"IN HOC SIGNO VINCES"

THE BROOM

"You Shall Know the Truth"

War is the sum-total of all crimes. Left to themselves no people would make war. War-makers are heartless, cunning, greedy. All wars are for booty. The U. S. A. engaged in wars for the booty of the Allies and the destruction of free government by the people, of the people, for the people. Wars bring slavery and conscription, debts and poverty for unborn generations even.

Quo Vadis, America?

The Will-to-Order State Power

Dear Mr. de Aryan:

Though, lately, I never am honored with a reply upon my own and my wife's letters and publications sent to you, I herewith allow myself to submit, upon Mr. Kurt Mertig's request, complete edition of my **"?Quo Vadis, America?"**

Most respectfully,
FREDERICK CHARLES F. WEISS

* * * *

TWO EVILS PRODUCE NO HEAVEN

My dear Mr. Weiss:

I am an old and very irascible type of person. I have not answered your letters because it would have merely produced another outburst of temper. You may fool the Germans who fell so easily for Bismarck, Kaiser Wilhelm and Hitler, but you don't fool me. You garnish your seductive ideology very nicely with a lot of **Kultur appeal,** but it appeals only to those deluded, and often deluded, Germans who enjoy being **servants of the state.** Thinking Freemen can see thru the whole snare, as lovely as you bait it.

I did not answer your wife's letters because I have no use for her war-mongering against Russia. She sent such a manuscript to my printer to have leaflets printed but he refused to handle it. There is quite a difference between opposition to the ideology of Communism and active incitement to war with Russia. We expose both, Communism and the war-mongers, for as one may find in **Collier's,** for March 15, by Richard C. Hottelet, "Ivan" — the common Russian — is just as much a victim as is the conscript soldier in the U. S. A. or was in Germany recently under the **"servant of the state"** ideology which you propagandize again.

Concerning Americans in contrast to "Ivan", we are even more culpable than the Russian people since we are higher developed mentally and spirtually, yet, the **Boise Valley Herald,** of Middleton, Idaho, gives a correct picture of our failing:

". . . . the degradation of the average American who, confronted with a lie, neither fights against it, nor forces himself to believe it; but **merely goes on as though nothing had happened — because he is safe and well fed, and doesn't want to be bothered."**

* * * *

A NEW VERSION OF KULTUR STATEISM

Your whole propaganda is well summarized by you in the following:

"And, finally, I have tried to show that in the age of atomic bombs and long-distance missiles we no longer live on an island; that the oceans to the east and to the west no longer preclude a successful attack by an invader and that therefore no longer we can afford to be governed by the forces of dictatorial money economics but only by the **purely political will-to-order** of a powerful State as the only POWER, which can destroy the power of our enemy.

"Let us therefore hope that everything in the order of tradition and nobility, that has saved itself in us; everything that is intrinsically sound enough in us to be the servant—the hard working, self-sacrificing, caring servant—of the State, will now become the focus of immense forces. For these forces, whom a Destiny has placed in the Western culture at this moment of decision, their direction is set within narrow limits.

"Let us hope that their task will be accomplished with us and not against us.

"DUCENT FATA VOLENTEM, NOLENTEM TRAHUNT."

* * * *

While you seem to have lived long enough in the U. S. A. to ably use the English language you have not lived long enough to appreciate the fundamental difference between the two ideologies of the **state being the servant of the people, vs. the people being the servants of the state.** You still hark back to the German feudal concept which the British also hold high with such disastrous results; namely, that the state, the sovereign, lords over the people instead of serving them. The debacle in Germany and now in England has taught you nothing.

Most cleverly you point to the fact that the U. S. A. is a slave to the Jewish dictatorial money economics but as a solution you advocate the Nazi and Soviet system of the **purely political will-to-order** POWER of a powerful state. You advocate pitching Nazism against Bolshevism **in America as a defense against Russia.**

Stateism is our enemy. And your Kultur brand of it, where the people are the serfs — you call them euphemistically, servants — the self-sacrificing serfs, does not produce the American ideal of government where the **least government is the best government.**

As a political remedy I advocate Henry George, the individualist American, who **gives Caesar what is Caesar's but reserves to each citizen his God-given inalienable rights.** That solves the problem of collectivism and communism vs. individualism and private property. One cannot ignore collectivism and individualism and expect to produce a civilized society. Henry George presented the solution.

Also there is no remedy in violence but only in intelligence. You advocate using one's mind and all faculties to produce a powerful state, a la Hitler, to oppose Stalin's powerful state. Both are **purely political will-to-order powers** which violate the principle of individual God-given, inalienable rights.

Going further, I analyze the situation as being one where the bestial nature prevails over the nobler impulses. Hence, I say that its remedy is **vegetarianism from sentiment and compassion with living animals.** Where this compassion is atrophied, men are beasts yet and then they seek the solution for their individual and collective troubles in **force and violence.**

Under these circumstances it becomes evident that a man of my religious faith in divine Rule can have no truck with persons like yourself who yet worship POWER and not God. You'll go the way of Hitler, FDR and Stalin and I don't care to join you.

Yes, there is a war with Russia coming because there are too many slave-minded Americans here and too many serfs in Russia. Only freemen could rise to the high level of intelligence where they would tell the STATE where to head in. Even we have not produced that kind of government as yet, where we follow the highest and the best intelligence God gave us, instead of placing our faith in the **purely political will-to-order POWER** state with armies of serfs and KULTUR-industry for carnage.

Yet, America will **survive, NOT because of the the POWER** of the state but **IN SPITE** of it.

The state is placing its faith in conscript armies and A-bombs. These will be destroyed by the Russians, and the lesson that will follow becomes our savior. Russians and Americans, having devastated two continents and exterminated three-fourths of all living creatures thereon, will return to God and thank Him for miraculous survival. The chastened people of the world will unite in adopting PEACE and the GOLDEN RULE as a **matter of self-defense and SURVIVAL,** because they found out that POWER and MIGHT do not make right, but merely exterminates its own advocates.

I had to wait, since my work is pressing me so hard. I had no time previously to write a reply that would cover the ground. Merely calling you a nazi, which you are, would not have proven my points.

Sincerely,
C. LEON de ARYAN.

Larger Parcels for German Relief

Hon. Herbert Hoover
Waldorf-Astoria Towers
New York, N. Y.

Your Excellency:

It takes almost the same amount of labor, time and material etc., to make up an 11-lb gift package, as allowed since June 1st to the U. S. zone of Germany—since July and August to the British and French and since January 15th to the Russian zones—as it would take to make up a 22-lb. or a 44-lb. gift parcel as is permitted since many months to send to Hungary, etc.

It is easy enough to find out all about packages to refugees, if one calls up the U. S. State Department in Washington, D. C., but inquiries as to whom to contact in the State or War Departments on an increased weight to Germany get nowhere.

You just have come back from an inspection tour of Germany. We have not yet learned of the recommendations you undoubtedly have already made to the present administration in the White House. Would you not be so kind—as an authority on relief—**to propose at least for the time being to the proper authorities of the four allied occupying powers an increase in the weight of gift parcels to Germany?** — We are certain that a recommendation coming from you would be listened to, whereas the voice of John Q. Public is ignored by our appointees in public offices—and we cannot approach at all the other powers.

