mayor, in 1896. McGlynn's reinstatement, with the declaration that his teachings contained nothing adverse to church doctrine, should have meant more than an attempt to repair a tragic personal injury. The George doctrine goes to the heart of social economics that the church periodically has aimed to teach. George's 'Condition of Labor' comprised a complete discussion of the subject, based on the encyclical of Pope Leo XIII, the famous 'Rerum Novarum'. But the church has offered nothing conclusive as to its position during the ensuing fifty years or more. 'Thomism' should do this, if it is to be a compatriot of Georgism.

B'nai B'rith Advertises de Aryan's Work

"De ARYAN COMMENTS"

DAD—What's the matter, Fred, what are you so excited about?

FRED—Look, dad, your name is here and they mention "The Broom."

DAD—What paper is that?

FRED—Its the B'nai B'rith Messenger of Los Angeles. It says: **Radio Problem-Solvers Swell Fifth Column Ranks,** and it mentions you, are you a fifth columnist?

DAD—Read it to me first so I'll know what its all about.

FRED — It says, "That currently successful formula of combining radio propaganda with radio advertising is also exploited by C. Leon de Aryan, who disseminates his own brand over Station KGB of San Diego. At the same time he informs his listeners that reprints of his address appear in his weekly "The Broom", which carries columns upon columns of the most brazen Nazi propaganda. Of course, "The Broom" is widely circulated among Bund circles." Are you printing Nazi propaganda?

DAD—What date is that paper?

FRED—August, 30th, published in Los Angeles. Do they listen to your programs in Los Angles, too? You must have quite a large audience? Are all the Bund people subscribing to your paper?

DAD—As far as I know I haven't even half a dozen Bund sympathizers on my subscription list, but I got over a dozen B'nai B'rith. I published the fact some time ago that my broadcasts are so important that two electrical transcriptions are being made of it and evidently the editor who wrote that article knows about it, too.

FRED—Why did he not tell the hour and the day when your program gets on the air, after he mentioned it? He ought to be fair enough to give his readers a chance to decide for themselves whether you are a fifth columnist. When you say something about another editor you always give full quotations of your sources and enable the readers to investigate for themselves so they need not take your word for it?

DAD—Well, Fred, our paper and our program is different. We live up to the rules and to our religion, other people holler a lot about it, but like President Roosevelt, they take an oath to uphold the constitution and then try to pack the supreme court to get around the constitution. Let me have a look at that paper.

FRED—Here, dad, see, it starts on the front page and is continued on the last page.

DAD—I see,—it's quite a long article,—they also write about Dr. Albert Einstein on the back page—That's nice—look Fred, here is the explanation to the whole thing. Read this paragraph.

FRED—**Meeting the Crisis,** by Dr. Louis Finkelstein. " Science and religion, once considered irreconcilably opposed, now meet on common ground to discuss the problems of civilization . . . ." Daddy, is that not just what Mazdaznan teaches?

DAD—Certainly, child. We teach that Science and Religion is one and only by practicing both can we produce a real civilization where people will be healthy, happy and at orderly peace with each other, producing and enjoying untold wealth. But here, read this paragraph where Finkelstein quotes Dr. Arthur Compton, professor of physics at the university of Chicago, and winner of the Nobel Prize.

FRED — " With wars and threats of wars all around us, it has become literally a matter of life and death that men shall become inspired with the spirit of fellowship.—Where, then is the remedy? Love of one's neighbor is the natural attitude for those who recognize that all men may become God's children. This is the central theme of Christianity. It is prominent also in the tachings of Judaism."

DAD—You see, Freddy, the B'nai B'rith Messenger announces in those quotations that we must turn to the obedience of God's laws for the remedy against wars because it has become literally a matter of life and death. They publish this truth. I take them at their word and say that in that case it was wrong to boycott German industry already three years ago, because it violates the command of God who says that we shall love our neighbors as ourselves. You did not read the whole quotation from Dr. Compton, here is the end of the paragraph: "History shows no agency comparable in influence with these religions in bringing the spirit of good will among men " . One cannot produce good will by starving women and children through boycotts and blockades. Since they say that the fundamentals in Judaism and Christianity are the same, I followed it out in practice and insisted that we treat the Germans as human beings, too, and do not meddle in their affairs as we would not want them to meddle in ours. But the moment I do what the B'nai B'rith preach, they call me a fifth columnist. That's the difference between them and us. We who are placing our faith in God believe that by doing good, we shall make friends and will bring out the good will of the German people towards the United States and war will not take our lives and destroy our republican system of government by supplanting it with a dictatorship. But you may read here on page six of the B'nai B'rith Messenger a very interesting item. Read it.