U. S. freighters are tied up in American ports by the thousands—Russia fails to act on the repeated requests of the U. S. to return 95 ships loaned them during the war—and a recommendation by you to permit freight shipments of relief goods by American citizens of German descent to help their starving and freezing kinfolks in Germany, Austria and elsewhere in the occupied countries of Central Europe would undoubtedly help to cut the red tape which has made relief and other rehabilitation questions such a disheartening problem for thirty million American citizens of German descent.

A word from you, your Excellency, can save millions of women, children and other innocent sufferers of unendurable suffering and death. May we hope for an outspoken statement from you for Christianity's and humanity's sake?

Very sincerely yours,
KURT MERTIG
Chairman, German-American Republican League of Greater New York

Truman Greases Greece

Did it ever occur to us to figure out why President Truman advocates an anti-British policy in Palestine and a pro-British action in Greece?

It is easy to say that Greece is the gateway to the Dardanelles and the Black Sea; that it would open the seaway for Russia, if it got the Dardanelles, to menace Suez and the lifeline to India. But what about the puzzle of Russia siding with Britain and the Arabs against the Zionists in Palestine?

Note that Russia is consistently against Truman's policy in Greece as well as Palestine. Hence, for whom does Truman front so that Stalin opposes that party consistently?

To imagine that Truman, the mass murderer of Hiroshima and Nagasaki, is motivated by "humanitarian" motives in advocating "help" to Greece is to insult our intelligence. That gangster from Pendergast's machine has no more heart in him than a hangman. He proved it again and again.

Few have noticed that Amshel Mayer, Baron von Rothschild, started his bloody usury in human lives in Frankfurt, then moved across the channel to London. The world talks about British imperialism and exploitation of colonies. But who got the cream of it? Why, Amshel's, now Rothschild.

And eagerly, this usury gang of banksters rooted themselves in U. S. finance, joined hands with the American Tories, the Rockefellers, the way they had joined hands with the British Tories, for exploitation of the American suckers here. Behind the British empire looms the British usurer. He got the cream of the plunder thru the East India Co., etc.

As he moved on to new shores, in the U. S. A., joined hands with our Tories, he became the "Newdeal", the power behind the throne. Amshel's main business was war. He "financed" the war against George Washington. And he has been at it ever since, bequeathing the "business" of war-making to his "noble" children, the Barons and Baronesses of Rothschild, allied with the Tories in all lands.

And that explains it now. The Rothschild gang wants Palestine and the treasures in minerals of the Dead Sea. Hence Zionism. Truman obliges. Russia is against it, so Russia must be curbed. Truman greases Greece to do the curbing.

Potsdam vs. Humanity

Open Letter to the Senators from New Jersey

Hon. Albert W. Hawks and Alexander Smith,
Dear Sirs:

In Czechoslovakia the Czechs have now expelled over three million Sudetens and taken possession of everything that once was the property of these unfortunate people or even the belongings of Sudeten-German-Americans. While these crimes were being committed, our protesting Congressmen have received conciliatory letters from the State Department stressing how much they already have done for their fellow citizens.

We Sudeten-German-Americans are betrayed by our government. We gave our love, the lives of our sons, we killed our brothers in Europe for the ideals of democracy. And what do we get in return—abuse, degradation, and outlawry are the benefits of our deeds. Was there ever a crime committed so dastardly? As a consequence of our acts to prove our loyalty to the United States during the hard war years, we are now looked upon as a characterless race. We are only good enough to send food parcels to Germany, to give the starving and dying expellees a last mouthful to eat. For this Uncle Sam takes the credit. Washington proudly informs the public; the U. S. has sent millions of tons of food to Germany. What food?

Again they lie. Nothing, or very little has been sent by Washington. If so, it surely reached the Black Market, as in Czechoslovakia and Poland, and a certain clique derived the benefit from it. The poor German-Americans spent their last cent to relieve the starvation of their kin.

To us it seems this starvation is deliberate and intended. In 1945 General Clay said, "It is up to Congress as to how long we should let the Germans starve." Has that crime not reached its climax? Could Congress not step in and check the deliberate killing of children, who have no war guilt?

How could the expelled millions be stuffed into rump Germany, with all the cities in ruins, our military occupants and their families taking possession of the last available dwellings, if the intentions were not the extermination of tens of millions of Germans? Where shall these million expellees find a place to lay their heads? Both Roosevelt and Truman sanctioned the idea of bringing this, the greatest misery ever, upon mankind, especially upon our relatives, and us as well.

We Sudeten-German-Americans (as the Sudetens in Czechoslovakia) have been sold down the river. We are awakened by the confessions of champion liars of the calibre of Lord Northcliffe, the newspaper king, who owned over 100 newspapers, at a banquet in England confessed bluntly: "If we hadn't used so many lies against Germany, we never would have won this war." Therefore we no longer believe the lies from Washington, London, or Paris.

When millions of lives are at stake, it would be advisable that our Congressmen acquaint themselves with the cruel and inhuman results the Potsdam Declaration has brought upon these unfortunate people.

The only logical remedy will be to have this treaty torn to pieces, and the unfortunate people returned to their homes. I have the confidence that you will speak up for the sake of Christianity, and adjust this darkest of all crimes in history. Undoubtedly, in this struggle for humanity you will be assisted by most of the Christian-minded Senators.

Sincerely yours, JOSEPH T. AUER
Secretary, Sudeten German-American League

Geneva Convention Defense Fund

Dear Mr. de Aryan:

Find enclosed a Money Order for $10.00 which I should have sent sooner, but been too rushed to purchase the order.

This is for your valiant legal battle in the Joan McBride case in which you seek to uphold national and international law, justice and Christian principles that this Nation is supposed to stand for but seems to be giving away under pressure, bludgeoning, highjacking, and the wily intrigues of the demons of the Anti-Christ.

I hope the dear girl who is being made the scape goat in this case will learn to completely relax and trust in the Almighty Deliverer, for so far as she or any of us are concerned, that's her only hope. I am concerned also whether she has enough to eat. It is so enervating to be shut in those vile prisons without fresh air, and the rotten food they serve makes it quite unbearable; but we have to learn to be brave in face of the worst and to drink our cup of gall to the bitter dregs. After all, these world killer maniacs can't touch the soul, which is immortal.

Can you find out whether it is possible to get food of any kind or delicacies to the girl from the outside, and how it should be directed so it will reach her? Of course it will be pawed over and inspected by the morons who are the jail keepers for the monsters of the inter-national cabal of the Anti-Christ.

Hastily,
LOIS de LAFAYETTE WASHBURN.

Dear Friend:

Please find $15.00 enclosed. $5 for your work

and $10.00 for McBride fund. Respectfully,
C. W. L.

Dear Mr. de Aryan:

Enclosed find Postal Note for renewal of subscription to The Broom and a greenback for the defense of Joan McBride. I wish I could make it more.

More power to you in your fight for the right.
R. B.

Dear Mr. de Aryan:

This will acknowledge receipt of your favor of the 16th instant enclosing $200.00 in bank money orders, for which I want to thank you.

I was very interested in what you had to say in your letter and I have no doubt that your system has its advantages in matters of this kind. In presenting the case, I shall do all that I can to follow your suggestions.

I received a letter from Mrs. McBride last week, which I promptly answered.

Again thanking you and with kindest regards, I am Sincerely yours,
CHARLES BOWLES.

Our editor met Trudy, Joan's sister, who returned from Detroit. We shall present her account of what took place in next week's issue. It is so completely at variance with the newspaper accounts that it's a crime. The FBI, the prosecutor and judge simply railroaded Joan for something she had not done at all.

The stories that she lived as man and wife with Rudolph Soelch are one hundred percent fabrications that were proven lies at the trial, yet the newspapers kept on repeating that story. Neither had she helped the prisoner escape nor did she hide him. You'll see how FBI and the court conspired to railroad her.

White Slavery in Hollywood

By SALEM BADER

(Part II - Continued)

Before we delve into the subject of how young men and women are started on their way to degeneration and demoralization thru the process of Motion Pictures it would be in order to give a realistic review of what the Motion Picture industry is, who the men running it, are, and the calibre of the people who have more to do with influencing the morals and conduct of American children and youth.

The Motion Picture Industry is operated and dominated by American Jews. This is a statement of fact and need not be construed as a slap against all Jews. Some Jews in the industry and outside have denied this fact as a subterfuge to detract attention. However, flagrant denials in spite of glaring evidence is not an unusual characteristic in Jewish makeup as a whole, and therefore can be excused. What is more disgusting are the many Gentiles who thru supine hypocrisy or moral cowardice, attempt to discredit this fact. These sophisticated low-brows prefer to condemn the Jews in whispers and behind their backs, meanwhile slavishly court their favor when in their presence.

The Motion Picture Industry has created thousands of these pathetic weaklings. But then, this new Gentile specimen has multiplied by leaps and bounds in this country the last decade under the intimidating tactics of Franklin D. Roosevelt and his New Deal shadow-advisers and palace-guard bed-fellows. In business no one dares stand against the Jewish boycott; in government no official appointee would dare risk the wrath of a Rosenman, Morgenthau, Frankfurter or Ben Cohen; on the radio no commentator could withstand the axe of a Sarnoff or a Pelley, of CBS; and in the churches no minister could **forfeit the cash subsidies of the wealthy and continually replenished treasury of the Anti-Defamation League.**

The blanket and national dictum is **"The Jews are a holy virtuous, god-fearing, helpless, persecuted and chosen people,—Amen!"** Any one who would make even the slightest inference to blur these sacred letters etched on the new Mosaic tablets is a wicked, unredeemable, blasphemer, only fit for the eternal fires of hell!

"I hate them, but I have to work for them", says an employee. "All you say is true, but it would be political suicide for me to mention it publicly", a congressman or a senator, or some other government official says. "We would love to hear the truth about the Zionist story, but a lecture like that would offend the big Jews in our city and we dare not do that". This is said by a program chairman of any club or organization in any American city. So there is no more for one to do or say except "All heil Israel!"

The Motion Picture Industry can be divided into two sections. The Industry and Warner Brothers. Why this peculiar division? Because the fabulous Brothers Warner have had their fingers in various pies, most of which would not stand the light of day. The movie business stands aloof because of the following distinctions:

(1) A citadel of NEPOTISM
(2) A complete MONOPOLY
(3) A family or group AUTOCRACY.

Under the first category it shames the worst nepotism practiced by the Czars of Russia. The men on top hold the reins, then follow their multitude of brothers, sons, daughters, cousins, sons-in-law, and so unto the second, third, fourth and limitless generation. Then come the friends, friends-of friends, and the hangers-on of the friends. These are the people who get the gravy jobs. Anybody outside that circle is mere chattel to shuffle around when convenient. Actor or actress is at the mercy of this exclusive group, to raise or lower, ballyhoo or drive into oblivion, glamorize or destroy, glorify or crush. They are merely robots with which to make money. Merit does not count, and neither do good looks, ability or voice. These are a drug on the market and come cheaply. It is who you know and how well do you know them. "WHO, and HOW WELL DO YOU KNOW THEM?" is the inner secret of success or failure in the movies. This covers an ocean of sins and the sky is the limit. "HOW WELL", could mean all the way from marrying a director, producer or another big shot, to sexual promiscuity in all its variations and perversions. Of course, there are many exceptions among men and women who have managed to somehow get places without compromising their virtue.

This is the whirlpool of immoral and degenerating web in which trusting young girls and boys get entangled when they come to Hollywood from a distant town, hamlet or city, completely mesmerized by the mythical and fabricated glitter they read about. This does not mean that starry-eyed youngsters who have invaded Hollywood get very far even after they have succumbed and submitted to all these demands. The majority never even see the inside of a studio. After a time they are found in bars, dives, secret brothels, or wherever anyone may promise food and shelter, and some have been found murdered and mangled by some sadist.

Here is what George Sokolsky has to say, only he is talking about those people who are in the limelight. He does not know of the thousands of little people who are ground under the wheels of the passing van of bloated "celebrities". "They who advertise their own immoralities, spreading stories about themselves which shame decent folks, making a mockery of marriage, elevate adultery and divorce to a propriety and a boast, exhibiting every indecency to the public gaze and hiring gossips to spread about tales of their misconduct . . . . "

As a monopoly the Motion Picture Industry is unsurpassed. It is the manufacturer, wholesaler, retailer, distributor, releaser and exhibitor. To top this it owns the theatres where its product is displayed. It defies and makes a sham of our Anti-Trust government division, Sherman Act, and places all anti-monopoly restrictions in the ash-can. **Nevertheless the movie big-wigs squeal the loudest against monopoly in labor unions. and complain about Czars controlling labor!** Independent producers can make pictures but can only show them in fifth class theatres. Independent theatre owners are at the mercy of the Major Studios' dictatorial and Nazi-like tactics. They must show this rotten stuff or close up. There is not sufficent space here to elaborate on how this handful of Czars are able and do succeed in accomplishing this.

As an autocracy, the big moguls of the Industry actually believe themselves to be a select, exclusive, super-elite and super-human specimen of gods. As Sokolsky says: "The real trouble is that Hollywood believes its own publicity". They sneer at government and government officials, smirk at Judges and Courts; they command the services of city government from the Mayor's office to the rank and file of policemen.

Last year when crime was getting out of hand in this City-of-the-Angels, and the Police Department was shouting its head off about an under-manned police force, and pleading for new policemen, **I counted over fifty policemen within a half block around the entrance of the Warner Bros. Theatre,** to take care of an opening of a picture. There were scores of other policemen strung along Hollywood Boulevard to stop traffic and divert pedestrians. All this—because of a first showing of a picture, an army of police loitered about while crime in all forms was rampant in other sections of the city.