FRED — "Dr. Israel Wechsler, who in addition to his medical fame is well-known throughout this country as a Zionist leader, was the first American specialist requested by the Trotzky Household when the tragedy occurred there last week. . . . But he came too late."

DAD—So you, see, Fred, when a Communist like Trotzky who is responsible for killing uncounted human beings in the Russian revolution needs help, Zionist Dr. Wechsler rushes to help him, but when now a great famine is on its way this winter in Europe where millions of women and childrn are going to starve, the boycott of Germany is still on to starve them with the blockade added to the boycott. Now I claim that both the Jewish and the Christian religion teaches us to love one another and even do good to those who hate us, but certainly the children in Europe would not hate those who feed them and they should not be permitted to starve.

Next Thursday my program will be given earlier in the evening, at 8 o'clock instead of the usual 8:30.

The Presidential Race—between Roosevelt and Willkie is not geared to serve the people of these United States. Both candidates are outrivaling each other in their effort to prove which one is going to serve the Jews and their aspirations of world dominion. Watch the race and judge for yourself. To get even with Hitler for chasing the international banking Jews out of Europe, both Roosevelt and Willkie are demanding that we scrap our American tradition, go counter to George Washington's example, become partial to Great Britain, conscript our youth and enrich the Jews by borrowing more billions to give them more interest, so-called on the public debt. Never mind our people, **Jews first!** Willkie said it, in his acceptance speech, Roosevelt does it. No wonder enthusiasm for Willkie is cooling down. What America needs is a champion of the American people, not aliens!

Impeach Roosevelt !

Editor: Back in '32 demogogic Democrats were begging voters to stop in the middle of the stream and put horse Roosevelt in the place of plug Hoover.

Now, as their main argument for keeping plug Roosevelt in, the same demogogic Democrats are arguing against exactly what they argued for in '32.

So their argument now is null and void, and so much hooey, and they know it.

Did you notice that Rebels held the northern Congressman while the Rebel Congressman punched him?

If there were just one real American in the House, part-Jew Roosevelt would have been impeached long ago.

There are a few 50 per cent, 25 per cent, ten per cent and one-half of one per cent Americans in Congress, but no real American there, unless he be Thorkelson who has just been defeated by Jeanette Rankin for re-nomination.

Leave it to an American woman to go in with Jews to down American men; and we all know that no men have as much hatred and contempt for our women as have Jewish men.

The English and Rebels in this country are getting so desperate that we're apt to wake up any morning and read about their assassination of Roosevelt and the midnight coronation of King Eddy I—and Queen Wallie.

In that case, every Rebel would think himself and herself of royal blood—as a good many of them do already.

It was an act proving his civilization for Churchill to try to blow up Hitler, but it proves Hitler's lack of civilization to try to blow down Churchill.

Treason here these days is patriotism, traitors THE Americans—and Americans, stray dogs.

Roosevelt is building up a great Army and Navy, not to protect Americans from Hitler, but to defend Jews in their dictatorship over us. All politicians and newspapers know this, but not one has the guts to say it.

If there is one distinguishing feature of the New Deal, it is that of wholesale graft.

Have you heard any paper or politician mention that distinguishing feature?

How much graft? Oh, 10 billion, maybe, if not more.

Remember that "very clean man," Atty. Gen. Jackson, mentioned corruption in the Harding administration?

You've noticed that "our" government is registering the 3½ million foreigners here? Fact is there are nearer 25 millions than 3½, and "our" government knows it. There are 2½ million Mexicans alone. And 10 million Jews have boiled in on us since Roosevelt got in.

Also, many of the so-called refugee English children are young Jews—young pawnbrokers, secondhanders, dancehallers, and the like.

Jews have stolen (with the help of bought Americans) so much of the wealth of the country that well-meaning Americans have a hard time making a living on what is left them.

Franklin the First, Queen Eleanore and Crown Prince Jimmie—maybe.

Go to 864-5th St., go in and see the south wall covered with racing sheets and two monkeys behind a counter on the right taking bets on fake races from reliefers, old age pensioners and dhamphule ex-servicemen. Then go to the rear door, turn to your right and go thru a saloon to E St. Or reverse the process.

Of course Chief Peterson, the Mayor, Rhodes, the District and City Attorneys, Dort, the judges, etc., know nothing about it!!!