Law suits of plagiarism and other mis-conduct against this autocratic hierarchy are shrugged away with arrogance and cynicism, and one can hear Darryl Zanuck say in court, "Anyhow, we are sued frequently". How can any common clay dare question the actions of the gods in their exalted and mysterious ways?

Who are these men who are a government within a government? What is the power behind them, and where do they come from?

Sirs:

Do you by chance know where I can obtain a copy of LINCOLN MONEY MARTYRED, pub. in Seattle, Washington, and a copy of The Poison In America's Cup by Phillip Francis (1919) a small booklet, also a copy of A Sketch Book of British Imperialism by Louis B. Ward (1941) pub. in Detroit. Thanks, J. C. W.

Editor's Note: Could someone answer this?

Unless Britain and the U. S. take a strong position at the Moscow Peace Conference, 100 million people in the Danube River valley and Eastern Europe will be sacrificed on the altar of human slavery. It could easily be the largest single transfer of human flesh into the savagery of bondage in the history of the human race.

What is that Moloch, the State?

Editor:

I will start by pointing out that the "State", any State, is a maniacal monstrosity. It has no personality, soul, or being. It is a "thing". The State has absolutely nothing to do with an individual's creation and birth and unless it executes him for crime or he is killed in one of the wars it has nothing to do with his death. Certainly it has no post mortem influence, as even a Communist would admit.

How then, I ask, does the individual owe anything to such an entity? The answer is, he doesn't. For the same reason he owes nothing to another individual except decent conduct . . . The individual, in his own relationship to the universe and God is all there is . . . No State or political party . . . can vouch for you . . . or in any way add or detract from the record of your life. You came into this life alone and that's exactly the way you are going out.

It is for these basic reasons that I, an individual, strongly resent any synthetic state . . . and I demand my freedom meanwhile.

S. O. MASON.

The city of Minneapolis, which is completely in the hands of Stalin lovers as far as its political setup is concerned, has just passed an F. E. P. C. act for the city. This makes it a criminal offense to make any inquiry into the race or color of an individual before employing that individual.

Christ's Church of the Golden Rule

By C. LEON de ARYAN

LOS ANGELES,—Finally, the bankruptcy proceedings in federal court of Judge William Mathes are coming to a favorable end. Here we have a judge who holds to the view that a voluntary petition for bankruptcy means what it says: **The petitioner is unable to handle the business of the estate and hands it over to the court FOR THE PROTECTION OF CREDITORS AND THE ESTATE.**

While Judge Mathes intended to adhere to that principle all the way thru, he permitted himself to be influenced by Warren Olney III **against the Church Trustee and President, Arthur L. Bell;** so that for a while instead of protecting the estate, its assets were wasted in a witch-hunt to prove Bell a crook. But as the judge is returning to first principles, now that a whole year and a million dollars has been wasted in futile witch-hunting, the strict adherence to his enunciated principle that his court must treat religious and commercial estates alike, is extricating the judge from his own confusion and the Church will emerge solvent, as it always was, but purified from a lot of human dross. The price it paid is worth the lesson gained.

One cannot take the Name of the LORD in vain. Christ's Church of the Golden Rule means **Christ's conception of the Golden Rule** and not that of its backward members! Founder Bell organized the Church to demonstrate **Christ's Golden Rule** as a practical every day proposition.

One cannot serve two masters and Jesus made it plain when he said that he is not bringing us a "peace" of indolence, ignorance and **appeasement of wrong and evil,** but rather a "sword" that will cut us off from all our relatives and associations with a stupid and criminal world, steeped in lethargy and apathy against the Rule of God. He set the example when his mother and brothers called while he was giving public instruction. "Who is my mother and my brothers? **They that do the Will of my Father!"**

When Chester C. Cook called my attention to the "fraud" of Bell, while Cook smoked one cigaret after another and Mrs. White published a letter in THE BROOM exposing the "fraud" and later at the trial she and her husband kept on smoking cigarets, as well as Riker their witness, the situation became incongruous. Actually, they and Kenny, with Olney, did the Church a great service. Only the fraud they alleged was not done by Bell. The fraud is Chester C. Cook, the Whites and all dissenters, as well as such members, who expected to reap peace and wellbeing by violence and indulgence in violence.

Mrs. White wrote in THE BROOM that she served "rotten" steaks in the dining room to the public.

Not that the steaks were "rotten" instead of fresh, since all steaks are rotten, decaying carrion; what was rotten was that a church bearing the name of the **Christ** was making money out of butchery and gorging on the carcass of **innocent vegetarian cattle.**

While Bell himself is a vegetarian, his followers were only 1 in 10.

In His **last communion Jesus stopped and eliminated the use of the pascal lamb, introducing in its stead the MELCHI - ZEND - EK (Melchizedek)** ritual of fruits and grains to feast on.

That scoundrel Warren Olney III, too, was a tool in the Lord's hands to remind the people that they couldn't enter the Kingdom of God by fraud or violence. Olney misrepresented the spiritual adherence of the members who gave their all in goods and services to the Ideal of the Christ in a common LABOR of LOVE, by alleging that Bell used "extortion" and produced "peonage" which Judge Mathes accepted at Olney's say-so and wasted precious time and money in an attempt to "prove" it and use the bankruptcy court as an inquisition. Referee Brink, too, fell for this idea. It was possible because of the psycho-neurosis of war on which Olney played successfully, Bell being a "convicted seditionist" at the time. He has since been cleared of the charges by the Appellate Court.

Olney is the typical incarnation of Goethe's **Mephisto in Faust.** He knows no spiritual integrity and judges others by himself. To his mind devotion to Christ is "peonage". Sadist and fanatic that he is, persecuting those who love the Christ more than they fear the Sanhedrin of the "patriotic" murderers who make wars and feast on the miseries of war-plunder, Olney was just the right type needed to induce Brink and Mathes to use their courts for witch-hunting instead of discharging the business of the bankrupt.

But even Mephisto cannot prevail against the truth. He has his day and gets his dues. In the end the truth triumphs and its day is dawning now.

Mass "Sedition" Trial Appeal

WASHINGTON,—A defense move to block a government attempt to win a new trial of the mass sedition case is under way.

Claude A. Thompson, Washington attorney appointed by the court to defend Hans Diebel and Herman Max Schwinn, announced he filed in the United States court of appeals a motion to dismiss the government's appeal of a federal district court order throwing out the case.

It was believed attorneys for several other of the remaining 28 defendants (two of the original 30 defendants died) either would join Thompson or file similar motions on behalf of their clients.

Reports Exhibits Omitted

Thompson said in an interview that the basis for the motion to dismiss would be what he called the Justice department's failure "to perform its duty" to deliver the record on an appeal. Thompson said the Justice department, in transmitting the record of the case in the federal district court here to the appellate court, failed to include in it some 11,000 exhibits provisionally introduced as evidence.

Thompson said he also would ask the court to direct the Justice department to include in its brief the entire district court record of pleadings, proceedings, and evidence.

Thompson said the record would show:

1. That the defendants were subjected to "capricious and oppressive delays".

Trial Delay Charged

2. That Schwinn and Diebel were subjected to arbitrary imprisonment without opportunity to face their accusers in a speedy public trial.

3. That they were subjected to protracted imprisonment by a prolonged trial in which only provisional evidence was introduced.

4. That after subjecting the defendants to an 8½ month trial which ended in a mistrial when the presiding judge died, the Justice department delayed the case by going "on a fishing expedition" to Germany for evidence.

No "Kol Nidrei" for de Aryans

By C. LEON de ARYAN

"Even during the days of the Inquisition, when Jews were forced under the threat of being burned alive, to accept Catholicism, they would once a year, in the presence of a solemn assembly, recite the Kol Nidrei or the formula of invalidating vows." — Dr. Louis G. Reynolds in California Jewish Voice.

THE BROOM contains the record not only of contemporary local, national and world events, but also the record of the life of its editor. In fact, this latter is among the most valuable portion of news because the editor is not represented therein as a private person, but as an example of what happens when one follows Principle at the cost of everything dear in life.

Dr. Louis G. Reynolds is a Marxian Jew who writes lengthy apologies for treachery in the life of the Jewish people. He is so confoundedly Jewish he fails to note his indictment of the Jews. This is a characteristic of every criminal "master-mind" that in boasting of reckless exploits it exposes its true nature. Thus, Dr. Reynolds truthfully explains the method used by Jews when they take vows, or oaths, or pledge allegiance "under duress" and then **"once a year, in the presence of a solemn assembly, recite the Kol Nidrei or the formula of invalidating vows".**

Thus, these Jews serve two masters with a very straight face and fail to realize the extent of **"the sin against the Holy Spirit of Truth",** which cannot be forgiven but produces effects reaching into the 3rd and 4th generations.

The value of THE BROOM to you is the peculiar adherence of its editor to the principle of intellectual integrity which extends into every department of life, be it politics, economics, philosophy, religion, finances or plain every-day conversation.

Dr. Reynolds' description of the recital of the Kol Nidrei, once a year in the presence of a solemn assembly, vividly reminds me of the scene on New Year's night where Emanuel Bachman officiated and solemnly "repented" of his evil deeds during the year, repeating the same "repentance formula" each year. Perhaps you realize how it turned my stomach when I witnessed this "Kol Nidrei" performance by the leading Jew of the "Mazdaznan" congregation in Los Angeles.

Since I was a little boy who could hardly walk, my life's fondest ambition was "to do in earth, as it is in heaven", the Will of my Father. This describes my purpose of being here.

My ideal has always been the Christ, Jesus, who told the Jews **"I have not come to break the Law, but to fulfill it."**

And Jesus had the courage to walk up Golgatha to live his teachings. He never reneged. He never plead duress, never yielded to it. He taught us how to place our Faith in the Supreme Rule of God and thereby overcome all opposition to God's Rule. **These are the teachings of Ahura-Mazda translated into language acceptable and understandable to all of us.** This is the quintessense of spiritual and intellectual integrity.

But the world says it cannot be done. Jesus was the exception not the rule.

To find out for myself whether Jesus meant that we take up our cross and follow in his footsteps, I have all my life sacrificed everything to adhere to Principle. I raised two boys toward the same end. And when I embarked upon journalism I followed intellectual integrity at the expense of commercial profit.

You are witnessing the results. The Prince of Peace dared walk up Golgatha rather than **submit "under duress" to conscription** into a Jewish army against Rome by the Sanhedrin. He did not do as Reynolds' Jews did and yet do, **perjure themselves by becoming Catholics, German or American "citizens under duress"** or for "business reasons" and then disavow it "once a year" by reciting the Kol Nidrei. And so the three de Aryans, father and two sons, follow the Prince of Peace up Golgatha even in time of war, openly, defiantly, denying allegiance to Satan's hordes. Yet, because they stand on their Faith in God's Supreme Rule, the three are excluded from officiating in the termite-ridden shack which serves as "Mazdaznan" Synagogue in Los Angeles where Bachman once a year recites the "Kol Nidrei" on New Year's eve: "I repent"! and blithely proceeds to deny the Christ till he "repents again" next year.

Because the religion of Ahura-Mazda, as exemplified in the Life of Jesus, is so dear to me, you can appreciate the terrific shock, disturbance and anguish **to note that the Jewish "Kol Nidrei" prevails where Mazda is presumed to be worshipped.**

The Miracle of Intelligence

The most remarkable thing about the rapid recovery of Howard Hughes from the effects of his accident (he was badly smashed up in the wreck of a plane) is the refusal of a man in his position to permit the physicians to kill him. It is the usual practice of men of money and position to die in a thoroughly orthodox manner rather than recover in some unorthodox way. Hughes was different. For this reason, he is alive and back in the harness. Indeed, he is flying planes again.

He was kept in a hospital after the accident, but for only a short time for he made such a rapid recovery that it flabbergasted his physicians. How did he do it? He did it by thumbing his nose at the boasted miracle drugs of the voodoo profession and by refusing much of their other very "scientific" care and by refusing their foods to keep up his strength. Medical science can claim no credit for the recovery of Howard Hughes.

He refused to permit them to give him sedatives. He must have been in great pain, but he preferred to bear the pain to taking their pain-killing (patient-killing) drugs. He refused to take their sulfa drugs and their penicillin. He refused all of their injections. He refused all food except orange juice. To guard against drugs being given to him in the juice he made them squeeze out the juice before his own eyes. He was taking no chances with the wiley priests of voodooism. He must have known them much better than most people do. He must have known something of the trickery and deceit of which they are capable in order to get their way in their killing practices.

How different his care to that given General Patton! And, how different the results! Had Patton been cared for as Hughes was cared for, there is no reason to doubt that he would be alive today. Patton submitted himself to all the killing processes that "science" has at its disposal. "Everything that science could do" was done to Patton, and the result was what we have learned to expect. Aren't undertakers wonderful men! How could "science" get along without them?

Will the example set by Howard Hughes be followed by other men of wealth and prominence? Will the general public learn a valuable lesson from his experience? Does his refusal to be killed in the approved and strictly legal manner represent an awakening in portions of our population that has heretofore been batblind to the evils of voodooism? Not if our fascist government has its way. It will fasten voodooism on all of us, if we don't wake up soon.—Dr. Shelton's Hygienic Review, San Antonio, Texas.

Marshall Asks "Inalienable Rights" for Germans

MOSCOW,—America's plan for Germany of the future, taking the form of a Federal regime freed from danger of political exploitation by any single power, was laid before the Big Four Council of Foreign Ministers.

Secretary of State George C. Marshall, outspoken and strong, presented the case of the United States.

In his forthright pronouncement, Marshall emphasized American belief in the **"inalienable rights" of human beings.** He said:

"These may not be given or taken away.

"They include the right of every individual to develop his mind and soul by ways of his own choice, free from fear or coercion, provided only that he does not interfere with the like rights of others.

"To us society is not democratic if men who respect the rights of their fellowmen are not free to express **their own beliefs and convictions without the fear they may be snatched away from their home and family.**

"To us society is not free if law-abiding citizens live in the fear of being **denied the right to work,** or deprived of life, liberty and the pursuit of happiness.

"We believe that reconstruction of Germany on a democratic basis as called for by the Berlin (Potsdam) Conference requires that basic law within each German state and the practice of occupying authorities should assure such right to every individual and **effectively prevent any government or group, however powerful and however numerous, from taking such rights from or imposing such fears on any individuals, however weak or however few.**

"We believe that the present control of Germany by the Allies gives us an unique opportunity to demonstrate to the world the sincerity of the democratic goals which were proclaimed by the Atlantic Charter and the United Nations Charter."

* * * *

AMERICANS LOSE THEIR "INALIENABLE RIGHTS"

The method by which the mass of American morons are roped into slavery to give their lives, labor and goods to the International Cartel—Sanhedrin, headed by the Rockefeller-Rothschild combine, is to "defend" **foreign "inalienable rights"** and create an aura of "heroism for liberty crusade". The morons don't perceive that this means regimentation at home and loss of all their own "inalienable rights" because they are engaging in "establishing the Kingdom of God by force" in foreign countries.

In the first instance we have military conscription which robs our youth of their "inalienable rights" to develop his "mind and soul by ways of his own choice, free from fear and coercion".

Then we have the "sedition" laws by which we are not free to express our "own beliefs and convictions without the fear we may be snatched away from home and family." I was; and thousands of others were; and many are yet in jail and detention-custody right now.

How many are "denied the right to work" unless they join a labor racket union?

How many millions of Americans are being hounded, boycotted, discriminated against, terorized, their business destroyed by the labor union rackets and the "government" of the U. S. A., its congress, its courts enforce the decrees of the labor union racketeers which deprive private, industrious Americans of the right to work!?

How many American industries are paralyzed today by labor union rackets?!

How many Americans are hounded, boycotted, terrorized, deprived of the right to do business, deprived of the use of the radio for expression of their grievances by a combination of rackets headed by the **Anti-Defamation League, the Zionists,** the FBI, the FCC and even the P. O. department?

How many people are in jail and slave camps today for being religious, conscientious objectors to war?!

Thus, one can see how the Rockefeller-Rothschild world dictatorship proceeds. They destroy "inalienable rights" in America while claiming to bring them to Germany which the Morgenthau Murden Plan has completely plundered, raped, debauched and enslaved.

You cannot "take the Kingdom of God by force" and violence. General Marshall, **the highly trained mass-murderer,** is the proper mouthpiece of the R. & R. cartel to place **all the world in chains** and subjection to the International Tory—Usurers.

Dear Sir:

We have your recent inquiry asking us what 15,000 U. S. P. Units of Vitamin A means on our package of margarine. We would advise that a U. S. P. unit means United States Pharmacopoeia unit, the standard unit of measurement of Vitamin A. **Allsweet** is fortified to contain 15,000 of these units for each pound of product. The Vitamin A used in our **Allsweet** is derived from natural sources, such as fish liver oils and the nutritive value is what would be expected from this source.

How the G. O. P. Can Win: Throw All Newdeal Republicans — Such as Dewey, Ives, Morse, Vandenberg and Stassen —in the Ashcan

By WASHINGTON ADAMS

WASHINGTON, March 12 (Special) — Gallup's poll, showing a drift of the unsettled voter back to the vomit of Newdealism, has upset the G. O. P. elephant's digestion—a trifle.

And right along with this unwelcome dish comes a sour dessert—an article in "Look" of March 18, by Richard Wilson, entitled **"Can Dewey Be Stopped?".**

Strange that this eccentric but powerful magazine should have as the head of its Washington bureau a man who would write so inaccurately as to state that the "New York governor was elected by the LARGEST SIMPLE MAJORITY IN NEW YORK'S HISTORY"! — a 100% falsehood.

I assume that Mr. Wilson—my "Anglo-Saxon" (?) cousin—is just IGNORANT and would not willingly falsify, even if ordered to do so by the camarilla.

If he had picked up the World Almanac, he could easily have found that in 1920 Harding (of Ohio) carried New York for the Republicans by over 1,000,000 (the record) MAJORITY, when the total population was 4,000,000 smaller.

May I repeat what I wrote last November 6, that our party's "peewee" Dewey made ONLY the fourth best race since 1930:

Dewey's 678,000 majority was behind three others: F. D. Roosevelt in 1930 beat Charles Tuttle (a pro-Negro renegade Republican) by 725,000; in 1932 Lehman beat William Donovan, a finer man, by 847,439 plurality, and two years later Lehman trounced Robert Moses, also a better man, by 848,091.

I pointed out that in the past election, DEWEY made a poorer showing in percentage points than three other and abler Republicans, as follows:

Bricker 58.8; Baldwin (Conn.) 58; Driscoll (N. J.) 58; Dewey 56.9.

Real American Republicans must realize that they must STOP DEWEY or SEE THEIR PARTY DIE.

In the candidacy of Dewey stand exposed the weaknesses, the evils, the utter VICIOUSNESS, of the party NOMINATING CONVENTION SYSTEM of selecting Presidents.

Conventions are governed by NO public law, Federal or State. But not even a Constitutional Amendment and a code of laws could save the system from the DEMAGOGUERY that is inherent and inescapable.

Even the wisest and best of convention delegates, legally elected, and voting by secret ballot (which has never once been tried), would be faced by the necessity of picking a candidate —not for his statesmanship—but for his ability to win the morons who hold the balance of power.

And as our forefathers pointed out in the great Constitutional Convention of 1787, the candidate—if subjected to popular vote—would have his reputation torn to such shreds that the masses could not distinguish the false from the true.

Moreover, the wickedness of DEMAGOGUERY is small compared to another and far more GIGANTIC EVIL which finally showed up under the late demagogue—F. D. Roosevelt, as follows:

FOREIGN INFLUENCE, which every one of the Founding Fathers from Washington on down FEARED and repeatedly WARNED AGAINST as absolutely DESTRUCTIVE OF REPUBLICS, took control of the New Dealers, and, by Trojan Horse tactics, INFILTRATED AND BEGAN TO DOMINATE THE SO-CALLED OPPOSITION PARTY—so that for years and years there were no BRAKES on the train of government in Washington. Only a trickle of opposition. Despotism ruled. And — and (WATCH THIS!)—

The same, identical NEW YORK GANG of "FOREIGN INFLUENCE" (that made a Charlie McCarthy out of our crippled President) TOOK OVER THE REPUBLICAN CONVENTIONS IN 1940 AND 1944, wrote innocuous non-opposition platform AND NOMINATED THEIR LEFTIST STOOGES FOR PRESIDENT!!!

In 1940, by hook and crook, they named the lifelong "one-world" socialist Willkie, who had entered the Philadelphia convention without a primary delegate.

In 1944 they had so emasculated Dewey and transfused his political blood that upon the campaign stump he openly APPROVED THE VICIOUS NEWDEAL; never uttered one word of praise for his party or any of its leaders, past or present; never referred to either party's platform; never opposed socialism or socialist schemes; never made a single vote-getting speech; never exposed the Newdeal as a despotism and a rule of men instead of law; never defended the two-party system; even went out of his way to "purge" the ablest Anti-Red in Congress; and to all appearances seemed to be running against Roosevelt in a NEWDEAL PRIMARY for the position of ELECTED DESPOT.

Unless the Republican party PURGEST ITSELF of the New York "foreign influence" which, vampire-like, has been sucking out its lifeblood, and rejects so-called Republicans, like Dewey, Ives, Morse, Vandenberg, Stassen and Saltonstall, it will die, and with it may die the Republic!

The Whig party died within eight years after it elected its last President (Taylor).

The quickest and best reform, under the Constitution, would be for each State Legislature to APPOINT its electors (as the Constitution specifies) and instruct them as to what man to vote for as President, and thus do away with the "foreign influence" dominated conventions and the demagogic popular elections, in which the influence of MINORITY POWER has come to be insurmountable.

This would be true representative republican government, as was practiced by many States in our early history.

Why Was Heidelberg Rector "Suicide"?

Dear Sir:

Your excellent article in the March 3, BROOM appeals to me. The Germans are simply of the maid-servant and man-servant type, deliberately chosen like that for 50 years of immigration. Cowards they are.

Your case of bringing the violation of the Geneva Convention before the Supreme Court is of utmost importance. Enclosed $10, every little bit helps.

Also enclosed you find a terribly justified accusation of the American Military Administration for keeping the best of German Academicians, Rectors of Universities, Scientists, the highest trained minds in Germany, in a Civilian Internment Camp at Moosburg, Bavaria.

The former Rector, or better, the Rector serving when the war ended at the University of Heidelberg, committed "suicide" in that pesthole, kept by the American Military, just before Christmas 1946. These men are elderly, none was fighting, that is, murdering, in this war II, least of all the Rector of the University of Heidelberg.

Nowhere have I seen an announcement of this fact. Your notice — if any — would be the first.

My brother, school director of an exclusive boarding school, was arrested in his home in Weilheim, Ob-Bayern, Germany, May 1, 1945. **NO CHARGE was preferred against him.** No trial. **Only one very short conversation** with an American officer **about mathematics,** my brother's specialty; that was in July, 1945.

My brother is only one victim. I mention him because **he wrote about the Rector of Heidelberg.** I enclose the original letter of my brother, you may translate it. The conditions in the Civilian Internment Camp at Moosburg are a satanic, Jewish conceived hell.

Read what my brother's occupation was during war II. He looked after the disabled veterans of war I as their Chief; after the blind, the amputated, the mentally sick and all the crippled. That work was done from 1918 to 1933 under the German government; but from 1933 to 1945, my brother continued to do it without pay. **On account of that he is being held and tortured at Moosburg.** He was severely wounded five times in the First World War. He knows what suffering is for the disabled; now he is interned just for that.

With every best wish for you. C.

Moosburg, Jan. 15, 1947

My dear sister:

I kept on hoping for some information from you in reply to my 5 letters which I wrote; but in vain. At least I received news thru Liesel that you wrote home and are in good health, so my fears for you were unfounded. Thank God!

It is now past the second half year of my imprisonment but I am still behind barbed wires.

His Excellence, the Rector of the University of Heidelberg "committed suicide" before last Christmas. He is supposed to have "lost his nerve" and could not stand this terribly miserable existence any longer . . . .

As I wrote you before, I was "County-Chief" of the N. S. K. O. V.: you would call it "Chief of the Veterans". Eighty percent of them are heavily disabled casualties. I looked after them, myself one, from 1918 to 1933. That was official then. But since the need demanded it I voluntarily continued on from 1933 to 1945. **And it is needed since 1945, also till THE LAST BLIND Veteran of War I** has ended his miserable span in this life. . . .

In July, 1945, I was called for a short appearance before a C. I. officer. It was supposed to be for establishing my personal abilities. We chatted about mathematical problems. My line. He, too, had studied mathematics. That was all. Followed by incarceration: 1945, 1946 now 1947.

Excuse my poor writing but my hands are frozen blue. It is bitterly cold in these thin frame barracks. . . . .

We need cigarets, it's the only thing of value here. Also **we must have soap to wash our laundry,** some zacharin . . . Your brother ——.

Dear Kosti:

Truly intended each day of last week, getting a note off to you, but failed, so this morning shall take care of a line the first thing I do. I am enclosing $10 for "my good intentions" also for this week, so please accept the weak apology, and I shall try to do better next time.

This is a wonderful morning to do a little work in the yard, so hope to spend a little time with nature, before time to report on my "job". Outdoor work among the flowers and etc., is my hobby. I always feel so rested and much nearer God among such a variety of color and beauty one finds in a few flowers and shrubs. Truly one can find a peace of mind, a feeling of gratitude, an appreciation of life there that gives a lift to a tired soul, that simply cannot be found elsewhere, for there everything shows—life—growing, budding, and bursting forth in a grandeur of splendor and color, expressing a "work" well done.

We human beings surely could take a great lesson from nature, if only we would pause from our daily struggle of existence and getting, and spend a few moments of meditation in God's handiwork. I always think of "The Lillies" they toil not, yet Solomon in all his splendor, was not so arrayed. It always gives me much hope, courage and faith, for I believe that we too, as individuals, must express God's plan for us in being a living example of all that is fine, beautiful, constructive, ever giving something worth-while of ourselves towards bringing to man's consciousness, that he too, was placed here for a purpose, the purpose of being a shining example of love, gratitude, happiness in glorifying God.

May somehow, somewhere, we find a willingness and a desire to WANT to see every human being free from the bondage of the struggle of existence, and find our way back to "OUR FATHER'S HOUSE". All for now. God bless you and give you the strength and courage to carry on. Most sincerely, —J. M. S.

Zionist Lies Exposed

For complete leaflet write to League for Peace with Justice in Palestine, P. O. Box 228, Sta. F, New York 16, N. Y.

Editor's Note: This is not a paid Adv.

(Continued from last week)

"Thou shalt not steal. Thou shalt not bear false witness". —MATTHEW, 19:18.

Zionists make **no noise now** about the Balfour **"Declaration".** For thirty years **because of it** Zionists wanted the world to **"wrap-up and deliver"** Palestine to them **P. D. Q. Zionists never refer to it anymore.** The Voice of Truth drowned out the Zionist untruths about the Balfour **"Declaration"** and Zionists dropped this **"alibi" like a red-hot stove.** The **concealed scandal** about how the **Zionists tricked** Lloyd George and his British Government into giving them the Balfour "Declaration" is enough to **undermine the faith of humanity** in **democracy.** Zionists use the so-called "Mandate" for Palestine as a new No. 1 "alibi" for their conquest of Palestine. Zionists can only continue to do that until all the world also studies the "Mandate". Zionists insult the intelligence of the world when they "broadcast" that the British "Mandate" (temporary trusteeship) gives **any nation or all nations the right to give away a country** which by rule of law or simple justice is not theirs to give away. Article 22 of the League of Nations Covenant ("Mandate's mother") states, "Where populations are not yet able to stand alone" that machinery for a government should be set up for them in keeping with the accepted belief "the well being and development of such peoples forms a sacred trust of civilization". The concealed scandal of Zionist new No. 1 "alibi", the so-called "Mandate", also has a bad odor. It will rock, and maybe wreck careers of many highly-placed persons when the smell leaks out. **The Arabs were not even consulted about taking their county away from them! The Arabs never gave their consent that their country be given to alien Zionists! The Arabs intend to fight to keep their country, and to keep it in one piece too!** Zionist **un-American, non-American,** and **antiAmerican** activities **at home** as well as **abroad, including Palestine,** reveal the true type of Zionist guidance. Without implicit, explicit or tacit aid from Zionist groups the criminal events which shock decent people thruout the world daily could not possibly occur. The "War between East and West" **need not come** if one billion Christians and Moslems say "Stop!" to 1/40th of 1% of world's population, to Zionist zealots! The Arabs have offered a very sane approach to the solution of this situation. Arabs have already taken 500,000 who escaped into Palestine, a country the size of the State of Vermont, of only 10,000 square miles, while the rest of the world with 50,000,000 square miles only took in about the same number in the same time. Thruout the history of Europe persecuted and oppressed Jews have always found a refuge with security and opportunity in the Arab countries. The recent murder of 6,000,000 Jews in the Christian countries of Europe is surely neither the fault nor the responsibility of the distant Arabs. Official spokesman for Syria, Saudi Arabia, Egypt, Lebanon, Iraq, Yemen and Trans Jordan, Abdul-Rahman Azzam Pasha, Secretary General of the Arab League, stated on October 3, 1946 that the Arab state were ready to help find homes for the Jewish refugees in an international conference on the Jewish refugee problem separate from the Palestine negotiations. Zionists should sponsor that conference if their primary interest is the "rescue" of the victims of Hitler's massacres. But that might end "lush" jobs for "professional" Zionists. (To be continued)

Cosimo Cutri is General Chairman of San Diego's committee of the American Relief for Italy Fund. San Diego's quota is $50,000. The first club to make a donation was "La Famiglia". They had raised $75 for a dance and when informed by Mrs. Mildred di Giovanni of the drive, cancelled the dance and turned over the fund to her for Italy. The drive continues until March 31. Any donation may be sent to Emil Sergi, treasurer, Bank of America, San Diego, California.

A dinner will be given on Saturday, March 22, at the El Cortez Hotel. Price per plate $5. Only a limited number of people can be accommodated in the Don Room where admission will be by ticket. These can be bought from Cosimo Cutri, 1001 First National Building, phone Main 0174; or from Emil Sergi in the lobby of the Bank of America main office, phone Franklin 7711.

In Los Angeles Amerigo Bozzani is active in the relief drive, supported by many clubs and organizations. U. S. Judge Suppresses Expose' of Slave Labor in Government Camps

LOS ANGELES, March 14, — During cross-examination of a witness for the prosecution by Francis Heisler, attorney for defendant John Robt. Atherton, a conscientious objector, U. S. District Judge Charles C. Cavanagh did not permit Heisler to ask questions concerning the pay of the "slave workers".

Assistant U. S. Attorney Homer H. Bell is prosecuting defendants John Robt. Atherton and Herman Edw. Behre, two conscientious objectors, for failure to obey an order of Col. Louis F. Kosch, U. S. Artillery, to transfer from Public Service Camp No. 76 at Glendora, Calif., to P. S. C. No. 148 at Minersville, Calif. The Minersville camp was described in correspondence of the U. S. Forest Service, introduced in evidence, as a "concentration camp" and a "problem camp" for bad boys where **no work of national importance was done** and where the U. S. Forest Service expected **refusal of "assignees" to be transferred to it.**

While Roger L. de Mottee, U. S. Forest Service employee, camp manager, was on the witness stand, Heisler asked him whether he had ever managed a camp of **workers who were doing forced labor,** received no injury compensation, no allotments for dependents. Bell objected to introduction of evidence that these people were **government slave workers** and that their standard for a day's work could not be expected to be compared with the day's work of **free civilians who are well paid and who are insured in case of injury** and their dependents are insured also to receive compensation.

The defense, conducted by A. L. Wirin, is that the camps are not set up according to the Congressional Act as **Civilian** Service Camps but are **under control of U. S. Army officers, viz. Col. Louis F. Kosch, U. S. Artillery.** That orders of Col. Kosch are illegal and therefore the defendants were not obliged to obey them.

The jury consists of 8 women, 4 men and 2 male alternates. Judge Cavanagh has not the slightest idea that conscientious objectors **object to helping in the conduct of the war.** He is so naive he imagines the boys want to help in the war only they haven't got the heart to kill, but will gladly help others to do the killing for them; hence they were working in the forests to release man-power for the carnage.

The trial is expected to last another 2 days.

Stewart, Ex-editor Scribner's Commentator, on Trial for Perjury

WASHINGTON,—A District Court jury was chosen to try Douglas M. Stewart, former editor of Scribner's Commentator magazine, on a charge of perjury. He is accused of giving false testimony before a District grand jury which returned indictments in the mass sedition cases of 1944.

Chief Justice Bolitha J. Laws, presiding at the trial, questioned the jurors on their racial background, their views on public events and even on their reading habits.

Justice Laws asked if they subscribe to the New Masses, the Daily Worker, the Chicago Sun, the New York Post, PM or Jewish Life; if they read comments of O. John Rogge, former Justice Department official who investigated the mass sedition case. He asked also whether they listen to radio broadcasts by Walter Winchell and Drew Pearson. A dozen said they did but could not recall any details.

Three Germans to Be Called

The prosecution plans to call three Germans as witnesses in the case, Hans Thomsen, former German Charge d'Affaires here; Baron Heribert von Strempel, former first secretary to the German Embassy, and Hans Borchers, German Consul General in New York for more than 10 years before the war. They were brought here recently from Germany.

The accusation against Stewart says he perjured himself in declaring he found $15,000 in his Lake Geneva (Wis.) home and did not know where the money came from. Justice Laws told the jurors, in identifying the case for them, that the prosecution claims Stewart received the $15,000 from Baron von Strempel in the Hotel Pennsylvania in New York in 1941 to finance a publication.

"Zionism" is Rothschild Exploitation Scheme

The Balfour Declaration is actually a letter written Nov. 2, 1917, to Lord Rothschild. This is the entire letter:

"I have much pleasure in conveying to you, on behalf of His Majesty's Government, the following declaration of sympathy with the Jewish Zionist aspirations which has been submitted to, and approved by, the Cabinet.

"His Majesty's Government views with favor the establishment in Palestine of a national home for the Jewish people and will use their best endeavors to facilitate the achievement of this objective, it being clearly understood that nothing shall be done which may prejudice the civil and religious rights of non-Jewish communities in Palestine, or the rights and political status enjoyed in any other country.

"I shall be grateful if you would bring this declaration to the knowledge of the Zionist Federation.

"Yours sincerely,

"ARTHUR JAMES BALFOUR."
